## Preface

The medical benefits plan described in this *Booklet* is a benefit plan of the Employer. These benefits are not insured with **Aetna** or any of its affiliates, but will be paid from the Employer's funds. **Aetna** and its HMO affiliates will provide certain administrative services under the **Aetna** medical benefits plan.

**Aetna** agrees with the Employer to provide administrative services in accordance with the conditions, rights, and privileges as set forth in this *Booklet*. The Employer selects the products and benefit levels under the **Aetna** medical benefits plan.

The *Booklet* describes your rights and obligations, what the **Aetna** medical benefits plan covers, and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this *Booklet*. Your *Booklet* includes the *Schedule of Benefits* and any amendments.

This *Booklet* replaces and supersedes all **Aetna Booklets** describing coverage for the medical benefits plan described in this *Booklet* that you may previously have received.

## Coverage for You and Your Dependents

### Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered. Not covered is any **illness** or **injury** related to employment or self-employment including any **illness** or **injury** that arises out of (or in the course of) any work for pay or profit, unless no other source of coverage or reimbursement is available to you for the services or supplies. Sources of coverage or reimbursement may include your employer, workers’ compensation, or an occupational **illness** or similar program under local, state or federal law. A source of coverage or reimbursement will be considered available to you even if you waived your right to payment from that source. If you are also covered under a workers’ compensation law or similar law, and submit proof that you are not covered for a particular **illness** or **injury** under such law, that **illness** or **injury** will be considered “non-occupational” regardless of cause.

Refer to the *What the Plan Covers* section of the *Booklet* for more information about your coverage.

### Treatment Outcomes of Covered Services

**Aetna** is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

# When Your Coverage Begins

Who Can Be Covered

How and When to Enroll

When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

## Who Can Be Covered

### Employees and Retirees

To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class,” as defined below; and
- You will need to meet the “eligibility date criteria” described below.

### Employees - Determining if You Are in an Eligible Class

You are in an eligible class if:

- Employees as defined by the State of Maine Statute, Title 5, Section 285, paragraph 1A-K may enroll in this Plan.

### Waiting Period

Once you enter an eligible class, you will need to complete the waiting period before your coverage under this plan begins.

### Determining When You Become Eligible

You become eligible for the plan on your eligibility date, which is determined as follows.

#### On the Effective Date of the Plan

If you are in an eligible class on the effective date of this plan, your coverage eligibility date is the effective date of the plan.

#### After the Effective Date of the Plan

If you are hired or enter an eligible class after the effective date of this plan, your coverage eligibility date is the first day of the month coinciding with or next following the date you complete one month of continuous service with your employer. This is defined as the waiting period. If you had already satisfied the waiting period before you entered the eligible class, your coverage eligibility date is the date you enter the eligible class.

## **Retirees - Determining if You Are in an Eligible Class**

You are in an eligible class if:

- You are a retired employee of an employer participating in this plan, and you:
  - Retired before the effective date of this plan and were covered under the prior plan for health care coverage on the day before you retired; or
  - Were covered under this plan or another plan sponsored by your employer on the day before you retired; and
  - Retire under your employer's IRS-qualified retirement plan.

### **Waiting Period**

Once you enter an eligible class, there is no waiting period before your coverage under this plan begins.

### **Determining When You Become Eligible**

You become eligible for the plan on your eligibility date, which is determined as follows.

#### **On the Effective Date of the Plan**

If you are in an eligible class on the effective date of this plan, your coverage eligibility date is the effective date of the plan.

#### **After the Effective Date of the Plan**

If you are in an eligible class on the date of retirement, your eligibility date is the date you retire.

If you enter an eligible class after your date of retirement, your eligibility date is the date you enter the eligible class.

## **Obtaining Coverage for Dependents**

Your dependents can be covered under this Plan. You may enroll the following dependents:

- Your spouse.
- Your dependent children.
- Your domestic partner who meets the rules set by your employer.
- Dependent children of your domestic partner.

**Aetna** will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under this Plan. This determination will be conclusive and binding upon all persons for the purposes of this Plan.

### **Coverage for a Domestic Partner**

To be eligible for coverage, you and your domestic partner will need to complete and sign a Declaration of Domestic Partnership.

### **Coverage for Dependent Children**

To be eligible for coverage, a dependent child must be under 26 years of age.

An eligible dependent child includes:

- Your biological children;
- Your stepchildren;
- Your legally adopted children;
- Your foster children, including any children placed with you for adoption;
- Any children for whom you are responsible under court order; and
- Your grandchildren in your court-ordered custody.

Coverage for a handicapped child may be continued past the age limits shown above. See *Handicapped Dependent Children* for more information.

### **Important Reminder**

Keep in mind that you cannot receive coverage under this Plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

## **How and When to Enroll**

### **Initial Enrollment in the Plan**

You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by **Aetna** and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 60 days of your eligibility date. Otherwise, you may be considered a Late Enrollee. If you miss the enrollment period, you will not be able to participate in the plan until the next open enrollment period, unless you qualify under a Special Enrollment Period, as described below.

If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Newborns are automatically covered for 31 days after birth. To continue coverage after 31 days, you will need to complete a change form and return it to your employer within 60-days after birth.

### **Late Enrollment**

If you do not enroll during the Initial Enrollment Period, or a subsequent open enrollment period, you and your eligible dependents may be considered **Late Enrollees** and coverage may be deferred until the next open enrollment period. If, at the time of your initial enrollment, you elect coverage for yourself only and later request coverage for your eligible dependents, they may be considered **Late Enrollees**.

You must return your completed enrollment form before the end of the next open enrollment period as described below.

However, you and your eligible dependents may not be considered **Late Enrollees** if you qualify for one of the circumstances described in the “Special Enrollment Periods” section below.

## **Open Enrollment**

During the open enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this open enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next open enrollment period, unless you qualify under one of the Special Enrollment Periods, as described below.

## **Special Enrollment Periods**

You will not be considered a **Late Enrollee** if you qualify under a Special Enrollment Period as defined below. If one of these situations applies, you may enroll before the next annual enrollment period.

## **Loss of Other Health Care Coverage**

You or your dependents may qualify for a Special Enrollment Period if:

- You did not enroll yourself or your dependent when you first became eligible or during any subsequent annual enrollments because, at that time:
  - You or your dependents were covered under other coverage; and
  - You refused coverage and stated, in writing, at the time you refused coverage that the reason was that you or your dependents had other coverage; and
- You or your dependents are no longer eligible for other coverage because of one of the following:
  - The end of your employment;
  - A reduction in your hours of employment (for example, moving from a full-time to part-time position);
  - The ending of the other plan’s coverage;
  - Death;
  - Divorce or legal separation;
  - Employer contributions toward that coverage have ended;
  - COBRA coverage ends;
  - The employer’s decision to stop offering the group health plan to the eligible class to which you belong;

- Cessation of a dependent’s status as an eligible dependent as such is defined under this Plan;
  - With respect to coverage under Medicaid or an S-CHIP Plan, you or your dependents no longer qualify for such coverage; or
  - You or your dependents have reached the lifetime maximum of another Plan for all benefits under that Plan.
- You or your dependents become eligible for premium assistance, with respect to coverage under the group health plan, under Medicaid or an S-CHIP Plan.

You will need to enroll yourself or a dependent for coverage within:

- 31 days of when other coverage ends;
- within 60 days of when coverage under Medicaid or an S-CHIP Plan ends; or
- within 60 days of the date you or your dependents become eligible for Medicaid or S-CHIP premium assistance.

Evidence of termination of coverage must be provided to your employer or the party it designates. If you do not enroll during this time, you will need to wait until the next annual enrollment period

### **New Dependents**

You and your dependents may qualify for a Special Enrollment Period if:

- You did not enroll when you were first eligible for coverage; and
- You later acquire a dependent, as defined under the plan, through marriage, birth, adoption, or placement for adoption; and
- You elect coverage for yourself and your dependent within 60 days of acquiring the dependent.

Your spouse or child who meets the definition of a dependent under the plan may qualify for a Special Enrollment Period if:

- You did not enroll them when they were first eligible; and
- You later elect coverage for them within 60 days of a court order requiring you to provide coverage.

You will need to report any new dependents by completing a change form, which is available from your employer. The form must be completed and returned to your employer within 60 days of the change. If you do not return the form within 60 days of the change, you will need to make the changes during the next open enrollment period.

### **With Respect to All Other Employees and Retirees**

#### **If You Adopt a Child**

Your plan will cover a child who is placed for adoption. This means you have taken on the legal obligation for total or partial support of a child whom you plan to adopt.

Your plan will provide coverage for a child who is placed with you for adoption if:

- The child meets the plan’s definition of an eligible dependent on the date he or she is placed for adoption; and
- You request coverage for the child in writing within 60 days of the placement;

- Proof of placement will need to be presented to your employer prior to the dependent enrollment;
- Any coverage limitations for a preexisting condition will not apply to a child placed with you for adoption provided that the placement occurs on or after the effective date of your coverage.

### **When You Receive a Qualified Child Support Order**

A Qualified Medical Child Support Order (QMCSO) is a court order requiring a parent to provide health care coverage to one or more children. Your plan will provide coverage for a child, who is covered under a QMCSO, if:

- The child meets the plan’s definition of an eligible dependent; and
- You request coverage for the child in writing within 60 days of the court order.

Coverage for the dependent will become effective on the date of the court order. Any coverage limitations for a preexisting condition will not apply, as long as you submit a written request for coverage within the 60-day period.

If you do not request coverage for the child within the 60-day period, you will need to wait until the next open enrollment period.

Under a QMCSO, if you are the non-custodial parent, the custodial parent may file claims for benefits. Benefits for such claims will be paid to the custodial parent.

## **When Your Coverage Begins**

### **Your Effective Date of Coverage**

If you have met all the eligibility requirements, your coverage takes effect on the later of:

- The date you are eligible for coverage; and
- The date you return your completed enrollment information; and
- Your application is received and approved in writing by the State of Maine Division of Employee Health and Benefits; and
- The date your required contribution is received by the State of Maine Division of Employee Health and Benefits.

### ***With Respect to All Other Employees***

If you do not return your completed enrollment information within 60 days of your eligibility date, the rules under the *Special or Late Enrollment Periods* section will apply.

### **Important Notice:**

You must pay the required contribution in full or coverage will not be effective.

### **Your Dependent’s Effective Date of Coverage**

Your dependent’s coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan.

**Note:** New dependents need to be reported to your employer within 60 days because they may affect your contributions. If you do not report a new dependent within 60 days of his or her eligibility date, the rules under the *Special or Late Enrollment Periods* section will apply.

## **Retired Employees**

In lieu of corresponding rules which apply to employees:

- If any health expense benefits are payable based on a "period of disability", the rule which applies to determine when a dependent's period of disability ends will also apply to you.
- The rule which applies to a dependent to determine if total disability exists when health expense insurance ends will also apply to you.

# How Your Medical Plan Works

Common Terms

Accessing Providers

Precertification

It is important that you have the information and useful resources to help you get the most out of your **Aetna** medical plan. This Booklet explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

## Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as **covered expenses** that are **medically necessary**.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet in a safe place for future reference.

## Common Terms

Many terms throughout this Booklet are defined in the *Glossary* section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

## About Your Aetna Choice POS II Medical Plan

This Aetna Choice POS II medical plan provides coverage for a wide range of medical expenses for the treatment of **illness or injury**. It does not provide benefits for all medical care. The plan also provides coverage for certain preventive and wellness benefits. With your Aetna Choice POS II plan, you can directly access any **preferred providers** and **network provider** or **out-of-network physician, hospital** or other health care provider for covered services and supplies under the plan. The plan pays benefits differently when services and supplies are obtained through **preferred providers** and **network providers** or **out-of-network providers** under this plan.

### Important Note

**Preferred providers** and **network providers** have contracted with **Aetna**, an affiliate or third party vendor to provide health care services and supplies to **Aetna** plan members. **Preferred providers** and **network providers** are generally identified in the printed **directory** and the on-line version of the **directory** via DocFind located on your custom Aetna online provider directory located on the custom website at [www.aetnastateofmaine.com](http://www.aetnastateofmaine.com) unless otherwise noted in this section. **Out-of-network providers** are not listed in the **Aetna directory**.

**Preferred providers:** applies to certain primary care providers and hospitals only as determined by State Employee Health Commission. This does not include specialists.

**All Other Network providers:** Applies to all other in-network PCPs, specialists, and professionals who are participating in **Aetna's** network.

The plan will pay for **covered expenses** up to the maximum benefits shown in this Booklet.

Coverage is subject to all the terms, policies and procedures outlined in this Booklet. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the *What the Plan Covers*, *Exclusions*, *Limitations* sections and *Schedule of Benefits* to determine if medical services are covered, excluded or limited.

This Aetna Choice POS II plan provides access to covered benefits through a broad network of health care providers and facilities. This Aetna Choice POS II plan is designed to lower your out-of-pocket costs when you use **preferred providers** and **network providers** for **covered expenses**. Your **deductibles**, **copayments**, and **payment percentage** will generally be lower when you use **preferred providers** and **network providers** and facilities.

You also have the choice to access licensed **providers**, **hospitals** and facilities outside the network for covered services and supplies. Your out-of-pocket costs will generally be higher when you use **out-of-network providers** because the **deductibles**, **copayments**, and **payment percentage** that you are required to pay are usually higher when you utilize **out-of-network providers**. **Out-of-network providers** have not agreed to accept the **negotiated charge** and may balance bill you for charges over the amount **Aetna** pays under the plan.

Some services and supplies may only be covered through **preferred providers** and **network providers**. Refer to the *What the Plan Covers* sections and your *Schedule of Benefits* to determine if any services are limited to network coverage only.

Your out-of-pocket costs may vary between network and out-of-network benefits. Read your *Schedule of Benefits* carefully to understand the cost sharing charges applicable to you.

### Availability of Providers

**Aetna** cannot guarantee the availability or continued participation of a particular provider. Either **Aetna** or any preferred providers or **network provider** may terminate the **provider** contract or limit the number of patients accepted in a practice. If the **physician** initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection.

### Ongoing Reviews

**Aetna** conducts ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are **covered expenses** under this Booklet. If **Aetna** determines that the recommended services or supplies are not **covered expenses**, you will be notified. You may appeal such determinations by contacting **Aetna** to seek a review of the determination. Please refer to the *Reporting of Claims* and the *Claims and Appeals* sections of this Booklet.

To better understand the choices that you have with your Aetna Choice POS II plan, please carefully review the following information.

# How Your Aetna Choice POS II Medical Plan Works

## The Primary Care Physician:

To access network benefits, you are encouraged to select a **Primary Care Physician (PCP)** from Aetna's network of providers at the time of enrollment. Each covered family member may select his or her own **PCP**. If your covered dependent is a minor, or otherwise incapable of selecting a **PCP**, you should select a **PCP** on their behalf.

You may search online for the most current list of participating providers in your area by using DocFind, located on your custom Aetna online provider directory located on the custom website at [www.aetnastateofmaine.com](http://www.aetnastateofmaine.com). You can choose a **PCP** based on geographic location, group practice, medical specialty, language spoken, or **hospital** affiliation. DocFind is updated several times a week. You may also request a printed copy of the provider directory through your employer or by contacting Member Services through e-mail or by calling the toll free number on your ID card.

A **PCP** may be a general practitioner, family **physician**, internist, provider of obstetric and gynecological services, pediatrician or certified nurse practitioner. Your **PCP** provides routine preventive care and will treat you for **illness** or **injury**.

A **PCP** coordinates your medical care, as appropriate either by providing treatment or may direct you to other **preferred providers** or **network providers** for other covered services and supplies. The **PCP** can also order lab tests and x-rays, prescribe medicines or therapies, and arrange **hospitalization**.

## Changing Your PCP

You may change your **PCP** at any time on **the custom** website, [aetnastateofmaine.com](http://aetnastateofmaine.com), or by calling the Member Services toll-free number on your identification card. The change will become effective upon Aetna's receipt and approval of the request.

## Specialists and Other Network Providers

You may directly access **specialists** and **other health care** professionals in the network for covered services and supplies under this Booklet. Refer to the **Aetna provider directory** to locate network **specialists, providers** and **hospitals** in your area. Refer to the *Schedule of Benefits* section for benefit limitations and out-of-pocket costs applicable to your plan.

### Important Note

**ID Card:** You will receive an ID card. It identifies you as a member when you receive services from health care **providers**. If you have not received your ID card or if your card is lost or stolen, notify Aetna immediately and a new card will be issued.

## Accessing Network Providers and Benefits

- You may select a **PCP** or other direct access **network provider** from the **network provider directory** or by logging on to your custom Aetna online provider directory located on the custom website at [www.aetnastateofmaine.com](http://www.aetnastateofmaine.com). You can search the Aetna custom online **directory**, DocFind, for names and locations of **physicians, hospitals** and **other health care** providers and facilities. You can change your **PCP** at anytime.
- If a service or supply you need is covered under this Plan but not available from a **network provider** or a **preferred provider** in your area, please contact Member Services by email or at the toll-free number on your ID card for assistance.
- Certain health care services such as **hospitalization, outpatient surgery** and certain other outpatient services, require **precertification** with Aetna to verify coverage for these services. You do not need to **precertify** services provided by a **preferred provider** and a **network provider**. **Network providers** or **preferred providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the **preferred provider's**

or **network provider's** responsibility, there are no additional out-of-pocket costs to you as a result of a **preferred provider's** or **network provider's** failure to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.

- Except for your **prescription drug** expenses, you will not have to submit medical claims for treatment received from network health care professionals and facilities. Your **network provider** will take care of claim submission. **Aetna** will directly pay the **network provider** or facility less any cost sharing required by you. There may be circumstances when you will be responsible for **deductibles, payment percentage** and **copayments**, if any.
- You may be required to pay some **preferred providers** or **network providers** at the time of service. When you pay a **preferred provider** or a **network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from **Aetna**. You must submit a completed claim form and proof of payment to **Aetna**. Refer to the *General Provisions* section of this Booklet for a complete description of how to file a claim under this Plan.
- You will receive an Explanation of Benefit (EOB) of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards your **deductible, copayments, or payment percentage** or other non-covered expenses you have incurred. You may elect to receive this Explanation of Benefits (EOB) by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your Explanation of Benefit (EOB.)

### **Cost Sharing For Network Benefits**

**You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.**

- When you or your eligible dependents become covered under this plan, you have access to a unique network of Primary Care Physicians, specialists and health care facilities. State of Maine and Aetna Life Insurance Company (Aetna) have joined forces to create an expanded network of health care providers. In many cases, you will receive the Plan's maximum level of coverage when you receive care from a State of Maine preferred provider. If care is provided by a physician or facility that is an Aetna network provider, that care is also covered, but your copayment will be higher. **Network providers** have agreed to accept the **negotiated charge**. Aetna will reimburse you for a **covered expense**, incurred from a **network provider**, up to the **negotiated charge** and the maximum benefits under this Plan, less any cost sharing required by you such as **deductibles**, **copayments** and **payment percentage**. Your **payment percentage** is based on the **negotiated charge**. You will not have to pay any balance bills above the **negotiated charge** for that covered service or supply.
- You must satisfy any applicable **deductibles** before the plan will begin to pay benefits.
- **Deductibles** and **payment percentage** are usually lower when you use **network providers** than when you use **out-of-network providers**.
- The plan contains a **deductible carryover** feature. Refer to the *Schedule of Benefits* section for details.
- For certain types of services and supplies, you will be responsible for any **copayments** shown in your *Schedule of Benefits*. The **copayments** will vary depending upon the type of service and whether you obtain covered health care services from a provider who is a **specialist** or non-**specialist**. You will be subject to the **PCP copayments** shown on the *Schedule of Benefits* when you obtain covered health care services from any **PCP** who is a **network provider**. If the provider is a **network specialist**, then the **specialist copayment** will apply.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limit** applicable to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limits**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.
- You may be billed for any **deductible**, **copayment**, or **payment percentage** amounts, or any non-covered expenses that you incur.

### Accessing Out-of-Network Providers and Benefits

- You have the choice to directly access **physicians**, **hospitals** or **other health care** providers that do not participate with the **Aetna provider network**. You will still be covered when you access **out-of-network providers** for **covered benefits**. Your out-of-pocket costs will generally be higher. However, if you must obtain services from an **out-of-network provider** because there is not a **network provider** in your area, please contact Member Services at the number shown on your ID card so that your **covered expenses** may be paid at the **network** level.

## Cost Sharing for Out-of-Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

- **Out-of-network providers** have not agreed to accept the **negotiated charge**. **Aetna** will reimburse you for a **covered expense**, incurred from an **out-of network provider**, up to the **recognized charge** and the maximum benefits under this Plan, less any cost-sharing required by you such as **deductibles** and **payment percentage**. The **recognized charge** is the maximum amount **Aetna** will pay for a **covered expense** from an **out-of-network provider**. Your **payment percentage** is based on the **recognized charge**. If your **out-of-network provider** charges more than the **recognized charge**, you will be responsible for any expenses incurred above the **recognized charge**. Except for emergency services, **Aetna** will only pay up to the **recognized charge**. Contact 1-855-850-0039, the toll-free Customer Service number on the back of your ID card
- You must satisfy any applicable **deductibles** before the plan begins to pay benefits.
- **Deductibles** and **payment percentage** are usually higher when you use **out-of network providers** than when you use **network providers**.
- The plan contains a **deductible carryover** feature. Refer to the *Schedule of Benefits* section for details.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limits** that apply to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limit**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.

## Understanding Precertification

### Precertification

Certain services, such as inpatient **stays**, certain tests, procedures and **outpatient surgery** require **precertification** by **Aetna**. **Precertification** is a process that helps you and your **physician** determine whether the services being recommended are **covered expenses** under the plan. It also allows **Aetna** to help your provider coordinate your transition from an inpatient setting to an outpatient setting (called discharge planning), and to register you for specialized programs or case management when appropriate.

You do not need to **precertify** services provided by a **preferred provider** or a **network provider**. **Preferred providers** and **network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the **preferred provider's** responsibility or the **network provider's**, there is no additional out-of-pocket cost to you as a result of a **preferred provider's** or a **network provider's** failure to **precertify** services.

When you go to an **out-of-network provider**, it is your responsibility to obtain **precertification** from **Aetna** for any services or supplies on the **precertification** list below. If you do not **precertify**, your benefits may be reduced, or the plan may not pay any benefits for out-of-network services. The list of services requiring **precertification** follows on the next page.

## Precertification Benefit Reduction

See below for a list of services and supplies that require **precertification**.

Failure to precertify your **covered expenses** when you go to an **out-of-network** provider will result in a benefits reduction as follows:

A benefit reduction will be applied separately to each type of expense. The amount of the benefit reduction is shown in your *Schedule of Benefits*. You will be responsible for this amount. You may be responsible for filing claims and paying balance bills in addition to the copayments, deductible, and payment percentage. You may also need to pay the provider or professional up front.

### Important Note

Please read the following sections in their entirety for important information on the **precertification** process, and any impact it may have on your coverage. It is your responsibility to obtain **precertification** from Aetna for any **out of network providers**.

### The Precertification Process

This section about the **precertification** process, and any impact it may have on your coverage, is provided for your information. Information about who is responsible for precertifying care is found in the *How Your Plan Works* section of this Booklet.

Prior to being **hospitalized** or receiving certain other medical services or supplies there are certain **precertification** procedures that must be followed.

You or a member of your family, a **hospital** staff member, or the attending **physician**, must notify **Aetna** to **precertify** the admission or medical services and expenses prior to receiving any of the services or supplies that require **precertification** pursuant to this Booklet in accordance with the following timelines:

**Precertification** should be secured within the timeframes specified below. To obtain **precertification**, call **Aetna** at the telephone number listed on your ID card. This call must be made:

For non-emergency admissions:	You, your <b>physician</b> or the facility will need to call and request <b>precertification</b> at least 14 days before the date you are scheduled to be admitted.
For an <b>emergency</b> outpatient <b>medical condition</b> :	You or your <b>physician</b> should call prior to the outpatient care, treatment or procedure if possible; or as soon as reasonably possible.
For an <b>emergency admission</b> :	You, your <b>physician</b> or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
For an <b>urgent admission</b> :	You, your <b>physician</b> or the facility will need to call before you are scheduled to be admitted. An urgent admission is a <b>hospital</b> admission by a <b>physician</b> due to the onset of or change in an <b>illness</b> ; the diagnosis of an <b>illness</b> ; or an <b>injury</b> .
For outpatient non-emergency medical services requiring <b>precertification</b> :	You or your <b>physician</b> must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

**Aetna** will provide a written notification to you and your **physician** of the **precertification** decision. If your **precertified** expenses are approved the approval is good for 60 days as long as you remain enrolled in the plan.

When you have an inpatient admission to a facility, **Aetna** will notify you, your **physician** and the facility about your **precertified** length of **stay**. If your **physician** recommends that your **stay** be extended, additional days will need to be certified. You, your **physician**, or the facility will need to call **Aetna** at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. **Aetna** will review and process the request for an extended **stay**. You and your **physician** will receive a notification of an approval or denial.

If **precertification** determines that the **stay** or services and supplies are not **covered expenses**, the notification will explain why and how **Aetna's** decision can be appealed. You or your provider may request a review of the **precertification** decision pursuant to the Claims and Appeals section included with this Booklet.

## Services and Supplies Which Require Precertification

**Precertification** is required for the following types of medical expenses:

### Inpatient and Outpatient Care

- **Stays in a hospital;**
- **Stays in a skilled nursing facility;**
- **Stays in a rehabilitation facility;**
- **Stays in a hospice facility;**
- Outpatient **hospice care;**
- **Stays in a Residential Treatment Facility** for treatment of mental disorders and substance abuse;
- **Partial Hospitalization Programs** for mental disorders and substance abuse;
- **Home health care;**
- Private duty nursing care;
- Intensive Outpatient Programs for mental disorders and substance abuse;
- Applied Behavioral Analysis;
- Neuropsychological testing;
- Outpatient detoxification;
- Psychiatric home care services;
- Psychological testing.

### How Failure to Precertify Affects Your Benefits

A **precertification** benefit reduction will be applied to the benefits paid if you fail to obtain a required **precertification** prior to incurring medical expenses. This means **Aetna** will reduce the amount paid towards your coverage, or your expenses may not be covered. You will be responsible for the unpaid balance of the bills.

You are responsible for obtaining the necessary **precertification** from **Aetna** prior to receiving services from an **out-of-network provider**. Your provider may **precertify** your treatment for you; however you should verify with **Aetna** prior to the procedure, that the provider has obtained **precertification** from **Aetna**. If your treatment is not **precertified** by you or your provider, the benefit payable may be significantly reduced or your expenses may not be covered.

## How Your Benefits are Affected

The chart below illustrates the effect on your benefits if necessary **precertification** is not obtained.

If <b>precertification</b> is:	then the expenses are:
▪ requested and approved by <b>Aetna</b> .	▪ covered.
▪ requested and denied.	▪ not covered, may be appealed.
▪ not requested, but would have been covered if requested.	▪ covered after a <b>precertification</b> benefit reduction is applied.*
▪ not requested, would not have been covered if requested.	▪ not covered, may be appealed.

It is important to remember that any additional out-of-pocket expenses incurred because your **precertification** requirement was not met will not count toward your **deductible** or **payment percentage** or **maximum out-of-pocket limit**.

\*Refer to the *Schedule of Benefits* section for the amount of **precertification** benefit reduction that applies to your plan.

## Emergency and Urgent Care

You have coverage 24 hours a day, 7 days a week, anywhere inside or outside the plan's service area, for:

- An **emergency medical condition**; or
- An **urgent condition**.

## In Case of a Medical Emergency

When **emergency care** is necessary, please follow the guidelines below:

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical assistance. If possible, call your **physician** provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your **physician** to obtain your medical history to assist the emergency **physician** in your treatment.
- If you are admitted to an inpatient facility, notify your **physician** as soon as reasonably possible.
- If you seek care in an emergency room for a non-emergency condition, your benefits will be covered. Please refer to the *Schedule of Benefits* for specific details about the plan.

## Coverage for Emergency Medical Conditions

Refer to **Coverage for Emergency Medical Conditions** in the *What the Plan Covers* section.

### Important Reminder

If you visit a **hospital** emergency room for a non-emergency condition, the plan will cover your expenses, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the Plan.

## In Case of an Urgent Condition

Call your **PCP** if you think you need urgent care. **Preferred network providers** and other **network providers** are required to provide urgent care coverage 24 hours a day, including weekends and holidays. You may contact any **physician** or **urgent care provider**, in- or out-of-network, for an **urgent care condition** if you cannot reach your **physician**.

If it is not feasible to contact your **physician**, please do so as soon as possible after urgent care is provided. If you need help finding an **urgent care provider** you may call Member Services at the toll-free number on your I.D. card, or you may access your custom Aetna online provider directory located on the custom website at [www.aetnastateofmaine.com](http://www.aetnastateofmaine.com).

Refer to **Coverage for Urgent Medical Conditions** in the *What the Plan Covers* section.

## Non-Urgent Care

If you seek care from an **urgent care provider** for a non-**urgent condition**, (one that does not meet the criteria above), the plan will cover the expenses you incur unless otherwise specified under the Plan.

Please refer to the *Schedule of Benefits* for specific plan details.

### Important Reminder

If you visit an **urgent care provider** for a non-**urgent condition**, the plan will cover your expenses, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-urgent care received at a hospital or an urgent care provider unless otherwise specified.

## Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition

Follow-up care is not considered an emergency or **urgent condition** and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your **physician** for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for **illness** or **injury**. If you access a **hospital** emergency room for follow-up care, your coverage will be reduced and you will be responsible for more of the cost of your treatment. Refer to your *Schedule of Benefits* for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a **physician**.

You may use an **out-of-network provider** for your follow-up care. You will be subject to the **deductible and payment percentage** that apply to out-of-network expenses, which may result in higher out-of-pocket costs to you.

### Important Notice

Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should **not** be provided by an emergency room facility.

**Covered expenses** include charges for home health care services when ordered by a **physician** as part of a home health plan and provided you are:

- Transitioning from a **hospital** or other inpatient facility, and the services are in lieu of a continued inpatient **stay**;  
or
- **Homebound**

**Covered expenses** include only the following:

- **Skilled nursing services** that require medical training of, and are provided by, a licensed nursing professional within the scope of his or her license. These services need to be provided during intermittent visits of 4 hours or less, with a daily maximum of 3 visits. Intermittent visits are considered periodic and recurring visits that skilled nurses make to ensure your proper care, which means they are not on site for more than four hours at a time. If you are discharged from a **hospital** or **skilled nursing facility** after an inpatient **stay**, the intermittent requirement may be waived to allow coverage for up to 12 hours (3 visits) of continuous **skilled nursing services**. However, these services must be provided for within 10 days of discharge.

  - You are **homebound** because of **illness** or **injury**.
  - The services provided are not primarily for comfort, convenience or custodial in nature.
  - The services are intermittent or hourly in nature.
  - The services are not for Applied Behavior Analysis.

Benefits for home health care visits are payable up to the Home Health Care Maximum. Each visit by a nurse, **behavioral health provider** or therapist is 1 visit.

In figuring the Calendar Year Maximum Visits, each visit of a:

- Nurse or Therapist, up to 4 hours is 1 visit and
- **behavioral health provider**, of up to 1 hour, is 1 visit.

This maximum will not apply to care given by an **R.N.** or **L.P.N.** when:

- Care is provided within 10 days of discharge from a **hospital** or **skilled nursing facility** as a full-time inpatient; and
- Care is needed to transition from the **hospital** or **skilled nursing facility** to home care.

When the above criteria are met, **covered expenses** include up to 12 hours of continuous care by an **R.N.** or **L.P.N.** per day.

Coverage for Home Health Care services is not determined by the availability of caregivers to perform them. The absence of a person to perform a non-skilled or **custodial care** service does not cause the service to become covered. If the covered person is a minor or an adult who is dependent upon others for non-skilled care (e.g. bathing, eating, toileting), coverage for home health services will only be provided during times when there is a family member or caregiver present in the home to meet the person's non-skilled needs.

**Note:** Home short-term physical, speech, or occupational therapy is covered when the above home health care criteria are met. Services are subject to the conditions and limitations listed in the Short Term Rehabilitation Therapies section of the *Schedule of Benefits*.

Refer to the *Schedule of Benefits* for details about any applicable home health care visit maximums.

In determining whether the **ambulance** service or the type of **ambulance** service provided is required by your physical condition, **Aetna** uses the “prudent layperson” standard for an **emergency medical condition** in compliance with Maine state law.

An **emergency medical condition** is a recent and severe medical condition, including (but not limited to) severe pain, or in the case of a pregnant woman who is having contractions, for which there is inadequate time to transfer her to another **hospital** for delivery, which would lead a prudent layperson possessing an average knowledge of medicine and health, to believe that his or her condition, **illness**, or **injury** is of such a nature that failure to get immediate medical care could result in:

- Placing your health in serious jeopardy; or

Cognitive therapy is a relatively short-term form of psychotherapy based on the concept that the way we think about things affects how we feel emotionally. Cognitive therapy focuses on present thinking, behavior, and communication rather than on past experiences and is oriented toward problem solving. Cognitive therapy is sometimes called cognitive behavior therapy because it aims to help people in the ways they think (the cognitive) and in the ways they act (the behavior).

This plan provides access to **covered benefits** through a network of pharmacies, vendors or suppliers. **Aetna** has contracted for these **network pharmacies** to provide **prescription drugs** and other supplies to you.

Obtaining your benefits through **network pharmacies** has many advantages. Your out-of-pocket costs may vary between **network** and **out-of-network benefits**. Benefits and cost sharing may also vary by the type of **network pharmacy** where you obtain your **prescription drug** and whether or not you purchase a brand-name or generic drug. **Network pharmacies** include retail, mail order and specialty pharmacies.

## Accessing Network Pharmacies and Benefits

You may select a **network pharmacy** from **Aetna’s** on-line provider directory which can be located on the custom website at [www.aetnastateofmaine.com](http://www.aetnastateofmaine.com), for names and locations of **network pharmacies**. If you cannot locate a **network pharmacy** in your area, call Member Services at the number on your ID card.

You must present your ID card to the **network pharmacy** every time you get a **prescription** filled to be eligible for **network pharmacy benefits**. The **network pharmacy** will calculate your claim online. You will pay any **deductible, copayment** or **coinsurance** directly to the **network pharmacy**. You do not have to complete or submit claim forms. The **network pharmacy** will take care of claim submission.

## Emergency Prescriptions

When you need a **prescription** filled in an emergency or urgent care situation, or when you are traveling, you can obtain network benefits by filling your **prescription** at any **network retail pharmacy**. The **network pharmacy** will fill your **prescription** and only charge you your plan's cost sharing amount. - After you pay the applicable **copayment**, you will be responsible for any applicable payment percentage for covered expenses that you incur. Your **payment percentage** is determined by applying the applicable **payment percentage** to the **negotiated charge** if the **prescription** is filled at a **network pharmacy**. ## When Coverage Ends

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

Your **Aetna** health benefits coverage will end if:

- The **Aetna** health benefits plan is discontinued;
- You voluntarily stop your coverage;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer; or

- Your employer notifies **Aetna** that your employment is ended.

It is your employer's responsibility to let **Aetna** know when your employment ends. State of Maine will terminate at either the end of the month or 15th of the month

### **When Coverage Ends for Retirees**

Your **Aetna** health benefits coverage will end if:

- The **Aetna** health benefits plan is discontinued;
- You voluntarily stop your coverage;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer.

It is your employer's responsibility to let **Aetna** know when your coverage ends.

### **Your Proof of Prior Medical Coverage**

Under the Health Insurance Portability and Accountability Act of 1996, your employer is required to give you a certificate of **creditable coverage** when your employment ends. This certificate proves that you were covered under this plan when you were employed. Ask your employer about the certificate of **creditable coverage**.

### **When Coverage Ends for Dependents**

Coverage for your dependents will end if:

- You are no longer eligible for dependents' coverage;
- You do not make the required contribution toward the cost of dependents' coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends for Employees*
- Your dependent is no longer eligible for coverage. In this case, coverage ends at the end of the calendar month when your dependent no longer meets the plan's definition of a dependent; or
- As permitted under applicable federal and state law, your dependent becomes eligible for comparable benefits under this or any other group plan offered by your employer.

In addition, a "domestic partner" will no longer be considered to be a defined dependent on the earlier to occur of:

- The date this plan no longer allows coverage for domestic partners.
- The date of termination of the domestic partnership. In that event, you should provide your Employer with a completed and signed Declaration of Termination of Domestic Partnership.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after your dependent reaches any limiting age. See *Continuation of Coverage* for more information.

# Continuation of Coverage

## Continuing Health Care Benefits

### Continuing Coverage for Dependents After Your Death

If you should die while enrolled in this plan, your dependent's health care coverage (except dental coverage), if applicable will continue as long as:

- You were covered at the time of your death;
- Your coverage, at the time of your death, is not being continued after your employment has ended, as provided in the *When Coverage Ends* section;
- A request is made for continued coverage within 31 days after your death; and
- Payment is made for the coverage.

Your dependent's coverage will end when the first of the following occurs:

- The end of the 12 month period following your death;
- He or she no longer meets the plan's definition of "dependent";
- Dependent coverage is discontinued under the group contract;
- He or she becomes eligible for comparable benefits under this or any other group plan; or
- Any required contributions stop; and
- For your spouse, the date he or she remarries.

If your dependent's coverage is being continued for your dependents, a child born after your death will also be covered.

#### **Important Note**

Your dependent may be eligible to convert to a personal policy. Please see the section, *Converting to an Individual Medical Insurance Policy* for more information.

### Continuing Coverage for Dependent Students on Medical Leave of Absence

If your dependent child who is eligible for coverage and enrolled in this plan by reason of his or her status as a full-time student at a postsecondary educational institution ceases to be eligible due to:

- a medically necessary leave of absence from school; or
- a change in his or her status as a full-time student,

resulting from a serious **illness** or **injury**, such child's coverage under this plan may continue.

Coverage under this continuation provision will end when the first of the following occurs:

- The end of the 12 month period following the first day of your dependent child's leave of absence from school, or a change in his or her status as a full-time student;
- Your dependent child's coverage would otherwise end under the terms of this plan;

- Dependent coverage is discontinued under this plan; or
- You fail to make any required contribution toward the cost of this coverage.

To be eligible for this continuation, the dependent child must have been enrolled in this plan and attending school on a full-time basis immediately before the first day of the leave of absence.

To continue your dependent child's coverage under this provision you should notify your employer as soon as possible after your child's leave of absence begins or the change in his or her status as a full-time student. **Aetna** may require a written certification from the treating **physician** which states that the child is suffering from a serious **illness** or **injury** and that the resulting leave of absence (or change in full-time student status) is **medically necessary**.

#### **Important Note**

If at the end of this 12 month continuation period, your dependent child's leave of absence from school (or change in full-time student status) continues, such child may qualify for a further continuation of coverage under the Handicapped Dependent Children provision of this plan. Please see the section, *Handicapped Dependent Children*, for more information.

### **Handicapped Dependent Children**

Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to **Aetna** no later than 31 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

**Aetna** will have the right to require proof of the continuation of the handicap. **Aetna** also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

# COBRA Continuation of Coverage

If your employer is subject to COBRA requirements, the health plan continuation is governed by the Federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requirements. With COBRA you and your dependents can continue health coverage, subject to certain conditions and your payment of contributions. Continuation rights are available following a “qualifying event” that would cause you or family members to otherwise lose coverage. Qualifying events are listed in this section.

## Continuing Coverage through COBRA

When you or your covered dependents become eligible, your employer will provide you with detailed information on continuing your health coverage through COBRA.

You or your dependents will need to:

- Complete and submit an application for continued health coverage, which is an election notice of your intent to continue coverage.
- Submit your application within 60 days of the qualifying event, or within 60 days of your employer’s notice of this COBRA continuation right, if later.
- Agree to pay the required contributions.

## Who Qualifies for COBRA

You have 60 days from the qualifying event to elect COBRA. If you do not submit an application within 60 days, you will forfeit your COBRA continuation rights.

Below you will find the qualifying events and a summary of the maximum coverage periods according to COBRA requirements.

<b>Qualifying Event Causing Loss of Health Coverage</b>	<b>Covered Persons Eligible to Elect Continuation</b>	<b>Maximum Continuation Periods</b>
Your active employment ends for reasons other than gross misconduct	You and your dependents	18 months
Your working hours are reduced	You and your dependents	18 months
You divorce or legally separate and are no longer responsible for dependent coverage	Your dependents	36 months
You become entitled to benefits under Medicare	Your dependents	36 months
Your covered dependent children no longer qualify as dependents under the plan	Your dependent children	36 months
You die	Your dependents	36 months

## Disability May Increase Maximum Continuation to 29 Months If You or Your Covered Dependents Are Disabled

If you or your covered dependent qualify for disability status under Title II or XVI of the Social Security Act during the 18 month continuation period, you or your covered dependent:

- Have the right to extend coverage beyond the initial 18 month maximum continuation period.
- Qualify for an additional 11 month period, subject to the overall COBRA conditions.

- Must notify your employer within 60 days of the disability determination status and before the 18 month continuation period ends.
- Must notify the employer within 30 days after the date of any final determination that you or a covered dependent is no longer disabled.
- Are responsible to pay the contributions after the 18<sup>th</sup> month, through the 29<sup>th</sup> month.

### **If There Are Multiple Qualifying Events**

A covered dependent could qualify for an extension of the 18 or 29 month continuation period by meeting the requirements of another qualifying event, such as divorce or death. The total continuation period, however, can never exceed 36 months.

### **Determining Your Contributions For Continuation Coverage**

Your contributions are regulated by law, based on the following:

- For the 18 or 36 month periods, contributions may never exceed 102 percent of the plan costs.
- During the 18 through 29 month period, contributions for coverage during an extended disability period may never exceed 150 percent of the plan costs.

### **When You Acquire a Dependent During a Continuation Period**

If through birth, adoption or marriage, you acquire a new dependent during the continuation period, your dependent can be added to the health plan for the remainder of the continuation period if:

- He or she meets the definition of an eligible dependent,
- Your employer is notified about your dependent within 31 days of eligibility, and
- Additional contributions for continuation are paid on a timely basis.

#### **Important Note**

For more information about dependent eligibility, see the *Eligibility, Enrollment and Effective Date* section.

### **When Your COBRA Continuation Coverage Ends**

Your COBRA coverage will end when the first of the following events occurs:

- You or your covered dependents reach the maximum COBRA continuation period – the end of the 18, 29 or 36 months. (Coverage for a newly acquired dependent who has been added for the balance of a continuation period would end at the same time your continuation period ends, if he or she is not disabled nor eligible for an extended maximum).
- You or your covered dependents do not pay required contributions.
- You or your covered dependents become covered under another group plan that does not restrict coverage for preexisting conditions. If your new plan limits preexisting condition coverage, the continuation coverage under this plan may remain in effect until the preexisting clause ceases to apply or the maximum continuation period is reached under this plan.
- The date your employer no longer offers a group health plan.

- The date you or a covered dependent becomes enrolled in benefits under Medicare. This does not apply if it is contrary to the Medicare Secondary Payer Rules or other federal law.
- You or your dependent dies.

## Extension of Benefits

### Coverage for Health Benefits

If your health benefits end while you are totally disabled, your health expenses will be extended as described below, but, with respect to medical benefits, only as to expenses incurred in connection with the **injury** or **illness** that caused the total disability. To find out why and when your coverage may end, please refer to *When Coverage Ends*.

“Totally disabled” means that because of an **injury** or **illness**:

- For a person who was gainfully employed before the disability started.
- That due to injury or disease, the person is not able to engage in any gainful job for which he or she is reasonably suited by;
  - training; or
  - education; or
  - experience;
- For any other person;
- That due to injury or disease, the person is not able to engage in most of normal activities of person of like age in good health.

# Coordination of Benefits - What Happens When There is More Than One Health Plan

When Coordination of Benefits Applies

Getting Started - Important Terms

Which Plan Pays First

How Coordination of Benefits Works

## When Coordination of Benefits Applies

This Coordination of Benefits (COB) provision applies to This Plan when you or your covered dependent has health coverage under more than one plan. “Plan” and “This Plan” are defined herein. The Order of Benefit Determination Rules below determines which plan will pay as the primary plan. The primary plan pays first without regard to the possibility that another plan may cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

## Getting Started - Important Terms

When used in this provision, the following words and phrases have the meaning explained herein.

**Allowable Expense** means a health care service or expense, including, coinsurance and **copayments** and without reduction of any applicable **deductible**, that is covered at least in part by any of the Plans covering the person. When a Plan provides benefits in the form of services (for example an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense. The following are examples of expenses and services that are not allowable expenses:

1. If a covered person is confined in a private **hospital** room, the difference between the cost of a semi-private room in the **hospital** and the private room is not an allowable expense. This does not apply if one of the Plans provides coverage for a private room.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of reasonable or **recognized charges**, any amount in excess of the highest of the reasonable or **recognized charges** for a specific benefit is not an allowable expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated charges, an amount in excess of the highest of the negotiated charges is not an allowable expense.
4. The amount a benefit is reduced or not reimbursed by the primary Plan because a covered person does not comply with the Plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, precertification of admissions, and preferred provider arrangements.
5. If all Plans covering a person are high deductible Plans and the person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high deductible Plan’s deductible is not an allowable expense, except as to any health expense that may not be subject to the deductible as described in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

If a person is covered by one Plan that computes its benefit payments on the basis of reasonable or **recognized charges** and another Plan that provides its benefits or services on the basis of negotiated charges, the primary plan’s payment arrangements shall be the allowable expense for all the Plans. However, if the secondary plan has a negotiated fee or payment amount different from the primary plan and if the provider contract permits, that negotiated fee will be the allowable expense used by the secondary plan to determine benefits.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered shall be deemed an allowable expense and a benefit paid.

**Closed Panel Plan(s).** A plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

**Custodial Parent.** A parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

**Plan.** Any Plan providing benefits or services by reason of health care or treatment, which benefits or services are provided by one of the following:

- Group or nongroup, blanket, or franchise health insurance policies issued by insurers, including health care service contractors;
- Other prepaid coverage under service Plan contracts, or under group or individual practice;
- Uninsured arrangements of group or group-type coverage;
- Labor-management trustee Plans, labor organization plans, employer organization Plans, or employee benefit organization Plans;
- Medical benefits coverage in a group, group-type, and individual automobile “no-fault” and traditional automobile “fault” type contracts;
- Medicare or other governmental benefits;
- Other group-type contracts. Group type contracts are those which are not available to the general public and can be obtained and maintained only because membership in or connection with a particular organization or group.

If the Plan includes medical, prescription drug, dental, vision and hearing coverage, those coverages will be considered separate plans. For example, Medical coverage will be coordinated with other Medical plans, and dental coverage will be coordinated with other dental plans.

This Plan is any part of the contract that provides benefits for health care expenses.

**Primary Plan/Secondary Plan.** The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When This Plan is a primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan’s benefits.

When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan’s benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

## Which Plan Pays First

When two or more **plans** pay benefits, the rules for determining the order of payment are as follows:

- The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.
- A plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan **hospital** and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.
- The first of the following rules that describes which plan pays its benefits before another plan is the rule to use:
  1. Non-Dependent or Dependent. The plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.
  2. Child Covered Under More than One Plan. The order of benefits when a child is covered by more than one **plan** is:
    - A. The primary plan is the plan of the parent whose birthday is earlier in the year if:
      - i. The parents are married or living together whether or not married;
      - ii. A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage or if the decree states that both parents are responsible for health coverage. If both parents have the same birthday, the plan that covered either of the parents longer is primary.
    - B. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health coverage for the dependent child's health care expenses, but that parent's spouse does, the plan of the parent's spouse is the primary plan.

- C. If the parents are separated or divorced or are not living together whether or not they have ever been married and there is no court decree allocating responsibility for health coverage, the order of benefits is:
- The plan of the **custodial parent**;
  - The plan of the spouse of the **custodial parent**;
  - The plan of the **noncustodial parent**; and then
  - The plan of the spouse of the **noncustodial parent**.

For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits should be determined as outlined above as if the individuals were the parents.

3. **Active Employee or Retired or Laid off Employee.** The plan that covers a person as an employee who is neither laid off nor retired or as a dependent of an active employee, is the primary plan. The plan covering that same person as a retired or laid off employee or as a dependent of a retired or laid off employee is the secondary plan. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.
4. **Continuation Coverage.** If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person's dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.
5. **Longer or Shorter Length of Coverage.** The plan that covered the person as an employee, member, subscriber longer is primary.
6. If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this provision. In addition, this plan will not pay more than it would have paid had it been primary.

## How Coordination of Benefits Works

In determining the amount to be paid when this plan is secondary on a claim, the secondary plan will calculate the benefits that it would have paid on the claim in the absence of other health insurance coverage and apply that amount to any allowable expense under this plan that was unpaid by the primary plan. The amount will be reduced so that when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total allowable expense.

In addition, a secondary plan will credit to its plan deductible any amounts that would have been credited in the absence of other coverage.

Under the COB provision of this plan, the amount normally reimbursed for covered benefits or expenses under this plan is reduced to take into account payments made by other plans. The general rule is that the benefits otherwise payable under this plan for all covered benefits or expenses will be reduced by all other plan benefits payable for those expenses. When the COB rules of this plan and another plan both agree that this plan determines its benefits before such other plan, the benefits of the other plan will be ignored in applying the general rule above to the claim involved. Such reduced amount will be charged against any applicable benefit limit of this coverage.

If a covered person is enrolled in two or more closed panel plans COB generally does not occur with respect to the use of panel providers. However, COB may occur if a person receives emergency services that would have been

covered by both plans.

### **Right To Receive And Release Needed Information**

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits under this plan and other plans. **Aetna** has the right to release or obtain any information and make or recover any payments it considers necessary in order to administer this provision.

### **Facility of Payment**

Any payment made under another plan may include an amount, which should have been paid under this plan. If so, **Aetna** may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a benefit paid under this plan. **Aetna** will not have to pay that amount again. The term “payment made” means reasonable cash value of the benefits provided in the form of services.

### **Right of Recovery**

If the amount of the payments made by **Aetna** is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

# When You Have Medicare Coverage

Which Plan Pays First

How Coordination with Medicare Works

What is Not Covered

This section explains how the benefits under **This Plan** interact with benefits available under **Medicare**.

**Medicare**, when used in this Booklet, means the health insurance provided by Title XVIII of the Social Security Act, as amended. It includes Health Maintenance Organization (HMO) or similar coverage that is an authorized alternative to Parts A and B of **Medicare**

You are eligible for **Medicare** if you are:

- Covered under it by reason of age, disability, or
- End Stage Renal Disease

If you are eligible for **Medicare**, the plan coordinates the benefits it pays with the benefits that **Medicare** pays. Sometimes, the **plan** is the primary payor, which means that the **plan** pays benefits before **Medicare** pays benefits. Under other circumstances, the **plan** is the secondary payor, and pays benefits after **Medicare**.

## Which Plan Pays First

The plan is the primary payor when your coverage for the **plan's** benefits is based on current employment with your employer. The **plan** will act as the primary payor for the **Medicare** beneficiary who is eligible for **Medicare**:

- Solely due to age if the **plan** is subject to the Social Security Act requirements for **Medicare** with respect to working aged (i.e., generally a plan of an employer with 20 or more employees);
- Due to diagnosis of end stage renal disease, but only during the first 30 months of such eligibility for **Medicare** benefits. This provision does not apply if, at the start of eligibility, you were already eligible for **Medicare** benefits, and the **plan's** benefits were payable on a secondary basis;
- Solely due to any disability other than end stage renal disease; but only if the **plan** meets the definition of a large group health plan as outlined in the Internal Revenue Code (i.e., generally a plan of an employer with 100 or more employees).

The plan is the secondary payor in all other circumstances.

## How Coordination With Medicare Works

### When the Plan is Primary

The **plan** pays benefits first when it is the primary payor. You may then submit your claim to **Medicare** for consideration.

### **When Medicare is Primary**

Your health care expense must be considered for payment by **Medicare** first. You may then submit the expense to **Aetna** for consideration.

**Aetna** will calculate the benefits the **plan** would pay in the absence of **Medicare**:

The amount will be reduced so that when combined with the amount paid by **Medicare**, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total **allowable expense**.

This review is done on a claim-by-claim basis.

Charges used to satisfy your Part B deductible under **Medicare** will be applied under the **plan** in the order received by **Aetna**. **Aetna** will apply the largest charge first when two or more charges are received at the same time.

**Aetna** will apply any rule for coordinating health care benefits after determining the benefits payable.

### **Right to Receive and Release Required Information**

Certain facts about health care coverage and services are required to apply coordination of benefits (COB) rules to determine benefits under **This Plan** and other **plans**. **Aetna** has the right to obtain or release any information, and make or recover any payments it considers necessary, in order to administer this provision.

# General Provisions

## Type of Coverage

Coverage under the plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

## Physical Examinations

**Aetna** will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

## Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

## Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. If you have any questions about the terms of the **Aetna** medical benefits plan or about the proper payment of benefits, contact your employer or **Aetna**.
- The **Aetna** medical benefits plan may be changed or discontinued with respect to your coverage.

## Misstatements

**Aetna's** failure to implement or insist upon compliance with any provision of this **Aetna** medical benefits plan at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times.

Fraudulent misstatements in connection with any claim or application for coverage may result in termination of all coverage under this **Aetna** medical benefits plan.

## Rescission of Coverage

**Aetna** may rescind your coverage if you, or the person seeking coverage on your behalf:

- Performs an act, practice or omission that constitutes fraud; or
- Makes an intentional misrepresentation of material fact.

You will be given 30 days advance written notice of any rescission of coverage.

As to medical and prescription drug coverage only, you have the right to an internal Appeal with **Aetna** and/or the right to a third party review conducted by an independent External Review Organization if your coverage under this Booklet is rescinded retroactive to its Effective Date.

## Subrogation and Right of Reimbursement

As used herein, the term “**Third Party**”, means any party that is, or may be, or is claimed to be responsible for **illness** or **injuries** to you. Such **illness** or **injuries** are referred to as “**Third Party Injuries**.” “**Third Party**” includes any party responsible for payment of expenses associated with the care of treatment of **Third Party Injuries**.

If this plan pays benefits under this Booklet to you for expenses incurred due to **Third Party Injuries**, then **Aetna the plan** retains the right to repayment of the full cost of all benefits provided by this plan on your behalf that are associated with the **Third Party Injuries**. The plan's rights of recovery apply to any recoveries made by or on your behalf from the following sources, including but not limited to:

- Payments made by a **Third Party** or any insurance company on behalf of the **Third Party**;
- Any payments or awards under an uninsured or underinsured motorist coverage policy;
- Any Workers’ Compensation or disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners’ medical payments coverage or premises or homeowners’ insurance coverage; and
- Any other payments from a source intended to compensate you for **injuries** resulting from an accident or alleged negligence.

By providing written notice, you specifically acknowledge the plan's right of subrogation. When this plan pays health care benefits for expenses incurred due to **Third Party Injuries**, the plan shall be subrogated to your right of recovery on a fair and equitable basis against any party to the extent of the full cost of all benefits provided by this plan. **Aetna, on behalf of the plan** may proceed against any party with or without your consent.

By providing written notice, you also specifically acknowledge the plan's right of reimbursement. This right of reimbursement shall be done on a fair and equitable basis. This right of reimbursement attaches when this plan has paid benefits due to **Third Party Injuries** and you or your representative has recovered any amounts from a **Third Party**. By providing any benefit under this Booklet, **the plan** is granted an assignment of the proceeds of any settlement, judgment or other payment received by you to the extent of the full cost of all benefits provided by this plan. The plan's right of reimbursement is cumulative with and not exclusive of the plan's subrogation right and **Aetna** on behalf of the plan may choose to exercise either or both rights of recovery.

For the basis of these subrogation and reimbursement provisions, a just and equitable basis shall be defined as any factors that diminish the potential value of your claim shall likewise reduce the share in the claim **the plan** shall receive in recompensation for benefits paid.

These factors that may diminish the potential value of your claim shall include, but are not limited to the following:

1. legal defenses;
2. exigencies of trial; and/or
3. limits of coverage.

By accepting benefits under this plan, you or your representatives further agree to:

- Notify **Aetna** promptly and in writing when notice is given to any party of the intention to investigate or pursue a claim to recover damages or obtain compensation due to **Third Party Injuries** sustained by you; s
- Cooperate with **Aetna** and do whatever is necessary to secure the plan's rights of subrogation and reimbursement under this Booklet;
- Give **the plan** a first-priority lien on any recovery, settlement, or judgment or other source of compensation which may be had from any party to the extent of the full cost of all benefits associated with **Third Party Injuries** provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement);
- Pay, as the first priority, from any recovery, settlement judgment, or other source of compensation, any and all amounts due **the plan** as reimbursement for the full cost of all benefits associated with **Third Party Injuries** paid by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement), unless otherwise agreed to by **Aetna or the plan** in writing; and
- Do nothing to prejudice the plan's rights as set forth above. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits paid by the plan.
- Serve as a constructive trustee for the benefits of this plan over any settlement or recovery funds received as a result of **Third Party Injuries**.

**Aetna**, on behalf of the plan, may recover full cost of all benefits paid by this plan under this Booklet without regard to any claim of fault on your part, whether by comparative negligence or otherwise. No court costs or attorney fees may be deducted from the plan's recovery, and **Aetna** or the plan is not required to pay or contribute to paying court costs or attorney's fees for the attorney hired by you to pursue your claim or lawsuit against any **Third Party** without the prior express written consent of **Aetna or the plan**. In the event you or you representative fail to cooperate with **Aetna or the plan**, you shall be responsible for all benefits paid by this plan in addition to costs and attorney's fees incurred by **Aetna** or the plan in obtaining repayment.

## Workers' Compensation

If benefits are paid under the **Aetna** medical benefits plan and **Aetna** determines you received Workers' Compensation benefits for the same incident, **Aetna** has the right to recover as described under the *Subrogation and Right of Reimbursement* provision. **Aetna**, on behalf of the Plan, will exercise its right to recover against you.

The Recovery Rights will be applied even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that bodily **injury** or **illness** was sustained in the course of or resulted from your employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by you or the Workers' Compensation carrier; or
- The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this **Aetna** medical benefits plan, you will notify **Aetna** of any Workers' Compensation claim you make, and that you agree to reimburse **Aetna**, on behalf of the Plan, as described above.

If benefits are paid under this **Aetna** medical benefits plan, and you or your covered dependent recover from a responsible party by settlement, judgment or otherwise, **Aetna**, on behalf of the Plan, has a right to recover from you or your covered dependent an amount equal to the amount the Plan paid.

## Recovery of Overpayments

### Health Coverage

If a benefit payment is made by the Plan, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery the Plan may have with respect to such overpayment.

## Reporting of Claims

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

## Payment of Benefits

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

The Plan may pay up to \$1,000 of any other benefit to any of your relatives whom it believes fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release.

When a **PCP** provides care for you or a covered dependent, or care is provided by a **network provider (network services or supplies)**, the **network provider** will take care of filing claims. However, when you seek care on your own (**out-of-network services and supplies**), you may be responsible for filing your own claims.

## Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **physicians, dentists** and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

## Contacting Aetna

If you have questions, comments or concerns about your benefits or coverage, or if you are required to submit information to **Aetna**, you may contact **Aetna's** Home Office at:

## Discount Programs

### Discount Arrangements

From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, **dentists**, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to **Aetna** in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

# Incentives

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your **physician** or other service providers, we may, from time to time, offer to waive or reduce a member's **copayment, payment percentage**, and/or a **deductible** otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

# Claims, Appeals and External Review

## *Definitions*

**Adverse Benefit Determination (Decision):** A denial; reduction; termination of; or failure to; provide or make payment (in whole or in part) for a service, supply or benefit. The term "adverse benefit determination" includes both an adverse health care treatment (medical) decision and an adverse (non-medical) benefit determination.

Such adverse benefit determination may be based on:

- Your eligibility for coverage.
- Coverage determinations, including plan limitations or exclusions (including a preexisting condition limitation).
- The results of any Utilization Review activities.
- A decision that the service or supply is experimental or investigational.
- A decision that the service or supply is not medically necessary.

As to **medical and prescription drug** claims only, an adverse benefit determination also means the termination of your coverage back to the original effective date (rescission) as it applies under any rescission of coverage provision of the Agreement or the Booklet

An adverse health care treatment decision is a health care treatment decision made by or on behalf of Aetna denying in whole or in part payment for or provision of otherwise covered services requested by you or on your behalf.

A health care treatment decision is a decision regarding diagnosis, care, or treatment when medical services are provided by a health plan, or a benefits decision involving determinations regarding **medically necessary** health care, and determinations regarding experimental or investigational services.

**Appeal:** An oral or written request to Aetna to reconsider an adverse benefit determination.

**Complaint:** Any oral or written expression of dissatisfaction about quality of care or the operation of the Plan.

**Concurrent Care Claim Extension:** A request to extend a course of treatment that was previously approved.

**Concurrent Care Claim Reduction or Termination:** A decision to reduce or terminate a course of treatment that was previously approved.

**External Review:** A review of an adverse benefit determination or a final adverse benefit determination by an Independent Review Organization/External Review Organization (ERO) under contract with the Maine Bureau of Insurance.

**Final Adverse Benefit Determination:** An adverse benefit determination that has been upheld by Aetna at the exhaustion of the appeals process.

**Pre-service Claim or Prospective Review:** Any medical care or treatment that requires approval (utilization review) before the medical care or treatment is received.

**Retrospective Claim:** A review of medical necessity conducted after medical care, treatment or services have been received. It does not include the review of a claim that is limited to an evaluation of reimbursement levels, veracity of documentation, accuracy of coding or adjudication of payment.

**Urgent Care Claim:** Any claim for medical care or treatment in which a delay in treatment could:

- seriously jeopardize your life or health;
- jeopardize your ability to regain maximum function;
- cause you to suffer severe pain that cannot be adequately managed without the requested medical care or treatment; or
- in the case of a pregnant woman, cause serious jeopardy to the health of the fetus.

### ***Full and Fair Review of Claim Determinations and Appeals***

As to **medical and prescription drug** claims and **appeals** only, Aetna will provide you with any new or additional evidence considered and rationale, relied upon, or generated by us in connection with the claim at issue. This will be provided to you in advance of the date on which the notice of the final **adverse benefit determination** is required to be provided so that you may respond prior to that date.

Prior to issuing a final adverse benefit determination based on a new or additional rationale, you must be provided, free of charge, with the rationale; the rationale must be provided as soon as possible and sufficiently in advance of the date on which notice of final adverse determination is required.

### ***Claim Determinations – Group Health Coverage***

Notice of a claim benefit decision will be provided to you in accordance with the guidelines and timelines provided below. As to **medical and prescription drug** claims only, if Aetna makes an **adverse benefit determination**, written notice will be provided to you, or in the case of a concurrent care claim, to your provider.

#### **Urgent Care Claims**

Aetna will notify you of an urgent care claim decision as soon as possible, but not later than 48 hours after the claim is made.

If more information is needed to make an urgent care claim decision, Aetna will notify the claimant within 48 hours of receipt of the claim. The claimant has 48 hours after receiving such notice to provide Aetna with the additional information. Aetna will notify the claimant within 48 hours of the earlier to occur:

- the receipt of the additional information; or
- the end of the 48 hour period given the physician to provide Aetna with the information.

#### **Pre-Service Claims or Prospective Review**

Aetna will notify you of a **pre-service** claim or **prospective review** decision for non-urgent services after the claim is made as soon as possible, but not later than 2 working days after obtaining all necessary information. Aetna will not later render an adverse decision with respect to any pre-authorized services except if fraudulent or materially incorrect information was provided at the time the services were pre-authorized, and such information was used in pre-authorizing the services.

#### **Retrospective Claims**

Aetna will notify you of a retrospective claim decision after the claim is made as soon as possible, but not later than 30 calendar days after obtaining all necessary information.

#### **Concurrent Care Claim Extension**

Following a request for a concurrent care claim extension, Aetna will notify you of a claim decision within one working day after obtaining all necessary information.

## **Concurrent Care Claim Reduction or Termination**

If you have received pre-authorization for an ongoing course of treatment, you will be notified in advance if the previously authorized course of treatment is intended to be terminated or reduced so that you will have an opportunity to appeal any decision to Aetna and receive a decision on that appeal before the termination or reduction takes effect. If the course of treatment involves urgent care, and you request an extension of the course of treatment at least 24 hours before its expiration, you will be notified of the decision within 24 hours after receipt of the request.

As to **medical and prescription drug** claims only, if you file an appeal, coverage under the plan will continue for the previously approved course of treatment until a final appeal decision is rendered. During this continuation period, you are responsible for any copayments; coinsurance; and deductibles; that apply to the services; supplies; and treatment; that are rendered in connection with the claim that is under appeal. If Aetna's initial claim decision is upheld in the final appeal decision, you will be responsible for all charges incurred for services; supplies; and treatment; received during this continuation period.

## ***Complaints***

If you are dissatisfied with the service you receive from the Plan or want to complain about a network provider you must call or write Member Services. The complaint must include a detailed description of the matter and include copies of any records or documents that you think are relevant to the matter. **Aetna** will review the information and provide you with a written response within 30 calendar days of the receipt of the complaint, unless more information is needed and it cannot be obtained within this period. The notice of the decision will tell you what you need to do to seek an additional review.

## ***Appeals of Adverse Benefit Determinations***

You may submit an appeal if Aetna gives notice of an **adverse benefit determination**. This Plan provides for two levels of appeal. As to medical and prescription drug claims only, a final adverse benefit determination notice may also provide an option to request an External Review.

You have 180 calendar days with respect to adverse benefit determinations of Group Health Claims following the receipt of notice of an adverse benefit determination to request your Level One Appeal. You may file beyond 180 days if the delay in filing is reasonable under the circumstances and no prejudice to the Plan is attributable to the delay. Your appeal may be submitted orally or in writing and must include:

- Your name.
- The Employer's name.
- A copy of Aetna's notice of an adverse benefit determination.
- Your reasons for making the appeal.
- Any other information you would like to have considered.

Send your written appeal to Member Services at the address shown on your ID Card, or call in your appeal to Member Services using the telephone number shown on your ID Card.

You may also choose to have another person (an authorized representative) make the appeal on your behalf. You must provide written consent to Aetna.

As to medical and prescription drug claims only, you may be allowed to provide evidence or testimony during the appeal process in accordance with the guidelines established by State and Federal law.

## ***Level One Appeal – Adverse Benefit Determination***

A review of a Level One Appeal of an adverse benefit determination shall be provided by Aetna personnel. They shall not have been involved in making the adverse benefit determination. Except for Urgent Care Claims, an acknowledgement letter will be sent to you within three (3) working days of Aetna's receipt of the appeal. The letter will contain the name; address; and telephone number of the Appeal Coordinator assigned to review the appeal. If

the appeal concerns medical necessity; appropriateness; health care setting; level of care; or effectiveness the Coordinator will be a clinical peer health care professional.

### **Urgent Care Claims**

**Aetna** shall issue a decision within 36 hours or sooner as needed following receipt of the request for an **appeal**.

### **Pre-Service Claims or Prospective Review**

Aetna shall issue a decision within 15 calendar days of receipt of the request for an appeal or receipt of any additional information requested.

### **Concurrent Care Claim Reduction or Termination**

**Aetna** shall issue a decision within one working day of the request for an appeal or receipt of any additional information requested.

### **Retrospective Claims**

Aetna shall issue a decision within 30 calendar days of receipt of the request for an appeal or receipt of any additional information requested. Aetna will notify you in writing within 5 working days after making the determination.

If **Aetna's** final decision is an adverse decision, it will contain:

- The names; titles; and qualifying credentials of the person(s) involved in the review;
- A statement of the Coordinator's understanding of the Appeal; and all pertinent facts;
- The specific plan provisions upon which the decision is based.
- The Coordinator's basis for the decision in clear terms;
- A reference to the evidence; or documentation; used as the basis for the decision; and instructions for requesting copies of such materials;
- A notice of your right to contact the Maine Bureau of Insurance, including the address and telephone number of the Bureau;
- A description of the process to obtain a level two Appeal (including the rights; procedures; and time frames that govern such an **appeal**).
- The availability of any applicable office of health insurance consumer assistance or ombudsman established under the federal Affordable Care Act;
- Notice of the right to file a complaint with the Bureau of Insurance after exhausting any appeals under a carrier's internal review process;
- Any other information required pursuant to the federal Affordable Care Act.

### ***Level Two Appeal – Adverse Benefit Determination***

If Aetna upholds an adverse benefit determination at the first level of appeal, you or your authorized representative has the right to file a level two appeal. The appeal must be submitted following the receipt of notice of a level one Appeal.

A level two Appeal of a decision involving an Urgent Care Claim, or a claim involving medical necessity; appropriateness; health care setting; level of care; or effectiveness; shall be provided by the Aetna Appeals Committee. The majority of the Committee will be made up of persons not previously involved in the Appeal. However, a person who was previously involved in the Appeal may be a member of the Committee. Such person may also appear before

the Committee to present information or answer questions. The Committee must include one or more clinical peer health care professionals who were not previously involved in the Appeal, who are not a subordinate of a person involved in the Appeal, and who have no financial or other personal interest in the outcome of the review. The level two Appeal decision must have the concurrence of the majority of such clinical peer health care professionals.

## Exhaustion of Process

You must exhaust the applicable Level One and Level Two processes of the Appeal Procedure before you can establish any:

- litigation;
- arbitration; or
- administrative proceeding;

regarding an alleged breach of the policy terms by **Aetna** or any matter within the scope of the Appeals Procedure.

As to **medical and prescription drug** claims only, under certain circumstances you may seek simultaneous review through the internal **Appeals** Procedure and **External Review** processes—these include **Urgent Care Claims** and situations where you are receiving an ongoing course of treatment. Exhaustion of the applicable process of the Appeal Procedure is not required under these circumstances.

### Important Note:

As to **medical and prescription drug** claims only, if **Aetna** does not adhere to all **adverse benefit determination** and appeal requirements (including required timeframes for issuing decisions) of the State of Maine, you are considered to have exhausted the appeal requirements and may proceed with **External Review** or any of the actions mentioned above.

## External Review

If Aetna renders a decision resulting in an **Adverse Benefit Determination** you may contact the Maine Bureau of Insurance to request an external review; if you or your provider disagrees with Aetna's decision. An external review is a review by an independent external review organization, who has expertise in the problem or question involved. The Maine Bureau of Insurance oversees the external review process. It also contracts with approved independent review organizations to carry out the external review and render a decision.

You have the right to request an **External Review** if any of the following requirements are met:

- You have received notice of the denial of a claim by an **Adverse Benefit Determination** from **Aetna**; and
- Your claim was denied because Aetna determined that the care was not medically necessary or was experimental or investigational or was due to a preexisting condition; or
- claim denials involving issues of care, treatment or diagnosis; and
- You have exhausted the applicable internal appeal processes.

The adverse benefit determination you receive from Aetna will describe:

- the external review process and the procedure to follow if you wish to pursue an external review;
- your right to get assistance from Aetna to request the external review;
- your right to participate in the external review hearing; submit; and obtain supporting material relating to the adverse decision; ask questions of any Aetna representative; and have outside assistance through an office of health insurance consumer assistance or ombudsman established under the federal Affordable Care Act; and
- your right to seek assistance from; or file a complaint with; the Maine Bureau of Insurance (including the Bureau's address and toll-free number).

You or your authorized representative must send the request for external review in writing to the Maine Bureau of Insurance. The request must be made within 12 months of the date you received the final adverse decision letter from Aetna. You may include a copy of the final adverse decision letter and all other pertinent information that supports your request. You will not be required to pay any fees.

Expedited request for external review: You will not be required to exhaust the applicable internal Appeals process before requesting an external review if:

- Aetna has failed to make a decision within the required time period; or
- You and Aetna agree to bypass the internal Appeals procedure; or
- Your life or health is in serious jeopardy; or
- You have died.

The Maine Bureau of Insurance will contact the external review organization that will conduct the review of your claim. The external review organization will select an independent physician with appropriate expertise to perform the review. In making a decision, the external review organization will consider how appropriate the service is based on:

- All relevant clinical information relating to your physical and mental condition;
- Any concerns you have voiced about your health status;
- All relevant clinical standards, including but not limited to, those standards and guidelines used by Aetna; and it is medically necessary health care.

"Medically necessary health care" means health care services or products provided to an enrollee for the purpose of preventing, diagnosing or treating an illness, injury or disease or the symptoms of an illness, injury or disease in a manner that is:

- Consistent with generally accepted standards of medical practice;

- Demonstrated through scientific evidence to be effective in improving health outcomes.
- Representative of "best practices" in the medical profession; and
- Not primarily for the convenience of the member or physician or other health care practitioner.

You will be notified of the decision of the external review organization within 30 calendar days of receipt of your request form and all necessary information from the Maine Bureau of Insurance. If your condition is such that a delay would put in serious jeopardy your life or health or your ability to regain maximum function, a decision will be made no later than 72 hours after receipt of the request.

Aetna will abide by the decision of the External Review Organization.

Aetna is responsible for paying the Maine Bureau of Insurance for the cost of the external review.

State of Maine  
Division of Employee Health & Benefits  
114 State House Station  
Augusta, ME 04333-0114

The State Employee Health Commission will review your appeal. The reviewer will evaluate your claim within 60 days after you file your appeal and make a decision. If the reviewer needs more time, the reviewer may take an additional 60 day period. The reviewer will notify you in advance of this extension. The reviewer will follow relevant internal rules maintained by Aetna to the extent they do not conflict with the State Employee Health Commission's own internal guidelines.

## Recognized Charge

The **covered expense** is only that part of a charge which is the **recognized charge**.

As to medical, vision and hearing expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- For professional services and other services or supplies not mentioned below:
  - the 80th percentile of the Prevailing Charge Rate;for the Geographic Area where the service is furnished.

As to **prescription drug** expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- 110% of the **Average Wholesale Price (AWP)** or other similar resource. **Average Wholesale Price (AWP)** is the current average wholesale price of a **prescription drug** listed in the Medi-Span weekly price updates (or any other similar publication chosen by **Aetna**).

If **Aetna** has an agreement with a provider (directly, or indirectly through a third party) which sets the rate that **Aetna** will pay for a service or supply, then the **recognized charge** is the rate established in such agreement.

**Aetna** may also reduce the **recognized charge** by applying **Aetna** Reimbursement Policies. **Aetna** Reimbursement Policies address the appropriate billing of services, taking into account factors that are relevant to the cost of the service such as:

- the duration and complexity of a service;
- whether multiple procedures are billed at the same time, but no additional overhead is required;
- whether an assistant surgeon is involved and necessary for the service;
- if follow up care is included;
- whether there are any other characteristics that may modify or make a particular service unique; and
- when a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided.

**Aetna** Reimbursement Policies are based on **Aetna's** review of: the policies developed for Medicare; the generally accepted standards of medical and dental practice, which are based on credible scientific evidence published in peer-reviewed literature generally recognized by the relevant medical or dental community or which is otherwise consistent with **physician** or dental specialty society recommendations; and the views of **physicians** and dentists practicing in the relevant clinical areas. **Aetna** uses a commercial software package to administer some of these policies.

As used above, Geographic Area and Prevailing Charge Rates are defined as follows:

- **Geographic Area:** This means an expense area grouping defined by the first three digits of the U.S. Postal Service zip codes. If the volume of charges in a single three digit zip code is sufficient to produce a statistically valid sample, an expense area is made up of a single three digit zip code. If the volume of charges is not sufficient to produce a statistically valid sample, two or more three digit zip codes are grouped to produce a statistically valid sample. When it is necessary to group three digit zip codes, the grouping never crosses state lines.
- **Prevailing Charge Rates:** These are rates reported by FAIR Health, a nonprofit company, in their database. FAIR Health reviews and, if necessary, changes these rates periodically. **Aetna** updates its systems with these changes within 180 days after receiving them from FAIR Health.

#### **Important Note**

**Aetna** periodically updates its systems with changes made to the Prevailing Charge Rates.

*What this means to you* is that the **recognized charge** is based on the version of the rates that is in use by **Aetna** on the date that the service or supply was provided.

#### **Additional Information**

The **custom** website [aetnastateofmaine.com](http://aetnastateofmaine.com) may contain additional information which may help you determine the cost of a service or supply. ## IMPORTANT HEALTH CARE REFORM NOTICES

### CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

### Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

### **Notice Regarding Women's Health and Cancer Rights Act**

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

For more information, you can visit this U.S. Department of Health and Human Services website, <http://www.cms.gov/home/regsguidance.asp>, and this U.S. Department of Labor website, [http://www.dol.gov/ebsa/consumer\\_info\\_health.html](http://www.dol.gov/ebsa/consumer_info_health.html).

## **Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law**

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be determined by your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage.

If any coverage your Employer allows you to continue has reduction rules applicable by reason of age or retirement, the coverage will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If this Plan provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under this Plan will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under this Plan only if and when this Plan gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
