Dear Mr. Libby:

This will confirm that at its meeting on September 20, 1990, the Board of Nursing voted to deny your 1990-91 application for renewal of your practical nurse license. The basis for the decision was a professional diagnosis of a physical condition, i.e., obstructive sleep apnea, which has resulted or may result in your performing your duties in a manner which endangers the health or safety of your patients, pursuant to 32 M.R.S.A. Section 2105-A (2)(C).

If your physical condition improves in the future, please feel free to contact this Board to explore the possibility of relicensure.

Sincerely yours,

MAINE STATE BOARD OF NURSING
