

# ENTRY REQUIREMENTS for the 2026 MAINE MIGRATORY WATERFOWL STAMP ART CONTEST

The Maine Department of Inland Fisheries and Wildlife is conducting a competition to select a design for the 2026 Maine Migratory Waterfowl Hunting Stamp.

## **Read all rules carefully!**

*Any entry which fails to comply with **all** of the requirements of this competition **may be disqualified.***

### **Eligibility:**

- Maine residents, 18 years of age or older, who have been domiciled in this state during the three (3) months immediately preceding the entry deadline for the contest, can submit one entry per contestant.
- The artist affirms that their entry is of their own creation, has not previously won another stamp contest (federal, state, or private), and the original design is neither copied nor duplicated from previously published art, including paintings/drawings in any medium; from published photographs; or from any images, of any kind, previously published on the internet. We will be checking to be sure your piece is not duplicated.\*  
*\*Plagiarism is the act of copying and claiming another person's work as your own, which is unethical and potentially illegal. Taking dominant elements from an original piece and applying them to your own work, then claiming the entire work as yours is a form of plagiarism, even if some elements are altered, or a different background is added. You can get inspiration from images on the internet, but you cannot copy exactly what you see, you must submit something of your own creation.*
- Employees of the Maine Department of Inland Fisheries and Wildlife are not eligible to enter.

### **Important Dates and Deadlines:**

- Entries can be submitted in person, or by mail, beginning Monday, March 2, 2026.

- All entries will potentially be on display for the duration of the Sportsman's Show in 2026. Entries can be picked up at the Department's main office, by appointment only, starting Wednesday, April 6, 2026. If your painting is not picked up by the end of May 2026, it will be mailed back to the address on the entry form.

### **After the contest:**

- There will be a period of fifteen (15) days immediately following the contest judging during which any artist or photographer may make a plagiarism claim against the winning design. In the event any such claim is upheld by the Department of Inland Fisheries and Wildlife, the first runner-up shall be declared the winning design, subject itself to a 15-day plagiarism claim period.
- The winning design, as prepared by the artist, will be retained by the Department until the production of the Waterfowl Hunting Stamp has been completed. The Department shall retain exclusive copyright of said design for the purpose of stamps only. Copies and reproduction of said stamps may be published and distributed by the Department to others for copying, and publishing for educational and informational purposes. The Department shall also retain the right to use the winning image in publications, on the internet, and other media opportunities as appropriate.\*\*

*\*\*All other copyright other than described in this paragraph, shall be retained by the artist for their disposition.*

- Designs will be judged on originality, artistic composition, anatomical accuracy, and suitability for reproduction as a stamp.
- All entries must be uniform in style. This must be an actual framing mat board, handmade mats from other materials are not acceptable.

### **- Entries must be less than 1/2" thick.**

- The painting, mat, and any backing, must all be **firmly**, but not permanently, adhered to each other.
