On December 22, 2021 a Notice of Agency Rulemaking Proposal was published in Maine's daily newspapers, opening the comment period on the proposed amendments to Chapters 20 and 41. A public hearing was held on January 14, 2022 by remote meeting on the Microsoft Teams platform and the written comment period closed at 8:00 AM on January 24, 2022. The Board reviewed the rulemaking record on February 25, 2021, addressed the comments and provided direction to the staff on appropriate revisions to the proposals. The Board will now review the changes to the proposed amendments, the Response to Comments for Chapters 20 and 41. The Board will also review the Basis Statement and Statement of Impact on Small Business for Chapter 20. The Board will then determine whether it is prepared to adopt the proposed amendments or whether further refining is warranted.

Presentation By: Megan Patterson, Director

Action Needed: Provide direction to the staff on further refinements or adopt the amendments

5. Consideration of a Consent Agreement with Caleb Bell, Senior of New Limerick, Maine

On June 3, 1998 the Board amended its Enforcement Protocol to authorize staff to work with the Attorney General and negotiate consent agreements in advance on matters not involving substantial threats to the environment or public health. This procedure was designed for cases where there is no dispute of material facts or law, and the violator admits to the violation and acknowledges a willingness to pay a fine to resolve the matter. This case involved an outdoor terrestrial broadcast application of pesticides within twenty-five feet from the high-water mark of a lake.

Presentation By: Ray Connors, Manager of Compliance

Action Needed: Amend and/or approve

## NOTES

- The Board Meeting Agenda and most supporting documents are posted one week before the meeting on the Board website at [www.thinkfirstspraylast.org](http://www.thinkfirstspraylast.org).
- Any person wishing to receive notices and agendas for meetings of the Board, Medical Advisory Committee, or Environmental Risk Advisory Committee must submit a request in writing to the Board's office. Any person with technical expertise who would like to volunteer for service on either committee is invited to submit their resume for future consideration.
- On November 16, 2007, the Board adopted the following policy for submission and distribution of comments and information when conducting routine business (product registration, variances, enforcement actions, etc.):
  - *For regular, non-rulemaking business*, the Board will accept pesticide-related letters, reports, and articles. Reports and articles must be from peer-reviewed journals. E-mail, hard copy, or fax should be sent to the Board's office or [pesticides@maine.gov](mailto:pesticides@maine.gov). In order for the Board to receive this information in time for distribution and consideration at its next meeting, all communications must be received by 8:00 AM, three days prior to the Board meeting date (e.g., if the meeting is on a Friday, the deadline would be Tuesday at 8:00 AM). Any information received after the deadline will be held over for the next meeting.
- During rulemaking, when proposing new or amending old regulations, the Board is subject to the requirements of the APA (Administrative Procedures Act), and comments must be taken according to the rules established by the Legislature.
