

Unemployment Contributions Quarterly Report (Form ME UC-1)

2019 Instructions

Form ME UC-1 QUARTERLY REPORT OF UNEMPLOYMENT CONTRIBUTIONS must be filed by all employers registered to remit unemployment contributions. The form is used to calculate unemployment contributions for the quarter, to report employee wage information for the quarter and to make payment for any balance due for unemployment contributions and the Competitive Skills Scholarship Fund (CSSF). The quarterly report is due the last day of the month that follows the end of each calendar quarter.

Forms filed on paper are processed by Maine Revenue Services (MRS) for the Maine Department of Labor (MDOL).

For questions on filing unemployment contributions reports electronically, call 207-621-5120 or 844-754-3508 or email division.uctax@maine.gov.

Maine's online system, ReEmployME is designed to help employers file unemployment insurance wage reports and pay unemployment insurance taxes electronically. Easier, safer and faster than snail mail, the customized system will offer immediate account accessibility and streamlined business processing with the capability to:

- Register for an Unemployment Contribution Account
- File Unemployment Contribution Quarterly Reports
- Access account and rate history
- Perform a variety of account maintenance activities in real time
- Register as an employer or agent
- File a Benefits decision appeal

If you have received a determination from the Bureau of Unemployment Compensation, Tax division indicating that you have been determined a seasonal employer, you have been assigned two Employer Account Numbers (EANs). Seasonal and Non-seasonal wages must be reported on separate Quarterly Tax and Wage Reports. The tax rate for both accounts will be the same.

Businesses are required to file "Quarterly Tax and Wage Reports" **for each quarter for each account**, using the Seasonal EAN to report wages designated as seasonal and the Non-Seasonal EAN to report wages designated as non-seasonal. Seasonal businesses must file reports indicating zero wages for quarters in which they have no activity under both the Seasonal and Non-Seasonal EAN.

BUSINESS CHANGE NOTIFICATION

If there has been a change to the business name, address or telephone number or if the business has terminated, complete the Business Change Notification <https://www.maine.gov/unemployment/taxpublications/>. **Do not make changes on Form ME UC-1.**

GENERAL INSTRUCTIONS

Wage Base — For tax year **2019**, employers pay unemployment contributions on the first **\$12,000** of each employee's gross earnings.

Experience rating system and tax rates — Each employer's contribution rate is determined using the Maine Department of Labor's ("MDOL") "experience rating" system. The employer's experience rate is determined through multiple factors over time. The rate may be higher or lower than the average employer rate. The rate reflects an employer's history of average taxable wages, contributions paid and benefits charged.

Technical explanation of tax rates — Every year, the Reserve Ratio is recalculated for each employer. This recalculation may or may not result in a rate change. All employers are then **arrayed** into a list in descending order by their Reserve Ratios. They are divided into 20 categories with approximately the same amount of taxable wages in each category. that is payable by employers in that category.

The planned yield is determined from a set of formulas. It is the percentage of total (taxable) wages necessary to generate the desired amount of revenue. The **planned yield** for **2019** is set at 0.6%.

The predetermined yield, or average contribution rate, is then computed. It is the average contribution rate needed to generate the desired amount of revenue for the amount of taxable wages.

The contribution rates for the 20 categories are computed by multiplying the **predetermined yield** by the **experience factors** for each category.

The lowest contribution rate for 2019 is 0.0%, the highest is 5.40% and the new **employer rate** for 2019 is 1.83%. For more information, go to the Maine Department of Labor website at www.maine.gov/labor/for_employers.

If filing on paper, reports must be completed and filed with Maine Revenue Services each quarter according to the following schedule:

Quarter	Period Covered	Due Date
Quarter 1.....	01-01 to 03-31.....	04-30
Quarter 2.....	04-01 to 06-30.....	07-31
Quarter 3.....	07-01 to 09-30.....	10-31
Quarter 4.....	10-01 to 12-31.....	01-31

Note: A report must be filed each quarter, even if you had no unemployment contributions or paid no wages for that period. Each page submitted must have your UC Employer Account Number clearly printed at or near the top of the page. Do not write notes on wage listing pages.

When using a paid preparer or payroll processor, enter their FEIN and Maine payroll processor license number in the designated fields.

If you have questions regarding unemployment insurance status, determination of contribution rates or general unemployment insurance information, call the Maine Department of Labor at (207) 621-5120, or (844) 754-3508.

Interest and Penalties. Beginning January 1, 2019, the interest rate is 6% per annum, compounded monthly. The penalty for failure to pay unemployment contributions on time is 1% per month up to a maximum of 25% of contributions due. The penalty for failure to file a report on time is 10% of the tax liability or \$25, whichever is greater. If the report is filed more than 60 days after demand, the penalty is the greater of \$25 or 25% of the amount due.

Do not staple or tape forms together. Photocopied forms cannot be processed by the Maine Revenue Services scanning system. If you need additional wage listing pages, call the Tax Division of the Bureau of Unemployment Compensation at (207) 621-5120 (Toll free 844-754-3508) or visit http://www.maine.gov/unemployment/docs/2019/19_Form_ME_UC1_Sch2.pdf
