Benefits

At the State of Maine, we recognize everything you do to ensure our success. In return, we want to provide you with the resources you need to care for yourself and your family. That's why we have created an affordable, comprehensive benefits program with a range of features to help you manage your health and well-being.

This guide offers a high-level summary of your plan options. Please read it carefully so you can make the best decisions for you and your family. For complete details, please see the summary plan description (SPD) at maine.gov/bhr/oeh/benefits/som-health-plan/coverage.

If you have any questions, please contact the Office of Employee Health, Wellness, & Workers' Compensation at 207-624-7380 or email us at info.benefits@maine.gov.

Benefits Basics

On the following pages you will find a general overview of each of the benefit programs available to State of Maine employees. The intent of this booklet is to provide you with key information about each plan along with valuable resources for you to access more details.

Who can enroll?

If you are a full-time or part-time active State of Maine and ancillary¹ employee who is eligible to participate with the Maine Public Employees Retirement System, you are also eligible to participate in all health benefits.

If you're eligible to enroll, you also can enroll your dependents:

- Your legal spouse or domestic partner (same or opposite sex).
- Your dependent children up to age 26, regardless of student or marital status.
- Your disabled dependent children of any age, provided the disability began prior to reaching the age of 26 and the child was insured under the State of Maine plan.

New Hire Enrollment

You must enroll for benefits within 60 days of your start date. New employees are eligible for benefits the 1st of the month following one month of employment. For example:

- Feb 5th - first day of work
- March 5th - one month employment mark
- April 1st - benefits effective date

Once enrolled, you must continue with your plan for the remainder of the plan year due to IRS regulations governing pre-tax plans, unless you have a qualifying life event.

Open Enrollment

During the annual open enrollment period, you will have another opportunity to choose the benefits that best meet your needs. During open enrollment, you may elect plans, enroll in coverage previously waived, add or drop eligible dependents, or terminate your coverage.

1. Ancillary employers include, but not limited to, Maine Community College System, Maine Turnpike Authority, Maine Public Employees Retirement System, etc. Refer to State of Maine Statute MRS Title 5, 285 for a complete list.

Making Changes To Your Benefits During the Year

If you need to add or remove coverage for yourself or your dependents, you must wait until the next open enrollment period, unless you have a qualifying life event as defined by the IRS.

Here are some examples of qualifying life events:

- Birth, legal adoption or placement for adoption.
- Marriage or divorce.
- Dependent child reaches age 26.
- Spouse or dependent loses or gains coverage elsewhere.
- Death of your spouse or dependent child.
- Spouse or dependent becomes eligible or ineligible for Medicare/Medicaid or the state children's health insurance program.
- Court-ordered change.
- Spouse's open enrollment that occurs at a different time than yours.

If you qualify to make a change, you will have 60 days from the day of the event to notify your employer and make your benefit elections.

Common Insurance Terms

Coinsurance: Coinsurance is your share of the costs of a covered healthcare service, calculated as a percent (for example, 20%) of the allowed amount for the service. Your coinsurance will begin after you have met your deductible. For example, if the health plan's allowed amount for a medical service is \$100 and you've met your deductible, your coinsurance payment of 20% would be \$20. The health plan pays the rest of the allowed amount.

Copay: A copay is a fixed dollar amount you pay for a healthcare service. The amount can vary by the type of service. Your copays will not count toward your deductible but will count toward your out-of-pocket maximum.

Deductible: The deductible is the amount you owe for covered healthcare services before your plan begins to pay benefits. For example, if your deductible is \$1,200, your plan won't pay anything until you've met your \$1,200 deductible for covered healthcare services subject to the deductible. Preventive care is not subject to the deductible as it is covered 100% by any medical plan option.

Embedded Deductible: If you are on a family medical plan with an embedded deductible, your plan contains two components: an individual deductible and a family deductible. Having two components to the deductible allows each member of your family to have your insurance policy cover their medical bills prior to the entire dollar amount of the family deductible being met. The individual deductible is embedded in the family deductible.

Explanation of Benefits (EOB): An EOB is a statement from the insurance company showing how claims were processed. The EOB tells you what portion of the claim was paid to the healthcare provider and what portion of the payment, if any, you are responsible for.

Individual mandate: Federal health reform mandates most US citizens have health insurance for themselves and their dependents. State of Maine helps you stay insured by offering affordable healthcare for all employees who work

full-time or part-time. Coverage is effective the first of the month following one month of employment and allows you to cover your spouse and children.

In-Network vs. Out-of-Network: A network is composed of all contracted providers. Networks request providers to participate in their network, and in return, providers agree to offer discounted services to their patients. If you pick an out-of-network provider, your claims will be higher because you will not receive the discounts the in-network providers offer.

Out-of-Pocket Maximum: The out-of-pocket maximum is designed to protect you in the event of a catastrophic illness or injury. Your out-of-pocket maximum includes your deductible, coinsurance and copays that come out of your pocket. After you have paid the specified out-of-pocket amount during a policy year, the plan pays the remaining covered services at 100%.

Preventive Care: Routine healthcare services can minimize the risk of certain illnesses or chronic conditions. Examples of preventive care services include but are not limited to physical exams, mammograms, flu vaccines, prostate tests and smoking cessation.

Reasonable and customary: The amount of money a health plan determines is the normal or acceptable range of charges for a specific health-related service or medical procedure. If your healthcare provider submits higher charges than what the health plan considers normal or acceptable, you may have to pay the difference.

Medical

We are committed to helping you and your dependents maintain your health and wellness by providing you with access to the highest levels of care. We offer you a comprehensive medical plan (administered by Anthem Blue Cross Blue Shield) and prescription coverage (administered by Capital Rx).

Health Premium Credit Program

The Health Premium Credit Program provides health plan members actively employed by the State of Maine the opportunity to receive up to a 5% individual premium discount each fiscal year. You must meet specific requirements by the annually stated deadline to be awarded the credit. The Health Premium Credit earned does not roll from year-to-year, and program requirements are updated from year-to-year.

The Program is voluntary, and participation is confidential. For Wellness Resources, log on to WellStarME.org.

Pharmacy

If you need a long-term medication, you may pay less over time by using the Capital Rx pharmacy. We'll deliver up to a 90-day supply right to you — and standard shipping is free. To learn more about your benefit, log in at cap-rx.com.

Note: If you request a brand-name medication when a generic equivalent is available, you will pay the applicable copayment, plus the difference in cost between the brand and the generic.

	Retail Pharmacy (30-day supply)	Maintenance Retail Pharmacy (90-day supply)	Home Delivery (90-day supply)
Generic	\$25 copay	\$50 copay	\$50 copay
Preferred Brand	\$50 copay	\$100 copay	\$100 copay
Non-Preferred Brand	\$80 copay	\$160 copay	\$160 copay
Diabetic Medications¹	\$35 copay	Standard copays apply	Standard copays apply
	Retail Pharmacy	Maintenance Retail Pharmacy	Through Costco Specialty Pharmacy
Specialty² (30-day supply)	N/A	N/A	25% up to \$200 max

1. The State of Maine covers diabetic medications at a \$35 copay for 30-day supply at the Preferred Brand tier. These medications include insulin, GLP-1, SGLT2, and DPP-4 products (examples include humulin/Humalog, Lantus, Glyxambi, Trulicity).

2. Capital Rx's partnership with Costco Specialty Pharmacy

For short-term prescriptions, such as antibiotics, use a participating retail pharmacy.

As a member, you can go to nearly any retail pharmacies, including most major drugstores. Just ask your retail pharmacy if it's in our network. You can also search "NEARBY PHARMACIES" on the Capital Rx online member portal. Just go to cap-rx.com on your computer or mobile device to register or sign in.

Use generics and preferred medications.

If you are taking a medication that's not on the preferred list, ask your doctor to consider prescribing a lower-cost generic or preferred brand-name drug. Log in to your account at cap-rx.com, and see if a medicine is covered by your pharmacy benefit by clicking on the Drug Price Check link found in the menu bar. Just enter your drug's name and Drug Price Check will tell you the formulary status of that drug, and also see if there are other drugs in a certain drug class that may be available for a lower cost.

Prior authorization:

When is a coverage review necessary?

Some medications are not covered unless you first receive approval through a coverage review (prior authorization). This review uses plan rules based on FDA-approved prescribing and safety information, clinical guidelines and uses that are considered reasonable, safe and effective.

There are other medications that may be covered, but with limits (for example, only for a certain amount or for certain uses), unless you receive approval through a coverage review. During this review, Capital Rx asks your doctor for more information than what is shown on the prescription before the medication may be covered under your plan. To find out whether a medication requires a coverage review, log in at [cap-rx.com](https://www.cap-rx.com) and select the Drug Price Check tool, and search for your medication.

Specialty medications:

Get individualized service through Capital Rx's Partnership with Costco Specialty Pharmacy

Specialty medications are drugs that are used to treat complex conditions, such as cancer, growth hormone deficiency, hemophilia, hepatitis C, immune deficiency, multiple sclerosis and rheumatoid arthritis. Starting August 1, Capital Rx will partner with Costco Specialty Pharmacy to fill these scripts and provide an enhanced level of individual service to patients with special therapy needs.

Whether they're administered by a healthcare professional, self-injected, or taken by mouth, specialty medications require an enhanced level of service. By ordering your specialty medications through Costco Specialty Pharmacy, you can receive:

- Toll-free access to specialty-trained pharmacists and nurses 24 hours a day, 7 days a week
- Discreet delivery of your medications to you or your doctor, depending on who is administering the drug, at no additional charge
- Most supplies, such as needles and syringes, provided with your medications
- Safety checks to help prevent potential drug interactions
- Personalized refill program
- Up to a 90-day supply of your specialty medication for just one copayment

How can you use the member website?

- Obtain an overview of plan benefits and copay amounts
- Determine if prescribed medications are on the formulary/preferred list
- Locate a network pharmacy near work or home
- Print a tax report of prescription expenses
- Obtain drug price estimates and out-of-pocket costs
- View cost differentials and calculate potential savings with generic vs. brand

Centers of Excellence - Carrum Health Surgery Benefit

A no cost surgery benefit you won't have to budget for.

Today more than ever, surgery can be complicated and costly. Not all medical providers deliver the same quality of care and often there are unexpected expenses. That's why we provide you and your eligible family members the Carrum Health benefit - at no cost to you. The [Carrum Health benefit](#) makes it easy to get the highest quality care you deserve.

State of Maine health plan members and their enrolled dependents can use Carrum Health which provides enhanced coverage for certain planned procedures at participating Centers of Excellence.

With Carrum Health, you'll have:

- All or most of your out-of-pocket medical expenses paid for
- Access to the best surgeons in the country from hospitals like Johns Hopkins, Stanford, Rush, and many others
- A dedicated care specialist to guide you through every step of the surgery process
- Travel expenses (if needed) covered for you and a companion if you don't live near a Center of Excellence¹
- A mobile app to explore options, track your progress, and communicate with your care specialist for ongoing support

Covered surgeries

We hope you never need surgery, but if you do, you can use Carrum Health for the following procedures:

- Bariatric
- Cardiac
- Joint Replacements
- Spine Surgeries
- Optional Oncology Services

Exclusive Provider of Knee and Hip Replacement Surgeries

As of July 1, 2022, it is mandatory for plan members to go through the Plan's Carrum Health benefit when receiving total and partial hip and knee replacement surgery. Surgery expenses for these joint replacements will be fully covered at Spectrum Orthopedics, for plan members and dependents ages 18+ when going through Carrum Health. Information about limited exceptions and prior authorization may be obtained through Carrum Health.

How It Works

Carrum Health gives you peace of mind from start to finish.

1. **Activate your account:** Answer a few questions about your health history, read profiles of surgeons, and get a detailed estimate of out-of-pocket costs, if any.
2. **Meet your care specialist virtually:** A dedicated care specialist will reach out to walk you through the process, learn about you and your goals, and answer all of your questions.
3. **Relax as Carrum plans your surgery:** After learning about you and your goals, your care specialist will gather your medical records, submit forms to your surgeon, and plan travel for you and your loved one, if necessary. You'll also meet with your surgeon in person or virtually to ensure surgery is absolutely medically necessary.
4. **Receive world-class care:** You'll be in the best hands on the day of your surgery and after everything is finished and you've recovered, you'll walk away feeling a whole lot stronger and healthier.
5. **Never get a medical bill:** The Carrum Health benefit covers all of the medical costs related to your procedure so you won't ever need to deal with copays or coinsurance.

Additional Options

In-network coverage for optional lens upgrades, additional eyeglasses, and more can be found at maine.gov/bhr/oeh.

Additional optional products and services are not covered.

Flexible Spending Accounts

We offer active State of Maine employees two types of flexible spending accounts (FSAs) administered by ASI Flex that can help you save on a pre-tax basis for out-of-pocket expenses. FSAs are a great way to plan ahead and save money over the course of a year.

Healthcare FSA

You may contribute up to \$3,300 per calendar year (pre-tax deduction) for eligible healthcare expenses such as medical copay, deductibles, prescriptions, dental and vision care service, and more. Visit [irs.gov](https://www.irs.gov) to view a full list of eligible expenses.

ASI Flex will issue a debit MasterCard that allows access to your Healthcare FSA funds. Just use the ASI Flex debit MasterCard to pay for eligible healthcare expenses.

Dependent Care FSA

You may contribute up to \$5,000 per calendar year (\$2,500 if married, but filing a separate tax return) of your income or your spouse's earned income, whichever is less, for eligible dependent care expenses (pre-tax deduction).

Eligible expenses include daycare expenses, before and after school care, nursery care, day camps, elder care, and more. Visit [irs.gov](https://www.irs.gov) to view a full list of eligible expenses.

Remember

Unlike your other health insurance benefits, your FSA benefit runs on a calendar year basis (Jan 1 - Dec 31).

You must re-enroll each year if you want to participate. Be sure to make your selection for an FSA during the two-week open enrollment held each November, or when you enroll in benefits.

2026 Wellness Wallet Program/Lifestyle Spending Account (LSA)

The State of Maine will be offering the Wellness Wallet Lifestyle Spending Account (LSA) Pilot Program to primary subscribers under the active State of Maine Health Plan in 2026. This program was created in response to requests from members seeking alternative ways to access reimbursement for expenses they incur while taking steps to achieve and sustain health, wellness, and well-being.

Open enrollment for the 2026 Wellness Wallet Pilot Program will be held from October 1, 2025, through October 31, 2025. All online enrollments are required to be submitted by October 31, 2025, at 11:59 PM ET.

The 2026 Wellness Wallet Pilot Program will run from January 5 through December 15, 2026. Enrolled members will be eligible to access up to a \$200 subsidy for calendar year 2026 on reimbursements for eligible health, wellness, well-being, and lifestyle expenses.

To be eligible and enrolled in the 2026 Wellness Wallet Pilot Program a State of Maine employee must:

- State of Maine employee 'active' on the State of Maine Health Plan as the Primary Subscriber. (*Dual Contract employees 'active' on the State of Maine Health Plan employees are both eligible to enroll in Wellness Wallet LSA benefit)
- Have completed the requirements for the prior year (2025), and/or the current year (2026) Health Premium Credit Program (HPCP) prior to the end of open enrollment. (Ancillary employer/employees must meet their individual employers Wellness Wallet LSA benefit eligibility requirements)
- Have met all the above requirements and completed the Wellness Wallet Pilot Program enrollment application during open enrollment.
- All applicants eligibility will be accessed and validated by the State of Maine, Bureau of Human Resources, Office of Employee Health, Wellness, and Workers' Compensation, and our vendors.

How the Program Works:

Starting in January 2026, eligible enrolled members will see \$200 deposited into their Wellness Wallet via their ThrivePass account. Enrolled Wellness Wallet Pilot Program participants will be able to use this benefit in one of two ways:

Through the ThrivePass Marketplace or Reimbursement for Wellness Wallet Pilot Program approved claims paid out-of-pocket by the enrolled member. Once a members enrollment is confirmed, you will receive an email from ThrivePass in early January 2026 with instructions on how to access the online portal, create your profile, and start using your Wellness Wallet Pilot Program services through ThrivePass.

Important: The email address you enter into the application will be the email address ThrivePass will use to communicate with you and will be used each time to access your ThrivePass Account profile to access the Wellness Wallet. It's recommended that you use your employer supplied email address when creating your ThrivePass Account.

Retirement

Save and invest for your retirement by contributing pre-tax to the MaineSaves 457(b) Deferred Compensation Plan. You choose how much to set aside and where you'd like to invest your funds within the Plan. You do not pay taxes on your funds invested or the investment earnings until you take a distribution from the Plan (e.g. after retirement).

Investment Options

The MaineSaves 457(b) Plan offers three providers to choose from: Corebridge Financial, Empower and Voya provide a variety of the investment options. Your payroll contributions will be sent directly to the provider you've selected. Local representatives are available to assist you. Visit maine.gov/bhr/oe/benefits/Saving_for_Retirement for more information.

Contribution Limits

The IRS sets the annual contribution limit. Participants age 50 and older and those within 3 years of normal retirement age may contribute an additional amount. Contact one of the local representatives with AIG Retirement Services, Empower or Voya for assistance.

Money-Saving Tips

Here's a list of money-saving tips to help you spend your healthcare dollars wisely.

- Receive care from health, dental & vision providers within the plan's network for lower copays and coinsurance
- Did you know many medical services are covered 100% (in network)? They include, but not limited to:
 - Tests performed at independent labs
 - Some services provided by independent imaging facilities
 - Preventive cancer screenings (e.g. mammograms, colonoscopies, etc.)
 - Vaccines
 - Routine physicals and eye exams
 - Explore surgical options provided by an ambulatory surgery center or Carrum Health
- Use Emergency Room alternatives (when appropriate). Visit a Maine-based walk-in clinic (\$25 copay), call Anthem's 24/7 NurseLise (no cost) or have a video visit with a network doctor or therapist with LiveHealth Online (no cost).
- Shop around for medical services using cost comparison tools such as [CompareMaine.org](https://www.comparemaine.org)
- Ask your provider for a 90-day prescription for medications you take on a regular basis; this will save you money on your copays at the pharmacy.
- Participate in the Health Credit Premium Program for lower premium cost
- Open a tax-free medical flexible spending account for known medical, dental & vision expenses
- Take advantage of wellness resources like the gym membership reimbursement program
- Take care of your mental health with the Living Resources Program provided at no cost to you
