PERSONNEL MEMORANDUM 2-85

TO: Agency Personnel Representatives

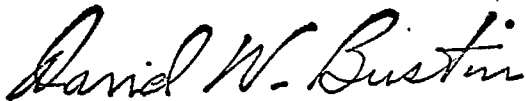

SUBJECT: PRELIMINARY FLSA EXEMPTION STUDY FOR CLASSES AT
PAY GRADE 21 AND ABOVE

The results of the subject study are enclosed. Separate lists have been prepared for each of the three exemption categories.

Please review these lists and report any positions used by your agency which you believe do not meet the exemption criteria of the FLSA, even though the classes involved are considered exempt by general definition.

We are reasonably certain of the exemption decisions and categories for the attached classes. If, however, you believe that all positions of a particular classification which we have exempted should be covered by the FLSA, please let us know your reasons for this.

Thank you for your cooperation, and please make every effort to report your position exceptions by May 31, 1985.
