

About Group Camping

- 🏕️ **Group campsites** can be reserved for parties of more than six individuals sharing camping and cooking equipment. Although group campsites are designed for use by group organizations, larger family trips and events such as overnight family reunions can be held on group campsites.
- 🏕️ **Each group site** is different, and provides a unique camping experience.
 - 🏕️ Many group campsites are restricted to tent camping only (no campers or RVs), and
 - 🏕️ Only some group sites provide access to hot showers, flush toilets, and amenities such as Adirondack shelters.
 - 🏕️ Each campsite has a rated capacity, but in many areas group campsites can be combined to accommodate larger groups. It's always best to call or visit a park before planning a group camping trip.
- 🏕️ **Reservations** open on the first business day of February each year. Call the park directly to make a group campsite reservation. Park listing and phone numbers are inside this brochure.

🏕️ **Allagash Wilderness Waterway** and the **Penobscot River Corridor** group camping is STRICTLY LIMITED and handled separately. For more information, and a complete list of rules and regulations for these remote areas, please contact us at 207-941-4014.

🏕️ **Park rules** are posted and enforced at all state park group campgrounds. In some areas precautions will be necessary to avoid conflicts with wildlife. In some areas campers will have to remove all trash at the end of their camping experience. Again, planning is important to avoid inconvenient or unpleasant surprises.

🏕️ Please feel free to call us, year round, with any questions you might have. Parks and phone numbers are listed on the reverse side of this brochure.
