Re: Notice of Data Security Incident

Dear Attorney General Frey:

Lewis Brisbois Bisgaard & Smith LLP (“Lewis Brisbois”) represents Centerspace, LP (“Centerspace”), a real estate company headquartered in Minneapolis, Minnesota. This letter is being sent because the personal information of certain Maine residents may have been involved in a recent data security incident experienced by Centerspace. The incident may have involved unauthorized access to or acquisition of the Maine residents’ names and driver’s license or state identification card numbers.

On November 11, 2021, Centerspace discovered that it had experienced an incident disrupting access to certain Centerspace computer systems. In response, Centerspace took immediate steps to secure its systems and launched an investigation. Centerspace also engaged an independent digital forensics and incident response firm to determine what happened and to identify any personal information that may have been accessed or acquired without authorization as a result of the incident. Beginning on November 15, 2021, Centerspace learned that files potentially containing personal information may have been accessed or acquired by an unauthorized third-party in connection with this incident. On July 1, 2022, Centerspace determined that such files may have contained personal information belonging to certain Maine residents.

Centerspace notified two (2) Maine residents of this incident via versions of the attached sample letters on July 14, 2022. In so doing, Centerspace offered notified individuals 12 months of complimentary identity protection services through IDX, a global leader in risk mitigation and response.
