

You have imaging facility options

Choose where you go to pay less

To help you save on imaging services, the State of Maine allows you to use any local independent imaging facility for no **copay or deductible**. Some imaging centers at hospitals are also eligible.

Here is how it works:

1. Call the Member Services number on your member ID card for a current listing of independent imaging facilities and qualifying hospital-based centers.
2. For the service to be paid in full or at the highest level of benefits, ask your doctor to submit the authorization for imaging services at the preferred facility you selected.
3. Either you or your doctor may set up the appointment for your services.

The State of Maine wants to make it easier for you to access care

If you have any questions, please call Member Services.

Find an imaging facility in your plan

Log in to **anthem.com**, select **Find Care**, and follow the steps to search for a facility near you. To see which imaging facilities are covered at the highest level, refer to the back of this flyer or visit the Office of Employee Health & Wellness website at **maine.gov/bhr/oeh**.

109321MEMENABS 03/25

Choose any of these preferred independent imaging facilities in Maine to save on the cost of a scan. You will not have to pay a copay or deductible.

Services listed below are reimbursed at the preferred level of benefits. This list is subject to change. If you receive services at one of the preferred locations, and you are charged for additional services related to the imaging on the same date of service, please contact Member Services to request that your claim be adjusted.
