BOARD OF PESTICIDES CONTROL

June 27, 2014

Cafeteria, Madison Area Memorial High School, 486 Main Street, Madison, Maine

AGENDA

10:00 AM

1. Introductions of Board and Staff

2. Minutes of the March 28 and May 16, 2014, Board Meetings

Presentation By: Henry Jennings
Director

Action Needed: Amend and/or Approve

3. Public Forum (limited to one hour)

At this time, the Board invites anyone interested to address its members with questions or concerns about any pesticide-related issues.

Presentation By: Henry Jennings
Director

Action Needed: None required

4. Interpretation of the Term “food production” in the Context of the Agricultural Basic Pesticide Applicator License

Questions have arisen about the term “food production” in the statute that requires certification for a “private applicator of general use pesticides for food production” (Title 22, Sec. 1471-D [2-D]). The staff is asking the Board to interpret the meaning of the term in this context.

Presentation By: Gary Fish
Manager of Pesticide Programs

Action Needed: Provide guidance to the staff on how to interpret the statute

5. Overview of Board of Pesticides Control Posting/Notification Requirements

At the March 28, 2014, meeting, the subject of Board of Pesticides Control sign requirements came up as the Board reviewed a complaint filed by Donna Herczeg. There was Board sentiment to review the BPC sign requirements at a future meeting and determine whether they are serving the intended purpose. The staff has summarized those requirements and will share the results with the Board.

Presentation By: Henry Jennings
Director

Action Needed: Determine whether the signs are serving the intended purpose

6. Mosquito-Borne Disease Update

During 2012 and 2013, the Board completed two sets of rulemaking in order to allow governmental entities in Maine to conduct adult mosquito-control programs to prevent mosquito-borne diseases. In addition, there have been two bills in the Maine Legislature affecting public-health-related mosquito control. The Maine Department of Agriculture, Conservation and Forestry also submitted a plan to the Legislature for preventing mosquito-borne diseases. Finally, the Maine Department of Environmental Protection is finalizing a Pesticide General Permit that would allow for wide-area, aerial-spray programs for control of forest and public health pests, and is working with BPC staff on amending the permit for the use of Bt as a larvicide for mosquito control. The staff will update the Board on the status of these activities and mosquito-borne disease trends.

Presentation By: Henry Jennings

NOTES

- The Board Meeting Agenda and most supporting documents are posted one week before the meeting on the Board website at www.thinkfirstspraylast.org.
- Any person wishing to receive notices and agendas for meetings of the Board, Medical Advisory Committee, or Environmental Risk Advisory Committee must submit a request in writing to the Board's office. Any person with technical expertise who would like to volunteer for service on either committee is invited to submit their resume for future consideration.
- On November 16, 2007, the Board adopted the following policy for submission and distribution of comments and information when conducting routine business (product registration, variances, enforcement actions, etc.):
 - *For regular, non-rulemaking business*, the Board will accept pesticide-related letters, reports, and articles. Reports and articles must be from peer-reviewed journals. E-mail, hard copy, or fax should be sent to the attention of Anne Bills, at the Board's office or anne.bills@maine.gov. In order for the Board to receive this information in time for distribution and consideration at its next meeting, all communications must be received by 8:00 AM, three days prior to the Board meeting date (e.g., if the meeting is on a Friday, the deadline would be Tuesday at 8:00 AM). Any information received after the deadline will be held over for the next meeting.
- During rulemaking, when proposing new or amending old regulations, the Board is subject to the requirements of the APA (Administrative Procedures Act), and comments must be taken according to the rules established by the Legislature.
