

Proposed Administrative Consent Agreement Background Summary

Subject: Theodore St. Amand
Atlantic Pest Solutions
1881 Portland Road
Arundel, Maine 04046

Date of Incident(s): July 21, 2011

Background Narrative: A customer of Atlantic Pest Solutions had a job performed by the company on June 22, 2011. The customer was ok with this application. Later on July 21, 2011, Atlantic Pest Solutions made a second application. This second application was made without the consent of the customer. Atlantic Pest Solutions bought H&G Pest Control and added H&G Pest Control's customer list to their company list. According to an Atlantic Pest Solutions employee, Atlantic Pest Solutions had the understanding that all H&G Pest Control customers they acquired were previously contacted through a mailing by H&G Pest Control and informed that two applications were scheduled, one in the spring when the snow was gone and another at the end of July. The customer in this case said he never was contacted about this practice and did not agree to it. The customer stated to Atlantic Pest Solutions that he operated on a call as needed basis. The Board inspector found that the H&G Pest Control postcard was sent to this customer's MA address. This customer was in Maine at that time. Atlantic Pest Solutions could not provide evidence that Atlantic Pest Solutions had an agreement with this customer where he agreed to two service calls.

Summary of Violation(s): CMR 01-026 Chapter 20 Section 6 (B)... no person may apply a pesticide to a property of another unless prior consent for the pesticide application has been obtained from the owner, manager or legal occupant of that property....

Rationale for Settlement: The staff took into account the circumstances of this incident. The treated property was a customer of Atlantic Pest Solutions. Atlantic Pest Solutions thought there was an understanding reached with this customer both through a mailing by the pest control company they bought and later their own mailing that stated two ant applications would be made. The customer said he never received any mailings.
