RE: NOTICE OF DATA BREACH

Dear <<Name>>:

What Happened? Saybrook Fund Advisors values and respects the privacy and the confidentiality of your information. Unfortunately, we are writing to advise you of a recent incident that may have impacted some of your personal information. We are not aware of any instances of fraud or identity theft that have occurred as a result of this incident. Nonetheless, we are writing to advise you about the incident and to provide you with guidance on what you can do to protect yourself, should you feel it is appropriate to do so.

On March 29, 2021, we learned that an unauthorized party gained access to one of our employee's email accounts that contained some of your personal information. The unauthorized access occurred from March 18, 2021 until March 29, 2021. Upon learning of the incident, we promptly secured the email account to prevent any further access. We also engaged a forensic security firm to investigate the incident and confirm the security of our email and computer systems. That investigation involved reviewing the contents of the email account and, on June 21, 2021, we determined that the account contained some of your personal information.

What Information Was Involved? The impacted information varies by individual, but may have included your name, Social Security Number, driver's license number, date of birth, financial account number, payment card information, limited medical information, health insurance information, and/or username and password.

What We Are Doing. Although we are not aware of any instances of fraud or identity theft, we are offering a complimentary one-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you, and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary one-year membership, please see the additional information provided in this letter.**

What You Can Do. Although we feel the incident does not create a danger of identity theft or fraud, we want to make sure you can get more information about these issues. The Federal Trade Commission (FTC) is a good resource and can be reached at www.ftc.gov/idtheft or by calling 1-877-ID-THEFT (1-877-438-4338). Other Important Information. You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft.

Credit Reports: You may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies by visiting www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Contact information for the three national credit reporting agencies for the purpose of requesting a copy of your credit report or for general inquiries, including obtaining information about fraud alerts and placing a security freeze on your credit files, is as follows:

Fraud Alerts: You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting agencies using the contact information above.

This notification was not delayed by law enforcement.

Individuals interacting with credit reporting agencies have rights under the Fair Credit Reporting Act. We encourage you to review your rights under the Fair Credit Reporting Act by visiting https://files.consumerfinance.gov/f/documents/bcfp_consumer-rights-summary_2018-09.pdf, or by requesting information in writing from the Consumer Financial Protection Bureau, 1700 G Street N.W., Washington, DC 20552.
