Employees for Whom Manual Processing is Required

1. All redlined employees who are eligible for an increase must be processed by submitting a Human Resource Profile to the Bureau of Human Resources, ATTN.: Jeannie Johnson by the following deadlines:
 - ◆ Cycle A – Friday, July 9, 1999
 - ◆ Cycle B – Friday, July 2, 1999Attach any necessary approvals from the appropriate salary setting authority as may be required by law. Please contact this agency for assistance with special or unique situations.
2. Salary adjustments for teachers who receive prorated paychecks must be determined by calculating the incremental increase in daily pay that will be earned for days to be worked on or after July 5, 1999 for the remainder of the contract year in effect as of July 5th, and by paying the additional amount earned on a prorated basis in the paychecks to be received during the remainder of the contract year.
3. Employees who are on unpaid leave of absence will not be processed for the general increase until they return from leave. Agencies are responsible to process this salary change when returning employees to active status.
4. The general increase for Highway Crew employees must be processed by submitting the appropriate electronic transactions to the MFASIS technical team.
5. TEMP COMP pay will be recalculated automatically using the “5% promotion rule”. The grade and step in the acting assignment that satisfies this rule will be identified and the appropriate differential will be set as the TEMP COMP rate. However, the “5% promotion rule” does not always apply to acting assignments. Agencies must review all TEMP COMP rates and correct any that must be adjusted due to misapplication of the 5% promotion rule”.

Processing Procedures and Key Dates

A processing calendar is attached to this memorandum and should be studied in detail. The following key dates and notes will assist you in your ongoing work on MFASIS HR and Payroll, and with the processing of the general increase:

Saturday, July 3rd – New salary tables will be loaded on the production system. Refreshing the salary step for any employee after these new tables have been loaded will load the new rate of pay into the employee record. New rates will be loaded in master file records for Cycle B employees.

The Week Beginning July 5th – Cycle A agencies **cannot** make any master file changes for the pay period ending June 25th as incorrect salary rates may be introduced into the employee record from the new salary tables.

Saturday, July 10th – New rates will be loaded in Master file records for Cycle A employees.

Cycle B Time and Attendance Worksheet for the General Salary Increase

The general salary increase for Cycle B employees splits the pay period for the pay date of July 21, 1999. Cycle B payroll officers may make their time and attendance entries for the July 21st pay date from Monday, July 12th thru Thursday, July 15th. These instructions address the impact on time and attendance of applying the general salary increase for this split pay period.

1. Any employee who works his or her standard hours will not require time and attendance entries.

- The MFASIS HR system will automatically pro-rate the employee's base (regular) pay based on the increase date. The pay stub will show an average of the new and old base rates under the 'REGULAR' rate of pay.
- Employees with an automatic special pay of Scheduled Overtime, Non Standard, Recruit/Retention Stipend, or 5% In Lieu of Retirement will be paid using the new base rate for the entire period. This will result in a small overpayment to those employees. This overpayment has been approved by the State and the respective unions. **It is not necessary to do time and attendance transactions to adjust this overpayment.**

2. Employees who work overtime or other non-regular hours will require two time and attendance entries.

- Time and attendance will be required for employees who work more or less than their regularly scheduled hours in either week of the pay period.
- Two entries must be made on the HUAU1 screen. The first entry will contain the regular hours and overtime for the first week using the base rate prior to the increase. The second entry will contain the regular hours and overtime for the second week using the new increase rates. An example is provided below.
- **All rates for time and attendance entries must be keyed. Do not allow the system to determine the rates for you.**

Example:

Regular rate before increase:	\$10.00
Regular rate after increase:	\$10.30
Overtime rate before increase:	\$15.00
Overtime rate after increase:	\$15.45

First week regular time worked:	40 hours
First week premium overtime worked:	3 hours
Second week regular time worked:	40 hours
Second week premium overtime worked:	1 hour

The time and attendance entries required are:

<u>Hours</u>	<u>Rate</u>	<u>Reg/OT Type</u>
04000	1000000	0
00300	1500000	2
04000	1030000	0
00100	1545000	2
