A word about copying material contained in this report...

Any person may reproduce, without restriction, any or all material in this edition. When several copies of materials are made for distribution, credit should be given to the Maine State Government Annual Report.

When any part of the text is partially reproduced for distribution, it should be noted that it is only a part and not the whole text as published. Problems inherent to “out of context” quotes may detract from the information we have tried to provide on State Government agencies and their operations.

The text of the Maine State Government Annual Report is meant to be a lightly-edited narrative report of the organizational units of State Government and is not intended as legal authority either for judicial notice or legal citation.

ORGANIZATIONAL CHART OF MAINE STATE GOVERNMENT

FOREWORD

The *Maine State Government Annual Report* is compiled by the Bureau of the Budget on behalf of the Governor pursuant to the Maine Revised Statutes, Title 5, chapter 3, sections 43 - 46. It documents, in convenient reference form, the administrative and financial structure, activities and accomplishments of the agencies of the State Government. In accordance with legislative intent, it replaces a profusion of costly annual or biennial reports independently published by state departments and agencies, and it establishes accountability with respect to many agencies, boards and commissions not previously subject to reporting requirements.

The *Maine State Government Annual Report* reflects the scope and diversity of Maine State Government operations during the fiscal period covered by this report. The mass of reports accumulated by the Bureau of the Budget have been edited and revised as necessary to conform to statutory requirements and the overall report concept.

Individual reports of departments, their principal subdivisions, and other agencies generally feature seven basic elements of construction as follows:

1. Identification Summary
2. Purpose
3. Organizational Background
4. Program
5. Licenses, Permits, etc.
6. Publications
7. Finances, Fiscal Year

This form of construction is used wherever possible in all reports. However, in view of certain inconsistencies and questions which may arise concerning nomenclature, the following discussion of terms and report construction may be of assistance.

IDENTIFICATION SUMMARY. This section "headlines" the report of each agency and serves to identify the agency, its executive officers, central office location and telephone number. Specific items appearing in the agency heading, which may require some interpretation, include the following:

Established: This reflects the year in which the organizational unit was created as a statutory or administrative entity, despite a subsequent change of name. If, at some point in time, the department or agency experienced a major reorganization in terms of administrative structure, purpose or function, the year in which the change occurred is considered the year it was established.

Reference:

Policy Area. There are 9 broad areas of emphasis under which all activities of State Government are categorized. Each organizational unit reported in the *Maine State Government Annual Report* is assigned to the Policy Area which most appropriately identifies the prevailing nature of its legislation. Each of the 9 Policy Areas has been assigned a name and a 2-digit number as follows:

- 00 Governmental Support and Operations
- 01 Economic Development and Workforce Training
- 02 Education
- 03 Arts, Heritage and Cultural Enrichment
- 04 Natural Resources Development and Protection
- 05 Health and Human Services
- 06 Justice and Protection
- 07 Business Licensing and Regulation
- 08 Transportation Safety and Development

Umbrella. In order to make the list of organizational units manageable, they have been classified based on the relationship between them. This was done by two criteria:

- a) Each State *Department*, the *Public Utilities Commission*, *Maine Maritime Academy*, and the *Board of Trustees of the University of Maine System* was

assigned a different *2-digit* number and each unit which was, by law, determined to be a part of these was assigned to *that 2-digit* "umbrella" number. Thus all units carrying an "01" *in front of their 3-digit unit number* are part of the Department of Agriculture, Food and Rural Resources, for example.

Each of these Umbrellas has been assigned a name and a 2-digit number as follows:

- 01 Department of Agriculture, Conservation & Forestry (formerly the Department of Agriculture, Food and Rural Resources)
- 02 Department of Professional and Financial Regulation
- 03 Department of Corrections
- 04 Department of Agriculture, Conservation & Forestry (formerly the Department of Conservation)
- 05 Department of Education
- 06 Department of Environmental Protection
- 07 Executive Department
- 09 Department of Inland Fisheries and Wildlife
- 10 Department of Human Services
- 12 Department of Labor
- 13 Department of Marine Resources
- 14 Department of Behavioral and Developmental Services
- 15 Department of Defense, and Emergency Services
- 16 Department of Public Safety
- 17 Department of Transportation
- 18 Department of Administrative and Financial Services
- 19 Department of Economic and Community Development
- 26 Department of the Attorney General
- 27 Office of the State Auditor
- 28 Office of Treasurer of State
- 29 Department of the Secretary of State
- 30 Legislative Department
- 31 Law and Legislative Reference Library
- 32 Reserve Fund for State House Preservation and Maintenance
- 33 Office of Program Evaluation and Government Accountability
- 40 Judicial Department
- 65 Public Utilities Commission
- 75 Maine Maritime Academy
- 78 Board of Trustees of the University of Maine System

- b) The many independent units - *not* part of the umbrellas listed above - were assigned to *one of five 2-digit umbrella numbers* which helped to classify the units in terms of the prevailing nature of their statutory or other authority or relationship to State Government. Thus umbrella "90" identifies those that "Regulate", "92" those that "Advise", etc. Each of these umbrellas has been assigned a name and a 2-digit number as follows:

- 90 Independent Agencies - Regulatory
- 92 Independent Agencies - Advisory
- 94 and 95 Independent Agencies - Other
- 98 Independent Agencies - Interstate Compact
- 99 Independent Agencies - Not Part of State Government

Unit. Each State Government organizational unit created by the Constitution, Statute or Private and Special Law has been assigned a different *3-digit number*. Each unit created by Legislative Order, by Judicial Order, by Executive Order of the Governor - or, in a few cases, by other acceptable authority - has been assigned its parent's *3-digit number* followed by a *letter*.

Unit Citation. Reported here is the legal citation which created the organizational unit. When one locates this citation in the appropriate document, one should find additional data relating to its purpose, authority and membership close by. If such a citation appears in the Statutes, that is the entry used since it has closer proximity to additional meaningful data than, for example, a Constitutional citation.

Average Count - All Positions and Legislative Count. The *Average Count - All Positions* represents the full-time equivalent of all positions authorized by the Legislature for the time frame covered by this report. The *Legislative Count*, where applicable, represents the count associated with only positions that have been authorized for 52 weeks per year.

Organizational Units. Listed under this heading are all organizational units, both statutorily and administratively - created, which are an integral part of the agency. Most of these organizational units are either discussed in the accompanying text or are presented separately in a successive report.

PURPOSE: This is a brief expression of the agency's overall objective, purpose or mission. This section also outlines the primary responsibilities of the agency as specified by statute or expressed in other legal instruments which authorize the agency to perform certain functions or conduct certain activities. There is no attempt to state the full extent of the agency's powers and duties which are often interspersed throughout the law. One interesting aspect of the laws relating to the Executive Branch is that the statutes seldom confer powers of the State upon administrative units, but rather upon administrative officials. This is reflected in many reports where a department or agency created by statute is indicated as functioning solely through authority vested in its executive head. There are some reports, however, where this distinction is not noted.

ORGANIZATION: It is characteristic of the State Government to exist in an organizational flux as it is modified and altered by each successive Legislature and each Administration to meet contemporary needs for programs and services. This section offers some clarification of the past and present administrative position of each principal agency in the hierarchy of Maine State Government in an effort to minimize confusion caused by name-changing, establishment, abolishment, transfer and merger of agencies and their subdivisions. The organizational background is based upon that contained in the *Maine Revised Statutes Annotated*, as amended, and the *Public Laws of the State of Maine*.

PROGRAM: Although the identification, administration and organization of state agencies are significant to the purposes of this report, an account of their specific activities and accomplishments during the past fiscal year is fundamental.

At the departmental level, the program summary generally consists of a broad review of overall departmental activity, with details provided in the reports of component organizational units which follow. Several departments are unique in that they embrace a number of somewhat autonomous units under the general administrative direction of an executive head. In such instances, the department's program summary may be comprised solely of the reports of its component units.

LICENSES, PERMITS, ETC.: Many state agencies issue licenses, permits, registrations or certificates. This heading is an attempt to assemble such information in a broad-interest document.

PUBLICATIONS: This section provides an opportunity for an agency to make known additional information concerning its programs and products by listing its available publications.

FINANCES, FISCAL YEAR: Financial data relating to agency operations during the past fiscal year displays all agency expenditures by category and type of fund.

This data is generated from the Budget and Financial Management System (BFMS) supplemented by data not included in the State's accounting system or not carried in sufficient completeness as to present a useful picture. Examples of the latter are the University of Maine System and the Maine Maritime Academy. Data relating to enterprise-type accounts reflect only those expenditure elements which are included in the work program process.

Expenditures of the agency are indicated by fund and line category detail in general accordance with the State's accounting system. Some categories are split and some are combined in an effort to meet what is interpreted to be the intent of the Annual Report law.

The chief administrative unit of each department-type umbrella will have two financial displays: one which records the summary of all expenditures for the umbrella; and one for those expenditures relevant only to the operation of the chief administrative unit. Since BFMS deals with "rounded" whole-dollars, some small dollar differences will exist between this report and the Financial Report issued by the State Controller.

This Maine State Government Annual Report is the culmination of a joint effort to produce an understandable documentation of the structure and operations of Maine State Government during a particular year in its history. It has been an attempt to create a factual, objective and definitive reference of permanent value in a manner, hopefully, in keeping with the spirit and the intent of the law and in the interests of promoting greater comprehension of the workings of the State Government and its responsibility and responsiveness to the public it serves. How closely this report achieves these objectives is left to the judgment of those who will use it.

PURPOSE:

The Department of Administrative and Financial Services (DAFS) serves the public and delivers core services to state government. These services include the collection of most state revenues and the oversight of certain centralized functions. Tax, liquor, and lottery revenues, which support activities across state government, flow through DAFS and into the General Fund. In addition, DAFS sets policy for and oversees the fiscal, human resource, technological, and facilities needs of state government.

ORGANIZATION:

DAFS is led by the Commissioner and two Deputy Commissioners, one overseeing financial matters and the other overseeing operations. DAFS is comprised of the units listed at the top of this section. Information on each of these individual units can be found in the following pages.

PROGRAM:

The Department's goals, objectives, and operational activities are reflected in the reports of the different component units listed on the following pages.

PURPOSE:

The Office of the State Controller maintains accounting policy and records according to Government Accounting Standards Board (GASB) rules. The powers and duties of the Office are detailed in Title 5, section 1541 of the Maine Revised Statutes.

ORGANIZATION:

The Bureau of Accounts and Control was created in 1931 as an organizational unit of the Department of Administrative and Financial Services. The Bureau was renamed to be the Office of the State Controller during the second special session of the 121st Legislature. The Office is under the direction of the State Controller who is appointed for an indefinite period by the Commissioner of Administrative and Financial Services, subject to the approval of the Governor. The Office has five divisions: Accounting, ERP Business Systems, Payroll, Financial Reporting and Internal Audit. The Office has authority for 28 positions.

PROGRAM:

The Office is responsible for maintaining and reporting all state financial

transactions. Staff analyze fiscal transactions and payrolls to ensure legality and correctness. In addition, the Office of the State Controller provides internal audit support for the agencies that comprise state government. Official financial records for all state agencies and programs are administered by the Office staff. The Office's Financial Reporting Unit prepares and publishes the State's Comprehensive Annual Financial Report (CAFR), based on Generally Accepted Accounting Principles (GAAP). The CAFR for fiscal year 2015 received the Certificate of Excellence in Financial Reporting for the ninth straight year. Several state-wide systems are managed within the Office. The Advantage System includes fund accounting, budget and appropriation control, general ledger and financial reporting, accounts payable, accounts receivable, cost accounting, fixed assets management, procurement management and vendor management. A data warehouse for all production systems is provided for statewide budget, accounting, human resources and payroll data. Queries to the warehouses can provide ad hoc or regular management reports, valuable data sorts, or specific data required in the course of completing fiscal work. The accounting production system is used to process more than 1.5 million disbursements and more than 3 million financial transactions annually. All payment transactions above \$5,000 are reviewed and approved by Office staff. The Human Resource production system keeps current personnel, payroll and position control information. This system issues more than 338 thousand payroll payments annually, approximately 99% via direct deposit (electronic) and the balance via paper checks. The Office's Payroll Unit audits agency payroll input and initiates statewide payroll weekly. Other system functionality key to the work of the Payroll Unit includes tax withholding data and W-2 production. In addition, the Maine State Time and Attendance System is used by more than 9,700 employees to record and track work and leave hours. The Office generates approximately \$16-20 million annually in General Fund revenue through the Statewide Cost Allocation Plan. STACAP is the allocation of certain central services costs to other funds/accounts. The Controller's Office, Bureau of Budget, Bureau of Human Resources and Bureau of General Services are examples of central service costs that are paid for by the General Fund and then recovered through STACAP to ensure other funds pay their fair share of costs.

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

PURPOSE:

The purpose of the Bureau of Alcoholic Beverages and Lottery Operations is to provide for the pricing, listing and delisting of spirits; oversight of liquor licensing and information; and the creation, distribution, and sales of Maine State Lottery and Tri-State Lotto Commission Lottery games. The Bureau is authorized, through its Director, as the Chief Administrative Officer of the State Liquor and Lottery Commission, to have general charge of the office and records; employ personnel and make expenditures as necessary; and to conduct, with the guidance of the Commission, the administration of laws relating to the sale of spirits at agency liquor stores. The Bureau is responsible for the distribution and the sale of lottery products through licensed Lottery agents. The Bureau is responsible for the oversight of liquor licensing and enforcement.

ORGANIZATION:

The State's regulation of liquor originated in 1862 with the establishment of a Commission to Regulate Sale of Intoxicating Liquors and to have control of liquors kept and sold for medicinal and manufacturing purposes. In 1987 the Commission was increased to five members. A State Lottery was approved by public referendum in November 1973 for the purpose of generating additional revenues for the State's General Fund. The first State Lottery Commission was appointed in January 1974. In 1992, the Maine State Lottery and the Bureau of Alcoholic Beverages were combined to become The Bureau of Alcoholic Beverages and Lottery Operations. The Bureau is managed by the Bureau's Director with the guidance of the State Liquor and Lottery Commission and oversight by the Commissioner of Administrative and Financial Services.

PROGRAM:

The Bureau continues to meet its goal of transferring the maximum profit to the General Fund for both the spirits and lottery businesses of the State, as well as revenue generated from the collection of excise tax on malt and wine, and the licensing of distribution and sale of alcoholic beverages. For the Lottery business, the Bureau continues to investigate and implement new and innovative lottery games that are fun and entertaining for our players, and to provide our retail agent partners with guidance on the best ways to maximize the sale of lottery games. For the spirits business, the Bureau continues to work with the beverage alcohol industry to improve Maine's portfolio of product listings, and to provide guidance to our agency store partners on merchandising and product selection, and is overseeing the warehouse and distribution process, which is managed by Pine State Spirits Company. In addition the Bureau guides and interfaces with Pine State Spirits Company on all trade marketing matters, as they manage this process. With the addition of licensing and enforcement of all beverage alcohol, the Bureau is automating many paper driven processes to maximize its service to the regulated industry.

LICENSES:

Liquor Licensing under Title 28-A
 Lottery Retail Agents Licensing under Title 8, Chapters 14-A and 16

PURPOSE:

The Bureau of the Budget is authorized to prepare and submit, biennially to the Governor or the Governor-elect, a State budget document; to examine and recommend for approval the work program and quarterly allotments of each department and agency of State Government before the appropriations or other funds of such departments and agencies become available for expenditure; to examine and recommend for approval any changes in these work programs and quarterly allotments during the fiscal year; to constantly review the administrative activities of the departments and agencies of the State, study organization and administration, investigate duplication of work, formulate plans for better and more efficient management, and report periodically to the Governor and on request to the Legislature; and to make rules and regulations, subject to the approval of the Commissioner of Administrative and Financial Services, for carrying out State budget laws.

ORGANIZATION:

The Bureau of the Budget is an organizational unit of the Department of Administrative & Financial Services under the direction of the State Budget Officer who is appointed by the Commissioner of Administrative and Financial Services.

PROGRAM:

Activities of the Bureau primarily involve the State's budgetary process. On or before September 1st of even-numbered years, all entities of State Government and corporations and associations desiring to receive State funds under provision of law, submit to the Bureau their expenditure and appropriation requirements for each fiscal year of the upcoming biennium. The Bureau prepares the State Budget Document which is composed of the following parts: (1) the budget message by the Governor or Governor-elect which outlines financial policy; and (2) detailed estimates of expenditures and revenues, including statements of the State's bond indebtedness.

After legislative appropriation, the Bureau reviews and considers requested allotments by quarter with respect to the work program of each entity of State government. Work programs are required to be submitted to the Bureau no later than June 1st of each year. Work programs may be revised during the fiscal year, subject to the approval of the State Budget Officer and the Governor.

The Bureau also produces the Maine State Government Annual Report, prepares budget forecasts for financial planning and analyses and prepares General Fund and Highway Fund revenue forecasts through consensus forecasting pursuant to Title 5, chapter 151-B.

PURPOSE:

Central Fleet Management was established to centrally procure, distribute, provide detailed usage and cost analysis, and dispose of passenger and light truck vehicles for most agencies of State Government.

ORGANIZATION:

The Division operates within the Bureau of General Services.

PROGRAM:

The lease line provides over 2,000 passenger and light truck vehicles to using agencies across State Government. Maintenance and repair is accomplished through a centralized Central Fleet Management service garage, other State maintenance facilities, contracted service providers and private maintenance facilities.

The rental line provides daily vehicle needs to all of State Government. Agencies can request various regular and special purpose vehicles on a daily, weekly or monthly basis, allowing the optimum use of all State vehicles throughout the year.

Central Fleet Management works with all using agencies to assure they have the most fuel efficient, cost effective, appropriate type and number of vehicles in their fleet. Fuel efficiency is part of the life cycle costing for all new vehicles purchased.

PURPOSE:

The State Claims Commission was established to ensure that the rights of property owners and/or interested parties are protected and just compensation is awarded in highway condemnations in real property taken by the State; to afford property owners and/or interested parties the opportunity to appear, present their case and have their rights fully protected without the necessity of retaining professional assistance; to determine and award just compensation for highway takings, relocation assistance, grading and well damage claims, outdoor advertising signs, the relocation removal or disposal of automobile graveyards and junkyards, assessment of damages for takings by the Portland Water District and by the Maine Turnpike Authority, and to make rules and regulations and prescribe forms to secure speedy, efficient and inexpensive disposition of all condemnation proceedings; and, in addition thereto, to approve, partially approve, or disapprove certain claims against the State or any of its agents.

ORGANIZATION:

The State Claims Commission consists of five members, four of whom are appointed by the Governor for terms of four years. Two of these appointees must be qualified appraisers and two must be attorneys at law. The Governor designates one of the latter as Chairman. The fifth member of the Commission is appointed for each hearing or series of hearings within the county where the land taken lies. He or she must be a member of that County's Board of County Commissioners, and is appointed by the chairperson of the State Claims Commission upon recommendation by the board of county commissioners, such service being as a member of the State Claims Commission and not in the capacity of County Commissioner. Hearings are conducted by one of the attorney members, one of the appraiser members, and the county commissioner from the county in which the real estate or other interest taken by eminent domain is located.

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

PURPOSE:

The State Employee Health Commission was established to serve as trustee of the State Employee Health Insurance Program, including health and dental insurance, and to advise the Executive Director and the Director of the Bureau of Human Resources on issues related to employee health and wellness, and the employee assistance program (EAP).

ORGANIZATION:

Membership of the Commission consists of twenty-four (24) labor and management representatives:

One labor member from each bargaining unit recognized under Title 26, Chapter 9-B, appointed by the employee organization certified to represent the unit; one labor member from the largest bargaining unit recognized under Title 26, Chapter 14, appointed by the employee organization authorized to represent the unit; one labor member appointed by the retiree chapters of the Maine State Employees Association; one member appointed by the Maine Association of Retirees; one labor member from the Maine Turnpike Authority employees appointed by the employee organizations authorized to represent the employees; one labor member from the Maine Community College System faculty or administrative unit; one labor member from the Maine Public Employees Retirement System employees appointed by the employee organization authorized to represent the employees; and one labor member from the Maine Maritime Academy employees appointed by the organization authorized to represent the employees.

Four management members appointed by the Commissioner of the Department of Administrative and Financial Services; one management member appointed by the Court Administrator; one management member from the Maine Community College System appointed by the President; one management member appointed by the Executive Director of the Maine Public Employees Retirement; one management member appointed by the President of the Maine Maritime Academy; and the Executive Director of Employee Health & Benefits, ex officio.

PROGRAM:

The Commission entered into three contracts with Aetna to provide health insurance benefits to active and retired members of the State's group health plans. An Administrative Services contract effective July 1, 2012 and modified July 1, 2016 provides a point-of-service (POS) managed care plan for active employees and non-Medicare eligible retirees. A Medicare Advantage Private Fee-for-Service (PFFS) plan, insured by Aetna, provides coverage for Medicare eligible retirees. A stop-loss insurance policy, effective each July 1, protects the Plan against claims in excess of \$500,000. Group health plans provide health care benefits for approximately 38,000. In 2016 Northeast Dental won the dental bid and a new contract was written through FY 2019. The Commission adopted the strategy of value-based purchasing to improve the quality of healthcare services provided to its members. In conjunction with this strategy the Commission is a founding member of the Maine Health Management Coalition (MHMC), a group of employers, providers, and health plans committed to improving the value of healthcare provided to Maine citizens. Through the MHMC, the Commission attempts to introduce a pay for performance strategy to encourage consumers to make informed, prudent decisions about healthcare; to provide incentives for plan members to seek care from high quality providers; and to reward providers who demonstrate superior performance. As part of this strategy, the Commission introduced a tiered hospital benefit effective July 1, 2006. All Maine hospitals are considered according to selected patient safety, satisfaction, and clinical quality measures and cost. Members are incentivized through more favorable deductible and co-insurance levels to seek care from preferred hospitals. The objective is to engage members in seeking efficient, high quality healthcare and to encourage providers to publicly disclose their performance. Effective July 1, 2007, the Commission introduced a tiered benefit for primary care physicians (PCPs). Primary care practices are ranked according to clinical office systems and the outcomes of treatment for patients with selected chronic illnesses. Office visit co-pays are reduced for members who receive care from preferred primary care practices. Effective October 1, 2009, statutory changes were introduced to the employer contribution for individual premiums. Effective July 1, 2010, the employer contributions to individual health premiums were reduced. The Commission was charged with implementing a health credit program that enables employees to restore a portion of the employer contribution for completing wellness initiatives identified by the Commission. In 2012, more than 9,000

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

employees were eligible for the health credit by completing a health risk assessment. In 2013, the health credit program was expanded to include participation of adult dependents of employee subscribers. In 2014, the program was expanded to include additional criteria for enrollment with a primary care practice. In 2015, criteria were advanced to encourage engagement of plan subscribers with their primary care provider and WellStarMe.com was established to guide members to beneficial services in their own communities. The Commission furthered its value-based purchasing strategy by executing Accountable Care contracts with health networks.

PURPOSE:

General Services was established to provide one centralized bureau to manage and oversee the state's procurement process; provide insurance advice and services for all agencies; supervise, control and maintain land and buildings in the State Capitol Complex and greater Augusta area; manage and record the leasing of all grounds, buildings, facilities and office space required by all departments and agencies of state government; record, manage, and remediate asbestos and other hazardous materials in state-owned and leased buildings and advise public schools on matters pertaining to hazardous materials; maintain a central fleet of vehicles for use by government agencies; provide central services including postal and surplus property; and plan and oversee the construction of public improvements, including schools. The Bureau is authorized to plan and develop long-range public improvement programs and to make recommendations to the Governor and the Legislature regarding such programs. It advises on and approves engineering and architectural services, proposals, plans, specifications and contracts for public improvements to state facilities and public school construction.

ORGANIZATION:

The Bureau of General Services consists of seven major divisions: Planning, Design & Construction; Property Management (including Operations and Maintenance and Custodial Services); Purchases (including Procurement and State Purchases Review Committee); Central Fleet Management; Central Services (including Postal Operations and Surplus Property); Risk Management; and Leased Space. The organization also participates on the State House and Capitol Park Commission, the Capitol Planning Commission, the Blaine House Commission and the Capitol Riverfront Improvement District

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

PROGRAM:

The Planning, Design & Construction Division staff oversees public improvements at approximately 2,000 state buildings and state-funded school projects and prepares the biennial capital and repair budgets for all state agencies. Property Management has responsibility for operations and maintenance, including housekeeping services, of over 40 buildings in the various Capitol Complexes (East and West Campuses), the Maine Criminal Justice Academy and other buildings in the Greater Augusta area.

The Division of Purchases is responsible for procurement of goods and services for State Government. Central Fleet Management and Central Services manage not only the State fleet, but also Postal Services, State Surplus property and Federal Surplus property. The Risk Management Division provides insurance advice and services to the state government and administers all state insurance and self-funded plans and programs. The Leased Space Division locates State agencies either in state facilities or in privately leased facilities throughout the State.

PURPOSE:

The Bureau of Human Resources was created to: 1) establish within State Government a high concern for state employees as people; 2) provide managers with the skills and knowledge needed to manage people effectively with particular emphasis on "people soundness;" 3) establish a civil service system that provides State Government with highly qualified and motivated employees; 4) encourage state employees to realize their potential and thereby increase the quality of service; 5) establish itself as a service agency to assist other agencies and departments of State Government to perform their duties in an efficient and quality manner; 6) preserve the integrity of the civil service system; 7) establish a civil service system with sufficient flexibility to adopt new technologies, procedures and policies in order to respond quickly and effectively to the needs of state agencies and employees; and, 8) promote effective labor relations.

The Bureau of Human Resources is responsible for centralized administration of the State's Civil Service System, the State's employee health and benefit programs, the State's development and training programs, the State's equal

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

employment opportunity programs, and the State's labor relations responsibilities. The mission of the Bureau is to adopt, amend, and enforce Civil Service Law and Rules to ensure that positions essentially alike in duties and responsibilities are treated alike in pay and other civil service processes; to ensure that applicants for State positions are afforded fair and equal opportunity to obtain employment on the basis of merit and fitness; and through these merit programs and employee development and training programs, to promote effective services and economy for the conduct of State business.

In addition, the Bureau also develops and executes labor relations policies consistent with the overall objectives of the Governor; conducts negotiations with certified bargaining agents under applicable statutes; administers and interprets collective bargaining agreements; represents the State in all bargaining unit determinations, elections, prohibited practice complaints and other related legal proceedings; and administers the State EEO/AA Program, the ADA, the USERRA and other civil rights related law and programs. The Bureau also is responsible for administering employee benefits including health and dental insurances and the deferred compensation program, Workers Compensation Program, and Wellness and Safety initiatives.

ORGANIZATION:

In 1937, the State of Maine enacted legislation to parallel Federal Civil Service Law. A three-member State Personnel Board and a Bureau of Personnel within the then Department of Finance were established to administer this new law. The Bureau was headed by a Director of Personnel who was appointed by the Governor and the Board to serve at the pleasure of the Board. In 1941, the Bureau was made an independent State agency referred to as the Office of Personnel. In 1953, the State Personnel Board was enlarged by adding a member selected by the Maine State Employees' Association and a member selected from department heads. In 1975, these two special memberships were deleted and the State Personnel Board returned to an all-public body. In 1976, the State Civil Service System experienced its first major change. The Office of Personnel was made a Cabinet-level department, headed by a Commissioner appointed to serve at the pleasure of the Governor. The Commissioner was given the authority formerly vested in the State Personnel Board and the State Personnel Board was redefined as an advisory and appellat body. In January 1981, the Governor placed the Office of Employee Relations under the Commissioner of Personnel and a Director of Employee Relations was appointed by the Commissioner to manage labor relations and collective bargaining activities. In 1986, the legislature significantly altered the mission and purpose of the Department of Personnel and provided a year of transition for the Department to become the Bureau of Human Resources within the newly established Department of Administration. The State Personnel Board was discontinued and replaced by the State Civil Service Appeals Board, and an advisory Policy Review Board comprised of the leadership of the larger State departments was established. The Office of Employee Relations was established as a separate Bureau, and the former training division of the Office of Employee Relations was placed under the Bureau of Human Resources. In July 1991, the State Employee Health Insurance, Workers' Compensation, and State Employee Health and Wellness programs were placed under the Bureau of Human Resources. In July 2008, the Bureau of Employee Relations became the Office of Employee Relations and was returned to the Bureau of Human Resources. In 2010, the Office of Training and Organizational Development was disbanded. In 2012, the Bureau created a Programs Unit that provides leadership training, online training, organizational development protocols and other models for statewide organizational development.

PROGRAM:

The Merit Systems Division provides job classification audits for both employee and management initiated requests, assists agencies with reorganization efforts, and represents the Bureau at job classification arbitrations. Our recruitment services include on-line advertising, an automated application, and computer generated employment registers. Employment/Career Counseling services are provided to State employees who have experienced lay-off or displacement. The Merit Systems Division is also responsible for the management of personnel records.

The Division of Employee Health and Benefits provides centralized administration of the State's health, dental, direct reimbursement, voluntary long term care insurance, vision care, and deferred compensation programs. This includes the coordination of payroll deductions, health and dental eligibility determinations

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

and benefits communications.

The Workers' Compensation Division provides direction and technical assistance in the administration of workers' compensation claims. The Employee Assistance Program guides and assists participating employees, family members and retirees with financial, family, substance abuse and other personal problems. The Division also administers wellness programs.

The Human Resources Programs Division administers the Employee Suggestion Award Program and Statewide Employee Recognition events. It develops workforce planning protocols, recruitment initiatives, and succession planning models; provides organizational development consulting services to agencies; and delivers Leadership Institute and other programs to enhance managers' skills.

The Office of Employee Relations negotiates and administers collective bargaining agreements by providing advice and counsel to managers and human resource personnel, by conducting grievance hearings, and by representing all State agencies in grievance arbitrations. In addition, the Office represents State agencies before the Maine Labor Relations Board in unit clarification and unfair labor practice proceedings, and it trains new supervisors and managers in the principles of discipline and other contract administration issues.

The Office of the State Equal Employment Opportunity Coordinator has statutory responsibility to ensure statewide compliance with all federal and state regulations governing equal employment opportunity. It provides direction and support in all areas related to EEO as well as in the conduct of personnel investigations.

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

PURPOSE:

The Office of the Information Technology (OIT) is responsible for the delivery of safe, secure, and high-performing networks and systems to state agencies for daily performance of their missions for the citizens of Maine.

ORGANIZATION:

OIT is led by the Chief Information Officer, and is organized with the following units: Applications; Core Technology; Project Management; Architecture, Security & Policy; Technology Business Consultation; Vendor Management; and, Business Continuity/Disaster Recovery.

PROGRAM:

The Office of Information Technology was established in 2005 as an agency with an enterprise focus on the delivery of information technology to the Executive Branch agencies and on coordination and support of other State and local government entities. This includes responsibilities for information technology leadership, planning, procurement and contract management, resource management, and risk management (cyber security, disaster recovery).

Within OIT, the Core Technology unit is responsible for the State's wide area network, voice and wireless services, as well as radio operations. This unit is also responsible for Windows and Unix support, database management, desktop computing, and IT customer support for all Executive Branch agencies. The Applications unit oversees the maintenance and development of systems used by state agencies. In addition, the InforME Board, also included in this annual report, and the ConnectME Authority, whose mission is to expand broadband internet access across the State, are both supported by OIT.

FINANCES, FISCAL YEAR 2016: The expenditure information for this unit was generated from the Budget and Financial Management System (BFMS).

531-538).

ORGANIZATION:

The InforME Board, consists of 15 voting members and 2 nonvoting, advisory members as follows:

The Secretary of State or the Secretary of State's designee; Three members who are chief executive officers of agencies of the executive branch that are major data custodians, who are appointed by the Governor and who serve at the pleasure of the Governor, or their designees; a representative of the University of Maine System, appointed by the chancellor; a representative of a statewide association of municipalities, appointed by the Governor from nominations made by the association's governing body; a representative of a nonprofit or user organizations advancing citizens' rights of access to information, appointed by the Governor; and a representative of a statewide association of public librarians, appointed by the Governor from nominations made by the association's governing body. Two members from user associations of a statewide character appointed by the Governor; the Commissioner of Administrative and Financial Services or the commissioner's designee; the State Librarian or the State Librarian's designee; two public members, one appointed by the President of the Senate and one appointed by the Speaker of the House of Representatives; a representative of the membership or staff of the Judicial Department, appointed by the Chief Justice of the Supreme Judicial Court, who serves as a nonvoting member; the chief executive officer or designee of the private entity under contract as the network manager who serves as a nonvoting member; and the Chief Information Officer of the Department of Administrative and Financial Services or the Chief Information Officer's designee. Currently, the Chief Information Officer of the Department of Administrative and Financial Service serves as chair.

PROGRAM:

InforME continues to identify and offer online services and information to citizens and business through the Maine.gov website and has been recognized as one of the top ten state websites for 12 of the past 13 years. In 2013, Maine was ranked 5th among state websites.

Additionally, Maine.gov was awarded a Sunny Award by the Sunshine Review for being one of the most transparent government websites in the country. The Sunny Awards honored less than 1% of the 5,000 government websites analyzed in 2011.

The InforME Board provides direction to the InforME portal manager, Maine Information Network. InforME provides universal continuous access to accurate, current web-based electronic public information that may be searched to suit the user's own purposes. Services include, at a minimum: providing standardized access to customized databases and data custodians' databases; providing links to other information sources; conducting electronic business and payment transactions; assisting state agencies in electronically disseminating public information in their custody; and constantly improving access to and the utility of the public information available through InforME. InforME explores and, where appropriate, implements ways to: A. Expand the amount and kind of public information available free of charge; B. Increase the utility of the public information provided and the form in which it is provided; C. Expand the base of users who access the public information; and D. Improve individual and business access to public information through improvements in technology. InforME provides opportunities for individuals, businesses, and other entities to review public information for accuracy and to indicate to the data custodian when corrections may be appropriate; provides a mechanism for the authorized transfer of nonpublic information; promotes opportunities for interagency cooperation; and provides opportunities for innovative uses of public information.

Reference: Policy Area: 00 *Umbrella:* 18 *Unit:* 364 *Citation:* T0005 *M.R.S.A., Sect.:* 000000283A

PURPOSE:

The Commission was established to provide oversight for the controlled distribution and sale of liquor and lottery products so that it may effectively generate additional revenues for the support of the State government.

The Commission has the following powers and duties: control and supervision of the pricing, listing and delisting of spirits for sale to the public; promulgate and amend rules; make recommendations and set policies; and to transact other business that may be properly brought before it.

ORGANIZATION:

The State's regulation of liquor originated in 1862 with the establishment of a Commissioner to Regulate Sale on Intoxicating Liquors to have control of liquors kept and sold for medicinal and manufacturing purposes. In 1905, a Liquor Enforcement Commission was established to enforce the law against the manufacture and sale of intoxicating liquors. Both of these agencies were abolished in 1911. A State Liquor Licensing Board was created in 1933 consisting of three members appointed by the Governor, with the advice and consent of the Executive Council, for terms of three years, the chairman designated by the Governor. The Board was renamed the State Liquor Commission in legislation effective 1934 which outlined responsibilities with respect to the State control of liquor still basic to the Commission in conjunction with the present Bureau of Alcoholic Beverages. As of 1977 the members of the Commission are appointed by the Governor, subject to confirmation by the Legislature. In 1987, the Legislature raised the membership to five. In November 1973, a public referendum approved a State Lottery and the first State Lottery Commission was appointed in January 1974. In 1992, the Maine State Lottery and the Bureau of Alcoholic Beverages were combined to become the Bureau of Alcoholic Beverages and Lottery Operations. In July 1993, the Maine State Liquor and Lottery Commission were merged into a single, combined Commission of five (5) members.

PROGRAM:

The Commission provides oversight to the financial performance and operational activities of the Bureau of Alcoholic Beverages and Lottery Operations.

FINANCES, FISCAL YEAR 2016: The Bureau of the Budget does not maintain comprehensive fiscal data relative to this unit.

PURPOSE:

The Bureau of Revenue Services, also known as Maine Revenue Services (MRS) was established to collect revenues necessary to support Maine state government through the assessment of taxes, and to improve the administration of tax laws.

ORGANIZATION:

The State Tax Assessor oversees the administration of Maine's tax laws. There are nine divisions and units under the direction of the Assessor: Accounting; Income Tax; Sales, Fuel & Special Taxes; Property Tax; Compliance; Non-Filer; Quality Assurance and Revenue Processing; Criminal Investigation and the Office of General Counsel. The Associate Commissioner of Tax Policy oversees the Office of Tax Policy, which conducts legal and economic analysis. The State Taxpayer Advocate serves as a resource for Maine taxpayers who are dealing with state tax issues. The State Tax Assessor, Associate Commissioner of Tax Policy and the State Taxpayer Advocate are all appointed by the Commissioner of Administrative & Financial Services.

PROGRAM:

MRS assesses and collects all tax types. The Income Tax Division administers: income taxes (individual, corporate, and fiduciary), pass through entity reporting, withholding taxes, estate taxes, franchise taxes, insurance premium

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

taxes and reimbursements under the Employment Tax Increment Financing (ETIF) program. This division also administers various tax credit programs including the Educational Opportunity Tax Credit, Property Tax Fairness Credit, Child Care Credit and Pine Tree Development Zone Credit.

The Sales, Fuel and Special Tax Division administers the following taxes: sales, use, service provider, healthcare provider, hospital, gasoline, special fuel, cigarette, tobacco, potato, blueberry, quahog and railroad. It also administers: milk handling fees, recycling assistance fees, abandoned bottle deposits, prepaid wireless fees and motor vehicle oil premiums.

The Property Tax Division oversees municipal property tax administration including the assessment and collection of property and excise taxes for the unorganized territories. This division also administers: real estate transfer tax, commercial forestry excise tax, controlling interest transfer tax and telecommunications business equipment tax. This division is responsible for the annual determination of the amount of tax reimbursement to each town for the veteran, homestead and animal waste facility exemptions and the tree growth tax loss reimbursement. The division also oversees the Business Equipment Tax Exemption (BETE) and the Business Equipment Tax Reimbursement (BETR) programs.

The Quality Assurance and Revenue Processing Division provides: mail and tax return processing including the depositing of daily tax revenues, data entry services, and quality assurance testing. It also works closely with the Office of Information Technology (OIT) in order to operate, maintain, and develop MRS' computer network, automated systems, and electronic tax filing and payment application systems. This division also provides oversight for physical, personnel, and cyber security and is responsible for drafting and developing MRS policies.

The Accounting Unit prepares MRS' budget, creates and processes daily cash receipts, monitors expenditure activity and reports on variances, and performs the accounts payable function. This unit also provides GAAP related entries to the Office of the State Controller for the monthly and annual financial statement closings.

The Compliance Division collects all types of delinquent taxes through statutory means and MRS' third party collection agency. The Non-Filer Unit identifies and contacts non-filers who have an obligation to file a Maine state income tax return and assesses income tax if a return is not filed. The Criminal Investigation Unit performs criminal investigations and forwards completed cases to the Office of the Attorney General for prosecution. The Office of General Counsel reviews decisions on reconsideration requests, represents MRS in all aspects of proceedings before the Maine Board of Tax Appeals, and provides legal research and advisory services.

PURPOSE:

The Risk Management Division provides insurance advice to the state government and administers all State insurance and self-funded plans and programs, except for Workers' Compensation and employee benefits.

ORGANIZATION:

The Division exists under the Bureau of General Services. The staff consists of four insurance professionals and one clerical support person. The Division has existed in one form or another since the 1920's.

PROGRAM:

The Division provides insurance services and loss control services to state agencies. Insurance services include, but not limited to: property; general liability; ocean marine; bonding; vehicular liability; cyber security and, police professional liability. Insurance rates are based on the cost of commercial insurance, where applicable, plus the projected cost of self-insured claims based on actuarial studies of past claims.

In addition, the Division annually reviews the entire subject of insurance as it applies to State property and activities; develops and maintains accurate records of all insured buildings and contents, State-owned vehicles, aircraft, ocean marine equipment and other pertinent information so as to properly apply insurance coverage; recommends to the Commissioner of Administrative and Financial Services such insurance as deemed necessary or desirable for the protection of all State property and activities; recommends a limit of self-insurance on State-owned buildings, contents, furniture, fixtures, and activities consistent with adequate capitalization and administration of the Self-Insurance Fund; and provides insurance coverage for unusual or unique situations and conditions, as deemed necessary.

PURPOSE:

The Department of Agriculture, Conservation and Forestry is a key partner to the many citizens of the State of Maine who are involved with Maine's land based natural resources. To grow Maine's natural resource agricultural, forestry and outdoor recreation based economy, the Department of Agriculture, Conservation and Forestry: increases public awareness of the value of natural resources; provides factual support for sustainable use of the scenic, mineral, coastal and fresh water resources of the State; maximizes public access while maintaining the natural character of Maine's public lands, state parks, and historic sites; participates in land use planning that recognizes the greatest public value and also supports agricultural, recreational, forest production, mining and other public resource uses; protects the public's health and well-being from the consumption of harmful or unsanitary products and food preparation practices; documents the growth and harvest of the state timber resource and leads the efforts that protect Maine forests from fire, theft, and insects; coordinates land use planning in unorganized territories; detects, prevents and eradicates plant and animal diseases and insects/pests; develops, compiles and disseminates scientific and practical knowledge and provides ongoing database information and mapping of natural resources; and conserves and improves the productivity of the soils.

ORGANIZATION:

The Department of Agriculture, Conservation and Forestry was created in 2012 by combining the former Department of Agriculture, Food and Rural Resources, Department of Conservation and many functions of the State Planning Office. In addition to the Office of the Commissioner, the Department consists of four bureaus: Agriculture, Food and Rural Resources; Forestry; Parks and Lands; and Resource Information and Land Use Planning.

PROGRAM:

Department of Agriculture, Conservation and Forestry's operational activities, goals, objectives and plans are reflected in the reports of the individual bureaus, divisions and programs.

LICENSES:

PURPOSE:

The Bureau has the primary responsibility for: animal and plant health; farm and consumer quality assurance; agricultural product marketing; and partnerships that promote rural educational events. The Bureau is also charged with developing the public understanding of Maine agriculture's importance to the State's economy, the vitality of rural communities and Maine's quality of life.

ORGANIZATION:

The Bureau of Agriculture, Food and Rural Resources includes the Division of Agricultural Resource Development, Division of Quality Assurance and Regulation, and Division of Animal and Plant Health. The Bureau Director is assisted by directors and program managers in each division in addition to staffing associated with the Harness Racing Commission, Maine Milk Commission, and Board of Pesticides Control.

PROGRAM:

1.) Agricultural Resource Development enhances and expands Maine's agricultural product markets, and offers technical assistance in financing, environmental regulations, land conservation, marketing, and agricultural fairs. Market

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

Development and Promotion provides marketing support to Maine food and fiber producers, food processors, agricultural associations and wholesale and retail buyers; and advises growers regarding new domestic and international opportunities, management systems, and production facilities. The program also supports direct market farmers, farm to school coordination, and agriculture in the classroom coordination. Staff manages grant and loan programs including the Agricultural Marketing Loan Fund, Agricultural Development Grant, Specialty Crop Block Grant, and the Maine Farms for the Future Grant programs. Staff also supports with agricultural marketing and resource programs including Maine Farmland Protection, Farmland Property Tax, Farmland Registration, beginning and veteran farmer support, Senior Farm share, The Emergency Food Assistance Program (which includes USDA Commodities), Commodities Supplemental Food Program, and Hunters for the Hungry.

2.) Quality Assurance and Regulation, Consumer Protection program protects the public by performing inspection and licensing activities ensuring that foods are packaged, processed, prepared, stored and sold in sanitary and safe environments in cooperation with the Department of Health & Human Services. The Weights and Measures Program maintains standards of commercial commerce transactions. The Metrologist is responsible for matching State standards to the standards of the National Institute of Standards and Technology. Quality Assurance Inspection provides the agricultural industries with a uniform grading service for agricultural products. The inspection program also operates fruit and vegetable, shell egg, meat and poultry inspection, and GAP (Good Agricultural Practices)/GHP (Good Handling Practices) audit/certification programs under cooperative agreements with USDA. All consumer size packages of potatoes receive a mandatory quality inspection prior to shipment. Milk quality is monitored in our USDA-accredited lab.

3.) Animal and Plant Health prevents introduction and spread of poultry, livestock, and plant disease. The State Apiarist is responsible for licensing, managing education and training, and inspection for beekeepers and hives. The Division is responsible for programs pertaining to human health as it is associated with the spread of contagious, infectious, and parasitic diseases derived from poultry, livestock, and plant species. A major activity of the division is the certification of seed potatoes. Division programs also include oversight and licensing of livestock programs. The Animal Welfare Program ensures the humane and proper treatment and licensing of companion animals. The Division is responsible for planning, preparing and responding to all natural disasters that impact domestic animals and their owners. The Animal Welfare Program also certifies all animal control officers in the State.

Harness Racing Commission, Maine Milk Commission, Pull Events Commission and Board of Pesticides Control are listed separately in the annual report.

PURPOSE:

The Maine Agricultural Marketing and Bargaining Act authorizes producers of agricultural products to form organizations for the purposes of bargaining with handlers of those products with respect to price and other terms and conditions of their sale. The Act provides for the certification of those producer organizations which meet the statutory criteria for qualification and requires qualified associations and handlers to bargain in good faith. When an association and a handler cannot reach agreement, the statute provides for binding final offer arbitration.

ORGANIZATION:

The Maine Agricultural Bargaining Board consists of 5 members and 2 alternates, who shall be appointed by the Governor. One member and one alternate shall be appointed from a list of names submitted by agricultural producer organizations. One member and one alternate shall be appointed from a list of names submitted by processors of agricultural products. In appointing these members and alternates, the Governor shall seek to represent as many different agricultural products as possible and a member and the alternate for that member may not be associated with the same agricultural product, unless suitable persons cannot otherwise be appointed. An alternate shall serve when, for any reason, the respective member is unable to serve. Three members shall be representatives of the public. A public member may not hold any interest or stock or securities in any producer, dealer, processor or other person whose activities are subject to the jurisdiction of the board.

PROGRAM:

Only one organization is certified, representing producers of potatoes used for processing.

PURPOSE:

The Bureau of Forestry was established to ensure the greatest benefits from the state's trees and forests for Maine's citizens.

The Bureau's responsibilities are to: promote sound forest management on Maine's forest lands to optimize the benefits from the forest; protect the forest resource from destructive elements including fire, insects, and diseases; provide

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

forest management advice and assistance; promote improved marketing and utilization of forest products, collect and maintain up-to-date data, including a forest inventory; promote sound forest policy; and administer the state's forest practices laws.

ORGANIZATION:

The Bureau is organized into 3 divisions: Forest Protection, Forest Policy and Management, and Forest Health and Monitoring. Each division is administered by a manager who oversees all division activities. Field operations are administered through regional supervisors.

PROGRAM:

The Director's office manages state forestry issues with the USDA Forest Service; is responsible for budget preparation and management; responds to legislative proposals; and is responsible for administration of federally funded cooperative assistance programs including fire, forest health, landowner assistance, and urban forestry.

The Forest Protection Division provides wildfire control, natural resource protection and incident management for disasters and emergencies. Wildfire control is accomplished through prevention, detection, readiness, suppression and investigation. Forest rangers provide technical assistance, information and training to firefighting and incident management agencies. Rangers enforce wildfire prevention, landowner protection (e.g. theft) and other forest protection laws.

The Forest Policy and Management Division promotes informed decisions about Maine's forests. Division staff provides technical assistance, information and education; provides outreach and enforcement services on timber harvesting laws; reports on the state of Maine's forests; provides assistance through workshops, demonstrations, presentations, and individual contact between District Foresters and landowners.

The Forest Health and Monitoring Division's objectives are to protect the state's forest, shade and ornamental tree resources from significant insect and disease damage and to provide pest management and damage prevention for homeowners, municipalities, and forest landowners. Responsibilities also include conducting a permanent inventory of Maine's forest resources on a 5-year annualized cycle.

Reference: Policy Area: 04 Umbrella: 01 Unit: 017 Citation: T0008 M.R.S.A., Sect.: 0000261-A

PURPOSE:

The State Harness Racing Commission was established to maintain integrity in pari-mutuel harness racing in the State of Maine and to ensure that pari-mutuel racing is conducted in the best interest of horsemen, affiliated associations and the general public. The primary responsibilities of the Commission are to make rules and regulations for holding, conducting and operating all harness horse races or meets for public exhibition and for the operation of horse race tracks; to assign dates for holding harness horse races or meets for public exhibition with pari-mutuel pools as will best serve the interests of the agricultural associations of Maine; to license off-track betting facilities in Maine; and to oversee the enforcement of the Commission's Rules and Regulations and the statutes governing horse racing in Maine.

ORGANIZATION:

The Commission consists of five members appointed by the Governor. One member must be a member of the general public with no industry affiliation. One member must be affiliated with an agricultural society that conducts an annual agricultural fair. The remaining three members must be persons with knowledge of harness racing. The Governor shall appoint one of the five commission members as Chair. The Commissioner of Agriculture, Conservation and Forestry or his designee serves ex officio as secretary to the Commission, but is not a voting member.

PROGRAM:

The Commission: grants track licenses to operate day or night harness racing; licenses off-track betting facilities to operate and accept pari-mutuel wagers; licenses or registers participants in harness horse racing, pari-mutuel employees and race officials, and charges a fee; regulates, supervises and checks the making of pari-mutuel pools and their distribution; establishes a schedule of fines and adopts a schedule of suspensions; and encourages and promotes the breeding of Maine Standardbred horses.

Drug testing programs are used on a continuing basis in an effort to eliminate drug use on racehorses within the State.

PURPOSE:

The State Horticulturist assists the Director, Division of Animal and Plant Health, in the implementation of plant, insect and disease laws and quarantines, and the certification of plant materials involved in interstate and international movement.

ORGANIZATION:

The State Horticulturist is under the Division of Animal and Plant Health.

PROGRAM:

Major responsibilities of this unit include nursery, greenhouse and plant dealer inspections; licensing of plant sales outlets and providing assistance to industry and the general public on horticulture issues; managing the arborist licensing program; managing the industrial hemp licensing program; the Integrated Pest Management program (IPM) and the Cooperative Agricultural Pest Survey program (CAPS).

Businesses selling rooted plant material are licensed and inspected for a variety of plant pests focusing on pests that are either not found in the state, are new to the state or of limited distribution and pests that have the potential to impact the health of economically important crops.

This office, with help from the seed potato certification program, inspects and certifies plant material and issues phytosanitary certificates to assist growers in marketing products to other countries. The majority of these certificates are issued for seed, nursery crops, seed potatoes, feed barley, and wheat.

This office also licenses arborists to work on shade and ornamental trees in the state. Candidates must pass a written examination to be eligible for licensing.

Starting in 2016, the office began licensing industrial hemp growers. Growers must plant certified seed and their crops must be inspected before harvest so samples can be taken and analyzed for THC content. They are only permitted to

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

harvest and sell the crop if the THC content is below 0.3%.

Division staff also survey for several exotic pests of importance to Maine's agriculture and forest industries through the federally-funded CAPS program. In cooperation with others including the Bureau of Forestry and the University of Maine Cooperative Extension, plant commodity surveys and emergency pest surveys were conducted looking for exotic and regulatory-significant pests.

The IPM program leads initiatives to develop and promote guidelines, resources and education to minimize reliance on pesticides and safeguard health. The IPM entomologist coordinates activities for the eleven member Maine IPM Council. The IPM program provides technical guidance and outreach to schools, government agencies, institutions, businesses and citizens.

LAND FOR MAINE'S FUTURE BOARD

SARAH DEMERS, DIRECTOR

Central Office: MARQUARDT BLDG, 32 BLOSSOM LN, AUGUSTA, ME 04330

Mail Address: 28 STATE HOUSE STATION, AUGUSTA, ME 04333-0028 *FAX:*

Established: 1987

Telephone: (207) 287-7576

Reference: Policy Area: 04 *Umbrella:* 01 *Unit:* 683 *Citation:* T0005 *M.R.S.A., Sect.:* 000006202

PURPOSE:

The Land for Maine's Future (LMF) program is a publicly funded vehicle for land easements and fee acquisitions of lands for public use and benefit. The LMF Program promotes working landscapes which are part of Maine's rural economy. The LMF farmland preservation projects support farmer and community efforts to keep land in agricultural production. Working forest easements are part of Maine's wood supply for the forest products industries and provide access for recreational use. The working waterfront access protection program makes key points of access along Maine's coast available to the commercial fisheries industry. The LMF Program also prioritizes high value wildlife and fisheries habitat, key access points to Maine waters and ensures that land is available for traditional recreational activities.

Since the creation of the program, over 570,000 acres have been acquired which includes about 332,000 acres of working lands reflecting LMF's efforts to conserve the working landscape and keep lands in private ownership with permanent land conservation agreements.

ORGANIZATION:

The Board manages the Land for Maine's Future Fund, the Public Access to Maine Waters Fund and jointly administers the Working Waterfront Access Protection Program with the Department of Marine Resources. The board consists of nine members: six are private citizens appointed by the Governor, and the remaining three are the Commissioners of the Departments of Agriculture, Conservation and Forestry (DACF), Inland Fisheries and Wildlife, and Marine Resources. The Governor appoints the board's chairperson. The program director, technical staff

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

and clerical support are in the Bureau of Resource Information and Land Use Planning.

PROGRAM:

The Board is responsible for reviewing funding requests for land protection projects and authorizing distribution of bond proceeds to priority projects. Funding is drawn from the sale of bonds approved by voters. The LMF bond funds are matched with additional funds at a ratio of at least \$1 in matching funds for every \$1 of public funds expended.

The Board has established a process for the public to nominate lands and a scoring system to evaluate proposals. There are four proposal categories: 1) Conservation and Recreation Lands; 2) Farmlands; 3) Working Waterfronts; and 4) Water Access Lands.

Average Counts-All Positions: 55.000

Legislative Count: 55.00

PURPOSE:

The Bureau of Resource Information and Land Use Planning mission centers on providing science for resource management and land use planning.

ORGANIZATION:

The Bureau has seven programs: Geological Survey, Natural Areas Program, Coastal Program, Municipal Planning Assistance, Land Use Planning Commission, Floodplain Management, and Land for Maine's Future.

PROGRAM:

1) Maine Geological Survey: Geologic Mapping provides interpretation of surficial materials, rock types and structures, and the identification of aquifers, minerals and geologic hazards such as earthquakes. Hydrogeology assesses groundwater supply, aquifer delineation and groundwater quality. Marine Geology conducts studies of shoreline stability, landslides, storm surges, sea-level rise, beach nourishment, and dredged material disposal sites.

2) With landowner permission, the Maine Natural Areas Program inventories lands and maintains a cross-referenced data management system containing current and historic information about natural features. The Maine Natural Areas Program

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

(MNAP) provides this information directly to land owners and land managers. The MNAP also provides outreach and education on invasive plants in Maine, including iMapInvasives, a web-based map and database that show where invasive species are on Maine's landscape.

3) Maine Coastal Program distributes federal funds matched by state and local sources for projects that address coastal pollution, coastal economic development, municipal planning and citizen stewardship. The Coastal Zone Management Act gives Maine the authority to review federal activities in the coastal zone to ensure that federal actions meet the "enforceable policies" of the State.

4) Municipal Planning Assistance Program provides technical assistance to organized municipalities and regional planning organizations. The program provides grants to towns for projects that improve water quality, increase resiliency/adaptation to erosion and flooding, restore habitat, promote development and enhance the economy while preserving natural resources. The program provides information and guidance to towns on comprehensive planning and reviews plans for consistency with Maine's Growth Management Act.

5) The Land Use Planning Commission (LUPC) serves as the planning and zoning authority for the unorganized and deorganized areas of the State, including townships and plantations. These areas cover over half the State, encompassing more than 10.4 million acres. The LUPC land use controls impact many local economies as well as Maine residents and visitors.

6) The Floodplain Management program provides assistance to communities participating in the National Flood Insurance Program (NFIP) by providing project guidance, customized model ordinances and interpretation of floodplain maps. Workshops are provided to local officials and other professional groups that focus on flood maps, interpreting ordinances and administering floodplain management requirements. Staff reviews local ordinances for compliance with the NFIP standards and provides information about flooding to homeowners, businesses, lenders, realtors, surveyors, engineers and others. Program staff provides technical assistance, outreach and training under the Community Assistance Program- State Support Services Element (CAP-SSSE), a grant program that is focused on the flood loss reduction objectives of the NFIP.

The Bureau provides partial funding and staff contact for the Maine Soil and Water Conservation Districts. Each District receives an annual disbursement to assist with office operating costs.

MAINE MILK COMMISSION
TIM DRAKE, EXECUTIVE DIRECTOR

Central Office: MARQUARDT BLDG, 32 BLOSSOM LN, AUGUSTA, ME 04333-0028
 Mail Address: 28 STATE HOUSE STATION, AUGUSTA, ME 04333-0028 FAX: (207) 287-7548

 Reference: Policy Area: 04 Umbrella: 01 Unit: 015 Citation: T0007 M.R.S.A., Sect.: 000002952

PURPOSE:

The Maine Milk Commission in consideration of the public health and welfare as it relates to an adequate supply of fresh, healthy milk has economic influence over the purchasing, distribution and sale of milk within the State. It has the power to conduct hearings, subpoena and examine dealers under oath, along with their records, books and accounts, and any other person from whom information may be desired. It may act as mediator or arbitrator to settle any controversy or issue among producers, dealers and consumers, any of whom may petition the Commission to change prices or conditions in any market area.

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

ORGANIZATION:

The Commission is comprised of four consumer members and the Commissioner of Agriculture, Conservation and Forestry, ex officio. The Commission holds regular meetings each calendar month and special meetings may be called by the chairman whenever requested in writing by two or more members. The Commission is financed by a fee assessment on milk produced by industry members.

PROGRAM:

The Commission establishes a uniform system of accounts for reporting and allocating costs of processing, packaging and distributing milk within the State of Maine. The cost of production study information is used as a guide for Commission members in their monthly deliberations for setting minimum prices. The information is also used for setting target prices in the Maine Dairy Stabilization Program.

The Commission sets minimum prices based on the lowest achievable cost at which milk purchased from Maine producers can be received, processed, packaged and distributed within the State at a just and reasonable return.

The Executive Director also administers the Maine Milk Pool, which balances prices paid to producers whether they ship milk to processors located outside the state or to processors located in Maine. The Director also administers the Maine Dairy Relief "Tier" Program, which pays dairy farmers from available funds the difference between a legislatively derived "cost of production" and the actual price received when that price drops below the "cost of production".

Average Counts-All Positions: 201.295

Legislative Count: 107.50

PURPOSE:

The Bureau of Parks and Lands manages and administers programs on 85,721 acres in designated park lands including 35 state parks, the Allagash Wilderness Waterway, 13 state historic sites, 631,175 acres of Public Reserved and Non-Reserved Lands, 382,414 acres in conservation and recreation easements including easements along the Appalachian Trail and the Penobscot River Corridor, 625,000 acres in public access easements including the West Branch easement in Somerset County and the Typhoon LLC easement in Washington County, 2.3 million acres of submergded lands, 1,333 coastal islands, owns or manages 310 miles of former rail bed managed as multi-use trails, and other public lands. The Bureau also administers special programs related to boat access sites, navigational hazard marking, snowmobile and ATV trails, the Federal Land and Water Conservation Fund and Recreational Trail Program, and the Maine Conservation Corps.

The Bureau manages land, designs and constructs facilities for public outdoor recreational use, distributes information, develops and implements management

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

plans, administers grants, and coordinates with other state and federal agencies that have related programs.

ORGANIZATION:

A director heads the Bureau and is assisted by the Chief of Planning and Acquisitions and Director of Operations and Maintenance. There are 6 regional offices, 3 supervising the State Park system and 3 supervising the Public Reserved Lands system. The central office includes 3 programs: Off-Road Vehicles, Boating Facilities, and Submerged Lands.

PROGRAM:

Parks & Historic Sites provided recreation & education opportunities to more than 2,626,416 visitors, contributing \$2,783,902 in user fees (including day use, camping, reservations and passes) to the General Fund and \$301,043 to municipalities in fee sharing in calendar year 2015. The campground reservation's program processed 19,238 reservations for our state park campgrounds, contributing \$1,050,764 to the General Fund. The Maine State Park Pass Program generated \$926,280 in revenue to the General Fund (includes: Tax Pass Program, parks, website and call center) for sales of various Park Passes. The Maine State Parks Passport Program promotes visitation of State Parks & Historic Sites. Our "Take It Outside!" Program events included Ice Fishing Derbies, Family Fun Days, Birding Festival and interpretive programs. Capital projects in FY16 included improvements at Fort McClary Historical Site, Colonial Pemaquid State Historic Site, and Camden Hills, Lamoine and Sebago Lake State Parks. The Off-Road Recreational Vehicle (ORV) Office rehabilitated 5 bridges on multi-use rail trails and a 2.2 mile extension into Ellsworth. We also repaired 5 bridges on private land with state easements, and spent close to \$100,000 on repairs to over 30 miles of trail from a catastrophic storm near Parlin Pond in June.

The 3 Reserved Lands regional offices conducted sustained yield forest harvesting operations on 10,000 acres of the Bureau's 418,000 acres of operable timberland, yielding 112,000 cords of wood and constructed and maintained roads, trails, and bridges.

The Planning, Acquisition, & Special Services Program completed one 15-year management plan covering 31,187 acres, two land acquisitions including the East Grand Orient consisting of 5,992-acre fee purchase and a 1,494 acre purchase of a working forest conservation easement and Cold Stream Forest consisting of 8,159 -acre fee purchase in the West Forks Plantation, administered 291 camp lot leases, 10 sporting camp leases, and 62 other leases, and monitored 37 conservation easements.

The Grants & Community Recreation Program administered \$938,000 Federal Highway grants for 35 Recreational Trails Program projects statewide, managed \$614,686 for 11 open Federal Land and Water Conservation Fund projects, and submitted four new projects to the National Parks Service totaling \$312,556. The Maine Conservation Corps administered \$478,090 in federal grants at 55 public project sites utilizing 86 AmeriCorps members throughout Maine.

The Boating Facilities Program completed a substantial renovation and expansion at Lamoine State Park. Crews completed repairs to sites on Mopang and Molunkus lakes, Long Pond in Mt. Vernon and assisted with repairs at 3 Mile Pond in Vassalboro. The Program also provided construction grants to the Towns of Vassalboro, Wells, Mt. Desert, Brunswick, Mommouth, Islesboro and the Mahoosuc Land Trust. The Navigational Aids Program maintained buoys on 39 waterbodies and worked with lake associations and municipalities to mark an additional 28 other waterbodies.

The ORV Office approved 428 snowmobile club, municipal and capital equipment grants, awarding \$2,839,669 for 13,422 miles and maintains 4 snowmobile trail systems for 140 miles. The ATV Program awarded 126 club and municipal grants totaling \$869,000 for 6,100 miles of ATV trail. The Submerged Lands Program processed 141 applications, issued 77 new leases and easements and 5 new dredging leases.

BOARD OF PESTICIDES CONTROL
HENRY JENNINGS, DIRECTOR

Central Office: MARQUARDT BLDG, 32 BLOSSOM LN, AUGUSTA, ME 04333-0028
Mail Address: 28 STATE HOUSE STATION, AUGUSTA, ME 04333-0028 FAX: (207) 287-7548
Established: 1965 Telephone: (207) 287-2731
Reference: Policy Area: 04 Umbrella: 01 Unit: 026 Citation: T0022 M.R.S.A., Sect.: 000001471B

PURPOSE:

The Board of Pesticides Control ensures the public has access to the benefits of pesticide use while protecting the public from unintended impacts. The primary responsibilities of the Board are to: (a) register all pesticide products sold and used in Maine, (b) examine and license persons involved in the commercial application of pesticides, pesticide distributors and agricultural producers, (c) promulgate appropriate regulations regarding pesticide distribution and use, (d) investigate complaints arising from the use of pesticides, (e) ensure compliance with state and federal pesticide laws, (f) cooperate with other agencies in environmental monitoring and protection, and (g) promote the principles and the implementation of integrated pest management and other science-based technology to minimize reliance on pesticides.

ORGANIZATION:

The Board of Pesticides Control is comprised of seven members appointed by the Governor for four-year terms. One person with practical experience and knowledge regarding the agricultural use of chemicals; one person who has practical

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

experience and knowledge regarding the use of chemicals in forest management; one person from the medical community; a scientist from the University of Maine System having practical experience and expertise in integrated pest management; one commercial applicator; and two persons appointed to represent the public and come from different geographic areas of the state.

PROGRAM:

Product Registration: All pesticides distributed in the state must be registered with the Board. Labels are reviewed for each product, and health and environmental study data is reviewed as needed. Registration fees fund Board operating costs, the State Horticulture Program, Integrated Pest Management Program, State Apiarist, and University of Maine Cooperative Extension programs.

Certification and Licensing: The Board administers a certification and licensing program to ensure that those using or distributing pesticides are competent and properly trained. The program provides training materials and information, administers exams, and works closely with Cooperative Extension to provide continuing education options.

Compliance: The Board, through its inspectors, monitors the sale and application of pesticides, investigates complaints of misuse, and enforces pesticide laws.

Public Health and Resource Impacts: These programs are designed to protect citizens' health and safety, in addition to the state's natural and agricultural resources, by ensuring that pesticides are properly used. The Board administers the federal Workers Protection Standards, monitors ground and surface water, and administers an obsolete pesticide collection program.

Outreach and Education: The Board provides information to the public through websites, publications, and trainings on the benefits and risks of proper pesticide use.

PURPOSE:

The Weights and Measures Program maintains standards that form the basis for payment in commercial transactions within the State of Maine. Program staff test and evaluate weighing and measuring devices, investigate cases of fraud, and provide training, supervision, and calibration services to municipalities which have local Weights and Measures Sealers. The Program staff also provides traceability of the State's Standards to the National Standards and ensures that this traceability is transferred to business and industry within the State of Maine.

ORGANIZATION:

The Commissioner of Agriculture, Conservation and Forestry is, by statute, the State Sealer of Weights and Measures. The Deputy State Sealer serves as Inspection Program Manager within the Division of Quality Assurance and Regulation.

PROGRAM:

The Division's Weights and Measures Program is responsible for all standards of weights and measures with continual certification by the National Institute of Standards and Technology. This involves inspection and calibration of all commercial large-capacity scales, liquid flow meters, LP gas meters, and small capacity scales, gas pump meters, linear measuring devices, and spot check of

OFFICE OF CHIEF MEDICAL EXAMINER FOR THE STATE

PURPOSE:

The Attorney General is the chief legal officer for the state. All litigation involving the State must be prosecuted or defended under the direction of the Attorney General unless the Attorney General otherwise approves in writing. The Office (a) appears in all civil actions and proceedings in which the State is a party; (b) directs the investigation and prosecution of homicides and other major crimes, including major drug cases and frauds against the State; (c) renders legal services to State officers, boards and commissions in matters relating to their official duties; (d) issues written opinions upon questions of law submitted pursuant to statute; (e) administers and enforces the State's unfair trade practices and antitrust laws; (f) enforces proper application of endowments to public trusts and charities; and (g) consults with and advises the District Attorneys.

The Attorney General also serves as an ex-officio member on many State authorities and Commissions.

ORGANIZATION:

The Office of the Attorney General is organized by 5 M.R.S.A. Section 191 with the Attorney General as its chief executive. The Office consists of ten operating divisions that carry out various criminal, civil, and investigative responsibilities and the Office of the Chief Medical Examiner, which is reported separately in this publication. The operating divisions are: Natural Resources, Health and Human Services, Child Support, Child Protection, Professional and Financial Regulation, Investigations, Litigation, Consumer Protection, Criminal, and Administrative Services.

PROGRAM:

The Consumer Protection Division handles enforcement actions in consumer fraud and antitrust matters, protects public charities, and operates the Consumer Complaint Mediation Program. The Criminal Division has exclusive responsibility for the prosecution of homicide cases, handles numerous criminal appeals to the Supreme Judicial Court, advises the District Attorneys, and prosecutes major drug cases across the State; prosecutes white collar and financial crimes, welfare fraud, Medicaid fraud, computer crimes, tax crimes, and securities violations; and brings enforcement actions under the Maine Civil Rights Act. The Investigation Division investigates fraud against the State and the use of deadly force by police officers and provides investigative services for other divisions of the Office.

Three divisions represent the offices within the Department of Health and Human Services (DHHS). The Child Protection Division represents the State in child protection matters. The Child Support Division represents the State in child support enforcement matters. The Health and Human Services Division represents all other offices within DHHS in complex litigation in state and federal courts, in contract and rule review, in administrative hearings and in providing routine legal advice. The Division provides legal advice regarding a variety of topics including MaineCare, adult protection, guardianship, mental health, physical health, rules, contracts, licensing, and public benefit programs. The Division also represents DHHS in enforcement actions designed to protect public health and safety.

The Professional and Financial Regulation Division represents the Department of Professional & Financial Regulation, which includes the Bureaus of Insurance,

DEPARTMENT OF THE ATTORNEY GENERAL

Banking and Consumer Credit, the Office of Securities and numerous professional and occupational licensing boards. It also represents the Property Tax Review Board and liquor and lottery regulation within the Department of Administrative and Financial Services. The Natural Resources Division provides comprehensive legal services to the State's environmental and natural resource agencies. The Division represents these agencies in both affirmative and defensive litigation, including judicial enforcement actions and appeals of agency actions. It also provides legal advice to client agencies on a wide variety of issues including administrative decision-making, rulemaking, constitutional law, property law, contract law and enforcement of judgements, among others.

The Litigation Division handles tort claims against the State, tax litigation, and other complex litigation in state and federal courts. This Division also represents the Departments of Labor, Education, Corrections, Administrative and Financial Services, the Commission on Governmental Ethics and Election Practices, and the Secretary of State. This Division has primary responsibility for matters involving unfair labor practices, elections, state contracts and leases.

The Administrative Services Division provides staff support in the areas of human resources, budget, financial management and information technology and supervises the Civil Rights program and Victims Compensation program.

Average Counts-All Positions: 12.500

Legislative Count: 12.50

PURPOSE:

The Office of the Chief Medical Examiner is headed by the Chief Medical Examiner, who is appointed by the Governor for a term of seven years. The Office is responsible for determining the cause and manner of death in all deaths that cannot be certified by private physicians. Medical examiner cases include: deaths due to trauma or poisoning, unexplained deaths of children under the age of three, and deaths occurring under suspicious circumstances. When there is no private physician available to certify a death, even if apparently due to natural causes, the Medical Examiner by law assumes responsibility for certifying cause of death.

The Chief Medical Examiner appoints a number of doctors across the State who serve under the direction of the Chief on a fee basis and who assist in determining the cause and manner of death.

ORGANIZATION:

The Office has 12 employees, consisting of 1 Chief Medical Examiner, 1 Deputy Chief Medical Examiner, 2 Medical Examiner Assistants, 1 Senior Forensic Medical Technician, 1 Office Administrator, 2 Medicolegal Death Investigators, 1 Records Coordinator and 3 administrative support staff.

PROGRAM:

Investigations include extensive interactions with law enforcement officers, scene visits, review of medical records, and telephone interviews with family and physicians, as well as external examination of bodies, autopsy, toxicology and other laboratory tests.

DEPARTMENT OF THE ATTORNEY GENERAL

The Office monitors cases to identify public health related concerns and to report contagious and infectious disease deaths to the Maine Center for Disease Control and Prevention. Additionally, the Office continuously conducts surveillance for drugs, elder and minor abuse and neglect, among other public health matters related to violent deaths and suicides.

AUDIT BUREAU

UNORGANIZED TERRITORY

PURPOSE:

The Office of the State Auditor (OSA) has the authority to audit all accounts and other financial records of State Government and its departments or agencies, including the judiciary, with the exception of the Governor's Expense Account. It has the authority to audit counties, municipalities, and any organization, institution or other entity receiving or requesting an appropriation or grant from State Government. This office conducts financial and compliance audits of all State agencies subject to the Single Audit Act Amendments of 1996, 31 United States Code, Section 7501-7507 (1998) and in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. This Office is also authorized to review departmental budgets and capital programs for better and efficient management of State Government, to serve as a staff agency to the Legislature and the Governor in making investigations of the State's finances, and to ensure that an annual audit is performed of the municipal cost component and the Unorganized Territory Education and Services Fund. In addition, the Office receives complaints from persons alleging fraud, waste, inefficiency, or abuse in state government; and either investigates them further or refers the complaint to other State agencies for investigation.

The State Auditor is required to prepare and publish an annual report and to notify the Governor and Legislature immediately of any improper transactions, unacceptable practices in keeping accounts or handling funds, or any other improper practice of financial administration. The State Auditor has access to all information required to perform the above duties including confidential records that this office protects as provided by law.

As a convenience to citizens, the annual audited financial statements of all counties and municipalities are available on the OSA website. These are prepared by other certified public accountants. Copies of county budgets are also available on OSA's website. See Maine.gov/audit.

ORGANIZATION:

The Office of the State Auditor originated in 1883 with the establishment of a three-member Committee to examine accounts of the State Treasurer. In 1907, the Committee was replaced by a State Auditor who examined all accounts and demands against the State, including all matters requiring payment from the State Treasury. The Office is headed by the State Auditor who is responsible for the overall executive management of the Office and receives support from staff that carry-out the duties and responsibilities outlined primarily, but not exclusively in Title 5 MRSA Chapter 11.

In 1931, the Department of Audit was created under the administrative direction of the State Auditor who is elected by joint ballot of the Legislature for a term of four years.

In 1987, during the term of Rodney L. Scribner, Certified Public Accountant (CPA), this office assumed responsibility for conducting the State of Maine's annual Single Audit in accordance with the Single Audit Act. The audit is conducted in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

In 1992 the position of Fiscal Administrator of the Unorganized Territory was

OFFICE OF THE STATE AUDITOR

officially added following the Office's performance of this function for several years.

On October 9, 2013 the name of the Department of Audit changed to the Office of the State Auditor. This change is consistent with Public Law Chapter 16 of the 126th Legislature.

In 2015, during the term of Pola A. Buckley, CPA, CISA (Certified Information Systems Auditor), funds were appropriated during the Second Regular Session of the 127th Legislature to establish three information technology auditing positions.

PROGRAM:

The programs of the Office are implemented through its Bureaus.

PURPOSE:

The purpose of the Audit Bureau is to conduct financial and compliance audits including the State's Single Audit subject to the Single Audit Act Amendments of 1996, 31 United State Code, Section 7501 to 7507 (1998). In addition the Office is authorized to conduct audits of all accounts and financial records of any organization, institution or other entity receiving or requesting an appropriation or grant from State Government and to issue reports on such audits at such times as the Legislature or the State Auditor may require.

The Audit Bureau serves the Governor, Legislature and its committees by studying systems of internal control for the purpose of safeguarding assets, verifying accounts and identifying costs savings or additional revenues to the General

OFFICE OF THE STATE AUDITOR

Fund.

ORGANIZATION:

The Audit Bureau performs the State of Maine's annual Single Audit under the direction of the Deputy State Auditor and the Director of Audit and Administration. The Office's auditors have in-depth knowledge of state government operations and many hold professional certifications including Certified Public Accountant (CPA) and Certified Information System Auditor (CISA). Several members of our staff hold graduate degrees, some in addition to their CPA and CISA certifications. Other members of our staff are certified as internal auditors or as certified fraud examiners. Many auditors who are not certified have graduate degrees.

PROGRAM:

The primary goal of the Audit Bureau is to conduct the Single Audit of the State of Maine in accordance with statutory requirements of Title 5, M.R.S.A., Chapter 11 and federal law implemented by U.S. Office of Management and Budget (OMB) Circular A-133, "Audits of State, Local Governments, and Non-Profit Organizations." This audit is conducted for the purpose of forming opinions on the financial statements that collectively comprise the State of Maine's basic financial statements contained in the Office of the State Controller's Comprehensive Annual Financial Report. In addition, the Office will audit approximately 92 percent of the \$3.3 billion received annually in federal financial assistance. These federal programs are audited to ensure that State and federal funds are expended properly and that they are administered in accordance with both State and federal laws and regulations.

PURPOSE:

The mission of the Maine Department of Health and Human Services is to provide integrated health and human services to the people of Maine and to assist individuals in meeting their needs while respecting the rights and preferences of the individuals and families it serves.

All of the department's functions and activities are directed toward one or more of the following goals: (a) to protect and enhance the health and well-being of Maine people; (b) to promote independence and self-sufficiency; (c) to protect and care for those who are unable to care for themselves; and (d) to provide effective stewardship for the resources entrusted to the department.

ORGANIZATION:

Effective July 1, 2004, the Governor and the Legislature created the Department of Health and Human Services (DHHS) by combining and reorganizing the former Department of Human Services (DHS) and the former Department of Behavioral and Developmental Services (BDS). The organizational framework for the new department was established the following year by Public Law 2005, Ch. 412.

PROGRAM:

The department's statutory mandate requires it to provide the following programs and services to adults, children and families: Economic assistance and employment support services; behavioral health services, including mental health and substance abuse prevention and treatment services; developmental disability and brain injury services; physical health services; and public health services.

Services targeted specifically for children, families, and adults include: child welfare services; early childhood services, including Head Start and child care services; maternal and child health services, including home-visiting programs; paternity establishment and child support enforcement services; residential and community support services for children and adults with disabilities; adult protective services; and long-term care services for the elderly and adults with disabilities.

The department delivers programs and services through an integrated delivery system that focuses on meeting the needs of individuals and families. The department uses a combination of public personnel and contracts with private agencies to administer programs and deliver services.

The department administers the Medicaid program funded jointly by the federal government's Centers for Medicare and Medicaid Services (CMS) and the State. MaineCare provides health care services for Maine's children and adults who are elderly, disabled or with low income.

More information about the Department of Health and Human Services may be found at <http://www.maine.gov/dhhs>.

PURPOSE:

The mission of the Office of Aging and Disability Services is to promote the highest level of independence for older adults and adults with disabilities. The priority is to assure the safety and well-being of all adults.

ORGANIZATION:

The Office of Aging and Disability Services (OADS) was created by the Legislature on August 30, 2012 when it merged the former Offices of Elder Services and Adults with the Office of Cognitive and Physical Disability Services. The merger integrated the operations, programs and services of the two offices and combined district operations under one organizational structure.

PROGRAM:

The OADS is designated as Maine's State Unit on Aging, acts under federal requirements as the authority for persons with intellectual disabilities, autism and other related conditions and serves as the federally designated state office for brain injury services.

The office, subject to the direction of the Commissioner, establishes the overall policy objectives for functions and activities relating to Maine's older population and to adults with disabilities. Pursuant to federal and State laws, it prepares and administers a comprehensive State Plan for older persons. It promotes independence for elders and adults with disabilities through services, including evidence-based prevention programs and comprehensive home and community based services.

The OADS also provides Adult Protective Services, including public guardianship and public conservatorship for incapacitated adults who have no family member or other private individual able or suitable to serve in those capacities.

Programs fall within the following major categories:

Neurobehavioral Services (Brain Injury, Other Related Conditions), including the management of two federal waivers and the development and oversight of the State Plan;

Compliance/Quality Assurance, which is responsible for meeting quality assurance requirements defined in the federal waiver programs and direct service programs;

Adult Protective Services, which is responsible for receiving and investigating reports for abuse, neglect and exploitation of incapacitated and dependent adults. It also provides public guardianship and conservatorship services;

Developmental Services, which serves persons with intellectual disabilities or autism and includes community and State case management services, management of two federal home and community based waiver programs and Statewide crisis response;

Long Term Care, which includes the management of State and federal long term care programs serving elders and adults with disabilities, oversight of the medical eligibility process for long term care, policy oversight of nursing facilities and community residential settings and the management of the Money Follows the Person program; .

Aging Services, which includes serving as the State Unit on Aging, management of social services and nutrition programs funded by the Older American's Act, management of the State Health Insurance Program, oversight and development of

DEPARTMENT OF HEALTH AND HUMAN SERVICES - FORMERLY BDS

the Aging and Disability Resource Centers;

Resource Development, which includes oversight of contracts, grants and federal waiver expenditures and provision of prior authorization and utilization of intellectual and developmental disabilities services;

Information Services, which includes the management, oversight and development of multiple information technology systems, including 3 major client databases used by OADS.

PURPOSE:

The Dorothea Dix Psychiatric Center (DDPC) operates under laws established by the Maine Legislature to provide care and treatment for both voluntary and court-committed patients. The hospital has its own Advisory Board with by-laws covering organization, purpose, duties, appointment process, committees and relationship to the medical staff. DDPC is part of a comprehensive mental health system of services in the State, which includes community mental health centers with multiple branch offices, private psychiatric and community hospitals and private providers.

ORGANIZATION:

DDPC was established by the Legislature in 2005, renaming the former Bangor Mental Health Institute. The hospital's roots in the community date back to 1901, when it was known as the Eastern Maine Insane Hospital.

PROGRAM:

DDPC operates 45 beds with the potential of an additional three beds for patients ordered by the court to return to a treatment setting. The hospital is organized into major clinical, administrative and support service departments. DDPC has three inpatient treatment units, admitting approximately 138 people in FY2016. All three co-ed units provide both acute and non-acute levels of care.

For the past four years, the two state psychiatric hospitals have been working to

create efficiencies by sharing and integrating administrative functions where feasible. Evaluating processes in all aspects of hospital functions is ongoing to maximize efficiency and offer patients treatment that is evidenced-based and focused on personal recovery. DDPC opened an Outpatient Services Program in 2015 to serve forensic patients discharged into community settings.

PURPOSE:

The mission of the Office of Substance Abuse and Mental Health Services (SAMHS) is to promote appropriate access to efficient and effective substance abuse and mental health services to achieve improved outcomes for those with substance abuse disorders and mental illness.

ORGANIZATION:

SAMHS was established by the 125th Maine Legislature and merged the Office of Substance Abuse with the Office of Adult Mental Health Services. SAMHS is the single state substance abuse and mental health authority providing support to the uninsured and expertise to the provider community. Central administrative offices are located in Augusta.

PROGRAM:

SAMHS is responsible for developing a comprehensive plan for administering services, promoting best practices and ensuring accountability through the delivery of contractual, regulatory and technical assistance supports throughout the State. In addition, SAMHS regularly assesses the extent of substance use and abuse, as well as severe and persistent mental illness by collecting data from a number of sources, including national prevalence rates. This includes substantial reporting from all providers and regular surveys of a variety of populations.

SAMHS provides expertise and information in serving as the primary liaison with

DEPARTMENT OF HEALTH AND HUMAN SERVICES - FORMERLY BDS

other DHHS offices, state departments, the Legislature, citizen's groups, consumer groups and service providers on issues pertaining to substance abuse and mental health.

The Prescription Monitoring Program (PMP) is an intervention tool that was developed and implemented by SAMHS to prevent, detect and reduce prescription drug misuse and diversion. The PMP maintains a database of all transactions for controlled substances dispensed in the State of Maine. The database is available free online to prescribers and dispensers who are registered users. The PMP will continue to represent a critical component in informing decision makers, commercial insurers, MaineCare and other entities in the State's coordinated response to the opiate epidemic.

SAMHS continues to work to transform behavioral health services to a system of recovery-oriented care and support. This collaborative process specifically defines a recovery-oriented behavioral health system and provides a foundation to determine how policy, contracts, programs and evaluation procedures can support that system.

SAMHS is working collaboratively with other state agencies and providers at further integration of behavioral health and physical health. SAMHS has been an active partner in the development of Behavioral Health Homes with both Stage A (substance use disorders) and Stage B (severe mental illness & co-occurring disorders).

SAMHS continues its work to meet and exceed the requirements of the Bates vs. DHHS Consent Decree and on strategies to both review and improve the timeliness, appropriateness and quality of adult mental health services. Through improved contracting and ongoing rule making efforts SAMHS is actively promoting and requiring Evidence Based Best Practices and is implementing specific outcome measures in all contracts. With a consumer-first focus, we continue to support and enhance consumer choice, independence, and control in where persons live and what services they can access in an appropriate and timely manner.

PURPOSE:

Riverview Psychiatric Center (RPC) provides state of the art care and treatment to individuals with serious and persistent mental illness. This care is provided to both voluntary and court committed patients, as well as outpatients who require such support in order to transition to, or remain in, the community.

DEPARTMENT OF HEALTH AND HUMAN SERVICES - FORMERLY BDS

ORGANIZATION:

RPC opened in June 2004. The hospital has its own Advisory Board with by-laws covering organization, purpose, duties, appointment process, committees and the relationship to the medical staff.

PROGRAM:

RPC is a 92-bed psychiatric hospital with 44 beds used for court-ordered patients and those found not criminally responsible. The remaining 48 beds are for patients who are civilly committed or voluntary patients. It is organized into clinical, administrative and support service departments. RPC has four inpatient treatment units; in 2016 RPC admitted 238 patients. All four co-ed units provide an acute level of care. The Outpatient Program includes Community Support Services for both the adult and geriatric population.

PURPOSE:

The Department of Corrections is responsible for the planning, direction and management of adult and juvenile correctional facilities, community corrections and other correctional programs within the state. The department administers the state's correctional facilities, provides for the safety of staff and clients, undertakes appropriate programming for the classification, education, rehabilitation and maintenance of clients and assures an effective system for the supervision of parolees and probationers. The department is responsible for the direction and administration of the Maine State Prison, the Maine Correctional Center, the Charleston Correctional Facility, Long Creek Youth Development Center, Mountain View Youth Development Center, the Downeast Correctional Facility, Bolduc Correctional Facility, and the Southern Maine Reentry Center. The department also administers community corrections programs for adult and juvenile probationers.

The department is authorized to establish and maintain programs, inside and outside of correctional facilities that provide rehabilitation services and opportunities for clients. The Department of Corrections may provide or assist in the provision of correctional services throughout the State as authorized by Maine law, and the department is responsible for setting standards and inspection of municipal and county jails.

ORGANIZATION:

The Department of Corrections was created by the Legislature in 1981 to improve the administration of correctional facilities, programs and services for committed offenders.

In 2008, the department reorganized internally to establish a division of juvenile services and a division of adult services. The institutional and community corrections functions are now included in the juvenile or adult divisions.

In 2015, the department re-purposed the Mountain View Youth Development Center from housing mostly juveniles to an adult treatment facility, consolidating adjudicated juveniles to the Long Creek Youth Development Center. The Mountain View facility now only houses a small population of detained juveniles and the remainder of the facility is incarcerated adults. The treatment options at Mountain View include substance abuse treatment, sex offender treatment and assisted living.

PROGRAM:

The program activities of the department are discussed in the individual reports of its program components except for the following:

JAIL INSPECTIONS - the department has the statutory responsibility to establish, inspect and enforce standards for county jails, municipal holding facilities, juvenile detention areas, correctional community residential and electronic monitoring. These standards are based on established and emerging professional

DEPARTMENT OF CORRECTIONS

practices and case law requirements. Additionally the department provides technical assistance to all entities in establishing and maintaining compliance programs.

MANAGEMENT INFORMATION SERVICES - the department is expanding its information management system for adult and juvenile offenders. Corrections Information System (CORIS) is a fully integrated, web based offender information system built from the ground up using Microsoft.NET technology. The result is an industry leading, enterprise class system that, being fully scalable, effectively supports the needs of all state correctional functions. CORIS also supports case management, offender financial management, restitution collection and central office information reports. The department has implemented a customized Inmate Phone System which is integrated with CORIS. The phone system uses Voice over Internet Protocol, voice recognition, CORIS's inmate trust accounts and the FCC's standardized rates.

DEPARTMENT OF CORRECTIONS

PURPOSE:

The mission of the Bolduc Correctional Facility (BCF) is to protect the public by providing a safe, healthy environment where prisoners are held to a high standard of conduct and are provided with opportunities for personal growth that allow them to return to society as productive citizens.

ORGANIZATION:

There are 220 minimum security prisoners housed at the Bolduc Correctional Facility in South Warren. In 1978 the official name of the minimum security unit became the Ronald P. Bolduc Unit in honor of Ronald P. Bolduc the first Director. The former barracks now serve as the Bolduc Correctional Facility. Prior to 1970 a fire destroyed the working farm at BCF which had previously supported the prison with beef, dairy and produce. Currently BCF is supporting both the prison and its own kitchen with fresh produce and beef from the farm that is currently continuing in full operation.

PROGRAM:

Substance abuse services are provided by licensed alcohol and drug counselors. Services include substance abuse programming that is offered through our medical provider Correct Care Solutions (CCS), education programs and Alcoholics Anonymous. Case management services are provided to all prisoners. Case management staff develop an Individual Case Plan and monitor compliance. They also act as advocates and serve on their unit's multi-disciplinary Unit Team. For prisoners nearing release, the workers focus on community resources and re-entry programs. They frequently play a role in defusing potentially disruptive situations and provide a more stable environment. The facilities Community Programs Coordinator works with all arenas in the local area to place offenders with local employers and also in volunteer roles for Maine Department of Transportation, Camden Hills State Park, Rockland Transfer station, Rockland Public Works and the towns of Union and Warren.

Educational programs at BCF include literacy and remedial reading with individual instruction. General Education Development (GED) or high school diplomas are offered through prison teachers and a college program through the University of Maine, Rockland campus. Typing, computer science, music, literature, writing, art, horticulture, languages and a Long Distance Dad's program provide additional choices. The Family Violence Education Program is in place to address the needs surrounding domestic abuse convictions. The facility has a Work Ready Coordinator that aids in the process of rehabilitation to promote interviewing techniques and many other facets of the re-entry process. Religious services are provided by ordained clergy who support a varied faith group base. In addition, recreational programs available to all prisoners include basketball, softball, soccer, pool and physical fitness.

Industrial programs offer a variety of paying jobs which include wood working, upholstery, plate shop, machine shop and a prison showroom. These programs are designed to establish meaningful work programs for prisoners and to help reduce the financial burden of correctional programming to the general public.

PURPOSE:

The primary purpose of the Charleston Correctional Facility is to provide public safety through effective security operations and programming aimed at reducing the likelihood that offenders will re-offend when in the community through evidenced-based practices. All prisoners housed at the Charleston Correctional Facility are classified as minimum or community based security. The prisoners participate in education, treatment and vocational programs in addition to industries programs and work release.

ORGANIZATION:

The Charleston Correctional Facility is located on the site of the former Charleston Air Force Radar Station in Charleston, Maine. The facility opened under the administrative control of the Maine Correctional Center in 1980. In 1985, the facility assumed primary responsibility for its own development and operation. During 2001, the facility was downsized through a major restructuring of the Maine Department of Corrections. This brought the facility under the administrative oversight of the Chief Administrative Officer of Mountain View Youth Development Center including all support services for fiscal, business, human resources, food service, maintenance, warehouse and supply. The Charleston Correctional Facility received American Correctional Association accreditation in January of 2007. The facility expanded in July 2007, opening another dormitory and taking on another 50 prisoners, opening another dormitory in 2014 added another 50 to the overall capacity bringing it to 210.

PROGRAM:

The Charleston Correctional Facility currently houses approximately 210 male prisoners. Prisoners are received from higher security level institutions, such as the Maine State Prison in Warren and the Maine Correctional Center in Windham. A comprehensive classification process reviews the prisoner's need for rehabilitative services such as educational and vocational training, psychological and substance abuse treatment. An educational learning center and library is located on facility grounds. Instruction is offered in General Education Development (GED) preparation and testing, adult basic education, PLATO, an on-line learning environment, Auto Computer Assisted Drafting (CAD) and other basic computer skills. Substance abuse services are provided through Alcohol Anonymous and Narcotics Anonymous groups and use of the Matrix Program. The facility has started a cognitive skills based program called "Thinking for a Change" which teaches prisoners new skills to deal with daily challenges. Parenting skills, life skills, career education, business classes, and employment skills training are also available through collaboration with other community agencies. Vocational programs and industries programs are provided in wood harvesting and small saw mill operation.

Finished lumber is sold to other correctional and state agencies in addition to being utilized in our industry program to manufacture fine furniture, woodcrafts, prefab shelters, and construction products. This program is accomplished through a cooperative agreement with the Department of Inland Fisheries and Wildlife. The cooperative agreement allows the Charleston Correctional Facility wood harvesting program to provide land management services to over 7,000 acres in the Bud Leavitt Wildlife Management Area that abuts the facility property.

The Charleston Correctional Facility's total progressive corrections program has a very strong public restitution element providing public restitution to communities, non-profit agencies and state agencies including the Maine Department of Transportation. Last year approximately 40,000 hours were expended on community restitution projects. There are over a dozen prisoners trained and

DEPARTMENT OF CORRECTIONS

ready to be utilized to fight forest fires and more than 60 prisoners that have earned the privilege are offered an opportunity to enter the facility's unique work release program. Prisoners in the program are required to contribute to their living expenses, provide family support, pay victim restitution, pay unpaid fines and save money that is to be used upon their release.

PURPOSE:

It is the mission of the Maine Correctional Center to improve public safety by decreasing the recidivism of both male and female prisoners by providing opportunities for correctional rehabilitation within a supervised and secure setting, while assuring the safety of the public, the staff, and the prisoners. While striving to complete this mission, the Maine Correctional Center recognizes the indispensable and valuable contributions of its security, program, and support staff and is committed to the ongoing development of a professional and skilled work force.

This mission is accomplished through the Maine Correctional Center's responsibility as the Department of Corrections' (DOC) primary reception center, and the utilization of professional correctional practices, objective risk assessment and research-based rehabilitation programs, which have been proven to reduce the likelihood that an offender will re-offend. Within this mission, the Maine Correctional Center recognizes its responsibility to educate prisoners as to the harm criminal conduct causes to the victim and to the community and to provide prisoners with opportunities to repay the community through participation in public service work and restitution.

Throughout their Maine Correctional Center commitment, prisoners are expected to accept increasing levels of personal responsibility for their conduct and for successful participation in rehabilitative programs. Acceptance of responsibility for their own behavior, for their family, and for their actions in the community is the basis of the Maine Correctional Center's mission. Maine Correctional Center is designated as a minimum, medium security institution with a maximum security capability for short duration confinement. The Women's Center is a separate, comprehensive housing and programming unit.

ORGANIZATION:

The Multi-Purpose Unit (MPU) is a high custody correctional setting, which provides Reception and Orientation, Administrative Segregation, Disciplinary Segregation and Protective Custody for both male and female prisoners. In addition, it holds a limited number of female prisoners awaiting trial in Federal court. Unit One is primarily a medium custody housing area and includes the department's forty (40) bed Correctional Recovery Center (CRC) which provides intensive residential substance abuse treatment and the DOC's Responsibility Understanding Learning Experience (RULE) program, a 60 bed residential program for the treatment of sexual offenders. Unit Two is primarily a medium custody housing area with a small population of minimum custody prisoners. Programs in Unit Two include public service work crews and a transition skills re-entry program for men. Unit Three is the Women's Center, which is a separate comprehensive housing and programming unit for females. It includes industries, education and substance abuse treatment. The Maine Correctional Center in Windham received re-accreditation in January 2009 by the American Correctional Association.

PROGRAM:

The Maine Correctional Center is the primary reception center for the DOC. Prisoners with sentences of five (5) years or less, and all female prisoners, enter the department through the Maine Correctional Center. At the completion of the intake and orientation process, prisoners may be placed in a unit at Maine Correctional Center or transferred to another facility.

Programs for prisoners confined at the Maine Correctional Center focus on teaching appropriate conduct, personal responsibility, and work skills. The

DEPARTMENT OF CORRECTIONS

center has specialized programs to assist prisoners re-entering the community. Prisoners work various jobs within the institution which include kitchen, laundry, grounds maintenance and landscaping. Public restitution crews work in the community under the supervision of correctional trades instructors completing public service projects. Industry programs in upholstery, wood construction and garments provide basic work skills. Education programs include General Educational Development (GED) preparation and testing. Vocational training offers graphic arts and computer repair. Medical, mental health and psychiatry services are available to all prisoners through a contract with Correct Care Solutions (CCS). Prisoners are assigned to a unit team which monitors prisoner adjustment to case management and transition/release planning. The substance abuse programs for both men and women are provided through a partnership with the State Office of Substance Abuse.

The Women's Center is designed as a secure correctional community with focus on personal development, trauma recovery, substance abuse treatment and community re-entry. Through these programs the Maine Correctional Center strives toward its mission to improve community safety by teaching personal responsibility, involving prisoners in rehabilitation programs and lowering recidivism.

PURPOSE:

Downeast Correctional Facility was established for the confinement and rehabilitation of adult men who have been duly sentenced to the Department of Corrections (DOC). Confinement focuses on providing responsible custody and control of prisoners to ensure the safety of the public, DOC employees and the prisoners themselves. Rehabilitation of prisoners focuses on following practices and providing programs and services which are evidence-based, proven to reduce recidivism and hold the offenders accountable.

ORGANIZATION:

In 1956 the Bucks Harbor Air Force Station was built and remained a joint Air Force/Federal Aviation Administration Station until 1979 when it was deactivated by the Air Force and turned over to the Federal Aviation Administration (FAA). The FAA continues to operate the facility as a joint surveillance system (Eastern Air Defense Sector J-54). In 1984 Downeast Correctional Facility was established by the Maine legislature and part of the Bucks Harbor Air Force Base was purchased and renovated into a medium security correctional facility for an

DEPARTMENT OF CORRECTIONS

average population of 143 to 150 prisoners. The facility began receiving prisoners in June of 1985. The correctional facility and FAA station continue to share a mutually beneficial relationship.

In 2012 Downeast Correctional Facility transitioned to an all minimum security prison. Prisoners are housed in three dorm units. The facility utilizes a level system with each of the levels affording prisoners extra privileges and great opportunities for work release. Prisoners work up through the level system by following facility rules, complying with their case plans and avoiding any disciplinary action.

The correctional facility is located beside a rural coastal community which does not have public water services. In order to provide for its domestic water needs the facility operates a small water district with reservoir capacity and a chlorination system. The facility also operates its own water treatment facility. The facilities maintenance department oversees the operation of these plants and is responsible for maintenance and repairs throughout the facility.

Medical services for the prisoners are provided by Correct Care Solutions. The facility utilizes two full time nurses with one additional per-diem nurse which provide daily medical coverage. A physician, dentist and ophthalmologist also visit the facility on regular schedules to provide appropriate medical care and treatment.

Downeast Correctional Facility is located in Bucks Harbor, Washington County Maine, ten miles south of Machias on Route 92.

PROGRAM:

Downeast Correctional Facility utilizes a Unit Management system which is a multi-disciplinary team whose core members are composed of an Assistant Director/Unit Manager, a Sergeant, Correctional Officer(s), Correctional Care and Treatment Worker(s) and a Community Programs Coordinator. The Unit Management team has decision making authority, as delegated by the Chief Administrative Officer. This Unit is authorized to make decisions regarding prisoner housing, case management, classification, programming, orientation, work assignments, safety and sanitation inspections, etc.

Correctional Care and Treatment Workers complete needs assessment of each prisoner to determine program needs and individual goals. A Case Plan is developed to address all need areas including education, counseling, substance abuse training, mental health treatment/counseling, job training, family relationships, etc. Case planning is a vital component in outlining and monitoring all need areas. Assessment tools are used to target high risk areas which contribute to criminogenic behaviors. Prisoners are engaged in the case planning process and expectations are made clear. Case plans are monitored for progress or lack thereof and the plan is reviewed with the prisoner.

Services available at Downeast Correctional Facility include Alcoholic Anonymous and Substance Abuse Treatment to address substance abuse issues. Prisoners with mental health issues are referred to the mental health counselor for individual counseling, medication and psychiatric services. Thinking for A Change is a 22 week cognitive/behavioral program available at the facility which focuses on sound judgment and decision making. A Family Violence Education Program and an Anger Management course are also provided. All services, programs and casework focus on assisting prisoners with successful reentry into society.

Vocational and work programs offered at Downeast Correctional Facility are automotive, welding, woodworking, public restitution and work release. In addition to the vocational and work programs the facility has a prison industries garment program. All of the programs focus on instilling personal responsibility, work ethic and basic job skills.

The public restitution program at Downeast Correctional Facility provides assistance to other state agencies, local municipalities and not for profit organizations throughout much of Washington County. Much of the work performed through the public restitution program would otherwise not be completed due to many of the agencies' limited funding. The program is a unique tool which benefits the prisoners, the agencies receiving the services, the community and the Department of Corrections.

Downeast Correctional Facility also provides work release opportunities for those

DEPARTMENT OF CORRECTIONS

prisoners who qualify. Work release provides prisoners with the opportunity to work for private entities within the community. Prisoners on work release are required to pay room and board, contribute a percentage of their earnings to savings, and make payments toward restitution fees, victim fees, court ordered fines and child support if applicable. Work release is a proven program aimed at assisting prisoners with successful reintegration back into the community.

The education program at Downeast Correctional Facility includes General Education Development (GED) coursework and testing. Prisoners can also participate in a High School Diploma program.

PURPOSE:

The Juvenile Justice Advisory Group (JJAG) was created in response to the federal Juvenile Justice and Delinquency Prevention Act of 1974, as amended (JJDPA). JJDPA created a voluntary partnership between states and the federal government for the purpose of improving the administration of juvenile justice. In return for an annual formula grant, based on the state's juvenile population, each state undertakes to meet four congressionally defined standards ("Core" Requirements) for the management of juvenile offenders. These core requirements relate to: 1) the handling of status offenders; 2) the separation of juvenile from adult prisoners; 3) the detention of juveniles in places other than adult jails; and 4) the protection of minority youth from discrimination in the juvenile justice system. Maine has participated in the Act since its inception. The JJAG operates as the supervisory board for all planning, administrative, and funding functions under the Act.

ORGANIZATION:

The JJAG was first established as a committee of the Maine Criminal Justice Planning and Assistance Agency. It was formalized by Executive Order 4FY80 on October 5, 1979, and authorized by statute in 1984 (34-A M.R.S.A., Section 1209). Since July 1, 1982, the Department of Corrections (DOC) has acted as the JJAG's administrative and fiscal agent.

As provided by the Act, the JJAG consists of not less than 15 and not more than 33 representatives of various constituencies concerned with juvenile justice and related areas, including: units of local government; public agencies responsible for law enforcement, juvenile justice, corrections, probation, and the juvenile courts; and those responsible for delinquency prevention or treatment, including welfare, social services, mental health, education, and youth services; private

DEPARTMENT OF CORRECTIONS

organizations concerned with delinquency prevention or treatment, neglected or dependent children, and the quality of juvenile justice, education, and social services for children, public and private agencies that utilize volunteers to work with delinquents or potential delinquents; businesses and business groups employing youth; and persons with special experience and competency in addressing the problem of school violence, vandalism, and learning disabilities.

Neither a majority of members, nor the chairman, may be full-time employees of a governmental entity. At least one fifth of the members must be under the age of 24 at the time of appointment, and at least three members must have been or currently be under the jurisdiction of the juvenile justice system.

PROGRAM:

The JJAG and its committees advocate for youth through recommendations for legislative and policy reform, monitor state compliance with federal requirements, and provide technical assistance to jurisdictions needing support for compliance or program development efforts.

Programs supported with JJAG funding served 3,200 youth in 2014-2015.

The federal allocation for Maine Juvenile Justice and Delinquency Prevention Program for federal fiscal year 2015 was \$393,667. Up to 10% of the award is available for planning and program administration, determined by need and available state matching funds, and \$20,000 is allocated for the activities of the JJAG. The remainder of the formula grant is allocated to a variety of programs to support improvement of the juvenile justice system. In accordance with their three-year plan, JJAG will support prevention and early intervention programs designed to keep at-risk youth out of the juvenile justice system, develop a comprehensive strategy to address delinquency among Native American youth, and monitor and provide technical assistance for jails and lock-ups to maintain compliance with the Federal JJDP Act.

The JJAG was unable to support community prevention efforts as the pass-through of federal funds from the Title V Local Delinquency Prevention Program was cancelled by Congress.

The Juvenile Accountability Block Grant (JABG) is administered by the JJAG. The JABG program is administered by the Office of Juvenile Justice and Delinquency Prevention (OJJDP), Office of Justice Programs, U.S. Department of Justice. Through the JABG program, funds are provided as block grants to states for programs promoting greater accountability in the juvenile justice system. Maine supported a community-based diversion program in five Maine communities. Funding for this grant was also cancelled by Congress.

PURPOSE:

Juvenile Community Corrections was established to provide effective supervision to youth under its jurisdiction who are residing in the community. Using a risk reduction case management model, staff assess risk domains and strengths presented by juveniles, develop case plans, access and advocate for appropriate resources to implement case plans, collaborate with other State agencies and public and private providers to ensure that appropriate interventions are provided and monitor progress of the case plan. This approach targets dynamic risk factors that lead to continued criminal behavior, provides and directs appropriate interventions that will mitigate those risk factors, which ultimately assists the juvenile to remain crime free. Concurrently, the Juvenile Community Corrections Officers (JCCOs) will divert youth from the correctional system, supervise those on probation or aftercare status, and manage those youth detained or incarcerated to protect public safety. Juvenile Community Corrections is also responsible for the administration of the Interstate Compact for Juveniles.

ORGANIZATION:

Three regional offices provide services to juveniles across the state. A Regional Correctional Administrator, who reports directly to the Associate Commissioner for Juvenile Services, administers each region. JCCOs accept referrals from law enforcement officers and supervise and case manage juvenile offenders in the community. Regional Correctional Managers provide case management consultation and direct supervision to JCCOs and assist them to find appropriate resources for juveniles on their caseloads. Contract Managers, through the Division of Quality Assurance, ensure that all contracted services are provided in a manner consistent with the assessed needs of juvenile offenders. Outcome performance measures are incorporated into all contracts to ensure program effectiveness. Support staff assists in the overall management of the regional offices.

PROGRAM:

Regional offices receive referrals from law enforcement officers for detention decisions or to screen for possible diversion. The JCCOs, based on specified criteria, determine whether juveniles should be detained pending a court hearing. They also decide whether a youth can be safely diverted from the correctional system. In the latter case, youth are dealt with informally through a contract specifying conditions to which the youth and his/her family agree to comply in lieu of going to court. Using an evidence-based risk management and risk focused intervention approach, the JCCO's supervise and case manage youth placed on probation or on aftercare from one of the juvenile facilities. JCCOs also serve as the primary case managers for juveniles committed or detained at juvenile correctional facilities.

PURPOSE:

The Long Creek Youth Development Center was established to rehabilitate clients committed to the center as juvenile offenders so that they eventually return to the community as more responsible, productive, law-abiding citizens. The center is responsible for the rehabilitation of juvenile offenders committed by Maine courts, applying the disciplines of education, casework, group work, psychology, psychiatry, medicine, nursing, vocational training, and religion as they relate to human relations and personality development. Boys and girls between the ages of eleven and eighteen may be committed to the Center for the term of their minority or, in some cases, until their 21st birthdays. The Superintendent acts as a guardian to all children committed and may place any such child on aftercare with any suitable person or persons or public or private child care agency. The Long Creek Youth Development Center is also required by law to detain juveniles pending their court appearances.

ORGANIZATION:

Long Creek Youth Development Center in South Portland was established in 1853 as the State Reform School, administered by a Board of Trustees. It was renamed State School for Boys in 1903. The Board of Trustees was abolished in 1911, and its duties were assumed by the Trustees of Juvenile Institutions. In 1931, the State School for Boys was placed under the Department of Health and Welfare and in 1939, transferred to the Department of Institutional Services, which later (1959) became the Department of Mental Health and Corrections. In 1981, The Department of Corrections was established. In 1959, the School was renamed the Boys Training Center. In 1976, when the Stevens School for Girls closed and the girls were transferred to the Boys Training Center, the 107th Maine State Legislature, in special session, established the Maine Youth Center as the only coeducational institution for juvenile offenders. On July 1, 2001 the Maine Youth Center changed its name to Long Creek Youth Development Center.

PROGRAM:

Long Creek Youth Development Center functions as the primary correctional facility for juveniles in Maine. The purpose of the center is to provide for the detention and rehabilitation of juvenile offenders. Long Creek provides a variety of programs that address the risk factors associated directly with recidivism. Youth are provided with education, treatment, and other services that

DEPARTMENT OF CORRECTIONS

teach skills and competencies, strengthen pro-social behaviors and require accountability to victims and communities.

PURPOSE:

The purposes of the Mountain View Youth Development Center are:

- 1) Detention of juveniles prior to juvenile court appearances when a court orders that juveniles are to be securely detained;
- 2) Administer court-ordered diagnostic evaluations pursuant to Title 15, section 3309-A;
- 3) Confinement of young adult offenders ages 18-25 years of age; and
- 4) Confinement of adults for substance abuse treatment programs, with plans to house and treat adult prisoners convicted of sex offenses and those prisoners in the system needing assisted living care.

ORGANIZATION:

The Mountain View Youth Development Center in Charleston was established to provide juvenile correctional services for the northern and central counties of Maine. Beginning as a short term secure detention center known as The Northern Maine Juvenile Detention Facility, all the programs, services and physical buildings were expanded and reorganized in 2002 into the current Mountain View Youth Development Center. The Center provides services for detained youths pending court disposition for juvenile crimes and brief periods of incarceration less than 30 days known as "Shock Sentences" or periods of less than seven days known as "Drug Court Sanctions".

In April of 2014, while still serving a reduced juvenile population in one area of the facility, services were expanded to open a new program for committed young adult male offenders from 18-25 years of age that could greatly benefit from continued educational, therapeutic and substance abuse services that facility staff were already providing to juveniles.

In July of 2015, the mission and purposes of the facility were changed to meet the needs of a department-wide increasing adult population and the continued declining juvenile population. Juveniles in detention, after being sentenced by the courts and committed to the Department of Corrections for longer terms of confinement are now transferred to the Long Creek Youth Development Center in South Portland. The facility continues to serve the young adult offender population with programs and services aimed at reducing recidivism; while adding an adult population of prisoners requiring substance abuse treatment/services.

DEPARTMENT OF CORRECTIONS

Additional programs for Sex Offender Treatment and Assisted Living Care will begin soon.

The facility has been recognized by the Council for Juvenile Correctional Administrators (CJCA) and the Performance-based Standards Learning Institute (PbS Li) as one of the top three juvenile facilities in the country, and received The Barbara Allen-Hagen Award for outstanding and exemplary work in ensuring safety for residents and staff, holding youths accountable and providing effective rehabilitation services that prevent future crime. Mountain View also was the first juvenile correctional facility in the nation to participate in the Collaborative Problem Solving Model designed by clinical child psychologist Dr. Ross W. Greene Ph.D. offering a new approach to handling challenging and explosive behavior in children and adolescents.

PROGRAM:

The facility offers programs and services to change prisoner behaviors, attitudes and beliefs into those that are socially acceptable. The primary method of achieving these changes is cognitive/behaviorally based to meet the specific needs of each individual and reduce targeted high risk behaviors. Each prisoner has an individualized Case Plan designed to address specific risks and needs. Educational services provide an opportunity to complete the requirements to earn their Hi-SET diplomas (high school equivalency), and some college preparation. Programs are offered for Aggression Replacement Therapy, Thinking for a Change, Family Violence Education, Parenting Skills, substance abuse and mental health therapies, along with religious and recreational programs. Vocational training skills are offered in Culinary (with Safe Serve training); Carpentry and Small Engines programs. These skills prepare them for transfer to minimum custody facilities and work release programs, and provide eligibility for the Adult Supervised Community Confinement Program. The Mountain View Youth Development Center achieved national accreditation recognition from the American Correctional Association in May 2006, and has earned re-accreditations in 2009, 2012, and May of 2015 with 100% compliance ratings.

STATE PAROLE BOARD

DR. JOSEPH FITZPATRICK, COMMISSIONER
RYAN THORNELL, ASSOCIATE COMMISSIONER

Reference: Policy Area: 06 Umbrella: 03 Unit: 208 Citation: T0034A M.R.S.A., Sect.: 000005201

PURPOSE:

The State Parole Board was established to evaluate and adjudicate applications for parole as well as to provide oversight and management of offenders already admitted to parole. The two primary responsibilities of the Board are to determine the eligibility for access to parole or to sanction parolees when

DEPARTMENT OF CORRECTIONS

warranted due to rule violations. The Board also determines the time of discharge of parolees from parole supervision, formulates policies, adopts regulations and establishes procedures.

ORGANIZATION:

The State Parole Board, created in 1931 under the name of Parole Board, originally consisted of three members: the Commissioner of Health and Welfare and any two members of the Executive Council designated by the Governor. From 1931 to 1939, the Board was under the Department of Health and Welfare, and from 1939 to 1957 under the Department of Institutional Service. In 1957, the Parole Board's duties were assumed by the State Probation and Parole Board. In 1967, a Division of Probation and Parole was created within the Bureau of Corrections to administer probation and parole services in conjunction with the Board's parole duties. The Board was re-designated State Parole Board in 1971, to consist of five members appointed by the Governor, for terms of four years. In 1976 the State of Maine abolished Parole though the Board continues to serve in a limited capacity providing services to offenders placed on parole prior to its 1976 abolition.

In January 1984, the Board began to hear entrustment revocation proceedings for those juveniles alleged to have violated their conditions of release on entrustment from the state's juvenile correctional institutions. As of September 1990, the Board is no longer responsible for hearing juvenile entrustment revocation hearings. The Board elects its own chairman and meets at least bi-monthly. It may meet as often as necessary.

PROGRAM:

The State Parole Board hears cases at the Maine State Prison for those offenders who were sentenced prior to May 1976 (the abolition date for parole in Maine) to determine if or when inmates should be released on parole. If parolees have been accused of violating the terms of their parole the Board sits as an adjudicatory body to determine if a violation has occurred and if they find that a violation has in fact occurred they impose sanctions as they see fit.

PURPOSE:

The Maine State Prison (MSP) was established to confine convicted offenders and to provide correctional treatment and rehabilitation programs designed to prepare such offenders for eventual release. The institution is responsible for the

DEPARTMENT OF CORRECTIONS

custody, control, employment and government, as provided by law, of adult male offenders lawfully committed to the prison.

ORGANIZATION:

The State Prison at Thomaston was opened officially in July of 1824, to serve as a penitentiary where convicts were sentenced to hard labor for life or for any term one year or longer. The prison has always been a maximum security facility for adult felons. Women were sentenced to the institution until 1935 when they were transferred to the Women's Correctional Center in Skowhegan. The prison was plagued by fires in 1837, 1841, 1851, 1873 and 1923. Renovations and additions took place throughout the years and in 1992 high risk prisoners were transferred from Thomaston to a new maximum security facility in Warren known as Maine Correctional Institution (MCI). It was built to house male prisoners who posed the highest risk to the public, safety of staff, other prisoners, and the security and orderly management of the Department's facilities. An increasing population and an antiquated prison resulted in the construction of a new facility in Warren, adjoined to MCI. On February 13, 2002, prisoners were transferred to the new prison and the former Thomaston facility was demolished in June 2002. Only a section of the wall remains at the site beside the prison cemetery.

The new facility was built to house 916 prisoners. Capacity is being increased to approximately 1016 by adding additional beds to existing cells in most housing pods. The new Warren facility also houses a 7 bed infirmary for the adult population. In 2008, the first female prisoner from Maine Correctional Center was transferred to receive infirmary level medical care.

The prison is organized under the philosophy of unit management and direct supervision. It was designed to separate prisoners into three separate housing units: Special Management, Close and Medium units each with their own housing pods. The units operate semi-autonomously under the authority and guidance of the Warden. Staff are trained in the concepts of unit management which improves control and relationships by dividing a large population into smaller, more manageable groups.

PROGRAM:

A 32 bed Mental Health Unit operates in the Special Management Unit. Mental Health Services assure assessment and treatment planning for all prisoners with major mental illnesses or behavioral disorders. Treatment may include medication management, supportive counseling, cognitive-behavioral psychotherapy, group therapy, and discharge planning. Mental Health Workers collaborate with security and medical personnel, as well as community agencies to provide consistency and continuity of patient-prisoner care and treatment. Substance abuse services are provided by licensed alcohol and drug counselors. Services include Differential Substance Abuse Treatment (DSAT), education programs and Alcoholics Anonymous. Case management services are provided to all prisoners. Staff develop an Individual Case Plan and monitor compliance. They also act as advocates and serve on their respective multi-disciplinary Unit Management Teams. For prisoners nearing release, the workers focus on community resources and re-entry programs. They frequently play a role in defusing potentially disruptive situations and provide a more stable environment.

Educational programs at the prison include literacy and remedial reading with individual instruction. High School Equivalency Test (HISSET) diplomas are offered through prison teachers and a "live" college program through a grant. Interactive video college courses are also available through the University of Maine at Augusta Thomaston Center. Typing, computer science, music, literature, writing, art, horticulture, a Long Distance Dad's program and languages provide additional choices. Religious services are provided by ordained clergy who support a varied faith group base. In addition, recreational programs available to all prisoners include basketball, softball, soccer, pool and physical fitness.

Industrial programs offer a variety of paying jobs which include wood working, upholstery, plate shop, machine shop and a prison showroom. These programs are designed to establish meaningful work programs for prisoners and to help reduce the financial burden of correctional programming to the general public.

PURPOSE:

The Division of Adult Community Services (formerly the Division of Adult Community Corrections though more commonly referred to as Probation and Parole) was established to provide community based supervision and related services to convicted offenders sentenced to probation or parole. The division's primary role is to motivate a change in the probationer's behavior in order to lessen the likelihood of the probationer to re-offend. The enhancement of public safety is achieved through the reduction of victimization. Over the years the role of the probation officer has changed dramatically. Thus, while monitoring and supervision are still important activities performed by probation officers, they are also actively involved in risk and needs assessments, interventions, case management, treatment and program referrals, etc. Traditional duties such as pardons and commutation investigations for the Governor's office, pre-sentence investigations for the courts, post-sentence, pre-parole, furloughs and other investigations for the state's correctional institutions remain part of their assignment.

In addition, activities such as sex offender registration, restitution/fine collection, DNA and substance abuse testing, data collection, community notification and supervision of adult probationers under the interstate compact are also some of the newer duties that have been assumed by probation officers as new laws and court cases impact their duties and responsibilities. The demands on probation officers continue to escalate and therefore the need for ongoing training has never been greater in the history of this division.

ORGANIZATION:

When the Division of Probation and Parole was created in 1967 it included adult and juvenile offenders. In 1976 Parole was abolished in the State of Maine and the only available post-release supervision was probation ordered by the Courts (that said, the State of Maine still maintains a parole supervision function for offenders sentenced to parole before 1976 and more importantly for all offenders on parole who come to Maine through the Interstate Compact for Adult Offender Supervision). In 1984 the juvenile intake function was developed and incorporated as part of the division's mission. In 1986 an Intensive Supervision statute was passed and in 1991 the Supervised Community Confinement Program was created through a legislative initiative. Both these programs were directed at providing responsible alternatives to incarceration.

In 1996 the division was reorganized and all adult services were consolidated

DEPARTMENT OF CORRECTIONS

into the newly formed Division of Adult Community Corrections headed by a newly authorized Associate Commissioner. At the same time juvenile services were similarly reorganized. Adult Community Corrections consisted of 4 regional offices, 20 sub offices and numerous reporting sites. Each regional office was administered by a Regional Correctional Administrator (RCA), and an Assistant RCA. The Assistant RCA positions were upgraded to Regional Correctional Managers in 2010. In early 2011, the division implemented a Coaching, Mentoring and Supervision model that provided more direct field supervision for the Probation Officers. Regional Managers provide direct and immediate feedback on performance, decision making and case management. This is critical to the full implementation of evidence based practices in the department. In order to maximize resources and improve continuity of practice, the division was reduced to three (3) regions each consisting of one (1) Regional Correctional Administrator, two (2) Regional Correctional Managers and approximately twenty five (25) Probation Officers. The majority of Probation Officers are assigned to a general caseload made up of offenders who have committed a wide variety of felony level offenses. A few Officers are selected to supervise a specialized caseload which consists solely of sex offenders, domestic violence offenders or severe substance abusers who are assigned to Drug Court. These Probation Officers receive specialized training in their area of expertise. In 2012, Twelve (12) Probation Officer Assistants positions were created in an effort to reduce the administrative tasks that Probation Officers were responsible for, leaving them more time to work directly with their clients on risk reduction. Each region has four (4) Probation Officer Assistants who are responsible for court intake, drug testing and supervision of administrative and low risk clients.

PROGRAM:

The Division of Adult Community Services is dedicated to balancing the needs of public safety, victim and community restoration, offender accountability and using effective approaches to reduce re-offending and enhance effective reintegration into communities. Under community supervision, offenders receive services that include: increased personal contact with Probation Officers and dialogue that encourages and supports behavior change; monitoring of special court ordered conditions of probation through surveillance; referrals to services that are based on the assessed risk of re-offending; and treatment intervention that target specific identified needs.

LICENSES:

On October 9, 2013, all Probation Officers will be required to be certified law enforcement officers by the Maine Criminal Justice Academy.

PURPOSE:

The mission of the Southern Maine Re-Entry Center (SMRC) is to provide women with three years or less left of their sentence with the opportunities and support they need to reintegrate back into the community successfully. We recognize that women offenders have unique pathways to their crimes and because of that we assess and provide programs with a gender responsive and trauma informed approach.

The Southern Maine Re-Entry Center focuses on educational and vocational opportunities and growth, while encouraging the reunification and development of family and natural supports.

ORGANIZATION:

The Southern Maine Re-Entry Center provides a minimum/community, security facility housing prisoners cleared for community work release and work crews. The facility is located in Alfred and is supervised through Adult Community Corrections. SMRC currently has a rated capacity of 68 and, currently houses 68 residents. SMRC provides structure, supervision and security to prisoners during the transition from incarceration to release. Residents participate in community re-entry programs (work release, education release, public service release, family reunification), and utilize community services (counseling, substance abuse treatment, Alcoholics Anonymous, educational, and social services), while presenting a minimum risk to the public's safety and property. SMRC uses a variety of gender responsive approaches to achieve their goals.

Education is offered in General Education Development (GED) preparation and testing, adult basic education and the opportunity to attend college classes at the local community college if community status eligible. The following programs are offered at the facility; Moving On, Mapping Your Re-entry, Equine Therapy, Anger Management, Healthy Relationships, Alcoholics Anonymous/Narcotics Anonymous, Read to Me Mommy, Active Parenting Class, Houses of Healing, Thinking for Change, Turning Points and Beyond Trauma. Substance abuse services are provided at an intensive level through Differential Substance Abuse Treatment program (DSAT). Our DSAT program offers the Seeking Safety Program for resident who scored moderate to low on the substance abuse screening.

PROGRAM:

CULINARY ARTS PROGRAM

This program works step by step with the residents to go over the fundamentals of kitchen safety, proper handling and storage of knives, portion sizes, food presentation, food guide pyramid, menu planning, balancing of ingredients and meals on a budget.

The Culinary Art program prepares all in house meals for residents and staff. Catering activities range from meetings to weddings. The residents participating in the culinary arts program go over every aspect of a typical catering job. This starts from table linens to plating food. Residents learn to manage and how to set up a buffet and break it down. Residents also learn self-preparation, grooming and presenting in a professional manner.

WORK READY PROGRAM

Work Ready is a workforce training program developed by the Maine Department of Education Adult Education team and local workforce investment boards. Trainings are designed to prepare participants for the attitudinal and disciplinary rigors of employment and to provide a highly structured simulated work environment that encourages the behavior required for workplace success.

In this 60-hour training program, participants take ownership of their decisions

DEPARTMENT OF CORRECTIONS

and develop concrete skills necessary to get a job, such as resume writing and interviewing. Before leaving, participants learn the basic qualities that constitute a good employee: reliability, punctuality, a strong work ethic and a positive demeanor.

Work Ready is based on seven standards, which cover personal motivations and challenges, plans for employment, working with others, effective communication, the principles of getting a job, employee rights and work-related safety information.

SMRC works closely with the Maine Department of Labor Career Center to place residents into high growth/high demand careers where employers are in need of good employees. Residents will be able to keep these jobs after their release.

Work Ready programs, in partnership with local businesses, provide participants with real-time feedback through mock interviews and other workshops with human resource professionals. Successful participants will receive a credential issued by the Maine DOE and recognized by employers throughout the state.

Residents who complete the Work Ready Program and begin working in the community are required to contribute to their living expenses, program family support, pay victims restitution, pay fines and save money to utilize upon their release.

DEPARTMENT OF CORRECTIONS

PROGRAM:

The Office of Victim Services strives to ensure that victims who request notification are notified of the prisoner's release, victims receive the restitution to which they are entitled, and victims are free from harassment by offenders in the custody of or under the supervision of the department.

The Office of Victim Services provides a toll free number for victims to receive information regarding an offender's status. The Office of Victim Services encourages the participation of crime victims on the Department of Corrections Victim Advisory Group and Impact of Crime Panels. The Office of Victim Services offers assistance with victim impact statements, and promotes the inclusion of victim impact statements into decisions regarding prisoner release. The Office of Victim Services offers safety planning meetings to victims of sex offenders and other high risk offenders prior to the offender's release from incarceration.

The Office of Victim Services certifies and monitors Batterer Intervention Programs throughout the state. The Office of Victim Services provides training and technical assistance as requested throughout the state. The Office of Victim Services provides referrals to appropriate community based service providers.

MAINE EMERGENCY MANAGEMENT AGENCY

MILITARY BUREAU
BUREAU OF MAINE VETERANS' SERVICES

PURPOSE:

The Department of Defense, Veterans and Emergency Management is responsible for all military, veterans and emergency management related operations within the State of Maine. Our Soldiers and Airmen are also readily available to respond to the Governor during emergencies or disasters in Maine. The Bureau of Veterans' Services provides numerous support services to Maine's 120,000 veterans and manages Maine's Veterans' Memorial Cemeteries. The Maine Emergency Management Agency is charged with all disaster mitigation, preparedness, response, recovery and Homeland Security operations within the State of Maine.

ORGANIZATION:

The Department of Defense, Veterans and Emergency Management was created by legislation in 1972 under the original name of Department of Military, Civil Defense and Veterans Services. In this legislation, the administrative offices of the Adjutant General became the Military Bureau; the former Civil Defense and Public Safety Agency became the Bureau of Civil Defense; and the former Department of Veterans Services became the Bureau of Veterans Services; with the Adjutant General designated as both Commissioner of the new department and Director of the Military Bureau.

Effective in June 1974, the 106th Legislature revised the law to direct the appointment of the Deputy Adjutant General as Director of the Military Bureau, thus freeing the Adjutant General to function solely as Commissioner of the Department. This revision also renamed the Bureau of Civil Defense as the Bureau of Civil Emergency Preparedness. Subsequently the Department was re-designated as the Department of Defense and Veterans Services.

During the 113th Legislature the Bureau of Civil Emergency Preparedness was renamed the Maine Emergency Management Agency (MEMA). At the direction of the 115th Legislature, the Bureau of Veterans Services was changed to the Division of Veterans Services. In 1995, the 117th Legislature added the requirement that the Adjutant General/Commissioner's appointment be subject to Legislative confirmation. In 1997, the 118th Legislature re-designated the department as the Department of Defense, Veterans and Emergency Management, re-designated the Division of Veterans' Services as the Bureau of Maine Veterans Services and designated its leader as the Bureau Director. In October 2001, the Department was assigned responsibility for coordinating the homeland security activities of the State, to include interface in such matters with federal, county, and local government. The Commissioner was assigned the additional duty of directing these activities. In 2007, the position of Maine Emergency Management Agency Director was changed to become a gubernatorial appointment, recommended by the Commissioner, and subject to confirmation by the State Senate. The Adjutant General was also designated as the Governor's Homeland Security Advisor (HSA) at this time.

PROGRAM:

The programs of the Department of Defense, Veterans and Emergency Management are outlined in the reports of its operating units.

PURPOSE:

The Administrative Services Division provides for centralized control in planning, data processing, budgeting, accounting, purchasing authorization, auditing, personnel management, affirmative action, training, and other administrative resources necessary to the general operations of the Department of Defense, Veterans and Emergency Management various major programs and activities.

ORGANIZATION:

The Administrative Services Division originated from a nucleus of the Adjutant General's Department in 1973 as a result of the reorganization and consolidation of State Agencies. Part of this action included the Bureaus of Veterans Services and Civil Defense.

PROGRAM:

Bureau/Agency Directors and Program Managers assist the Commissioner in the various daily operations of the department including the following tasks: developing biennial budget requests, annual work programs, and preparing financial and budget orders; initiating purchase requisitions/orders when appropriate; processing invoice and contract payments; participating in workers' compensation activities; billing for federal service contracts, and other funds due the State; maintaining revenue/expenditure ledgers, accounts receivable, and real property/capital equipment inventory control records; processing personnel actions, including labor related activities; maintaining Bureau/Agency personnel and time records; providing training and orientation sessions for supervisory personnel and new employees; conducting internal audit reviews and providing other administrative services as required.

Additionally, staff members offer a centrally coordinated information base to Program Managers to assist them in their daily operational decision-making process thereby enhancing management effectiveness through a much higher degree of control by those delegated that responsibility.

PURPOSE:

The Maine Emergency Management Agency (MEMA) statutory mission is to lessen the effects of disaster on the lives and property of the people of the State of Maine through leadership, coordination, and support, in the four phases of emergency management: mitigation, preparedness, response and recovery. The Agency coordinates the mitigation, preparedness, response and recovery from disasters or catastrophes such as forest fire, flood, earthquake, nuclear power accident, or hurricane. It also provides guidance and assistance to county and local governments in their efforts to provide protection to citizens and property. Since 2001, the Agency has been the focal point for the implementation of programs regarding Homeland Security, integrating these programs into its all-hazard mission. In 2005, statutory language was added to make MEMA the coordinating agency within state government for homeland security operational preparedness, response, recovery and mitigation. Cybersecurity has become a new focus for the Agency, working with the Office of Information Technology (OIT), the Maine State Police, Maine National Guard, and other partners to develop plans and procedures for managing cyber related incidents. In 2015, MEMA got legislative approval to establish a Cybersecurity Coordinator position who will work collaboratively with OIT and other agencies to develop a statewide cyber strategy and incident response plan.

The agency uses planning, training, exercising and public education to accomplish this mission. A five step planning process developed by the National Governor's Conference has been adopted: 1) hazards are identified; 2) mitigation actions are considered; 3) capabilities are identified; 4) procedures are developed to meet the threat; and, 5) resources are identified to aid in preparedness, response and recovery. The Agency's commitment is to develop a comprehensive emergency management plan containing guidelines flexible enough to address the unforeseen, as well as the identified hazards. Emergency plans and all other related activities are coordinated to the maximum extent possible with other departments of State and Federal agencies, county and local governments, as well as neighboring states and Canada.

ORGANIZATION:

MEMA was originally established under the Maine Civil Defense and Public Safety Act of 1949, which authorizes the Governor to establish, within the Executive Department, a Civil Defense and Public Safety Agency. A 1972 amendment, re-titled the Maine Civil Defense Act, caused the agency to be re-designated as the Bureau of Civil Defense within the Department of Military. In 1974, the Department of Military was re-designated as the Department of Defense and Veterans Services and the bureau name changed to the Bureau of Civil Emergency Preparedness. Public Law 1987, chapter 370, signed by the Governor on June 19, 1987, re-designated the Bureau of Civil Emergency Preparedness as the Maine Emergency Management Agency, effective September 29, 1987.

The Emergency Management Assistance Compact was enacted in 1998 and provides for and facilitates the use of mutual aid between states to cope with a disaster regardless of cause. The International Emergency Assistance Compact was enacted in 1999, to provide mutual aid among northeast states and eastern Canadian provinces. The Governor, through Executive Order, created the State Emergency Response Commission in April of 1987 to coordinate state government's role in carrying out Maine's planning and preparedness responsibilities for hazardous materials in compliance with Title III of the Federal Superfund Amendments and Reauthorization Act of 1986, Emergency Planning and Community Right-To-Know. The Maine Emergency Management Agency carries out the planning and preparedness activities for the Commission.

DEPARTMENT OF DEFENSE, VETERANS AND EMERGENCY MANAGEMENT

The Agency also coordinates the State Homeland Security Advisory Council (HSAC) under the chairmanship of The Adjutant General, who is also the Governor's Homeland Security Advisor (HSA). The HSAC brings together law enforcement, public health, and other safety and security officials from State departments as well as Federal offices operating in Maine, to share information and brief on emerging Homeland Security issues.

The Agency coordinates state government operations with county and local governments for emergencies resulting from natural disaster, technological hazards or national security incidents. During an emergency, the Agency's effectiveness is dependent upon representatives from numerous state agencies staffing the State Emergency Operations Center. In addition, the Agency relies upon the county and local organizations throughout the state which are comprised of paid and volunteer personnel.

PROGRAM:

The Federal Government has been granting money to the states for civil emergency preparedness (emergency management) for more than 40 years. The Emergency Management Performance Grant (EMPG) has been the primary source of funding for EMA programs at the State, County and Local levels since 1998. The Agency receives funding from FEMA for administration and administrative services. In addition, the Agency distributes EMPG funds to 16 counties to reimburse 50% of the daily operating costs of their emergency management agencies and also offers Local Capacity Grants to eligible local governments to support their emergency management programs. In addition to EMPG funding, the Agency also distributes the following grants; State Homeland Security Grants, and Operation Stonegarden grants for border protection. Agency activities are additionally supported by the USDOT Hazardous Materials Emergency Planning Grant and FEMA Dam Safety grant.

The Agency administers the Maine Dam Safety Program, which facilitates Emergency Action Planning with owners of all high and significant hazard dams in Maine, inspects State-regulated dams for both hazard and condition, and recommends action on inspection findings. The Program is funded by the State and FEMA grants. The principal grant is the National Dam Safety Program (NDSP) grant administered by FEMA.

PURPOSE:

The Military Bureau provides the Army and Air National Guard with units organized, equipped, and trained to function efficiently at authorized federal strength. Units muster on order of the Governor to perform disaster relief, control of civil disturbance or provide other support to civil authority as required. In the event of war or other national emergency, designated National Guard personnel will report for federal service on call of the President of the United States. Should the National Guard be federalized and moved out of State, other forces may be organized under the law (37-B M.R.S., Chapter 3), to be known as the Maine State Guard.

The Military Bureau was created in July 1972, under State Government reorganization legislation. It previously had been the Office of the Adjutant General, established in 1921 by the Maine Constitution. In the reorganization, the Governor, as Commander in Chief of the Maine militia, appointed the Adjutant General as administrative head of the Department of Military, Civil Defense and Veterans Services and as Director of the Military Bureau. The law has been revised several times to more appropriately reflect and meet the needs and actual functions of the Department. The most recent revisions have eliminated the requirement that the Director of the Military Bureau be the Deputy Adjutant General and changed Civil Defense to the Maine Emergency Management Agency (MEMA).

ORGANIZATION:

The Military Bureau's two components, the Army National Guard and the Air National Guard, both report to the Adjutant General. The Maine National Guard, as a professional military institution, performs a dual role. One role supports our State, and the other supports our Nation. In support of our State, the Maine National Guard provides the people of Maine with a highly skilled and disciplined military force. These Soldiers and Airmen, when called upon by the Governor, assist other State agencies during times of floods, hurricanes, forest fires, snow emergencies, and other civic needs. In its other role, the Maine National Guard acts as a supplement to the active military. In this capacity, units of the Maine National Guard can be called to Active Duty by the President of the United States in support of our national security.

PROGRAM:

The Maine Army National Guard's authorized strength is 2,020 Soldiers. These Soldiers are trained in a wide range of skills, including carpentry, plumbing, electrical, maintenance, medical, heavy equipment operations, aviation, military police, and combat arms. In the past training year, The Maine Army National Guard deployed one Soldier of the 133d Engineer Battalion to Djibouti to conduct maintenance support to our Active Component partners and trained with Canadian Forces in the Canadian led training event, Strident Tracer. The 52nd Troop Command also trained with Canadian Forces in Halifax as part of the Canadian exercise Staged Response, an Atlantic Provinces emergency response training exercise. The 120 Regional Support Group completed Annual Training Activities in Fort Indiantown Gap, Pennsylvania, Tobyhanna Army Depot, Tobyhanna, Pennsylvania, Gagetown, Canada, Camp Ethan Allen, Jericho, Vermont and at numerous training areas across the State of Maine.

The Directorate of Facilities Engineering under the Military Bureau is responsible for operating, constructing, maintaining, and repairing over 200 Maine Army National Guard facilities to include Readiness Centers, Field Maintenance and Combined Maintenance Shops, Dining Halls, Billets, an Army Aviation Support Facility, Armed Forces Reserve Centers, Warehouses, and Storage

DEPARTMENT OF DEFENSE, VETERANS AND EMERGENCY MANAGEMENT

and Administrative buildings statewide. Construction of a new Maine National Guard Joint Forces Headquarters will be completed in 2017. To date, the bond money approved by the Maine voters has supported over 29 projects at 12 locations improving the armories where Army Guardsman train. In addition to the construction projects, a 3,200 acre parcel of land has been purchased for a new training area, providing opportunities for increased unit readiness for state and national missions.

The Maine National Guard continues to support its State Partnership Program with Montenegro, specifically in the areas of logistics, human resource management, NATO environmental compliance, and emergency management. Activities include events in both Montenegro and Maine, and more than 60 Soldiers and Airman directly participated in the program, its ninth year since its inception.

The Maine Air National Guard's authorized strength is 1,155 Airmen who are combat ready to serve in Federal missions of Air Refueling, Combat Communications and Engineering Installations. The 101st Air Refueling Wing is composed of fifteen units including Groups, Squadrons and Flights and when called to active duty reports to the Air Mobility Command. The Wing provides world-wide air refueling in support of all major commands of the United States Air Force, United States Navy, United States Marines, Air Force Reserve, Air National Guard and all NATO countries. The 243rd Engineering Installation Squadron (EIS) and the 265th Combat Communications Squadron (CBCS) train for mobility. The 243rd EIS and the 265th CBCS when called to active duty report to Air Force Space Command. Their high state of readiness enables them to deploy in support of the Department of Defense worldwide. The Maine Air Guard deployed 208 personnel worldwide; maintained alert aircraft and crews 24 hours a day, 7 days a week; and processed over 12 million gallons of jet fuel. The Maine Air National Guard also stands ready to protect the lives and property of the citizens of Maine and to preserve peace, order, and public safety under the orders of the Governor.

PURPOSE:

The Maine Bureau of Veterans' Services provides support services to Maine's 140,000 veterans and their dependents. These programs include, but are not limited to advocacy, veteran/constituent briefings, housing, medical and hospital care, educational aid and compensation, vocational rehabilitation, employment, nursing homes, and burials. The seven regional offices located throughout the State provide support to veterans statewide in addition to supplementing the US Department of Veterans' Affairs claims offices at Togus, Veterans Centers in Lewiston and Springvale, and the Bangor Community Based Outpatient Clinic. The Bureau's regional offices also provide support to bedridden veterans. The State Claims Office, located at Togus, administers the claims support, quality control, and appeals advocacy program. Veterans' Service Officers cover districts and travel to itinerant office sites at least four times a month to reach as many of Maine's veterans as possible.

The Central Office, located at Camp Keyes in Augusta, administers educational benefits provided to dependents of totally disabled veterans, maintains records of military service, provides park passes, processes applications for Gold Star license plates, and organizes outreach events. Under the Bureau of Veterans' Services is the Maine Veterans Memorial Cemetery System which provides for the burial and perpetual care of eligible veterans and their dependents. The Bureau administers the Honoring a Veteran from a Grateful State Program which provides recognition for the service and sacrifice of Maine's veterans.

The Director sits on the Board of Trustees for the Maine Veterans' Homes, the Executive Council of the Governing Body for the VA Maine Healthcare System (ECGB), the Statewide Homeless Council, the State Workforce Board Veterans Employment Committee (SWB VEC), and serves as the primary public advocate for Maine veterans.

ORGANIZATION:

After the Civil War, service to veterans was provided through specific acts or laws. The earliest coordinated service to veterans was the Soldiers Board of 1919. The Bureau of Veterans' Services was created by Council Order in 1945 as The Division of Veterans' Affairs. The agency received authorization in 1947 and was established with a state office and seven local offices. In 1950, a claims office was established at the Veterans Administration Center at Togus. The Division was renamed the Department of Veterans Services in 1963. In the spring of 1970, the Maine Veterans' Memorial Cemetery became operational. Under reorganization legislation of 1972, the agency was placed within the new Department of Military, Civil Defense and Veterans' Services which, in 1974, was redesignated the Department of Defense and Veterans' Services.

PROGRAM:

CLAIMS SERVICE. The seven regional offices represented 43,079 clients during the fiscal year 2015-16. These offices also filed 1,863 claims with the US Department of Veterans' Affairs. The Claims Office at Togus, acting as the veterans advocate, filed 915 new Powers of Attorney on the behalf of veterans and/or their dependents. Actions taken by the Bureau have resulted in new awards or recoveries totaling \$25,949,78.94 by the US Department of Veterans Affairs. The Bureau also maintains the discharge records of Maine veterans who were discharged from service in the Armed Forces of the United States. Approximately 554,000 such records are now on file in the main office.

VETERANS' DEPENDENTS EDUCATIONAL BENEFITS. Dependents of permanent and totally disabled veterans may be eligible for free tuition at a state supported

institution. During the past year there were 277 students enrolled in the program at a value of \$1,454,254.65. Students attended 15 University of Maine system schools. The top three schools by amount of tuition waived was University of Maine Orono, University of Southern Maine, and the University of Maine Augusta. Nine more students enrolled in 2016 compared to 2015 but the gross tuition amount waived was \$55K less than the previous year.

MAINE VETERANS' MEMORIAL CEMETERY. The Maine Veterans Memorial Cemetery System serves veterans throughout Maine with two cemeteries in Augusta, one in Caribou, and one in Springvale. During the past year, 1,076 burials were conducted and a total of 24,529 persons have been buried in the cemetery system since its inception. Three hundred seventy eight reservations for burial were made. At the end of the year there were 5,946 reservations for future burial on file. There were 569 Certificates of Eligibility issued with a total of 13,532 certificates on file.

ACTIVITIES. The Bureau increased its legislative headcount by receiving three new positions: Deputy Director, Veterans Outreach Specialist, and Engineering Technician for the cemetery system. The Engineering Technician surveyed and mapped every burial plot in each of the four cemeteries.

The Bureau website underwent an upgrade of look and content and changed the URL from www.maine.gov/dvem/bvs to www.maine.gov/veterans. New features on the website include a comprehensive geographical representation of all services and groups that provide services to veterans throughout the State of Maine. This is the first of its kind across the entire National Association of State Departments of Veterans Affairs. The website also features an event calendar for any individual or group to post a veteran-related event as well as a step-by-step guide for filing a claim with the Veterans' Administration.

The Bureau Director served as the DVEM Designee on the legislative Commission to Strengthen and Align Serves to Maine's Veterans.

The Bureau's Veterans' Service Officer Jerry Smith was nominated and selected as the 2015 DVEM Employee of the Year.

The new Outreach Specialist attended, organized, or delegated Bureau employee attendance at 189 outreach events for veterans, veteran organizations, and/or veteran stakeholder groups within the State of Maine.

OFFICE OF TOURISM

OFFICE OF COMMUNITY DEVELOPMENT

PURPOSE:

The Department of Economic and Community Development is responsible for administering Maine's programs related to business growth, community development, tourism, and film promotion. These programs fall within four divisions: the Office of the Commissioner, the Office of Business Development and Innovation, the Office of Tourism and Film, and the Office of Community Development. In most cases the department's programs require a significant amount of interaction with other organizations in the public and private sectors.

The Office of the Commissioner is responsible for policy development, including legislative activities and participation on numerous boards, commissions and task forces; financial management, including purchasing, contracting and human resources; facilities management; the development and implementation of the State Economic Development Strategic Plan and several grant programs.

ORGANIZATION:

The department traces its roots back to the Maine Development Commission which was established in 1933. A reorganization in 1955 created the Department of Development of Industry and Commerce, and further reorganization in 1957 established the agency as the Department of Economic Development. In 1971 another reorganization reconstituted the department as the Department of Commerce and Industry, and shortly thereafter, in 1975, the department was abolished and many of its functions transferred to other agencies. As part of this process, the State Development Office was established within the Executive Department, and assumed responsibility for Maine's general business development functions. On October 1, 1987, the State Development Office was abolished to be replaced by the newly established Department of Economic and Community Development, which also assumed the development-related activities of the State Planning Office and the Department of Conservation. In 1995, the department transferred its Natural Areas, Growth Management, Coastal Zone Management and Code Enforcement programs to the State Planning Office and the Department of Conservation.

In 1996, the Department was reorganized for efficiency by consolidating the Energy Conservation Division within the Office of Business Development. This reorganization also shifted the department's primary accounting, personnel and information services functions to the Department of Administrative and Financial Services under a "clustering" arrangement, and established the Maine International Trade Center, which assumed the department's international commerce functions. In 1999, the Legislature established the Maine Technology Institute with the purpose of coordinating grants to businesses to commercialize new products and processes. The Directors of the Maine Technology Institute and the Maine International Trade Center are employees of the Department of Economic and Community Development. In 2004, the Energy Resource and Conservation programs were transferred to the Public Utilities Commission as a part of their energy office. DECD underwent a reorganization in 2003 when the Office of Innovation was established to support research and development throughout the State. In 2006, the Legislature created the Office of Small Business and Entrepreneurship in realigning the small business programs in the Office of Business Development but this office was left vacant by budget cuts in 2008. In 2012, after the State Planning Office was abolished, DECD acquired the Code Enforcement Training and Certification Program and oversight of the State-owned landfill properties.

PURPOSE:

The Office of Business Development's (OBD) mission is to foster business start-up, growth, expansion and retention, and to increase quality employment opportunities for Maine citizens. OBD works in partnership with the business community and a system of regional and local development agencies to provide resources, technical assistance and financial tools necessary to attract and encourage new investment, as well as create and retain quality jobs.

ORGANIZATION:

The Office of Business Development includes two major functional areas: business assistance and business development. These areas also include the administration of Tax Incentives Programs, Business Answers and the Regulatory Red Tape Hotline.

PROGRAM:

TAX INCENTIVES PROGRAMS: The Tax Incentives program oversees three major tax incentives: the Pine Tree Zone program (PTZ), which offers a variety of

DEPARTMENT OF ECONOMIC AND COMMUNITY DEVELOPMENT

incentives for new or expanding businesses to assist them in creating new, well-paying jobs; the Employment Tax Increment Financing program (ETIF), by which employers are reimbursed a percentage of qualified, net-new employee's state withholding taxes; and the Tax Incremental Financing program (TIF), which is driven by municipalities choosing to leverage new property taxes to drive economic growth, job creation and infrastructure improvements.

BUSINESS ASSISTANCE: The Business Answers Program responds to approximately 180 telephone and e-mail inquiries per month regarding doing business in Maine. This includes a One-Stop Business License Center and the online Business Licensing Assistant at www.maine.gov/businessanswers.

The Maine Small Business and Entrepreneurship Commission funds and oversees the Maine Small Business Development Centers program.

BUSINESS DEVELOPMENT: This office facilitates business and job growth through business attraction, expansion and retention activity. Staff provides information directly to businesses on incentives programs, technical assistance and information on labor, wages, taxes, transportation, utilities and environmental regulations. Assistance is also provided for site location; financial opportunities through federal, state and local financing programs and training opportunities through federal and state training programs.

PURPOSE:

The Maine Film Office was created by law to serve as the official liaison for the film and video production communities in the State of Maine. The Maine Film Office enhances our economy by facilitating and promoting film, television, photography and emerging media production in Maine.

ORGANIZATION:

The Maine Film Office is comprised of one Director position and is a division within the Office of Tourism at the Department of Economic and Community Development. An eleven member commission appointed by the Governor serves an advisory capacity to the Film Office.

PROGRAM:

To accomplish its objectives, the Film Office manages a number of projects and programs. The Film Office conducts primary marketing and public relations programs that market Maine as a media production location. The Film Office provides numerous resources for production professionals including the Maine Online Production Guide, an extensive website of location photographs, production information and links to Maine based production professionals and companies. The Film Office administers the Maine Attraction Film Incentive Program, financial incentives designed to attract out-of-state production and help in-state production companies. The Film Office helps productions find needed locations, Maine-based production professionals, equipment and accommodations. Projects working with the Maine Film Office provide Maine with more than \$10 million in economic impact each year.

Legislative Count: 2.00

PURPOSE:

The Office of Innovation encourages and coordinates the State's research and development activities to foster collaboration among the State's higher education and nonprofit research institutions and the business community. The office promotes, evaluates and supports research and development relevant to the State including: Technology transfer activities to increase the competitiveness of businesses and public institutions of higher education in the State; The development of new commercial products and the fabrication of such products in the State through the Maine Technology Institute and the Technology Centers; Research opportunities that create sustained, inter-institutional multidisciplinary efforts; and Coordinating cooperative efforts among government agencies, the private sector and universities and colleges on research and development relevant to Maine.

DEPARTMENT OF ECONOMIC AND COMMUNITY DEVELOPMENT

ORGANIZATION:

The Office manages the Maine Experimental Program to Stimulate Competitive Research (EPSCoR) (5 MRSA 13110), prepares the biennial science and technology plan (5 MRSA 13106), coordinates the Technology Centers (5 MRSA 15322) and oversees the Comprehensive Research and Development Evaluation (5 MRSA 13107).

The Technology Centers are established to support the early-stage development of technology-based businesses. The goals of the Centers are to accelerate the development of these businesses through one-on-one technical assistance, peer networks, classroom or other training on subjects unique to technology commercialization and the management of high-growth enterprises, mentorship programs that link senior technology executives with entrepreneurs and other networking opportunities.

The Centers complement the State's other investments in research and development by providing a supportive environment for new technology-intensive businesses. The goals of the Centers include the retention of successful start-up businesses in the State, the improvement of opportunities for workers through the creation of technologically advanced jobs and the encouragement of private-sector initiatives.

The Director works with the Maine Innovation Economy Advisory Board (10 MRSA 949) to coordinate the State's research and development activities and to foster collaboration among its higher education and nonprofit research institutions and members of the business community. In addition the Board develops and implements the state's Science and Technology Action Plan.

The Maine Technology Institute (MTI), a separate nonprofit corporation, is funded through the Office of Innovation. MTI (5 MRSA 15302) stimulates and supports research and development activity leading to the commercialization of new products and services in the state's technology-intensive industrial sectors.

PROGRAM:

The Maine Technology Institute (MTI) serves as the state's champion for the creation of a culture of innovation and entrepreneurship. Its strategy is based upon three themes: Fund, Connect, and Grow. They provide funding to companies engaged in the development of technology; connect them to the resources they need; and help them grow. MTI's investments focus on the sectors of Aquaculture & Marine Technology; Biotechnology; Composites & Advanced Materials; Environmental Technologies; Forest Products & Agriculture; Information Technology; and, Precision Manufacturing. MTI works in partnership with a wide variety of organizations focused on Technology-Based Economic Development (TBED) and entrepreneurial development and serves as the leader in this arena to combine, and coordinate, all of these efforts to increase investment, company payrolls, sales revenues as well as the further development of a base of intellectual and scientific knowledge. MTI offers a suite of funding opportunities to support technology-based economic development.

MTI is a publicly-funded and industry-led 501(c) (3) non-profit managed by a Board of Directors appointed by the Governor, with specific requirements for sector representation, financial expertise, the Chancellor of the University of Maine, the President of the Maine Community College System, the Commissioner of the DECD, and the Director of the Office of Policy and Management. MTI staff members are not State employees. The budget includes funding for a position at DECD and a position who serves as the president of the Maine Technology Institute as well as pass-through funding in support of its operations. It also allocates and manages investments in the State's technology assets as provided through voter-approved bonds. Currently, MTI manages a portfolio of approximately \$105 million.

PURPOSE:

The Maine Small Business and Entrepreneurship Commission negotiates, approves and oversees the annual contract with the US Small Business Administration's identified administrative unit, which administers the Maine Small Business Development Centers program. Additionally, the commission is responsible for the review and evaluation of State small business assistance programs, and for advising the Governor, Legislature and the Commissioner of the Department of Economic and Community Development with respect to these programs.

ORGANIZATION:

The Commission consists of the Commissioner of the Department of Economic and Community Development, the CEO of the Finance Authority of Maine, a designee of the administrative unit, three public members appointed by the Commissioner of the Department of Economic and Community Development, the chair of the Maine Small Business Development Centers (SBDC) Advisory Council and the House and Senate chairs of the Joint Standing Committee of the Legislature having jurisdiction over Business, Research and Economic Development matters.

PROGRAM:

The most comprehensive statewide program of small business assistance available in the State of Maine is delivered through the Maine Small Business Development Centers (Maine SBDC) network headquartered at the University of Southern Maine. The Maine SBDC program receives funding through the Maine Small Business and Entrepreneurship Commission with the balance provided by the US SBA, the USM School of Business, and local hosting organizations. The Maine SBDC also generates income via registration fees for its training events.

Utilizing its 14 certified business advisors at contracted host organizations, the SBDC offers advice, technical assistance, hosts workshops and provides assistance on how best to access capital to start-up or existing small businesses in Maine. In FY16, its counselors worked with 1,565 clients creating or saving 763 jobs, launching 95 new businesses and helping its clients access \$44,730,031 in capital. For more information, contact the Maine SBDC Office at (207) 780-4420 or visit their website at www.mainesbdc.org

PURPOSE:

The Office of Tourism was created by law to serve as a single, official spokesperson on State tourism policy with the authority to implement marketing, management and research programs. The office's broad directive is to promote Maine as a four season destination to both consumers and the trade. The office includes the Maine Film Office which is responsible for the promotion of Maine as a location for film and video production.

To accomplish its mission, the office is authorized to: conduct research to determine market demand; implement public relations and promotional programs designed to market Maine's travel-product; print materials as needed to fulfill requests for information about Maine by consumers and the travel trade; encourage the development of travel-product facilities and attractions; operate tourist information centers; serve as a liaison between private industry groups and local, state, and federal agencies involved in tourism promotion and development; and provide basic support and discretionary grants to regional tourism agencies.

ORGANIZATION:

The Office is supervised by the Director of Tourism, who oversees the activities of six professional and one support staff, and one professional person in the Maine Film Office.

PROGRAM:

During the past year the office engaged in promotional efforts that included digital, social, broadcast and print media advertising, editorial promotion, publication of a quarterly electronic magazine, domestic and international sales, participation in consumer travel and trade shows, strategic marketing partnerships, presentations before professional, consumer and media groups, and fulfillment associated with the promotional efforts. Local outreach programs continue and include informational seminars, workshops and conferences with elements of the Maine tourism industry. The office provides oversight of the State visitor centers through contract management.

PURPOSE:

The Office of Community Development (OCD) provides financial assistance to municipalities for community revitalization, enhancing economic growth and planning. The OCD accomplishes this by providing technical assistance and grant funds (through a competitive application process) to municipalities to assist with economic development initiatives; develop, repair and establish public facilities, services and infrastructure; create and/or to rehabilitate affordable housing units and plan for future growth.

ORGANIZATION:

The Department of Economic and Community Development assumed responsibility for administration of the Community Development Block Grant (CDBG) program in October 1987, when it was transferred from the State Planning Office. The program is funded by the U.S. Department of Housing and Urban Development and administered by a professional staff of six full-time employees.

In 2012, the Code Enforcement Training and Certification Program and oversight of the state-owned landfill properties were transferred from the former State Planning Office to the Office of Community Development. This Office also supports the Maine Made Program, Co-Working Development Fund and the Brownfields Revolving Loan Fund.

PROGRAM:

The Community Development Block Grant (CDBG) Program distributes funds to municipalities in two general areas; community development and economic development. The primary focus is to benefit low and moderate-income persons, but may also be used to address slums and/or blighting conditions, or for the purpose of addressing conditions having a particular urgency because of serious health/safety conditions affecting the community. CDBG funded programs include Public Infrastructure, Public Facility, Housing Assistance, Micro Enterprise Program, Workforce Development, Downtown Revitalization, Urgent Need and Economic Development. The OCD also offers technical assistance to communities that want to access the program and to provide information on other available funding resources. The state program is not available to the communities of Auburn, Bangor, Biddeford, Lewiston, Portland and all of Cumberland County except Brunswick and Frye Island. These are entitlement communities, which receive an annual allocation directly from the U.S. Department of Housing and Urban

PURPOSE:

To provide leadership, focus, support and information to assist Maine school systems and the greater community in achieving high performance for all students and in preparing all Maine students for college, career and citizenship. The Maine Department of Education is dedicated to the principle that students must receive a world-class education in order to participate in the global economy and contribute to the democratic ideals of the nation, while reflecting the values of local communities. We recognize that quality education is the cornerstone that ensures all Maine students will be prepared for work, postsecondary education, citizenship and personal fulfillment. The way to accomplish these goals is through an integrated and seamless educational system from pre-school through college that ensures this outcome. This system must be founded on commonly agreed upon standards, diverse learning opportunities, comprehensive professional development, and a comprehensive assessment program that informs teaching and learning. We continue to set high expectations for our public school system to provide all students an equitable opportunity to receive a world-class education and have established a blueprint for Maine education that will launch our students for careers, college and citizenship in the global economy.

ORGANIZATION:

The Department is organized in a team structure that includes the Leadership Team, School Finance and Operations Team, PK-Adult Education and Federal Programs Team (Learning Systems), Learning Through Technology Team, Special Services Team and Education in the Unorganized Territories.

PROGRAM:

All Department teams, and the programs, initiatives and activities they carry out, are aligned to and reflect a commitment to achieve this vision. The overall emphasis of the Department of Education is to ensure that each child in Maine has access to meeting the standards of Maine's Learning Results and the federal Every Student Succeeds Act (ESSA) through comprehensive educational planning and leadership. The Department is authorized to supervise, guide and plan a coordinated system of public education for all Maine people; to interrelate public education to other social, economic, physical and governmental activities, programs and services; to encourage and stimulate public interest in the advancement of education; and to encourage training and development for educators in cooperation with local school officials.

DEPARTMENT OF EDUCATION

PURPOSE:

The PK-20/Adult Education and Federal Programs Team (Learning Systems) is comprised of Regional Services, Curriculum Content and Instructional support, Career and Technical Education (CTE), state and local Assessment and Accountability, Advanced Placement, Agriculture Education, Health education, Student support services, including bullying prevention programs, related programs and an Education Team/Policy Director. This team also administers a number of federal programs including the Adult Basic Education Grant, Carl Perkins Vocational, George Briggs Grant, and ESEA federal programs and grants. The PK-20/Adult Education and Federal Programs Team (Learning Systems) coordinates, manages, and supervises the services related to a wide array of instructional programs, activities, supports and requirements for all Maine learners and provides leadership to the field in its conduct of those functions. While its focus is on programs operated through Maine's public schools, its scope is pre-school through adult education. Its activities cover state, federal, private and foundation funded educational activities through the post-secondary level. This team reviews and testifies on legislation regarding education and develops rules as directed by legislation; collects and analyzes student data for performance and other required elements, and summarizes that data for public reports and policy direction; provides technical assistance and staff development to school personnel on instructional items and program operations. This team provides support services, is responsible for grant processing and approvals for vocational and adult students, enters into contractual and inter-agency agreements where appropriate for the delivery of services. This team has provided support to Department of Health and Human Services in their agency's oversight of Refugees grant funding. The team provides assistance to local school systems and Career and Technical Education Centers administrators, teachers, staff and communities across the State to implement and integrate: standards-based initiatives including Learning Results, the knowledge and skills essential to prepare students for college, careers and citizenship; comprehensive state assessment systems to measure student achievement of the Accountability Standards and Learning Results: Parameters for Essential Instruction; graduation requirements, industry standards, high school redesign, support services to assure students fair and appropriate opportunities to achieve the Learning Results through multiple pathways and opportunities; and approval and support of CTE programs. Team members play a leadership role by providing a direct link from the field to the Department and by forging and supporting a variety of regional partnerships and collaborative efforts to enhance the ability of local school systems and CTE centers to undertake results-based systemic educational improvement efforts.

ORGANIZATION:

The current organizational structure was established by the Commissioner in 2006 and 2007 and further consolidated in 2009, due to leadership staff reductions and as part of the Department reorganization. This organization brings together all the program areas of curriculum instruction and assessment across both PK-20 programs and career and technical programs. The PK-20/Adult Education and Federal Programs Team (Learning Systems) was created through the restructuring of the Department approved by the 116th Legislature. Eight team members are assigned to represent and serve the nine regions that are designated by the Maine School Superintendents' Association: York, Cumberland, Western Maine, Kennebec Valley, Midcoast Maine, Penquis Valley, Washington, Hancock, and Aroostook. The PK-20/Adult Education and Federal Programs Team consists of educational support service functions that formerly cut across two educational bureaus and four divisions. A number of advisory committees and task forces are integral components of this team's management, informational, and decision making structure. The design provides information, professional development, technical assistance and research and development in curriculum, instruction, and assessment in the content areas of the Learning Results; student support services, including those students with special needs and/or English learners; and comprehensive school improvement and reform. The PK-20/Adult Education and Federal Programs Team (Learning Systems) staff work at the district level, across districts in a region, across regions and statewide on a variety of purposes. Team members work collaboratively with external organizations, agencies and other internal teams to assure comprehensive, integrated and coordinated services to the field. Work at the national level is done to reduce state costs by sharing costs with other states.

PROGRAM:

Staff on this team provides a wide array of services to the school systems

DEPARTMENT OF EDUCATION

regionally and statewide. They provide technical assistance and support to superintendents, administrators, teachers and other education staff to coordinate local and regional efforts to implement the Learning Results; identify and broker professional development opportunities matched to the needs of educators and school systems; work with regional groups and organizations to establish or enhance partnerships and collaboratives; collaborate with a variety of agencies, educational institutions, organizations, and partners; provide expertise in curriculum content areas and other special areas of expertise statewide. They provide expertise in the design and implementation of the state's content standards; the design and construction of Maine's statewide assessment system; in the development of assessment systems and the approval of Career and Technical Education programs and the administration of the Carl Perkins funds, NCLB Title's I, II, III, IV and VI, Adult Education including the high school equivalency exam and adult diplomas, Federal Adult Basic Education, and Family Literacy Programs, Alternative Education and Maine's dropout office, Migrant Education Program and Language Instruction for Limited English Proficient and Immigrant Students. The PK-20/Adult Education and Federal Programs Team (Learning Systems) develops and implements the Maine" Comprehensive Assessment program for grades 3-8 and High school, which includes the Maine Educational Assessment, the Maine Alternative Assessment for severely, cognitively delayed learners, Maine's English language proficiency assessment, scoring guide development of the state's content standards and the National Assessment of Educational Progress. Team members also implement initiatives of the Commissioner. The team is expanded in the actual work to include all of the content specialists in both regular and Career and Technical Education (CTE) programs. Members of this team work with the Higher Education Sub-Team to advocate for increased quality and diverse student entry into post-secondary education.

PURPOSE:

This Team is comprised of three sub-teams; the School Finance, Compliance & Governance sub-team, the Data sub-team, and the Child Nutrition sub-team. The School Finance, Compliance & Governance sub-team administers the Essential Programs and Services Funding Act, controls distribution of state subsidies for all school administrative units and collects statutorily required financial data from all school administrative units. This sub-team also provides technical assistance to school units regarding school closings, school board re-apportionment, withdrawals from school units, school-based Maine Care,

DEPARTMENT OF EDUCATION

Postsecondary Options (Aspirations) program, and calculates the annual tuition rates for public and some private schools. This sub-team oversees the Compliance section which reviews all audits of school administrative units and other entities receiving educational funds and administers compliance review of all State approved school construction projects. The Data sub-team provides data management support including the collection, control, processing, production, and dissemination of financial and statistical data in support of most departmental programs including Teacher Certification, Nutrition, Special Education, Career and Technical Education, and Local Staff Information as well as legislative, federal reporting, local school units, and public needs. This sub-team also administers local school unit reporting of staff student data to meet state and Federal reporting requirements for calculation of State support of local education and accountability of programs. The Child Nutrition sub-team provides nutrition education training, and technical and financial assistance for the provision of USDA breakfast, lunch, after school snack, and fresh fruits and vegetables programs to public and private school, charitable and residential child care institutions and summer camps.

ORGANIZATION:

The Team functions organizationally in three sub-teams. The School Finance, Compliance & Governance sub-team consists of seven positions (five supported by General Purpose Aid for Local Schools). The Data sub-team consists of five positions (supported by General Purpose Aid for Local Schools). The Child Nutrition sub-team consists of nine positions (seven supported by federal funds).

PROGRAM:

The School Finance, Compliance & Governance sub-teams annual production goals were met with completion of all programs. In the General Purpose Aid Support Services, the actual distribution of the 2015-2016 State school subsidies of \$983.6 million was processed and analysis and information were prepared and distributed for the 2015-2016 subsidy program and legislative actions. The legislative program in school financing, including the submission of actual costs and the Commissioner's funding levels for the subsequent year, was prepared in accordance with the Essential Programs and Services Funding Act, Title 20-A M.R.S.A., Chapter 606-B. This team also works with the Data sub-team to provide data to meet federal reporting requirements. The Data sub-team provides management support and the collection, processing, and production of educational data in order to meet State and federal reporting requirements and funding allocations. This sub-team provides for the dissemination of financial and statistical data in support of most departmental programs including Teacher Certification, Nutrition, Special Education, Career and Education, and Local Staff Information as well as legislative, federal reporting, local school units, and public needs.

The Child Nutrition sub-team reimbursed \$50,016,789 in Federal and State funds to schools and other food service sponsors for serving nutritious meals to school children. Meals subsidized in whole or part during the 2016 School Year included 16,115,135 school lunches, 8,093,521 school breakfasts and 621,979 after school snacks. The Child Nutrition team also reimbursed \$1,905,207 to schools that offered fresh fruit and vegetables as a snack. The Summer Food Service Program made available \$2,457,377 in meal and administrative reimbursement to schools, other sponsors, and government agencies. Total meals served in the summer were 711,514. USDA commodity foods valued for all programs at \$4,180,286 were allocated and distributed.

PURPOSE:

The Special Services Team provides leadership, management, coordination and supervision of programs and services provided in accordance with the Individuals with Disabilities Education Act (IDEA) to children with disabilities birth to 20 years old. Activities are directed at the goal of enhancing the performance of children with disabilities. It also works with contracted educational organizations, including institutions of higher education and private organizations and service providers. The Special Services Team proposes reviews and participates in the legislative process regarding education and services for children with disabilities. It develops, promulgates and enforces regulatory requirements in alignment with state and federal statutes and regulations. It is responsible for the collection and analysis of student and school performance data that are reported publicly in conformance with federal and state obligations. Responsibility includes administration of the federal Individuals with Disabilities Education Act, Parts B (children with disabilities age 3- 20) and C (children with disabilities birth -2, as needed, in collaboration with Child Development Services), as well as the Assistive Technology Act of 1998, as amended (AT Act).

ORGANIZATION:

The Special Services Team is organized under the following structure: Unit A for due process, general supervision of special purpose private schools, the state agency client program and the surrogate parent program; Unit B is for technical assistance, professional development, support and general supervision of public schools, including charters; and Unit C is for fiscal monitoring of public school special education programs, and data (including the State Performance Plan and the Annual Performance Report). Several personnel are assigned to due process

functions which are established by law to resolve disputes about programs for students with disabilities. The work is informed by several advisory groups including: the Assistive Technology Advisory Council, the Interdepartmental Coordinating Committee for IDEA, Part C, and the State Advisory Panel for IDEA, Part B, and the SPDG State Personnel Development Grant Advisory Committee.

PROGRAM:

Special Services Team personnel provide leadership and support for an array of services to schools, locally, regionally and statewide. Support is also provided to interdepartmental activities that include: Memoranda of Understanding with the Departments of Health and Human Services, the Department of Corrections, and a Letter of Understanding with Maine Indian Education. In addition, the Special Services Team collaborates with regular education, certification, school approval, and assessment. Maine's Unified Special Education Regulations Birth to Age Twenty (MUSER) support alignment of services with those provided to eligible children birth-2 years and 3-5 years by Child Development Services statewide, and implementation of the Assistive Technology Act Program in collaboration with the University of Maine System and a network of public and private entities.

LICENSES:

Special Services collaborates with other state agencies to ensure appropriateness of special education personnel licensing and associated program and services costs.

PUBLICATIONS:

Maine Unified Special Education Regulations Birth to Age Twenty and guidance documents, as well as, state and local educational agency performance indicator data as specified by IDEA.

PURPOSE:

This team is charged with oversight and implementation of State-led education technology programs and library/media services. These include the Maine Learning Technology Initiative (MLTI), District Learning Technology Plans, The Maine School and Library Network (MSLN), the Maine Online Learning Programs (MOLP and AP4ALL), and Library/Media center support. The MLTI distributes equipment, services, technical support, and professional development in support of Maine

statute Title 20-A, Chapter 801, section 19101 which defines the program. Management of MLTI includes procurement, contract management, and on-going support for over 80,000 wireless laptop and tablet computers, wireless network infrastructure in each of 375 public schools (K-12), and professional development activities in support of over 14,000 educators, administrators, and technology support specialists. The MSLN provides advanced broadband Internet connectivity to virtually all K-12 public and private schools in Maine through a cooperative effort of the Maine Department of Education, Maine State Library, Maine Office of Information Technology, and the University of Maine System. Together, these agencies have formed NetworkMaine which serves as the entity that procures services, manages contract relationships with telecommunications providers, and coordinates with schools and public libraries to ensure that schools and libraries have sufficient broadband Internet connectivity to support their educational and public service needs. NetworkMaine, a cooperative effort between DoE, MSL, OIT, and UMS, provides administrative and operational support of the Maine School and Library Network, which is largely funded by the Maine Telecommunications Education Access Fund (Maine Revised Statute Title 35-A, section 7104-B) and the federal E-Rate program. It also provides oversight and management of Federal E-Rate funds on behalf of Maine schools and libraries which when combined with MTEAF provides funding to support all network operations and management.

ORGANIZATION:

The Team is comprised of seven positions (supported by General Purpose Aid for Local Schools).

PROGRAM:

Staff on this team provides a wide array of services and technical support to school systems, teachers, and other organizations across the state. This is done by staff and through contracted services managed by the staff (i.e. Hewlett Packard, Apple, Inc., Maine Distinguished Educators, CEPARE, etc.) They provide direct technical assistance to schools in the form of professional development for teachers, administrators, and technology support specialists as well as project management support. The team coordinates with other professional development efforts within the Department of Education as well as with other organizations in Maine. The team provides school and regional in-person professional development opportunities as well as online professional development opportunities, and is collaboratively developing a micro-credentialing program. In addition, the team creates professional development content for online publication. The team also coordinates and partners with organizations from outside of Maine to provide educational content and expertise that is not otherwise available in Maine. The staff manages relationships and cooperative agreements with the University of Maine System in order to provide broadband Internet connectivity to schools and libraries in Maine. These efforts also include collaborations with Maine's Federal congressional offices, the Federal Communications Commission, and other national organizations in support of continued Federal E-Rate funding. The team supports the use of Open Education Resources (OER). OER allow teachers to leverage, modify to local need, and distribute to students free, digital content in lieu of traditional media (textbooks). The team provides support to school library/media specialists with a goal of enhancing classroom instruction through the effective use of library and media services. In addition, through the approval of online providers, the team provides support to both providers and schools with making available high quality online instruction and learning opportunities to Maine students, helping to eliminate geographic isolation and local capacity issues. The team administers the AP4ALL online course program that provides free, rigorous, online Advanced Placement (AP) courses to any Maine public school student. AP4ALL provides opportunities for all Maine students to participate in an AP course regardless of the local school's capacity to offer these courses. AP4ALL currently offers 22 different AP course offerings, most of which are eligible for dual enrollment (college credit) from the University of Maine Fort Kent.

PURPOSE:

Public Law 2013, chapter 368 changes the method for funding normal costs of teacher retirement. Beginning in fiscal year 2014, the normal cost of retirement for a teacher is reflected in the General Purpose Aid for Local Schools expenditures for School Finance and Operations Team Unit and included in the costs for the school administrative unit that employs the teacher. The remaining employer retirement cost component is the unfunded actuarial liability, which forms the expenditures for teacher retirement.

PURPOSE:

The mission of Education in the Unorganized Territories (EUT) is to deliver a comprehensive range of educational services to all eligible pupils aged 3 to 20 who are legal residents of the Unorganized Territory of Maine. Title 20-A, Chapter 119 establishes the Commissioner's statutory authority to provide elementary and secondary schooling through the operation of schools in the unorganized territory or to provide resident pupils with transportation services and tuition in order to attend school in the nearest public school system. A total of approximately 956 pupils reside in the unorganized territory.

DEPARTMENT OF EDUCATION

ORGANIZATION:

Education in the Unorganized Territories consists of a Director of State Schools EUT, an Education Specialist III who serves as the Director of Special Education for the unorganized territory, a Business Manager, a Secretary Specialist and a full-time Accounting Associate I. All positions except the Director of Special Education are located at the central office in Augusta.

PROGRAM:

Education in the Unorganized Territory is responsible for the operation of three elementary schools with a total enrollment of approximately 106 pupils (Connor, Edmunds, and Kingman). Employees in these schools include teacher / principal, teachers, office assistant IIs, teacher aides, janitors / bus drivers and cooks. Transportation for these schools is provided through the operation of 9 buses. In addition, approximately 850 pupils are tuitioned to approximately 75 local school systems, with transportation provided through the operation of 13 buses and approximately 9 contracted conveyances. In addition, the UT works collaboratively with 21 LEA (Local Education Agency) to coordinate bus routes to transport UT children to and from school. Pupils who reside in more remote locations are provided educational services through a variety of alternative methods such as room and board in lieu of transportation, tutors, and home schooling.

BOARD OF ENVIRONMENTAL PROTECTION

PURPOSE:

The Department of Environmental Protection is charged by statute with protecting and improving the quality of our natural environment and the resources which constitute it, and with enhancing the public's opportunity to enjoy the environment by directing growth and development in a sustainable fashion. The Department, through authority vested in the Commissioner and the Board of Environmental Protection, exercises the policy powers of the State to prevent the pollution of the natural environment. It recommends to the Legislature measures for the improvement of environmental protection, administers grants, issues licenses and initiates enforcement actions. The department negotiates agreements with federal, state and municipal agencies, administer laws relating to the environment and educate the public and regulated community on environmental issues and obligations.

ORGANIZATION:

On July 1, 1972, the Department was formally created with a broad mandate of responsibilities extending to air, land, water, waste and other environmental areas of concern.

PROGRAM:

The Department of Environmental Protection's activities, goals, objectives and plans are reflected in the reports of the individual bureaus, programs and specific initiatives.

The Bureau of Air Quality administers state air pollution laws and the Federal Clean Air Act. The bureau conducts air monitoring and modeling, licenses air emissions, enforces license conditions and manages technical data.

The Bureau of Remediation and Waste Management is responsible for responding to discharges or spills of oil products or hazardous matter; directing the cleanup or mitigation of adverse effects associated with uncontrolled hazardous substance sites; and managing hazardous wastes, hazardous substances, petroleum products and biomedical waste; administering the State's solid waste facility licensing program, the asbestos and lead abatement programs, and the sludge and residuals landspreading program.

The Bureau of Water Quality is responsible for assessing the quality of Maine's waterways, licensing waste water discharges and reporting water body uses and recommended classifications to the Legislature.

The Bureau of Land Resources is responsible for administering the laws and regulations related to a wide range of land development activities, including large-scale developments, stormwater, impacts to natural resources (ponds, streams, wetlands, etc.), mining and gravel pits, shoreland zoning, and hydropower facilities. The Bureau also performs compliance and enforcement tasks to ensure land development activities are in compliance with the licenses issued.

LICENSES:

Licenses: Air Emission, Oil Terminal Facility, Hazardous Waste Treatment Facility & Storage Facility, Hazardous Waste Transporter, Vessels at Anchorage, Waste Oil

PURPOSE:

The Bureau of Air Quality implements state air pollution laws and the federal Clean Air Act, and administers the Department of Environmental Protection's accounts and environmental data management systems. The Bureau issues air emission licenses, assesses ambient air impacts from emissions, ensures compliance with state and federal air emission regulations, monitors ambient air quality, manages data systems to measure environmental impacts and program performance, and manages financial transactions for environmental protection program implementation.

ORGANIZATION:

The Bureau consists of the Division of Licensing and Compliance, the Division of Air Quality Assessment, and the Division of Resource Administration.

PROGRAM:

The Licensing and Compliance Division issue air emission licenses and ensures compliance with state and federal laws for stationary sources. The Licensing Section performs technical reviews of license applications, evaluates emission control technologies, identifies applicable state and federal regulatory requirements, provides technical assistance and drafts licensing documents. The Mobile Sources Section ensures new vehicles sold in Maine meet low emission standards; and conducts inspections of trucks under the statewide heavy-duty diesel-testing program, and on-board diagnostic inspections for Cumberland County's enhanced motor vehicle inspection program. The Compliance Section provides compliance assistance, conducts facility inspections, reviews compliance reports, and investigates and responds to complaints from the public. The Enforcement Section resolves discovered or reported violations through education or formal enforcement actions, and reviews facility emission testing.

The Air Quality Assessment Division monitors ambient air quality across the state, performs air chemistry analytic work and conducts data assessments for air quality trends and forecasts. The Monitoring Section operates and maintains the State's air quality monitoring networks for a variety of pollutants following federal requirements and reports all monitoring results to EPA. The Laboratory and Quality Assurance Section analyzes canister samples for over 100 Hazardous Air Pollutants (HAPs) and particulate matter filters for over 30 trace metals, both primarily collected at ambient sites but occasionally from a source's stack emission points operates a Photochemical Assessment Monitoring Station (PAMS) for reactive oxides of nitrogen (NO_x) and volatile organic compounds (VOCs); and provides quality assurance support for all monitoring activities, including calibration standards and performance audits. The Atmospheric Science & Analysis Section assesses ambient air quality data for trends, issues daily state-wide ozone and particle pollution forecasts, and performs complex regional technical data analyses.

The Resource Administration Division performs agency-wide functions in three areas: Environmental Data Management; Collections, Claims and Cost Recovery; and Account Management. The Environmental Data Management team manages databases and environmental data for analysis, reporting, and federal submissions. The Collections, Claims and Cost Recovery Section pursue collection of environmental and licensing fees, and processes oil contamination damage and reimbursement claims. The Account Management team reviews and tracks department expenditures; develops and administers internal controls; and supports grant, loan and contracting activities.

PURPOSE:

The Bureau of Land Resources is responsible for administering environmental laws designed to protect and improve the quality of Maine's land resources and for reviewing land development projects that may have an adverse impact on the natural environment and protected natural resources of the state. The Bureau also administers mercury reduction, toxics use reduction and end of life product stewardship programs; and implementation of recycling and waste diversion programs. Climate change and adaptation issues are also studied for potential impacts to our natural and built environment.

The Bureau administers the: Site Location of Development Act; Natural Resources Protection Act; Mandatory Shoreland Zoning Act; Maine Waterway Development and Conservation Act; Stormwater Management Law; Erosion and Sedimentation Control Law; Performance Standards for Excavations for Borrow, Clay, Topsoil, or Silt; Performance Standards for Quarries; the Maine Wind Energy Act; and state water quality laws.

The Bureau receives some federal funding under the Coastal Zone Management Act in return for state-level administration of the state's core environmental laws. The Bureau is also responsible for the completion of Federal Consistency reviews in conjunction with the Maine Coastal Program at the Maine Department of Agriculture, Conservation and Forestry.

ORGANIZATION:

There are two divisions in this bureau: the Land Division and the Sustainability Division.

PROGRAM:

The Land Division reviews applications under the Site Location of Development Act, the Natural Resources Protection Act, and the Stormwater Management Law. The Division also oversees the regulation of borrow pits, quarries, and the implementation of the Shoreland Zoning Act. Division Field Services staff are responsible for licensing, complaint resolution, compliance inspections, education and outreach and enforcement actions. The Division also issues licenses and water quality certifications to hydropower facilities.

The Sustainability Division merges a number of cross-media programs, including: waste reduction, recycling, composting and reuse programs; and product stewardship program activities and compliance. Included are the mercury-added product initiatives as well as the recycling of used electronics program. The

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Division also administers Maine's "Bottle Bill" program, including the licensing and renewal of redemption centers, and the registration of beverage container labels. The Division's greenhouse gas and climate adaptation role focuses on Maine's strategy for addressing potential impacts from climate change including changing water levels, species migration and related effects.

LICENSES:

Site Location of Development permits; Natural Resources Protection Act permits; Stormwater Management Law permits; Borrow, Clay, Topsoil, Silt and Quarry notices; 401 Water Quality Certifications; Coastal Zone Management Consistency Determinations; Hydropower Permits; Shoreland Zoning Municipal Ordinance Approvals; Redemption Center Licenses.

PURPOSE:

The Board of Environmental Protection (Board) is charged with providing informed, independent and timely decisions on the interpretation, administration and enforcement of the laws relating to environmental protection, and with providing for credible, fair and responsible public participation in Department decisions. The Board fulfills its purpose through major substantive rulemaking, decisions on applications of statewide significance, decisions on appeals of the Commissioner's licensing and enforcement actions, and recommending changes in the law to the Legislature.

ORGANIZATION:

The Board consists of seven members appointed by the Governor, subject to review by the joint standing committee of the Legislature having jurisdiction over natural resource matters and confirmation by the Senate. Members are selected to represent a broad range of professional backgrounds and experiences. At least three members must have technical or scientific backgrounds in environmental issues and no more than four members may reside in the same Congressional District. Members serve four-year terms, and a member may not serve more than two consecutive four-year terms. The Governor appoints one member to serve as

DEPARTMENT OF ENVIRONMENTAL PROTECTION

chair. The Board is staffed by the Executive Analyst. Members receive \$55 per day for each meeting or hearing attended and reimbursement for travel expenses incurred while attending meetings, public hearings or participating in other official Board business. Regular meetings are generally held twice monthly in Augusta; additional meetings and hearings are scheduled by the Board as needed to address pending matters. Four members of the Board constitute a quorum for the purposes of opening a meeting and for a vote of the Board.

PROGRAM:

The Board generally meets on the first and third Thursdays of each month to undertake its work including major substantive rulemaking, appeals of licensing or enforcement actions, and review of certain applications of statewide significance. The Board's agenda and the documents presented for Board consideration are available on-line for public review prior to each Board meeting. [http://www.maine.gov/dep/bep/index.htm]

LICENSES:

The majority of license applications are processed at the Department staff level and decided by the Commissioner; however, state law provides that certain license applications will be decided by the Board including applications for certain projects of statewide significance.

PUBLICATIONS:

Fact Sheets and Information Sheets providing guidance on public participation in Board proceedings and periodic reports to the Legislature are available on-line at [http://www.maine.gov/dep/bep/index.htm].

 M.R.S.A., Sect.:
 Legislative Count: 40.00

PURPOSE:

The Bureau of Water Quality is responsible for administering environmental laws designed to protect and improve the quality of Maine's surface. The Bureau administers the state water quality laws, as well as the delegated federal National Pollutant Discharge Elimination System (NPDES) program that includes the Phase I and Phase II stormwater programs. The Bureau receives federal funding under the Federal Clean Water Act in return for state-level administration of those core laws.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

ORGANIZATION:

There are two divisions in this bureau: the Division of Water Quality Management and the Division of Environmental Assessment.

PROGRAM:

The Water Quality Management Division regulates the discharge of pollutants to surface or ground waters of the State as authorized under the Protection and Improvement of Waters Law and the Federal Clean Water Act. Its activities include licensing, compliance, and enforcement. The Division also oversees the operation of all wastewater treatment facilities, certifies wastewater treatment operators and provides technical assistance.

In addition, the Water Quality Management Division administers funding programs for the planning, design and construction of wastewater treatment facilities. These include the State Revolving Fund (SRF) which funds rehabilitation and upgrade projects to maintain Maine's existing inventory of municipal wastewater treatment and collection facilities. They also include the Small Communities Grant program, which focuses on remediating failing septic systems throughout the state, the Overboard Discharge Removal Program, which provides grants for the removal of certain systems as obligated under current law, and the Boat Pumpout Grant Program that provides grants for boat pumpout facilities.

The Division of Environmental Assessment is responsible for monitoring and assessing ground/surface water quality to provide the scientific foundation for the land and water regulatory programs as well as for developing environmental indicators to evaluate program effectiveness. The Division oversees the development of the biennial Integrated Water Quality Monitoring and Assessment Report, Surface Water Ambient Toxics Monitoring Program, the Dioxin Monitoring Program, the Lakes Program, and the Invasive Aquatic Species Program, and does quality assurance and control of the Volunteer Lake Monitoring Program. Services include biological, toxicological, and water quality computer modeling of wastewater impacts, complete ambient monitoring, and investigative capabilities. The Division also coordinates regulatory/non-regulatory approaches that are tailored to problems in specific watersheds and administers the Nonpoint Source Program under section 319 and section 604b of the Federal Clean Water Act. The Division assists with education and outreach and public awareness campaigns to carry out these programs.

LICENSES:

Waste Discharge Licenses; Maine MEPDES permits; Certificates of Tax Exemptions; 401 Water Quality Certifications; IRS Certifications for five year amortization and for tax exempt bonding.

Legislative Count: 127.00

PURPOSE:

The Bureau of Remediation and Waste Management administers Maine's oil, hazardous material, and solid waste management programs, including: emergency response for oil and hazardous materials spills; regulation of aboveground and underground oil storage facilities; certification of underground oil storage facility installers and inspectors; licensing of waste facilities, waste transporters, oil terminals, and spreading sites for septage, sludge and other residuals; oversight of asbestos and lead management and disposal; investigation and cleanup of uncontrolled hazardous substances sites; coordination with EPA on investigation and clean-up of Superfund sites; and implementation of the Brownfields and Voluntary Response Action Programs. The Bureau also manages the Maine Ground and Surface Waters Clean-Up and Response Fund, the Hazardous Waste Fund, the Uncontrolled Sites Fund, and the Solid Waste Management Fund, as well as bond accounts for uncontrolled sites and landfill closure. The Bureau provides staff support to the Clean-up and Response Fund Review Board and the Board of Underground Storage Tank Installers.

ORGANIZATION:

The Bureau consists of the Divisions of Materials Management, Petroleum Management, Remediation, Response Services, and Technical Services. The Bureau has staff in Department offices in Augusta, Bangor, Portland and Presque Isle.

PROGRAM:

The Division of Materials Management is responsible for regulatory oversight, assistance, and outreach concerning liquid residuals and solid and hazardous waste facilities and activities. The division supports and encourages the handling of materials in ways that are consistent with Maine's solid waste management hierarchy. The Division of Petroleum Management is responsible for regulatory oversight, assistance, and outreach for petroleum facilities (such as oil terminals), aboveground storage tanks, and underground storage tank facilities. The division is responsible for investigating and mitigating risks posed by the release of petroleum. The division processes applications from owners and operators of underground oil storage facilities to the Maine Ground and Surface Waters Clean-up and Response Fund. The Division of Remediation investigates and mitigates risks posed by uncontrolled hazardous substance sites. The Division coordinates with the U.S.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Environmental Protection Agency and the Department of Defense on the investigation and clean-up of federal Superfund sites and formerly used defense sites in Maine. The Division administers the lead and asbestos abatement programs. This division is also responsible for reimbursing municipalities for the state share of closure costs at former solid waste landfills, and investigating and mitigating the risks posed by these closed landfills to adjacent landowners. The Division oversees private investigation and remediation under the Voluntary Response Action Program, and facilitates such action by administering the federal Brownfields Grant program.

The Division of Response Services is the lead entity for response to oil spills in Maine, and is the co-lead, along with the appropriate public safety agency, for the assessment and remediation of hazardous materials releases in Maine. This division responds to reports of spills and threatened releases of petroleum products and hazardous materials, responds to reports of incidents involving weapons of mass destruction, radiation, and clandestine drug labs, coordinates emergency clean up, and provides training to local fire departments and to the state's hazardous materials teams.

The Division of Technical Services provides technical support to the Bureau's other divisions and programs in the areas of engineering, geology and chemistry. The division plans and implements the cleanup of long term petroleum remediation sites, provides technical assistance to the business community and the general public, and operates a program to replace home heating oil tanks that are at high risk of leaking. The division is also responsible for regulatory oversight, assistance, and outreach for active solid waste landfills.

LICENSES:

Oil Terminal Facility Licenses; Hazardous Waste Facility Licenses; Waste Transporter Licenses; Registration of Used Oil Collection Centers; Waste Oil Facility Licenses; Biomedical Facility Licenses; Registration of Underground Oil and Hazardous Substance Storage Tanks; Certification of Underground Storage Tank Operators; Solid Waste Facility Licenses; Septage Spreading Site Licenses; Licenses for Land Application of Sludge and Other Residuals; Beneficial Use Licenses, Asbestos Abatement Certification; and Lead Abatement Certification.

PUBLICATIONS:

Numerous publications are available to assist the general public and regulated community in understanding and achieving compliance with the requirements of the programs administered by the Bureau of Remediation and Waste Management. These publications are available on the Internet at <http://www.maine.gov/dep/publications/index.htm>.

Telephone: (207) 287-7688

M.R.S.A., Sect.: 000010003

PURPOSE:

The Board of Underground Storage Tank Installers was established to safeguard public health, safety and welfare, to protect the public from incompetent and unauthorized persons performing work in this field, to ensure the highest degree of professional conduct on the part of underground oil storage tank installers and inspectors, and to assure the availability of underground oil storage tank installations and inspections of high quality to persons in need of those services.

ORGANIZATION:

The Board consists of seven members appointed by the Governor: one from the Department of Environmental Protection; one from the Maine Energy Marketers' Association; one underground oil storage tank installer; one from the Maine Chamber of Commerce and Industry or an underground tank installer or inspector; one from the Maine Fire Chiefs Association; and two public members. The Department provides staff support to the Board.

PROGRAM:

The Board offers initial and final examinations for applicants interested in becoming certified as underground storage tank installers or inspectors. Since the inception of the program in 1985, about 282 certificates for underground oil storage tank installers or inspectors and 128 apprentices have been granted. There are currently 78 certified underground storage tank installers and 53 underground storage tank inspectors in Maine.

The Board also accredits continuing education for underground storage tank installers and inspectors. In the past fiscal year, the Department and Board conducted the annual underground storage tank installer and inspector training program for certified underground storage tank installers, inspectors and interested parties with 142 people attending (92 were certified underground tank installers or inspectors). The Board also reviewed and accredited various other programs offered by equipment manufacturers and trade associations as well as individual requests to the Board from certified underground storage tank installers or inspectors.

The third responsibility of the Board is taking disciplinary actions against underground storage tank installers or inspectors who allegedly violate Board and Department rules. Four complaints were received in fiscal year 2016.

LICENSES:

Underground Oil Storage Tank Installer Certificate

Underground Oil Storage Tank Inspector Certificate

PURPOSE:

The Governor serves to direct the affairs of the State according to law; to take care that the laws be faithfully executed; to give the Legislature information regarding the condition of the State and recommend measures for their consideration; to submit to the Legislature a biennial budget for the operation of State government; to act as Commander-in-Chief of the military forces of the State; to nominate and appoint all judicial, civil and military officers of the State except as otherwise provided by law; to require information from any officer in the Executive Branch upon any subject relating to the respective duties; to grant reprieves, commutations and pardons and remit, after conviction, forfeitures and penalties; and to accept for the State any and all gifts, bequests, grants or conveyances to the State of Maine.

PROGRAM:

In addition to providing for its own staff support, the (Office of) Governor serves to coordinate and develop the several planning responsibilities of State government; to improve the relationship between the State government and its employees; and to operate, maintain and display to the public the Blaine House, as the official residence of the Governor. Some programs are so closely allied to the (Office of) Governor as to be in reality a part of it. A brief description of each follows.

Governor's Office. The administrative office of the Governor serves to provide staff support to the Governor as he carries out the responsibilities of the Chief Executive of the State of Maine. This support includes functions of correspondence, policy development, legislative relations, national and regional Governors' associations and scheduling preparation of reports and addresses, public information, executive appointments, case work, and managing the operating budget of the Governor.

Blaine House. The Blaine House, a National Historic Landmark, is the official residence of the Governor of the State of Maine. The Blaine House staff provides services for the Governor, the Governor's family and guests; maintains House offices for the Governor; displays the mansion during public visiting hours; and assists at official receptions and other gatherings at the Blaine House. The Governor is responsible for the operation of the building and general maintenance of its interior. The Bureau of General Services maintains the grounds, service buildings and exterior of the mansion, and is authorized to approve and execute any remodeling of the interior.

PURPOSE:

The Governor's Energy Office (GEO) was created to form effective public and private partnerships that advance Maine's energy security and economic development in an environmentally responsible manner. The GEO is responsible for planning and coordinating state energy policy, and serves as the primary energy policy advisor to the Governor. As the designated State Energy Office, the GEO is charged with providing leadership in the development of public and private partnerships that achieve clean, reliable, affordable, efficient, sustainable, indigenous and renewable energy resources. It is the responsibility of the GEO to work in conjunction with other departments of State government, the Legislature, and private and nonprofit sectors to advance and optimize Maine's energy security, economic development and environmental health. Maine's energy objectives are supported in part through GEO oversight and administration of the U.S. State Energy Program (SEP) funds and priorities.

ORGANIZATION:

The GEO is established in the Executive Department and is directly responsible to the Governor.

PROGRAM:

By January 15th of each year, the director prepares and submits to the Governor and to the joint standing committee of the Legislature having jurisdiction over utilities and energy matters the following reports:

Governor's Energy Office Annual Report, which includes updates on progress toward implementing the State Energy Plan, and accounts for the Office's resources devoted to its various duties and activities.

Interagency Review Panel's (IRP) report on activities and actions pertaining to the use or potential use of statutory corridors for energy infrastructure.

Activities of the office regarding the development and permitting of renewable energy generation facilities.

Every two years, the GEO is responsible for submitting an updated State Comprehensive Energy Plan, which includes identification of transmission and other infrastructure needs; energy assurance planning; an assessment of the progress made toward state wind energy goals and their tangible benefits; the association between energy planning and meeting greenhouse gas reduction goals; and, a listing of recommended actions to facilitate the development of renewable energy generation.

PURPOSE:

As established by Executive Order 25 FY11/12 on November 1, 2011, the Governor's Board on Executive Clemency is charged with the responsibility of investigating, evaluating and providing advice to the Governor on all applications for gubernatorial clemency. The Board meets at the call of the Chairman.

ORGANIZATION:

The Governor's Board on Executive Clemency consists of three members who have demonstrated humanitarian concern, as well as a thorough knowledge of the criminal justice system and who have demonstrated such qualities in their private and professional lives which assist them in evaluating the rehabilitation of persons convicted under our criminal justice laws.

The members of the board are appointed by the Governor to serve at the Governor's pleasure, and serve without compensation.

PROGRAM:

The Governor's Board on Executive Clemency reviews requests for pardons and commutations in order to determine a petitioner's eligibility for a hearing. After each hearing, the Board makes recommendations on each petition to the Governor. The sole power to grant clemency remains with the Governor.

Information on Executive Clemency and petition forms is available from the Pardon Clerk, Maine Department of Corrections, Division of Adult Community Services, 111 State House Station, Augusta, Maine 04333-0111.

PURPOSE:

The fundamental role of the Public Advocate is to represent and advocate for the interests of utility ratepayers in proceedings before the Maine Public Utilities Commission, the Maine Legislature, federal and regional regulatory bodies, and in relevant courts.

In 2016, the Office of Public Advocate completed its 35th year of advocacy on behalf of utility customers before the Public Utilities Commission. During the past 34 years the Public Advocate has saved ratepayers more than \$568 million through its advocacy and negotiations.

ORGANIZATION:

In 1981, 35-A MRSA, § 1701 established the office as an agency of the Executive Department to represent the interests of utility consumers before regulatory bodies, the courts and the Legislature. Beginning in 1999 the office moved from a General Fund basis for its budget to a system of utility assessments. The office no longer receives any General Fund dollars. In 2009 the Legislature gave the Public Advocate a fixed term in order to provide the office greater independence from political influence.

In addition to the Public Advocate, the office currently employs eight staff members (four support staff and four attorneys). The office also uses expert witness consultants in technically or financially complicated cases. The Public Advocate is appointed by the Governor and confirmed by the Legislature.

PURPOSE:

The mission of the Maine Department of Health and Human Services is to provide integrated health and human services to the people of Maine and to assist individuals in meeting their needs, while respecting the rights and preferences of the individuals and families it serves.

All of the department's functions and activities are directed toward one or more of the following goals: (a) to protect and enhance the health and well-being of Maine people; (b) to promote independence and self-sufficiency; (c) to protect and care for those who are unable to care for themselves; and (d) to provide effective stewardship for the resources entrusted to the department.

ORGANIZATION:

Effective July 1, 2004, the Governor and the Legislature created the Department of Health and Human Services (DHHS) by combining and reorganizing the former Department of Human Services (DHS) and the former Department of Behavioral and Developmental Services (BDS). The organizational framework for the new department was established the following year by Public Law 2005, Ch. 412.

PROGRAM:

The department's statutory mandate requires it to provide the following programs and services to adults, children and families: Economic assistance and employment support services; behavioral health services, including mental health and substance abuse prevention and treatment services; developmental disability and brain injury services; physical health services; and public health services.

Services targeted specifically for children, families, and adults include: child welfare services; early childhood services, including Head Start and child care services; maternal and child health services, including home-visiting programs; paternity establishment and child support enforcement services; residential and community support services for children and adults with disabilities; adult protective services; and long-term care services for the elderly and adults with disabilities.

The department delivers programs and services through an integrated delivery system that focuses on meeting the needs of individuals and families. The department uses a combination of public personnel and contracts with private agencies to administer programs and deliver services.

The department administers the Medicaid program funded jointly by the federal government's Centers for Medicare and Medicaid Services (CMS) and the State. MaineCare provides health care services for Maine's children and adults who are elderly, disabled or with low income.

More information about the Department of Health and Human Services may be found at <http://www.maine.gov/dhhs>.

PURPOSE:

The Office of Child and Family Services (OCFS) seeks to serve and protect Maine's vulnerable children and families. We have two primary priorities: ensuring the safety of all youth and assisting youth to become productive community members. OCFS supports Maine's children and their families by providing children's behavioral health, child welfare, early childhood and community services.

ORGANIZATION:

Established in 1974 and reorganized in 2012, OCFS administers and monitors both direct and community-based services throughout the state. OCFS is structured as eight district offices reporting to a central administrative office, and provides services from Eliot to Fort Kent. In addition, OCFS manages a statewide 24/7 child abuse hotline that operates in Augusta.

PROGRAM:

Early Intervention and Prevention - This program seeks to promote the health, well-being and safety of children and families by reducing the risk and effect of adverse childhood experiences (such as neglect, trauma or exposure to violence). Services focus on increasing protective factors such as health, education, safety promotion, social connections and family strengthening supports. Services include Domestic Violence and Sexual Assault supports, Child Care, Head Start, Food

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Subsidy, Child Abuse Prevention, and statewide Child Welfare Policy/ Training development.

Child Welfare - This program seeks safety, well-being and permanent homes for children while working with professionalism and respecting the dignity of all families. Child abuse reports are investigated on behalf of Maine communities, working to keep children safe and to guide families in creating safe homes for children.

Behavioral Health - This program provides behavioral health treatment and services for children from birth up to their 21st birthday. OCFS provides oversight and policy management for MaineCare services related to children and youth with developmental disabilities/delays, intellectual disabilities, autism spectrum disorders and mental health disorders.

Operations - This program performs a variety of functions that assist DHHS/OCFS managers, supervisors and field staff in managing their performance, as well as programs that provide oversight of contracted services that assist the children and families served. Its mission is to provide efficient, effective and quality services in the areas of administration, financial service, contract oversight and management, quality improvement programing and information services to all OCFS programs.

PURPOSE:

The Division of Population Health (DPH) promotes health and reduces disease in three program areas: Healthy and Safe Living, Children Have a Healthy Start and Chronic Disease Prevention and Control. The DPH provides data-informed public health planning, implementation and evaluation to decrease high-risk health behaviors and chronic diseases and improve the health of Maine residents across their life span.

PROGRAM:

The Healthy and Safe Living Program works to decrease health costs and reduced quality of life associated with tobacco, obesity and injuries. The program provides information and support so people can make healthy choices about tobacco, physical activity, nutrition, oral health and preventing injury; it does so by providing training on best-practice, public education/outreach and support of community-based partners. Data collection, analysis, and dissemination are

DEPARTMENT OF HEALTH AND HUMAN SERVICES

aspects of the program that ensure programming is based on need and emerging health trends. By focusing on support and development of healthy, safe environments the program seeks to prevent the onset of chronic or sudden medical conditions, thus preventing diseases or disability.

The Children Have a Healthy Start Program works to improve the health of the Maternal Child Health (MCH) population (women 15 to 44 years, children birth through 21 years, and children with special health needs). The program supports training of best-practice at the community-level, direct funding of services to community-based partners and public health nursing services. Data collection, analysis and dissemination are aspects of the program that ensure programming is based on need and emerging health trends. The program collaborates with governmental and non-governmental agencies and organizations. The concept of prevention is vital. By addressing health in preconception, pregnancy and childhood, there is opportunity to prevent chronic and costly conditions such as obesity.

The Chronic Disease Prevention and Control Program works to prevent, detect and control some of the most serious chronic health conditions (asthma, cancer, diabetes and heart disease). It provides training, public education and funds community based partners. Data collection, analysis and distribution ensures programming is based on need and emerging health trends.

PURPOSE:

Data, Research and Vital Statistics is part of the Division of Public Health Systems (DPHS). The Division provides oversight and management to four programs within the Maine Center for Disease Control and Prevention with a systems focus on preserving and promoting public health. The programs are the Health and Environmental Testing Laboratory; Public Health Emergency Preparedness; Data, Research and Vital Statistics; and District Public Health.

PROGRAM:

Health and Environmental Testing Laboratory (HETL)

HETL is a state resource in the prevention, treatment and control of hazards that threaten the health of the community and environment. Core functions include: monitoring public and private water supplies for chemical and microbiological contaminants necessary for public health and regulatory compliance; monitoring and diagnosing infectious diseases; performing a wide range of environmental testing, including radiation, pesticides and industrial pollutants; detecting

DEPARTMENT OF HEALTH AND HUMAN SERVICES

lead poisoning; forensic testing for the drug enforcement agency and highway safety; and providing key alert data to support the state's emergency preparedness to chemical and biological terrorism.

Public Health Emergency Preparedness (PHEP)

PHEP is responsible for the planning, coordination and response to bioterrorism and other public health emergencies. PHEP works with multiple federal, State and local partners to protect the health and safety of all Maine people through the development and implementation of a coordinated, statewide protocol that assures the early detection, containment and management of public health emergency events.

Data, Research and Vital Statistics (DRVS)

DRVS administers Maine's vital records system and provides quantitative information for surveillance, planning, policy development, program management and evaluation. DRVS produces detailed population estimates for use within and outside the Department of Health and Human Services and compiles data on health status and health resources. The office provides technical assistance and consultation on survey procedures and statistical analysis. It is an affiliate State census data center.

District Public Health

The Public Health District Liaisons are located within and across Maine's public health districts. The District Liaisons are charged with providing technical assistance, lines of communication and a quality feedback loop to strengthen and improve delivery and accountability of public health services at local and district levels (22 MRS §412).

PURPOSE:

The Division of Infectious Disease, (formerly known as the Division of Disease Control) promotes and protects the health of the citizens of Maine through programs focusing on the surveillance, prevention and control of infectious diseases.

PROGRAM:

The Division of Infectious Disease implements its mission through four program areas: Infectious Disease Epidemiology; Medical Epidemiology; Human Immunodeficiency Virus (HIV), Sexually Transmitted Diseases (STD) and Viral Hepatitis; and Maine Immunization Program.

The Infectious Disease Epidemiology Program conducts surveillance for notifiable diseases and conditions of potential public health significance, investigates outbreaks and clusters of disease, and recommends appropriate intervention strategies. In addition, the program consults with health care providers on the prevention and control of various infectious diseases and provides public health alerts, advisories and updates to key public health stakeholders.

The Medical Epidemiology Program provides medical leadership, guidance and consultation on strategic, operational and clinical issues to all Division programs and also provides medical epidemiology guidance to other Divisions within Maine CDC. The Healthcare Associated Infections Prevention Program within the Medical Epidemiology Program works to reduce and prevent infections acquired in healthcare facilities. Through collaboration with hospitals and other State agencies, this program regularly establishes best practices for the prevention of healthcare associated infections.

The HIV, STD, and Viral Hepatitis Program works to reduce associated disease-related morbidity and mortality. The program partners with community health professionals and individuals to prevent the transmission of HIV, STD and Viral Hepatitis infection through outreach and testing services targeted to populations most impacted by disease. In addition, it administers the funds to provide medical case management for people living with HIV/AIDS, and oversees the AID's Drug Assistance program (ADAP) as the payer of last resort for low income Mainer's living with HIV/AIDS.

The Maine Immunization Program strives to ensure full protection of all Maine people from vaccine preventable disease. Through cooperative partnerships with

DEPARTMENT OF HEALTH AND HUMAN SERVICES

public and private health practitioners and community members, the program provides: vaccines; comprehensive education and technical assistance; vaccine-preventable disease tracking and outbreak control; population-based management tools; and compassionate support services that link individuals into comprehensive healthcare systems. This program manages universal immunization for insured or underinsured children in the State, as well as the federal Vaccines for Children Program.

PURPOSE:
The Office for Family Independence (OFI) administers multiple State and federal programs to help Maine citizens in need. There are 16 offices across the State where staff assists people who may need assistance.

In addition to policy and program functions, OFI also monitors benefit distribution through quality assurance activities, investigations and recovery through audits of municipal welfare programs.

ORGANIZATION:
The central office unit provides staff support to the department's local offices. As an administrative unit of the Department of Health and Human Services, the office's internal structure and functions are subject to the discretion of the Commissioner of the Department Health and Human Services. Funding for all programs except General Assistance is provided by the federal and State government. General Assistance is funded by the State and municipal governments. All programs follow the regulations of their respective funding sources.

PROGRAM:
-Temporary Assistance for Needy Families (TANF) is a work program that provides financial assistance in the form of cash to families with children who are deprived of parental support and care due to the absence from the home of a parent, incapacity of a parent or underemployment of a parent. This cash helps families meet their basic needs for food, shelter and clothing. TANF is funded primarily through a federal block grant, with a required State maintenance of effort contribution. The State operates a state-funded TANF program for non-citizens who are ineligible for federal benefits.
-The Parents as Scholars (PaS) program provides cash assistance to parents enrolled a post-secondary education the same way as the TANF program. Additional Support for People in Retraining and Employment (ASPIRE) engages with people receiving TANF and PaS to support their efforts to attain employment and become self-sufficient.
-Transitional Services provides post-TANF assistance in the form of food support,

DEPARTMENT OF HEALTH AND HUMAN SERVICES

child care, transportation and medical assistance. Alternative Aid provides voucher payments for services to help parents retain or obtain employment and to help them remain self-supporting. Emergency Assistance provides payment of services to families who are threatened by destitution or homelessness because of emergency situations.

-The Food Supplement Program (SNAP, formerly Food Stamps), provides a monthly food benefit via an electronic benefits card. SNAP-Education provides nutrition education for SNAP-eligible Maine residents. SNAP-Ed and SNAP benefits are 100 percent federally funded. The State pays half the administrative cost, and operates a state-funded SNAP program for non-citizens who are ineligible for federal benefits. SNAP-Employment and Training program provides job readiness activities to SNAP eligible recipients.

-Medicaid (MaineCare) and Cub Care provides payment of medical expenses, including long term care, for children, parents, elderly and disabled who meet financial and non-financial criteria. Medicaid is funded through State contributions with a federal match of approximately 64.38% (benefits) and 50 percent (administration).

-State Supplemental Benefit provides a small State funded monthly cash benefit to recipients of federal Supplemental Security Income (SSI). This is required as part of the maintenance of effort for Medicaid participation. The State operates a state-funded SSI cash program for non-citizens who are ineligible for federal SSI.

-Division of Support Enforcement and Recovery (DSEER) establishes and enforces child support obligations. It locates missing parents, establishes paternity and the initiates enforcement actions to recover current and past due support. Administrative expenses of the DSEER program are matched 66 percent by federal dollars; the remaining costs are borne by the State.

-General Assistance provides vouchers at the municipal level for individuals who meet strict income and asset criteria. General Assistance is the program of last resort for basic life necessities.

-The Division of Disability Determination (DDS) is responsible to provide disability decisions to Maine citizens who apply for Social Security Disability programs. DDS is funded 100 percent by federal dollars.

-Refugee Cash and Medical Assistance provides federally funded monthly cash benefit and provides federally funded dollars to pays for medical services to refugees and their families for a period of eight months.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

PURPOSE:

The Maine Center for Disease Control and Prevention (Maine CDC) serves as the State's public health agency. Its purpose is to preserve, protect and promote the health of all Maine people.

ORGANIZATION:

The Chief Operating Officer (COO) of the Maine CDC and the State Health Officer (SHO) serve as the state public health leaders. The COO is responsible for the day-to-day operational decision-making, while the clinical expertise of the SHO informs decisions affecting public health for the Maine CDC and DHHS. Maine CDC has four functional divisions: Environmental and Community Health, Public Health Systems, Infectious Disease, and Population Health.

PROGRAM:

Maine CDC's programs, about 45 in number, cover a wide area of topics including tobacco and substance use prevention, chronic disease, laboratory testing, vital statistics, drinking water, food safety, infectious disease, public health emergencies, tobacco use and exposure, family planning, lead poisoning, immunizations, maternal and child health, and social determinants of health.

FINANCES, FISCAL YEAR 2016: The expenditure information for this unit was generated from the Budget and Financial Management System (BFMS).

PURPOSE:

The Division of Environmental Health exists to protect and promote the health and safety of Maine's population by ensuring the safety of public drinking water, the proper disposal of subsurface wastewater and the proper storage, handling, preparation and service of food. The Division licenses and inspects sources of radiation and oversees the storage of high-level nuclear waste. It minimizes minimizing exposures to toxic substances such as lead, radon and mercury and identifies health problems which may be related to environmental or occupational risk factors. The Division of Environmental Health exists as well to advise State agencies and the Legislature about the potential health implications of policy actions and provide public information on preventative and corrective actions to reduce environmental hazards and the risk of adverse health outcomes.

PROGRAM:

The Division of Environmental Health consists of four programs: Drinking Water,

DEPARTMENT OF HEALTH AND HUMAN SERVICES

including the Subsurface Wastewater Unit; Health Inspection; Radiation Control; and Environmental and Occupational Health. Drinking Water and Health Inspection staff are located at DHHS offices throughout the State. All other staff are centrally located in Augusta.

The Drinking Water Program is responsible for ensuring that public water systems provide safe and reliable supplies of drinking water to more than half of the State's population. The program regulates 1,900 public water systems. It also provides grants and low interest loans to eligible systems for infrastructure improvements, wellhead protection and source water protection through the Drinking Water State Revolving Loan Fund.

The Subsurface Wastewater Unit is responsible for the proper implementation of the State's Subsurface Wastewater Disposal Rules, site evaluator licensing and the oversight of local plumbing inspectors located in every municipality in Maine.

The Health Inspection Program licenses and inspects about 8,500 businesses including restaurants, mobile food vending carts, public pools and spas, campgrounds, youth camps, sports camps, mass gatherings/large festivals, lodging places, body artists, including body piercing, tattooing, micro-pigmentation and electrology. The program also provides statewide emergency response services for public health events such as fires, floods, power failures and water and food borne disease outbreaks.

The Radiation Control Program is responsible for emergency preparedness and response to radiation events; oversight of radon testers, mitigators and labs; minimizing radiation exposure through licensing and inspection of all sources of radiation including X-Ray, mammography, radioactive materials and tanning facilities; oversight of low-level radioactive waste generators; and monitoring of Maine's high-level nuclear waste storage facility.

The Environmental and Occupational Health Program (EOHP) is responsible for the reduction or elimination of childhood lead poisoning. It evaluates and analyzes data to determine whether natural phenomenon or the presence of toxic chemicals in the environment present significant health problems to the people of Maine. It provides epidemiological analyses to support surveillance activities to target public health interventions, evaluate the effectiveness of interventions and track trends in environmental health. This program is directed by the State's Toxicologist who has additional responsibilities as the State's leading authority on toxicological matters that could affect human health.

LICENSES:

The Division of Environmental Health is responsible for registering or licensing: eating places; caterers; senior citizen meals; school kitchens; lodging places; cottages; campgrounds; recreational camps; youth camps; bed and breakfasts; mass gatherings; public pools and spas; retail tobacco vendors; vending machines; tattooing; electrology; body piercing; micro-pigmentation; compressed air tanks; x-ray machines; tanning machines; radioactive materials; radon testers and mitigators; radon testing labs; low-level nuclear waste generators; water treatment plant and water distribution system operators; well drillers and pump installers; site evaluators; and bulk water transporters.

PURPOSE:

The Department of Health and Human Services manages a \$3.5 billion budget and serves a large portion of Maine's population. DHHS Finance links program operations with fiscal and audit activities to coordinate department policies, procedures, budgets and strategies. DHHS Finance is responsible for oversight of the department's budget and for managing the resources entrusted therein, such that they are employed in an efficient and effective manner.

ORGANIZATION:

DHHS Finance is composed of the Division of Audit, the Budget Unit, the Division of Contract Management, the Division of Program and Fiscal Coordination and the Rate Setting Unit. It also receives significant support from the DHHS Service Center and the MaineCare Finance Unit.

The Division of Audit has five verticals. The MaineCare Cost Settlement Unit and the Social Service Contract Unit perform compliance and cost settlement audits on approximately 600 different provider organizations and community agencies which receive more than \$1.5 billion of state and federal funds through either the MaineCare program or from contracted services. The Program Integrity Unit conducts post-payment reviews and complaint follow-ups to identify potential MaineCare provider fraud. The Internal Audit Unit is responsible for monitoring all audit findings of the department, as well as testing internal controls to assure compliance with state and federal regulations. The Fraud Investigation and Recovery Unit is responsible for investigating potential member fraud and for identifying overpayments caused by agency error, unintentional household error or intentional program violation.

The Division of Contract Management (DCM) provides administration of purchased services agreements and contracts. DCM reviews, approves and processes more than 1,000 agreements each year. Administration of these agreements entails review and monitoring of financial activities, including budgets, expenses, performance measurements and payments. DCM provides technical assistance for agreement and request-for-proposal (RFP) development. It promotes best business practices in contracting to ensure consistency, accountability and cost-effectiveness so that services delivered meet the needs of beneficiaries; fulfill the mission of the department; and adhere to requirements set forth by each funding source.

The Budget Unit and Division of Program and Fiscal Coordination are responsible

DEPARTMENT OF HEALTH AND HUMAN SERVICES

for the financial analysis and coordination of fiscal management activities. These groups oversee budget development, management and implementation thereof, financial forecasting and process improvement to align activities with department strategy and policies. The Budget Unit and the Division of Program and Fiscal Coordination track expenditures and forecast future cash, allotment and contractual obligations, while also reporting budgeted and actual expenses to executive leadership, program managers, the Maine Legislature and other interested parties.

The Rate Setting Unit is responsible for establishing and maintaining reimbursement policy and payment rates for all providers and payment programs within the department. The unit determines adequate methods of reimbursement for departmental services provided by designated agencies or providers as required in Chapter 101 and Chapter 115 and by various federal agencies.

The DHHS Financial Service Center, which is part of DAFS but serves the department in an exclusive client relationship, establishes internal controls to ensure reliable financial reporting, effective and efficient operations and compliance with applicable state and federal statutes, rules and regulations. The Service Center is also responsible for all DHHS federal grant program accounting.

PURPOSE:

The Office of MaineCare Services (OMS) administers the department's Medicaid services in compliance with federal and state laws. The office manages these programs to assure they operate according to federal policy and with the department's goals and mandates. OMS works to ensure accountability of the services delivered focused on the effectiveness and efficiencies of the services.

ORGANIZATION:

The office contains the following divisions:

Operations, including:

The Claims Unit processes non-pharmacy claims for reimbursement. Claims examiners manually review and troubleshoot claims if MIHMS cannot adjudicate automatically.

The Adjustment Unit works with providers to process adjustments in response to a

DEPARTMENT OF HEALTH AND HUMAN SERVICES

provider's request for review related to overpayment or underpayment of claims.

Third Party Liability, which includes Estate Recovery, Casualty Recovery and Pay and Chase activities and securing reimbursement from liable third party payers or MaineCare recipients when MaineCare enrollees or their family members have other insurance coverage, are injured in an accident, or have assets that should be used to pay down expenses reimbursed by MaineCare.

The Pharmacy Unit manages the Pharmacy Help Desk, assisting members with Medicare Part D enrollment, maintains the Preferred Drug List (PDL), and oversees MaineCare's Drug Rebate program

The Policy Division develops rules and regulations, defines the scope of coverage, maintains the Medicaid State Plan to incorporate administrative and legislative changes into the Medicaid program and submits waiver requests to the federal government that supports the State's desire to adopt innovative solutions to coverage issues. This division works with the federal Centers for Medicare and Medicaid Services (CMS).

The Business Analytic and Data Management Unit provides stakeholders with reliable, timely and accurate program and financial information, delivering operational support and strategic insight. The group focuses on data reporting by producing ad hoc data requests and conducting analyses as requested by the Legislature, management, other agencies, and external sources.

Strategic Initiatives focuses the Value-Based Purchasing strategy, consisting of a set of inter-related reform efforts designed to drive better care and increased accountability. This includes the Emergency Department (ED) Care Collaborative, Health Homes, and Accountable Communities.

The ED Care Management Collaborative began as a pilot project with MaineGeneral Medical Center in 2010 and was expanded in 2011 to all hospital EDs in the state, maintaining the original goal of decreased ED utilization by high utilizer members and improved health outcomes for high needs, high utilizers of the ED through statewide care management.

The Health Homes initiative coordinates the total care of the individual through a primary care centered approach. Stage A began in 2013 targeting individuals who have two or more chronic conditions or are diagnosed with one and are at risk of another. It includes 177 primary care practices and 10 Community Care Teams, covering over 51,000 MaineCare members. Stage B began in April 2014, targeting individuals with Serious and Persistent Mental Illness (SPMI) and children with Serious Emotional Disturbance (SED). Currently involved are 33 organizations with over 100 locations around the State, and the initial enrollment included almost 7,000 members.

Accountable Care Communities (ACC) is MaineCare's version of an Accountable Care Organization (ACO). It provides a new payment opportunity for providers who organize and coordinate care to achieve high quality, lower cost of care for a defined population of MaineCare beneficiaries. This initiative began on August 1, 2014 involving five lead entities from the health care community, covering approximately 43,000 members.

PURPOSE:

The mission of the Office of Aging and Disability Services is to promote the highest level of independence for older adults and adults with disabilities. The priority is to assure the safety and well-being of all adults.

ORGANIZATION:

The Office of Aging and Disability Services (OADS) was created by the Legislature on August 30, 2012 when it merged the former Offices of Elder Services and Adults with the Office of Cognitive and Physical Disability Services. The merger integrated the operations, programs and services of the two offices and combined district operations under one organizational structure.

PROGRAM:

The OADS is designated as Maine's State Unit on Aging, acts under federal requirements as the authority for persons with intellectual disabilities, autism and other related conditions and serves as the federally designated state office for brain injury services.

The office, subject to the direction of the Commissioner, establishes the overall policy objectives for functions and activities relating to Maine's older population and to adults with disabilities. Pursuant to federal and State laws, it prepares and administers a comprehensive State Plan for older persons. It promotes independence for elders and adults with disabilities through services, including evidence-based prevention programs and comprehensive home and community based services.

The OADS also provides Adult Protective Services, including public guardianship and public conservatorship for incapacitated adults who have no family member or other private individual able or suitable to serve in those capacities.

Programs fall within the following major categories:

Neurobehavioral Services (Brain Injury, Other Related Conditions), including the management of two federal waivers and the development and oversight of the State Plan;

Compliance/Quality Assurance, which is responsible for meeting quality assurance requirements defined in the federal waiver programs and direct service programs;

Adult Protective Services, which is responsible for receiving and investigating reports for abuse, neglect and exploitation of incapacitated and dependent adults. It also provides public guardianship and conservatorship services;

Developmental Services, which serves persons with intellectual disabilities or autism and includes community and State case management services, management of two federal home and community based waiver programs and Statewide crisis response;

Long Term Care, which includes the management of State and federal long term care programs serving elders and adults with disabilities, oversight of the medical eligibility process for long term care, policy oversight of nursing facilities and community residential settings and the management of the Money Follows the Person program;

Aging Services, which includes serving as the State Unit on Aging, management of social services and nutrition programs funded by the Older American's Act, management of the State Health Insurance Program, and oversight and development

DEPARTMENT OF HEALTH AND HUMAN SERVICES

of the Aging and Disability Resource Centers;

Resource Development, which includes oversight of contracts, grants and federal waiver expenditures and provision of prior authorization and utilization of intellectual and developmental disabilities services;

Information Services, which includes the management, oversight and development of multiple information technology systems, including 3 major client databases used by OADS.

PURPOSE:

The Maine Public Drinking Water Commission serves as an advisory board to the Maine CDC Drinking Water Program. The Commission evaluates the proportion of Drinking Water Program effort dedicated to each type of public water system, evaluates Drinking Water Program workloads, staffing and resource needs and determines funding requirements, fee formula, fee assessments and collection schedules for each type of public water system.

ORGANIZATION:

The Commission, created by the 116th Legislature, consists of nine members, eight who represent the interest of the regulated community and the drinking water public. The Commissioner of the Department of Health and Human Services or designee is the ninth member. Commissioners are appointed by the Governor and serve for a term of four years. The Commission meets at least quarterly.

PROGRAM:

The Commission provides representatives of the drinking water industry and the public with the opportunity to provide input and oversight over the Maine CDC Drinking Water Program. It meets on a quarterly basis with Drinking Water Program staff to review budgets and to discuss public water system needs. The Commission provides input on major policy setting at the Drinking Water Program and advocates on behalf of the Drinking Water Program when needed. In addition,

DEPARTMENT OF HEALTH AND HUMAN SERVICES

the Commission makes annual recommendations to the Drinking Water Program on the rate and structure of the annual fee on public water systems.

The Commission met in September, December, February and May in SFY 2016.

PURPOSE:

The Sexual Assault Forensic Examiner Advisory Board is tasked with advising and assisting the State in promoting and supporting the statewide creation, growth and sustainability of sexual assault forensic examiner programs.

ORGANIZATION:

The board is comprised of 13 members appointed by the Commissioner of the Department of Health and Human Services. The term of each member of the board is 3 years. The members must include the following: one physician licensed to practice medicine in the State, one member of the State Board of Nursing; one sexual assault nurse examiner; one representative from a sexual assault center; one member from a statewide coalition against sexual assault; one survivor of sexual assault; one attorney from the Department of the Attorney General, designated by the Attorney General; one employee of the Maine State Police Crime Laboratory; one member from a statewide association of prosecutors; one member from a statewide association of hospitals; one member who is a forensic pediatric health care provider; and two public members.

PROGRAM:

The board provides advice and assistance regarding training, technical assistance, standards and resources to the sexual assault forensic examiner programs.

The board may establish prerequisites applicable to persons who wish to participate in sexual assault forensic examiner training and authorize the issuance of certificates to those who complete the training.

FINANCES, FISCAL YEAR 2016: The Bureau of the Budget does not maintain comprehensive fiscal data relative to this unit.

DIVISION OF LICENSING AND REGISTRATION

MAINE OUTDOOR HERITAGE FUND BOARD

ADVISORY COUNCIL

DIVISION OF PUBLIC INFORMATION AND EDUCATION

DIVISION OF ENGINEERING

BUREAU OF RESOURCE MANAGEMENT

ADVISORY BOARD FOR THE LICENSING OF GUIDES

BUREAU OF WARDEN SERVICE

PURPOSE:

The Department of Inland Fisheries and Wildlife was established to preserve, protect and enhance the inland fisheries and wildlife; to encourage wise use of the resources; to ensure the resources are maintained and perpetuated for their intrinsic and ecological values, for their economic contribution and for their recreational, scientific and educational use by the people of the State. In addition, the Department is responsible for the establishment and enforcement of laws and regulations governing fishing, hunting and trapping; the registration and operation of snowmobiles, watercraft, and all-terrain vehicles; propagation and stocking of fish; acquisition of wildlife management areas; safety programs for hunters, snowmobiles, all-terrain vehicles and watercraft, and the issuing of licenses and permits (hunting, fishing, trapping, guide, wildlife possession/importation, as well as many other miscellaneous permits).

Approximately 84% of the Department's annual budget comes from sportsman's dollars. The overall budget is comprised of three parts: general fund, federal grant funds and other special revenue funds. The Department's revenue from license sales, registrations, fees and other items is constitutionally protected and can only be used for the administration of the Department. This requires the Legislature to appropriate to the Department a general fund appropriation that is not less than the revenues collected by the Department for a given year. In essence, this gives the Department an advance from the general fund against anticipated revenue which is then repaid to the general fund with the Department's revenue from license sales, registrations and fees as it is received through the fiscal year. This allows the Department to overcome fluctuations in license sales and fees that occur throughout the year impacting cash flow and instead have a predictable and responsible budget. The difference between the annual appropriated amount and the actual revenue earned through license sales, registrations, fees and other items is the true general fund contribution to the Department, which was approximately 16% in Fiscal Year 2016. Federal Funds come from the US Fish and Wildlife Service's Wildlife and Sport Fish Restoration Program. These funds are distributed to State fish and wildlife agencies through grants authorized under the Pittman-Robertson Wildlife Restoration Act (PR) and the Dingell-Johnson Sport Fish Restoration Act (DJ). The funds are generated by excise taxes and import duties on equipment and gear manufactured for purchase by hunters, anglers, boaters, archers, and recreational shooters. Federal taxes on motorboat and small engine fuels are also a source of DJ funding. These federal funds require a matching share which comes from state hunting, trapping and fishing licenses. This program is an example of a user pay, user benefits program based on hunters, trappers, and anglers who recreate here in Maine. In this case all the residents and visitors to Maine benefit from the sportsman's dollars as they are used to manage all of the Fisheries and Wildlife resources of the State of Maine both game and nongame.

ORGANIZATION:

The Department of Inland Fisheries and Wildlife (formerly Game) traces back to 1830 when wardens were first appointed by the Governor to enforce the moose and deer laws enacted that year. Two Commissioners of Fisheries were appointed in 1867. In 1880, the Commissioners were assigned responsibility for enforcing game laws as well as fish laws, and in 1895, their title was changed to Commissioners of Inland Fisheries and Game. The two Commissioners were later replaced by the

DEPARTMENT OF INLAND FISHERIES AND WILDLIFE

Commissioner of Inland Fisheries and Game in 1917. Function Divisions were added as the Department mandates and responsibilities were expanded, e.g. Warden Service Aviation in 1937; Wildlife Division in 1938; Fisheries Division in 1951; Information and Education in 1955; Program Development and Coordination in 1968; Snowmobile Registration in 1969; Realty in 1970; Watercraft Registration and Safety in 1974.

Effective October 1, 1975, the Department was renamed the Department of Inland Fisheries and Wildlife. In 1984, the Department underwent its first Sunset Review by the Legislative Committee on Audit and Program Review. As a result, the Department was reorganized into the following: 1. Bureau of Administrative Services; 2. Bureau of Resource Management; 3. Bureau of Warden Service; 4. Office of the Commissioner, including the Division of Public Information and the Division of Program Development and Coordination.

In 2006, a statewide reorganization removed the financial and information technology functions of the agency and placed them within the newly-created Natural Resources Service Center and the Office of Information Technology. The Bureau of Administrative Services, as it was known prior to this reorganization became the Division of Licensing, Registration and Engineering in 2009 to more accurately reflect the duties of the Division. In 2011, the Division of Engineering was established as a separate Division to oversee maintenance, contracting and repair of Department facilities.

PROGRAM:

The Department's program focuses on the management of the State's inland fish and wildlife, enforcement, applied research studies, surveys and inventories, program development (planning), artificial propagation and stocking of fish and wildlife, coordination of Department interests between state and federal agencies and the private sector, environmental coordination, the search for lost persons, the registration of watercraft, snowmobiles, all-terrain vehicles, and hunter/trapper education programs, and hunter, snowmobile, boating and ATV safety programs.

The establishment of rules is an important part of the program carried out by the Department. The Commissioner provides copies of abstracts of the inland fisheries and wildlife laws and rules for distribution to the public (six summaries are updated, printed and distributed, plus migratory bird regulations). The Open Water and Ice Fishing Regulations, upon filing with the Secretary of State, as printed and distributed to the public, are declared to be official consolidations of fishing rules.

A complete reporting of these programs will be included in the reports for the various Bureaus and Divisions.

LICENSES:

Commercial Whitewater Rafting Allocations
See individual Bureaus for other licenses and permits

PUBLICATIONS:

The Department has many varied publications including law summaries, books on various species or species groups and several colorful posters of fish and wildlife. Consult the Department's website for a complete list with pricing.

 Average Counts-All Positions: 20.00 Legislative Count: 20.00

PURPOSE:

The purpose of the Division is to administer the issuance of department licenses, stamps and permits and the registration of snowmobiles, watercraft and all-terrain vehicles.

ORGANIZATION:

In 1984, the 11th Legislature reorganized the Department, thus creating the Bureau of Administrative Services as one of the major Bureaus. This Bureau was structured in the following manner: Accounting Section-headed by a Chief Accountant; Division of Engineering and Realty-headed by a Supervisor; Division of Licensing and Registration-headed by a Director; Personnel Section-headed by a Personnel Officer; Central Purchasing and Supply Section-headed by a Property Officer.

During fiscal year 2006 a statewide reorganization of administrative functions substantially changed the make-up of Administrative Services. A new entity, the Natural Resources Service Center under the Department of Administrative and Financial Services, was established to provide budget, accounting, human resources and payroll services to all of the Natural Resource Departments within State government. These functions were removed from the Department during that

DEPARTMENT OF INLAND FISHERIES AND WILDLIFE

consolidation. In addition, the Office of Information Technology centralized the Department's IT functions under a consolidated Natural Resources IT cluster. The licensing and registration, engineering and land acquisition functions were left in Administrative Services. In 2009, legislation was passed to change the name from the Bureau of Administrative Services, to the Division of Licensing, Registration and Engineering to more accurately reflect the responsibilities and duties of the Division. In 2011, the Engineering Division was separated from Licensing and Registration to become its own Division. The Natural Resources Service Center coordinates the purchase of capital equipment and supplies and disperses these items on a Department-wide basis. Adequate inventories of vehicle, snowmobile, and outboard motor parts, clothing, footwear and miscellaneous items are held in stock to be issued to all field personnel.

PROGRAM:

The Division of Licensing and Registration provides the public with hunting and fishing licenses and miscellaneous permits through the Department's main office and designated license agents. The Division also registers all watercraft, snowmobiles and all-terrain vehicles. The operation of these machines is regulated in cooperation with all law enforcement agencies and information is provided as required.

FINANCES, FISCAL YEAR 2016: The expenditure information for this unit was generated from the Budget and Financial Management System (BFMS).

PURPOSE:

To provide advice and consent to the Commissioner of Inland Fisheries and Wildlife on regulation changes necessary for the proper implementation, enforcement and interpretation of any provision of law that the Commissioner is charged with the duty of administering.

ORGANIZATION:

The Advisory Council is appointed by the Governor, subject to review by the Joint Standing Committee on Fisheries and Wildlife and to confirmation by the Legislature, and consists of ten members representing one or more counties of the State on fish and wildlife related issues. The Commissioner is a non-voting member of the Council ex officio but may vote to break a tie. Appointments are for three (3) years or until successors are appointed and qualified. No person shall serve more than two (2) consecutive three (3)-year terms. Upon the death, resignation, or removal from office of any person so appointed, the Governor shall appoint a member to serve for the unexpired term.

DEPARTMENT OF INLAND FISHERIES AND WILDLIFE

The members of the Advisory Council receive \$50 per day for their services and actual expenses for each fiscal year. The Council holds regular meetings with the Commissioner or his Deputy in December and May of each year, and special meetings at such other times and places within the State as would seem advisable. At the meeting held in May of each year, the Council may elect one of its members as chair and one as vice-chair.

PROGRAM:

The Advisory Council met with the Commissioner to review regulation changes and other department matters seven (7) times during fiscal year 2016.

MAINE OUTDOOR HERITAGE FUND BOARD
CAROL GAY, SECRETARIAT

Central Office: 284 STATE ST., AUGUSTA, ME 04333-0041
 Mail Address: 41 STATE HOUSE STATION, AUGUSTA, ME 04333-0041 FAX: (207) 287-8094

 Reference: Policy Area: 04 Umbrella: 09 Unit: 585 Citation: T0012 M.R.S.A., Sect.: 000010308

PURPOSE:

The Maine Outdoor Heritage Fund was established by the Legislature in 1995 after it became clear there was insufficient funding for worthwhile projects that would perpetuate Maine's outdoor heritage -- the state's endangered species, wildlife habitat and pristine lands for outdoor recreation. By funding the program solely with revenue from the sale of special Outdoor Heritage lottery tickets, the Legislature was able to support financially worthwhile projects without using revenue from the General Fund.

ORGANIZATION:

The Maine Outdoor Heritage Fund is governed by a board of seven members. The Commissioner of the Department of Inland Fisheries and Wildlife, the Commissioner of the Department of Agriculture, Conservation and Forestry and the Coordinator of the Natural Areas Program are permanent members. With approval from the Legislature, the Governor appoints four citizen members to staggered four-year terms. One citizen member must represent a state sportsman's organization, one must represent a state wildlife conservation organization and one must work in a field related to natural resources. The Board has hired an administrator on a contractual basis to perform the duties of administering the grants once they are awarded, organizing the application process for grants and coordinating with the Lottery Commission and other state and private organizations.

PROGRAM:

The Board awards grants semi-annually to natural resources agencies and organizations for conservation and recreation projects that meet the guidelines stated in the Outdoor Heritage Fund's Strategic Plan.

The grants are awarded in four categories:

- fisheries and wildlife, and habitat conservation projects;
- acquisition and management of public lands, parks, wildlife conservation areas, public access and outdoor recreation sites and facilities;
- endangered and threatened species conservation projects;
- natural resources law enforcement and protection of public health.

Revenue is raised from the sale of instant lottery tickets, which are available at most outlets that sell other Maine State Lottery tickets. The Outdoor Heritage ticket design changes twice per year.

PURPOSE:

The main function of the Public Information and Education Division is to create and maintain public understanding and support for Department objectives and programs, including safety in the outdoors and ethical hunting and fishing practices.

ORGANIZATION:

The Division was created in 1952, as the Information and Education Division, under authorization granted by the 96th Legislature in 1951. It was reorganized into the Public Information Division, effective July 1, 1980; it was again reorganized, as the Division of Public Information and Education under the Office of the Commissioner, effective April 24, 1984. Another reorganization, effective July 1, 1993, established the Division of Public Information and Education as its own unit.

PROGRAM:

The major programs of the Public Information and Education Division are the Information Center, media relations, public relations, educational outreach, law book publications, youth activities, the Maine Wildlife Park, and education programs on Swan Island.

The Information Center provides a knowledgeable staff responding to telephone inquiries and directing calls to appropriate Department divisions, as well as e-mail requests. The Information Center also maintains the Department's website. The Information Center handles an average of 1,000 phone calls and 100 e-mails per week.

Media and public relations provides press releases about the Department, its programs and the work of the Maine Warden Service to newspapers, radio and television in both written and electronic formats as well as through a media contact person. The Division publishes the "Monthly Report" each month, sent electronically to a wide e-mail distribution list. It also provides feature articles for magazines and periodicals, and utilizes social networking to expand our outreach capabilities. The Division currently maintains Facebook pages on a daily basis.

The Maine Wildlife Park in Gray, Maine hosted over 120,000 visitors last year. A variety of wildlife and conservation school programs and tours are offered at the Park, reaching well over 4,000 Maine school children annually. Teacher workshops are offered statewide using Project WILD to assist classroom teachers and other educators to become more informed about Maine wildlife and conservation.

The Division provides support for the popular Maine Conservation Camp scholarship program and the "Becoming an Outdoors-Woman" workshops.

Swan Island, located in the Kennebec River off the shore of Richmond, Maine provides another location for educational and outdoor recreation opportunities. An island steeped in Maine history, the buildings and land are favorite spots and the island is busy year round, with the emphasis on spring, summer and fall programs.

The Division represents the Department at sportsman shows (instate, out-of-state and Canada) and produces and distributes a variety of advertising to promote outdoor recreation in the state. The Division organizes the Maine Migratory Waterfowl Stamp art contest, Governor's Cup Charity Bass Tournament, and the annual Open House at the Maine Wildlife Park.

The programs for youth are designed to expose young people to a variety of

DEPARTMENT OF INLAND FISHERIES AND WILDLIFE

outdoor activities, such as the "Hooked on Fishing" program which is held statewide, both open water and ice fishing, and certify instructors for this program.

The Division annually produces multiple law books covering the laws, rules and regulations for hunting and trapping, snowmobiling, ice fishing, open water fishing, boating and ATV's.

Information and Education also provides support to other Department divisions for video, photography, displays, presentations, and the design, development, and distribution of printed material.

PURPOSE:

The Bureau of Resource Management is responsible for the management of the State's inland fisheries and wildlife resources and the development of rules governing the effective management of these resources.

ORGANIZATION:

The Bureau of Resource Management was established by the 111th Legislature as a result of recommendations made by the Legislative Program Audit and Review

DEPARTMENT OF INLAND FISHERIES AND WILDLIFE

Committee. The Bureau presently consists of the following:
Division of Wildlife
Division of Fisheries and Hatcheries
Support Services Section

PROGRAM:

Division of Wildlife:

Management of Maine's Wildlife: Management of Maine's wildlife is carefully planned and monitored. Department biologists enlist members of the public to help develop long-term management goals for Maine's key wildlife species. Biologists use that public input in management systems that direct how the Wildlife Division manages a species. The Department owns or has management agreements on more than 100,000 acres of land acquired for wildlife management purposes. These wildlife management areas (WMAs) are covered by management plans that are designed to maintain or create the highest quality wildlife habitats possible, allow public access and recreational use, and serve as demonstration areas. In addition, the Department works with the Bureau of Parks and Lands to implement wildlife habitat management on the state's public reserved and state park lands, as well as with private landowners interested in wildlife management.

Research and Assessment -The Wildlife Assessment and Management Project's objectives are to: Coordinate, supervise, plan, and direct all wildlife projects; collect and analyze information on species abundance, use, habitat requirements, and habitat quality and quantity; monitor wildlife populations; maintain species assessments and management systems; produce technical reports and develop recommendations for specific harvest and use regulations in support of the Department's species management goals and objectives; and provide biological guidance and technical support to all parties having management, planning, or regulatory responsibility concerning wildlife.

Division of Fisheries and Hatcheries:

Fisheries Management - The Fisheries Management section conducts several types of field studies designed to monitor the status of several major sport fish species (salmon, trout char, bass), minor sport fish (yellow perch, brown bullhead), and other species including smelt and baitfish. Collectively, this information is used to develop management recommendations, including changes to stocking rates.

Fisheries Research - Our fisheries research focuses on understanding the existing biological principles of our fisheries and developing management techniques needed to support these fisheries and the associated management programs. Recently the work has focused on smelt, habitat improvement projects on streams, radio telemetry studies associated with wild brook trout and landlocked salmon, as well as lake trout spawning and northern pike spawning.

Propagation of Fish - The fish needed to support statewide fisheries management programs are produced and reared in the Department's eight fish hatcheries/rearing stations. Currently the hatchery program raises four strains of brook trout, three strains of brown trout, landlocked salmon, lake trout, splake and rainbow trout. Approximately 1.3 million salmon and trout are stocked annually.

Division of Safety:

The Safety Division provides a number of programs that inform the public on how to fish, hunt, trap, and operate recreational vehicles safely. These programs reach more than 9,000 participants each year using a cadre of more than 500 volunteers and 11 part-time staff.

Support Services Section:

The Support Services Section houses the Environmental Review, Computer Services, Federal Aid Coordination, Water Access, and Habitat Information Transfer Programs within Resource Management.

PURPOSE:

The primary function of the Maine Warden Service is to enforce Title 12, Chapters 901-939, to enforce all rules promulgated by the Commissioner, and to enforce the U.S. Migratory Bird Treaty Act. In addition to these duties, the Maine Warden Service enforces the Maine boat laws and recreational vehicle laws (snowmobile and ATV). The Maine Warden Service is, by statute, responsible for searches for persons presumed lost or drowned in the fields, forests and inland waters of the State of Maine. Game Wardens of the Maine Warden Service are uniformed law enforcement officers with full police powers and statewide jurisdiction.

ORGANIZATION:

The Maine Warden Service was formally established on March 9, 1880, and was renamed the Bureau of Warden Service in 1984 as a part of the reorganization statute enacted by the 111th Legislature. The Bureau of Warden Service currently consists of a Game Warden Colonel (Chief Warden), a Game Warden Major (Deputy Chief Warden), a Game Warden Captain, 5 Game Warden Lieutenants, 15 Game Warden Sergeants, 4 Game Warden Investigators, 1 Chief Warden Pilot, 2 Game Warden Pilots, 91 District Game Wardens, 4 Game Warden Specialists, and 6 Deputy Game Wardens. Support services within the Maine Warden Service include a Dive Team, Incident Management Team (for Search and Rescue & Natural Disasters), K-9 Team, Special Investigations Team, Aviation Division, Evidence Recovery Team, Use of Force Team, Forensic Mapping Team, and Critical Incident Stress Debrief Team.

PROGRAM:

Conservation Law Enforcement: In fiscal year 2016, the Maine Warden Service responded to 24,768 complaints on matters of conservation law enforcement, search and rescue, and Inland Fisheries and Wildlife rules and regulations. During 2016, 3,966 persons were prosecuted for violation of laws and rules pertaining to fish, wildlife, boating, and recreational vehicles. To accomplish the Conservation Law Enforcement and Search and Rescue mission of the Bureau, in 2016 Game Wardens drove 2,998,843 miles.

Search and Rescue: During 2016, the Maine Warden Service responded to 360 searches for persons lost in the fields and forests of Maine or presumed to be

drowned on the inland waters of the State.

Data Collection: During 2016, Maine Warden Service was responsible for assisting with compiling the following data for management purposes: assistance with the administration of fur tagging stations, big game registration stations and tracking predation and vehicle mortality numbers of whitetail deer.

LICENSES:

- Special dog training area license
- License to hold field trials for sporting dogs
- Snowmobile race permit
- Import permit (fish and wildlife)
- Eel permit for licensed trappers (20 lbs. of eels)
- Permit to stock rabbit
- Permit to allow the use of a suppressor while hunting

PURPOSE:

The purpose of the Judicial Branch is to administer justice by providing a safe, accessible, efficient and impartial system of dispute resolution that serves the public interest, protects individual rights, and instills respect for the law.

ORGANIZATION:

Until the signing of the Articles of Agreement for Separation in 1820, Maine was part of Massachusetts and included in the Massachusetts court system. In 1820, Article VI, Section 1, of the new Maine Constitution established the Judicial Branch of government stating: "The judicial power of the State shall be vested in a Supreme Judicial Court, and such other courts as the Legislature shall from time to time establish". From the start of statehood, the Supreme Judicial Court was both a trial court and an appellate court or "Law Court." The new State of Maine also adopted the same lower court structure as existed in Massachusetts, and the court system remained unchanged until 1852. The Court Reorganization Act of 1852 increased the jurisdiction of the Supreme Judicial Court to encompass virtually every type of case, increased the number of justices and authorized the justices to travel in circuits. The Probate Courts were created in 1820 as county-based courts and have remained so.

The next major change in the system came in 1929, when the Legislature created the statewide Superior Court as a trial court to relieve the overburdened Supreme Judicial Court. Meanwhile, the lower courts continued to operate much as they always had until 1961 when the municipal courts and the trial justices system was abolished and the new District Court created. The Administrative Court, which was created in 1978, was abolished on March 15, 2001.

The administrative structure of the Maine Judicial Branch is similar to a corporation. The Supreme Judicial Court serves as the Branch "board of directors" and by statute has general administrative and supervisory authority over the Branch. This authority is exercised by promulgating rules, issuing administrative orders, establishing policies and procedures, and generally advising the chief justice. The Chief Justice is designated as head of the Judicial Branch and is assisted by the state court administrator. Each of the two trial courts has a Chief Justice or Judge, appointed by and responsible to the Chief Justice, who also heads the Law Court. The Administrative Office of the Courts under the direction of the state court administrator, assists in meeting the operational needs of the courts.

PURPOSE:

The State Court Administrator, under the supervision of the Chief Justice of the Supreme Judicial Court, is required by statute to: survey and study Judicial Branch operations to improve administration and management of the court system; develop and recommend long-range plans for the Judicial Branch; examine the status of all court dockets and make recommendations concerning the assignment of personnel; investigate complaints about the operation of the courts; examine and maintain court statistical systems, and collect and analyze statistical data relating to court operations; prescribe uniform policies and business methods to be used in all courts; implement standards and policies set by the Chief Justice; act as fiscal officer of the courts including the oversight of all budgetary and accounting functions; and examine and supervise arrangements for court facilities, equipment and supplies.

In addition, the State Court Administrator is required to submit an Annual Report to the Chief Justice, Legislature and Governor reporting the activities of the preceding fiscal year; maintain liaison with the other branches and agencies of government; prepare and plan for the operation of District and Superior Court

JUDICIAL DEPARTMENT

clerks' offices; develop and implement educational and training programs for nonjudicial personnel; plan and implement arrangements for court security; report on out-of-state travel; and prepare impact statements for executive orders and proposed legislation; perform other duties consistent with the powers delegated and assigned by the Chief Justice and the Supreme Judicial Court.

ORGANIZATION:

The Administrative Office of the Courts was created in 1975. The office is directed by the State Court Administrator, who is appointed by and serves at the pleasure of the Chief Justice. The Administrative Office staff is appointed by the State Court Administrator with the approval of the Chief Justice. The staff administers the accounting, technology, fiscal, legislative, personnel, purchasing, planning, research, court operations, facility and security related functions for the court system.

PROGRAM:

Under the direction of the State Court Administrator, the Administrative Office of the Courts continued its involvement in ongoing areas of court automation, fiscal administration, court security, facilities management and personnel administration. Initiatives were undertaken to improve court security, enhance case processing technology, increase the availability and quality of interpretation services, and adapt court operations to meet the needs of Maine's citizens.

FAX: (207) 622-0059

Telephone: (207) 623-2464

M.R.S.A., Sect.: 000000801

PURPOSE:

The purpose of the Board of Bar Examiners is to examine all applicants for admission to the Bar, as to their legal learning and general qualifications to practice as attorneys in the several courts of the State. After passing the examination and compliance with the statutes has been accomplished, the Board issues a certificate of qualification which states the standing of the applicant, and recommends his/her admission to the bar.

ORGANIZATION:

The Board is composed of seven lawyers of the State and two representatives of the public appointed by the Governor. As the terms of the members expire, members of the Board are appointed annually by the Governor on the recommendation of the Supreme Judicial Court, and hold office for terms of five (5) years, beginning on the first day of January of the year of appointment and ending on the last day of December of the year of expiration of the appointment.

The Board holds two examination sessions annually at such times and places in the State as the Board determines and the Supreme Judicial Court approves. The members of the Board elect a chair and a secretary who may, but need not be, the same person, and a treasurer. The Board makes rules and regulations relative to the performance and duties of the Board and to the examinations which the Board

JUDICIAL DEPARTMENT

conducts. Five members of said Board shall constitute a quorum for the transaction of business.

PROGRAM:

In its efforts to discharge its statutory duties, the Board must review its policies and practices in such matters as:

1. the necessity of examining applicants who already have been admitted by examination in other jurisdictions;
2. the eligibility of graduates of foreign law schools to take the bar exam;
3. the fairness and validity of examination procedures and standards;
4. the relationship of a law school education to the bar examination and
5. the effectiveness of procedures to determine the character and fitness of applicants to practice law.

The Board works closely with the National Conference of Bar Examiners and the American Bar Association to receive the benefit of the experience of the other jurisdictions in bar examination matters.

FAX: (207) 822-0781

Telephone: (207) 822-0792

PURPOSE:

The purpose and objective of the Court Alternative Dispute Resolution Service (CADRES) is to provide an administrative structure for court-connected Alternative Dispute Resolution (ADR) services in Maine Courts.

ORGANIZATION:

The operation and policies of the Service are overseen by the Court Alternative Dispute Resolution Service Committee. Members of the Committee are appointed by the Chief Justice of the Supreme Judicial Court pursuant to 4 MRSA Section 18-B. The Director administers statewide rosters and oversees the work of mediators and other ADR neutrals. The neutrals provide services as required in each of the State's District and Superior Court locations.

PROGRAM:

CADRES provides ADR services - including mediation, arbitration and early neutral evaluation - to the parties in court cases in Maine in all counties. CADRES selects and maintains statewide rosters of neutrals in various types of cases: small claims, family matters, evictions, land use/environmental and civil litigation. More than 150 neutrals are available statewide to provide ADR services under the auspices of the courts. In District Court, referral to

DISTRICT COURT FOR THE STATE OF MAINE HON. CHARLES C. LAVERDIERE, CHIEF JUDGE

Central Office: 1 COURT STREET, AUGUSTA, ME 04330

Mail Address: 163 STATE HOUSE STATION, AUGUSTA, ME 04333-0163 *FAX:*

Established: 1961

Telephone: (207) 213-2985

Reference: Policy Area: 06 *Umbrella:* 40 *Unit:* 279 *Citation:* T0004 *M.R.S.A., Sect.:* 000000151

PURPOSE:

The purpose of the District Court is to serve as a court of general jurisdiction in law and equity for the State, excluding jury trials.

ORGANIZATION:

The District Court was originally created by the Legislature in 1961 as Maine's court of limited jurisdiction. The Court's jurisdiction has expanded substantially. In criminal matters, it has original jurisdiction in non-felony cases. However, effective July 1, 2015 the Judicial Branch developed a Unified Criminal Docket (UCD) for all criminal misdemeanor and felony matters. Responsibility for all criminal matters in the UCD is shared by justices of the Superior Court and judges of the District Court.

Until March 15, 2001, the Court had concurrent jurisdiction with the Superior Court in divorce and non-equitable civil cases involving not more than \$30,000. As of March 15, 2001, the monetary claim limit for civil cases was eliminated, creating concurrent jurisdiction with the Superior Court. The District Court now has exclusive jurisdiction of divorce and family cases. The District Court also may grant equitable relief in a wide variety of cases including unfair trade practices and cases involving environmental law violations.

The District Court hears all child protection cases, and protection from abuse and protection from harassment cases. The District Court is the small claims court (for cases involving not more than \$6,000) and the juvenile court. In addition, the Court hears mental health, forcible entry and detainer, quiet title and foreclosure cases. It is the only court available for the enforcement of money judgments. The District Court also has original jurisdiction over civil violations, and exclusive jurisdiction over all violations bureau matters.

There are 38 judges in the District Court, including the Chief Judge, who is designated by the Chief Justice of the Supreme Judicial Court. All District Court judges are appointed by the Governor, reviewed by the Joint Standing Committee on the Judiciary, and confirmed by the Senate for seven-year terms. Pursuant to Administrative Order, District Court judges may also sit in the Superior Court. In the District Court, judges are assigned by the Chief Judge to sit in any District Court in the State.

PROGRAM:

Within the District Court, there are administrative units and systems designed to enable the Court to achieve its purposes. The Family Division of the District Court was established by the Second Session of the 118th Legislature, which enacted 4 M.R.S.A. section 183 as follows: "There is established within the District Court a Family Division that has jurisdiction over family matters filed in District Court. The Family Division shall provide a system of justice that is responsive to the needs of families and the support of their children." In May of 1998, Family Case Management Officers, renamed Family Law Magistrates in 2005,

JUDICIAL DEPARTMENT

began to hear and dispose of certain family matter cases, usually involving child support.

The District Court Judges, along with Superior Court Justices, preside over Adult Drug Treatment Court, Co-Occurring Disorder Court and Veterans Court Proceedings. The Adult Drug Treatment Courts operate in York, Cumberland, Androscoggin, Hancock, and Washington Counties. The Co-Occurring Disorder Court and the Veterans Court are statewide courts located primarily in Kennebec County.

The Family Treatment Drug Court is operating within the Maine District Court in the Lewiston-Auburn area, the Bangor area and in Central Maine. This federally funded docket works with families in child protection proceedings when substance abuse is a major problem in the family. The District Court also operates Domestic Violence Monitoring Courts in several locations throughout the State. This grant-funded docket provides ongoing court monitoring of individuals that have been convicted of criminal acts of domestic violence.

The Chief Judge of the District Court rosters all Guardians ad Litem (GAL), who are appointed by the Court in part to provide children with a voice in family and child protection matters in the District Court. The Chief Judge of the District Court also appoints all Bail Commissioners and Justices of the Peace.

PURPOSE:

The Committee on Judicial Responsibility and Disability was created by the Supreme Judicial Court by court order in 1978. The Committee is empowered to receive and investigate complaints of judicial misconduct and disability. Judicial misconduct is defined by the Maine Code of Judicial Conduct, which was promulgated by the Supreme Judicial Court. By order of the Court, the Code of Judicial Conduct is binding on all state judges and magistrates, as set forth in the Code and the Court's order.

ORGANIZATION:

The Committee on Judicial Responsibility consists of eight members appointed by the Supreme Judicial Court. One member is a Justice of the Superior Court, one is a Judge of the District Court, and one is a Probate Judge. Two members are attorneys at law admitted to practice in the State of Maine, and three are public members, all appointed by the Supreme Judicial Court upon the recommendation of the Governor. Four alternate members are also appointed to serve with respect to any matter from which a regular member is excused or otherwise unavailable.

PROGRAM:

Proceedings before the Committee are typically begun upon receipt of a complaint concerning the conduct of a judge. If the Committee members decide that the facts involved in the complaint appear to come within its authority, a copy of the complaint is submitted to the judge for a response, unless the allegations or facts available to the Committee show that no disciplinary misconduct is involved. At the time a complaint is submitted to the judge, an investigation is conducted appropriate to the circumstances of the complaint. Based upon its investigation and the judge's response, the Committee determines whether the complaint should be dismissed or whether an evidentiary hearing is necessary.

JUDICIAL DEPARTMENT

The Committee cannot itself impose disciplinary sanctions. Unless the complaint is dismissed, the Committee's findings and conclusions, together with recommendations, are reported to the Supreme Judicial Court in any matter in which the Committee finds misconduct warranting formal disciplinary action. Thereafter, the matter is in the hands of the Court. The Committee may also seek informal correction of any judicial conduct or practice that may create an appearance of judicial misconduct.

Upon written request of the Governor, the Legislature's Joint Standing Committee on Judiciary, or an appropriate federal agency or official, in connection with consideration of the appointment of a person who has been a judge, the Committee is directed to provide information on any complaints made against that person and the Committee's disposition thereof. The Committee reports annually to the Supreme Judicial Court a summary of each year's activities.

PUBLICATIONS:

The Committee has available for distribution material describing the Committee's operation and function, as well as the rules that govern the Committee's jurisdiction and procedure. Copies are available upon request. Copies of the available Annual Reports of the Committee are also distributed upon request. All of this information is also available on the Committee's website: www.jrd.maine.gov

M.R.S.A., Sect.: 000004890

PURPOSE:

The mission of the Board of Overseers of the Bar is to encourage and promote competent and ethical practice by members of the Maine bar, and to make these standards known to members of the public, so that they have confidence in the legal profession in Maine. The Board accomplishes its mission on several fronts including attorney registration, continuing legal education requirements, ethical guidance, and attorney regulation. The Guardian ad Litem Review Board, an independent unit within the Board, administers the registration and regulation of Guardians ad litem as defined in the Maine Rules for Guardians ad Litem.

ORGANIZATION:

The Board of Overseers of the Bar was created by order of the Supreme Judicial Court, effective November 1, 1978 (Maine Bar Rules). The Board consists of nine (9) members selected by the Court, three (3) of whom are lay persons and six (6) of whom are members of the Bar of the State of Maine.

PROGRAM:

This unit's activities are limited to the performance of its duties as defined in the Maine Bar Rules, the Maine Rules of Professional Conduct, and the Maine Rules of Guardians ad Litem. In general, the Board supervises and administers the registration of attorneys admitted to the Maine bar and Guardians ad Litem rostered by the Court; investigates and processes ethical complaints that allege violations of the Maine Bar Rules, the Maine Rules of Professional Conduct, or the Maine Rules for Guardians ad Litem; provides a procedure for the arbitration of fee disputes between clients and attorneys; and provides limited consulting and advisory services for the court with respect to the interpretation and application of the Maine Bar Rules, the Maine Rules of Professional Conduct and the Maine Rules of Guardians ad Litem.

SUPERIOR COURT

HON. ROLAND A. COLE, CHIEF JUSTICE

Central Office: 205 NEWBURY STREET, PORTLAND, ME 04101

Mail Address: PO BOX 287, PORTLAND, ME 04112

Established: 1930

Reference: Policy Area: 06 *Umbrella:* 40 *Unit:* 278 *Citation:* T0004

FAX: (207) 822-4136

Telephone: (207) 822-4174

M.R.S.A., Sect.: 000000101

PURPOSE:

The Superior Court was originally created by the Legislature in 1929 as Maine's trial court of general jurisdiction. Since 2001, the Court no longer has jurisdiction over divorce, family matters, child protection, and protection from abuse and harassment family matters. The Superior Court has exclusive jurisdiction over civil jury trials, including medical malpractice cases, and limited appellate jurisdiction regarding questions of law and de novo proceedings in certain District Court cases, and it has limited concurrent original jurisdiction with the Supreme Judicial Court over certain proceedings. Since its creation, the Superior Court has had exclusive jurisdiction over all felony-level criminal proceedings; however, the Judicial Branch has developed a Unified Criminal Docket (UCD) process for all criminal misdemeanor and felony matters, which was fully implemented Statewide by July 1, 2015. Responsibility for criminal matters in the UCD is shared by justices of the Superior Court and judges of the District Court.

ORGANIZATION:

There are 17 justices of the Superior Court who hold sessions of the court in each of the State's 16 counties. The justices are appointed by the Governor for seven year terms, with the consent of the Legislature. A single justice is designated by the Chief Justice of the Supreme Judicial Court to serve as the Chief Justice of the Superior Court.

The Chief Justice of the Superior Court is responsible for establishing the regular and special assignments of the justices, for specifying when the Grand Jury shall be summoned in each county, and for assigning justices to the Single-Justice program and to Post-Conviction Review matters, and to other matters throughout the State. The Chief Justice also supervises the Medical Malpractice Pre-Litigation Screening Panel program for all medical malpractice cases in the Superior Court.

PROGRAM:

In 2004, the Superior Court established a statewide Single-Justice system in which an individual justice is assigned for all purposes to each civil case and each criminal homicide case, including manslaughter, filed in the State. As a result, only one justice is responsible for all decisions and matters in each of those cases.

The Superior Court also conducts several types of problem-solving courts throughout the State, including the Business and Consumer Docket (aka The Business Court), the Adult Drug Treatment Court and the combined Co-occurring Disorders and Veterans Court. The Superior Court also has pioneered the use of judicially assisted settlement conferences, a highly successful form of mediation

in which a judge not involved with the case being mediated serves as the neutral. This system is now used throughout the trial court system.

SUPREME JUDICIAL COURT HON. LEIGH I. SAUFLEY, CHIEF JUSTICE

Central Office: 205 NEWBURY STREET, PORTLAND, ME 04101-4125

Telephone: (207) 822-4146
M.R.S.A., Sect.: 000000001

PURPOSE:

The purpose of the Supreme Judicial Court sitting as the Law Court is to serve as the final appellate tribunal for the State. The Supreme Judicial Court also has general administrative and supervisory authority over the Judicial Department and shall make and promulgate rules, regulations, and orders governing the administration of the Judicial Department.

ORGANIZATION:

The Supreme Judicial Court is the highest court in Maine, and, as the Law Court, is the court of final appeal. As of January 1, 2001, the Law Court hears appeals of civil and criminal cases from District and Superior Courts; appeals from all final judgments, orders and decrees of the Probate Court; appeals of decisions of the Public Utilities Commission and the Workers Compensation Board. A justice of the Supreme Judicial Court may be assigned by the Chief Justice to sit in the Superior Court or the District Court to hear cases of any type, including post-conviction matters and jury trials.

In addition, the Supreme Judicial Court defines and regulates the practice of law and the conduct of attorneys in Maine by the promulgation of Maine Bar Rules, published in the annual Maine Rules of Court. It also is the ultimate authority for admitting lawyers to the bar, and for administering lawyer discipline including disbarment. The justices of the Supreme Judicial Court may be called upon to make decisions regarding legislative apportionment and render advisory opinions concerning important questions of law on solemn occasions when requested by the Governor, Senate, or House of Representatives. Three members of the Maine Supreme Judicial Court serve as the Sentence Review Panel for the review of sentences of one year or more.

The Supreme Judicial Court has seven members: the Chief Justice and six Associate Justices. The justices must be trained in the law and are appointed by the Governor for seven year terms, with the consent of the Legislature. By statute, the Chief Justice is head of the Judicial Branch, and the Supreme Judicial Court has general administrative and supervisory authority over the Judicial Branch. Upon retirement, a Supreme Judicial Court Justice may be appointed an Active Retired Justice by the Governor, for a seven year term, with the consent of the Legislature. On assignment by the Chief Justice, an Active Retired Justice has the same authority as an active justice.

PURPOSE:

The Department of Labor strives to improve business and employment in Maine.

ORGANIZATION:

The Department of Labor is comprised of the units listed above. These units are organized around five core agencies: Employment Services; Labor Standards; Rehabilitation Services; Unemployment Compensation; and Workforce Research and Information. The Maine Labor Relations Board handles Labor Relations and functions as a quasi-independent agency within the Department.

PROGRAM:

The Department seeks to support Maine businesses in their growth, expansion and job creation. The Department assists Maine workers in their search for sustainable and fulfilling employment. The Department's efforts include helping match businesses with potential employees and helping workers improve their skills to achieve their employment goals. People with disabilities can receive additional assistance in their employment search. To help foster growth in Maine, the Department provides comprehensive information on subjects such as wages, industries and workforce demographics to aid decision-makers in business, government and the general public.

Improving workplace safety for Maine workers is an important role of the Department. Reducing workplace injuries has a positive impact on both workers and business including worker health, fewer missed days and lower business costs. The Department is responsible for the enforcement of labor laws and regulations.

PURPOSE:

The Maine Board of Arbitration and Conciliation was established to further harmonious labor-management relations in the State of Maine by endeavoring to settle disputes, strikes and lockouts between employers and employees. It serves as a Board of Inquiry, as a Board of Conciliation in the private sector, or as a Board of Arbitration with power to inquire and to investigate labor-management disputes in the public or private sector.

ORGANIZATION:

The Maine Board of Arbitration and Conciliation originally was created in 1909, and experienced major reorganization in 1955 and procedural reform in 1985. The board consists of three primary members representing labor, management and the public. There are six alternates, two for each of the primary positions. All

DEPARTMENT OF LABOR

primary and alternate members of the board are appointed by the governor for terms of three years. Appropriations for the board are included in the budget of the Maine Labor Relations Board.

PROGRAM:

In fiscal year 2016, requests for board services increased from fiscal year 2015. In fiscal year 2016, 31 requests for services were received. The variety of employee and employer units requesting service in the past few years reflects the growing perception in the public sector labor relations community of the Board's stature in providing quality and professional arbitration and conciliation services. In addition to the new matters filed in fiscal year 2016, there were 15 cases carried over from the prior year which required hearing and disposition by the board or other action. Of the 31 filings, 30 were grievance arbitration requests; there was one request for fact finding services and no requests for interest arbitration.

Under the statutes governing public employee collective bargaining, the Board is given authority to hear fact finding and interest arbitration matters when there is a mutual submission for such services. In all, the board issued ten formal Decisions and Awards, compared with 7 in the previous year.

The board convened to hear 14 matters, ten concluded by formal Decision and Award and four resolved at hearing. Several matters were withdrawn or are scheduled for withdrawal. Withdrawals usually indicate settlement on the issues by the parties, often after a hearing has been scheduled.

PURPOSE:

The Bureau of Rehabilitation Services, Division for the Blind and Visually Impaired, was established to provide a broad spectrum of services to people who are blind or visually impaired. These services include: the prevention of blindness; the location and registration of people who are blind or visually impaired; the provisions of certain education services to children who are blind or visually impaired from birth to age 21; provision of vocational rehabilitation services to accomplish job placement; provision of instruction in blindness specific skills in the area of independent living; and the provision of other social services.

ORGANIZATION:

The division was established in 1941 as the Division for the Blind in the Department of Health and Welfare. Since 1996, the division has been part of the Bureau of Rehabilitation Services in the Department of Labor. The division

DEPARTMENT OF LABOR

provides services in CareerCenters throughout the State.

PROGRAM:

The Division for the Blind and Visually Impaired administers four programs specific to persons in Maine who are blind or visually impaired. The Education Program provides specific instructional services to blind children in assisting local school units to meet their responsibilities for a free appropriate public education under the Individuals with Disabilities Education Act (IDEA). These services (braille instruction, travel training, direct teaching, special materials, personal and family counseling) are provided in part by DBVI staff and in part through contracted Teachers of the Visually Impaired (TVI). This program currently serves up to 300 children per year.

The Independent Living Program provides direct blindness-specific skill instruction and training activities to assist older people in achieving or maintaining independence in their homes and communities and to avoid costly institutionalization. Services are provided in part by DBVI staff and in part by contracted Vision Rehabilitation Therapists. This program serves about 400 adults each year.

The Vocational Rehabilitation Program provides blindness-specific training and other services to enable people who are blind or visually impaired to acquire or retain employment. Through vocational counseling, application of technology, direct blindness-specific instruction and skill training activities and a variety of purchased and contracted services; the Vocational Rehabilitation program currently serves approximately 600 transitioning youth and adult clients each year.

The Business Enterprise Program (BEP) was developed under federal legislation enacted in 1936 called the Randolph-Sheppard Act. Under this law, legally blind individuals are given the priority to operate "vending facilities" on federal property. The operation of BEP facilities on state and municipal property in the State of Maine is provided by state legislation which parallels the federal act. This program provides employment opportunities for persons who are blind.

PURPOSE:

In 2012, for streamlining purposes, legislation was put in place to move the supervision of the Division for the Deaf, Hard of Hearing and Late Deafened (DDHHL) under the Division of Vocational Rehabilitation (DVR). The purpose of the DDHHL is to ensure equal opportunity for people who are deaf, hard of hearing, or late deafened to fully participate in, contribute to, and benefit from Maine's community. By moving the DDHHL under DVR, employment services are an added service to this division. This work is accomplished through contracts that provide individual and systemic advocacy, as well as the provision of telecommunications equipment. The DDHHL consults with and offers training to state agencies to assist in making state services fully accessible. The DDHHL also provides information and referral services and periodicals to support consumers and providers. There are five specialty vocational rehabilitation counselors for the deaf and hard of hearing who are now housed within this division.

ORGANIZATION:

The Division for the Deaf, Hard of Hearing and Late Deafened was established on November 1, 1982, and was known as the Office of Deafness. The director of the division reports directly to the Director of the Division of Vocational Rehabilitation. The division received its present name in July of 2009 as the result of a five year plan goal to make the division more inclusive.

PROGRAM:

The Division maintains a toll-free number and responds to approximately 100-150 calls per month concerning information, referral, training, advocacy and other related services for people who are deaf, hard-of hearing or late deafened. The division also administers the state's telecommunication device program, which provides telecommunications equipment for people with any disability on either a cost-share or loan basis depending on the individual's income. This program was expanded by Public Law 2003 Chapter 553 (26 MRSA section 1419) to include equipment that provides or assists in providing emergency alert notification to deaf and hard of hearing persons. Supervision and oversight of five Vocational Rehabilitation Counselors for the Deaf and Hard of Hearing is provided by the director.

The division administers a state-created fund to provide for American Sign Language interpretation services for deaf persons who are subject to legal proceedings when meeting with an attorney or advocate. Also, the division provides voluntary identification cards for people who are deaf or hard of hearing.

PURPOSE:

The Bureau of Employment Services (BES) is the state administrative and oversight entity responsible for Maine Department of Labor (MDOL) employment and training services. BES is also responsible for developing policies, programs and services for the purpose of enhancing economic success through workforce development. The BES provides services to workers and employers through the CareerCenter network statewide, in conjunction with partner organizations; services are accessible both in person and through the www.mainecareercenter.com website.

The BES works closely with other MDOL bureaus and divisions, the State Workforce Investment Board (SWIB), four Local Workforce Investment Boards, Department of Health and Human Services, Department of Education, Department of Economic and Community Development and other education and economic development entities, along with employer and community groups to ensure that responsive and high quality services are delivered through Maine's CareerCenters. The Bureau's work

DEPARTMENT OF LABOR

includes employment and training services to help provide a skilled workforce and increased employment opportunities for workers. This is accomplished through self-directed and consultative worker services including job placement, career guidance, education and training, and layoff assistance. Workforce consultation, worker recruitment, direct referral to business resources, layoff assistance, and access to training resources are among services available to businesses. The Bureau offers the Maine Job Link, an internet site that matches employers with job openings to job seekers. Occupational information and training are provided to educators, employment training program managers, and policy makers. These services are available through the statewide network of CareerCenters.

ORGANIZATION:

As a bureau within the Maine Department of Labor, services are funded through State General Fund, federal Workforce Innovation and Opportunity Act, federal Wagner-Peyser, Trade Act and other federal funds. The BES, in consultation with the four local workforce boards, the Center for Workforce Research and Information, Bureau of Unemployment Compensation, Bureau of Rehabilitation Services, the Bureau of Labor Standards and other community based service providers including education and economic development partners ensures that workforce services are provided through Maine's CareerCenter network.

PROGRAM:

The Bureau of Employment Services, in consultation with several other organizations, oversees and administers the design and delivery of services aimed at building the workforce of the state and connecting workers with employers. Through the CareerCenter network and on the internet, individuals have access to a library of resources designed to help individuals explore career options, learn about the labor market, search for employment, interview for jobs, explore self-employment possibilities, and much more. They may use a variety of electronic equipment to write, copy, e-mail and fax résumés and cover letters, search Maine's Job Link and other internet resources, and pursue training opportunities. A variety of workshops related to employment and training topics are available to interested parties. For individuals meeting eligibility criteria, assessment services, job counseling, employability enhancement, and occupational skills training are available.

Businesses have access to a library of resources on topics relating to human resources, safety, business incentives, Americans with Disabilities Act, labor laws, labor market information, licensing, and more. Businesses can list their job openings on the Maine's Job Link 24 hours a day. CareerCenter rooms are available at no charge for businesses to use for recruiting and interviewing. CareerCenter staffs are available for on-site services including developing service strategies, packaging of services, referral, development of job descriptions, and writing job orders. Training assistance is available in the form of apprenticeships as well as new hire worker training resources.

The Rapid Response Team of the bureau provides special on-site information services to laid-off workers. The team gives employees information about training, job opportunities, unemployment benefits, health care, and emergency services.

LICENSES:

None.

PUBLICATIONS:

The Bureau publishes state policy and operational guidelines for the One-Stop CareerCenter system. Planning instructions for the operation of programs are issued to Maine's four Local Workforce Investment Areas and other contracted providers. Various fiscal reports required for the Maine Legislature and U.S. Department of Labor are routinely published. All publications are public domain and may be obtained by contacting the Bureau.

PURPOSE:

The Bureau of Unemployment Compensation contributes to the economic stability of Maine by providing temporary employer funded benefits to eligible individuals while they seek employment. The Bureau, in cooperation with federal and state agencies, operates multiple unemployment insurance benefit programs.

ORGANIZATION:

The Bureau of Unemployment Compensation is organized into four divisions:

The largest is the Division of Benefit Services which includes unemployment claims centers responsible for making initial determinations of benefit eligibility and for processing benefit claims. Benefit Services also includes the unemployment fraud investigation unit and benefit overpayment collections unit. Benefit Services handles all processes associated with banking and the issuance of benefit payments.

The Division of Employer Services incorporates all unemployment tax functions including employer registration and account management. Field advisors and examiners within the Employer Services division provide employers with technical assistance concerning unemployment laws and regulations. Employer Services also ensures Maine workers are properly classified for unemployment insurance coverage.

The Administration & Program Performance division is responsible for the bureau's administrative functions including budget oversight, contract management, program security, federal program activities, program integrity, program performance reviews and records management. Quality control functions are handled by the benefits accuracy measurement unit within the Administration & Program Performance division.

The final division, Division of Administrative Hearings, is described separately in this report.

PROGRAM:

The Bureau administers a number of unemployment programs with varying eligibility requirements, but all pertaining to the loss of employment that was not caused by the individual. The following programs were in effect during the fiscal year:

PURPOSE:

The State Workforce Investment Board, formerly known as Maine Jobs Council, was created in 1997 out of the recognition that a more strategic, coordinated approach was needed to cultivate an educated and skilled workforce.

ORGANIZATION:

The Board is comprised of representatives from business, labor, education, community organizations and the public. Additionally, seven subcommittees are established to address the workforce development issues related to: people with disabilities, women, apprenticeship, older workers, youth, veterans and program policy. The Department of Labor and the Department of Education jointly administer the State Workforce Investment Board.

PROGRAM:

The board's strategies are to encourage and assist the people of Maine to upgrade their education and skills; encourage employers to invest in the education and training of their workers; ensure cooperation among the State public education and training institutions; and ensure that public resources are targeted to high quality outcomes.

Investment in the education and training of Maine workers is one of the most important issues affecting the quality of economic development. This investment will have long-term impact on the quality of jobs and level of earnings that will be achieved by people living in Maine for years to come.

PURPOSE:

The Bureau of Labor Standards enforces State laws regulating the employment of minors and the payment of wages; State laws established for the protection of the health and safety of workers; and those enacted for the protection of working people in general. This includes the review and approval of employer substance abuse testing policies. The bureau also has significant resources to encourage and support employers to be in compliance with state and federal labor laws.

ORGANIZATION:

The Bureau was established in 1873 as an activity under the Secretary of State to collect and print statistics on manufacturing, mining, commercial and industrial interests, together with the valuation and appropriations of municipalities. In 1887, the Bureau of Industrial and Labor Statistics was established by the Legislature. In 1911, this was changed to the Department of Labor and Industry with added responsibilities for enforcing laws regulating employment of children and women, the protection of the physical well-being of factory workers and the payment of wages. The department remained as a separate entity until 1972, when in the reorganization of State government; it became the Bureau of Labor and Industry within the new Department of Manpower Affairs. In 1975, the Bureau's name was changed to the Bureau of Labor. In 1981, when the name of the Department of Manpower Affairs was changed to the Department of Labor, the bureau's name changed to the Bureau of Labor Standards.

PROGRAM:

The Technical Services Division includes both the Research and Statistics unit and the Customer Service unit. The Research and Statistics Unit collects and publishes statistical data concerning labor and industry, collects and analyzes data on the prevalence and causes of occupational injuries and illnesses and to evaluate interventions towards lessening their number and effect. Regular data series prepared by this unit include the Census of Fatal Occupational Injuries in Maine, Report on the Substance Abuse Testing Law, the Construction Wage Rate Survey, the Survey of Occupational Injuries and Illnesses, the OSHA Data Initiative, and the Census of Case Characteristics.

The Customer Service Unit, which functions as the bureaus and departments

DEPARTMENT OF LABOR

information center, assists callers, distributes brochures, maintains the video library, registers customers for classes, and processes work permits, labor complaints and statistical surveys.

The Wage and Hour Division enforces State laws relating to employment including, but not limited to, child labor, equal pay, minimum wage, overtime, nonpayment of wages, and severance pay. It investigates all complaints alleging violations of these laws. In addition, the division approves employer drug-testing policies and work permits for minors.

The Workplace Safety and Health Division conducts a variety of programs to assist employers in improving their occupational safety and health performance. Training and on-site consultation are offered through the "SafetyWorks!" program. State-funded activities are augmented by two federal grants. Under a grant with the federal Occupational Safety and Health Administration the division provides free consultation services to employers whereby they can receive recommendations without penalties. A grant with the Mine Safety and Health Administration supports training in mine safety. The division also has a public sector enforcement program that enforces rules adopted by the Board of Occupational Safety and Health.

PURPOSE:

The Maine Labor Relations Board was established to improve the relationship between public employers and their employees by providing a uniform basis for

DEPARTMENT OF LABOR

recognizing the right of public employees to join labor organizations of their choosing, and to be represented by such organizations in collective bargaining. State, county, municipal, school department, university, community college, judicial, and legislative employees come within the Board's jurisdiction.

If employers and employee organizations are unable to agree on appropriate bargaining units, they are created through the unit determination process. Once an appropriate unit is constituted, and absent voluntary recognition by the public employer, the board conducts a representation election to determine whether a majority of unit employees wish to be represented by an employee organization for purposes of collective bargaining.

Established bargaining units may be modified by agreement of the public employer and the bargaining agent or through the unit clarification process. Unit employees seeking to change or decertify their bargaining agent may petition the Board to conduct a secret ballot election. Board staff conduct unit proceedings and representation elections, subject to review by the Board. The Board also adjudicates alleged unfair labor practices, referred to as "prohibited acts" under the four labor relations statutes.

The various labor relations statutes administered by the Board prohibit public employees from engaging in work stoppages, strikes or slowdowns and provide dispute resolution procedures in lieu of the self-help options available to employees and employers in the private sector. The dispute resolution procedures include mediation, fact finding, interest arbitration, and, in the case of judicial employees, an option for mediation-arbitration.

ORGANIZATION:

The Maine Labor Relations Board consists of three primary members, one representing each of the elements of public sector labor, public sector management and the general public interest, with the member representing the general public interest serving as chair. These members, and their alternates (two for each of the primary positions), are appointed by the governor and confirmed by the Legislature, serve for terms of four years.

PROGRAM:

The municipal sector continues to be the most diversified and most active of all sectors utilizing the services of the Maine Labor Relations Board. During fiscal year 2016, 22 voluntary or joint agreements relative to bargaining units were received, down from 39 in the prior year. Thirteen unit determination or clarification petitions were filed, compared with 6 such filings in fiscal year 2015. There were 13 election requests received by the board. In addition to this, the Board received five decertification/certification requests and four straight decertification election requests. With respect to election activities, there were 28 election requests in all requiring attention during the fiscal year. In all, Board officials conducted 21 elections pursuant to the various petitions filed. The Board received 22 prohibited practice complaints in fiscal year 2016, a decrease from the 29 complaints filed in fiscal year 2015. The administration and processing of these complaints involves both the Board and its staff in the details of docketing, arranging hearings before the Board members, processing prehearing conferences, scheduling post-hearing memoranda, meeting for deliberation of cases, research, and preparation involved with the decisions themselves.

PANEL OF MEDIATORS

MARC P. AYOTTE, EXECUTIVE DIRECTOR

Central Office: 2ND FL, ELKINS BLDG, 19 ELKINS, AUGUSTA, ME
Mail Address: 90 STATE HOUSE STATION, AUGUSTA, ME 04333-0090 *FAX:* (207) 287-4416

Reference: Policy Area: 01 Umbrella: 12 Unit: 187 Citation: T0026 M.R.S.A., Sect.: 000000892

PURPOSE:

The Panel of Mediators was established to implement the public policy of the State of Maine by providing a full and adequate facility for the settlement of disputes between employers and employees or their representatives and other disputes subject to settlement through mediation. By law, mediation procedures are mandatory, whenever either party to a controversy requests such services and the Maine Labor Relations Board or its Executive Director finds that the dispute is subject to settlement through mediation and that it is in the public interest to mediate.

ORGANIZATION:

The Panel of Mediators was established in 1951 and came under the administrative auspices of the Maine Labor Relations Board in 1973. The law provides that there be no fewer than five nor more than ten impartial mediators nominated by the Maine Labor Relations Board and appointed by the Governor for terms of three years. There are currently ten State Mediators.

PROGRAM:

In fiscal year 2016, the number of new requests for mediation services decreased from the level experienced last year. New mediation requests received during 2016 numbered 65 (68 last year). In addition, there were 48 matters carried over from fiscal year 2015 that required mediation activity this year. Thus, the number of matters filed, pending, and requiring attention reached a total of 113, up from 95 the previous year. The panel achieved a settlement rate of 75% for matters concluded this year, including those carried forward. There was one request for preventive mediation services. Upon the joint request of the parties, members of the panel train bargaining team members at the outset of negotiations and then facilitate collaborative, problem-solving bargaining for our client community.

PURPOSE:

The board was established to formulate and adopt reasonable rules for safe and healthful working conditions in places of public employment provided by the State, county, municipal corporation, school district or other public corporation or political subdivision. The rules must conform as far as practicable with nationally recognized standards of occupational safety and health. The board also hears appeals of Bureau of Labor Standards enforcement actions by regulated parties.

ORGANIZATION:

The Board of Occupational Safety and Health was created in 1976. It consists of ten members, nine appointed by the Governor and one being the Director of the Bureau of Labor Standards. Appointed members include management and labor representatives from the state, county, and local levels, two public members, and one member from the insurance industry. The Bureau of Labor Standards enforces the rules adopted by the board.

PROGRAM:

The board meets four times to review and propose regulations for adoption and otherwise assist the bureau's enforcement activities. The board held no formal appeal hearings.

PURPOSE:

The purpose of the Bureau of Rehabilitation Services (BRS) is to help Maine

DEPARTMENT OF LABOR

people with disabilities find or maintain employment and achieve full participation in the community.

Working in partnership with the Maine Department of Health and Human Services, and Department of Education, as well as other rehabilitation providers, the Division of Vocational Rehabilitation Services administers state and federal rehabilitation services for people (including students transitioning from high school) with disabilities.

ORGANIZATION:

State administered rehabilitation services originated in 1921 with the creation of the Vocational Rehabilitation Division under the supervision of the State Board of Education. In 1969, the Legislature directed that a functional unit of rehabilitation services be created within the then Department of Health and Welfare to consolidate rehabilitation programs and to administer services under the federal Rehabilitation Act.

The Division of Vocational Rehabilitation Services was created under this legislation. The administration of the Vocational Rehabilitation Division, the Division of Eye Care and Special Services, and the Division of Disability Determination Services were consolidated under this legislation. In 1994, the Legislature moved the Division of Rehabilitation Services to the Department of Education, and in 1996, moved the Division to the Department of Labor.

PROGRAM:

The main program within the Bureau of Rehabilitation Services is the Division of Vocational Rehabilitation. This program provides comprehensive vocational rehabilitation services and endeavors to bring about full access to employment, independence and community integration for people with disabilities. Vocational Rehabilitation assists eligible individuals with physical or mental disabilities to prepare for and achieve an employment outcome. "Employment outcome" means entering or retaining full-time employment, or, if appropriate, part-time competitive employment in the integrated labor market, supported-employment, or any other type of employment in an integrated setting, including self-employment, telecommuting, or business ownership, that is consistent with an individual's strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

MAINE UNEMPLOYMENT INSURANCE COMMISSION
JENNIFER DUDDY, CHAIR

Central Office: 45 COMMERCE DRIVE, AUGUSTA, ME 04330
Mail Address: 57 STATE HOUSE STATION, AUGUSTA, ME 04333
Established: 1936
Reference: Policy Area: 01 *Umbrella:* 12 *Unit:* 172 *Citation:* T0026
FAX: (207) 287-4554
Telephone: (207) 623-6786
M.R.S.A., Sect.: 000001081

PURPOSE:

The Maine Unemployment Insurance Commission conducts appeal hearings or administrative reviews on determinations made by the Division of Administrative Hearings on benefit eligibility disputes and provides initial hearings on appeals of unemployment tax liability determinations.

ORGANIZATION:

The Maine Unemployment Insurance Commission consists of three Commission members and their support staff. The three members are: a representative of labor, a representative of employers, and a representative of the general public. The general public member serves as the Chair of the Commission, and by statute, must be an attorney admitted to practice law in Maine. The Chair must remain an impartial member. The Governor appoints the members, subject to review by the joint standing Labor, Commerce, Research & Economic Development Committee and confirmation by the Senate. Each member holds office for a term of six years, or until a successor has been duly appointed and confirmed.

While the finances for the Commission are included in those of the Bureau of Unemployment Compensation, the Commission and the Bureau are separate entities.

PROGRAM:

The Maine Unemployment Insurance Commission hears initial appeals on employer tax liability decisions, State Income Tax Refund setoff reviews and second-level appeals on benefit eligibility decisions. Hearings are conducted either by telephone or in person, depending on the location of the parties, ability of parties to travel and complexity of the case. In addition, the Commission also considers requests for waiver of benefit overpayments, withholding of earning reviews and requests of seasonality determinations. The Commission also reviews the Rules Governing the Administration of the Employment Security Law for possible revision through the rulemaking process.

The Center for Workforce Research and Information collects, analyzes and reports

DEPARTMENT OF LABOR

on the state and direction of the labor market to assist Maine job seekers, employers, policy makers, economic developers, education, training planners, and career guidance experts in making key decisions and plans for the future. We provide the department with economic, management, actuarial and strategic analysis to guide program planning and delivery for unemployment insurance systems and employment and training programs.

ORGANIZATION:

The program activities involve data collection, sophisticated research techniques and detailed analysis. Demographic and economic research activities are conducted using social science disciplines. Results of this research are disseminated to a wide array of users in both the public and private sectors. Data is published and used in functional analyses and studies that support decisions of Maine workers, students and employers.

PROGRAM:

Labor Force, Industry Employment Statistics: Survey results are processed and estimates developed monthly regarding employment for wage and salary workers by industry for Maine and the Portland and Bangor Metropolitan Statistical Areas. A census of employment and wages by industry is published quarterly for Maine by state, county, labor market area and municipality. Civilian Labor Force estimates, including the number of people employed and unemployed, are developed by month on a current basis for Maine statewide, 31 labor market areas, 16 counties, and over 500 minor civil divisions.

Occupational Statistics: Occupational employment and wage estimates are provided annually for nearly 800 occupations covering the state, five metropolitan areas, two other sub-state regions and 16 counties. Every two years, occupational employment projections are made for the state. In addition, wage surveys are conducted in pulpwood and logging and for selected fruit and vegetables.

Maine Workforce Longitudinal Data System: A data system linking education and training providers with wage records measures wage and employment outcomes of college graduates and program completers, providing insight into the impact of programs on participant earnings.

Labor Market Information Services: Information is provided concerning Maine labor markets for the state and sub-state areas. Staff provides data and analysis to cover the specific labor market information needs of the department, other public agencies, and a variety of user groups in Maine's 31 labor market areas. Maine employers are assisted with information for affirmative action, labor availability, wage settlements, federal procurement preference eligibility and business planning. Workforce Information is provided to assist the work search efforts of Maine job seekers. Economic analyses highlighting industry trends and outlook are prepared for Maine educational communities and local workforce investment areas. An annual survey of Maine employers provides additional detail about the demand for workers by occupation, industry and region.

Management Information: Analyses and reports are provided to department managers and staff regarding activities within the Bureau of Employment Services and the Bureau of Unemployment Compensation. Economic projections and analyses are made for workload planning and trust fund monitoring. Actuarial research is conducted for various legislative proposals and study commissions. Consumer information regarding training providers is made available to assist individuals receiving federally funded training services.

M.R.S.A., Sect.: 0000000171
Legislative Count: 14.00

PURPOSE:

The Law and Legislative Reference Library provides comprehensive legislative reference service and a substantial collection of legal materials for use by the Legislature and its committees, all agencies of state government, the judiciary, attorneys and citizens of Maine. As State Law Librarian, the Director coordinates records management activities within the Legislature.

ORGANIZATION:

The Library was created by action of the Legislature, with the transfer of functions formerly performed by the law section of the Maine State Library. The nonpartisan Director is appointed by the Legislative Council.

PROGRAM:

The Library provides reference, interlibrary loan and circulation services by telephone and 711 relay service, via e-mail, through the postal service and in person. The shared URSUS Internet catalog (<http://ursus.maine.edu>) gives access to the Library's collection and supports circulation functions. Public computers in the Library provide access to Maine statutes and cases, citators, legislative bill status, the Internet and a comprehensive legal research service. The Library Internet site includes historical tables and lists, legal research links a guide to frequently-requested Maine laws, and a large collection of digitized materials relating to Maine law and legislation. To support research the library staff search a variety of print and electronic resources.

The Library collects all state statutes, selected legal treatises, and resources for non-lawyers. The Library's special resources include biographical information on legislators and members of Maine's legal community and an extensive collection of newspaper clippings on topics of legislative interest. The Library subscribes to most daily and weekly newspapers published in Maine and a selection of law reviews and other legal publications from around the country. The Library also has the most complete collection of Maine legislative materials available anywhere, including committee files that contain copies of written testimony. The Library staff prepares legislative histories on request and lends compiled histories. Many of these materials are now available electronically as well. The Library participates in state and federal depository programs, receiving documents and providing access to online government information.

The URSUS system also supports new acquisitions and serials control. The Internet catalog shows items that are on order and issues that have been received for serials such as court reports, codes, journals and updates to topical works.

PURPOSE:

"To make and establish all reasonable laws and regulations for the defense and benefit of the people of this State, not repugnant to this Constitution, nor to that of the United States." (Maine Constitution, Article IV, Part Third, Section 1.)

ORGANIZATION:

The organization of the Legislature of Maine is determined by the Constitution of Maine, by Maine Statutes, and by legislative rules. The Senate consists of 35 members, and the House of Representatives consists of 151 members. All members of both chambers are elected from single member districts. The House has three additional non-voting members who are elected by the Penobscot Indian Nation, the Passamaquoddy Tribe and the Houlton Band of Maliseet Indians, respectively, to represent their tribes at the Legislature.

The 127th Legislature is organized into 16 Joint Standing Committees by joint rule. The Joint Standing Committees established by the 127th Legislature are: Agriculture, Conservation and Forestry; Appropriations and Financial Affairs; Criminal Justice and Public Safety; Education and Cultural Affairs; Energy, Utilities and Technology; Environment and Natural Resources; Health and Human Services; Inland Fisheries and Wildlife; Insurance and Financial Services; Judiciary; Labor, Commerce, Research and Economic Development; Marine Resources; State and Local Government; Taxation; Transportation; and Veterans and Legal Affairs. Also, by Joint Rule, the Legislature established the Joint Select Committee on Joint Rules and the Government Oversight Committee.

PROGRAM:

The Second Regular Session of the 127th Legislature was convened on January 6, 2016 and adjourned sine die on April 29, 2016. In the Second Regular Session, the Legislature considered 248 legislative instruments. One hundred forty three bills and 36 Resolves were chaptered into law. Fifty nine bills were vetoed by the Governor, 38 of which were overridden and the rest sustained by the Legislature.

PURPOSE:

The Office of Fiscal and Program Review collects and analyzes fiscal and program information related to the finances and operation of State Government for legislators, legislative committees and commissions. As part of this role the Office analyzes the Governor's budget and other appropriation requests, reviews all bills and amendments for their fiscal impacts to provide projections of revenue and expenditures and monitors agency financial activities.

LEGISLATIVE DEPARTMENT

The Office also provides staff support to the Joint Standing Committee on Appropriations and Financial Affairs, the Joint Standing Committee on Taxation, the Joint Standing Committee on Transportation (for fiscal matters only), the Joint Standing Committee on Health and Human Services (for fiscal matters only) and other legislative committees as assigned. The Director of the Office and one of the Office's Principal Analysts represent the Legislature on the Revenue Forecasting Committee, which was established in law (5 MRSA, section 1710-E) to provide policy makers with revenue projections.

ORGANIZATION:

The Office of Fiscal and Program Review is one of several nonpartisan offices operating under the direction of the Legislative Council and its Executive Director. It is led by a director who is appointed by the Legislative Council and is staffed by eight other professional staff and two administrative positions.

PURPOSE:

The Office of Policy and Legal Analysis is a nonpartisan office of the Maine Legislature that provides information, policy and legal analysis and assistance in formulating and drafting legislative proposals, reports and recommendations.

The Office provides nonpartisan research, analysis and professional staffing to joint standing committees of the Legislature, select committees, legislative study commissions and individual legislators. Major functions include: analysis of legislation, preparation of research documents, facilitation of committee decision-making and drafting of committee amendments and committee bills. The Office also assists the Office of the Revisor of Statutes in drafting initial bills for introduction to each legislative session.

When the Legislature is not in session, the Office provides staff support for interim legislative committee meetings and legislative studies authorized by the Legislative Council or established by law or joint order. Staff support to legislative committees and study committees includes providing policy and legal research and analysis and preparing final reports and accompanying legislation. The Office also assists the joint standing committees in fulfilling their legislative responsibilities relating to oversight of agency rule-making and the periodic review of agency programs and operations.

ORGANIZATION:

PURPOSE:

The Office of the Revisor of Statutes was originally created in 1928 and later established as the Office of Legislative Research in 1947. The Office reassumed its original name in 1986. The Office is nonpartisan and performs four primary functions: legislative drafting and editing, engrossing, publication of laws, and maintenance of the statutes and the Constitution of Maine. The Office is the point where legislative instruments, including original bills and floor amendments, are initially filed and then produced in final form for introduction; the office reviews, edits and processes committee amendments and new drafts; it serves as clerk of the Committee on Bills in the Second Reading for both the House and Senate; and it is responsible for examining all bills in Second Reading for both the House and Senate, and for engrossing all bills prior to their enactment. The Office tracks legislation by title and section number to detect potential duplication and conflicts.

The Office publishes all laws enacted during each legislative session as the Laws of the State of Maine and assists the commercial publishers of the Maine Revised Statutes by providing materials for the supplementary pamphlets and pocket parts.

The office may be contacted via e-mail: revisor.office@legislature.maine.gov.

PURPOSE:

The State House and Capitol Park Commission was created in 1988 (Chapter 816, P.L. 1987) to develop and recommend a plan for the preservation and development of the aesthetic and historical integrity of the State House and its immediate grounds and to work in cooperation with the Capitol Planning Commission to coordinate planning and specific projects. The Commission's jurisdiction was extended in 1989 to include Capitol Park.

ORGANIZATION:

The State House and Capitol Park Commission comprises 11 voting members and five ex officio members as follows: voting members include the Director of the Maine Historic Preservation Commission; six members of the public (four of whom are appointed jointly by the Speaker of the House and the President of the Senate, and two by the Governor); the Governor, Speaker of the House, President of the Senate or their representatives; and the Director of the State House and Capitol Park Commission. The Director of the Maine Historic Preservation Commission is the chair of the State House and Capitol Park Commission.

Ex officio, non-voting members include the Director of the Maine State Museum; the Director of the Maine Arts Commission, the Director of the Bureau of General Services; the Chair of the Capitol Planning Commission; and the Executive Director of the Legislative Council.

PROGRAM:

The role of the Commission is to oversee the implementation of a master plan for repair and restoration projects in the State House and in Capitol Park.

The projects, all of which are in keeping with the master plans for the State House and Capitol Park, include patching and re-painting of the building interior, roof maintenance and repair, repair of entry stairs, sidewalk and pavement repairs and protection, repairs to the high dome and restoration of Capitol Park by restoring paths, allées, seating and picnicking areas and installation of water control devices.

LEGISLATIVE DEPARTMENT

PURPOSE:

The Commission on Interstate Cooperation was established in 1939 to carry forward Maine's participation in the Council of State Governments and to advance cooperation between the State of Maine and other units of government. The Commission itself was repealed by Public Law 2001, Chapter 352, effective September 21, 2001.

PROGRAM:

This program includes Maine's annual dues to two national organizations that serve as clearinghouses for information on State programs of national and international interest and provide support to state legislatures: the Council of State Governments and the National Conference of State Legislatures. The Council of State Governments/Eastern Regional Council is a bipartisan organization serving all three branches of government and provides a regional network for identifying and sharing ideas with state leaders and monitors activities in the federal government and their impact on state issues and programs. The National Conference of State Legislatures is a bipartisan organization which serves the legislators and legislative staff of the nation's 50 states, its commonwealths and territories with the objectives of improving the quality and effectiveness of state legislatures, fostering interstate communication and cooperation, and ensuring states a strong, cohesive voice in the federal system.

PURPOSE:

The Commission on Uniform State Laws was established to examine subjects on which uniformity of legislation among the states is desirable and to bring to the State of Maine the benefit of the sustained study and research of judges, lawyers and legal scholars through the National Conference of Commissioners on Uniform State Laws.

ORGANIZATION:

The Commission is authorized and organized pursuant to 3 M.R.S.A. §241:

The Commission on Uniform State Laws, as established by Title 5, section 12004-K, subsection 8, shall consist of 3 members to be appointed for a term of 4 years by the Governor. The commission shall also consist of any residents who, because of long service in the cause of state legislation, are elected life members of the National Conference of Commissioners on Uniform State Laws. The commission shall examine subjects on which uniformity of legislation in the different states is desirable; ascertain the best means to effect uniformity; cooperate with the commissioners of other states in the consideration and drafting of uniform acts for submission to the Legislatures of the several states; and prepare bills for introduction in the Legislature.

Commissioners are not compensated for their work. They seek reimbursement for expenses as Maine's delegates to the National Conference. The National Conference seeks payment of dues from Maine.

LEGISLATIVE DEPARTMENT

PROGRAM:

The Maine Commission on Uniform State Laws is a participant in the National Conference of Commissioners on Uniform State Laws in its work as a Committee of the whole and on its drafting and review subcommittees. Uniform Commercial Code, Uniform Probate Code, Uniform Anatomical Gift Act as amended, Uniform Transfers to Minors Act, Uniform Guardianship and Protective Proceedings Act, Uniform Health Care Decisions Act (Advance Directives), Uniform Interstate Family Support Act and Uniform Unclaimed Property Act are examples of Acts developed and adopted by the Conference which have great value to the several states, and are among the 59 Uniform Acts adopted by the State of Maine in the last century.

The Commission, like its counterparts in other states, works through appropriate legislative committees, the Maine State Bar Association and others having an interest in the particular uniform act.

PURPOSE:

The Legislative Council's Office of Legislative Information Technology provides strategic planning, hardware, network, software development and PC support services to all legislative offices in the areas of information technology.

ORGANIZATION:

LIT is responsible for the operation and support of legislative computer systems, as well as for coordinating the design and development of the applications that support the legislative process and the operations of individual legislative offices. LIT is also jointly responsible for all chamber and committee room audio/video infrastructure, software, networks, servers, IT security and legislative email systems.

PROGRAM:

During fiscal year 2015-16, the Office of Legislative Information Technology (LIT) completed a strategic process to virtualize servers to improve application performance, insure uptime, reduce longer term operating costs and to reduce reliance on physical servers. Similar technology was also deployed at the Legislature's 'disaster recovery site' to insure system availability to the Legislature in the event of a disaster situation at the primary data center. In the application development area, LIT continued work to rewrite and enhance existing (legacy) applications used in the chambers and production offices in support of legislative activities. LIT also began the process to review options to replace or upgrade the drafting system used by the Office of the Revisor of Statutes in support of the Legislature.

The Office of Legislative Information Technology also continues to provide

LEGISLATIVE DEPARTMENT

technology support services to the production offices, the House of Representatives, the Senate and individual members, resolving hardware, software and printing problems and providing instruction in the use of technology throughout the fiscal year.

SENATE

MICHAEL D. THIBODEAU, PRESIDENT OF THE SENATE
HEATHER J.R. PRIEST, SECRETARY OF THE SENATE

Central Office: STATE HOUSE, AUGUSTA, ME 04333-0003
Mail Address: 3 STATE HOUSE STATION, AUGUSTA, ME 04333-0003 *FAX:* (207) 287-5862

Reference: Policy Area: 00 Umbrella: 30 Unit: 261 Citation: C0004 M.R.S.A., Sect.: 002-00001

PURPOSE:

The Senate is the upper chamber of the Maine Legislature, and serves as the final confirming body of all bills passed before they are sent to the Governor. Under Article IV, Part Third, Section 9 of the Constitution of Maine, the Senate may originate all bills except those proposed for the purpose of raising revenue. It may, however, amend bills for the raising of revenue, provided that the amendment is not in fact used to introduce new raising of revenue.

The Senate is the sole judge of the qualifications of its members. It maintains sole authority to punish or censure its own members; it has the power to imprison persons who are not Senators for contempt; it determines its own rules for Senate proceedings; and it maintains a permanent journal of its proceedings.

By Constitutional Resolution, passed during the First Regular Session of the 107th Legislature and adopted by the voters in November, 1975, the Senate is empowered to confirm all gubernatorial nominations requiring Legislative approval (formerly confirmed by the Executive Council). Article IV, Part Second, Section 7, empowers the Senate to try all impeachments.

ORGANIZATION:

The Senate has remained constant in its form of organization as a Constitutional body since its establishment in 1820. As defined under Article IV, Part Second, Section 1 of the Constitution, the Senate currently consists of 35 Senators. Each Senator is elected for a term of two years, and limited to four consecutive terms. A Senator must be a citizen of Maine for at least one year, be a resident of the district for at least 3 months prior to the election and continue to reside within the district during the term of office, and be 25 years of age at the commencement of the term for which they are elected.

The Constitution requires that the Senate be reapportioned every 10 years, by the Senate itself or, if the Senate fails to do so within the required time, by the Maine Supreme Judicial Court. In 2013, the Legislature, by a vote of 2/3rds of the members in each body, apportioned the Senate and House districts.

The Senate elects a President, who presides over all its proceedings; a Secretary and Assistant Secretary, who serve as chief administrative officers. The major political parties in the Senate each elect their own leaders and assistant leaders who are permitted to hire their own staff assistants, with the approval of the presiding officer.

PROGRAM:

Pursuant to Article IV, Part Third, Section 1 of the Constitution of Maine, the Second Regular Session of the 127th Maine Legislature convened on Wednesday, January 6, 2016 and met for 43 legislative days. After completing all of its business, the Senate adjourned sine die at 5:57 p.m. on Friday, April 29, 2016.

Reference: Policy Area: 00 *Umbrella:* 30 *Unit:* 262 *Citation:* C0004 *M.R.S.A., Sect.:* 001-00002

PURPOSE:

The House of Representatives has by Article IV, Part Third, Section 9 of the Maine Constitution, the sole power to originate bills for the raising of revenue and, by Article IV, Part First, Section 8 of the Maine Constitution, the sole power to impeach, although impeachments are tried in the Senate.

The House is the sole judge of the qualifications of its own members, determines its own rules for House proceedings, may alone punish its own members, keeps a journal of its proceedings, and has the power to imprison persons who are not House members for contempt.

ORGANIZATION:

The basic constitutional organization and functions of the House of Representatives have remained constant since its establishment in 1820. The House of Representatives consists of 151 members elected from single member districts for terms of 2 years. Members are limited to four consecutive terms. A Representative must be a citizen of the United States for at least five years prior to the election, have been a resident of Maine for at least one year, be a resident of the election district at the time of the nomination for placement on a primary, general or special election ballot, have been a resident of the election district for three months prior to the election and continue to be a resident of that district during the term, and be 21 years of age when seated as a member.

The Constitution of Maine requires that the House of Representatives be reapportioned by the Legislature itself, or, if this is not done within the required period of time, by the Supreme Judicial Court. The Legislature's reapportionment plan must be enacted by a vote of 2/3 of the Members of each House and such action is subject to the Governor's approval.

The House elects a Speaker who presides over the proceedings, a Clerk and Assistant Clerk. The individual political parties in the House elect their own leaders and assistant leaders. By House Rules (Rule 104) the leadership of the House is permitted to hire its own assistants.

PROGRAM:

The House convened its Second Regular Session of the 127th Maine Legislature on Wednesday, January 6, 2016 and adjourned from its Second Regular Session on Friday, April 29, 2016. During the Second Regular Session there were 135 House-sponsored Legislative Documents, 5 Initiated Bills, 19 House Orders, 12 House-sponsored Joint Orders, and 18 House-sponsored Joint Resolutions considered. House members submitted 31 Floor Amendments and 146 Committee Amendments to the Clerk for reproduction.

PURPOSE:

The Legislative Council is responsible for overall administration and management of the Legislative Branch. Its general powers and duties are set out in statute (3 MRSA Section 162) and the Joint Rules adopted by the Legislature at the beginning of each biennium. They include approval of all legislative budgets and provision for financial oversight of legislative funds; establishing salary and benefit schedules for all legislative employees, except as otherwise provided by law; planning and overseeing projects designed to improve the organization, operation, and physical facilities of the Legislature; and allocation of work to legislative committees when the Legislature is not in session.

The Council also appoints the directors of the nonpartisan offices, including the Executive Director of the Legislative Council, the State Law Librarian, the Revisor of Statutes, and the Directors of the Offices of Fiscal and Program Review, Policy and Legal Analysis and Legislative Information Technology. In addition, the Council appoints the nonpartisan director of the Office of Program Evaluation and Government Accountability. The Council has the authority to adjust the salaries of the Constitutional Officers within the salary ranges specified in 3 MRSA Section 162-B.

ORGANIZATION:

The Legislative Council consists of the ten elected members of leadership: the President of the Senate, the Speaker of the House, and the Majority and Minority Floor Leaders and Majority and Minority Assistant Floor Leaders for the House and the Democratic and Republican Floor Leaders and Democratic and Republican Assistant Floor Leaders for the Senate. The Council Chair and Vice-Chair are elected by the Legislative Council at the beginning of each legislative biennium and serve for the entire biennium. By tradition, the Council chair alternates every two years between the House and the Senate. Any action by the Legislative Council requires the affirmative votes of a majority of the members.

LEGISLATIVE DEPARTMENT

The Council is supported by an Executive Director and six nonpartisan staff offices.

PROGRAM:

The Legislative Council is responsible by law for providing professional, nonpartisan staff support services to the Legislature and its officers, members, committees and commissions. These services include bill drafting; general policy, legal and fiscal research and analysis; fiscal note preparation; committee staffing; computer support services; public information; library and reference services and support; and general administrative services.

Further responsibilities of the Council include consideration of all bills submitted after cloture (after deadline bills) during any legislative session. In addition, the Council screens all bill requests prior to their introduction in the Legislature's Second Regular Session and all Special Sessions.

ADVISORY COUNCIL (TO MARINE RESOURCES)

BUREAU OF PUBLIC HEALTH

BUREAU OF POLICY AND MANAGEMENT

BUREAU OF MARINE SCIENCE

BUREAU OF MARINE PATROL

PURPOSE:

The Department of Marine Resources was established to conserve and develop marine and estuarine resources of the State of Maine by conducting and sponsoring scientific research, promoting and developing the Maine commercial fishing industry, administering and enforcing marine laws and regulations, and by advising agencies of government concerned with development or activity in coastal waters.

The Department has the authority to enter into reciprocal enforcement agreements with other states, interstate regional authorities and the federal government; to cooperate, consult and advise with other appropriate state agencies on all interrelated matters involving the coast and its marine resources; to assist the industry in the promotion and marketing of its products; to close contaminated shores, waters and flats; to make regulations to assure the conservation of renewable marine resources in any coastal waters or flats of the State; and to hold hearings and to publish notices as may be required by law.

ORGANIZATION:

The Department currently consists of four Bureaus, including the Bureau of Policy and Management, the Bureau of Marine Science, the Bureau of Public Health, the Bureau of Marine Patrol. Advisory councils are established by statute for Lobster, Scallop, Sea Urchin, Shellfish and Sea Run Fisheries and Habitat, as well as Commercial Fishing Safety and Aquaculture. In addition, seven lobster policy management councils (Zones) are established with authority to hold referenda regarding lobster fishing regulations.

PROGRAM:

The Department is responsible for managing Maine's commercial and recreational fisheries. The fishing industry is an important economic driver of Maine's coastal communities, generating approximately \$1.5 billion in economic activity annually. The department continues to focus on conservation and management of marine resources, on seafood safety and public health, boating safety, and marine education.

In addition to management of state water fisheries, many fisheries management issues are addressed through the New England Fisheries Management Council and the Atlantic States Marine Fisheries Commission. The fisheries involved include: lobster, herring, groundfish, shrimp, striped bass, menhaden, herring, scallops, mahogany quahogs, and others. There will be continued demands on agency time to participate in development of federal and interjurisdictional fisheries management plans. The Department has specific regulatory authority to place immediate restrictions on emerging new fisheries. The Department gathers both commercial and recreational fishery landings statistics.

PURPOSE:

The Marine Resources Advisory Council, established by Title 5, section 12004-G and Title 12, section 6024, consists of 16 members and provides advice to the Commissioner on policy matters affecting the fishing industry, and outlines the problems and needs of the segments of the industry they represent.

ORGANIZATION:

The Advisory Council of the Department of Sea and Shore Fisheries was created in 1947. In the State Government reorganization legislation of 1973, the 106th Legislature established the Department of Marine Resources, along with an expanded Marine Resources Advisory Council. Additional duties and responsibilities were assigned to the agency and its Council, along with those which previously were the responsibility of the Department of Sea and Shore Fisheries and its Advisory Council. The Advisory Council is appointed by the Governor and confirmed by the Legislature. It consists of commercial harvesters and dealers, a public member, a recreational fisherman, an aquaculture member and the chairs of the Lobster, Sea Urchin, Shellfish, and Sea Run Fisheries and Habitat Advisory Councils.

PROGRAM:

The Council meets quarterly to provide advice to the Commissioner on policy matters affecting the industry, to provide advice and consent over Department rule-making, and to outline the problems and needs of the Maine fishing industry.

PURPOSE:

The Bureau of Policy and Management performs the administrative functions of the Department of Marine Resources (DMR), develops policy for the management of Maine's marine resources, and advises other governmental agencies concerned with development or activity in coastal waters.

Duties include coordination of public hearings for regulation changes, and aquaculture leases following Administrative Procedures Act (APA) procedures; maintenance of statistics; and contact with central service agencies.

ORGANIZATION:

The Bureau of Policy and Management provides service to the Department in equipment, purchasing, and assists in the administration of federal and other revenue contracts and projects, department contracts for special services, and coordination of public hearings & aquaculture leases. Liaison with the New England Fisheries Management Council and the Atlantic States Marine Fisheries Commission is provided by Bureau personnel. The Bureau administers the department's financial records and provides liaison with the Legislature and various types of communications for the marine fishing industry. The Bureau includes policy staff that interacts with the various councils that are advisory to the Department.

PROGRAM:

The Office carries out directives of the Commissioner of Marine Resources in performing his/her statutory responsibilities. The Office provides data needed for departmental decisions, represents the Commissioner in matters concerning the Department, and assists in preparing strategic plans, licensure and processes of the Department.

PURPOSE:

The Bureau of Marine Patrol (BMP) is the enforcement arm of the Department of Marine Resources. Marine Patrol Officers are responsible for the enforcement of all marine commercial and recreational fishing laws and rules. Maine has over 5,000 miles of coast line and over 125,000 registered boats along with 20,000 licensed harvesters. The enforcement of Maine's robust Marine Resources involves a great deal of at sea work dedicated to monitoring inshore and offshore fisheries to include lobstering, ground fish, scallops, urchins, etc. This effort also involves onshore fisheries such as shellfish and marine worms. Maine is unique in that it has authority over all licensed fishermen in both territorial seas and in the Exclusive Economic Zone (EEZ). In other words Patrol is required to travel well off shore in order to meet its mission. Enforcement plays a significant role in both the inspection of the 3 million lobster traps that cover our coast as well as the monitoring of our public health issues involving polluted areas for shellfish. In this area there are over 230 closed areas due to pollution not to mention seasonal areas impacted by red tide and rainfall. Patrol also participates in aquaculture site inspections up and down the coast.

Maine Marine Patrol also has the additional responsibility of overseeing all seafood dealers in Maine to include wholesale and retail (seafood restaurants). Patrol also plays the lead role in boating safety along the Maine coast sharing that responsibility with the United States Coast Guard (USCG). Patrol also performs Homeland and Port Security working closely with the Maine State Police, Maine Emergency Management Agency (MEMA) and the USCG. Marine Patrol Officers are also federally deputized with National Oceanic and Atmospheric Administration (NOAA) thru a joint enforcement agreement requiring them to have knowledge and expertise in the enforcement of federal requirements. Marine Patrol is the state agency responsible for coastal searches and recovery in support of the USCG. Maine practices the model of voluntary compliance and promotes this by working very closely with the commercial fishing industry and the public.

ORGANIZATION:

Marine Patrol Officers were initially Fish Wardens and later became Coastal Wardens; The Bureau was officially established in 1869, although Fish Wardens began serving in 1843. In 1917 the appointment authority was transferred to the Commissioner of Sea and Shore Fisheries. Headquarters is located in Augusta with Division Offices in Lamoine and Boothbay. Currently the Bureau is made up of 49 personnel not including support staff. Patrol has a large fleet of watercraft for both inshore and offshore enforcement.

PROGRAM:

The Bureau enforces the state's marine fisheries laws, federal regulations (under joint enforcement agreement), public health, recreational and boating safety laws and environmental laws in cooperation with the Department of Environmental Protection. In addition they assist the USCG with search and rescue operations and Homeland Security issues. Patrol continues to take on added responsibilities to include membership in the Area Maritime Security Team as well as whale disentanglement response. Marine Patrol works closely with its partner agencies Inland Fish and Wildlife (IF&W), United States Coast Guard (USCG), National Marine Fisheries Service (NMFS/NOAA) and the Maine Emergency Management Agency (MEMA), in order to support response to potential threats to the citizens, environment and infrastructure of the State of Maine.

PUBLICATIONS:

A pamphlet containing marine resource laws is published biannually following adjournment of the first regular session of each legislature.

PURPOSE:

The Bureau of Public Health is primarily responsible for monitoring bivalve shellfish resources and ensuring their sanitation through regulation of the growing areas, harvesting, processing, and distribution under the National Shellfish Sanitation Program standards. The three major programs within the Bureau include Growing Area, Dealer Inspection and Shellfish Management. The Growing Area Program conducts water quality monitoring and pollution source identification for the classification of shellfish growing areas and biotoxin monitoring to ensure shellfish are safe for human consumption. The Dealer Inspection Program inspects and certifies bivalve shellfish dealers to ensure they have sanitary conditions and practices that reduce time and temperature abuse and contamination or adulteration. The Shellfish Management Program works with towns that are involved in municipal shellfish management programs. Approximately 71 towns of the 90 along the coast participate in shellfish management through shellfish conservation ordinance implementation.

The Bureau assesses the impacts of construction and dredging projects proposed by individuals, municipal and federal governments through the Environmental Permit Review process. The Bureau also participates in the Interstate Shellfish Sanitation Conference which is a cooperative management program with member state shellfish authorities, the federal government (Food and Drug Administration, Environmental Protection Agency and National Oceanic and Atmospheric Administration) and the shellfish industry.

ORGANIZATION:

The Bureau of Public Health was created in fiscal year 2014 and separated from the Bureau of Resource Management. Microbiology and biotoxin laboratories are located both at the West Boothbay Harbor and Lamoine State Park facilities serving the entire coast of Maine. The Bureau is comprised of three programs: Growing Area, Dealer Inspection and Shellfish Management.

PROGRAM:

The Bureau of Public Health evaluates shellfish growing areas and conducts a wholesale dealer evaluation and certification program to protect public health under the National Shellfish Sanitation Program. Staff and volunteers conduct water quality monitoring of shellfish growing areas and shoreline surveys to identify pollution sources with the goal of increasing the amount of shellfish-producing areas open to harvesting. Biotoxin sampling is conducted to

DEPARTMENT OF MARINE RESOURCES

monitor the occurrence of Paralytic Shellfish Poisoning from "Red Tides" and manage shellfish harvest areas as necessary to protect public health. Volunteers monitor phytoplankton in coastal waters to determine the presence of harmful algae. Area biologists work with municipalities with shellfish management programs. Environmental Permit Reviews are conducted in coordination with other state agencies and experts within the Department.

LICENSES:

No licensing activity.

The Shellfish Management Program issues permits for shellfish transplant activities and conservation closures. The Dealer Inspection Program issues dealer certifications and the Growing Area Program issues relay permits and import/export permits specifically related to shellfish sanitation.

PUBLICATIONS:

PURPOSE:

The Bureau of Resource Management conducts scientific research and monitoring to conserve, restore, and manage the marine and estuarine fishery resources of the State of Maine and conducts educational programs on marine resources. The bureau encompasses three divisions; the Biomonitoring and Assessment Division, the Sea Run Fisheries, and the Education Division.

The Biomonitoring and Assessment Division conducts long-term fishery monitoring programs and research to provide information on stock levels and environments of commercially and recreationally valuable marine organisms that inhabit the state's coastal and offshore waters.

The Sea Run Fisheries and Habitat Division mission is to conserve, manage restore and enhance diadromous fish populations to their historic range within the State; to secure sustainable commercial and recreational fisheries for diadromous species; and to conduct and coordinate projects involving research, planning, management, restoration or propagation of diadromous species. The Division has the management responsibility for twelve diadromous species and is engaged in

DEPARTMENT OF MARINE RESOURCES

interstate management as it relates to their commercial and recreational importance. This division was created in 2007 when the Maine Atlantic Salmon Commission (Commission) was consolidated with DMR's Division of Stock Enhancement.

Together the two divisions provide scientific information, services and assistance to the public, industry and governments.

The Education Division operates the Maine State Aquarium, the Burnt Island Lighthouse Station Resource Center and provides education programs for numerous school groups and others throughout the year. Nearly 40,000 members of the public, students and teachers learn of the Department's mission and Maine's Marine Resources through the Education Division's programs.

The Bureau also assesses the impacts of construction and dredging projects proposed by individuals, municipal and federal governments, conducts oil spill response activities, and marine education programs for students and the general public.

ORGANIZATION:

The Bureau of Marine Science was established administratively in 1946 and is the oldest continuously operating marine research agency in the Gulf of Maine with a laboratory at McKown Point in Boothbay Harbor that includes fishery, microbiology and biotoxin laboratories; GIS mapping facilities; wet lab; scientific and fishermen's library; and the Maine State Aquarium. A microbiology and biotoxin laboratory located at Lamoine State Park serves the eastern section of the coast. The Bureau is comprised of three divisions: Biological Monitoring and Assessment, Sea Run Fisheries and Habitat, and Marine Education.

The Sea Run Fisheries and Habitat Division's main office is in Hallowell with a field office in Bangor and another in Jonesboro. Because of Maine's larger river systems and the nature of diadromous fishes' life cycle, staff works in all counties of the state.

The Marine Education Program operates the Maine State Aquarium from May through September and provides education programs for numerous school groups and others throughout the year. Educational and living history programs are conducted at the Burnt Island Lighthouse Station Resource Center. Educational materials are provided to schools throughout the year and presentations of living marine organisms are made at sportsman shows and other events throughout the year.

PROGRAM:

The Biomonitoring and Assessment Division is engaged in interstate management of commercially and recreationally important species including American lobster, northern shrimp, Atlantic herring, striped bass, Atlantic menhaden, bluefish, horseshoe crab, and winter flounder through the Atlantic States Marine Fisheries Commission. Scientific staff participates in data collection, stock assessment, and management plan development for species including groundfish, monkfish, sea scallops, ocean quahogs, and Atlantic herring that are managed by the New England and Mid-Atlantic Fishery Management Councils and National Marine Fisheries Service. Commercial landings data are collected from seafood dealers and fishermen, and provided to the National Marine Fisheries Service and Atlantic Coastal Cooperative Statistics Program. Tagging studies are conducted on selected species such as Atlantic halibut and winter flounder. Scientists participate in stock assessments and fishery management plan development through the Atlantic States Marine Fisheries Commission and New England Fishery Management Councils. Saltwater angler catches are sampled along the coast for the National Marine Fisheries Service Marine Recreational Fishery Information Program and Large Pelagics Survey. Long-term monitoring of atmospheric and oceanographic conditions in Boothbay Harbor is conducted.

Atlantic salmon focus areas are historic salmon rivers including the Aroostook, Penobscot, Kennebec, Androscoggin, Saco River, Dennys, East Machias, Machias, Pleasant, Narraguagus, Cove Brook, Duck Trap, and Sheepscoot. This program involves stocking salmon at various life stages, enumerating and tagging wild salmon parr, identifying and restoring salmon habitat and access to the habitat, and water quality monitoring studies.

The Kennebec and Androscoggin Rivers are the focus of the most intense shad and river herring restoration on the east coast. This program is funded by the hydropower owners on the river who settled with the State and many NGOs at the time the Edwards Dam was removed. Beginning in 2010 the Bureau has begun a new

DEPARTMENT OF MARINE RESOURCES

effort on the Penobscot to restore river herring and shad. This effort is made possible by the success of the Penobscot River Restoration Program and the State of Maine's Penobscot River Multi Species Management Plan developed by DMR, IF&W, federal fisheries agencies and other NGO partners.

A major focus for diadromous fish restoration is the Federal Energy Regulatory Commission's (FERC) licensing process for hydropower dams. This provides the best opportunity for state agencies to obtain fish passage.

Habitat restoration and access to historic habitat remains has become a higher priority focus over the past 3 years. Aside from FERC re-licensing the Bureau has also refocused on the connectivity of smaller rivers and streams. Non hydro dams as well as road crossings continue to impact the passage of fish to historic habitat. The Bureau has organized a Stream Connectivity Working Group to prioritize barriers state wide and to secure funding to address passage needs.

PURPOSE:

Maine Maritime Academy is a public, co-educational college offering 22 programs of study in engineering, management, science, and transportation. Undergraduate and graduate-level majors prepare students for professional careers and as officers for the merchant marine and the uniformed services of the United States. The mission of Maine Maritime Academy is to provide a quality education focused on marine and related programs. The curriculum will empower students to take on leadership roles, encourage rigorous self-discipline, promote curiosity, and provide graduates with the skills, ethics, and knowledge needed to succeed in the global economy.

ORGANIZATION:

The administrative organization of Maine Maritime Academy is structured to fulfill the mission set forth in its charter. This is accomplished through the following four divisions: Academic Affairs; Advancement; Enrollment Management; and Financial and Institutional Services. Under the policy guidance furnished by the Board of Trustees, the President of the Academy is the principal executive, being assisted by four division heads, each of whom oversees the respective operating departments. The operation of the Academy is subject to review by the Federal Government through the Maritime Administration, under regulations prescribed in 46 CFR, 310A. Fiscally, the Academy is supported by state appropriations, student fees and a subsidy from the Maritime Administration. The training ship 'State of Maine' is made available to the Academy by the Maritime Administration, which funds major repairs. The Academy pays the cost of operating the ship on training cruises and while in port in Castine from its operating budget.

The Academy, through its Board of Trustees, is empowered to provide facilities and support services; to hire instructors and other employees; to determine compensation and dispose of property; arrange for actual experience for its students; to borrow money not in excess of \$10,000,000 in aggregate at any time outstanding for the construction of any buildings, improvement, or equipment; and to mortgage its property and pledge its revenues.

PROGRAM:

Academy student enrollment numbers approximately 950 students. Students from the State of Maine typically represent about three-fourths of this total. Approximately 90 percent of graduates are employed in a wide range of marine, engineering, business, transportation and other professions within three months of graduation.

MMA students benefit from hands-on education, international sea-time aboard the Training Ship State of Maine or the schooner Bowdoin, cadet shipping aboard commercial vessels, and cooperative education assignments. Students become world-class mariners and engineers, supply chain managers, logistics professionals, and scientists in Maine and beyond.

The schooner Bowdoin, the Official Vessel of the State of Maine, provides a traditional sail training experience and serves as an enduring symbol of Maine's seafaring heritage. Alumni of Maine Maritime Academy work all over the world. Their success has resulted in a worldwide reputation for excellence and reliability in maritime, business, and scientific fields. The college's history dates back to 1941 when the Academy was founded by an act of the 90th Maine Legislature on March 21 of that year.

PURPOSE:

The Department of Professional and Financial Regulation serves and protects the public through a broad range of responsibilities and activities, such as examining and overseeing state-chartered financial institutions; regulating bank holding companies; regulating insurance companies, agencies and producers; regulating grantors of consumer credit; administering and enforcing the Maine Uniform Securities Act; and by licensing and regulating numerous professions and occupations.

The Department protects Maine consumers through its licensing, examining and auditing activities. It conducts programs aimed at increasing voluntary compliance with State laws, investigates possible violations of law and undertakes enforcement actions. The Department responds to consumer complaints and requests for information and conducts educational and outreach programs to make consumers aware of their rights under Maine laws.

ORGANIZATION:

The Department of Business Regulation was created in October 1973 as part of State government reorganization designed to consolidate related agencies along functional lines and strengthen executive direction. Some of the agencies originally placed under the jurisdiction of the Department were the Bureau of Banking, the Bureau of Insurance, and the Real Estate Commission.

The Special Session of the 106th Legislature established the Bureau of Consumer Protection (eventually renamed the Bureau of Consumer Credit Protection) to enforce the Maine Consumer Credit Code, which became effective January 1, 1975. In 1987 the name of the Department was changed to Professional and Financial Regulation.

The special session of the 107th Legislature established a central licensing division, now called the Office of Professional and Occupational Regulation (OPOR). Since that time, several new state licensing programs have been created and placed within OPOR. Licensing programs have also been transferred to OPOR from other departments, and existing independent agencies have been moved into OPOR. Today, the Office oversees 29 professional and occupational licensing boards and directly administers 8 licensing programs without boards.

Today, the Department consists of a centralized Administrative Services Division, which includes the Commissioner's Office, and 5 agencies: the Bureau of Financial Institutions (formerly the Bureau of Banking), the Bureau of Insurance, the Bureau of Consumer Credit Protection (formerly the Office of Consumer Credit Regulation), the Maine Office of Securities, and the Office of Professional and Occupational Regulation.

In addition to programs directly administered by OPOR, 6 professional licensing boards are affiliated with the Department: the Board of Licensure in Medicine, the Maine State Board of Nursing, the Board of Dental Examiners, the Board of Registration for Professional Engineers, the Maine State Board of Optometry and the Board of Osteopathic Licensure.

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

PROGRAM:

The Commissioner is the administrative head of the Department. In this capacity, the Commissioner provides centralized budgeting coordination, initiates and monitors all policy implementation and strategic planning, and directs the day-to-day management of the Department. The Commissioner develops the Department's legislative program and coordinates it within the Department and with the Administration.

The Commissioner is responsible for reviewing the policy and operation of agencies within the Department to insure that each complies with its statutory and public service responsibilities. The Commissioner may not interfere with the exercise of discretionary regulatory or licensing authority vested by statute directly in the bureaus, offices, boards and commissions of the Department.

In the case of affiliated boards, the Commissioner acts as a liaison with the Governor and with other units of state government. Affiliated boards submit their budgets through the Department.

The Administrative Services Division provides administrative, information technology, and legislative support for all bureaus, offices, boards and commissions within the Department. Its centralized support covers such functions as budget development, contract review, purchases, cash receipts, computer services, legislative support, public relations, reception and facility management.

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

ORGANIZATION:

There are distinct functional units within the Division. The first is the Office of Commissioner, which serves as the central point of leadership within PFR, coordinating Department-wide strategic planning and policy development, serving as the primary contact for the Governor's office, the Legislature and other governmental agencies, facilitating communications with the public and media, and ensuring intra-agency cooperation and collaboration.

The Administrative Unit provides centralized fiscal and facility management for the Department.

The Information Systems Support Services Unit procures services in support of the Department's automation and electronic communication objectives.

PROGRAM:

The Administrative Services Division provides the services described above for the entire Department of Professional and Financial Regulation. Additionally, the Division is responsible for ordering and arranging for the services provided to all units by outside staff agencies, including the Department of Administrative and Financial Services - Service Centers, the building owner and by private parties and vendors. The Division manages and administers the Department's centralized licensing database. PURPOSE:

The Bureau of Consumer Credit Protection was established to protect the citizens of Maine from unfair and deceptive practices with respect to consumer loans, credit sales and debt collection. A primary responsibility of the agency is to

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

protect Maine consumers through implementation of the Maine Consumer Credit Code.

The Code requires the agency to promote the development of equitable consumer credit practices, encourage competition among credit grantors, and ensure that the regulation of consumer credit transactions in Maine conforms to the policies of the federal Truth-in-Lending Act.

In addition, the agency is responsible for administration of consumer-related state laws regulating check cashers, collection agencies, consumer finance companies, credit and loan servicers, credit reporting agencies, debt management and debt settlement companies, employee leasing companies, foreclosure purchasers, foreign currency exchangers, insurance premium finance companies, I.R.S. Code Section 1031 exchange facilitators, litigation funding companies, loan brokers, money order issuers, mortgage companies, mortgage loan originators, non-bank ATM operators, pawnbrokers, payday lenders, payroll processors, "plain language" consumer loan contracts, real estate transaction settlement agents, refund anticipation loan facilitators, rent-to-own companies, repossession companies, residential real estate property preservation companies, retail creditors, and returned check diversion program providers.

The agency is also responsible for facilitating the state's foreclosure intake, counseling and referral program, receiving information from mortgage lenders and servicers relating to homeowners in default on their loans, and providing those consumers with information detailing the availability of counseling, mediation and legal defense resources. The agency administers and staffs a toll-free mortgage foreclosure prevention hotline (1-888-NO-4CLOZ), providing financial counseling and referral services to homeowners.

ORGANIZATION:

The Maine Consumer Credit Code, enacted by the 106th Legislature, took effect on January 1, 1975 and established an independent Bureau of Consumer Protection within the Department of Business Regulation. All personnel of the Division of Personal and Consumer Finance of the Bureau of Banking were absorbed by the Bureau of Consumer Protection. The 110th Legislature changed the name of the agency to the Bureau of Consumer Credit Protection. Public Law 390 (1995) again changed the name of the agency, to the Office of Consumer Credit Regulation, effective January 1, 1996. This legislation also shifted responsibility for ensuring Consumer Credit Code compliance by banks and credit unions to the Bureau of Financial Institutions. The 123rd Legislature re-designated the agency as the Bureau of Consumer Credit Protection, effective September 20, 2007.

PROGRAM:

During fiscal year 2016, the agency's Complaint Division responded to 1,036 complaints (563 formal written complaints and 473 foreclosure complaints), and ordered \$42,952.60 to be credited or refunded to consumers.

The Bureau's Compliance Examination Division examined 336 companies, including 31 payroll processors, 144 automobile dealers, 33 sales finance companies, 19 pawnbrokers, 11 debt collectors, 11 repossession companies, 1 payday lender, 16 debt management service providers, 1 litigation funding provider, 2 manufactured home dealers, 9 property preservation providers, 6 rent to own dealers, 1 loan servicer, 2 money transmitters, 3 credit reporting agencies, 10 loan brokers, 2 supervised lenders and 34 general creditors. After reviewing 19,842 transactions, the Bureau cited creditors for 194 violations of the Consumer Credit Code, 71 Fair Credit Reporting Act violations, 98 Truth-in-Lending violations, 123 Graham-Leach-Bliley Act violations, 28 Fair Debt Collection Act violations, 18 Payroll Processor violations, 2 Electronic Funds Transfer Act violations, 7 Equal Credit Opportunity Act violations, 8 Foreign Asset Control violation, 16 Debt Management Service Provider violations, 1 Pawnbroker violation, 1 Regulation M (Lease) violation and 1 National Automated Clearing House violation. The exam division ordered \$42,580.58 in refunds or credits to Maine consumers.

During FY16 the Bureau's foreclosure prevention and outreach staff mailed informational letters to 23,797 homeowners in default on their home loans, and completed 433 referrals to housing counselors under contract with the Bureau.

Average Counts-All Positions: 4.000

Legislative Count: 4.00

PURPOSE:

The purpose of the Board is to protect the public health and welfare by seeking to ensure that the public is served by competent and honest practitioners. This is done by establishing minimum standards of proficiency, and by examining, licensing, regulating and disciplining those who practice in the profession. The primary responsibilities of the Board are to license qualified applicants; promulgate rules; investigate complaints and cases of possible noncompliance with laws; and impose discipline when deemed appropriate. The Board grants licenses in the following categories: dentists, dental hygienists, dental hygiene therapists, denturists, independent practice dental hygienists, expanded function dental assistants, and dental radiographers. The Board also issues permits to qualified licensees to perform certain dental procedures, including the use of nitrous oxide, local anesthesia, moderate sedation, deep sedation and general anesthesia.

ORGANIZATION:

The Board of Dental Practice was originally established in 1891, and its current composition includes nine-members as follows: 5 dentists, 2 dental hygienists, 1 denturist and 1 public member. The Board also has a Dental Hygienist Subcommittee and a Denturist Subcommittee comprised of denturists, dental hygienists and dentists who make recommendations to the full Board on regulatory matters. All members are appointed by the Governor and meetings are scheduled on a monthly basis.

At its annual meeting, the Board elects from its membership a chair and vice chair. Similarly, the two subcommittees each elect a chair and a secretary at their annual meetings. The National Board Dental Examinations and the American Board of Dental Examiners, Inc. serve as the examinations for licensure. As members of the Commission on Dental Competency Assessments, each year Board members are assigned schools at which they administer the examination.

PROGRAM:

During fiscal year 2016, the Board of Dental Practice met at least monthly with lengthy agendas, including interviews for licensure, consumer and licensee complaints, and informal conferences with licensees. The Subcommittee on Denturists met four times during fiscal year 2016, for the purpose of conducting initial reviews of applications, continuing education and complaints and providing a recommendation to the full Board. The Subcommittee on Dental Hygienists met ten times during fiscal year 2016 for the purpose of conducting initial reviews of applications, continuing education and complaints.

The Board issued 53 dentist licenses, increasing the total number of active dentist licenses to 839 for the fiscal year. The Board issued 4 faculty dentist licenses, increasing the total number of active faculty licenses to 9 for the fiscal year. The Board issued 58 hygiene licenses, increasing the total number of active dental hygiene licenses to 1334 for the fiscal year. The Board issued 9 independent practice dental hygiene licenses, bringing the total number of active independent practice dental hygienists to 84 for the fiscal year. The Board did not issue any denturist licenses; however, the total number of active denturist licenses is 39 for the fiscal year. The Board issued 117 dental radiography registrations, increasing the total number of active dental radiographers to 1,466 for the fiscal year. The Board issued 11 expanded function dental assistant certificates, increasing the total number of active expanded function dental assistants to 80 for the fiscal year. There are 118 permits issued to dentists to administer moderate sedation or general anesthesia/deep sedation in their practice(s).

The Board issued 52 local anesthesia permits to licensed hygienists this fiscal

STATE BOARD OF LICENSURE FOR PROFESSIONAL ENGINEERS

DAVID JACKSON, EXECUTIVE DIRECTOR

Central Office: 295 WATER ST., STE. 207, AUGUSTA, ME 04330

 Legislative Count: 2.00

PURPOSE:

The State Board of Licensure for Professional Engineers was established in 1935 to protect the public through the regulation of the practice of engineering in the State of Maine by establishing and maintaining professional standards. The Board is authorized to examine, certify, and license applicants who qualify as Professional Engineers or Engineer-Interns in Maine; to renew licenses upon payment of specified fees; to publish and distribute a roster of all licensed professional engineers; to make rules not inconsistent with state laws relating to engineers; and to investigate complaints of alleged violations of such laws and rules, conduct hearings, subpoena witnesses and institute disciplinary action as warranted.

ORGANIZATION:

The Board is composed of seven members. The Governor appoints five Professional

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

Engineers and one public member for five-year terms. The seventh member of the Board is the Chief Engineer of the Department of Transportation, who serves ex-officio. The Board members elect a chair and vice-chair from their membership each year.

The Board maintains membership in the National Council of Examiners for Engineering and Surveying (NCEES). Board members participate in NCEES activities and serve on national committees with other member boards from all fifty states, the District of Columbia, and four territorial jurisdictions. This facilitates reciprocal licensure processes and helps assure minimum competence to practice. Board members also maintain membership in state and national engineering societies. These efforts keep the Board informed of trends and activities in the engineering profession.

PROGRAM:

As of June 30, 2016, a total of 6,032 professional engineers were licensed in Maine. Of the professional engineers licensed in Maine, 1925, or slightly less than 32%, have a residential address in Maine.

During FY 2016, there were 328 candidates licensed as professional engineers. Of those candidates, 75 qualified for original licensure through written examination, and 253 qualified for licensure by comity with other jurisdictions. The 231 comity applicants whose records are maintained by NCEES had an expedited approval process because their credentials were previously verified by NCEES.

Professional qualifying examinations are administered under an agreement between the Board and the National Council of Examiners for Engineering and Surveying (NCEES).

The Principles and Practices Exam (PE) and the Structural Exam (SE) are qualifying exams for professional engineering licensure. The Fundamentals of Engineering Exam (FE) is the qualifying exam for engineer-intern certification.

Examinations given at Orono, ME in October, 2015 had the following results:

PE exam candidates: 57 PE passed: 32
SE exam candidates: 4 SE passed: 1*

Examinations given at Orono, ME in April, 2016 had the following results:

PE exam candidates: 66 PE passed: 46
SE exam candidates: 10 SE passed: 0*

*The SE exam is a two-component exam taken on two separate days. Those two exam components may be taken in separate exam cycles up to five years apart. A passing score is reflected only after a candidate has received an acceptable score on both components of the exam.

The FE exam is a computer-based examination administered year-round. Applicants for Engineer-Intern Certification apply only after passing the FE exam and graduating from an approved degree program. FE results are for examinations administered from July 1, 2015 through June 30, 2016.

FE exam candidates: 218 FE passed: 130

The Board held five meetings during fiscal year 2016: August 13, 2015, November 19, 2015, January 21, 2016, March 17, 2016, and June 16, 2016.

PURPOSE:

The Bureau of Financial Institutions was established to supervise all financial institutions chartered by the State to maintain and promote: safe and sound financial practices; strength, stability and efficiency of financial institutions; security of deposit and share funds; reasonable and orderly competition; and development and expansion of financial services advantageous to the public welfare.

The Bureau has been given the authority and responsibility to: promulgate rules and regulations to govern the activities, operations and procedures of financial institutions; conduct an on-site examination of each financial institution supervised by the Bureau at least every 36 months; require reports and information necessary for proper supervision; summon persons and subpoena witnesses in connection with Bureau matters; order any state-chartered financial institution to cease violating any law or regulation or cease engaging in any unsafe and unsound financial practice; and approve or deny applications for new charters and applications by existing financial institutions to merge, acquire, consolidate, close offices or convert to another charter. In January, 1996, the Bureau assumed the responsibility for enforcing Title 9-A M.R.S.A., the Maine Consumer Credit Code, with respect to financial institutions. In 2004, the Bureau assumed the responsibility for licensing payroll processors that are financial institutions or subsidiaries of financial institutions.

ORGANIZATION:

The Bureau of Financial Institutions is an agency within the Department of Professional and Financial Regulation and divided into two functional groups with the responsibility for coordination and development of each area delegated to a senior manager. The Deputy Superintendent, Examinations, supervises the Bureau's field examination staff, coordinates and monitors examinations and provides close supervision of problem institutions. The Deputy Superintendent, Research, Administration & Legal Affairs, is responsible for the development of the Bureau's database, bank monitoring systems, legislative and rulemaking activities, financial analyses, applications processing, consumer complaint resolutions, consumer outreach activities, and management of the office staff.

PROGRAM:

The Examination Division is responsible for examining in the areas of safety and soundness, information systems, bank holding companies, trust services and compliance. During fiscal year 2016, 15 safety and soundness examinations and 42

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

specialized examinations (i.e., trust, compliance, information technology, and visitations) were completed. In addition, 2 joint examinations were conducted with federal regulators (both with the FDIC). A computer-based system also monitors bank performance between on-site visits.

In fiscal year 2016, the Bureau received and processed (a) 13 notifications from Maine financial institutions to establish, close, or relocate a branch location within the State of Maine (b) 1 notification from Maine financial institution to establish a branch in the State of New Hampshire (c) 1 notification from a Maine financial institution for the investment in closely related activity; and (d) 1 application one from a Maine-licensed investment adviser firm to establish a nondepository trust company.

The Consumer Outreach Program provides a source of information for users of financial services in Maine. Through this program, the Bureau mediates disputes and interacts with the regulated community. In fiscal year 2016, the Bureau responded to 393 consumer complaints and inquiries and assisted Maine consumers in obtaining restitution and other projected savings. The Bureau maintains a Consumer Information Web site resource where consumers can learn about identity theft, computer scams, foreclosure assistance tools, and a variety of other topics related to financial products and services. In addition, Bureau Outreach Staff makes presentations to various consumer groups.

PURPOSE:

To regulate all insurance entities and persons authorized to transact the business of insurance in Maine for the purpose of protecting the public interest. To accomplish this purpose the Bureau is empowered to license insurance companies, non-profit hospital, medical or other health service organizations,

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

health maintenance organizations, medical utilization review entities, third-party administrators, advisory organizations, captive insurance companies, multiple employer welfare arrangements, and reinsurance intermediaries/managers. The Bureau registers preferred provider organizations, risk purchasing groups, risk retention groups, managing general agents, pharmacy benefits managers and service contract providers.

The Bureau examines domestic insurers not less than once every five years. The examinations assess the insurer's internal control environment, the insurer's prospective risks, and, to a certain extent, the insurer's financial condition. In addition, the Bureau has certain limited responsibilities for the examination of foreign insurers authorized to do business in the state. The Bureau also reviews the annual financial statements of insurance companies, and examines and issues licenses total qualified applicants for licenses as insurance producers, consultants, adjusters and corporations.

The Bureau is responsible for the administration of the rate-regulatory law of the State of Maine, and all policy forms, contracts, illustrations, and the advertising/marketing materials for several lines of business used in Maine which must be filed by insurance companies for approval by the Bureau. Pursuant to Title 39-A the Bureau is responsible for authorizing and reviewing workers compensation self-insurers, including individual entities, groups, and group self-insurance reinsurance accounts. The Bureau provides assistance to consumers regarding certain insurance related matters. The Bureau may seek suspension or revocation of licenses, or impose financial penalties in instances where insurance companies, producers, consultants or adjusters have failed to comply with the lawful regulations of the Bureau or the statutory provisions of Title 24 or of Title 24-A. Such enforcement action may result from a complaint or other investigation or a market conduct examination undertaken by the Bureau.

ORGANIZATION:

In 1868, a State Bank and Insurance Examiner was appointed and charged with making annual examinations of banks and insurance companies. Two years later, in 1870, the Office of the Insurance Commissioner was created, with the provision that this person could not, at the same time, serve as the Examiner of Banks. The Office of the Insurance Commissioner became the Insurance Department in 1959. Under the plan for State Government reorganization, the Insurance Department became the Bureau of Insurance and was placed within the Department of Professional and Financial Regulation, effective October 3, 1973.

PROGRAM:

The programs of the Bureau are implemented through various work units. The Property and Casualty Unit provides consumer assistance, analyzes and regulates policy forms and rates for P&C insurance. The P&C Unit also resolves complaints involving workers compensation rating, and reviews all workers compensation filings. The unit conducts consumer outreach throughout the year, including producing a number of brochures. The Administrative Unit is responsible for the organization and maintenance of administrative and legislative files. The Licensing Unit processes licenses for producers, adjusters, consultants and agencies. The Examination Unit examines domestic insurance companies. The Alternative Risk Unit reviews and evaluates applications for self-insurers of workers' compensation, captive insurance companies, multiple employer welfare arrangements, continuing care retirement communities, health alliances and reinsurance arrangements. The Financial Analysis Unit issues licenses to domestic insurers transacting business in Maine and monitors the solvency of insurers transacting business in Maine. Insurance companies seeking licensure submit financial and operational information to the Financial Analysis Unit for review. The level of ongoing financial review and analysis is determined by the entity's status as a domestic or foreign insurance company. The Financial Analysis Unit also reviews the following applicants: HMOs, surplus lines companies, risk retention groups, risk purchasing groups, managing general agents, reinsurance intermediaries, accredited reinsurers, fraternal benefit societies, third party administrators, professional employee organizations and service contract providers. The Financial Analysis Unit also performs market analysis. The market analysis function involves reviewing complaint data and financial results to determine companies that need market reviews. The Market Analysis Unit is responsible for ongoing surveillance of the Maine insurance marketplace to identify companies that may be operating in a manner that is not consistent with Maine laws, rules and regulations. Once identified, action is taken to bring the company into compliance. The Consumer Health Care Division

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

reviews all life and health policy forms and processes license applications for medical utilization review entities and preferred provider organizations. The division also reviews managed care networks, provides information to consumers regarding health care plans, assists enrollees in understanding their rights under health care plans, and assists consumers with complaints. The division conducts consumer outreach throughout the year, including producing a number of brochures and attending outreach events. The Life and Health Actuarial Unit reviews rates for health, long term care, and Medicare supplement. The unit also evaluates mandated benefits, maintains related databases, and is responsible for the data analysis of the individual and small group markets.

Average Counts-All Positions: 10.770

Legislative Count: 10.00

PURPOSE:

The Board of Licensure in Medicine was established in 1895. The Board's mission is to protect the public. It accomplishes this by: ensuring that applicants for licensure are ethical and competent to practice medicine or render medical services; investigating and, when appropriate, disciplining licensees; and educating licensees through rule-making, letters of guidance, and by providing educational outreach such as links to relevant medical practice issues on its website.

ORGANIZATION:

When established in 1895, the Board of Registration of Physicians and Surgeons consisted of 6 physicians appointed by the Governor, with the consent of the Council. The physicians served for terms of 6 years. Since that time, the Legislature has changed the composition as well as the name of the Board. At present, the Board is comprised of ten (10) members: six (6) physicians; three (3) public members; and one (1) physician assistant. All members are appointed by the Governor for terms of six (6) years unless they are completing the term of a former member. Although the law only requires the Board to meet quarterly, the Board convenes regular monthly meetings, and typically meets eleven (11) times per year. In July of odd-numbered years the Board elects a chairman and a secretary. Board meetings are open to the public and meeting dates and times are published at the beginning of each calendar year in Maine newspapers, on its website, and in the "Weekly Legislative Calendar." Any person may receive a public agenda in advance of any meeting by visiting the Board's Internet Address: <http://www.maine.gov/md> or by telephone request to the Board office.

The Board is affiliated with the Dept. of Professional and Financial Regulation, but retains operational management and decision-making autonomy. Physician appointees to the Board must be graduates of legally chartered colleges or universities which confer degrees in medicine and must have actively engaged in the licensed practice of medicine in Maine for at least five (5) years preceding appointment. Public representative appointees or their immediate household member(s) may not earn income from activities related to the practice of medicine. The physician assistant appointee must be licensed by the Board and actively engaged in rendering medical services in Maine for at least five (5) preceding appointment to the Board.

A Physician Assistant Advisory Committee aids in the formulation of joint rules pertaining to physician assistants who are licensed by the Board of Licensure in Medicine and the Board of Osteopathic Licensure. Organizations in which the Board participates include the Eastern Region Medical Boards, the Federation of State Medical Boards, and Administrators in Medicine.

PROGRAM:

LICENSURE: The Board utilizes the Federation Credentials Verification Service ("FCVS") of the Federation of State Medical Boards, as well as employment history to evaluate the qualifications of applicants for licensure.

COMPLAINTS, INVESTIGATIONS, AND DISCIPLINE: The Board receives complaints from the public, including patients or relatives of patients. In addition, the Board initiates complaints and investigations based upon information received from a variety of sources, including but not limited to healthcare providers, healthcare entities, law enforcement, the Department of Health and Human Services, other licensing boards, and the Federation of State Medical Boards Disciplinary Alert. The Board imposes discipline by either entering into a Consent Agreement with the licensee and the Office of Attorney General or by issuing a Decision and Order

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

following a hearing in conformance with the Maine Administrative Procedure Act. All disciplinary actions are reported to the National Practitioner Data Bank and the Federation of State Medical Boards. In calendar year 2015, the Board ordered sixteen (16) disciplines.

License and discipline information is available at no cost at the Board office, by telephone, and at the Board's Internet Address: <http://www.maine.gov/md>

STATE BOARD OF NURSING

PURPOSE:

The State Board of Nursing was established to protect the public through regulation of nursing practice in the State of Maine so as to maintain high professional standards. The primary responsibilities of the Board, by law, are to license, by examination or endorsement, all applicants qualified to practice as registered nurses, licensed practical nurses or as advanced practice registered nurses; to renew the licenses of all qualified registered nurses, practical nurses and advanced practice registered nurses; to investigate complaints of unsafe nursing practice or any violation of laws relating to nursing; and determine, in collaboration with the Attorney General, if the case should be

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

presented for a formal hearing; to adopt rules and regulations governing licensure of nurses and other matters within its jurisdiction; to approve programs of training that prepare certified nursing assistants to perform selected nursing services when such services are delegated by a registered nurse.

Additional responsibilities of the Board are to prescribe curricula and establish standards for educational programs preparing persons for licensure as registered nurses or as licensed practical nurses; to approve nursing educational programs in the State and meet the requirements of law and the standards established by the Board; to survey all such nursing educational programs as deemed necessary to determine that the requirements of the law and Board standards are being maintained; to deny or withdraw approval from such nursing educational programs for failure to meet requirements; and to approve the credentials of registered nurses who have completed an educational program that prepares the registered nurse to function as an advanced practice registered nurse. An advanced practice registered nurse includes the following: certified nurse practitioner, certified nurse-midwife, certified registered nurse anesthetist and certified clinical nurse specialist.

ORGANIZATION:

The State Board of Nursing was originally created as the Board of Examination and Registration of Nurses in 1915 and received its present name in 1959. From 1947 until 1961, the Board's office was located in Lewiston. In 1961, the office was moved to Portland, and in 1973, it was relocated to Augusta.

In 1991, the Board of Nursing was affiliated with the Department of Professional and Financial Regulation. In 1995, an advanced practice registered nurse member was added to the Board of Nursing, which changed the composition of the Board as follows: six registered professional nurses, one licensed practical nurse, and two representatives of the public. All members are appointed by the Governor for terms of four years. The Board annually elects from its membership a chairperson and a secretary. Also, the Board appoints and employs an executive director, assistant executive director, and other qualified persons, not members of the Board.

PROGRAM:

During fiscal year 2016, the Board met in 8 regular sessions for a total of 8 days; the Board met in 13 subcommittee sessions for a total of 13 days; the Board met in 7 adjudicatory hearing sessions for a total of 6 days. In addition, Board members participated in committee meetings; served on committees of the National Council of State Boards of Nursing; and represented the Board at conferences or meetings with individuals or groups on matters pertinent to Board business. A major responsibility of the Board of Nursing is the licensure of practitioners of nursing. The law provides that licensure as a registered nurse or as a licensed practical nurse in this State may be obtained by examination or endorsement of a license legally issued by the licensing authority of another state or country. On July 1, 2001, Maine implemented the Interstate Nurse Licensure Compact which allows for recognition of the registered professional nurse's license and licensed practical (or vocational) nurse's license if the nurse is from another Compact state.

A second major responsibility of the Board of Nursing is approval of all basic nursing programs that prepare persons for licensure in Maine, either as registered professional nurses or as licensed practical nurses. Maine has 14 Board-approved nursing programs to prepare registered nurses. The names of these programs follow: Baccalaureate Degree Nursing Programs: University of Southern Maine; St. Joseph's College; Husson University; University of Maine; University of Maine at Fort Kent; University of New England; and Kaplan University. Associate Degree Nursing Programs: Maine College of Health Professions; University of Maine at Augusta; Kennebec Valley Community College; Northern Maine Community College; Central Maine Community College; Eastern Maine Community College; and Southern Maine Community College. In addition, the University of Southern Maine has a generic Masters in Nursing Program for Non-Nurses. Practical nursing programs: InterCoast Career Institute entered into an agreement with the Board and closed its practical nursing program on April 1, 2016.

A third major responsibility of the Board of Nursing is to impose sanctions on licensees who violate the law through the exercise of its legal, investigative and disciplinary program. During fiscal year 2016, the Board received 361 provider reports or complaints of illegal or unsafe nursing practice. The Board took the following actions in fiscal year 2016: revocation of license (4);

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

suspended license (12); accepted voluntary surrender of license (14); placed license on probation (34); warned, censured, reprimanded or fined (48); terminated probation (6); took no action/dismissed complaint (225); license renewal denied (4); fined for unlicensed practice (146); denied licensure by endorsement (1); denied licensure by examination (0); denied reinstatement (1); letters of concern issued (73).

In November, 2005, the Board successfully launched its online licensure renewal program with an average utilization rate of 95%.

PURPOSE:

The Maine State Board of Optometry was established to protect the people of Maine

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

through regulation to maintain high professional standards in the practice of optometry. The primary responsibilities of the Board are to examine and license qualified applicants to practice the profession of optometry, to renew all licenses annually upon payment of a specified fee and presentation of evidence that the applicant has attended an educational program approved by the Board; and to revoke, refuse or suspend any license for violation of the laws relating to optometry.

The Board investigates all complaints and cases of non-compliance with optometry law and rules, and makes recommendations for disposition. It also enforces standards established by law and makes such other reasonable rules, consistent with the law, as the Board deems necessary.

ORGANIZATION:

The State Board of Optometry was established in 1909 as the State Board of Registration and Examination in Optometry and received its present name in October 1973. The Board consists of 6 members appointed by the Governor for terms of 5 years. Five of the members must be resident optometrists engaged in active practice for a period of at least 5 years prior to their appointment. The sixth member must be a consumer member having no pecuniary interest in optometry or optical products. Annually, the Board elects a president, secretary-treasurer and complaint officer.

PROGRAM:

The Board meets four times a year. The Board administers, yearly, a written exam in February, May, August, November and by appointment.

LICENSES:

All licensees must renew their license on or before April 1st of each year. Before a license can be renewed, licensees must complete 25 hours of continuing education requirements and \$350 renewal fee.

Licensees who graduated after 1996 were upgraded to the authority level of Therapeutic Advanced Glaucoma which allows them to independently treat patients with glaucoma. Licensees who graduated before 1996 and are licensed at the Therapeutic Advanced authority level must satisfy Section 2430-B (2) of Maine Optometry Law before their license can be upgraded to Therapeutic Advanced Glaucoma.

COMPLAINTS:

The Board received four complaints in 2016. The Board voted to dismiss two complaints on the ground of no violation of Maine Optometry Laws/Rules. Two cases are pending Board review.

Average Counts-All Positions: 1.000 *Legislative Count:* 1.00

PURPOSE:

The Board of Osteopathic Licensure was established to protect the public through regulation of the practice of osteopathic medicine so as to maintain high professional standards. Its primary responsibilities are to determine the eligibility of, certify and license qualified applicants to practice osteopathic medicine in Maine. The Comprehensive Osteopathic Medical Licensing Examination-USA (COMLEX-USA) is the accepted exam for licensure in Maine. Upon payment of specified fees, the Board can issue, renew, withhold, suspend or seek revocation of all licenses. Furthermore, the Board has the power to make rules it considers necessary for the successful enforcement of its authority and the performance of its duties. As part of the biennial renewal process, the Board prepares and distributes its rules relative to continuing medical education and its code of ethics to each osteopathic physician licensed to practice in Maine.

ORGANIZATION:

The Board of Osteopathic Licensure, when it was established in 1919, consisted of 5 members appointed by the Governor with the advice of the Council, for terms of 5 years. In 1976, the Legislature increased the Board to 6 members, all to be appointed by the Governor. In 2014, the Legislature increased the Board to 10 members, adding a Physician Assistant. All members are appointed by the Governor and 6 of these members must be graduates of a legally chartered college of osteopathic medicine and must be, at the time of appointment, actively engaged in the practice of the profession of osteopathic medicine in the State for a period of at least 5 years, and 3 of these members must be public members. A chair, vice-chair, and secretary-treasurer, elected annually, are chosen by and from the members of the Board.

PROGRAM:

Revision of statutes relating to the Board of Osteopathic Licensure in 1973 specified an increase in the registration fee from four to twenty-five dollars per year voted in the June 1982 meeting to become effective January 1983. The Board, at its meeting on July 8, 1987, made plans for increasing the registration fee to increase the revenue to meet expenses. Currently, licensees renew biennially on their birth month with the renewal fee capped at \$600. Statutes specify one annual meeting with special meetings authorized by the Chair of the Board. Currently, the Board meets monthly.

Continuing medical education requirements have been increased to 100 hours biennially. The Board statute and rules require that at least forty percent of

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

the credit hours must be Category 1 hours as approved in the rules established by the Board. Each licensee must furnish to the Board satisfactory evidence of attendance in the 2 preceding years at education programs sponsored by recognized associations, colleges or universities, hospitals, institutes or groups approved by the Board. This provides the public with the assurance that osteopathic physicians remain current with advances in osteopathic medicine, as well as medicine at large.

At the Board's December meeting in Augusta, Maine the following three seats were filled: Chair, Vice Chair and Board Secretary.

LICENSES:

- License to Practice Osteopathic Medicine
- License to Practice Osteopathic Medicine as Locum Tenens
- License to Practice as Camp Physician
- Temporary Educational Permits (Interns & Residents)
- Physician Assistant Certificate of Registration
- Physician Assistant Certificate of Qualification

PUBLICATIONS:

"What You Should Know About the Licensing, Regulation and Discipline of Physicians in Maine" was co-produced with the Board of Licensure in Medicine and is available at no cost. The pamphlet explains to members of the public the procedures and authority of both Boards in regulating each profession. It also explains the procedure for filing a complaint against a physician licensed in Maine.

PURPOSE:

The principal mission of the Office of Securities is to protect Maine investors. To accomplish this mission, the Office administers and enforces the Maine Uniform Securities Act. The Office reviews applications to register securities for sale in Maine and filings for exemptions from registration; licenses broker-dealers, agents, investment advisers, and investment adviser representatives doing business in Maine; suspends or revokes those licenses for misconduct, as defined in the Act; conducts on-site examinations of the operations of licensees; administers an investor education program; responds to consumer complaints; investigates possible violations of the securities laws; and, when warranted by the circumstances, issues cease and desist and other administrative orders or

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

refers matters to the Attorney General for civil or criminal action. The Office also enforces the State Commodity Code and the Regulations of the Sale of Business Opportunities.

ORGANIZATION:

In 1913, two years after Kansas adopted the first "blue sky" law, Maine enacted a statute relating to "Dealers in Securities," to be administered by the Bank Commissioner. Over the years, that law was the subject of numerous changes, including the creation of a Securities Division, the establishment of a requirement for the registration of securities offerings, and the addition of antifraud and civil liability provisions. In 1986, legislation was passed giving the Securities Division enforcement powers over the sale of certain types of business opportunities and commodity contracts. In 1989, the Legislature transferred from the Bank Superintendent to the Securities Administrator the responsibility for administering and enforcing the securities laws, and, in 2001, the Securities Division was separated from the Bureau of Banking, becoming the Office of Securities.

In 2005, the Legislature approved the Maine Uniform Securities Act (MUSA) which became effective on December 31, 2005. MUSA represented the first major overhaul of the state's securities laws since 1985. Maine adopted MUSA as part of a national effort to increase uniformity in state securities law, thus eliminating unnecessary burdens on the regulated industry, while still maintaining strong investor protection.

PROGRAM:

In fiscal year 2016, the Office received and processed 36,524 applications and amendments to register securities, terminations of registrations, and notice filings for federally covered securities (increase of 4% over fiscal year 2015); and 471 private placement filings and amendments (increase of 32%). As of June 2016, there were 1,251 broker-dealers licensed to do business in Maine (a 1% decrease from June 2015); 108,759 licensed agents of broker-dealers (increase of 5%); 1,130 investment adviser licensees or notice filers (increase of 2%); and 2,551 licensed investment adviser representatives (3% increase). In connection with the Office's review of licensing applications, the Office processed 82 broker-dealer applications, (1% increase from fiscal year 2015); 24,827 agent applications (4% increase); 12 investment adviser license applications (25% decrease); and 320 investment adviser representative applications (4% increase). The Office now receives and processes most securities filings and license applications electronically.

In fiscal year 2016, the Office conducted 11 examinations of licensee offices.

In fiscal year 2016, through its enforcement efforts, the Office sanctioned 11 respondents. The Office ordered or obtained judgments ordering the payment of restitution to investors in the amount of \$121,818.24 and assessed \$78,665.00 in penalties for violations of Maine's securities and business opportunity laws. The Office entered into 3 consent agreements and 3 consent orders and issued 2 cease and desist orders and 1 decision and order. The Office referred no cases for criminal prosecution and has 1 criminal case awaiting trial. With assistance from the Office of Securities, the Office of the Attorney General successfully prosecuted 1 criminal case which resulted in a prison sentence.

In fiscal year 2016 the Office collected \$27,642,612.00 for the General Fund through its filing fees (registration, licensing, and notice filing fees) and penalties.

PURPOSE:

The Office of Program Evaluation and Government Accountability (OPEGA) assists the Legislature in ensuring that public funds are expended in the most effective, efficient and economical manner possible. It also aids the Legislature in ensuring that such funds are used to support activities and functions that produce satisfactory results and comply with State and Federal mandates.

ORGANIZATION:

The Legislature created this non-partisan office by statute, PL 2001, chapter 702, with an effective date of July 25, 2002, but the start-up of the office did not occur until the Director was hired in January 2005. The Director is appointed by the Legislative Council for a term of 5 years. By Joint Rule, the Legislature established the 12-member, bi-partisan and bi-cameral Government Oversight Committee which oversees the activities of the office.

PROGRAM:

The Office of Program Evaluation and Government Accountability conducts independent and objective performance audits and evaluations of state agencies, programs and functions. As necessary, OPEGA also conducts reviews of other entities receiving public funds administered by the State, or which expend private monies for public purposes. Such other entities include: local and county governments, special districts, utility districts, regional development agencies, municipal or nonprofit corporations, state contractors and any public official or public employee.

Performance audit and evaluation topics are selected by the Government Oversight Committee according to an established process. The Office defines the scope of each project in conjunction with the Committee, but then performs the review without any further direction from the Committee. The work of the Office is normally guided by the GAO Government Auditing Standards and follows an established process that provides for on-going communication with the entity under review.

The Office produces a final report on each review discussing the work performed, the conclusions reached, and any identified areas for improvement with related recommendations. The report is released and orally-presented to the Committee during a public meeting and is then distributed as a public record.

PURPOSE:

The Department of Public Safety was established to serve the people by providing, coordinating and leading a responsive and comprehensive public safety system to protect their lives, rights and properties.

Employees of the Maine Department of Public Safety will continue to serve the public to the best of their ability by being dedicated and accountable and by managing resources effectively and efficiently. The Maine Department of Public Safety seeks to preserve the public order and to protect the persons, property, rights and privileges of all people in the State through ethical leadership and the development of employees, while upholding and respecting the constitutional rights of all persons to liberty, equity and justice.

ORGANIZATION:

The Department of Public Safety was created in 1971, consolidating the former Department of State Police, the Enforcement Division of the State Liquor Commission, the employees of the Vehicle Equipment Safety Commission, the Division of State Fire Prevention of the Department of Insurance and the Law Enforcement and Criminal Justice Academy, under the Commissioner of Public Safety.

In 1978, the Bureau of Capitol Police was added to the organization of the Department. The responsibility for the administration of the Highway Safety Program from the Department of Transportation was added and in 1990 the Legislature changed the name to the Bureau of Highway Safety.

The Maine Drug Enforcement Agency and the Maine Drug Enforcement Agency Advisory Board were created by the 113th Legislature to develop and carry out a Statewide Drug Enforcement Program.

Public Law 1991, chapter 588, transferred the responsibility for Emergency Medical Services from the then Department of Human Services to Public Safety.

During 1993, the 116th Legislature created the Missing Children Information Clearinghouse requiring the Department to collect and disseminate complete information related to missing children.

The 121st Legislature passed LD 1683, An Act Relating to the Establishment of a Maine Communications System Policy Board, as Public Law 2003, chapter 678. Historically, emergency communications dispatch had been the responsibility of the Bureau of State Police within the Department of Public Safety. Sixty positions were transferred from the Bureau of State Police into the new Consolidated Emergency Communications Bureau. In addition, to provide the unit with a civilian director, the position of Director, Bureau of Consolidated Emergency Communications was created. The new Director began on October 25, 2006.

The 121st Legislature passed as Public Law Chapter 687, An Act to Establish the Gambling Control Board whose responsibilities are to establish rules and policies as well as licensing for slot machine operators and slot machine distributors. The 125th legislature passed as Public Law Chapter 418, An Act to Allow Table Games at a Facility Licensed to Operate Slot Machines to include the licensing of Slot Machine operators to operate table games.

The Bureau of Building Codes and Standards was established within the Department

DEPARTMENT OF PUBLIC SAFETY

of Public Safety to provide administrative support and technical assistance to the Codes and Standards Board, established in Title 5, section 12004-G, subsection 5-A. This Bureau has been consolidated under the Fire Marshal's Office.

The financial data includes expenses of Emergency Medical Services.

PROGRAM:

Other than administration of the department, the activities during fiscal year 2015-16 are discussed in the individual reports of its bureaus. During fiscal year 2005-06, all financial and human resources functions were consolidated into the Department of Administrative and Financial Services.

FINANCES, FISCAL YEAR 2016: The expenditure information for this unit was generated from the Budget and Financial Management System (BFMS).

PURPOSE:

The Division of Building Codes and Standards within the Office of the State Fire Marshall was established within the Department of Public Safety to provide administrative support and technical assistance to the board in executing its duties pursuant to Title 10, § 9722, subsection 6.

The Technical Building Codes and Standards Board, established in Title 5,

DEPARTMENT OF PUBLIC SAFETY

§12004-G, subsection 5-A was established to adopt, amend and maintain the Maine Uniform Building and Energy Code, to resolve conflicts between the Maine Uniform Building and Energy Code and the fire and life safety codes in Title 25, §2452 and §2465 and to provide for training for municipal building officials, local code enforcement officers and 3rd-party inspectors.

ORGANIZATION:

The Board consists of 11 voting members, appointed by the Governor.

The Assistant State Fire Marshall of Inspections certified in building standards serves as the division director and principal administrative and supervisory employee of the board. The Assistant State Fire Marshall supervises the staff employed to carry out the duties of the board including, but not limited to, providing technical support and public outreach for the adoption of the code, amendments, conflict resolutions and interpretations. The Division and board will provide nonbinding interpretation of the code for professionals and the general public and will establish and maintain a publicly accessible website to publish general technical assistance, code updates and interpretations and post-training course schedules.

Financial data is included under Office of the State Fire Marshal Unit 224.

PROGRAM:

The Board will adopt rules necessary to carry out its duties under this chapter. The Board will adopt, amend and maintain the Maine Uniform Building and Energy Code and identify and resolve conflicts between the Maine Uniform Building and Energy Code and the fire safety codes and standards.

On January 31st of each calendar year beginning in 2011, the Board will report to the joint standing committee of the Legislature having jurisdiction over business, research and economic development matters any proposals for conflict resolutions for codes and standards, proposals to improve the efficiency and effectiveness of those codes and standards; and alternative methods of funding for the Board to create an equitable source of revenue.

The Board will develop technical advisory groups of experts and interest group representatives as needed to provide the board with detailed information and recommendations on amendments to the Maine Uniform Building and Energy Code, national model codes revisions and conflict resolution with other building-related codes and standards adopted in the State. The Board may direct the technical advisory groups to identify economic impacts on small businesses, housing affordability, construction costs, life-cycle costs or code enforcement costs of proposed changes to the code.

The Board will ensure that training and certification regarding the Maine Uniform Building and Energy Code is readily available, affordable and accessible to municipal building officials and make historic preservation a policy priority in the adoption and amendment of the Maine Uniform Building and Energy Code.

The Board will approve methods of energy performance rating for use in generating any consumer information labels that may be required in the marketing and sale of residential and commercial buildings.

Average Counts-All Positions: 19,500

Legislative Count: 19,50

PURPOSE:

The Bureau of Capitol Police is a law enforcement agency responsible for the safety of the people and the security of the buildings that make up Maine's seat of government. The Bureau's area of responsibility include all State owned or controlled property in the City of Augusta, including the State House, the other State buildings within the Capitol Area campus, and the properties on the eastside of the river within the old Augusta Mental Health campus. Bureau police officers patrol these properties, investigate crimes, and enforce laws, including parking and traffic regulations, and respond to alarms and other calls for help or assistance on the campuses. In addition, since early 2014, a unit within the Bureau of Capitol Police has been dedicated to specifically service the law enforcement, safety and security needs at the Riverview Psychiatric Center. As part of our protective role, Capitol Police screeners conduct entry screening for weapons at the entrance to the State House. The Bureau's night watchpersons check the security of approximately 50 State owned buildings and properties in Augusta at night and on weekends.

ORGANIZATION:

The Capitol Security Police Force was created by the Legislature in 1968, and was made a branch of the Department of Public Safety in 1977, the Bureau of Capitol Security. The Legislature changed the name to the Bureau of Capitol Police in 2009 to better reflect the agency's law enforcement role. There currently is a staff of twenty: the Capitol Police Chief, one police lieutenant, one police sergeant, ten police officers, two night watchpersons, four security screeners, and one part-time administrative assistant. Prior to 1977, some of the functions of the Bureau were the responsibility of the Bureau of Public Improvements.

PROGRAM:

The major objectives of the Bureau are ensuring the safety of members of the legislature, staff, employees and visitors; and the security of the State buildings and property for the complexes to which we provide police service. During fiscal year 2015-16, the employees within the Bureau found, initiated or responded to 43,633 documented events, incidents or activities. 81 of these incidents resulted in criminal investigations being initiated. These range from thefts of property to assaults, criminal trespass or criminal threatening. Officers investigated a number of threatening communications aimed at legislators or state employees and kept the peace at numerous public hearings, rallies and protests during the year. Officers issued 496 traffic summonses or warnings, and 1,083 parking tickets. They also investigated 18 motor vehicle crashes. Capitol Police screeners examined 73,338 items being brought into the building and prevented 1,042 dangerous items from being brought into the State House. Watchpersons conducted 11,997 building or property safety and security checks.

LICENSES:

The Bureau of Capitol Police issues Capitol Area Activity Permits. 68 permits were issued during fiscal year 2015-16 for activities around the State House, in Capitol Park, and in the Capitol Area.

The campus is located at the former Oak Grove-Coburn School in Vassalboro, Maine. From 1972 until December 28, 2000, the Academy was located at 93 Silver Street in Waterville, at the former Thomas College facility. The new

DEPARTMENT OF PUBLIC SAFETY

campus has a lecture hall that seats 75 students and ten additional classrooms, extensive meeting space, on site dining facilities, and can house 130 students. The building also has a state of the art special training center, a fully equipped weight/exercise room, an indoor running track, and formal parade grounds.

The mission of the Maine Criminal Justice Academy is to provide the highest level of training, within given resources, to law enforcement and correctional officers in the State. By statute, the Academy is required to provide a basic training program for all full-time law enforcement officers, judicial marshals, capitol police officers, pre-service training for all part-time law enforcement officers, and basic corrections training for all county and state correctional officers.

The Academy also coordinates the eight Regional Training Districts across the state, which provides in-service training to officers in remote areas.

ORGANIZATION:

The Academy has 11 full-time employees and operates with an annual budget of \$2 million, of which \$600,000 comes from the General Fund and \$1.4 million comes from fees, tuition and other revenues. In addition to the full-time staff, the Academy relies heavily on volunteer instructors from state, county and municipal law enforcement agencies, county and state corrections agencies and other criminal justice fields. The Academy provides many instructor development classes in order that these students can be the future volunteer instructors. This partnership philosophy has been supported by the Police Chiefs and Sheriffs in Maine to provide very cost effective training to their respective agencies. In 2015, the Academy had 18,740 hours of donated instructor time from 127 different agencies.

PROGRAM:

During the year, the MCJA Board of Trustees certified 120 full-time state, county and municipal law enforcement officers who graduated from the Basic Law Enforcement Training Program, 239 corrections officers who graduated from the Basic Corrections Training Program, and 142 part-time law enforcement officers who graduated from the Law Enforcement Pre-service Training Program. The Board waived 15 law enforcement officers from the Basic Law Enforcement Training Program and 0 corrections officers from the Basic Corrections Training Program. The Board awarded 71 Instructor and Firearms Instructor Certificates, 7 Executive Certificates, 26 Canine Handler Certificates and many others. During the training year, 51 Specialized and In-service courses were offered. For law enforcement and/or corrections officers, the Board revoked 16 certificates for criminal conduct/convictions, waived 9 certificates for criminal conduct/convictions and gave 12 consent agreements and/or suspensions for criminal conduct/convictions. The Academy also provided four classes online during 2015 through Justice Planning and Management Associates.

PURPOSE:

The primary responsibilities of the Maine Criminal Justice Academy Board of Trustees are to certify and to set the standards for certification of graduates of the Academy, to promulgate the standards for recruitment of Maine Criminal Justice Academy (MCJA) students and to prescribe the content of the curriculum. The Board of Trustees is empowered to certify and set standards for the certification and decertification of law enforcement executives, law enforcement officers, corrections officers, judicial marshals, capitol police officers, canine handler teams, instructors, harbor masters, and many others.

ORGANIZATION:

The Academy Board of Trustees currently consists of 17 members: the Commissioner of Public Safety, the Attorney General, the Game Warden Colonel, the Chief of the State Police, and the Commissioner of Corrections, that are all ex-officio. The following members are appointed by the Governor: a county sheriff, a chief of a municipal police department, two officers of municipal police departments, an educator, a criminal prosecutor from one of the offices of the District Attorney, a representative of a federal law enforcement agency, three citizens, a municipal official, and one non-supervisory corrections officer representing a state or county correctional facility. All board members serve 3 year terms, except ex-officio members who remain on the board during their term of office.

PROGRAM:

During 2015, the MCJA Board of Trustees certified 120 full-time State, County and municipal law enforcement officers who graduated from the Basic Law Enforcement Training Program, 239 corrections officers who graduated from the Basic Corrections Training Program, and 142 part-time law enforcement officers who graduated from the Law Enforcement Pre-service Training Program. PURPOSE:

The purpose of the Maine Drug Enforcement Agency (MDEA) is to provide a central administrative structure for the establishment, coordination, and oversight of specialized narcotics and narcotics-related investigative units within the State of Maine through a multi-jurisdictional drug task force approach. MDEA was created to address the upper and mid-level drug dealers that operate below the interest of the Federal law enforcement authorities that focus on international, interstate and substantial violators, and the street level efforts that focus on the small dealers and those caught in possession. The task force concept brings together the resources of adjoining and overlapping enforcement entities, particularly in situations in which sparse resources are spread over great distances. This approach has proven to be one of the most effective tools in proactively addressing the proliferation of illegal drug activity through the pooling of skills, enhanced intelligence sharing, increased personnel resources, more equipment available, concentration of effort on a clear goal, and reduced jurisdictional boundary problems. In addition to the consolidation of investigatory resources, the Maine Drug Enforcement Agency also integrates prosecuting personnel with the day-to-day case work investigators.

ORGANIZATION:

The Bureau of Intergovernmental Drug Enforcement was created by the 113th Legislature by passage of 25 MRSA, chapter 353. Funding of the Agency was established by the Anti-Drug Abuse Act of 1986. In 1991 the Legislature changed the Agency name to the Maine Drug Enforcement Agency. This Agency has been placed within the organizational structure of the Department of Public Safety and is managed by a Director who reports to the Commissioner of Public Safety. The Maine Drug Enforcement Agency is a statewide multi-jurisdictional task force, and its personnel are assigned to the task force by municipal, county, state and tribal law enforcement agencies.

PROGRAM:

MDEA's mission is to disrupt the drug market, thereby undermining the ability of drug suppliers to meet, expand, and profit from drug demand while supporting prevention efforts and contributing to treatment efforts. Its goals are to: reduce the availability of drugs; protect the State's borders by stemming the flow of drugs into and through Maine; strengthen the State's drug law enforcement

infrastructure; strengthen intelligence and information sharing; enhance collaboration and coordination with all law enforcement agencies; and establish effective partnerships with agencies focused on reducing drug abuse.

PURPOSE:

The Bureau of Consolidated Emergency Communications shall carry out the policies, procedures and standards that have been established to provide cooperative use of the department's communications system for municipal, county and state governmental agencies.

ORGANIZATION:

The Bureau of Consolidated Emergency Communications was established in Public Law 2013, chapter 19, which also transferred the responsibilities of the Maine Communications System Policy Board (established in Public Law 2003, chapter 678) to the newly created Bureau of Consolidated Emergency Communications.

Historically, emergency communications dispatch has been the responsibility of the Bureau of State Police within the Department of Public Safety. The State Police ran four dispatch centers in Houlton, Orono, Augusta and Gray which provided services not only for themselves, but for several other state agencies, some municipalities, the Maine Turnpike Authority and for Aroostook County. The Policy Board legislation called for a separate communications unit within the Department. This administrative change was achieved in fiscal year 2006-07. Fifty-four existing Emergency Communications Specialist positions and 6 Emergency Communications Supervisor positions were transferred from the Bureau of State Police into the new Bureau of Consolidated Emergency Communications. In addition, to provide the unit with a civilian director, the position of Director, Bureau of Consolidated Emergency Communications was created. The new position began on October 25, 2006.

Public Law 2003, chapter 359, An Act To Facilitate the Implementation, Maintenance and Operations of the E-9-1-1 Emergency System, directed the Emergency Services Communications Bureau at the Public Utilities Commission to seek reduction of the number of public safety answering points (PSAP) to between 16 and 24. This resulted in the closing of a number of local PSAPs and in some cases caused not only emergency call-taking to be relocated, but also emergency

DEPARTMENT OF PUBLIC SAFETY

dispatch to be moved. Public Law 2008, chapter 622, required that this Bureau submit to a rate setting case through the Maine Public Utilities Commission (PUC). The resulting Order on Docket 2008-225 would be the rates that the Bureau can charge to all it's state and local partners for PSAP call-taking and public safety dispatching services. With the issuing of that Order, several jurisdictions did not renew contracts and went to agencies that provided services for a lesser rate. Public Law 2009, chapter 617, in part removed the requirement that the Maine Public Utilities Commission hold a rate case for the setting of the Emergency Services Communications Bureau's user fees. This ability was returned to the Bureau of Consolidated Emergency Communications.

In the spring of 2014, the Orono RCC relocated to a renovated building at the Bangor International Airport, and is co-located with Maine State Police, Troop E and Major Crime Unit North.

PROGRAM:

These Communications Centers provide emergency and non-emergency call taking and dispatching for 7 state agencies, one county Sheriff's Office and 18 municipal fire and/or emergency medical services. The centers also provide backup public safety answering point (PSAP) capabilities for local and county PSAPs.

PURPOSE:

The Maine Emergency Medical Services Board (MEMS) is responsible for the training, licensing and coordination of all ambulance services and the emergency medical technicians who staff them. MEMS is also responsible for licensing emergency medical dispatch centers and emergency medical dispatchers. Currently, training for emergency medical dispatch is conducted by the Emergency Services Communications Bureau at the Public Utilities Commission.

ORGANIZATION:

The 17 member Maine Emergency Medical Services Board is the sole emergency medical services (EMS) rulemaking authority and provides policy direction for all Maine EMS. Daily responsibilities are assigned to the central office staff of seven. There are also six independent (non-state) regional contracts to coordinate education and assist local EMS services with quality assurance, medical control, and mutual aid planning. Maine has 273 ambulance and non-transporting services providing basic and advanced emergency medical care, that also includes specialized air medical and

DEPARTMENT OF PUBLIC SAFETY

rescue transportation services. There are over 6,000 licensed EMS personnel (including Emergency Medical Dispatchers); 37 acute care hospitals (including three designated Trauma Centers); ~ 500 EMS vehicles; and ~1,500 emergency physicians, nurses, and ambulance vehicle operators. Maine EMS is also responsible for providing quality improvement assistance to the dispatch centers.

PROGRAM:

The Maine EMS system conducts hundreds of training programs for ambulance services, emergency medical services providers (4 different levels), and EMS service managers. MEMS is also responsible for management of the electronic run report data system, which brings data responsibilities within Maine EMS that were previously contracted to an outside agency.

All of the activities support a system which responded to over 286,000 calls in 2015.

Financial information related to EMS is included under Department of Public Safety unit 219.

DEPARTMENT OF PUBLIC SAFETY

PURPOSE:

The primary function of the State Fire Marshal is to protect lives and property from fire. It is the duty of the State Fire Marshal to enforce all laws, ordinances and rules directed toward and concerned with the prevention and containment of fire and the protection of life and property; the suppression of arson and investigation of cause, origin and circumstances of fires, the storage, sale and use of combustibles, flammables and explosives; the installation, maintenance or sale of automatic and other fire alarm systems and fire extinguishing systems; the construction, maintenance and regulation of fire escapes; the adequacy of means of egress, in case of fire, from buildings; and other such duties as may be conferred or imposed by law.

ORGANIZATION:

The Division of State Fire Prevention was created in 1937 to combat an increasing number of fraudulent insurance claims resulting from set fires. Since then, there has been a substantial growth in the areas of responsibility of the Office of the State Fire Marshal, which replaced the Division of State Fire Prevention in 1972. The scope of statutory authority has broadened to include a number of activities related to life safety as well as fire prevention and law enforcement. Financial data includes expenditures of the Bureau of Building Codes and Standards.

PROGRAM:

The programs of the State Fire Marshal have primary goals of 1) Investigation of the origin and cause of fires and explosions; 2) Arson investigation, evidence gathering and case preparation for possible prosecution; 3) Regulate, permit and inspect for the use of explosives, fireworks, and certain flammable liquids; 4) Inspect approximately 25 different types of buildings and facilities with the primary focus to enforce life safety codes and standards; 5) Review plans to issue permits for construction and alteration of public buildings, handicap accessibility, installation of fire alarm and fire sprinkler systems, installation of above ground fuel storage tanks, amusement rides, and new self-service gas stations; 6) Conduct and offer specialized training for trade professionals, care givers, code enforcement officials, and fire and law enforcement professionals; 7) Coordinate efforts of specialty subject areas such as the Juvenile Firesetter Intervention Task Force; 8) Implement, manage, and report on Maine's Reduced Ignition Propensity Cigarette law; 9) Develop and deliver public education and awareness programs on fire prevention and safety to Maine's most vulnerable populations; and 10) Conduct research and analysis of the state fire burden for use in the development, implementation, and improvement of new and existing programs.

PURPOSE:

The Gambling Control Board is responsible for the inspection, monitoring and investigation of the companies and individuals that are associated with the gaming activities at any slot machine or casino facility in the State. Further, the Gambling Control Board oversees the collection of funds that are generated from the slot and casino operations.

ORGANIZATION:

The Executive Director serves as the day-to-day supervisor for the activities of the Gambling Control Unit and reports to the Gambling Control Board. In addition to the Executive Director, the Gambling Control Unit has 16 employees assigned to it. A Maine State Police detective performs the investigative functions associated with licensing and any criminal matters. Nine civilian inspectors are located at the gaming facilities during all hours the facilities are open to observe operations. One Inspector Supervisor supervises the activities of the Inspectors at the casinos. Two auditors insure proper accounting and distribution of funds generated from the gaming facility. An Office Specialist and an Office Assistant are assigned to the unit to assist with the administrative duties of the Board and the Unit. The 17th position is located in the State Bureau of Identification but is funded by the Gambling Control Board due to the number of fingerprints that are submitted from people seeking licensure.

PROGRAM:

The Gambling Control Unit assists the Gambling Control Board providing oversight of regulatory matters related to slot machine and casino facilities. The Unit insures rigorous inspection of all facets of the operation. All persons working at the facility that are directly associated with the slot or table games are investigated for eligibility and suitability by the Maine State Police. The Gambling Control Board utilizes a central sight monitoring system to gather data and insure the complete accounting of the slot machine operation. The auditors assigned to the Gambling Control Board (unit) work with the private

PURPOSE:

The Bureau of Highway Safety is responsible for the state's highway safety programs and the Bureau is authorized: to develop and implement a process for obtaining information about highway safety programs of other state and local agencies; to provide technical assistance to other agencies and political subdivisions for development of highway safety programs; and to provide financial and technical assistance to other state agencies and political subdivisions in carrying out highway safety programs.

ORGANIZATION:

The Bureau of Safety was established under the Department of Public Safety in December 1980. In 1990, the Legislature changed the name to the Bureau of Highway Safety.

PROGRAM:

The Highway Safety component consists of the planning, development, implementation, and evaluation of Section 402, Title 23 U.S.C. Highway Safety Program in the State of Maine. The Bureau funds and administers education and enforcement programs and countermeasures to decrease fatalities, injuries and property damage resulting from motor vehicle crashes. Such emphasis areas include: occupant restraint, child restraint, speed enforcement, enforcement training programs, distracted driving, alcohol and other drug countermeasures, emergency medical services, driver training, motorcycle and bicycle safety, pedestrian safety, pupil transportation safety, and traffic records systems.

The Bureau also directs the Defensive Driving program (MDD) and administers the

STATE BUREAU OF IDENTIFICATION

ROBERT A. WILLIAMS, CHIEF, MAINE STATE POLICE

PURPOSE:

The State Bureau of Identification, a Division of the Maine State Police, is the central repository of criminal history record information for the State of Maine. The Bureau provides criminal history and sex offender registry information to agencies and persons authorized by law to receive such information, serves as the repository of fingerprint images provided by local agencies, and serves as the single point of transmission to the FBI of all criminal history and fingerprint images.

ORGANIZATION:

The Bureau was created in 1937 as the central repository of criminal history record information.

PROGRAM:

The Bureau is developing and implementing software to computerize its record systems, and improve its biometric systems to better provide information to law enforcement agencies. This is achieved by developing and enhancing automated information sharing with local law enforcement, the prosecutorial districts, and the court system. The automated Fingerprint Identification System went online in August 1998. These systems serve as a major component in law enforcement information sharing, not just at the state level but on the federal level also.

The agency provides information to its law enforcement partners in a 24/7 environment through an automated response. The agency also provides public criminal history information to the public as a fee based service. Along with criminal history records information, the Bureau operates and maintains the sex offender registry. The registry staff works with local law enforcement agencies to refer new offenders and update verification information. In addition they maintain all the information that is posted on the state Sex Offender Registry website.

PURPOSE:

The primary mission of the State Police is to safeguard the constitutional rights, liberty, and security of its citizens by enforcing the motor vehicle and criminal statutes of Maine and to provide professional aid in times of need and crisis. The Bureau was established to patrol the highways, especially outside the compact portion of cities and towns without local law enforcement agencies. The Bureau provides specialized response teams to support major critical incidents, manages the State's crime laboratory, the State's designated intelligence fusion center, the State Bureau of Identification, and Maine's Computer Crimes Unit. The Bureau also provides security for the Governor and family on a twenty-four hour basis.

ORGANIZATION:

The State Police was established as an independent branch of State government in 1925. In 1931 a reorganization act was passed by the Legislature designating the Chief as executive head of the State Police under the direction of the Governor. Six years later, the Division of Highway Safety and the State Bureau of Identification were created by the Legislature, under the control of the State Police. In 1939, the Bureau of Criminal Investigation and the Communications Division were established, along with the division of the State Police into six districts. Because of the increased demands for State Police services, the Bureau was reorganized several times during the 1950s and 1960s. In 1971, the Legislature incorporated the State Police into the Department of Public Safety. Today, the State Police is comprised of: eight field troops patrolling the rural areas and the Maine Turnpike, one troop focused on commercial vehicle enforcement regulations, three Major Crimes Units, Unsolved Homicide Unit, along with seven other units and eight specialty teams organized within the Support Services Division.

PROGRAM:

The programs of the Maine State Police have primary goals of 1) Patrolling rural areas of Maine without organized police departments for the purpose of preventing and investigating criminal activity; 2) Enforcing traffic safety laws in rural areas, on the Maine Turnpike and Interstate System; 3) Overseeing the Motor Vehicle Inspection Program and enforcing the Commercial Motor Vehicle laws and rules; 4) Investigating homicides that occur outside Portland and Bangor; 5) Investigating child abuse cases; 6) Providing specialized support, such as response teams, computer and crime laboratory services to all law enforcement agencies; 7) Providing a repository for criminal history and records information; 8) Provide specialized administrative, licensing, and enforcement services.

EMERGENCY SERVICES COMMUNICATION BUREAU

E-9-1-1 COUNCIL

PURPOSE:

The Public Utilities Commission's purpose is to protect the public by ensuring that utilities in the State of Maine provide safe, adequate and reliable service to the public at rates that are reasonable and just. The Commission acts as a quasi-judicial body which decides cases involving rates, service, financing, and other activities of the utilities it regulates. The Commission also has investigatory and rulemaking authority. The Commission currently has jurisdiction over approximately 154 water utilities, 14 electric utilities, 6 gas utilities, 24 local telephone utilities, 1 water carrier, 297 competitive electricity providers, and 189 competitive local and interchange carriers.

The Commission is divided into five operating divisions with respective powers and duties as follows:

The ADMINISTRATIVE DIVISION is responsible for fiscal, personnel, contract, docket management and information technology, as well as physical plant. The Division provides support services to the other divisions and assists the Commission in coordinating its activities. The CONSUMER ASSISTANCE AND SAFETY DIVISION (CASD) receives, analyzes and responds to complaints from Maine utility customers. This Division is also responsible for gas safety and Dig Safe activities. The LEGAL DIVISION represents the Commission before Federal and State appellate and trial courts and agencies. It provides hearings examiners and staff attorneys in cases before the Commission and assists in preparing and presenting Commission views on legislative proposals. The TELEPHONE AND WATER DIVISION is responsible for financial, technical, and policy related investigations and analyses conducted by the Commission on telephone and water utilities. The Division provides expert advice to the Commission on such matters as revenues, expenses, engineering, economics, technology and other technical aspects related to the telephone and water industries. The ELECTRIC AND GAS DIVISION is responsible for financial, technical, and policy related investigations and analyses conducted by the Commission on electric and gas utilities. The Division provides expert advice to the Commission on such matters as revenues, expenses, engineering, economics, technology and other technical aspects related to the electric and gas industries.

ORGANIZATION:

The Public Laws of 1913, effective by Proclamation, after referendum on October 30, 1914, created the Public Utilities Commission (PUC). It was organized December 1, 1914. The Act abolished the Board of Railroad Commissioners, established in 1858, and conferred upon the Public Utilities Commission all powers vested in that Board, as well as the State Water Storage Commission, including custody and control of all records, maps, and papers pertaining to the offices of the Railroad Commissioners and the State Water Storage Commission, the latter of which was not legally abolished until 1916. The Commission also acquired jurisdiction over all "public utilities," and through subsequent legislation any person, firm, or corporation operating motorbuses or trucks transporting passengers or freight for-hire over any street or highway in Maine. The Commission retains jurisdiction over the transportation of passengers and property for compensation by vessel in Casco Bay under chapter 174 of the Private and Special Laws of 1963. Chapters 207 and 617 of the Public Laws of 1983 specifically exempted dealers of gas in liquid form from Commission jurisdiction, which had not been previously exercised. Central tanks serving more than 10 customers are still subject to PUC jurisdiction. Chapter 304 of the Public Laws of 1983 deregulated one-way paging service. Public Law 1987, chapter 141 conferred to the Commission jurisdiction over cable television systems providing

PUBLIC UTILITIES COMMISSION

service like telephone companies and pole attachment charges for cable television systems. Public Law 1991, chapter 342, exempted cellular telephone providers, from regulation as public utilities, as long as one provider does not "exclusively control" the assigned service area and unless the Commission determines that the cellular provider is engaged in providing basic exchange telephone service. Public Law 1999, chapter 718, gave the Commission enforcement authority over the Dig Safe damage prevention statute. Public Law 2003, chapter 359, moved the Emergency Services Communication Bureau to the Commission giving it oversight responsibility for the E-9-1-1 program.

The present Public Utilities Commission consists of 3 Commissioners appointed by the Governor subject to review by the legislative committee having jurisdiction over public utilities and to confirmation by the Senate, for terms of 6 years. The Governor designates one Commissioner as Chairman and all 3 Commissioners devote full time to their duties.

PROGRAM:

The Commission regulates the State's electric transmission and distribution companies, telephone, gas, and water utilities, as well as water carriers. The basic purpose of this regulatory system is to assure safe, reasonable and adequate service at rates that are just and reasonable to customers and public utilities. During the 12 months ending June 30, 2016, 316 cases were filed with the Commission and the Commission closed 270 cases.

The Commission's Consumer Assistance and Safety Division (CASD) is charged with ensuring that consumers and utilities receive fair and equitable service through CASD educational and complaint resolution programs. During the 12 months ending December 2015, CASD handled 10,280 consumer contacts, including 8,220 information requests and 1,315 complaints. The vast majority of complaints (95%) were related to the electric and telephone utilities with 10% attributable to telephone utilities and 85% attributable to electric utilities, 1% attributable to gas utilities, and 4% attributable to water utilities. In addition, the CASD ordered \$167,903 in abatements to customers. The CASD received 215 utility exemption requests during 2015. Finally, CASD received 530 requests from utilities to disconnect customers from service during the winter of 2015.

LICENSES:

LICENSES, PERMITS ETC: The Commission issues orders approving schedules of rates, terms and conditions; certificates of public convenience and necessity to construct, own, or contract for major transmission facilities or to rebuild or relocate major transmission facilities; applications by providers of telephone, electric or gas utility services to provide telephone, electric or gas service in a municipality in which an existing utility is furnishing or authorized to furnish service, upon declaration by the Commission that the public convenience and necessity requires a second public utility; and issues certificates of convenience and necessity to provide service to carriers of passengers and freight by water in Casco Bay.

PURPOSE:

The Emergency Services Communication Bureau, established in 1994, has been part of the Maine Public Utilities Commission since September 13, 2003. The Bureau is responsible for the implementation and management of the Enhanced 9-1-1 system. The Bureau, in consultation with the E-9-1-1 Council, will develop all system elements, standards and cost estimates necessary to provide for the installation and operation of a statewide E-9-1-1 system.

PROGRAM:

In July 2014, the Bureau completed transitioning from its legacy E-9-1-1 system to Next Gen 9-1-1, the next step in emergency communications that will allow access to 9-1-1 from non-voice services such as text messaging, and automated crash notification systems as standards are developed and tested. This dramatic change prepares Maine's system to receive and recognize the location of 9-1-1 requests from any of these devices.

Geographic Information Systems play a critical role within the Next Gen 9-1-1 system. Bureau staff provides local municipalities and counties technical assistance in the naming and numbering of all streets and road networks.

PURPOSE:

The Office of the Secretary of State provides administrative and policy oversight for the Department of the Secretary of State. The Secretary of State is provided for in the Constitution of the State of Maine and is therein required to attend the Governor, the Senate and the House of Representatives as they shall respectively require, to keep and preserve the records of all their official acts and proceedings, and to perform such other duties as required by law.

Maine statute provides for additional duties of the Secretary of State as follows: Title 4 (notaries); Title 5 (Office of the Special Advocate, Regulatory Fairness Board, Address Confidentiality program, archives, notaries, boards and commissions, and the Administrative Procedures Act); Title 10 (service and trade marks); Title 11 (Uniform Commercial Code filings); Titles 13, 13-A, and 13-B (corporations); Title 21-A (elections and citizen initiated legislation); Title 29-A (motor vehicles); Title 30-A (election of county officers) and Title 31 (limited partnerships and limited liability companies). In all, over 800 separate sections of Maine law make reference to duties of the Secretary of State.

Specifically, the Office of the Secretary of State is responsible for the overall administration, including finances, personnel and programs, of the Department of the Secretary of State's respective bureaus: the Maine State Archives; the Bureau of Corporations, Elections and Commissions; and the Bureau of Motor Vehicles.

ORGANIZATION:

The Secretary of State, as established by the Constitution of the State of Maine in 1820, is elected biennially by joint ballot of both houses of the Legislature. In 1862, certificates of incorporation were required to be deposited with the Secretary of State, leading to the formation of a Corporation Division in 1870. The Elections Division was established in 1891 when the Secretary of State was designated responsibility for printing and distributing ballots to towns, providing returns and performing other duties related to elections.

The Bureau of Motor Vehicles was established in 1905 to provide for the registration of motor vehicles by the Secretary of State. In 1919, registration of legislative counsel and employers became a function of the Secretary of State. In 1963, the State adopted the Uniform Commercial Code to be administered by the Secretary of State as a function of the Corporation Division. Also in 1963, the Department of the Secretary of State was first recognized under law with the Secretary of State designated as its executive head.

The Maine State Archives, created in 1965 and administered by the State Archivist, was made a bureau of the Department in 1973. The Administrative Procedures Act became effective July 1, 1978. The Office of the Special Advocate was created in 2011 to provide assistance to small businesses and staff

DEPARTMENT OF THE SECRETARY OF STATE

the Regulatory Fairness Board.

PROGRAM:

The Department is made up of three bureaus: the Maine State Archives, the Bureau of Corporations, Elections and Commissions (CEC), and the Bureau of Motor Vehicles (BMV), and two Offices, the Office of the Secretary and the Office of Information Services. As a Constitutional Officer, the Secretary is charged with carrying out the Department's diverse responsibilities and unique mission.

Customer service and government efficiency are top priorities. The Department is recognized as a leader in the effort to enhance access to information and services through the use of technology. With more than 20 online services in place, the Department continues to identify services that can be offered electronically and made available to the public and businesses 24 hours a day, 7 days a week. Through a partnership with the Information Resource of Maine (InforME), new online services are being launched on a regular basis.

The Department takes its responsibilities in the area of elections and civic education very seriously and conducts a variety of projects designed to strengthen our democracy.

The Department's commitment to young people is evident in programs such as the Maine Student Mock Election, Maine History Day and the Eighth Grade Citizenship Awards. That commitment carries throughout the entire Department, as evidenced by improvements in teen driving laws and the Parent's Supervised Driving Program.

The Small Business Advocate conducted outreach to a wide variety of organizations, and works to resolve regulatory issues between state agencies and small businesses.

The Division of Administrative Services provides services for the bureaus, divisions and sections within the Department of the Secretary of State. This includes the Bureau of Corporations, Elections and Commissions (CEC), the Maine Archives, Information Services, and the Bureau of Motor Vehicles (BMV). The divisions within the BMV consist of Driver License Services, Legal Affairs, Adjudications & Hearings, Office of Investigations, Public Services and Vehicle Services. The Administrative Services division provides financial and management support services including accounting, audit, budgeting, inventory management, human resources, payroll, plate manufacturing, records management, revenue collection, central stores and supply, mail handling, and facilities management. These services are for the main office, 13 branch offices, 21 outreach locations operated by 2 mobile units, Archives, CEC and Secretary of State's office.

ORGANIZATION:

In an effort to maximize efficiencies, consolidate functions and realize savings, the administrative functions of the Bureau of Corporations, Elections and Commissions and the Maine Archives were merged with the Bureau of Motor Vehicles Administrative Services division as part of a cost savings measure in Public Law 2009, chapter 413. In May 2014, the Records Management and Retention section consisting of data entry, data management, central files, numerics, and micro-film/scanning was permanently assigned to Administrative Services as services are provided to the entire agency.

PROGRAM:

The primary functions and activities of the Division include providing General Fund and Highway Fund revenue projections to the Revenue Forecasting Committee, federal grant management, manufacturing and issuing regular and new specialty license plates, completing contracts, monitoring encumbrances and expenditures, ongoing human resources support to employees and supervisors and facilities management. Audit services conducts reviews of municipalities and audits vendor systems to ensure software upgrades reflect recent law changes. Records Management & Retention indexes vehicle and driver history and stores all records via micro-film or digital image following policies and statutory requirements for in-house/state agencies, municipalities, and law enforcement.

DEPARTMENT OF THE SECRETARY OF STATE

PURPOSE:

The powers and duties of the State Archivist include responsibility for establishing rules, standards, and procedures governing the creation, use, maintenance, retention, preservation, and disposal of State records. Under this general authority, the Maine State Archives assists the three branches of State government, as well as county and municipal government agencies, in making their operations more efficient and economical by applying modern records management techniques, including establishing disposition schedules under which agencies may destroy records having exhausted their value to the State; providing technical assistance in specialized fields such as files, forms, general paperwork and electronic records procedures; and providing centralized storage and retrieval facilities for records that must be temporarily retained, but which need not be maintained in higher-cost office space.

Professional archival services include the selection and preservation of hard copy and digital records that have permanent value to the State, accompanied by the application of specialized technologies and techniques designed to make such records readily accessible for use by the government and the public. These efforts include identifying and arranging records, developing finding aids (inventories, indexes, and guides) to record groups or series, assisting in-person users, responding to mail and electronic mail requests, publishing by microfilm services (duplication, digital to microfilm conversion, microfilm to digital conversion), printing selected records in high demand by the public, and posting electronic documents on the Internet.

ORGANIZATION:

The Maine Legislature created the State Archives in 1965, and in 1973 designated the Archives as a central staff agency extending its jurisdiction to the counties and municipalities.

Two operating functions comprise the Maine State Archives: Records Management Services and Archives Services. The Office of the State Archivist is organized to supervise overall administrative and programming responsibilities, and exercises general control over publications and agency participation in intergovernmental and public activities.

The State Archivist and the Archives Advisory Board are responsible for authorizing the de-accession and destruction of archival government records that are no longer deemed to have permanent value. The Archives works with the Maine Historical Records Advisory Board to serve historical records repositories throughout Maine. The State Archivist serves as chairman of that Board.

PROGRAM:

Records management consulting and training is available to all government agencies, including counties and municipalities. A comprehensive database system allows for retrieval of records. Special projects included scanning, digitizing records, and/or re-filming of records whose original versions are in poor condition, and deploying searchable databases in the Archives' Research Room. When funding is available, the Archives makes financial grants available for archival preservation and access projects.

PUBLICATIONS:

The Archives has an Internet site which includes information about collections, related cultural organizations, databases and e-mail contacts. The address is: www.maine.gov/sos/arc/.

PURPOSE:

The Division of Archives Services was established under the authority of the State Archives to preserve, maintain, service and make available to the government and the public the permanently valuable (archival) documents of the State, including, for example, vital records of birth, death, marriage, divorce, and criminal records, governmental proceedings, photographs, maps, trademarks, and court proceedings.

ORGANIZATION:

The Division became operational upon the completion of construction of the Maine State Archives in 1971.

The number of in-person visits by researchers and the general public remains constant. With new technologies, requests for information by e-mail, mail (postal service) and telephone increases annually. The creation of finding aids in the form of computerized indexes has continued with many now available online; further online access has become available in Digital Commons and ArchivesSpace.

The Division works with the Secretary of State's Office of Information Services and with the State's Office of Information Technology to ensure the preservation of digital records and permanently valuable (archival) digital documents throughout State government.

PROGRAM:

Services in the Research Room include quiet areas where researchers can examine archival documents and view images on computers and digital microfilm reader-printers. These images can be digitally scanned onto disks and other electronic recording devices, reproduced in paper form, and made available on the Internet.

Reference: Policy Area: 00 *Umbrella:* 29 *Unit:* 250Q *Citation:* T0005 *M.R.S.A., Sect.:* 000000081

PURPOSE:

The purpose of the Division of Corporations, UCC and Commissions is to serve as a repository for all records relating to over 94,000 business entities and nonprofit corporations operating in the State and over 192,000 liens filed on personal property under the Uniform Commercial Code. The Division also administers the appointment, renewal and continuing education of over 23,000 Notaries Public, administers the application process for nominees for the office of Dedimus Justice for the Governor's office; records and maintains appointments and information for over 250 boards and commissions listed in Title 5, chapter 379, and processes requests for authentications, Apostilles, and other certifications on the acts of public officials.

ORGANIZATION:

The Director is responsible for the programs of the Division, including the selection, supervision, rating and discipline of personnel. The Director reports to the Deputy Secretary of State responsible for all programs and activities of the Bureau of Corporations, Elections and Commissions.

PROGRAM:

The Division files all originating documents, amendments and cancellations relating to business and nonprofit corporations, limited partnerships, limited liability companies and limited liability partnerships, and reviews proposed entity names against those on file for availability prior to filing; files over 87,000 annual reports disclosing officer information for all entities on file; assesses penalties for late filing of annual reports; and administratively dissolves or revokes entities which fail to file annual reports, pay penalties, maintain a contact person or do not maintain workers' compensation insurance. The Division maintains over 3,800 active service and trade marks on file and reviews the design and text of the proposed marks against those on file for availability prior to filing. The Division annually files over 45,000 original records, amendments and renewals of security interests in personal property under the Uniform Commercial Code and the Federal Food Security Act. The Division also maintains signature and oath records for Notaries Public, various State officials and appointees to boards and commissions. These records are maintained both as an official record and for authenticating official acts. The Division annually reports to the Governor and the Legislature on the activities of boards and commissions and of potential vacancies on boards and commissions. The Division issues commissions for Notaries Public and provides continuing education for Notaries Public.

The Division maintains public access in the Bureau's reception area to allow walk-in users direct access to corporate and UCC information. The Division works with the business and legal community and other stakeholders to review and consider adoption of uniform or model state filing laws and procedures that are under the responsibility of the Division. Since 2000, the Division has implemented a number of online services to provide 24/7 access to filing systems or view information contained on the Division's databases.

PURPOSE:

The Bureau of Corporations, Elections, and Commissions is the portion of the Department of the Secretary of State responsible for elections, corporations, and a variety of central filing activities. The Bureau has significant contact with the public in many areas including the following: conduct of state elections; corporation filings; Uniform Commercial Code (UCC) filings; oversight of the Administrative Procedure Act (state agency rule-making); recording of appointments to state offices, boards and commissions; and commissioning of Notaries Public. In addition, the Bureau provides administrative support to the Maine State Archives and the Office of the Secretary of State.

ORGANIZATION:

The Bureau executes its responsibilities through a divisional structure. The Deputy Secretary of State is the Administrative head of the Bureau and the Directors of the two Divisions report directly to the Deputy. Each Division has an Assistant Director or working supervisor who is responsible for the functioning of his or her area and for the selection, supervision, rating and discipline of personnel. Overall operational responsibility for the Bureau rests with the Deputy.

PROGRAM:

Annual customer contact includes inquiries in person, over the phone, by mail and by e-mail to individuals or through email drop boxes. Customers also obtain significant information through the Bureau's web pages. The Bureau also has one public access workstation in the reception area to allow walk-in users direct access to the data or information in many of the program areas of the Bureau.

DIVISION OF DRIVER LICENSE SERVICES

LINDA GRANT, DIRECTOR

Central Office: 101 HOSPITAL STREET, AUGUSTA, ME 04333-0029
Mail Address: 29 STATE HOUSE STATION, AUGUSTA, ME 04333-0029 *FAX:* (207) 624-9295

Reference: Policy Area: 00 Umbrella: 29 Unit: 250L Citation: T0029A M.R.S.A., Sect.: 000001251

PURPOSE:

The Division of Driver License Services was established with an ultimate objective of assuring the safety of the licensee and other users of the highways through improved attitudes and driving performance. This objective is accomplished through effective administration of the laws pertaining to the operation of motor vehicles; regulation of driver education programs; issuance of operators licenses, including the photo license and identification card program; through records of convictions or adjudications as transmitted from the courts; through traffic accident records; by identifying those drivers who are reckless or negligent and habitual or frequent violators of traffic laws and/or accident involvement.

ORGANIZATION:

The Division was established as a result of reorganization within the Bureau of Motor Vehicles. It originated as the Court Records Section in the early 1920's, and remained as such until 1970 when it was formed into the Bureau of Driver Improvement and Financial Responsibility. In 1976, the Bureau of Driver Examinations was merged with Driver Improvement and Financial Responsibility, creating the Bureau of Driver Licensing and Control. In 1978, the Bureau of Driver Licensing and Control was formed into a Division. In 1991, the Examination Section was transferred to the Division. In 1996, regulatory responsibility for driver education programs was transferred to the division. In 1999, as the result of Bureau reorganization, the Division came to be known as the Division of Driver License Services.

PROGRAM:

The primary functions and activities of the Driver License Services Division are ensuring drivers are properly licensed, motor vehicles are properly insured, the regulation of driver education programs, examination of drivers for licensure; processing abstracts of convictions or adjudications of violations of the motor vehicle laws as transmitted from the Maine Judicial System including the traffic court, and applying those convictions or adjudications to driver history records. Case review of individual driver records for appropriate action against repeat

violators under the point system or suspending the license or registration as mandated by law. The Division reviews individual reports of traffic accidents and invokes the provisions of the Financial Responsibility Law against motorists involved. The Division also suspends licenses based on administrative determination that a person operated a motor vehicle with an excessive alcohol level or was under the legal drinking age and was operating a motor vehicle with any amount of alcohol. The Division manages the Ignition Interlock program and associated requirements that allow a driver to restore driving privileges with the installation of an approved ignition interlock device. The Division maintains compliance with federal rules and regulations related to the permitting, licensing and suspension of commercial motor vehicle operators.

In 2008 the division implemented legal presence and residency laws which requires holders' of a driver's license or identification card to provide proof of legal presence in the US and residency or domicile in this state before obtaining or renewing a credential.

America Vote Act (HAVA), the Uniformed Service and Overseas Citizen Absentee Voting Act (UOCAVA), and the Military and Overseas Voters Empowerment Act (MOVE), four federally mandated programs.

Additionally, the Division maintains records of approximately 2,100 rules filed under the Administrative Procedure Act for all State agencies and arranges for the publication of rule-making notices.

ORGANIZATION:

The Director is responsible for the functions of the division, including the selection, supervision, rating and discipline of personnel. The Assistant Director of Elections reports directly to the Director who reports directly to the Deputy Secretary of State assigned to the Bureau of Corporations, Elections and Commissions.

PROGRAM:

The Division provides municipalities with extensive assistance in election practices, and strives for the best possible procedures to ensure fair and efficient elections. The division trains local election officials at an annual conference, and conducts regional workshops in conjunction with the Maine Town and City Clerks Association. The Secretary of State convenes groups of stakeholders, as needed, to advise the Department on election issues, including the wording of citizen initiatives and implementation of new state and federal laws and procedures.

Under the Administrative Procedure Act (A.P.A.), the Division ensures that A.P.A. rulemaking procedures mandated by statute are followed by state agencies and makes rules accessible to the public through newspaper advertising and through promulgation by electronic formatting on the Division's website.

PURPOSE:

The Office of Investigations was established to provide for the law enforcement functions of the Bureau. Such operations include regulation and enforcement of laws concerning various types of vehicle dealer, title fraud, odometer fraud, auto theft investigations, registration evasion, insurance fraud, driver license and state identification card fraud, consumer complaints and all other law enforcement assignments, assigned by the Deputy Secretary of State. The Office oversees the management and training of the Secretary of State's Critical Incident Management Plan.

The Dealer Licensing unit administers the licensing and renewal process for new and used automobile dealers, equipment, light trailer, trailer, and motorcycle dealers, vehicle auctions, and recyclers. This unit issues dealer license plates, dealer wrecker plates, permits for demonstration of loaded trucks, moving mobile homes, mobile crushers, and off sight vehicle sales.

ORGANIZATION:

The Office was established by the reorganization of the Bureau in 1999. Previous to the reorganization, the Investigations Unit was part of the Division of Enforcement & Regulation created in 1983 and dissolved in 1999 with its title and dealer functions being transferred to the Vehicle Services Division. A reorganization of the Law Enforcement unit in 2015 placed the Dealer Licensing functions under the Law Enforcement Division.

PROGRAM:

The office continues to investigate and enforce violations of motor vehicle, criminal, and civil statutes, focusing in the areas of consumer protection and public safety.

Reference: Policy Area: 00 *Umbrella:* 29 *Unit:* 259 *Citation:* T0029A *M.R.S.A., Sect.:* 000001258

PURPOSE:

The Medical Advisory Board was established to advise the Secretary of State on medical criteria and vision standards relating to the licensing of drivers. It assists the Secretary of State in determining whether a person is qualified to be licensed as a motor vehicle operator. When the Secretary of State has cause to believe that a licensed driver or applicant may not be physically or mentally qualified to be licensed, he may obtain the advice of the Board. The Board formulates its advice from records and report or may cause an examination and confidential report to be made by one or more members of the board or any other qualified person it may designate. The licensed driver or applicant may cause a written report to be forwarded to the board by a physician of his choice, which must be given due consideration by the Board.

ORGANIZATION:

The Medical Advisory Board was authorized in 1971 to consist of five members appointed by the Secretary of State. To date, there are board members representing the specialties of cardiology, gerontology, internal medicine, neurology or neurological surgery, ophthalmology, psychiatry, family practice and rehabilitative medicine and may include additional members who are professionals in relevant medical fields.

PROGRAM:

The Medical Advisory Board is required to meet at least once every two years and may hold as many meetings as necessary and maintains a calendar of scheduled meetings. Additionally the board shall advise the Secretary of State on written medical and vision standards related to operator's licensing which may be adopted as rules and it shall coordinate efforts to educate health care providers and the public in the medical aspects of motor vehicle operating licensing.

PURPOSE:

The Bureau of Motor Vehicles was established to provide public safety and better regulation of traffic through administration of the laws of the State relating to motor vehicles and to the operators and operation thereof. Under the auspices of the Secretary of State, the Bureau provides various motor vehicle registration, license and title services to the residents of Maine at the main office and thirteen branch locations throughout the state.

The Bureau ensures that applicants applying for operators licenses have the ability, knowledge and necessary skills for safe vehicle operation; investigates and licenses motor vehicle and trailer dealers; conducts hearings on violations of motor vehicle laws to determine if the individual's privilege to operate or register a vehicle should be suspended, withheld or revoked and also determines when reinstatement is permissible.

The Bureau provides a method of registering and titling motor vehicles and collects sales tax due when a vehicle purchased from other than a dealer is registered.

ORGANIZATION:

The Bureau was organized in 1905 for the purpose of issuing lifetime licenses. In 1911, the Legislature changed the registration and licensing from a lifetime issue to an annual issue. In the 1920's, the Bureau had grown to the extent that it was headed by a Chief Clerk, had a Registration and Licensing Section and a Court Records Section. In 1935, the requirements for semi-annual inspection of motor vehicles became a responsibility of the Bureau and in 1939 an Examination Section was added to administer the required rule on new licenses.

In 1942, the Bureau was reorganized and placed under the direction of the Director of Motor Vehicles, with an Assistant Director named in 1943. This organizational structure remained until 1970 when the Bureau was reorganized into four bureaus; Public Services, Finance and Administration, Data Processing and the Bureau of Driver Licenses. Several minor structural changes were made between 1970 and 1976 when the Bureau was reorganized into the Executive Section and three Bureaus. Duties and responsibilities were added and the Bureau evolved into an Office of the Deputy and six divisions; Administrative Services, Commercial Vehicles and Reciprocity, Driver Licensing and Control, Enforcement and Regulation, Information Services and Public Services.

In fiscal year 1997, the Bureau began regulating driver education programs. In 1999, the Bureau of Motor Vehicles was reorganized once more into the Office of the Deputy, the Office of Investigations and three divisions; Division of Administrative Services, Division of Driver License Services, and the Division of Vehicle Services. In fiscal year 2001, the functions of the Planning Office were transferred to the Administrative Services Division. In 2007, the Division of Public Services was created to focus on customer service. In 2009, the Division of Driver License Services was reorganized resulting in the creation of the new Division of Legal Affairs, Adjudications, and Hearings.

DEPARTMENT OF THE SECRETARY OF STATE

PROGRAM:

The Bureau provides licensing, registration, and title services through 13 branch office locations, 22 outreach stations operated by 2 mobile units, the main office in Augusta and 468 municipal agents.

The Bureau continues to expand its online services to include driver license and ID card renewals and replacements, organ donation, driving records, trailer registration renewals, over-limit permits, title lien releases and vanity plate search and order.

PURPOSE:

The Division of Pubic Services carries out the mission and objectives of the Bureau of Motor Vehicles under the direction of the Deputy Secretary of State and as prescribed by law. The focus of the Division is on providing a wide range of licensing and motor vehicle services to the citizens and businesses throughout the State of Maine, and maintaining offices at convenient places to carry out duties related to applications for registration of and licenses for the operation

DEPARTMENT OF THE SECRETARY OF STATE

of motor vehicles.

ORGANIZATION:

The Division of Public Services operates under the direction of the Deputy Secretary of State for the Bureau of Motor Vehicles. The Division is comprised of the Director and Office Specialist as well as three Senior Section Managers who oversee thirteen Branch Managers and sixty-eight Customer Representative Associates in three Field Operations Units; the Southern, Central, and Northern Districts. Within the districts are thirteen branch office locations and two Mobile Units that visit twenty-one outreach stations throughout Maine communities on a regular basis. In addition to the Field Operations Units, the Division also reaches the public through our partnership with nine AAA branch locations around the state.

PROGRAM:

Services offered by the Division include, but are not limited to, the processing and issuance of commercial and non-commercial driver licenses, driver permits, state identification cards, commercial and passenger vehicle registrations, trailer registrations, commercial vehicle permits, and disability placards. The Division works closely with the many divisions within the Bureau of Motor Vehicles to follow changing requirements and address operational needs, and was recently reorganized to redouble its focus on public services. Efforts include providing a more user friendly lobby management system, improving efficiency through the identification and use of existing and emerging technologies, improvement of customer service commitments and relationships through personal contact, and increase the integrity between the Bureau and citizens of Maine.

PURPOSE:

The Division of Records Management Services, established under the authority of the State Archivist, assists State Agencies in managing their records by means of record retention schedules which includes technical assistance to improve procedures for maintaining, storing, and servicing records; as well as preservation imaging services.

ORGANIZATION:

The Division became operational upon construction of the Maine State Archives in 1971. It includes the State Records Center and Imaging Center.

PROGRAM:

By law, the Maine State Archives furnishes copies of archival materials in its possession. The Imaging Center provides this service and microfilming paper records that are deemed too fragile to be handled. A digital and/or microfilm copy is generated for safe Research Room use and for preservation. The Imaging Center duplicates and preserves thousands of images in Archives holdings and provides large format preservation scanning and image reproduction for records such as maps, trademarks, photographs, muster rolls, and charts.

During fiscal year 2016, the State Records Center provided nearly 55,000 records to State agencies. The Records Center provides safe, cost effective, environmentally controlled storage for records (including computer media and

Reference: Policy Area: 00 Umbrella: 29 Unit: 250S Citation: T0029A M.R.S.A., Sect.: 000000101

PURPOSE:

The purpose of the Division of Vehicle Services is to administer those motor vehicle laws pertaining to the titling and registration of all classes of motor vehicles and trailers. Vehicle Services also administers the commercial vehicle laws. Programs administered include titling and registration requirements, disability parking placards and plates, the municipal excise tax reimbursement program, the International Registration Plan (IRP), short term gross weight increase permits, long term trailers, and fuel use programs including the International Fuel Tax Agreement (IFTA). Further the division administers the federal heavy vehicle use tax program, other tax programs, the Uniform Carrier Registry (UCR), and over dimensional/overweight permits for the movement of non-divisible loads. The division also establishes and maintains motor vehicle reciprocity agreements between the State of Maine and other jurisdictions. The division conducts motor carrier audits for IRP, IFTA, and UCR compliance.

The Division is responsible for training municipal registration agents.

The Division's Motor Carrier Services Office staffs the Motor Carrier Review Board. In 1996, the Board developed and adopted its rules for conducting carrier reviews. The Motor Carrier Services Office also participates in the Federal Motor Carrier Safety Administration's Performance and Registration Information Systems Management (PRISM) program and the Commercial Vehicle Information Systems and Networks (CVISN) program. These programs are designed to improve motor carrier safety and efficiency.

ORGANIZATION:

This division, formerly named the Division of Public Services, was established as one of four Bureaus in 1970 and reorganized into a division in 1978.

With the reorganization in 1999, this division became the Division of Vehicle Services and took on the Commercial Vehicle programs, Dealer Licensing, and the Title and Anti-Theft unit.

PROGRAM:

The division continues to provide a single point of contact for the trucking industry, and oversees the issuance of various commercial vehicle credentials. The effort to increase administrative efficiency and improve the database on commercial vehicles is ongoing. The division also oversees the administration of laws pertaining titling of motor vehicles and certain trailers, and the registration of all classes of motor vehicles with passenger cars being the largest class. The division also trains and oversees the municipalities in the registration and titling processes for the residents of their municipality.

DEPARTMENT OF THE SECRETARY OF STATE

The division oversees Rapid Renewal, a web-based registration renewal program. The division oversees several online motor vehicle-related applications. In fiscal year 2001, the online service to check vanity plate availability was introduced. In fiscal year 2005, online over dimensional permits became available. In 2015, an online replacement title application and an electronic lien release process were implemented.

Also in fiscal year 2005, the vanity plate website was expanded to allow Maine citizens to order their vanity plate choice, using the online service. IFTA E-file and online UCR registration were introduced in 2007. In 2008, Rapid Renewal was expanded to include certain non-resident military renewals. The division oversees various specialty and recognition registration plate programs.

In 2014, the Division implemented a new web-based IFTA computer system; and implemented a non-governmental registration agent program to allow non-governmental agents to issue long term and annual trailer registrations, and motor vehicle registrations.

PURPOSE:

The Maine Department of Transportation's mission is to responsibly provide our customers the safest and most reliable transportation system possible, given available resources. MaineDOT was established to plan and develop transportation facilities and services designed to contribute to the economic growth of the State of Maine and the well-being of its people. MaineDOT plans for future transportation needs, and assists in the development, operation, and maintenance of services and facilities, while promoting transportation safety. Key links in the transportation network are a highway system developed to promote safety, personal mobility, economic considerations, community values, and environmental conservation; port and water transportation facilities that support development of coastal resources; freight-and passenger-rail facilities to serve commerce and provide transportation alternatives; transit services for inter- and intra-city travel, and for elderly and disabled populations; and an aviation infrastructure developed with the assistance of the department. MaineDOT, on behalf of the state, also administers all federal or other monies intended for transportation uses.

ORGANIZATION:

Maine Department of Transportation had its origin in 1905, when a Commissioner of Highways was appointed by the Governor and charged with compiling statistics, disseminating information, working for better highways, and advising local officials on the best means of building and maintaining roads and sidewalks. In 1907, the Commissioner became head of a new State Highway Department, which was created to apportion money to political subdivisions, plan road improvements, and contract for road construction. In 1913, both the department and the office of Commissioner of Highways were abolished and replaced by a State Highway Commission, which consisted of three members whom the Governor appointed.

When the state highway system began to grow and state responsibility for highway construction and maintenance increased, the State Highway Commission expanded to include a central office in Augusta and seven offices located throughout the state. During the state government reorganization of 1972, the Commission was dissolved, and all of its functions were transferred to a newly established Department of Transportation headed by a Commissioner appointed by the Governor.

At the same time, several independent, transportation-related agencies such as the Maine Port Authority were integrated into the department. Major changes occurred once again in 1981 when the Commissioner was authorized to organize the department into bureaus and other units.

PROGRAM:

The program of MaineDOT is accomplished through its statutorily and administratively created units and the various activities of these units are individually reported in subsequent entries.

MaineDOT Goals are:

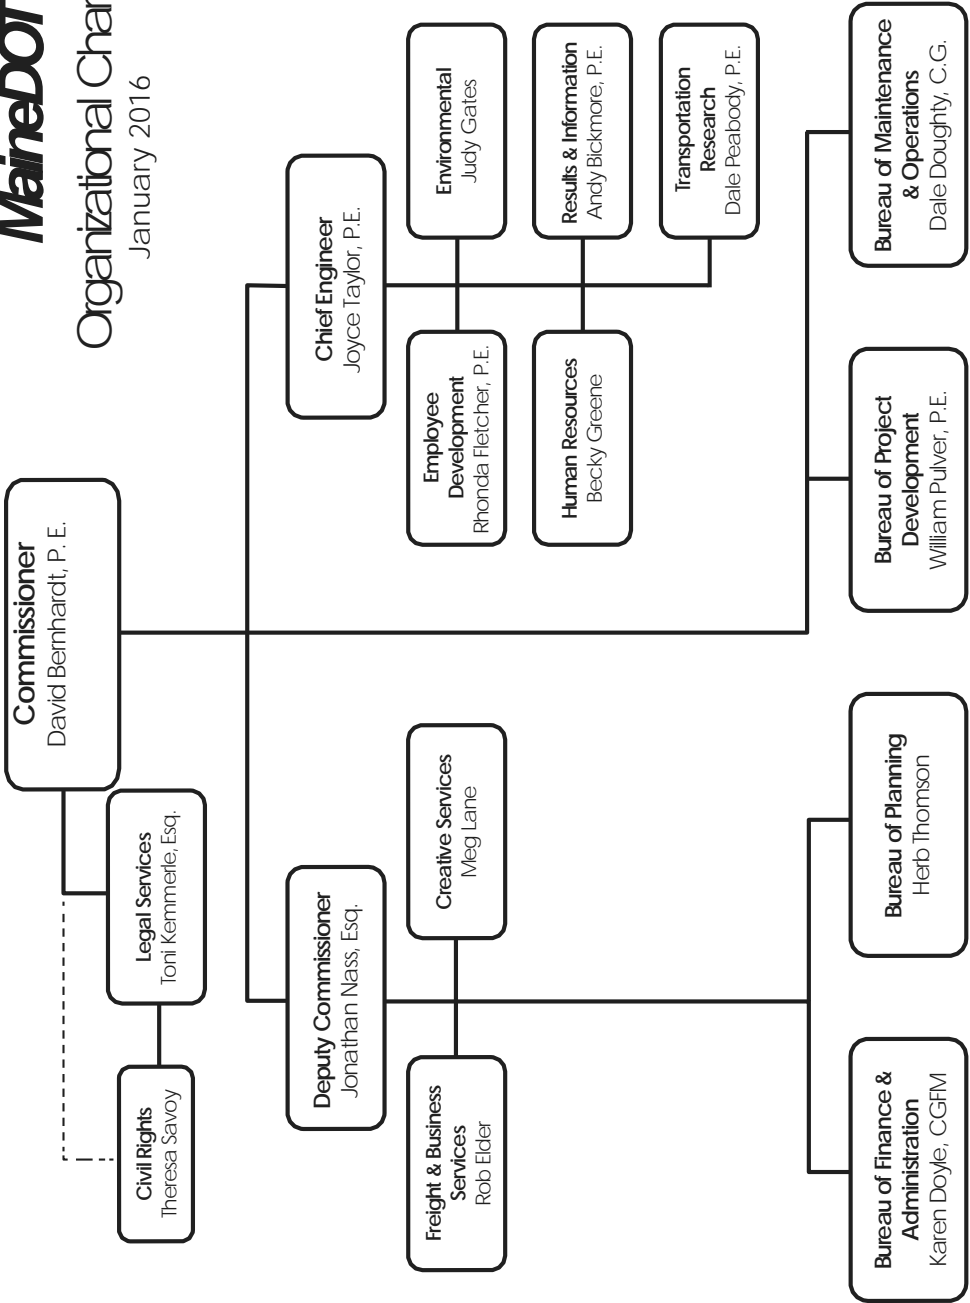

1. **MANAGE THE EXISTING SYSTEM:** Effectively manage Maine's existing transportation system for safety and effectiveness within reliable funding levels.
2. **SUPPORT ECONOMIC OPPORTUNITY:** Wisely invest available resources to support economic opportunity for our customers.
3. **BUILD TRUST:** Demonstrate our core values of integrity, competence, and service, both individually and organizationally.

PURPOSE:

The Bureau of Finance and Administration was established to provide administrative and financial management support and services essential to the successful accomplishment of the goals and responsibilities of the Department of Transportation.

ORGANIZATION:

The Bureau of Finance and Administration originated as the Bureau of Accounts and Administration of the former State Highway Commission, established in 1913. During the State Government reorganization of 1972, the Commission was abolished, and the functions of the Bureau were transferred to the new Department of Transportation's Bureau of Administrative Services, which in February of 1981 was renamed "Bureau of Finance and Administration." Later the bureau was reorganized to include the Divisions of Financial Planning & Analysis; Accounting, Administrative Services, and Information Systems. During calendar year 2004, the Bureau of Finance and Administration was the subject of a year long intensive unit review. The results of the unit review were published in January of 2005. Significant organizational changes were recommended and have been implemented.

PROGRAM:

The Bureau's current focus is on enhancing the accuracy of financial forecasting and promoting complete accountability in the administration of transportation programs and funds.

Financial information and position counts for other units are also included in this program.

DEPARTMENT OF TRANSPORTATION

PURPOSE:

The Board was established to advise the Department on matters relating to aeronautics and to submit to the Commissioner an annual report which includes recommendations for change to the aeronautical laws and comments upon the present and future needs of that service. Written reports and comments will be available to the public.

ORGANIZATION:

The Maine Aeronautical Advisory Board, was created as a board within the Department of Transportation comprised of at least 7 members; one person from an airport association in the state; one person from a pilot's association in the state; and the remaining members appointed by the Commissioner of Transportation. The members representing the aviation organizations are appointed by their respective board of directors and all members serve a term of office of 2 years. Vacancies in membership are filled in the same manner as the original appointment. The Bureau Director of the Bureau of Planning or Designee is an ex officio member of the board. The Board meets at the call of the chairman, or at the call of at least 3 members of the Board. Members serve without compensation or expenses.

PROGRAM:

The Maine Aeronautical Advisory Board continues to be concerned with bringing the benefits and advantages of aviation to the attention of the general public and improving the State's role in statewide aviation matters. The Board makes recommendations and proposes initiatives to improve the air transportation system and will make recommendations on potential legislation.

increased to 4 times per month. A decision was made to make no changes. Maticinus requested an additional trip be made in November as well as adjusting the October trips to be closer together. MSFS proposed changing the North Haven scheduled departure by 15 minutes, however due to feedback; the departure was changed by 10 minutes from 2:15 to 2:05 as a result of safety concerning two ferries passing close in a narrow channel. The change went into effect January 1, 2016. It was suggested to add an annual schedule discussion to the September meetings.

- The November 14, 2014 request to transport bulk propane with passengers was temporarily approved January 29, 2015. Congresswoman Pingree's delegation facilitated a meeting with stakeholders, MSFS, Propane representatives and USCG. MSFS submitted a written summary of compliance with established requirements to USCG including firefighting procedures specific to propane emergencies, abandon ship, reduced visibility and maximum sea state and wind when carrying propane as well as a review of the facility security plan for approval.

- The fleet management strategy included a plan to take actions intended to extend fleet service life with an anticipated midlife overhaul of the M/V Margaret Chase Smith (MCS). The next new vessel is in the design stage by naval architect Gilbert Associates. The overall plan offers a cost effective midlife rebuild in line with industry practices to extend expected service life and replacement intervals. The next vessel to be sold will be the M/V Governor Curtis built in 1968.

- The practice of MSFS employees taking direct custody of diagnostic samples was discontinued. Such activity falls under the category of transporting potentially infectious substances and requires additional safety and regulatory compliance requirements. MSFS offered complimentary passenger tickets and vehicle priorities to island clinics as a means to transport samples as needed.

- Senator Miramont submitted an emergency legislative bill (L.D. 1468) regarding safety with a focus on implementation of a peer review, staffing concerns, propane transport, lock boxes and the transport of blood specimens. The bill was passed by the legislature, and then vetoed by the Governor. The veto was overridden by the legislature. MaineDOT is implementing lock boxes and exploring peer review opportunities.

PURPOSE:

To sustain Maine's transportation network, the Bureau of Maintenance and Operations performs work in three primary areas: Maintenance, Operations, and Production support. Each of these areas has numerous work activities which are recorded by the Bureau as a measure of yearly accomplishments. The information collected is measured to the Department's established levels of service. Heavy and medium trucks, and any associated heavy equipment, are managed through an internal services account managed by MaineDOT Fleet Services. Our work force has expertise in many diverse specialties, subject areas which are combined with the knowledge by the Bureau and its employees, of the geographic challenges. This approach allows for a streamlined delivery of projects effectively utilizing the expertise of not only our state forces but contractors as well. This collaboration allows the Bureau to achieve, and sometimes exceed their goals.

ORGANIZATION:

The Bureau of Maintenance and Operations consists of five geographic Regions, the Maine State Ferry Service, Fleet Services, and a Central Headquarters unit.

DEPARTMENT OF TRANSPORTATION

PROGRAM:

MaineDOT's Bureau of Maintenance and Operations (M&O) operates Maine's diverse transportation system. This includes not only the state's highways, but the management and operation of 478 miles of rail owned by the state, the Maine State Ferry Service, operations and oversight of state owned airports and the numerous bridges owned and maintained by the State or Maine.

Within our State highway systems, M&O is responsible for snow and ice control on Maine's 8,300 lane miles of state highways, according to established Customer Service Levels. Six hundred of these lane miles are contracted to be maintained by both contractors and municipalities. Additionally, M & O provides emergency response services 24 hours a day, 365 days a year.

The Bureau's work also includes summer highway maintenance on 8,400 centerline miles of state and state aid highways; inspection and maintenance of over 2,700 bridges and minor spans. The Maine State Ferry Service (MSFS) provides a vital link between the mainland and the island communities of Islesboro, North Haven, Swan's Island, Vinalhaven, Frenchboro and Matinicus. The Bureau also manages the maintenance and operations of over 478 miles of state owned railroad lines. Of these rail lines, 372.61 miles of it are active rail, assisting in the transporting of goods across the state. M&O also manages highway access, signing, and additional traffic services to state, federal and municipal projects. The Bureau of Maintenance and Operations maintains a Radio Room open 24 hours a day 365 days a year to manage emergency field operations, keep travelers informed of conditions on highways, as well as to work as a liaison with other State entities during an event. Also, the maintenance of rest areas, Visitor Information Centers, the Penobscot Narrows Bridge Observatory and Maine's 511 Traveler Information system which keeps local residents as well as visitors to the state informed, safe and comfortable during travel on our highways. In order to perform this work, M&O's operating resources include:

- ==> Augusta headquarters, along with five regional offices, seven Ferry Service terminals, and Fleet Services is responsible for the maintenance, purchase and upkeep of the Bureau's heavy equipment. Within the five regions there are 150 smaller crew maintenance facilities;
- ==> 778 pieces of heavy equipment;
- ==> Allocation of 1,460 full-time employees (FTE's), including 86 FTE's responsible for the year round operation of the Maine State Ferry Service.

DEPARTMENT OF TRANSPORTATION

PURPOSE:

The Maine Pilotage Commission was established to provide for a system of state pilotage devoted to the preservation and protection of lives, property, the environment and vessels entering or leaving state waters. It also acts to ensure the highest standard of efficiency and the availability of pilots that are well-qualified for the discharge of their duties in the aid of commerce and navigation.

ORGANIZATION:

The Maine Pilotage Commission is made up of seven (7) members appointed by the Governor for three-year staggered terms. These members represent the three major pilotage areas of the state, businesses that use the services of pilots, and public members. An Administrator is appointed by the Commissioner of the Department of Transportation. Typically, the Commission meets three times a year for non-emergency business.

PROGRAM:

The Commission establishes the rules, policies, and procedures that govern the licensing, training, and discipline of marine pilots in the state waters under the jurisdiction of the Commission. The Commission also approves the rates which pilots may charge for services and generally oversees the operational and safety requirements of deep draft ship movements. Administrative responsibility for the Maine Pilotage Commission was transferred to the Department of Transportation in July 1998. Since that time the Office of Freight and Business Services has served as the administrator of the Commission.

LICENSES:

During Fiscal Year 2016, there was one (1) new license issued; two (2) five-year renewed licenses were issued; and three (3) new route endorsements were issued. There are nine (9) active and three (3) inactive Maine Pilotage Commission pilots.

PURPOSE:

The MaineDOT Bureau of Planning conducts continuing, cooperative and comprehensive transportation planning for all modes of transportation, statewide. The bureau also develops the department's Work Plan to support the department's mission, "To responsibly provide our customers the safest and most reliable transportation system possible, given available resources." The planning activities of the bureau are directed towards development and implementation of the department's annual Work Plan. In it, the bureau documents what projects will be constructed or undertaken, and what activities will be performed in pursuit of MaineDOT's mission and goals. The bureau fulfills federal and state transportation planning requirements, and bureau staff provides technical assistance in transportation planning to municipalities, regional entities and partner agencies. The bureau works closely with other MaineDOT bureaus and offices, and shares support staff with the Freight and Business Services Office.

DEPARTMENT OF TRANSPORTATION

ORGANIZATION:

In a state government reorganization of 1972, the State Highway Commission was abolished and functions of the Division of Planning and Traffic were transferred to the new Department of Transportation, later to be assumed by the department's administrative Bureau of Transportation Planning and Services. In 1996, the bureau revised its organizational structure to be consistent with the transportation planning requirements contained in federal and state laws, including the federal Intermodal Surface Transportation Efficiency Act, the federal Clean Air Act Amendment and Maine's Sensible Transportation Policy Act. In 2015, the bureau's structure was again updated to increase efficiency and better align its work units with the department's needs and its strategic plan. The bureau is under the direction of the Deputy Commissioner, and is comprised of four work units-the Statewide Planning Office, Scoping Division, Program Development Division and Multimodal Planning Division.

PROGRAM:

Statewide Planning Office

The Statewide Planning Office focuses on customer/partner agency/stakeholder outreach and education, on establishing and building relationships with local officials, on carrying out federal long-range planning requirements, and on efficiently meeting other periodic and ongoing federal and state planning requirements. The office works with MaineDOT Region Offices and with partner agencies to conduct regional transportation planning, and to engage with the general public and various stakeholders.

Scoping Division

The focuses of the Scoping Division are to develop project purpose and need, define projects, assign appropriate cost shares and secure project agreements. The Scoping Division is involved with high-profile or high-cost projects, as well as with potential economic-development opportunities. This division is responsible for enhanced project scoping, traffic analysis, traffic modeling, maintaining the statewide travel-demand model, major planning studies, Metropolitan Planning Organization (MPO) planning and engineering oversight, competitive grant project-scoping, safety project scoping and Intelligent Transportation Systems (ITS) planning.

Program Development Division

The Program Development Division is responsible for development and publication of MaineDOT's Work Plan (including ongoing candidate management), for development and publication of Maine's Statewide Transportation Improvement Program (STIP), for STIP and TIP amendments and for development of the bureau's Planning Work Program. The division is also responsible for developing and reporting Series 500 (Fuels and FASH) information to FHWA. The division prepares grant applications to exploit funding opportunities, and develops and maintains expertise related to federal planning requirements.

Multimodal Planning Division

The Multimodal Planning Division is responsible for planning and programming of passenger (mass transit and other public) transportation activities and projects. (Planning and programming for multimodal freight are conducted and coordinated through the Freight and Business Services Office.) The division is responsible for preparing program-compliance documentation for the Federal Transit Administration and Federal Aviation Administration, for coordinating with other state agencies with transit-related responsibilities, and for identifying, prioritizing and selecting non-highway-and-bridge projects for the Work Plan. Working with the Bureau of Project Development, the division also co-coordinates funding allocation for non-highway and bridge projects, both passenger and freight related.

PURPOSE:

The Bureau of Project Development's mission is to deliver safe, cost effective, high quality transportation projects and services to Bureau customers on schedule. This entails development of transportation improvement projects from approval of funding through to construction completion, as well as delivery of certain non-project related engineering and technical services.

ORGANIZATION:

The Bureau of Project Development was formed as a result of the Ernst & Whinney Management Study completed in the early 1980's. Its internal organization has evolved over the years to a new unique form that now combines functions into three project delivery Programs: Bridge, Highway, and Multimodal. Each Program is composed of multi-functional project teams each having full responsibility for delivery of a specified collection of projects. The Bureau's organization also includes three support units: Construction Contracts, Property Office and Materials Testing & Exploration. Each of these units provides support for development of projects, but also Department wide assistance and external non-project services appropriate to their expertise.

PROGRAM:

The Department's overall transportation improvement program continues to emphasize improvement of the existing transportation network and facilities. Projects are developed through an inclusive process that is centered on minimizing and avoiding impacts during construction to the surrounding natural environment, to abutting property owners and to the traveling public. Available Federal funding, application of innovative financing and contracting techniques, and the willingness of the Legislature and Maine voters to provide matching dollars, have allowed the Department to make significant improvements to Maine's transportation infrastructure. This past year the Bureau continued high production levels with delivery of many road and bridge improvements as well as other projects that improve facilities for other transportation modes such as marine, air and rail.

PURPOSE:

The Office of the Treasurer of State manages the State's cash and general obligation debt, unclaimed property program, municipal revenue sharing distributions and State held trust investments. The Treasurer also serves on the boards of the Maine Municipal Bond Bank, MaineHousing, Maine Public Employees Retirement System, Finance Authority of Maine, Adaptive Equipment Loan Board, Maine Health and Higher Education Facilities Authority, Maine Governmental Facilities Authority, Maine Board of Emergency Municipal Finance, the Maine Public Utility Financing Bank, Dirigo Health Agency Board of Trustees, Indian Housing Mortgage Insurance Committee, Maine Vaccine Board, and chairs the NextGen College Investing Plan Advisory Committee.

ORGANIZATION:

The Office of the Treasurer of State was established by the Constitution of the State of Maine in 1820 with the Treasurer being elected biennially by both Houses of the Legislature sitting jointly. The Deputy Treasurer of State is designated by law as the chief clerk of the Office of the Treasurer and performs the duties of the Treasurer in the event of a vacancy or other absence.

PROGRAM:

The Office of the Treasurer processes all cash receipt statements from all state departments. In fiscal year 2016, more than 125,805 were processed; more than 607,000 checks were distributed, as well as 665,000 electronic funds transfer vendor payments. Banking services provided to State departments are coordinated by the Treasurer's Office--including deposit access to 38 bank accounts, check stop payments and/or reissues, wire transfer services, and more. Cash flow is monitored. Funds not needed to pay state expenses may be invested through the Treasurer's Cash Pool in obligations of the U.S. Government, repurchase agreements, collateralized deposits, money market mutual funds, corporate bonds, and commercial paper. The Cash Pool includes 112 funds, averaged more than \$883 million in fiscal year 2016, and was managed for safety and liquidity with yield in mind. In fiscal year 2016, the Cash Pool earned more than \$4.49 million in earnings from investments, including more than \$1.39 million to the General Fund.

The Office of the Treasurer of State issues all general obligation notes and bonds of the State. This responsibility includes the preparation of Official Statements, acquisition of credit ratings and the engagement of any auction processes, underwriters and other entities needed to accomplish the issuance. Transaction closing details and money transfers are also managed by the Treasurer, as are debt service payments and distribution requests. At the close of fiscal year 2016 the State of Maine's outstanding general obligation bond principal was \$442.61 million.

Four long-term investments--the Governor Baxter Trust, Lands Reserved Trust, Permanent School Trust and the Several Trust--are managed by the Office of the State Treasurer through contracts with third parties. A trust investment advisory committee led by the Treasurer provides policy advice and authorization for investment transactions. At the close of fiscal year 2016 the value of the trust funds was \$41.9 million.

The Unclaimed Property Program is administered by the Office of the State Treasurer. Nearly \$26.2 million in unclaimed property was identified during FY 2016. A total of 23,893 claims were paid, reuniting citizens with over \$16.1 million of lost property.

The Office of the State Treasurer annually projects and monthly distributes Municipal Revenue Sharing to 492 municipalities and territories. Revenue sharing distributions are based on a portion of the sales tax, corporate tax, and personal income tax revenues. Population, State Valuation, and Tax Assessment

TREASURY DEPARTMENT

statistics are updated annually and used to calculate the pro rata distribution for each municipality. Approximately \$67.4 million was distributed during FY 2016.

M.R.S.A., Sect.: 000000229

PURPOSE:

The University of Maine System is the coordinating, policy, and planning entity for Maine's seven public universities and eight educational outreach centers. In that role, it provides undergraduate, graduate, and professional education in a variety of fields, conducts research and performs public service for the people of the State. The System was established to "develop, maintain, and support a structure of public higher education in the State which will assure the most cohesive system possible for planning, action and service in providing higher education opportunities..." (M.R.S.A., Title 20-A, subsection 10902).

The University of Maine System Board of Trustees is authorized to provide, through its institutions, an organized program of instruction, research, and service and award academic degrees; establish mechanisms for review and approval of system programs; review the current method of distributing state resources in light of distinctive missions, enrollment shifts, program priorities, changing program costs, demographic patterns and emerging needs of the State; review and evaluate existing programs to identify which programs best address future educational and economic priorities of citizens of the State and ensure that the needs of the State's nontraditional students are met in a more equitable manner.

Further, the Board of Trustees is empowered by its charter to appoint a Chancellor of the University System to serve as chief administrative and education officer and, on the nomination of the Chancellor, appoint university Presidents. The Board of Trustees, in consultation with the Chancellor, is the governing and planning body of the university and in addition has responsibility for preparing and approving the operating and capital budgets of the university; support and enhance the system and the mission of the system; provide sound financial management of the system; exercise prudent stewardship of the assets of the system; plan strategies for programs and allocation of resources that most effectively serve the educational needs of the citizens of the State; develop and maintain a strong system of accountability to the public for performance results of the system; visibly advocate higher education as a means to strengthen the economy and communities of the State; and authorize contracts with the State of Maine or any department or agency.

ORGANIZATION:

The 103rd Legislature, recognizing the need for a more cohesive system of public higher education, voted to combine the former State colleges and OPAL (Orono, Portland, Augusta, Law School), into a consolidated University of Maine, with a single Board of Trustees.

The Portland and Augusta branches remained under the Orono university's administrative umbrella at the time of the 1968 merger. In 1970, the State Colleges changed their names to reflect the campuses of the University of Maine System. Portland and Gorham were made a single institution in 1970 and in 1978 the name was changed from University of Maine at Portland/Gorham to the University of Southern Maine.

In 1986, the combined university was renamed the University of Maine System, reflecting its structure as a system of universities operating under a single governance structure. At the same time, the University of Maine at Orono's name was changed back to the University of Maine.

The University System is organized into the following units:

- > Board of Trustees
- > Office of Governance and University Services (centralized statewide operations)
- > University of Maine

BOARD OF TRUSTEES OF THE UNIVERSITY OF MAINE SYSTEM

- > University of Maine at Augusta (Includes University College, which consists of 8 academic outreach centers located around the state)
- > University of Maine at Farmington
- > University of Maine at Presque Isle
- > University of Maine at Fort Kent
- > University of Southern Maine
- > University of Maine at Machias

PROGRAM:

INSTRUCTION. The universities of the University of Maine System offer the associate, baccalaureate, master's, and doctoral degrees plus the certificate for advanced study and the professional degree in law. Academic programs include the arts and sciences, agriculture, forestry, technology, business, education, life sciences, marine sciences, engineering, law, and nursing. Specific responsibilities are assigned to each of the seven universities based on such goals as: 1) assuring a solid core of general studies; 2) building centers of excellence and expertise in specialized fields; and 3) responding to the particular cultural, agricultural, and industrial needs of regions. Fall 2015 enrollment totaled 28,994, including many part-time and adult learners. Maine's seven public universities awarded 5,564 degrees in 2014-2015.

PUBLIC SERVICE. In addition to its instructional programs, the University System uses its university facilities, research capabilities, and faculty talent in direct support of community and individual needs throughout the State. A major example: University of Maine Cooperative Extension, supported by federal, state, and county governments, provides education and information directly to families, farmers, businesses, organizations, communities and individuals. Public service activities are encouraged at each university and include the use of University faculty in elementary and secondary schools, direct aid by faculty experts to business and industry, the application of new research technologies, and the communication of information of importance to the citizens of Maine.

RESEARCH. The research mission of the University System includes expanding faculty skills and teaching competence, increasing knowledge of Maine resources and improving their practical use, and assisting the state and regional economies. Research is encouraged at all universities but is emphasized more at the University of Maine and the University of Southern Maine, which have been designated major centers for basic and applied research within the System. Contributions have been particularly strong in pulp and paper technology, forestry, engineering, law, applied science, public policy, and quaternary studies. University research unquestionably has benefited Maine's business, natural resources and government. State investment in research results in additional federal and private grants and creates additional jobs in Maine.

PURPOSE:

The Maine Charter School Commission was created by Public Law 2011, chapter 414, to authorize and monitor up to ten public charter schools in Maine. The statute provides guidance on the content of applications that must be filed by charter school founders.

The Maine Charter School Commission has adopted:

Chapter 1: Commission Organization and Operation, which describes the organization and operation of the Commission. Effective date: June 16, 2013 - filing 2013-129.

Chapter 2: Procedures for Commission Authorization of Public Charter Schools. This rule sets forth the process by which the Maine Charter School Commission solicits, accepts and reviews applications for the formation of public charter schools. The rule also sets forth the performance indicators that will be used as the performance framework for any approved application and minimum requirements for a sound charter contract in the monitoring and compliance of the contracted public charter schools. Effective date: June 16, 2013 - filing 2013-130.

Chapter 3: This rule sets forth the process by which the Maine Charter School Commission decides whether to renew the charter of a public charter school according to Maine Revised Statutes Title 20-A, Chapter 112, §2411, Charter Term and Renewal. Effective date: June 23, 2014 - filing 2014-120.

ORGANIZATION:

The Maine Charter School Commission originated in October 2011. The Commission consists of seven members appointed by the State Board of Education for 3-year terms. Three members must be members of the State Board, and these three members shall nominate the other four members who must be approved by a majority vote of the State Board.

PROGRAM:

In addition to fulfilling its statutory obligations, the Maine Charter School Commission provides information to organizers of proposed public charter schools.

PURPOSE:

The State Board of Education is authorized to act in an advisory capacity to the Commissioner of Education in matters concerning state laws relating to education. In addition, the Board is delegated specific powers to make recommendations to the Legislature for the efficient conduct of the public schools; to approve the formation of School Administrative Districts; to approve the formation of Community School Districts; to grant permission for administrative units to enter into agreements for cooperative educational purposes; to act upon articles of agreement for creation of an Interstate School District; to develop and adopt a plan for the establishment of career and technical education centers; to approve standards for school construction; to approve school construction projects for State aid; to work as a partner with the Department of Education regarding the Essential Programs and Services school finance process; to obtain information regarding applications for granting degrees; to accredit programs at institutions of higher education that train educators; to set the standards for educator's certification, authorization, and approval; to approve applications for out-of-state institutions who wish to offer degree granting programs in Maine; to review the applications for initial degree granting and make recommendations to the Legislature; participates in the State Authorization Reciprocity Agreement (SARA) through the New England Board of Higher Education; serves as the State agency for administering Carl Perkins Federal funds; reviews student transfers requested by a parent or superintendent dissatisfied with the decision of the Commissioner of Education. The State Board of Education also appoints three members to the Maine State Charter School Commission and interviews and approves the four members at large. As part of its on-going activities, the Board monitors the work of the Commission and reviews its annual monitoring reports of authorized charter schools.

ORGANIZATION:

The State Board of Education originated in 1846 as the Board of Education, consisting of one member from each county of the State. The Board was abolished in 1850 and recreated in 1869 as the State Board of Education, with a membership comprising the Superintendent of Common Schools (established 1854) and County Supervisors of Public Schools (established 1869). In 1872, the Board was again abolished along with the county supervisors, and its functions shifted to the superintendent who, in 1923, was designated Commissioner of Education. The Department of Education was created in 1931 in a major State Government reorganization. However, it was not until 1949 that the State Board of Education was reestablished, this time consisting of ten members, five of whom were appointed by various interests in the State and five appointed by the Governor. At this point, the Board was delegated great authority over education activities of the State, including appointment of the Commissioner of Education and personnel of the department. In 1957, authority to appoint all ten members of the Board was transferred to the Governor with the advice and consent of the Board. Effective July 1, 1972, the State Board of Education was changed to consist of 9 members. Since January 1, 1977, the Governor appoints members for five year terms subject to review by the Joint Standing Committee on Education and Cultural Affairs and to confirmation by the Legislature. In 2007, the Legislature passed LD 151, Public Law 2007, chapter 200, allowing student representation on the State Board of Education. As a result, in 2008 the Board's membership expanded from nine to eleven as it added two high school students (non-voting) who are also appointed by the governor.

PROGRAM:

In addition to fulfilling its statutory obligations, the State Board continues to lead Maine's effort to establish results-based initial teacher certification program; plays a leadership role in policy development and implementation of

PURPOSE:

The Clean-up and Response Fund Review Board was created for the purposes of hearing appeals from insurance claims-related decisions by the Commissioner of the Department of Environmental Protection, adopting rules, monitoring funds, and ensuring the solvency of certain designated funds for groundwater oil clean-up.

ORGANIZATION:

The Clean-up and Response Fund Review Board is a fourteen member board. The Governor appoints eight members as follows: two persons representing the petroleum industry, one of whom is nominated by the Maine Energy Marketers Association (MEMA), four members of the public, two of whom having expertise in biological science, earth science, engineering, insurance or law who are not employed in the petroleum industry and who do not have a direct and substantial financial interest in the petroleum industry; two members who have expertise in oil storage facility design and installation, oil spill remediation or environmental engineering; one member representing marine fisheries interests appointed by the President of the Senate; one member familiar with oil spill technology appointed by the Speaker of the House of Representatives; one member with expertise in coastal geology, fisheries biology or coastal wildlife habitat appointed by the President of the Senate; and one member who is a licensed state pilot or a licensed merchant marine officer appointed by the Speaker of the House of Representatives. Also serving on the board is the Commissioner of the Department of Environmental Protection, or the Commissioner's designee, and the State Fire Marshal or the Fire Marshal's designee.

PROGRAM:

The Clean-up and Response Fund Review Board is responsible for a number of activities, including: (1) hearing appeals from Maine Ground and Surface Waters Clean-up and Response Fund insurance claims-related decisions by the Commissioner of the Department of Environmental Protection or the State Fire Marshal; (2) adopting rules establishing criteria for determining substantial compliance for above-ground oil storage facilities; and (3) monitoring income and disbursements from the Maine Ground and Surface Waters Clean-up and Response Fund and adjusting fees as required to avoid a shortfall in the Fund. The board, at such times and in such amounts as it determines necessary, shall direct the transfer of funds from the Underground Oil Storage Replacement Fund to the Maine Ground and Surface

PURPOSE:

The purpose of the Maine Health Data Organization (MHDO), as defined in Title 22, chapter 1683, is to create and maintain a useful, objective, reliable, and comprehensive health information database that is used to improve the health care quality for Maine people and to promote transparency of the cost and quality of healthcare in the State in conjunction with the Maine Quality Forum through a publically accessible website.

ORGANIZATION:

The MHDO was created in 1996 as an independent executive agency to maintain and expand the health information database of its predecessor agency, the Maine Health Care Finance Commission. The MHDO has implemented rules and internal policies and procedures for the collection, processing, storage, data release and analysis of claims data, hospital inpatient and outpatient encounter data, hospital financial, restructuring and healthcare quality data. The organization exercises responsible stewardship specific to the security and privacy of the data when making the information accessible to the public.

The MHDO is governed by a Board of Directors as defined in Title 22, chapter 1683, section 8703: one member is an employee of the Department of Human Services and one member is a representative of Dirigo Health; four members represent consumers; three members represent employers, with one being a representative of a health management coalition, and one a representative of a statewide chamber of commerce; two members represent third-party payers; nine members represent providers (two represent hospitals, two represent physicians, one represents chiropractic services, one represents pharmacists, one represents federally qualified health centers, one represents a home health care organization, and one represents mental health organizations). One member is an employee of the Department of Professional and Financial Regulation and serves in a nonvoting, consultative capacity.

PROGRAM:

MHDO created the nation's first All Payer Claims Database (APCD), which is a database of medical, dental, and pharmacy claims that are sent to the MHDO from commercial health insurance carriers, Third Party Administrators (TPA), Pharmacy Benefit Managers (PBM), as well as Medicare and Medicaid. There are over 50 commercial payers and two public payers' currently submitting data to the MHDO. The collection of hospital inpatient data since 1980 makes MHDO's hospital inpatient database one of the most useful in the country for the study of long-term trends in disease and utilization patterns. MHDO has been collecting hospital outpatient (including emergency department) data since 1992. MHDO also collects hospital quality, financial and organizational data.

The MHDO makes data publically available and accessible to the broadest extent consistent with the laws protecting individual privacy, and proprietary information. Acceptable uses of MHDO Data include, but are not limited to, study of health care costs, utilization, and outcomes; benchmarking; quality analysis; longitudinal research; other research; and administrative or planning purposes.

INDEPENDENT AGENCIES - REGULATORY

In fiscal year 2016, the MHDO released its new and improved health care cost and quality website, www.comparemaine.org. This website provides cost and quality information for over 200 common healthcare procedures broken down by healthcare facilities and the top 5 health plans in the state.

The MHDO meets on a regular basis with several Stakeholder groups as a way to improve external communications with data users, payers, hospitals and consumers. The user groups provide the Agency with feedback that helps guide the Agency in its work. Information regarding the users groups can be found on the MHDO website at: <https://mhdo.maine.gov> under Data User Groups.

PURPOSE:

The board's mission is to serve the employees and employers of the State fairly and expeditiously by ensuring compliance with the workers' compensation laws, ensuring the prompt delivery of benefits legally due, promoting the prevention of disputes, utilizing dispute resolution to reduce litigation and facilitating labor-management cooperation.

ORGANIZATION:

Policy is established by a seven-member board having three labor representatives, three management representatives and an Executive Director who is Chair of the Board. The Governor appoints the labor members from nominees submitted by the AFL-CIO and the management members nominated by the Maine Chamber of Commerce and Industry. The Governor also appoints the Executive Director who serves at the pleasure of the Governor. These appointments are subject to review by the Joint Standing Committee on Labor, Commerce, Research and Economic Development with confirmation by the Legislature.

INDEPENDENT AGENCIES - REGULATORY

The agency is administered by an Executive Director. Regional Offices are located in Augusta, Bangor, Caribou, Lewiston and Portland. A central office is in Augusta. Mediation and formal hearings are conducted at these and other offices. Some hearings are held at locations closer to the residence of the injured worker. The 118th Legislature, 1st Regular Session, enacted legislation providing for a Worker Advocate Program to assist unrepresented employees through the mediation and formal hearing phases of dispute resolution. The legislation also provides for a Monitoring, Audit and Enforcement (MAE) Program to track and regulate compliance with the statute by carriers and self-insurers. These programs continue to have a very positive impact on the system.

PROGRAM:

The board exists to prevent and resolve disputes between employers and employees over work-related injuries since timely, fair and efficient resolution of disputes enhances Maine workplaces for all Maine's people and to ensure compliance with the Workers' Compensation laws. To ensure the efficient implementation of the Workers' Compensation Act, the board is engaged in the promulgation of rules; the resolution of disputes through formal and informal means; the monitoring of payments to injured workers; the monitoring and enforcement of insurance coverage; the supervision of medical protocols, utilization review, medical fee schedules and enforcement guidelines; the implementation of an independent medical examiner system; the investigation and prosecution of complaints of fraud and misrepresentation. The objectives are accomplished through the dispute resolution process, the Worker Advocate Program, the MAE Program, the Abuse Investigation Unit and support staff.

The board meets on a monthly basis to set policy pursuant to the mandates of the Act. The board has three standing subcommittees: Budget, Personnel and Independent Medical Examiners (IME). The Budget Subcommittee considers all budgetary matters, performance budgeting and determines the assessment. The Personnel Subcommittee maintains the table of organization and prepares personnel policy. The IME Committee deals with the implementation of the Independent Medical Examiner Program. The board has adopted standard operating procedures for all levels of dispute resolution that have eliminated backlogs and significantly reduced the length of time a case is in the system. The board requires the use of electronic data interchange (EDI) for filing of mandatory documents including First Reports of Injury and Notices of Controversy. Interpreter services are provided by the board at its expense. Notification of the availability of services is clearly displayed in all regional offices and is printed in an employee pamphlet.

The board approved the establishment of the MAE Program as mandated under P.L. 1997, chapter 486. The goals of the MAE Program are as follows: (1) to provide the board, Legislature and Governor with timely and reliable data; (2) to monitor and audit payment and filing requirements; (3) to detect those insurers, self-insurers and third-party administrators that are not in compliance; and (4) to ensure that all filing and compliance obligations under the Act are met. MAE reports are issued quarterly and annually. The board's information technology projects include: board system rewrite; Dynamic Host Configuration Protocol (DHCP) routing; late filed forms tracking; advocate case management module; abuse unit module; electronic data submission; Notice of Controversy (NOC)/Memorandum of Payment (MOP) measurement; web based Administrative Law Judge (ALJ) decision repository; ad-hoc reporting and infrastructure upgrade/maintenance.

Worker Advocate Division

The Worker Advocate Division was created by statute and charged with providing legal counsel to qualified injured workers who do not have private representation. Over the years, the Division has consistently represented about 30% of all injured employees pursuing claims before the Workers' Compensation Board. In 2015, the Division opened 1,320 cases, closed another 1,267 cases and represented injured workers at 995 mediations, 133 formal hearings, and lump-sum settled 142 claims. The progress of the Advocate Division can be seen in the chart below.

Abuse Investigation Unit

The Abuse Investigation Unit (AIU) performs regulatory enforcement under the Maine Workers' Compensation Act. AIU investigates complaints regarding fraud, illegal or improper conduct and violations of the Act relating to workers' compensation insurance, benefits or programs. Investigations and cases can involve employers, employees and insurers. The Unit consists of six (6) professional staff members and the Board's Deputy General Counsel.

The AIU's enforcement efforts focus on the Act's coverage provisions requiring employers to have workers' compensation insurance for their employees. Coverage cases can include situations of employee misclassification—when workers are improperly treated as independent contractors instead of employees. In 2015, the AIU resolved 1,516 alleged no coverage cases. Maine law provides AIU enforcement tools including civil penalties, suspension of licenses and other authorizations to conduct business issued by the state or local government, and in serious cases, referral to the Attorney General's Office for criminal prosecution.

The Abuse Unit is also responsible for assessing penalties regarding failure to file or late-filing of required forms and administering proceedings for violation of the Act's payment provisions. In 2015, the AIU issued orders for 613 complaints for late filed First Reports. The AIU coordinates its work with the Board's Coverage Division and Monitoring, Audit and Enforcement Program.

Insurance Coverage Unit and Predetermination of Independent Contractors

Electronic Data Interchange (EDI) has been implemented for the filing of insurance coverage data. The coverage unit monitors the workers' compensation insurance coverage of employers, and reviews requests to waive coverage requirements and applications to be considered an independent contractor.

Office of Medical/Rehabilitation Services

Vocational Rehabilitation: In 2015, the Board received 52 applications for evaluation of suitability for vocational rehabilitation. All 52 applications were filed by injured workers.

Independent Medical Examiner System: Currently, the Board has 25 Independent Medical Examiners. In 2015, there were 500 requests for independent medical exams. Of the 500 requests, 383 were from injured workers, 93 from employers/insurers, 1 from an Administrative Law Judge, and 23 by agreement of the parties.

Office of Monitoring, Audit and Enforcement

The MAE Program continues to have a significant impact on compliance in the State of Maine through its monitoring and auditing efforts. A strong effort has been made to increase education and training of insurers. The 2015 Annual Compliance Report continues to show positive performance in First Report of Injury filings, initial indemnity payments, initial Memorandum of Payment filings, and initial indemnity Notice of Controversy filings (see table below).

In 2015, 10 audits of employers/insurers were completed with penalties totaling \$34,970.00. In addition, the MAE program completed 26 employee misclassification audits during 2015. These audits covered 95 employees, \$1,095,774.41 in payroll, \$1,087,468.00 in "subcontractor" wages shown on 1099's and resulted in \$1,407,187.52 in potentially misclassified wages, which may result in \$93,885.92 in unpaid workers' compensation premiums.

PURPOSE:

The Allagash Wilderness Waterway Advisory Council, working with the waterway manager, develops and maintains the plan that advances the mission and goals of the waterway.

ORGANIZATION:

The council consists of 7 members, 6 appointed by the Governor and 1 appointed by the Northeast Regional Director of the National Park Service. Members annually elect a chair from among the 7 members and serve terms of 5 years and not more than 2 terms. The Department of Agriculture, Conservation and Forestry administers the Allagash Wilderness Waterway as a separate region within the Bureau of Parks and Lands.

PROGRAM:

The Allagash Wilderness Waterway Advisory Council provides advice to the manager of the waterway and the Director of the Bureau of Parks & Lands. An endowment fund supports capital acquisitions and improvements, historic, cultural, and educational programs and facilities. The Advisory Council reports to the Director of the Bureau of Parks and Lands regarding the state of the waterway.

The Council's efforts focus on understanding Allagash Wilderness Waterway (AWW) statutes, future projects, rule changes, stabilization/restoration of historic structures, the location of snowmobile trails, and tramway visitations by trail. At each meeting the AWW superintendent reports on past and planned activities. The Council guides the waterway manager and his operating team in offering a user friendly recreation experience for all visitors during all seasons.

PURPOSE:

Administration of the Deferred Compensation Plan (the Plan) for the State is the responsibility of the Bureau of Human Resources, Division of Employee Health and Benefits staff within the Department of Administrative and Financial Services. The Advisory Council on Tax-deferred Arrangements was established to work with the Plan providers, Plan participants, and potential participants. The Council is a Labor/Management group made up of 12 members consisting of 6 from MSEA, 1 from the MSLEA, 1 from the MSTA, 1 from AFSCME, and 3 management members. One representative each from Labor and Management serve as co-chairs of the Council, each with one vote on behalf of labor and management members. Goals of the Council include keeping the Plan document and the vendor contracts up to date, maintaining a reasonable investment policy, and increasing the Plan participation. Towards these goals, Buck Consultants, an actuarial and human resource consulting firm, serves as an investment performance, plan operations and educational advisor.

INDEPENDENT AGENCIES - ADVISORY

ORGANIZATION:

The original Plan Council was established in 1973, however, subsequent legislation created the Advisory Council on Tax-deferred Arrangements. Members include the Commissioner of Administrative and Financial Services, or the Commissioner's designee, as Chair; the Insurance Superintendent and the Superintendent of Financial Institutions or their designees; and nine labor employees recommended to the Governor by their particular labor unions as follows: six from Maine State Employees Association (MSEA), one from the Maine State Law Enforcement Association (MSLEA), one from American Federation of State, County and Municipal Employees (AFSCME), and one from the Maine State Troopers Association (MSTA). Employee representatives are nominated by their respective unions and appointed by the Governor for terms of 3 years. The Council meets as needed, but at least four times during a calendar year.

PROGRAM:

The Deferred Compensation Plan for Employees of the State of Maine is a voluntary supplemental retirement plan under Internal Revenue Code section 457(b). Enrollment in the Plan is open at all times to permanent State employees. The Plan provides employees a vehicle to defer income on a pre-tax basis and provides retirement investment opportunities through 3 financial service organizations, MassMutual, VOYA Financial and VALIC. The Council retains Buck Consultants, an actuarial and human resource consulting firm, to assist with plan operations and investment oversight. They are charged with negotiating provider fees, recommending appropriate plan investment options, assisting with communication efforts, and advising the Council in plan compliance issues.

Three financial service organizations (FSOs) offer services to eligible employees: VOYA, MassMutual, and VALIC.

PURPOSE:

The Domestic Abuse Homicide Review Panel was established in 1997 to review the deaths of persons who are killed by family or household members. Most Panel members have experience in providing services to victims of domestic abuse. The Panel meets monthly to review completed Maine homicide cases for the purpose of making system-based observations and recommendations for a biennial report. These observations and recommendations are directed to State and local agencies and include identification of system gaps, legislative and rule changes as well as policy and procedural changes.

ORGANIZATION:

The Panel is an all volunteer, multidisciplinary group of individuals who attend monthly meetings to review cases with the purpose of making system-based observations and recommendations for the biennial report. Membership on the panel is set forth in 19-A MRSA, section 4013(4)(A). The Panel is housed within the Office of the Attorney General.

PROGRAM:

The Panel reviews the deaths of persons killed as a result of domestic abuse homicides. These monthly reviews generate data which is collected and compiled relative to domestic abuse homicides. Additionally, the Panel issues a report biennially that reflects the case reviews and makes specific recommendations and observations for systems changes that may save lives.

PURPOSE:

Government entities provide a wide variety of services to its constituency. From time to time, some of those functions may adversely affect private enterprise. The 119th Legislature created the Advisory Committee on Fair Competition with Private Enterprise to review complaints where competition with private enterprise is potentially unfair. The 121st Maine Legislature expanded the Advisory committee's duties in Title 5, section 55-A. These responsibilities are to approve services and goods provided by State agencies that are not otherwise allowed by law, and may compete with private enterprise.

ORGANIZATION:

The Advisory Committee consists of members appointed from government agencies, private sector representatives and members of the public who meet to review complaints on government competition with private enterprise. The Commissioner of the Department of Administrative and Financial Services, or their designee,

INDEPENDENT AGENCIES - ADVISORY

serves as the Committee Chair. The Committee meets as necessary but is required by statute to meet at least once a year.

PROGRAM:

Complaint forms are available for businesses to complete about potentially unfair competition. Once submitted to the Committee, notification of the complaint is forwarded to the government agency identified in the complaint to obtain additional information.

The Committee reviews this information and allows direct presentation by the person(s) making the complaint and the government agency. The presentations are limited to factual information by any number of persons. The Committee may follow up with questions to any of the individuals.

The Committee makes, when appropriate, recommendations to the Maine State Legislature and Governor based upon its review of a complaint. The Advisory Committee has also developed a request form for agencies to use in seeking approval for services and goods to be provided by State agencies that are not otherwise allowed by law, and may compete with private enterprise. It has also developed a process for evaluating these requests.

An annual report of the Committee's activities is available upon request.

of historical records.

ORGANIZATION:

The Maine Historical Records Advisory Board provides advice for state historical records projects and makes funding recommendations to the National Historical Publication and Records Commission.

The MHRAB consists of between seven and eleven members, appointed by the Governor for three years, with renewable terms. The majority of the members shall have experience in the administration of historical records, or in a field of research or activity which makes extensive use of historical records. The State Archivist and the Director of the Maine Historical Society shall be members, and, as required by NHPRC regulation, one of them is appointed by the Governor to act as MHRAB State Coordinator serving a renewable four-year term.

The Maine State Archives serves as fiscal agent for the MHRAB. Board members serve without compensation.

PROGRAM:

The Maine Historical Records Advisory Board applies for grants from the National Historical Publication and Records Commission to provide grants to Maine repositories to preserve and provide access to valued historical records. Grants are awarded to archives, historical societies, libraries, museums and others. The MHRAB also reviews and makes recommendations regarding Maine grant proposals to the NHPRC.

Telephone: (207) 774-2722

PURPOSE:

The Statewide Homeless Council was established in 2005, replacing the Interagency Task Force on Homelessness and Housing Opportunities. The authorizing legislation was amended in 2008 to expand the council's advisory role and to add additional members to the council.

The purpose of the council is to serve as an advisory committee to the Maine State Housing Authority, the Governor, the Legislature, the Maine Department of Health and Human Services (DHHS) and the Maine Department of Corrections (DOC) on homeless matters. The council is charged with providing leadership to end homelessness and providing support to the regional homeless councils; educating people on homeless issues; serving as coordinator of information; assessing statewide needs; identifying potential resources; providing assistance to people who are homeless by identifying resources and improving access to them; and reviewing, monitoring and implementing plans to end homelessness.

ORGANIZATION:

The council consists of 14 members. The Governor appoints six members, two from each of the state's three regional homeless councils, based on nomination provided by the three councils. The director of the Maine State Housing Authority is a member. Three members are appointed jointly by the President of the Senate and the Speaker of the House, one from each of the three homeless councils. The Commissioners of DHHS and DOC and the Director of the Bureau of Maine Veterans' Services or their designees, are also members. The chair of the council is a

Reference: Policy Area: 06 *Umbrella:* 92 *Unit:* 636 *Citation:* T0037B *M.R.S.A., Sect.:* 000000708

PURPOSE:

The Homeland Security Advisory Council advises the Governor on all matters related to Homeland Security, including terrorism and bio-terrorism issues. The Council provides a forum for the top officials in the State to collaborate, share essential information, and develop a unified strategy to address Homeland Security issues in Maine.

ORGANIZATION:

The Maine Homeland Security Advisory Council (HSAC) was established by Executive Order of the Governor in the summer of 2005. The HSAC was later formally adopted by the Maine State Legislature in the spring of 2006. Membership of the Council was expanded by statute in 2011. Statutory reference is 37-B MRSA §708.

The HSAC is comprised of nine members including the Director of Maine Emergency Management Agency; the Commissioner of Defense, Veterans, and Emergency Management; the Commissioner of Public Safety; the Director of the Maine Center for Disease Control and Prevention within the Department of Health and Human Services; the Chief of the State Police within the Department of Public Safety; a representative of the Governor; the Commissioner of Inland Fisheries and Wildlife; the Commissioner of Marine Resources; and, the Commissioner of Agriculture, Conservation and Forestry.

PROGRAM:

The HSAC meets regularly to complete the functions identified above as well as to assist in determining spending priorities for federal homeland security grants.

The Maine Emergency Management Agency coordinates the State Homeland Security Advisory Council (HSAC) under the chairmanship of The Adjutant General, who is also the Governor's Homeland Security Advisor (HSA). The HSAC brings together law enforcement, public health, and other safety and security officials from State departments as well as Federal offices operating in Maine, to share information and brief on emerging Homeland Security issues.

PURPOSE:

To help displaced homemakers and other disadvantaged individuals achieve success in the Maine economy by providing training and individual support that leads to employment, self-employment, access to higher education, asset and leadership development.

ORGANIZATION:

New Ventures Maine, formerly known as Maine Centers for Women, Work, and Community operates through the University of Maine System, University of Maine Augusta. A statewide Advisory Council, appointed by the Governor, supports the work of program staff.

PROGRAM:

In fiscal year 2016, New Ventures Maine (NVME), formerly known as Maine Centers for Women, Work, and Community (MCWWC) continued to offer a full range of employability, life skills, and self-employment services through a toll-free resource phone line, eight regional Resource Centers, and six regional offices and community-based outreach sites and through distance learning platforms.

NVME served a total of 1,108 individuals (75% female and 25% male) through workforce, entrepreneurship, or financial literacy training courses and workshops; individual technical assistance and/or information and referral services; placement assistance; and follow up services. Linkages with employers continued to focus on non-traditional and technical occupations through career pathways workshops and panels, while partnerships with other education and training providers continued to play a significant role in expanding access to postsecondary education for adult learners.

The program worked cooperatively with a wide range of human service, education and training, employment, economic and business development and advocacy organizations at all levels. Partners included the Departments of Education, Labor, Human Services, Transportation, Economic and Community Development, the University of Maine System including the Maine Small Business Development Centers and the Community College System; Community Action Agencies, United Ways, CA\$H Maine and local and statewide financial institutions among others.

Reference: *Policy Area:* 04 *Umbrella:* 92 *Unit:* 593 *Citation:* T0037B *M.R.S.A., Sect.:* 000001131

PURPOSE:

The River Flow Advisory Commission was established in statute in 1997, having existed as an "ad hoc" organization since the early 1980s. Its purpose is to act as a technical advisory commission to the Department of Defense, Veterans and Emergency Management and the Governor on matters of stream flow, and to facilitate information flow among all public and private parties with an interest in hydrologic issues. The Maine Emergency Management Agency carries out the planning and preparedness activities for the Commission.

ORGANIZATION:

The Commission is composed of at minimum 15 members. The Director of the Maine Emergency Management Agency serves as the co-chair. The District Chief of the USGS Maine Water Science Center. Other members include the State Geologist, the Commissioners of Agriculture, Conservation and Forestry, Inland Fisheries and Wildlife, Health and Human Services and Marine Resources or their designees, the Meteorologists in Charge of the National Weather Service Forecast Offices in Maine, representatives from private commerce and industry including major hydroelectric power producers, the director of the George J. Mitchell Center for Environmental and Watershed Research at the University of Maine, and a representative of the public appointed by the Governor.

PROGRAM:

The Commission meets at least annually to discuss and issue an advisory statement on the potential for major river flooding due to hydrologic conditions prior to the spring snowmelt and runoff. The Commission has the power and duty to advise the Governor and the department on issues of flow in State rivers and streams, assist in communication of river flow data between dam operators, river basin managers, state agencies and federal agencies, and administer the State's cooperative hydrologic monitoring program in cooperation with the USGS.

The State's Drought Task Force (DTF) is an extension of the River Flow Advisory Commission and assists in monitoring, coordinating, and managing responses to droughts and recommends actions to minimize impacts to public health, safety, the environment and agriculture. The DTF convened for the first time since 2002 in August 2016 because severe drought conditions were reported in some areas of the State of Maine. The DTF will meet monthly until there is no longer a drought concern in Maine.

Telephone: (207) 273-5300

PURPOSE:

The Board of Visitors is an oversight and advisory committee of citizens appointed by the Governor of the State of Maine to represent the interests of the people of Maine in prison matters.

ORGANIZATION:

The five-person board is approved by the Governor for a term of one year and shall be eligible for reappointment. Chosen for their varied orientations, interests, and experience in corrections and rehabilitation issues, board members attend to questions and concerns about public safety and security, prison staff safety and well-being, inmate health and safety, prison industries and programs.

PROGRAM:

Through prisoner meetings, written correspondence or phone, the Maine State Prison Board of Visitors works to identify and discuss issues such as inmate mail, grievances, advocacy, good time policies, recreational and educational programs, scheduling and funding, high risk and mental health units, and issues concerning prisoner benefits in order to help ensure that concerns are heard. The board may conference with the Commissioner or Associate Commissioner of Corrections and with the Department Counsel to discuss issues that may be of importance during the year. The board meets with program staff from many areas to discuss their specific areas of operation and help to ensure their concerns are being heard. The board also feels that it is important to tour areas of the Maine State Prison and Bolduc Correctional Facility to allow for a better understanding of the management of these complex facilities and also to discuss issues that may arise at the community level.

Routinely the board meets with the Warden and Senior Staff of the Maine State Prison to discuss current issues and concerns and identify, when appropriate, ways the Board can be of support and assistance in the effective operation of the Maine State Prison.

Telephone: (207) 287-2724
M.R.S.A., Sect.: 000000401
Legislative Count: 10.00

PURPOSE:

The Maine Arts Commission was established by the Legislature to encourage and stimulate public interest and participation in the cultural heritage and cultural programs of our state; to expand the state's cultural resources; and to encourage and assist freedom of artistic expression for the well-being of the arts, to meet the needs and aspirations of persons in all parts of the state.

ORGANIZATION:

The Maine Arts Commission, an independent state agency, is governed by a board appointed by the Governor for their interest in the arts and related fields. The Maine Arts Commission works to advance the arts by supplying services and results-oriented funding to artists, arts organizations, communities and schools, and providing helpful resources about the arts to the general public.

The Commission's priorities are established by its five-year cultural plan: Fortifying Maine's Creativity & Culture 2015-2020. The five strategic priorities of this plan are: attracting and leveraging greater investment in Maine's arts, culture, and creative economy; increasing awareness of creative opportunities and their value to communities and local economies; fostering PK-12 arts education and lifelong-learning programs; increasing synergies between culture and tourism; and building the agency's capacity to match planned growth.

In implementing these priorities, the Maine Arts Commission will look for evidence that the public is a clear beneficiary; that available resources are being leveraged to ensure success, sustainability and commitment; and that the local capacity to carry on the work begun becomes greater as a result of these efforts.

PROGRAM:

CULTURAL PLAN: In July 2015, the Commission adopted its new five-year cultural plan: Fortifying Maine's Creativity & Culture 2015-2020. The Commission is in the process of implementing its five strategic priorities (listed above), including the launch of ArtsEngageME, a nonprofit statewide cultural and support network.

CREATIVE COMMUNITIES = ECONOMIC DEVELOPMENT: Encourages cultural, economic and governmental sectors to work together to effect community revitalization. Cultural planning grants of \$10,000 each, Phase I of the CC=ED process, were awarded to Waterville Main Street and LA Arts Lewiston/Auburn.

CONGRESSIONAL ART COMPETITION: Connects student artists with congressional representatives by collecting high school student artwork from each district. The work is hung for one year in the US Capitol.

EXCELLENCE IN MAINE VISUAL AND PERFORMING ARTS EDUCATION: Utilizes the State Capitol Complex to exhibit exemplary two-dimensional K-12 student visual art and to promote K-12 exemplars in performing arts.

POETRY OUT LOUD: Encourages the nation's youth to learn about great poetry through memorization and performance as a part of a national contest.

ARTS LEARNING GRANTS AND TEACHING ARTIST ROSTER: Assists schools, arts organizations/institutions, and community-based teaching artists on the design and delivery of high-quality K-12 arts learning experiences. Funding totaled \$27,700.

MAINE ARTS LEADERSHIP INITIATIVE: is committed to the development of teacher leaders to ensure deep understanding and meaningful implementation of high quality teaching, learning, and assessment in the arts.

TICKET TO RIDE: Provides funds to defray the cost of travel for K-12 schools wishing to visit arts-based venues and events.

ART IN THE CAPITOL: Provides exhibitions highlighting artist's work in venues throughout the Capitol Complex.

INDIVIDUAL ARTIST FELLOWSHIPS: Awards seven fellowships annually in visual arts,

PURPOSE:

The Baxter State Park Authority was established to operate and maintain Baxter State Park for the use and enjoyment of the people of Maine in accordance with the wishes of its donor, former Governor Percival P. Baxter, that this park "...shall forever be retained and used for state forest, public park and public recreational purposes...shall forever be kept and remain in the natural wild state...shall forever be kept and remain as a sanctuary for beasts and birds."

The primary responsibilities of the Authority are to protect the wildlife, fauna and flora within the park for the enjoyment of present and future generations; to operate and maintain various hiking trails, campgrounds, campsites and rustic log cabins within the 209,644 acre Park; to conduct exemplary forest management operations on the 29,537 acre Scientific Forest Management Area; to receive and expend monies from the trusts and other income for the maintenance and operation

INDEPENDENT AGENCIES - OTHER

of the park; to acquire additional land for the park as authorized by law; to establish rules and regulations as necessary for the protection and safety of the public; and to exercise police supervision over the park.

ORGANIZATION:

Baxter State Park is the result of a dream of former Governor Percival P. Baxter who donated the first parcel of land in 1931 and over the years added various parcels until his final acquisition in 1962 brought the Park's area to 201,018 acres. Since then, the Authority has purchased and been gifted additional lands bringing the Park to its current size of 209,644 acres. In addition to the various gifts of land, Governor Baxter also left two sizable trust funds to carry out the operation and maintenance of the park without the need of state funding.

While Baxter State Park bears the name "State", it is separately administered, free from any connection with the larger state park system (Department of Agriculture, Conservation and Forestry (formerly Department of Conservation)). The Baxter State Park Authority, a three person authority consisting of the Maine Attorney General, the Director of Maine Forest Service and the Commissioner of Inland Fisheries and Wildlife, has full power in the control and management of the park and in the exercise of all Trust obligations. Responsibility for the operation and management of Baxter State Park is delegated from the Baxter State Park Authority to the Park Director who supervises: Chief Ranger (Operations); Resource Manager (Scientific Forest Management); Park Naturalist (Information and Education); and the Business Manager.

Approximately 35% of the cost of park operations is financed from a combination of use fees, entrance fees and wood products revenues with the remaining 65% provided by revenues from trusts established by Percival Baxter in 1945 and again through his will after his death in 1969 to provide funds for the care and maintenance of Baxter State Park.

PROGRAM:

Both the forever wild and forest management portions of Baxter State Park are managed according to the wishes of the donor, Percival Baxter, as expressed in the Trust Deed Communications. As a large wilderness area, Baxter State Park faces many issues unique to the management of such an area. In all policy issues, the preservation and protection of Park resources is considered above recreational needs. The process of policy and decision making of the Authority is assisted by Park staff and several Advisory Committees.

Within the 209,644 acres of the Park are ten campgrounds and numerous out-lying sites providing an overnight capacity of slightly over 1,000 campers with a seasonal capacity of 145,000. All campground and many day-use facilities include disability friendly sites. During peak summer use months of July and August, the Park is often filled to capacity. The seasonal average use over the six months from May 15 to October 15 is usually around 50% of capacity.

LICENSES:

- * Non-resident fishing licenses.
- * Entrance Permits for day use, overnight use, and seasonal use.
- * Advance reservations for all overnight facilities in the Baxter State Park.
- * Permits to allow individuals to carry out research activities and media production activities.
- * Award of Certificates of Appreciation for Park volunteers.
- * Contracts for the following services:
 1. Rubbish Removal, Septic and Janitorial.
 2. Fuel.
 3. Road Maintenance.
 4. Firewood Bundle Preparations.
 5. Various Forest Management Operations.
 6. Maine Appalachian Trail Club and Maine Conservation Corp.

PURPOSE:

The Maine Biomedical Research Board was established to promote economic development and jobs in the State primarily by making state investments in organizations with successful results in attracting biomedical research funds from specified grant sources. As a secondary purpose, the Maine Biomedical Research Program is intended to provide incentives for small eligible institutions to grow. The program shall disburse program funds from the Maine Biomedical Research Fund to eligible institutions. An eligible institution receiving program funds under this program may use those funds for any of the following purposes: project funding; facilities funding, including debt service; equipment used in research, including debt service; or ancillary support.

ORGANIZATION:

The Maine Biomedical Research Program is overseen by the Maine Biomedical Research Board. The Board consists of seven members appointed as follows: four persons appointed by the Governor and nominated by a statewide biomedical research coalition; two members appointed by the Governor who are distinguished and credentialed in the type of biomedical research that is performed by eligible institutions; and, the Commissioner of the Department of Economic and Community Development or his/her designee. The Maine Biomedical Research Board is assisted in its oversight of the Program by Maine Technology Institute, which provides administrative services for the Program.

Reference: *Policy Area:* 00 *Umbrella:* 94 *Unit:* 578 *Citation:* T0005 *M.R.S.A., Sect.:* 000007501

PURPOSE:

The Maine Commission for Community Service was established by Executive Order in 1994 to link the Corporation for National Service to the State of Maine. The Commission purpose and duties were codified in state statute in 1995, broadening responsibilities beyond merely responding to federal initiatives. The Commission's statutory mission is to "foster community service and volunteerism to meet human and environmental needs" in Maine. Among the 14 assigned duties are these: identify the priority needs to be met by volunteer and national service; develop triennial comprehensive plans to address issues in Maine's volunteer sector; provide technical assistance and training to Maine national service programs; and, increase collaboration among public and private sector community and volunteer service organizations. The Commission makes sub-grants in accordance with provisions of the federal National and Community Service Trust Act (USC 42, Section 12501 et seq.) and recommends State priorities regarding programs that receive direct federal financial assistance under the Domestic Volunteer Service Act of 1973. In addition to administering AmeriCorps State

INDEPENDENT AGENCIES - OTHER

programs, the Commission maintains online training for managers of volunteers and is the lead state partner for implementation of Service Enterprise, an initiative to improve the impact of organizations engaging volunteers.

ORGANIZATION:

The Commission is comprised of 24 voting-members appointed by the Governor. Representation is directed by Statute. Members are appointed to serve in three-year, staggered terms. Voting members of the Commission elect a chair from their ranks. Ex-officio members are the Commissioner of the Maine Department of Education or his/her designee and the State Director for the Corporation for National Service. The Commission is directed to report annually to the Governor and the Joint Standing Committee on State and Local Government. Since July 1, 2012, the Commission's fiscal agent has been the Maine Department of Education.

PROGRAM:

The Commission managed over \$ 2.43 million from the Corporation for National and Community Service and \$458,852 in non-federal resources. The federal and private funding supported implementation of Service Enterprise in three Maine counties. Grants to six community agencies supported 374 AmeriCorps members. Management of 29 AmeriCorps VISTA placements brought \$515,176 federal resources to state. The remaining funds supported grant administration and Commission operation. Activities carried out with those funds included training for 323 staff of volunteer programs and technical assistance for 22 National Service grantee staff. Each activity is tied to an outcome in the Commission's strategic plan.

PURPOSE:

The Maine Economic Growth Council was established to develop, maintain and evaluate a long term economic plan for the State. The council's responsibilities include the development of a long range plan, goals, benchmarks and alternative strategies for a sustainable State economy. Additionally, the council will monitor progress in accomplishing the State's goals and benchmarks and recommend changes in the plan to reflect the dynamics of the international, national and State economy.

ORGANIZATION:

The council's full complement is 19 members appointed for 3-year terms. The Commissioner of the Department of Economic and Community Development is a permanent member. The remaining 18 members are jointly appointed by the Governor, President of the Senate and Speaker of the House of Representatives. Fourteen members are appointed from the public to represent a broad range of expertise in areas including labor, environment, business and education, one of whom must also serve on the Maine Innovation Economy Advisory Council. Also appointed to the council are four members of the Legislature having a demonstrated interest in economic development. A 2013 law requires that legislative membership is one senator and one representative from both the majority and minority parties.

By statute, the council is staffed by the Maine Development Foundation.

INDEPENDENT AGENCIES - OTHER

PROGRAM:

The council's first report, Goals for Growth: Progress 95, was released in fiscal year 1995 and proposed to monitor progress in six key areas: Innovative Businesses, Productive Workers/Reward Employment, Vital Communities, Healthy Natural Resources, Efficient Government and State-of-the-Art Infrastructure. Measures of Growth 97 identified 57 benchmarks in the six areas, with subsequent reports tracking and evaluating Maine's performance on these indicators.

Since those initial reports, the council has modified the report to ensure it is measuring the key indicators of Maine's economy. Measures of Growth 2002 included 40 of the original indicators and an additional 20 indicators. The 2005 report honed in on the 18 indicators in the economy, community and environment spheres deemed to be most critical for Maine's economy. Since then, the Council has carefully evaluated existing and potential indicators to ensure the Measures of Growth report is using the best available data to provide a clear and comprehensive evaluation of the most critical factors affecting Maine's economy. The 2015 report included a new format intended to retain all of the valuable data and information while making the key factors in meeting the Growth Council's goal of a high quality of life for all Maine people more accessible and easier to understand.

The council distributes the Measures of Growth report widely and conducts briefings for organizations and agencies statewide. From 2006 to 2011, the council administered the "Adopt-a-Benchmark" program, which encouraged Maine organizations to take and report action to move the state closer to one or more of the council's benchmarks. The program was discontinued in favor of promoting more comprehensive efforts.

PURPOSE:

To enable municipalities that have fallen into financial difficulties to receive assistance from the State and to be reestablished on a sound financial basis and to assure the State of the collection of the taxes due from those municipalities to the State.

ORGANIZATION:

The Commissioner of the Department of Administrative and Financial Services, the State Treasurer and the State Tax Assessor compose the Board of Emergency Municipal Finance.

PROGRAM:

Any municipality that is financially unable to provide for its direct relief and work programs or its contributory share of public assistance programs of any nature, may apply to the Department of Human Services for funds from the State for that purpose. The municipal officers must apply in writing and send a copy of the application to the Board. Prior to the expenditure of such funds, the affairs of the municipality must be taken over by the Board.

If a municipality falls one year and six months behind in the payment of its taxes to the State, defaults on any bond issue or payment of interest due, or neglects to pay school and other salaries due and has received funds from the State in support of its poor, the board may audit or investigate the financial condition of the municipality. If after the audit or investigation the Board

finds it necessary it may, by a majority vote, take over local government.

Once the Board takes control, a return to municipal self-governance requires repayment of relevant debts and a finding by the Board or its appointee that the financial affairs of the municipality may be resumed under local control.

Reference: Policy Area: 06 *Umbrella:* 94 *Unit:* 410 *Citation:* T0037B *M.R.S.A., Sect.:* 000000792

PURPOSE:

This Commission oversees the implementation of a comprehensive program of planning and training for effective emergency response to releases of hazardous materials.

The State Emergency Response Commission (SERC) facilitates and coordinates the development of statewide plans implemented for comprehensive and effective response to hazardous materials emergencies for the safety and well being of people and the environment.

ORGANIZATION:

The Commission is composed of 14 members. The Director of the Maine Emergency Management Agency serves as the chair. Other members include the Commissioners of Environmental Protection, Human Services, Labor and Transportation or designees, the Director of the Office of Emergency Medical Services or designee, the Chief of the State Police or designee, 4 gubernatorial appointees, 2 appointed by the Speaker of the House of Representatives and an environmental organization representative of the general public appointed by the President of the Senate.

PROGRAM:

The SERC in support of its vision and mission statement has developed a three-pronged approach to its goals. First, under Federal and State law it monitors the performance of facilities that store or use large volumes of hazardous substances. This includes receiving annual inventory reports, assisting facilities in developing emergency plans, reviewing emergency plans and collecting information relating to spills of hazardous substances at facilities.

Second, the SERC provides support to Local Emergency Planning Committees (LEPCs) which, under Federal law are required to develop plans in the event of an accidental release of a hazardous substance. This assistance may be either in the form of grants to enable LEPCs to hire assistance in completing the plan or technical support as it relates to risk assessment and hazard analysis.

The SERC also supports an aggressive campaign of education of Maine's first responders by providing training grants to communities. These programs may include Hazardous Materials Awareness, Operations and Technician level course along with a number of other specialized programs.

PURPOSE:

The Commission on Governmental Ethics and Election Practices is an independent commission established to guard against corruption or undue influencing of the election process and against misconduct or the appearance of misconduct by Legislators.

The general duties of the Commission are to investigate and make advisory recommendations to the appropriate body of the Legislature of any apparent violations of the ethical standards set by the Legislature; to issue advisory opinions and guidelines on problems or questions involving possible conflict of interest in matters under consideration by, or pertaining to, the Legislature; and to administer the sources of income disclosure law.

Additional responsibilities of the Commission are to administer and investigate any violations of the requirements for campaign reports and campaign financing, including the provisions of the Maine Clean Election Act; to conduct biennially, in conjunction with the Attorney General and the Chair of the Legislative Council, an ethics seminar for Legislators; to administer the lobbyist disclosure laws, and to administer and ensure effective implementation of the Maine Clean Election Act.

ORGANIZATION:

The Commission on Governmental Ethics and Election Practices, established by 5 MRSA, section 12004-G, §33, consists of five members appointed by the Governor from nominee lists submitted by Legislative Leadership. Appointees are subject to review by the joint standing committee of the Legislature having jurisdiction over legal affairs and confirmation by the Senate.

No more than two members may be enrolled in the same political party. Each member serves a three-year term. A person may not be appointed to the Commission who is a member of the Legislature or who was a member of the previous Legislature, or who was a declared candidate for an elective county, state or federal office within two years prior to the appointment, or who holds an elective county, state or federal office, or who is an officer, director, employee or primary decision maker of a party committee, political action committee or candidate committee authorized under 21-A MRSA, §1013-A(1)(B).

Pursuant to 1 MRSA, section 1006, the Commission may call for the aid or assistance in the performance of its duties on the Attorney General, Secretary of State, Office of the State Auditor, or any law enforcement agency in Maine.

PROGRAM:

Advisory Opinion, Notices, and Report Audits: During fiscal year 2016, the Commission conducted regular public meetings, issued informal advisory opinions, and its staff rendered oral advice regarding the interpretation of the statutes administered by the Commission. The staff distributed filing notices to all candidates, political action committees, ballot question committees, and lobbyists with reporting or disclosure obligations and processed reports filed by those reporting entities. Additionally, the staff conducted compliance reviews and limited audits of the reports of candidates, political action committees, ballot question committees, and lobbyists.

Complaints, Late Filings, Penalties: During fiscal year 2016, the Commission investigated complaints concerning candidate campaigns, party committees, political action committees, ballot question committees, and lobbyists. The Commission also ruled on the lateness of the filings of candidates, party committees, ballot question committees, political action committees, and lobbyists. The Commission referred cases to the Attorney General for appropriate action regarding the failure to pay penalties for the late filing of reports or the failure to file reports.

Opinions, Lawsuits, Fees: The Commission considered requests for the waiver of certain statutory requirements by candidates, lobbyists, political action committees, and political party committees and issued guidance on the interpretation of statutes and rules subject to the Commission's jurisdiction.

PUBLICATIONS:

The Commission distributes copies of the governmental and legislative ethics laws, lobbyist disclosure procedures, campaign reports and finance laws for

PURPOSE:

The Finance Authority of Maine (FAME), a quasi-independent state agency, is Maine's business and higher education finance authority. FAME initially was established in 1983 as Maine's business finance agency. In that role, FAME was charged with supporting the start-up, expansion and growth of Maine businesses by working with Maine's banking community to improve access to capital.

In 1990, FAME's mission was significantly expanded by the Maine Legislature when it assumed responsibility for administering the state's higher education finance and outreach programs. Through loans, grants and loan insurance, FAME helps students and their families meet the costs associated with higher education. FAME administers Maine's Section 529 College Savings Program, the NextGen College Investing Plan® and oversees outreach activities that are designed to encourage Maine people to aspire to and pursue higher education. FAME also offers financial education outreach services.

FAME helps to lead the creation of good paying jobs for Maine citizens by working at the nexus between economic and workforce development. FAME accomplishes its mission - providing innovative financial solutions to help Maine citizens pursue business and educational opportunities - by working closely with the state's higher education, commercial lending, economic development and business communities, as well as the Governor and Maine Legislature, in the formulation and implementation of financial services and programs that help fill gaps that exist in Maine's capital delivery system.

ORGANIZATION:

FAME is overseen by a fifteen-member board of directors that has the following

makeup: two members with experience in natural resource-based enterprises; two veterans; one certified public accountant; one commercial lender; one attorney; one member with expertise in student financial aid; one member knowledgeable in the field of higher education; three members at-large; three state officials, including the Commissioner of Economic and Community Development, a natural resource agency commissioner and the State Treasurer.

Members of the FAME Board are appointed by the Governor and are subject to review and confirmation by the Maine Legislature. Each member, other than the state officials, serves for a term of four years. The Chief Executive Officer is appointed by the Governor, subject to review and confirmation by the Maine Legislature, to supervise and direct the administrative and technical activities of FAME on a day-to-day basis.

PROGRAM:

BUSINESS FINANCE: FAME administers and oversees programs that may be utilized individually or in combination with other financing mechanisms to assist business development in Maine.

These programs include: Commercial Loan Insurance Program (traditional and online); Economic Recovery Loan Program; Regional Economic Development Revolving Loan Program; Linked Investment Program for Commercial Enterprises; Linked Investment Program for Agriculture; Maine Seed Capital Tax Credit Program; Maine Economic Development Venture Capital Revolving Investment Program; Maine New Markets Capital Investment Tax Credit Program; and various bond programs.

Additionally, the following programs are administered in conjunction with other state departments or agencies: Potato Marketing Improvement Fund Program; Agricultural Marketing Loan Program; Maine Rural Development Authority; Kim Wallace Adaptive Equipment Loan Program Fund; Energy Conservation Loan Program; Nutrient Management Loan Program and State Small Business Credit Initiative.

EDUCATION FINANCE AND OUTREACH: FAME maintains and administers the following federal and state higher education finance and outreach programs: Maine State Grant Program; Educators for Maine Program; Maine College Savings Program (NextGen College Investing Plan®); Dental Education Loan and Loan Repayment Program; the Harold Alfond CollegeChallenge; Maine Health Professions Loan Program; the Doctors for Maine's Future Scholarship Program; Maine Veterinary Medicine Loan Program; Tuition Waiver Program; The Maine Loan and financial education.

PURPOSE:

To assist private non-profit hospitals, non-profit nursing homes, community health facilities, for-profit nursing and boarding homes, and private, non-profit institutions for higher education within the State of Maine in both short and long term financing for the construction and equipping of health-care and educational facilities, and the refinancing of existing indebtedness by providing financial advisory services and access to the tax-exempt and taxable bond markets.

ORGANIZATION:

The Authority consists of a twelve-member Board of Commissioners, including the Treasurer of the State, the Commissioner of Health and Human Services, the Commissioner of Education and the Superintendent of Financial Institutions who serve as ex officio members, and eight other members, who are residents of the State of Maine and are appointed by the Governor, for terms of five years. The Board of Commissioners shall elect one of its members as chairman and one as vice-chairman. The Executive Director of the Maine Municipal Bond Bank shall serve as the Executive Director of the Maine Health and Higher Educational Facilities Authority and is responsible for the day-to-day activities of the Authority. The Executive Director also serves as both the secretary and treasurer of the Authority.

PROGRAM:

Bonds, notes or any other obligations of the Authority while utilizing the moral obligation reserve fund make up of the State do not constitute an obligation of the State of Maine or any political subdivision within the State. Each bond issue of the Authority is secured solely by revenues derived from the project financed by the proceeds of said issue. Bonds of the Authority may be secured by a gross pledge of the revenues derived from the project. In addition, the Authority may take title to the project and lease it back to the hospital, nursing or boarding home, or institution for higher education or may take a mortgage on the project. Each health-care facility or institution for higher education agrees, among other things, to pay the Authority sufficient monies at all times to pay principal and interest on outstanding bonds.

The Authority does not receive any appropriation from the State. It derives its revenue from fees charged to participating eligible borrowers using its financing capabilities. The Authority charged origination and loan servicing fees based on type of loan, financing, and borrower.

State commission. In 1973, the Commission was placed in the Department of Educational and Cultural Services for administrative purposes, and in 1979 it became a bureau of the Department. In 1990 the 114th Legislature established the Commission as an independent agency.

The Commission consists of 11 members made up as follows: Commissioner or representative of the departments of Transportation and Agriculture, Conservation and Forestry; and 9 representatives from among the citizens of Maine, one of whom must be elected chair and one of whom must be elected vice-chair. Among the public members, all of whom are appointed by the Governor, there must be at least one prehistoric archaeologist, one historic archaeologist, one historian, one architectural historian, and one architect.

The term of office of each member is 5 years. Each member serves for the term of the member's appointment and thereafter until the member's successor is appointed; but in any event no more than 2 consecutive terms. All vacancies are filled for the balance of the unexpired term in the same manner as the original appointments.

PROGRAM:

The Maine Historic Preservation Commission administers the National Historic Preservation Act of 1966 in the State of Maine. The Program includes the following activities: Historic Preservation Planning; National Register of Historic Places; Preservation Tax Incentives; Survey and Inventory; Development, Acquisition and Covenants; Review and Compliance; and Local Government Certification. Agency staff provides guidance and advice to governmental agencies, groups and individuals in the area of historic preservation.

During fiscal year 2015-16, the Commission provided Historic and Archaeological resource data to 35 municipalities for use in the development of local comprehensive plans; expanded the National Register of Historic Places by 15 individual buildings and 2 historic districts; reviewed the Part 1, 2 and/or 3 of 45 tax credit applications leading to the certification of 16 historic rehabilitation projects with a total value of nearly \$60 million dollars; added over 1,350 properties to the Maine Historic Resources Inventory; and reviewed 1,583 projects to evaluate their impact on historic properties.

LICENSES:

Pursuant to 27 MRSA §374, any party wishing to excavate a protected archaeological site (listed in the National Register of Historic Places which is state-owned or is subject to a preservation agreement between the landowner and the Commission), must apply for an Excavation Permit to the Director of the Commission with a written research proposal. If a site which is not state-owned is involved, permission to excavate in writing from the landowner must accompany the permit application. If an Excavation Permit is granted, it must be co-signed by the Director of the Commission, the Director of the Maine State Museum, and (if involving a state-owned site) the Director of the agency with primary jurisdiction.

**MAINE INDIAN TRIBAL-STATE COMMISSION
 JOHN DIEFFENBACHER-KRALL, EXECUTIVE DIRECTOR**

Central Office: , OLD TOWN, ME 04468
Mail Address: PO BOX 241, STILLWATER, ME 04489
Established: 1980
Reference: Policy Area: 00 *Umbrella:* 94 *Unit:* 409 *Citation:* T0030
FAX:
Telephone: (207) 944-8376
M.R.S.A., Sect.: 000006212

PURPOSE:

The Maine Indian Tribal-State Commission was created as part of the Maine Implementing Act of 1980 to "continually review the effectiveness of this Act and the social, economic, and legal relationship between the Houlton Band of Maliseet Indians, Passamaquoddy Tribe and the Penobscot Indian Nation and the State." The Commission also has a number of specific mandates, including the promulgation of fishing regulations on certain bodies of water and making recommendations concerning the acquisition of lands to be placed in trust for the Passamaquoddy Tribe and Penobscot Indian Nation.

ORGANIZATION:

The Commission consists of appointees from all parties to the Maine Indian Land Claims Settlement. Six of its members are appointed by the Governor of Maine and confirmed by the Legislature; two are appointed by the Houlton Band of Maliseet Indians; two are appointed by the Passamaquoddy Tribe; two are appointed by the Penobscot Indian Nation; and the thirteenth, who is the chairperson, is selected by the twelve appointees. The Commission's budget is comprised of tribal contributions and state dollars. The Commission is staffed by a private consultant, who serves as Executive Director.

PROGRAM:

The Commission's overriding priorities include monitoring the compliance by the parties to the Maine Indian Claims Settlement as reflected in the Maine Indian Claims Settlement Act (MICSA - 25 USCS § 1721) and Maine Implementing Act (MIA - 30 MRSA §6201); offering information, analysis, and findings concerning disputed provisions of MICSA and MIA; strengthening tribal-state relations; deepening the understanding by Tribal and State leaders of the key concepts and issues underlying both the Settlement and ongoing Wabanaki-Maine relations; promoting a relationship between the State and Tribes that is based on open communications and mutual trust and respect; and increasing the public's understanding and

PURPOSE:

The purpose of the Maine State Library is to provide, broaden and improve access to information in a variety of formats to citizens regardless of location of residency.

ORGANIZATION:

The Maine State Library includes Administration, Collections Development - Digital Initiatives and Promotion, Library Development, and Public and Outreach Services - Research and Innovation.

PROGRAM:

The Program of the Maine State Library (MSL) is supported by several components. Administration: This program is defined by the role of the State Librarian. As

INDEPENDENT AGENCIES - OTHER

such, the State Librarian has administrative oversight of operations and programs offered by the Maine State Library. These programs include: Collection Development, Digital Initiatives and Promotion; Library Development; and Public and Outreach Services, Research and Innovation.

General Fund appropriations support the salary of the State Librarian, and the programs delivered by the Maine State Library. All statutory requirements of the Maine State Librarian are carried out by the state librarian and through the aforementioned operational programs. Such requirements include, but are not limited to: Contents and Exchanges - essentially building a collection and making it available through the lending of materials statewide; ensuring an operation open to the public to conduct research and utilize numerous library resources; overseeing the collection of state agency publications; and using resources to make libraries stronger throughout Maine.

The Maine State Library has three primary operating departments:

1) The Collections Development, Digital Initiatives and Promotion Department is responsible for the acquisition and care of over 600,000 books, serial volumes and government documents as well as other special collections belonging to the Maine State Library. The unit is responsible for activities to digitize collections items and provide online access to those materials. Staff of the division are also charged with maintaining the library website and social media accounts as well as publicizing programming and library issues to different constituencies.

Collections priorities of the Maine State Library are consistent with statutory obligations as defined in MRSA Title 27 §2 as well as the agency's long-standing goal of serving as the state's premier library on the history, resources and publications of Maine.

2) The Library Development Department is responsible for the administration of federal LSTA programs aimed at facilitating statewide resource sharing and improved library services in Maine. The division also oversees state and federal data collection, compilation and dissemination concerning public libraries services.

Specific activities of the division can be categorized as; (1) Consulting Services, Professional Development and Continuing Education (2) Infrastructure: Shared Statewide Resources (3) Broadband Access and E-Rate.

3) The Public and Outreach Services, Research & Innovation Department oversees the development and delivery of all direct one to one services. Embracing a philosophy of service that people are at the center of the library's mission to inspire and cultivate learning, advance knowledge and nurture and strengthen communities, this department models best demonstrated service practices through direct library lending (circulation), reference, outreach (to the underserved) and innovation.

Specific activities of the division can be categorized as; (1) Public Services (2) Outreach Services for Underserved (3) Research and Innovation.

PURPOSE:

The purpose of the Maine Library Commission is to review recommendations of the State Librarian with regard to the policies and operations of the Maine State Library and the State's library program. The Commission also gives advice and makes recommendations with regard to the administration of federal funds. The Commission is also charged with the hiring of the State Librarian.

ORGANIZATION:

The Maine Library Commission is broadly representative of the State's libraries and consists of a representative from public, school, academic, special and institutional libraries, a trustee representative, one representative from each of the library districts, and 3 representatives from the State at large, one of whom is a representative of the disadvantaged. The directors of the area reference and resource centers are ex-officio members. The Maine Library Commission is a policy-making, rule-making authority and part of the Maine State Cultural Affairs Council.

PROGRAM:

The Maine Library Commission held four meetings during fiscal year 2015-16. The Commission has monitored progress on numerous areas of special interest included the following: The Maine Schools and Libraries Network, E-Rate Modernization, the expansion of the Maine InfoNet network, the sharing of resources among Maine libraries (including the expansion of a statewide interlibrary loan van delivery service), statewide licensing of electronic databases, reviewing the allocation of state and federal funds, reviewing statewide interlibrary loan policies and reviewing emerging technologies and their impact on library services statewide including electronic reference service, computer training courses, and e-books.

Promotion Council was renamed the Maine Lobster Marketing Collaborative (MLMC). The MLMC is funded through 2018 at which point its efforts will be evaluated by a third party, independent auditor to ascertain the effectiveness of all its activities between the years 2014-2018. The MLMC is a public instrumentality of the State, funded primarily through assessments paid by lobster license holders and managed by an 11-member Board of Directors composed of four harvesters, three dealers/processors and two public members, the Commissioner of the Department of Marine Resources and the Commissioner of the Department of Economic and Community Development (or the Commissioners' designees).

PROGRAM:

The MLMC markets the Maine Lobster brand to consumer and trade audiences around the globe. The objective of the MLMC is to support brand awareness and premium positioning for Maine Lobster in order to maintain interest and demand for Maine Lobster and thereby support the value of the brand for all sectors of the industry.

The MLMC developed a comprehensive marketing strategy to support the promotion of the Maine Lobster brand to consumer and trade customers, primarily in the U.S. with some activity targeting export markets. The MLMC implements the strategy through a variety of marketing tools including public relations, events, social media, digital marketing and advertising.

PURPOSE:

The Motor Carrier Review Board was created by 29-A MRSA, §562 to review the records of motor carriers with histories of significant and repeated carrier violations in Maine.

The Board is charged with making recommendations to the Secretary of State for possible suspension of a carrier's privilege to operate commercial vehicles in Maine. To make these determinations, the Board looks at a number of data sources including adjudicated violations, Maine State Police Commercial Vehicle Enforcement Unit data, and Federal Motor Carrier Safety Administration's reviews and ratings.

The Motor Carrier Review Board's principal data source is the Maine State Police Driver/Vehicle Inspection Reports.

In 1996, the Board developed and adopted its rules for conducting carrier reviews. In 2012, the rules were significantly revised to improve the carrier selection and review process. In fiscal year 2014-15 the Board held four meetings; conducted 68 preliminary reviews; and 11 full reviews; and recommended the suspension of two motor carriers.

ORGANIZATION:

The Board consists of seven members appointed by the Governor. The members

PURPOSE:

The Maine Municipal Bond Bank (the Bank) was established to reduce overall long-term borrowing costs of governmental units within the State for capital improvement projects through lower interest rates and reduced processing costs of bond issues. The Bond Bank is empowered to issue bonds and notes in its own name

INDEPENDENT AGENCIES - OTHER

and to use the proceeds therefrom to directly purchase the bonds or notes of governmental units. The result is to combine a number of smaller bond issues into a single attractive package which the Maine Municipal Bond Bank then offers to the national market.

ORGANIZATION:

The Maine Municipal Bond Bank (the Bank), established in 1972, consists of a five-member Board of Commissioners, including the Treasurer of State and the Superintendent of Financial Institutions, ex officio, and three Commissioners appointed by the Governor, for terms of three years. The Board elects one of its members as chairman and appoints an Executive Director who also serves as both secretary and treasurer.

No State appropriations are allocated to the Maine Municipal Bond Bank's General Bond Resolution program. The Bank pays all costs of issuance on behalf of local governmental units using the Bank's General Bond Resolution, except for local bond counsel, a pro-rated share of underwriters' sales commission and any negative arbitrage on the moral obligation reserve fund. Operating expenses are covered by the bond refunding savings, grant administrative fees and income from investment of operating funds.

The Bank does not receive any appropriations from the State to operate these Programs but does receive administrative and/or loan servicing fees from participating eligible borrowers.

PROGRAM:

In October of 2015, bonds were issued in the General Tax-Exempt Resolution totaling \$16,405,000 that assisted 12 governmental units finance their capital projects. Refunding bonds were also issued in November 2015 in the amount of \$53,605,000 which produced savings of \$4,054,253. These savings were passed down to the local borrowers as interest credits on their outstanding bonds we refinanced for them at no additional costs. In May of 2016, bonds were issued in the amount of \$35,410,000 that assisted 20 governmental units finance their capital projects. Refunding bonds were also issued during May of 2016 in the amount of \$62,815,000 which produced a \$7,687,476 saving which was also passed to the borrowers. All issues were rated AA+/Aa2 by Standard & Poor's and Moody's Ratings, respectively.

Additional Program Information:

In 1998, the Maine Legislature established the Maine School Revolving Renovation Fund to promote efficient capital financing activities for the construction, renovation and maintenance of school facilities. The Bank jointly administers the Program with the Maine Department of Education. The Bank receives allocations from the State for deposit into the Fund. In fiscal year 2016 three new loans were processed. The Bond Bank continued to monitor outstanding loans and process loan requisitions as they were received. Ten more loans are anticipated to be processed in fiscal year 2017.

In 1989, the State of Maine designated the Bank to serve as the administrator and financial manager of the Drinking Water State Revolving Loan Fund Program, which it jointly administers with the Maine Department of Health and Human Services and Clean Water State Revolving Loan Fund Program, which it jointly administers with the Maine Department of Environmental Protection. In fiscal year 2016, the Clean Water Program provided 12 loans totaling \$57,441,222 to finance wastewater construction projects. The Drinking Water Program provided 24 loans totaling \$17,200,880 to finance public water systems construction projects.

In 2004, the Maine Legislature established the Transportation Grant Anticipation Fund for the purpose of assisting the Maine Department of Transportation in the financing of qualified transportation projects. This Program is jointly administered with the Maine Department of Transportation. Loans are secured pursuant to a pledge and certificate issued by the Maine Department of Transportation, which pledges future Federal Transportation funds to secure payment of GARVEE bonds. To date, the Bank has issued \$144,810,000 in Grant Anticipation Bonds.

In 2008, the Maine Legislature established the Transportation Infrastructure Fund for the purpose of providing financial assistance for the planning, design, acquisition, reconstruction, rehabilitation and other transportation capital improvements in the State of Maine. This Program is jointly administered with the Maine Department of Transportation. Loans are funded through the issuance of tax exempt revenue bonds and are secured by the TransCap Trust Fund, which is administered by the Bank. To date, the Bank has issued \$296,817,620 in Transportation Infrastructure Revenue Bonds. The issues were rated AA by Standard & Poor's and AA-by Fitch Ratings. A Transcap refunding bond was issued in fiscal year 2016 with net savings of \$3,395,455.

In 2010, the Bank created a new bond resolution for the issuance of Qualified School Construction Bonds. In October of 2013, bonds were issued in the General Tax-Exempt Resolution totaling \$1,150,238 that assisted 1 governmental unit to finance their capital projects. No new QSCB bonds were issued since October 2013.

In 2013, the Maine Legislature established the State Liquor Operation Fund for the purpose of making advances to the State of Maine to make payments to health care providers for services provided prior to December 1, 2012 under the MaineCare program. The bonds are to be repaid from a portion of future liquor revenues collected by the State Bureau of Alcoholic Beverages and Lottery Operations. In September of 2013, the Bank issued \$220,660,000 in Liquor Operation Revenue Bonds. The issues was rated A+ by Standard & Poor. In fiscal year 2016, the bank continued to monitor and receive revenues so bond payments are made in accordance to the liquor act and agreement.

PURPOSE:

The Maine State Museum seeks to share what is meaningful about Maine and its place in the world, in order to inspire people to discover Maine's past, understand its present, and imagine its future. The Maine State Museum pursues this mission through the selection, preservation, research, and educational use of objects and information representing the compelling significance of Maine's natural and cultural heritage.

The Maine State Museum is located in Augusta and maintains collections comprising some 800,000 items representing the full range of Maine's natural science and human history. Portions of these collections are publicly exhibited in the Cultural Building, State House, and Blaine House.

The museum staff conducts scientific and historical research in support of exhibits, publications, and educational programs intended to reach a wide and varied audience.

ORGANIZATION:

The Maine State Museum was established by the Maine legislature in 1836, when it opened an exhibit of geological specimens in the State House. It was subsequently dis-established and re-established several times, becoming an independent, professionally-staffed agency with the creation of the Maine State Museum Commission in 1965. It has occupied its present building since 1971 and is New England's largest state museum. It seeks to practice the highest professional museum standards and for 40 years has achieved continuous accreditation by the national museum organization, the American Alliance of Museums. With six other cultural agencies it constitutes the Cultural Affairs Council, which considers cultural issues of significance to Maine and coordinates various state-wide projects.

PROGRAM:

EDUCATION: In FY 2016 the museum hosted 46,029 visitors, 20,545 of whom came within organized educational groups: both tallies represent increases over the previous year. 220 Maine towns were represented in these group visits. Special events and outreach activities drew about 8,800 attendees. In calendar year 2015 volunteers for the Museum contributed over 2,300 hours of work in Education and some 1,000 hours in other operational areas. The Education Division completed a substantial staff reorganization intended to enhance education and visitor services and spur the creation of new activities. New collaborative programs or planning activities were conducted with the Maine State Library, the Maine Math and Science Alliance, and the Maine Master Naturalist Program. Substantial conceptual planning for a new education center within the museum was pursued.

FRIENDS OF THE MAINE STATE MUSEUM: The Friends of the Maine State Museum, a 501(c)(3) organization established to aid in the museum's development and programmatic work, received a private grant that enabled it to hire a part-time director of development. Beneficial results include increased private fundraising, new memberships, and new connections with museum supporters.

COLLECTIONS: The museum largely completed its three years of preparation to install Profligio, its new collections database. The museum accepted 68 new collection accession groups, comprising some 300 objects. Donation highlights included a mounted polar bear taken by a Maine big-game hunter, a unique early 19th century Gilbert Baily rifle, an essentially complete Campfire Girls outfit from about 1918, materials from the family of Governor Asher Hines, a receipt from 1699 representing Maine's earliest surviving record of fur trapping, a rare Sabatos craft rug, and a remarkable scrapbook documenting William Seawall of Bath's participation as the Democratic candidate for Vice-President in the election of 1896. A staff reorganization in the Registrar's Division, and the addition at the museum's initiative of a staff position serving the museum as

INDEPENDENT AGENCIES - OTHER

well as the State Archives and State Library, allowed the museum to clear a multi-year processing and documentation backlog of 12 large collections and to review all of the museum's 619 outstanding loans, some going back to the 1970s. Work proceeded on improvements to the museum's storage area infrastructure and in re-organizing paper and photographic collections. By mid-2016 the museum had processed and documented over 15,000 historic photographs under a three-year grant, ending in 2017, from the Council on Library and Information Resources to catalogue historic images kept at the Maine Historic Preservation Commission.

EXHIBITS: The museum opened two temporary major exhibits: The Passionate Photographer: Kosti Ruohomaa's Maine in Magazine Photojournalism, the first exhibit in a new exhibition gallery on the museum's fourth floor; and Inventors & Sportsmen: Maine Gunsmiths in the 1800s. A set of fossil Irish Elk antlers, probably the largest in New England was also installed, along with many smaller, temporary in-house exhibits.

OUTREACH: Collaborative programs or specimen loans involved 15 state or national institutions and organizations. Museum staff served on professional committees, responded to thousands of requests for information, and spoke at state and regional conferences. A staff member was an associate editor of the Journal of Paleontology.

LICENSES:

PURPOSE:

The Northern New England Passenger Rail Authority (NNEPRA) was created in 1995 by the Maine State Legislature as a result of a citizens' initiative to re-establish and support the provision of regularly scheduled passenger rail service to and within Maine. The authority is directed to take actions to support passenger rail service, including the acquisition, holding, use, operation, repair, construction, reconstruction, rehabilitation, modernization, rebuilding, relocation, maintenance, and disposition of railroad lines, railway facilities, rolling stock, machinery and equipment, trackage rights, and real and personal property of any kind. In addition, NNEPRA manages a contract with Amtrak, host railroad agreements, insurance liability, and marketing, and coordinates station operations.

ORGANIZATION:

NNEPRA consists of a board of 7 directors. The 7 directors are the Commissioner of Transportation, who is a director ex officio; the Commissioner of Economic and Community Development, who also is a director ex officio; and 5 directors who are members of the public, appointed by the Governor and confirmed by the Legislature for 5-year staggered terms. The Governor shall name one of the appointed members as chair of NNEPRA.

PROGRAM:

Pursuant to its mandate, NNEPRA is currently providing intercity passenger rail service between Portland and Boston's North Station, and in 2012, service was expanded from Portland, north to Brunswick.

M.R.S.A., Sect.: 000017101

PURPOSE:

The Maine Public Employees Retirement System (MainePERS) administers retirement programs that cover 1) State employees, 2) all of the State's public school teachers and administrators, 3) the State's judges, 4) the State's legislators, and 5) employees of the various political subdivisions that choose to participate in the MainePERS as Participating Local Districts (PLDs). The retirement program for the PLDs include the PLD Consolidated Plan, which was fully implemented as of July 1, 1996, and covers 295 PLDs, and the 12 separate plans for the remaining non-consolidated PLDs that continue to function as districts for their remaining employee-members and retirees. The MainePERS is also responsible for the payment of benefits from the Governor's Retirement Fund, and payment of retirement benefits to judges who retired prior to establishment of the Judicial Retirement Program (formerly the Maine Judicial Retirement System) in 1984. In addition to administering these public retirement programs, the MainePERS is responsible for administering the Group Life Insurance Program. This program provides life insurance benefits for both active and retired State employees and public school teachers, for employees of PLDs that elect to offer this coverage to their employees, and for members and retirees of the Legislative and Judicial Retirement Programs.

The system also administers the MaineSTART defined contribution retirement plans that are established under sections 401(a), 403(b), and 457(b) of the Internal Revenue Code. These plans are presently available to employees of those employers in the PLD Consolidated Plan that have adopted one or more of the plans. As of June 30, 2016, there are 9 employers participating in the 401(a) plan with 74 participants, 64 employers participating in the 457(b) plan with 582 participants, and one employer participating in the 403(b) plan with 378 participants.

ORGANIZATION:

The responsibility for the operation of MainePERS is held by the system's Board of Trustees, which is comprised of eight members. State law specifies the Board's composition. The State Treasurer is an ex-officio member of the Board. The seven other trustee seats include three that are to be filled by Retirement System members. One of these is to be a teacher member elected by the Maine Education Association; the second is to be a State employee elected by the Maine State Employees' Association; the third is to be a PLD member appointed by the Maine Municipal Association. The remaining four trustee seats are held by persons appointed by the Governor. Two of them are to have training or experience in investments, accounting, banking, or insurance, or as actuaries; one is to be chosen from nominees submitted by the Maine Education Association - Retired; and one is to be a MainePERS retiree, chosen from nominees of State and /or PLD retirees.

The Board contracts with qualified professional actuaries for the actuarial services necessary for its oversight of plan funding and the discharge of those of its other responsibilities that involve actuarial information and analysis.

The Board's management of MainePERS investments is embodied in its investment policy. The policy states the Board's underlying investment objectives, sets out the investment strategies intended to realize the objectives, and establishes guidelines and criteria for implementation of the strategies. The Board employs an investment consultant to assist in development and implementation of investment policy.

The Board is the final administrative decision-maker in matters involving the rights, credits, and benefits of members. It has established an administrative appeals process for the making of such decisions; in this process the relevant factual information and legal requirements are identified and analyzed by the Hearing Officers who serve under contract. In decisions on disability retirement appeals, statutorily established Medical Boards and individual medical advisors provide recommendations as to the medical aspects of disability. The Board's final administrative decisions are appealable to Superior Court.

INDEPENDENT AGENCIES - OTHER

The Board of Trustees appoints the Executive Director of the MainePERS, who is responsible for the work of the system's staff. The staff is organized into the Office of the Executive Director and the Departments of Investments, Finance, Service Programs, and Administration.

PROGRAM:

Covered members of the MainePERS include both active and inactive members. Active members are those who are currently working for a MainePERS participating employer and who are, therefore, contributing to MainePERS. As of June 30, 2016, there are approximately 51,200 active members in MainePERS. Inactive members are those who have contributed in the past and whose contributions remain with the system but who are not contributing presently because they are not working for a MainePERS participating employer. As of June 30, 2016, there are approximately 54,700 inactive members in MainePERS.

The MainePERS benefits payroll comprises benefits paid to service retirees, beneficiaries of service retirees, disability retirees and survivors of members who become deceased prior to retirement. At June 30, 2016, a total of 41,814 people were receiving benefits. The total monthly benefits payroll paid for the month of June 30, 2016 was \$72,912,854. While this number fluctuates month to month, as does the number of benefit recipients, fluctuations are relatively small. Thus, the June 30 numbers can be viewed as an approximate monthly average for fiscal year 2016.

Those looking for more details concerning the membership, finances, or benefits of MainePERS are invited to contact the system for information.

SACO RIVER CORRIDOR COMMISSION
DENNIS FINN, EXECUTIVE DIRECTOR

Central Office: 81 MAPLE STREET, CORNISH, ME 04020

Mail Address: P.O. BOX 283, CORNISH, ME 04020

Established: 1973

FAX: (207) 625-7050

Telephone: (207) 625-8123

M.R.S.A., Sect.: 000000954

PURPOSE:

The purpose of the Saco River Corridor Commission is to protect the drinking water quality of the Saco River and the integrity of the natural resources that make up the land base of the Corridor bordering the Saco, Ossipee and Little Ossipee Rivers. The Act, which is legislatively mandated, is the source of the Commission's authority, mission and program elements, seeks to protect all of the values of this land and water area. These values include the economic, natural, scenic, recreational and wildlife resources, which clearly highlights the importance of this natural treasure. The Act states that "In view of the dangers of intensive and poorly planned development, it is the purpose of this Act to preserve existing water quality, prevent the diminution of water supplies, to control erosion, to protect fish and wildlife populations, to prevent undue extremes of floods and drought, to limit the loss of life and damage to property from periodic floods; to preserve the scenic, rural and unspoiled character of the lands adjacent to these rivers; to prevent obstructions to navigation; to prevent overcrowding; to avoid the mixture of incompatible uses; to protect those areas of exceptional scenic, historic, archaeological, scientific and educational importance; and to protect the public health, safety and general welfare by establishing the Saco River Corridor and by regulating the use of the land and water within this area." The Saco River is functionally comparable to a drinking water reservoir which requires the additional oversight and protection of the Saco River Corridor Commission. Several hundred thousand people rely on this river for their drinking water needs.

The Corridor area, totaling approximately 300 miles of river front, includes the Saco River from Saco Bay to the New Hampshire border, the Ossipee River from its confluence with the Saco River to the New Hampshire border, and the Little Ossipee River from its confluence with the Saco River to the New Hampshire border at Balch Pond. The Saco River Corridor Commission is a perfect example of regional communities working together toward a common goal to protect a dynamic, regional resource of economic importance to the entire area.

The Saco River Corridor Commission administers regulations developed for the region because the water in our rivers functions as a drinking water reservoir for Biddeford, Saco and five adjacent communities. It is a function of this Commission to review applications for permits and variances filed under provisions of this Act and to ensure the continuing land and water quality of the Saco River Corridor.

ORGANIZATION:

The Saco River Corridor Commission is a single-unit agency consisting of one regular and one alternate member from each of the twenty municipalities in the three counties whose jurisdiction includes lands or bodies of water encompassed by the Saco River Corridor. These forty members are appointed for a staggered three year term to serve on the Commission by the various elected officials within the municipalities with lands in the Corridor. The Commission members are the decision making body of the organization, while the staff presently consists of an Executive Director, an administrative assistant, and volunteers provide support services to the Commission, to applicants, and to various municipal officials concerned with the Saco River Corridor Act, with the river, or with other state-related matters.

PROGRAM:

The Commission applies land use planning standards to ensure that growth in the Corridor does not diminish water quality. With available resources, the Commission staff provides assistance to applicants, abutters, code enforcement officers and municipal officials. During this fiscal year, the Commission conducted 4 public hearing and 11 regular meetings. Members considered a total of

INDEPENDENT AGENCIES - OTHER

88 applications for permits and amendments to permits previously granted within the Corridor. Commission staff traveled 9,857 miles in performing site inspections, compliance checks and enforcement of land use law. The development proposals reviewed by the Commission continue to reflect a diversity of uses for the river and its adjacent lands, and the Commission's discussions and decisions regarding various applications are, in part, a reflection of a major purpose of the Saco River Corridor Act: the assurance that diversity of use is balanced by the avoidance of the mixture of incompatible uses.

The Commission continues to coordinate any enforcement efforts with the Office of the Attorney General and/or the Department of Environmental Protection. Although the Commission's primary function is regulatory, it also continues its historic role as an advocate for the river and its surrounding environment. To this end, the Commission utilizes 8 volunteers annually to coordinate a water quality monitoring program at 37 separate sites. In total, over 3,600 individual samples are taken and analyzed by staff and through a certified laboratory. In addition, the Commission has installed and monitors temperature loggers in cooperation with U.S. Fish and Wildlife to monitor ongoing temperature changes in surface water that may be climate influenced. Commission staff regularly coordinates program elements with area schools to assist teachers with water quality curriculum as requested.

M.R.S.A., Sect.: 000015302

PURPOSE:

The Maine Technology Institute (MTI) was established to encourage, promote, stimulate and support research and development activities leading to the commercialization of new products and services in the State's technology-intensive sectors; to enhance the competitive position of those sectors; and, increase the growth of clusters of industrial activity within those sectors, thereby generating new jobs for Maine people. The MTI is critical to the State's economic development strategy and a significant driver to the long-term expansion of research, development assets resulting in the creation of new ventures.

ORGANIZATION:

MTI is organized as a nonprofit corporation, consistent with the provisions of the Federal Internal Revenue Code. By-laws were drafted and corporation documents filed in September of 1999. A Board of Directors consisting of thirteen voting members and two non-voting members governs MTI. The Governor appoints ten directors, eight represent the targeted technologies and two have demonstrated finance, lending or venture capital experience. The Commissioner of Economic and Community Development, the Chancellor of the University of Maine System, the President of the Maine Community College System and the Director of the Office of Policy and Management, or their designees, are ex-officio members. The MTI Director is a non-voting director. Seven subsidiary boards, each representing a targeted technology sector, were formed, and function to advise and support the MTI Board. Approximately 100 domain experts comprise the membership of these Tech Boards.

MTI operates from one office located in Brunswick. Its staff is composed of one full-time program director, three portfolio managers, two program assistants, a director of business development, a director of finance and administration, and an office manager. The MTI Director is employed by the Maine Department of Economic and Community Development. Currently, MTI manages a portfolio of \$105 million in direct investments in just over 300 companies and non-profit research and development organizations.

PROGRAM:

MTI makes direct investments in ventures pursuing promising technologies, providing targeted commercialization assistance to Maine companies and strengthening Maine's technology clusters. MTI works with organizations and individuals focused on expanding the State's entrepreneurial ecosystem to stimulate new venture formation. Regarded as the focal point of Maine's research and development efforts, MTI programs require at least a 1:1 matching contribution from award recipients. Based on scientific or technical merit, commercial feasibility and economic impact potential to the State, MTI award programs include:

TechStart Grants are available to entrepreneurs and companies across Maine who are seeking to develop their inventive ideas into new, innovative products or services. Grants of up to \$5,000 are awarded monthly. In FY16, MTI approved 38 awards, representing \$164,000 (matched by \$272,000).

The Phase Zero Grant Program is a funding opportunity offered to individuals and companies seeking to submit federal Small Business Innovation Research/Small Business Technology Transfer (SBIR/STTR) Phase I proposals to one of the 11 federal agencies participating in the program. Awards of up to \$5,000 are offered monthly. In FY16, MTI awarded 10 Phase Zero Grants for \$49,000 (matched by \$52,000).

Seed Grants of up to \$25,000 per project are offered three times a year to support the conversion of innovative research into new products, processes, and companies. In FY16, MTI approved 61 awards, representing \$1,405,000 (matched by \$2.9 million).

Business Accelerator Grants are available to start-up/early stage companies that

INDEPENDENT AGENCIES - OTHER

have been awarded MTI Development Loans (DLs) and to companies that have recently been chosen for a federal SBIR/STTR Phase I or Phase II grant and/or a Broad Agency Announcement (BAA) award. In FY16, MTI awarded 15 Business Accelerator Grants for \$413,000 (matched by \$3.4 million).

Development Loans of up to \$500,000 are offered three times a year to support the conversion of innovative research into new products, processes and companies. In FY16, MTI funded 13 awards for \$3.9 million (matched by \$5.5 million).

The Equity Capital Fund provides investment capital to companies in MTI's existing portfolio of Seed Grant, Development Loan or advanced SBIR recipients to help them leverage venture fund and individual equity investor capital and to advance the company to full commercialization and business growth. In FY16, MTI made two investments totaling \$175,000 (matched by \$2.7 million).

Cluster Initiative Program (CIP) awards are competitive grants aimed to accelerate the strength and scale of collaborative projects that boost Maine's high-potential technology-intensive clusters. In FY16, MTI approved 11 awards for approximately \$1.2 million (matched by \$1.6 million).

The following three bond initiatives are currently under active management by MTI.

\$10 million in bond funds to build a research center, to discover genetic solutions for cancer and the diseases of aging, and to promote job growth and private sector investment in Maine was awarded to the Jackson Laboratory in Bar Harbor in July 2015.

\$3 million in bond funds to modernize and expand infrastructure in a biological laboratory specializing in tissue repair and regeneration located in the state was awarded to the Mount Desert Island Biological Laboratory in July 2015.

PURPOSE:

The Wells National Estuarine Research Reserve was established in 1986 pursuant to Section 315 of the Federal Coastal Zone Management Act of 1972, as amended. The objective of the Act is protection and management of estuarine resources. Wells Reserve addresses this mission through environmental education, research and natural resource stewardship programs. The Wells National Estuarine Research Reserve Management Authority was established in 1990 by Private and Special Law 1989, chapter 108. As an instrumentality of the State, the Authority supports and promotes the interests of Wells Reserve through managing and sustaining the coastal lands and other resources within the reserve; furthering coordination and cooperation among state agencies, the Town of Wells and the U.S. Fish and Wildlife Service, and the Laudholm Trust; developing and implementing programs for research, education, and natural resource stewardship; and providing public access.

ORGANIZATION:

The Wells National Estuarine Research Reserve Management Authority was established by the State Legislature in 1990. The Authority is governed by a Board of Directors composed of the Commissioner of the Department of Agriculture, Conservation and Forestry (DACF), or the Commissioner's designee; the Regional Director of Region 5 of the United States Fish and Wildlife Service or the director's designee; a representative of the town of Wells, as designated by the town's board of selectmen; a representative of the Laudholm Trust, as designated by the Board of Trustees; and a public member with an established reputation in

the field of marine or estuarine research, appointed by the Governor for a term of three years. In addition, the following members are ex-officio nonvoting members: The Director of the Maine Coastal Program and the Director of the Office for Coastal Management, National Oceanic and Atmospheric Administration, or the director's designee.

A Reserve Director serves as chief executive to the Authority. He supervises staff with program responsibility in the areas of research, education, natural resource stewardship and facility management.

Core program funding is provided by the Office for Coastal Management/National Ocean Service/National Oceanic and Atmospheric Administration. Laudholm Trust, a non-profit organization with 1,500 members, provides most of the non-federal match funds for this federal grant. Other funds come from income earned from programs and admission fees and from private and government grants.

PROGRAM:

OPERATIONS and MANAGEMENT

Headquarters and visitor center are located at the historic Laudholm Farm. The Reserve is open 365 days a year. Seven miles of interpretive trails are open daily, from 7 a.m. to sunset. The Reserve has a visitor center with exhibits, a gift shop, a library, an auditorium, and a research lab. Another feature of the Reserve is the Maine Coastal Ecology Center, a 6,000 square-foot building that houses a research lab, interpretive exhibits, a GIS lab and offices. Annual visitation is approximately 30,000. The Reserve also has the Alheim Commons, a campus consisting of two buildings that provide housing to visiting coastal scientists, educators and resource managers.

COASTAL TRAINING PROGRAM (CTP)

The Reserve Coastal Training Program provides vital science-based information and technology to decision makers whose work impacts the coastal environment. CTP also sponsors workshops and conferences on coastal resource topics.

RESEARCH and MONITORING

Estuaries and salt marshes, where fresh and salt water meet, are critical in protecting marine resources from pollution that filters toward the ocean. Estuaries are vital links to the Gulf of Maine, and support one of the most important fisheries in the world. Our field and laboratory research, aided by volunteers, town/state officials, students and visiting investigators, support such projects as: Estuarine Fish Distribution-quantify value of marsh dominated estuaries and watersheds for the survival, growth/reproduction of Gulf fishes; Estuarine Water Quality-long term monitoring of water quality to detect improvements/decline in water resources as result of land use and human activities; Salt Marsh Restoration-identify/measure damaging effects of tidal restriction.

EDUCATION

The educational programs of the Wells Reserve are designed to inform the public and coastal management decision-makers about the significance of coastal environments and watersheds. The Education Program has a popular spring and fall guided program for school groups called Exploring Estuaries. The Reserve has several summer programs for children. The Junior Researcher Day Camp allows children ages 9-11 to assist scientists with ongoing research and to learn about the varied habitats of the Reserve. The Reserve also offers one-day exploration sessions introducing children ages 6 to 11 to science and nature. The Education Program also offers the following: guided walks, events, and lectures; internships and fields studies for high school and college students; exhibits and self-guided interpretive tours.

NATURAL RESOURCE STEWARDSHIP

The Reserve conserves and manages wildlife habitats and maintains trails for the public, and cooperates on management activities with Rachel Carson National Wildlife Refuge. The Reserve encompasses 2,250 acres of protected lands. Furthermore, the Reserve works with community groups and organizations in southern Maine towns on coastal habitat restoration, watershed management and land conservation.

PURPOSE:

The Maine Quality Forum (MQF) was established in 2003 as part of the Dirigo Health Agency (DHA) per Title 24-A, chapter 87, Section 6951. DHA was established to arrange for the provision of comprehensive, affordable health care coverage for eligible small employers and individuals on a voluntary basis and for monitoring and improving the quality of health care in the State through the activities of the MQF. As of December 31, 2013, DHA no longer administers any of its health care coverage programs.

The Agency continues its work on healthcare quality as defined in Title 24-A, chapter 87, section 6951. MQF's activities range from public reporting of data related to healthcare associated infection (HAI) rates in our hospitals to patient experience of care results for those served by Maine physician practices. The MQF drives health care quality improvement by working collaboratively with both our private and public sector partners.

Dirigo Health operates under the supervision of a Board of Trustees consisting of nine voting members and three ex-officio, non-voting members.

ORGANIZATION:

Title 24-A, chapter 87, section 6951 describes the duties of the MQF which are highlighted below:

research dissemination; quality and performance measures; data coordination; reporting; consumer education; technology assessment; electronic data; health care provider-specific data; healthcare infection prevention activities.

PROGRAM:

The MQF has been driving a number of initiatives that support its legislative mandate and mission to align with the needs of the market as it relates to improving healthcare quality in the State of Maine. The MQF has adopted the Institute for Healthcare Improvement (IHI) triple aim as its foundation. The goals of the triple aim include: improving the patient experience of care (including quality and satisfaction); improving the health of populations; and reducing the per capita cost of health care. Examples of several key initiatives include the following: MQF developed and launched in FY2016 a new online training tool designed for infection preventionists working in Maine's nursing homes. The curriculum includes: general infection control and prevention practices; common infectious diseases; isolation/transmission precautions, surveillance and data collection; performance improvement, and antibiotic stewardship. The training can be accessed at <http://maineinfectionpreventionforum.org>. MQF continues to support a statewide patient experience of care initiative and added the results of the second year of survey results to its public website <http://mainepatientexperiencematters.org>. MQF promotes transparency of health care quality in collaboration with the Maine Health Data Organization and in FY2016 launched the new health care cost and quality website, www.comparemaine.org. The MQF's 2016 annual healthcare infections report for the state of Maine can be found at https://mhdo.maine.gov/external_reports.htm#. In partnership with the Maine CDC, the MQF co-convenes and co-chairs a multi-stakeholder HAI Collaborating Partners Committee. The Committee has been established with a purpose to assess and analyze the status of healthcare infection prevention and control in the state of Maine and make recommendations on state strategies for the reduction of healthcare associated infections across all healthcare settings.

PURPOSE:

The Downeast Institute for Applied Marine Research and Education (DEI) -- formerly known as the Beals Island Regional Shellfish Hatchery -- is a private non-profit organization whose mission is to improve the quality of life for the people of downeast and coastal Maine through applied marine research, technology transfer and public marine resource education.

ORGANIZATION:

The Institute is overseen by a 16-member volunteer board of directors and employs a full-time program director, two research/production assistants and education director. Work-study students from the University of Maine at Machias assist at the Great Wass Island shellfish hatchery and running seawater laboratory during the summer months, but may also work on special projects through the year.

PROGRAM:

Since 1987, when it was known as the Beals Island Regional Shellfish Hatchery, the Downeast Institute has been conducting successful applied marine research that has been transferred to individual harvesters/fishermen, communities and fisheries managers. The work has focused on efforts involving soft-shell clams, hard shell clams, sea scallops, European oysters, Arctic surfclams, blue mussels and lobsters. Work has occurred at the hatchery, nursery and growout phases of each of these species with results passed along to local shellfish committees and municipal officials. Current projects include: the production of seed soft-shellclams to increase harvests on coastal flats; a project funded by the National Science Foundation (NSF) to examine blue mussel culture and Arctic surfclam culture. That effort is in collaboration with Cooke Aquaculture and A.C. Inc., respectively. The director of research is working with the town of Freeport and clammers in that community to examine, document and mitigate the effects of green crab predation on wild and cultured populations of soft-shell clams. The work is funded by NOAA, through its Saltonstall Kennedy grant program.

Our education center offers marine science research opportunities for k-16 and beyond working with schools all over Maine, and we are conducting marine science summer camps for K-12 youth, and professional development opportunities leading

INDEPENDENT AGENCIES - OTHER

to recertification for K-12 teachers who are interested in enhancing STEM learning in their classrooms focused on the use of the local marine environment as a tool to engage and excite students in science using hands-on, inquiry-based projects that highlight marine science. DEI is currently raising funds to erect a running seawater ecology lab, quarantine lab, two processing labs (one wet and one dry), office space, a reception center and a conference room that will help us become the easternmost marine research laboratory and education center in the United States. The deep-water site will greatly expand research opportunities, provide space for a business incubator for local fishermen and allow the Institute to better serve as the marine field station for the University of Maine at Machias and Maine's only marine research facility specifically devoted to shellfish.

The \$12,500 annual allocation by the Maine legislature has provided the matching funds and demonstration of state support that allowed the Institute to attract more than \$4.4 million in state and federal grants from 2003 through 2015. The Institute's annual operating budget is just under \$218,000.

PURPOSE:

The Efficiency Maine Trust was established for the purposes set forth in the Efficiency Maine Trust Act, 35-A MRSA, section 10101, et seq., as may be amended (the "Act"), including without limitation, developing, planning, coordinating and implementing energy efficiency and alternative energy resources programs in the State of Maine (the "State") to: 1) provide uniform, integrated planning, program design and administration of energy programs; 2) reduce energy costs and improve security of the state and local economies; 3) ensure that all expenditures of the Trust are cost-effective in terms of avoided energy costs; and 4) actively promote investment in cost-effective energy efficiency measures and systems that use alternative energy resources for consumers in the State.

ORGANIZATION:

The governing body is a Board of Trustees made up of nine members; seven are appointed by the Governor and two are ex-officio - the director of the Governor's Energy Office and the director of Maine State Housing Authority. The seven members who are appointed by the Governor serve staggered three year terms. The administrative staff is overseen by the Executive Director who reports to the Board of Trustees.

PURPOSE:

Maine Humanities Council is an independent state-wide educational nonprofit committed to helping Maine people of all ages and educational levels deepen their understanding of themselves, their communities, and the world. The Council's programs, events, grants, and online resources encourage critical thinking and conversation across social, economic, and cultural boundaries. Primary audiences include teachers (K to 12), low literacy adults, health care providers, public library patrons, students, veterans, and the general public. The Council is an independent nonprofit organization.

At present the Council's only funding from State Government is for the New Century Program. 100% of this appropriation is returned to Maine communities as grants for historical, civic, and educational activities in museums, historical societies, libraries, and other community organizations. None of these funds are retained by the Council for administration, personnel or overhead.

ORGANIZATION:

Maine Humanities Council was founded in 1976 as a private nonprofit affiliate of the National Endowment for the Humanities (NEH) and is overseen by a board of trustees drawn from around the state. The budget is approximately \$1.2 million (Source: Audited Statements for FY 2015, less in-kind contributions) derived from federal funding from the National Endowment for the Humanities, as well as individuals, private foundations, and earned revenue. The Maine Humanities Council has been recognized nationally for its innovative and exemplary programming.

The Harriet P. Henry Center for the Book is the programming arm of the Council. This designation was awarded to the Council by the Library of Congress, and projects such as the Council's annual Letters About Literature contest for

INDEPENDENT AGENCIES - OTHER

students are undertaken in cooperation with the Library of Congress' Center for the Book.

PROGRAM:

The Council reaches a wide range of audiences through book discussions, lecture programs, symposiums and other activities.

Let's Talk About It, a free, facilitated book discussion program for adults, has been hosted by local libraries in more than 130 Maine communities. This program is undertaken in conjunction with the Maine State Library. World in Your Library and Speaking of Me offers libraries a chance to host a foreign policy or current affairs speaker series.

New Books, New Readers is a free, facilitated book discussion program for low literacy and ELL adults offered through adult education programs around the state. The program serves approximately 500 Mainers each year.

The annual Dorothy Schwartz Forum on Art, Science & the Humanities is a public themed one-day symposium with a multidisciplinary focus.

Literature & Medicine brings doctors, nurses, hospital trustees, and support staff together for facilitated discussions of literature that illuminates issues central to caring for people. It has taken place in more than 25 hospitals and the Veterans Administration (VA) in Maine and has expanded to more than 25 states nationwide, including 13 VAs. Two additional components of the program focus on special audiences: the Domestic Violence Prevention Initiative serves those who support Mainers affected by domestic violence, and the Hospice Initiative serves those working in a hospice setting.

Our Veterans programming offers facilitated small-group reading and discussion programs directly to veterans and public programs focused on the military experience.

Winter Weekend: a humanities seminar on a classic text, providing an opportunity for participants to explore, in a group setting, an important work of literature.

Think and Drink is a happy-hour series that sparks provocative conversations about big ideas. The series invites the audience to participate in a facilitated public conversation with two panelists who have expertise in the subject at hand.

Humanities Grants (from \$500 to \$7,500) support community organizations in developing and presenting local public humanities programs. Since 1999, these grants have been funded by the state legislature. Our collaboration with Maine Arts Commission offers grants for projects that include both artistic and humanities elements.

Letters About Literature: a national reading and writing promotion program organized by the Center for the Book in the Library of Congress. To enter, students write a letter to the author (living or dead) of their favorite book, poem, or short story; and describe how that book moved or changed them.

Student Humanities Ambassador Program: for rising 10th or 11th graders interested in community engagement through the humanities. The selected student(s) work with MHC to identify a topic and create, plan, run, and evaluate a humanities-based program or event in their community.

Our Literature & Education Program offers a free yearlong series of facilitated reading and discussion sessions for teachers, administrators, and other employees in Maine's school districts to illuminate issues central to educating our students.

We began to collaborate with Maine's Civil Rights Team Project in 2015. This statewide school-based program, run out of the Maine Attorney General's office, engages students and their advisors in civil rights awareness and action. This program reaches approximately 130 schools and nearly 1,800 students and adult advisors around the state.

PUBLICATIONS:

The Maine Humanities Council publishes a free newsletter, Maine Humanities twice per year (Circulation 9,000) and a monthly e-newsletter.

PURPOSE:

The Maine Commission on Indigent Legal Services is responsible for providing efficient, high-quality representation to Maine citizens who are entitled to counsel at state expense under the United States Constitution or under the Constitution or statutes of Maine.

ORGANIZATION:

The Maine Commission on Indigent Legal Services was established through chapter 419 of the Public Laws of 2009, effective June 17, 2009. The Commission assumed the responsibility for providing indigent legal services from the Judicial Branch on July 1, 2010.

PROGRAM:

The Commission uses assigned private attorneys and contract counsel to provide representation to criminal defendants, juvenile defendants, parents in child protective cases, and people facing involuntary commitment to a psychiatric hospital who are indigent. The Commission is responsible for establishing minimum experience, training and other qualifications for assigned counsel and contract counsel; establishing standards for the delivery of indigent legal services; providing training and support to assigned and contract counsel; and processing and authorizing payment of assigned counsel vouchers and other indigent case related expenses.

PURPOSE:

The Maine Venture Fund ("MVF" or "Fund"), the d/b/a name for the Small Enterprise Growth Fund, is the State's venture capital fund. It is a competitive venture capital fund, meaning many business plans are reviewed, but the fund only invests in those scalable companies that stand out as providing the combination of best expected return on investment and greatest positive impact on the State.

The Fund is a "revolving", "non-lapsing" fund. As money is returned to the Fund through return on its investments, it is invested in other scalable Maine companies with the potential for high growth and public benefit.

ORGANIZATION:

An eleven-member Board of Directors, the Small Enterprise Growth Board (SEGB), oversee the Fund. Ten of the eleven are appointed by the Governor through the gubernatorial application process. Of those, five must have relevant experience or background in early-stage investing, or in managing high-growth small businesses; three must have experience in the development of technological innovation; one must be involved in commercial lending; and one must be an attorney with experience in securities law. The eleventh seat is an Ex Officio seat for the Department of Economic and Community Development Commissioner or his/her designee.

Board member functions include determining the Fund's mission and purpose; approving investments to qualifying small businesses; hiring and providing on-going support and guidance to the Managing Director, as well as reviewing the

performance of that individual; providing ongoing support and guidance to the portfolio companies of the Fund; and to work closely with the Managing Director in keeping the Legislature apprised of the Fund's activities and needs.

PURPOSE:

The Maine Vaccine Board (MVB) was established by the 2nd Regular Session of the 124th Maine Legislature in accordance with Public Law 2009, chapter 595. The Board was given the authority and an outline of a mechanism to fund the purchasing of lifesaving childhood vaccines as established by rule and in accordance with the Universal Childhood Immunization Program each year. The Board is charged with (i) determining the costs of purchasing and administering the vaccines; (ii) selecting vaccines available without charge to Maine healthcare providers for the benefit of Maine children; and (iii) assessing the costs equitably among payers for childhood vaccines provided to Maine residents. The board began raising funds for the State of Maine in August 2011 and started funding state vaccine purchases in January 2012. In the fiscal year ending 6-30-2016, the board supplied over \$10 million to the state for the purchase of childhood vaccines. Universal Purchase funded by MVB in fiscal year ending 2016 was estimated to have produced significant savings in childhood vaccine costs.

ORGANIZATION:

The board consists of 10 members: three representative of health insurance carriers; three representatives of providers in the State as nominated by statewide associations of providers; a representative of employers that self-insure for health coverage; a representative of the pharmaceutical manufacturing industry; and two non-voting ex officio members, the Commissioner of the Department of Health and Human Services (or the commissioner's designee) and the State Treasurer (or the treasurer's designee). The board or one of its committees met 4 times in fiscal year 2015-16. The board has engaged an independent Maine licensed public accounting firm to audit its financial statements each year.

PURPOSE:

The purpose of the Commission is to promote the better utilization of the fisheries - marine, shell and anadromous - of the Atlantic seaboard by the development of a joint program for the promotion and protection of such fisheries, and by the prevention of physical waste of the fisheries from any cause.

The Commission provides a forum for discussion and resolution of common problems amongst the 15 Atlantic coast states, and assists the states in developing joint programs. In addition, the Commission participates in the Interstate Fisheries Management Program, whose goal is uniform management and protection of the nation's fisheries resources and viable commercial and recreational fishing industries.

ORGANIZATION:

The Atlantic States Marine Fisheries Commission (ASMFC) was established by a compact entered into by the various Atlantic coastal states beginning in 1941. The Congressional Consent Act was signed by the President on May 5, 1942, and the Commission met and organized in New York on June 5, 1942.

The participating states are: Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia, and Florida. Each is represented by a member of the administrative agency in charge of marine fisheries, a Legislative member appointed by the Presiding Officers of the Legislature, and a person appointed by the Governor. Maine's three Commission members are the Commissioner of the Department of Marine Resources, a member from the Legislature, and a member from industry. The Commission is supported by appropriations from the member states based on the value of their respective commercial and recreational catches.

ASMFC operates through boards and committees comprised of groups of states. The National Marine Fisheries Service (NMFS) of the Department of Commerce is designated as the primary research agency of the Commission, cooperating with the research agencies of each state and the U.S. Fish and Wildlife Service for that purpose.

PROGRAM:

Through its executive office, ASMFC maintains active liaison with all Washington-based fisheries organizations of professional or industry status, including the American Fisheries Society, the International Association of Fish and Wildlife Agencies, the American Sportfishing Association, the National Fisheries Institute, the Shellfish Institute of North America, the National Fish Meal and Oil Association, the Fisheries Products Division of the National Food Processors Association, as well as other resource, environmental, conservation and user groups.

Contract funds from NMFS and USWFS, as well as Congressional appropriations, are used to reimburse travel expenses for state biologists, law enforcement, managers, and administrators who participate in the various committees that have been established to develop regional management programs for interstate Atlantic coast species. Lobster, shrimp, striped bass, bluefish, Atlantic sturgeon, Atlantic sea herring, winter flounder, American shad and river herring programs are of special concern to Maine.

The Commission has continued its cooperative agreement with the NMFS to administer the Interjurisdictional Fisheries Management Program. This

"Interstate Fisheries Management Program" includes state/federal projects involving Northern Shrimp, Shad, and River Herring, Sciaenid, American Lobster, Atlantic Menhaden, Striped Bass, Atlantic Sturgeon, Bluefish, Summer Flounder, the Cooperative Statistics Program, and related activities such as interstate shellfish transportation and fish/shellfish disease control. The major focus of the Commission's interstate program has expanded to implement P.L. 103-206, the Atlantic Coastal Fisheries Cooperative Management Act. The Act establishes affirmative obligations on the states to implement the Commission's Fishery Management Plans or be subject to a federal moratorium on all fishing for the species at issue within the offending state until that state achieves compliance with the plan.

Telephone: (207) 287-2791

Reference: Policy Area: 04 Umbrella: 98 Unit: 327 Citation: S1949 M.R.S.A., Sect.: 00000075

PURPOSE:

The Northeastern Interstate Forest Fire Protection Commission was established to promote effective prevention and control of forest fires in the Northeastern Region of the United States and adjacent areas in Canada. The primary functions of the Commission are to provide mutual aid; to coordinate forest fire protection plans; to consult and advise on prevention and control of forest fires; to provide centralized training in uniform forest fire protection methods; and to request research assistance from the U.S. Forest Service. The Commission broadened the Compact's mission in 2016 to include a forest health working team to address forest pest situations which could impact fire response.

ORGANIZATION:

The Northeastern Interstate Forest Fire Protection Commission was established under the Northeastern Interstate Forest Fire Protection Compact of which the State of Maine became a contracting state in 1949. Maine's representation on the Commission consists of three members, including, ex-officio, the Director of the Bureau of Forestry or designee; a legislator appointed by the Governor and a citizen appointed by the Governor for a term of three years.

PROGRAM:

The activities of the Northeastern Interstate Forest Fire Protection Commission are designed to further promote the effectiveness of forest fire protection in each of the member states and provinces within the Compact.

PURPOSE:

The Authority has responsibility to maintain US Route 1 interstate bridge for vehicular, railroad, and other traffic over the Piscataqua River between Kittery, Maine and Portsmouth, New Hampshire.

ORGANIZATION:

The Authority consists of six members, three of whom, including the Commissioner of the Department of Transportation of the State of Maine, are appointed by the Governor of the State of Maine, and three of whom, including the Commissioner of the Department of Transportation of the State of New Hampshire, are appointed by the Governor of the State of New Hampshire with the advice and consent of the Council. The Authority is empowered to elect a Chairman, Vice Chairman, Treasurer, Assistant Treasurer and Clerk from the membership.

The Maine-New Hampshire Interstate Bridge Authority is a body corporate and politic created by the laws of the States of Maine and New Hampshire and by a compact entered into by said states which was consented to by the Congress of the United States.

The makeup and mission of the IBA is currently under review. Membership changes could include the addition of toll organizations in both states, and the jurisdiction could expand to other Portsmouth-Kittery bridges.

PROGRAM:

Throughout the year the Authority has maintained and operated the Maine-New Hampshire Interstate Bridge and has conducted its activity in accordance with the above purpose.

corridor. A plan defining the goals of this initiative was adopted by Maine and New Brunswick in 1994. The corridor includes two of the State's largest lakes, a 30-mile outstanding river segment, twelve communities and the site of the first French settlement in North America.

ORGANIZATION:

The Commission is an independent, international body with eight members, four appointed by the State of Maine and four by the Province of New Brunswick. State and provincial liaisons and federal observers also serve on the Commission. The Commission operates with a part-time staff that is supplemented as warranted by contract personnel. The majority of its delivery of the waterway management plan is funded by solicited grants and contracts.

PROGRAM:

Each year, the Commission carries out activities under the themes of the St. Croix's international management plan. Of particular note in fiscal year 2016 were:

CONSERVATION and RECREATION

The Commission maintains 70 St. Croix backcountry facilities for Maine and New Brunswick, with recent upgrades and additions due to increased international border enforcement. It continues to issue a waterproof recreation map for the St. Croix boundary water region. The Commission continues to promote sustainable use of the waterway, stewardship and conservation of its adjacent lands and its waters. In 2016, Commission part-time staff alerted authorities to 3 forest fires within the St. Croix region.

ECONOMIC DEVELOPMENT

The Commission is working with several rural revitalization efforts in both Maine and New Brunswick such as The Washington County Unorganized Territories Planning Committee and the Charlotte County Regional Trails Association.

FISHERIES

The Commission Managed the Milltown Research Trap in cooperation with the Passamaquoddy Tribe Sipayik Environmental Department on continued fish passage monitoring at the Fishway, with plans to continue in 2016.

WATERWAY MANAGEMENT

In 2014 the Commission completed a Progress Report on its 1993 Management Plan, to inform the update of this Plan, as per the Commission's mandate, in 2015. The Commission also completed a five-year strategic plan for the organization. In 2016, the Management Plan was approved by the Province of New Brunswick, and will be submitted to the State of Maine for review. The Commission continued a lottery system for seasonal sites, and added one additional seasonal trailer site and one seasonal tent site. The Commission has ad maximum stay for our non-seasonal sites and continues to implement a "Leave no Trace" policy for all sites along the lakes and waterway. The Commission responded to more than 2,500 technical and general inquiries and delivered presentations on a variety of St. Croix and international management topics. Further information is available on the Commission's website www.stcroix.org.

NEW ENGLAND INTERSTATE WATER POLLUTION CONTROL COMMISSION

LEEANN HANSON, TRAINING COORDINATOR

Central Office: 584 MAIN STREET, SOUTH PORTLAND, ME 04074

Mail Address: PO BOX 487, SCARBOROUGH, ME 04074

FAX: (207) 771-9028

Telephone: (207) 253-8020

M.R.S.A., Sect.: 000000532

PURPOSE:

The New England Interstate Water Pollution Control Commission has four broad functions: (1) coordination of interstate water pollution control efforts in the New England states and New York, (2) training of environmental professionals, (3) research, and (4) public education.

ORGANIZATION:

In 1947, the 80th U.S. Congress passed legislation allowing for the formation of interstate water pollution control agencies. The states of Connecticut, Rhode Island, and Massachusetts responded at once by forming the New England Interstate Water Pollution Control Commission (NEIWPCC). Shortly thereafter, Vermont, Maine, New Hampshire and New York (because of interstate waterways connecting it with the New England states) joined NEIWPCC by signing the Commission's new Compact.

PROGRAM:

The Commission's primary task is to coordinate the activities of its member states as they strive for water quality improvement. NEIWPCC encourages personal communication and information exchange while its professional staff provides a variety of services to member states.

Maine benefits directly from NEIWPCC's capabilities through the Commission's management of the Maine Joint Environmental Training Coordinating Committee (JETCC). Located in South Portland, JETCC was established in 1985 as part of the former New England Regional Wastewater Institute. JETCC was created to work in conjunction with the Maine Department of Environmental Protection and Maine Wastewater Control Association in offering training and recertification opportunities for Maine's wastewater treatment plant operators.

In addition to maintaining its original role as a vehicle for training, JETCC has evolved into a tool for collaboration between personnel in the water pollution control community and regulatory staff from a variety of state agencies facing environmental issues. As a result, JETCC not only assists with the delivery of specific training and outreach programs but also furthers the goals of many state agencies with public education and training for a variety of environmental professionals as well as personnel in the field of water pollution control.

WILD BLUEBERRY COMMISSION OF MAINE
ROY ALLEN, CHAIRPERSON

Central Office: 5784 YORK COMPLEX, SUITE 52, ORONO, ME 04469-5784
Mail Address: 5784 YORK COMPLEX, SUITE 52, ORONO, ME 04469-5784 *FAX:* (207) 581-3499
Established: 1977 *Telephone:* (207) 581-1475
Reference: *Policy Area:* 01 *Umbrella:* 99 *Unit:* 294 *Citation:* T0036 *M.R.S.A., Sect.:* 000004312C

PURPOSE:

In 1945, the wild blueberry industry of the state requested the Legislature to establish an industry tax to generate dedicated revenue to be used additional research and extension programs relating to the production and marketing of wild blueberries. Over the years, this tax has been increased for the purpose of advertising and promoting the use of wild blueberries. The Wild Blueberry Commission has the responsibility for the allocation and administration of wild blueberry tax funds. Currently the tax is at the rate of 3/4 cent per pound from growers and 3/4 cent per pound from processors or shippers for a total of 1.5 cents per pound of wild blueberries produced or processed in the state.

ORGANIZATION:

Legislation passed in 1984 provided that the Wild Blueberry Commission of Maine consists of eight members appointed by the Commissioner of Agriculture, Conservation and Forestry. The Commission elects a chair and vice chair person from among its members and employs an executive director to handle the administrative responsibilities of the wild blueberry tax programs.

The legislation also provides for a Wild Blueberry Advisory Committee. See University of Maine Wild Blueberry Advisory Committee.

PROGRAM:

Legislation passed in 1997 provides that wild blueberry tax revenue be allocated to promotion and advertising, research and extension educational programs, administration, and other activities related to the economic viability of the Maine wild blueberry industry. Most of the research and all of the extension activities are programmed through the Maine Agricultural Experiment Station and the Cooperative Extension at the University of Maine. The Experiment Station maintains a research farm known as Blueberry Hill in the town of Jonesboro. In recent years, and largely due to new technology generated through the Agricultural Experiment Station, the production of wild blueberries in Maine has increased from a five year average of 19 million pounds prior to 1981 to a five year average of 93 million pounds in 2015.

Market development and promotion activities are carried out primarily through the allocation of funds to the Wild Blueberry Association of North America (WBANA) promotion program. This organization conducts wild blueberry promotions for domestic markets and export markets. Special emphasis is given to the food service trade such as restaurants, bakeries, lunch programs, export markets and, more recently, consumer markets such as frozen retail sales.

Other activities funded by the Commission include exhibits at trade shows and fairs and participation at the Eastern States Exposition in West Springfield, Massachusetts. Some activities are carried out in cooperation with the Department of Agriculture, Conservation and Forestry.

PURPOSE:

The Wild Blueberry Advisory Committee was established in 1945 when the Blueberry Tax program was initiated for the purpose of providing supplemental funds for wild blueberry research and extension programs at the University of Maine.

At that time, the function of the Advisory Committee was to work with the Director of the Maine Agricultural Experiment Station and the Director of the Cooperative Extension Service in an advisory capacity. While the function of the Committee remains essentially the same, legislation enacted in 1984 changed the status of the Committee by having the committee members appointed by the Wild Blueberry Commission of Maine instead of by the University of Maine. In essence the Wild Blueberry Advisory Committee is a standing Committee of the Wild Blueberry Commission of Maine and reports to the Commission.

ORGANIZATION:

The Wild Blueberry Advisory Committee consists of seven members who serve four years terms. Members of the Advisory Committee may not be reappointed for successive terms. Committee members elect their own chairperson and vice chairperson. Meetings are scheduled in conjunction with the Directors of the Maine Agricultural Experiment Station, researchers and the Cooperative Extension. The Wild Blueberry Commission of Maine has also designated the Executive Director of the Commission to act as an ex-officio member of the Advisory Committee.

PROGRAM:

Program results are presented in research reports and University of Maine Cooperative Extension publications.

PURPOSE:

The Maine Children's Trust, Inc. (MCTI) was established to prevent the abuse and neglect of Maine's children and to provide a mechanism for voluntary contribution by individuals and groups for annual and long-term funding of prevention programs related to child abuse and neglect. Sources of funds include the State of Maine's Income Tax Check-off, state grants, federal funding and donated funds from the corporate, individual and foundation sectors. Funds are used to support statewide child abuse and neglect prevention activities including financial allocations to interested parties who respond to annual request for proposals.

ORGANIZATION:

Established on July 1, 1994, MCTI is comprised of at least 17 members appointed as follows: one Maine State Senator, one Maine State Representative, four members from the Maine Association of Child Abuse and Neglect Prevention Councils, two representatives from the Department of Health and Human Services appointed by the DHHS Commissioner, three members appointed by the Governor, three appointed by the Maine Chamber of Commerce and Industry and at least three by majority vote of the Board.

MCTI is a non-profit corporation held to be an essential governmental function.

PROGRAM:

Responsibilities include:

- a) Create public awareness in both the public and private sectors regarding prevention programs and prevention policies.
- b) Encourage active financial and in-kind participation from the public and private sectors carrying out our purposes.
- c) Develop, initiate, propose or recommend ideas or innovations in rules, laws, policies and programs concerning child abuse and neglect to the Governor, Legislature, agencies, the business community and other groups.
- d) Review applications for grants and award grants and provide funding to recipients and initiatives that best address reduction of child abuse and neglect through prevention.

PURPOSE:

The Civil Air Patrol (CAP) provides an organization to aid United States citizens through voluntary contribution of their efforts, services and resources for the maintenance of aerospace education and to assist in meeting local, state and national emergencies, particularly air search and rescue, and disaster relief.

To accomplish the purposes for which it was chartered CAP: (1) Conducts a nationwide internal and external program of aerospace education, including coordination of workshops conducted at local schools and communities. (2)

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

Conducts a comprehensive cadet program, including an international Air Cadet Exchange, special activities, and supervision of cadet encampments. (3) Maintains an emergency services capability to meet the requests of the Air Force and state and local officials for search & rescue, disaster relief, and other support missions. (4) Conducts a comprehensive Senior Training Program to provide qualified personnel at all levels of CAP. (5) Assists local, state, and other Federal agencies in emergency operations. (6) Conducts a flight management program for assigned aircrew members and manages an aircraft maintenance program for corporate owned aircraft. (7) Maintains a nationwide communications capability to support emergency services operations and conduct official CAP business.

ORGANIZATION:

The Civil Air Patrol (CAP) is the official auxiliary of the U.S. Air Force, and is a non-profit corporation which functions in accordance with its constitution, bylaws, regulations, and other directives issued by its National Headquarters. It was formed on December 1, 1941, and incorporated by the United States Congress on July 1, 1946. On May 26, 1948, the Civil Air Patrol became an auxiliary of the United States Air Force. The Secretary of the Air Force has been given authority to furnish assistance to the CAP and to accept and utilize the services in the fulfillment of noncombat missions of the Air Force.

The organization consists of the National Headquarters at Maxwell Air Force Base in Alabama; eight regional headquarters - Northeast, Middle East, Great Lakes, Southeast, North Central, Southwest, Rocky Mountain, and Pacific; and fifty-two wings - one for each state, the District of Columbia, and Puerto Rico. A wing is composed of a wing headquarters unit and all subordinate units within geographical boundaries of a state. Wing Commanders are appointed by the National Headquarters and have command authority over all CAP units and members thereof, within their respective wings. The squadron is the community level organization of the CAP, and includes three types: Senior Squadrons, composed of senior members only; Cadet Squadrons, composed primarily of cadets with a minimum of three seniors to meet supervisory, administrative and training requirements; and Composite Squadrons, composed of both senior and cadet members conducting both senior and cadet programs.

PROGRAM:

One of the primary missions of CAP is to save lives and relieve human suffering while protecting the lives and equipment of those involved in providing these services. The Emergency Services Mission includes search and rescue; civil defense and disaster relief operations (in support of local, state, federal and other emergency services organizations). Mutual support relationships exist with the National Association for Search and Rescue (NASAR); U.S. Coast Guard Auxiliary (USCGA); the Federal Emergency Management Agency (FEMA); Federal Aviation Administration (FAA); U.S. Army Forces Command (FORSCOM); various Army, Navy, Coast Guard, and other DOD agencies; the Maine Emergency Management Agency (MEMA); The Maine National Guard; American National Red Cross; Salvation Army; Volunteers of America (VOA); and other humanitarian organizations.

The Cadet Program provides opportunities for learning, maturing and accepting leadership to young Americans from 12 to 21 years of age. With advice and assistance from the United States Air Force, the Air Force Reserve, and CAP senior members at the national, regional, state, and local levels, cadets are exposed to a structured program of aerospace education leadership, physical fitness, and moral and ethical values in group and individual activities. As a cadet progresses through this structured program, he or she accomplishes a series of 15 achievements, each involving study and performance in the five program areas. Upon completion of each achievement, the cadet earns increased cadet rank, decorations, awards, eligibility for national special activities, and an opportunity for both flight and academic scholarships.

Civil Air Patrol has an internal and external aerospace education program. The internal program is designed to provide aerospace education to the CAP membership, both senior and cadet. The external program provides the general public with the aerospace education necessary to ensure the development of aerospace and the maintenance of aerospace supremacy. The Aerospace Education Program provides all American citizens with an understanding of, and an appreciation for, the importance of aviation and space exploration to our society and to our national security.

CONNECTME AUTHORITY

PHILLIP LINDLEY, EXECUTIVE DIRECTOR

Central Office: 3RD FLOOR 51 COMMERCE DRIVE, AUGUSTA, ME 04333

Mail Address: 78 STATE HOUSE STATION, AUGUSTA, ME 04333-0078 *FAX:*

Established: 2006

Telephone: (207) 592-0668

Reference: Policy Area: 01 *Umbrella:* 99 *Unit:* 639 *Citation:* T0035A *M.R.S.A., Sect.:* 000009203

PURPOSE:

The ConnectME Authority began operation in June 2007 with the goal of expanding broadband access in the most rural, un-served areas of the state that have little prospect of service from a traditional or incumbent provider. The authority is funded with a 0.25% surcharge on in-state retail communications services. The Authority expands the availability of broadband service to residential and small business customers in unserved or underserved areas by identifying, developing, and providing funding for broadband investments and municipal planning activities in unserved and underserved communities. The Authority provides technical and financial assistance to communities in the State that include unserved and underserved areas to identify the need for broadband infrastructure and services, and develop and implement plans to meet those needs.

ORGANIZATION:

In 2006, the Legislature created the ConnectME Authority to identify un-served areas of the State; develop proposals for broadband expansion projects, demonstration projects and other initiatives; administer the process for selecting specific broadband projects; and provide funding, resources, and incentives. The authority consists of a board of five members, and an Executive Director, an Associate Executive Director, and a Project Manager. Recent legislation expanded the board of the Authority to seven members, effective October 15, 2015.

PROGRAM:

The goal of the authority is to facilitate universal availability of broadband service in Maine and to increase the adoption or take rate of broadband to equal or greater than the national average.

For its current grant funding program, the Authority requests smaller, more focused proposals than in previous grant rounds, with a suggested grant limit for each project of \$100,000, funding no more than 50 percent of the total project, while recognizing the need for flexibility for exceptional proposals. ConnectME recently concluded the Authority's tenth round of grant awards, awarding over \$1.5 million to fifteen projects. To date the Authority has funded 137 projects with over \$11.3 million in grant funds for a total project value of over \$21 million. The next grant round will be announced in spring 2017.

The Authority previously received nearly \$5 million in ARRA grant funding from the Department of Commerce, National Telecommunications and Information Administration (NTIA) to conduct a five year broadband mapping and inventory project, as well as extensive broadband planning and capacity building activities. These programs concluded January 31, 2015. The Authority also administers the NTIA FirstNet grant.

The industry wide dairy marketing plan stresses the nutrition benefits and contributions of dairy products, in accordance with scientific recommendations and in conjunction with dietary guidelines.

ORGANIZATION:

The Board was established in 1949 as the Milk Advisory Committee, later renamed the Maine Dairy Council, and in 1975 became the Maine Dairy & Nutrition Council. In 1996, the Maine Dairy & Nutrition Council became a public instrumentality of the State of Maine. Maine law provides for funding, Board appointments, and Board members' term limits.

The Council is funded under the Dairy Production Stabilization Act of 1983 National Dairy Promotion and Research Order dairy checkoff assessment, paid by Maine dairy farmers to the Maine Dairy Promotion Board and by a milk processors' fee from processors selling milk in Maine.

PROGRAM:

The Maine Dairy & Nutrition Council is an affiliated unit of National Dairy Council®, United Dairy Industry Association, and is one of Dairy Management Inc. 18 state and regional organizations across the country. The Maine Dairy & Nutrition Council utilizes and provides to educators, health professionals and consumers a variety of nutrition education materials, programs, and resources. Many of the programs and resources are developed by National Dairy Council®, and are reviewed and/or endorsed by organizations such as the American Academy of Pediatrics, American Academy of Nutrition and Dietetics, National Medical Association, and the School Nutrition Association.

The nutrition and physical activities program "Fuel Up To Play 60" is a partnership between National Dairy Council® and the National Football League implemented in Maine schools with students and program advisors, focusing on creating healthy school environments, by making healthy food choices and stressing the importance of sixty minutes of daily physical activity. Grants and incentives to accomplish Fuel Up To Play 60 goals, based on prescribed criteria, are available to schools through the GenYOUth Foundation and channeled through the Maine Dairy & Nutrition Council.

Maine Dairy & Nutrition Council has at its disposable nutrition resources, research reports and their findings, downloadable materials, and black-line

PURPOSE:

The Maine Dairy Promotion Board is a USDA qualified dairy checkoff organization. It is the communication, public and industry relations component of the total dairy checkoff program in Maine, focusing on increasing demand for dairy products as part of a dairy industry wide marketing plan. The Maine Dairy Promotion Board is one of 18 affiliated state and regional member organizations of United Dairy Industry Association. Maine Dairy Promotion Board is an affiliate of Dairy Management, Inc. located in Rosemont, Illinois and as such, an affiliate of National Dairy Council®, Innovation Center for U.S. Dairy®, Dairy Research Institute® and United States Dairy Export Council®.

ORGANIZATION:

The Board was established in 1953 as the Maine Milk Committee, later becoming the Maine Dairy Promotion Board. In 1996 the Maine Dairy Promotion Board became a public instrumentality of the State of Maine. Federal and Maine laws provide for funding. The Board is funded under Public Law 98-180, the Dairy Production Stabilization Act of 1983 National Dairy Promotion and Research Order dairy checkoff assessment. The Dairy Act authorized a national dairy producers funded program for dairy products' promotion, education, research, and nutrition education, to increase human consumption of milk and dairy products. The dairy checkoff assessment is paid by Maine dairy farmers on each hundredweight of milk produced. Maine law also provides for Board appointments and Board members' term limits.

PROGRAM:

The Maine Dairy Promotion Board implements the national Unified Marketing Plan, a coordinated program of promotion, in Maine along with other United Dairy Industry Association's state and regional dairy checkoff organizations across the country. A coordinated marketing program designed to communicate, promote and encourage the use of milk and dairy products to all aspects of the general public to strengthen the dairy industry's position in the marketplace. A portion of the promotion budget is allocated to media messaging, and communications, supplemented by other promotions designed to call attention to dairy products, dairy ingredients, the dairy industry, and to encourage the consumption of milk and other dairy products.

Dairy Optimization is an initiative targeted to increase the consumption of milk and other dairy products with children in Maine and the nation's schools. Nationally, programs in quick-serve restaurants, such as McDonald's, Domino, Pizza Hut and others have resulted in dramatic increases in the utilization of dairy products. Promotion activities include consumer messaging, conference exhibits, trade shows, dairy industry events, and school cafeteria programs and promotions, recipe development, and dairy industry posters and education programs

such as specific Media Trainings, Telling Your Story" and the website "Dairy Good". Other promotions supplement media messaging and public and industry relations programs such as National June Dairy Month and The Great American Milk Drive. A dairy crisis communications program in Maine is part of a national effort to protect and enhance the dairy industry. Dairy industry communications are a key factor within the Maine Dairy Promotion Board. 3-Every Day of Dairy is a consumer education initiative targeting, consumers, dairy processors, dairy manufacturers and retailers. The website www.dairyfarmingtoday.org provides access to a variety of information regarding dairy farming and related industry information as well as www.dairygood.org, www.dairycheckoff.org and Maine's www.drinkmainmilk.org. and Facebook page drinkmainmilk.org.

For the benefit of Maine dairy farmers selling milk on the Boston Regional Market, the Maine Dairy Promotion Board, at the Board's discretion transfers a portion of their dairy checkoff income to the New England Dairy Promotion Board to help support promotion programs in the other five New England states.

PUBLICATIONS:

Dairy checkoff information and brochures, dairy industry messaging, posters and related materials, crisis information, dairy product recipes.

M.R.S.A., Sect.: 000000916

PURPOSE:

The Maine Development Foundation (MDF) is a nonprofit economic development corporation created by the Maine Legislature in 1977 to capitalize on the interests, resources, and efforts of the public and private sectors. MDF champions sustainable, long-term growth for Maine. The foundation is a catalyst for new ideas and provides common ground for solving problems and advancing issues.

ORGANIZATION:

Enabling legislation (10 M.R.S.A. Sec. 915-928) for the Maine Development Foundation was passed by the 108th Legislature and took effect in October, 1977. The foundation has the power of a private corporation, which allows the board of directors the freedom to establish and change the activities of the foundation as it sees fit, and act decisively to take advantage of economic development opportunities. All but two of the foundation's board of directors are elected by contributors to the foundation. The board includes both public and private members. This is designed to encourage active participation of private business and local development interests, and establish the public/private partnership at the board level. This partnership has improved the foundation's access to the private sector's ability to generate new business activity and has helped organize public and private resources to stimulate additional business activity in Maine.

The board of directors consists of fifteen people: twelve elected by the membership and two appointed by the Governor. Of these fourteen, seven must come from the public sector members and seven from among the private sector members. The president is appointed by the other directors and is the fifteenth member.

The foundation is financed by membership dues, fee for service, contracts, and grants. Corporations, counties, cities, towns, and other organizations can become

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

members by contributing to the foundation.

PROGRAM:

LEADERSHIP MAINE is a year-long, thirteen day training program for CEOs and senior level managers from business, government, education and the non-profit sector. The program is experiential and helps participants gain new awareness about issues facing Maine's economic future, new skills needed for effective leadership and networks with others throughout the state.

MAINE ECONOMIC GROWTH COUNCIL is a permanent, 19 member council appointed by the Governor, the Speaker of the House and the President of the Senate to establish and maintain a long range economic development plan for the State and benchmarks to measure progress. The council is staffed by the Maine Development Foundation. More information on the council is provided in a separate section of this report. See index for page number.

POLICY LEADERS ACADEMY helps prepare Maine legislators to lead in an increasingly dynamic environment through learning experiences which result in greater knowledge about the economy, using the work of the Maine Economic Growth Council as a template and broader leadership skills to ensure their effectiveness.

THE MAINE DOWNTOWN CENTER, supported by 15 volunteer advisors, is the leading resource for downtown revitalization statewide. The center serves as the State coordinator in Maine for the National Trust Main Street Center utilizing a four point historic preservation-based economic development strategy to create vibrant, healthy downtowns. The center works in 29 communities representing every county in Maine: 10 Main Street Maine communities (Saco, Biddeford, Bath, Rockland, Gardiner, Waterville, Skowhegan, Augusta, Belfast and Brunswick) and 19 Maine Downtown Network communities, a "lighter-pace" second-tier program launched in 2009.

REALIZE!MAINE is created by, for and of Mainers 20-40 to serve as a catalyst, a collaborator and a convener of Maine's young people with a stake in our common future by providing professional, social, cultural, recreational, and civic opportunities in Maine. Projects that lend to these opportunities are a newly created website, virtual network and list service.

NEXT STEP MAINE EMPLOYERS' INITIATIVE supports employers' efforts to increase the educational attainment levels of their workforce. The initiative provides employers with technical assistance, training and statewide recognition for taking steps to support college degree and certificate achievement for their employees. Next Step Maine is part of our effort to capitalize on Maine's ready population of non-traditional students and working adults to help them increase their value in the workforce through increased skills and knowledge.

PURPOSE:

The Foundation for Blood Research (FBR) was a non-profit organization that found

more effective ways to identify, manage and treat human disease through clinical and laboratory investigation, epidemiology, education and clinical testing.

ORGANIZATION:

FBR closed for business as of June 30, 2016. FBR was governed by a board of trustees representing the biotechnology and professional communities, education, and business. The board consisted of at least 11 trustees, but not more than 21.

PROGRAM:

FBR's scientific mission focused on preventive medicine. The professional staff developed alliances with other organizations for carrying out collaborative clinical research studies and took a leadership role in developing educational activities for health professionals, pre-college science teachers and the public. The FBR senior scientific staff also had a role in public health policy-making at a national level.

ScienceWorks, FBR's outreach education program for Maine's pre-college science teachers, provided access for these teachers to the most current research and knowledge in biomedical science. Since the 1970s, Maine high school science teachers have been collaborators to convey biologically-based information to the community through their classes.

ScienceWorks maintained a relationship with biology teachers from about 60% of the secondary schools throughout the state. The program included teacher professional development (through content-specific institutes), a scientific equipment and distribution project (through which several million dollars worth of donated used or surplus laboratory equipment was collected and distributed to 90% of Maine's secondary schools), and an interactive learning laboratory that allowed teachers to bring classes to our research facility for hands-on laboratory experience as a supplement to classroom teaching. All activities were aligned with the National Science Education Standards and Maine's Learning Results.

PURPOSE:

The Maine Educational Center for the Deaf and Hard of Hearing (MECDHH)/Governor Baxter School for the Deaf (GBSD), which encompasses the center school and Statewide Educational Services (SES), offers an array of quality services to all deaf and hard of hearing children, their families and the greater community. GBSD provides educational programming for deaf or hard of hearing students and SES provides early childhood programs and outreach. The vision of the MECDHH/GBSD is to expand educational opportunities, create partnerships and promote optimal communication and literacy for all children who are deaf or hard of hearing.

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

MECDHH/GBSD will be recognized as a leader in deaf education by providing exceptional programs and services.

ORGANIZATION:

The Governor Baxter School for the Deaf had its origin as the Portland School for the Deaf, which was founded in 1876. It operated on Spring Street as part of the Portland School System as the Maine School for the Deaf within the Department of Institutions. When the Bureau of Institutions was dissolved, the organization was placed in the Department of Mental Health and Corrections. It remained there until transferred to the Department of Education. From 1982 through 1996 Department of Education's Office of Federal/State/Local Relations served as liaison to the Commissioner and Legislature and resource on administrative and policy matters.

In 1953, funds donated by Governor Baxter and funds granted by the Legislature were used for the construction of a new residential facility for the deaf on Mackworth Island, which was left by Governor Baxter for that purpose. In 1957, the Legislature honored the Governor by officially changing the name of the school to Governor Baxter School for the Deaf. In 1997, the Governor appointed a separate School Board to oversee the operations of GBSD. In 2005, in order to better reflect the statewide mission of the organization, the name was changed to the Maine Educational Center for the Deaf and Hard of Hearing and the Governor Baxter School for the Deaf.

PROGRAM:

MECDHH/GBSD provides a wide range of services for students, families and professionals in the state. Comprehensive programming includes the Governor Baxter School for the Deaf, which provides a Parent Infant Toddler Program, Preschool Program, Academic Programs for kindergarten through 5th grade, support services for kindergarten students attending East End Community School, support services for middle school students attending Lyman Moore Middle School, support services for high school students attending Portland High School, and Student Support Services which includes an After School Program. Statewide Educational programs provide outreach that serves birth through age 5 and kindergarten through grade 12 statewide.

The Maine Governmental Facilities Authority was established to assist State Government in financing the construction and equipping of facilities by providing access to the tax exempt bond market.

ORGANIZATION:

Established in 1987 as the Maine Court Facilities Authority, the State Legislature created the Maine Governmental Facilities Authority in September, 1997 as its successor. The Authority consists of a five-member Board of Commissioners, including the Treasurer of the State and the Commissioner of the Department of Administrative and Financial Services who serve as ex officio members, and three other members, who are residents of the State of Maine and are appointed by the Governor, for terms of five years. The Board of Commissioners shall elect one of its members as chairman and one as vice-chairman. The

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

Executive Director of the Maine Municipal Bond Bank shall serve as the Executive Director of the Maine Governmental Facilities Authority and is responsible for the day-to-day activities of the Authority. The Executive Director also serves as both the secretary and treasurer of the Authority.

PROGRAM:

During fiscal year 2016, the Authority issued \$62,305,000 in bonds. Of this amount, \$41,115,000 was issued to refinance a portion of the Authority's outstanding bonds and the remaining amount of \$21,190,000 was issued for renovations, repairs and improvements to various state owned facilities throughout the state.

The Authority does not receive an appropriation from the State of Maine. It derives its revenue from loan serving fees charged to participating eligible borrowers using its financing capabilities.

PURPOSE:

The Harness Racing Promotion Board was created in 1993 Public Law, chapter 388 to promote harness racing activities in the State of Maine and encourage increased participation in racing and wagering.

ORGANIZATION:

1997 Public Law, chapter 528, changed the make up of the Board and removed the oversight from the Department of Agriculture, Conservation and Forestry to the joint standing committee having jurisdiction of harness racing matters, the Veterans and Legal Affairs Committee. The Board now consists of one representative from each commercial track, one representing agricultural fairs, one representing the off-track betting facilities, two representing the Maine Standardbred Breeders and Owners Association, two representing the general public, one representing the horsemen's association and two alternates. The members are appointed by the Commissioner of the Department of Agriculture, Conservation and Forestry.

PROGRAM:

The Board has implemented promotional activities in accordance with its mission. The activities are focused on promoting a positive image of the industry, enlarging the fan base, educating the public on the importance of harness racing to the agricultural industry in Maine, including the breeding farms, the hay and grain farmers and dealers, the owners, trainers and drivers of the animals. The Board has maintained educational booths at equine shows, the annual Agricultural Show of the Maine Department of Agriculture, Conservation and Forestry, annual meeting of the Maine Association of Agricultural Fairs, Agriculture Day at the State Legislature and various trade shows. Board meetings are held monthly and are open to the public.

During fiscal year 2016, the Board produced and provided 15,000 calendars providing dates, times and locations of live racing; pocket cards were also

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

provided listing fair dates and displaying the Board's logo. The Board worked with various television stations to advertise harness racing and keep the public informed about when and where they could attend live harness racing meets. Additional coverage and advertising were provided for Breeders Stake Races, as well as the Finals.

The Board participated as a partner with the Portland Seadogs in a Harness Night at Hadlock Field in May when live horses were available for fans to view and drivers in their various racing colors were on hand to sign autographs and converse with the public. Owners, trainers and horsemen participated and the Board's mascot "Whinny" was on hand to provide bracelets with the "Fun to the Finish" logo to fans of all ages. Members of the Maine Standardbred Breeders and Owners Association and others from the harness racing industry helped make this a memorable evening. This will become an annual presentation of the industry to promote yet another sport available for entertainment in Maine.

Additionally, "Whinny" appeared at many other functions during fiscal year 2016. Along with the "Fun to the Finish" logo, the mascot was present at most Maine agricultural fairs that participate in live harness racing and attended fairs where pari-mutuel racing is not on the program. Educational materials were available, tee shirts were presented to children and adults and coloring books, bracelets and other materials were given out.

Along with advertising in the "Maine Invites You" publication.

The Board continues to provide assistance in updating statistics for the industry, record keeping and website access.

PURPOSE:

Incorporated by the State of Maine in 1822, the Maine Historical Society is a charitable, educational, non-profit corporation. It preserves the heritage and history of Maine: the stories of Maine people, the traditions of Maine communities, and the record of Maine's place in a changing world. Because an understanding of the past is vital to a healthy society, we collect, care for, and exhibit historical treasures; facilitate research into family, local, state, and national history; provide education programs that make history meaningful, accessible and enjoyable; and empower others to preserve and interpret the history of their communities and our state. The Society is organized into three major areas: The Brown Library, Wadsworth-Longfellow House and Museum Gallery, and the Maine Memory Network, our online digital museum and archive. A Board of Trustees, eleven standing committees and three subcommittees advise and support the Society staff of 14 full-time and 12 part-time employees in their work.

ORGANIZATION:

Two years after Maine achieved statehood, the Legislature passed a bill in 1822 incorporating the Maine Historical Society, charging it to collect and preserve Maine's history. Governor Albion K. Parris presided over the first meeting in

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

Maine's first State House in Portland. The Society housed its collections at Bowdoin College until 1881 and held its Annual Meetings coincidental to the College's commencement into the early 20th century. Through the efforts of civic leader, philanthropist and scholar James Phinney Baxter, the Society moved its collections and many of its programs to Portland in 1881. Baxter provided space in the new Portland Public Library built in 1889.

In 1901, the Society opened the Wadsworth-Longfellow House Museum, left to the Society through the bequest of Anne Longfellow Pierce. The House, childhood home of famed poet Henry Wadsworth Longfellow, became Maine's first historic house museum. During 1907, the Society finished its new library at 485 Congress Street, adjacent to the Wadsworth-Longfellow House. The Wadsworth-Longfellow House was restored in June 2000. The Society's capital campaign and 1992 purchase of 489 Congress Street allowed expansion of collections storage, exhibition and program space.

Throughout the 19th century, special state appropriations have supported a variety of publication projects, including the "Documentary History of Maine." The Society has received an annual appropriation in support of the Society's historical and educational endeavors since 1940. The Editorial Office for 'Maine History' is at the University of Maine at Orono. Beginning in 1999, a special State appropriation helped MHS start development of the Maine Memory Network, an online museum of our collections networked to other museums and archives across the state. Staff members participate in collaborative efforts throughout Maine and New England including the Maine Archives and Museums Association, the Maine Library Association, Maine Historical Records Advisory Board, New England Archivists, the Academic and Cultural Collaborative of Maine, and the New England Museum Association.

PROGRAM:

BROWN LIBRARY. The Society maintains a research library of an estimated 150,000 books and pamphlets, 200,000 photographs, 3,000 maps and atlases and over 2 million archival pages spanning the 15th to 21st centuries. The Library is widely held to be the most comprehensive resource for studying Maine's past with all aspects of the state's social, economic, political, and cultural history documented. Of particular note are the personal papers of Maine's civic and business leaders, early proprietor and town records, shipping and maritime records, church and religious records, account books and business records, genealogical research collections, cartographic and land surveys, architectural and engineering drawings, photographs, prints and broadsides. The library catalogue is available on line via the Society's website. The Library is open year round and serves over 6,000 in-house researchers each year. The Brown Library, built in 1907, underwent a complete renovation in 2007, reopening in June 2009.

MUSEUMS & COLLECTIONS. Open to the public since 1901, The Wadsworth-Longfellow House Museum, poet Henry Wadsworth Longfellow's boyhood home, is one of the oldest house museums in the country. Open year-round the MHS Museum Gallery houses temporary interpretive exhibitions from our 28,000 artifacts documenting Maine's material culture. The most recent exhibitions were "This Rebellion: Maine in the Civil War," "Home: The Longfellow House and the Emergence of Portland," and "Early Maine Photography: 1840-1870." Guided tours of the Wadsworth-Longfellow House were offered May through December. In 2015, more than 25,000 visitors, including more than 3,500 school children, visited the House, Gallery, or took the Longfellow or Portland History walking tours, or attended public programs. Another 1,000 students received outreach programs. For information, visit the MHS websites: www.mainehistory.org or www.mainememory.net.

OTHER EDUCATIONAL SERVICES. Launched in December 2001, the Maine Memory Network provides Internet links to digitized historical and cultural primary materials from both MHS and contributing organizations from every corner of our state. Modeled in concept on the Library of Congress' American Memory Site, our Maine Memory Network provides links to digitized historical and cultural primary materials from around the state. Online at www.MaineMemory.net, this Web-based, virtual museum and educational resource serves Maine libraries, schools, museums, and every Internet-ready home. The Maine Historical Society offers on-site and outreach programs for teachers and students throughout the state. Through major grants from the Institute of Museum & Library Services and the National Endowment for the Humanities, MHS, in partnership with the Maine State Library and Maine

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

Humanities Council, respectively, worked with more than 270 organizations and communities throughout the state to support local history digitization projects, resulting in thousands of new historical items and stories being added to Maine Memory. More information is available at:

PURPOSE:

The Maine Hospice Council exists to ensure increased access to high quality end of life and palliative care in Maine. The council's mission is to promote universal access to quality end of life care through innovation, creativity, education, advocacy and collaboration.

ORGANIZATION:

The Maine Hospice Council was incorporated in 1984. Funding for the council's operations was made possible by legislation in 1989. Today, the annual grant from the General Fund represents approximately 16% of the council's operating budget.

The council is overseen by a volunteer Board of Directors comprised of 13 members. The organization employs one full-time Executive Director, one part-time Executive Assistant and one part-time sub-contracted bookkeeper. Other project managers may be hired as needed. Workplace giving (Maine Share), annual

appeal, private donations, estate planning, education conferences, special events, consulting and membership dues comprise some of the diverse sources of funding.

PROGRAM:

The Maine Hospice Council is the only statewide organization focused solely on end-of-life care. Two hallmarks of the council's work are collaborative partnerships and outreach to the underserved, evidenced by the creation of the Maine Cancer Pain Initiative in 1996, the development of a Hospice program at the Maine State Prison in 2000, the partnership with Togus VA Medical Center started in 2004 and, most recently, the Maine POLST Coalition in 2008. The council has taken a leadership role in social policy issues and continues to offer internships for graduate and undergraduate students. Access to Hospice services for all people who desire Hospice and qualify under State and federal guidelines remains a priority.

In 1997, the council partnered with over thirty other organizations to form the Maine Consortium of Palliative Care and Hospice (MCPCH). On behalf of MCPCH, the council was awarded a three-year Robert Wood Johnson Community/State Partnership grant, "Care at End of Life: A Public/Private Partnership". In 2001, the Maine Legislature directed the Bureau of Health within the Department of Health and Human Services to establish the Maine Center for End of Life Care. The responsibility for implementation of the center was given to the council, unfortunately without any financial support. In 2015, the council was designated by Public Law 2015, chapter 203 as having convening authority for the Palliative Care and Quality of Life Interdisciplinary Advisory Council.

Recognition of the value of the council's services/programming has resulted in other legislative committees consulting with the council on issues of aging, advance care planning, pain management and other substantive issues. In 2006, at the request of the Judiciary Committee, the council wrote a grant and published "Pain Management at the End of Life: A Physician's Self-Study packet", a three Category 1 Continuing Medical Education course for physicians. This document was done in collaboration with the Maine Pain Initiative, the Maine Medical Association, the Board of Licensure in Medicine within the Department of Professional and Financial Regulations and the Muskie School of Public Service.

Technical support remains on-going for volunteer and Medicare certified Hospice programs as well as long-term care facilities and acute-care hospitals. In addition, the council acts as a clearinghouse for consumer calls as well as offering information, resource materials and public education.

PURPOSE:

MaineHousing (the Maine State Housing Authority) was created by the Maine Legislature in 1969 to address the problems of unsafe, unsuitable, overcrowded, and unaffordable housing. The agency's mission is to assist Maine people in obtaining and maintaining quality, affordable housing and services suitable to their housing needs. In carrying out this mission, the agency provides leadership, leverages federal, state, and private resources, and promotes partnerships to develop and implement sound housing policy. On an annual basis MaineHousing's programs benefit more than 90,000 Maine households - about one of every six households in the state.

ORGANIZATION:

The Maine State Housing Authority "is a public body, corporate and politic and an instrumentality of the State." It functions as an administratively independent authority and receives no General Fund appropriations from the Legislature for its operations.

MaineHousing is governed by a Board of 10 commissioners, 8 of whom must be appointed by the Governor and confirmed by the Legislature upon the recommendation of the Labor, Commerce, Research and Economic Development Committee. The Director of MaineHousing, who is appointed by the Governor and confirmed by the Legislature, serves as an ex-officio non-voting commissioner. The State Treasurer serves as an ex-officio voting commissioner. The other 8 commissioners vote.

MaineHousing couples the methods and efficiencies of the private financial markets with the federal tax incentives of tax-exempt bonds to invest in affordable housing for Maine people.

MaineHousing also is a conduit for bringing a wide range of federal and other funding to Maine, including low income housing tax credits, block grants and competitive grants.

MaineHousing is both Maine's finance agency and a public housing authority for those parts of the State without one.

PROGRAM:

MaineHousing's programs and services fall into the following general categories:

HOUSING DEVELOPMENT. MaineHousing provides financing and financial incentives for private development of affordable rental housing for families, seniors and persons with special needs. This both provides affordable rents and stimulates Maine's economy.

HOME BUYING ASSISTANCE. MaineHousing provides low fixed rate mortgages to first time homebuyers and other assistance to help make homeownership affordable for more Maine people.

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

HOME IMPROVEMENT ASSISTANCE. MaineHousing offers programs to help with home improvement needs, including: low or no cost loans to repair or replace failed wells or septic systems, make heating, electrical, or structural repairs, and improve home accessibility; grants to make homes lead safe; and loans to fund repair of homes damaged in a declared natural disaster.

ASSET MANAGEMENT: MaineHousing oversees the operation of the thousands of rental units that MaineHousing financed or that MaineHousing manages via federal program, including ensuring the units meet fiscal and safety standards.

RENTAL ASSISTANCE. Properties developed with MaineHousing financing offer more affordable rents to consumers. Rental assistance also is provided in the form of federal Section 8 Housing Choice Vouchers.

ENERGY ASSISTANCE. MaineHousing offers fuel assistance using funds from the federal Low Income Home Energy Assistance Program (LIHEAP), and also home energy improvements such as home weatherization and heating system repair or replacement that make homes more affordable for the long term.

HOMELESS ASSISTANCE. MaineHousing provides financing for emergency shelters and other housing options for people who are homeless. MaineHousing also works with homeless service providers and other organizations toward a shared goal of preventing and eliminating homelessness in Maine.

At the end of calendar year 2014, MaineHousing had combined assets of \$1,546,444,000 and net assets of \$304,930,000. The agency's financial strength has been recognized by the nation's two leading bond rating agencies, Moody's and Standard & Poor's.

Reference: Policy Area: 01 *Umbrella:* 99 *Unit:* 587 *Citation:* T0010 *M.R.S.A., Sect.:* 000000945

PURPOSE:

The Maine International Trade Center ("MITC") was established to enhance the competitive advantage of state businesses desiring to compete in the international market. The purpose of the Trade Center, through its private and public board, is to provide and enhance international trade services in coordination with the economic development activities of the private sector, community and regional activities of the private sector, community and regional agencies, and State government. It also facilitates foreign direct investment and international student attraction for the State of Maine.

ORGANIZATION:

The Maine International Trade Center (MITC) was created by the state legislature in 1996 to expand Maine's economy through increased international trade in goods and services. MITC is a public-private partnership funded through the Maine Department of Economic and Community Development, membership dues of nearly 300 business members, as well as corporate sponsor contributions. 81% of MITC's membership has less than 100 employees; 68% has less than 25. The ten person office provides critical services to Maine's small and medium sized businesses, including customized trade assistance to businesses to help identify and take advantage of opportunities in the global marketplace. In FY16 MITC completed over 1,400 trade research projects. The budget request includes funding for the State Director and MENADO Director as well as pass-through grant funding in support of its operations. The powers and duties of the Maine International Trade Center are detailed in 10 M.R.S.A. chapter 107-B.

PROGRAM:

Reporting directly to the Commissioner and through its strategic partners (Maine DECD; Maine ACF; US Department of Commerce; Maine Technology Institute; Maine Manufacturing Extension Partnership; Maine Small Business Development Centers; U.S. Small Business Administration; Finance Authority of Maine; Manufacturers Association of Maine; Food Export USA), the Maine International Trade Center (MITC) coordinates the following:

International Trade Missions: MITC organizes trade missions to targeted markets and industry trade shows to help Maine companies meet one-on-one with prospective clients and contacts.

Educational Workshops and Seminars: MITC hosts educational programs which are critical for informing Maine's trade-related workforce on changes in regulations, helping them understand targeted overseas markets, and informing them about resources available for business development.

Invest in Maine: Maine's dedicated and skilled workforce, abundant natural resources and creative entrepreneurship are key selling points in promoting the state to potential investors around the globe. MITC's Invest in Maine program is designed to increase the flow of foreign direct investment into Maine to finance growing companies and new business ventures that will in turn create jobs and support economic growth. DECD's investment leverages over \$800,000 in federal funding through 2017.

StudyMaine: Over 2,000 international students are enrolled in the State of Maine and contribute over \$80 million to Maine's economy annually. StudyMaine, a consortium of 22 high schools, colleges, and universities, promotes the state as a place to study and encourages lasting ties through alumni and parent relationships. StudyMaine is an extension of MITC's export development work, with crossover to investment attraction.

MENADO: The Maine North Atlantic Development Office was founded in 2014 to

PURPOSE:

The Maine Military Authority was established in State law by the 2nd session of the 120th Legislature as a body corporate and politic and a public instrumentality of the State. The Authority exists to operate the Maine Readiness Sustainment Maintenance Center and to maintain, rebuild, repair, and store equipment for the State, for the United States Departments of the Army, Air Force, Navy and Treasury, and local, state, federal agencies/departments, foreign governments, and private industry.

ORGANIZATION:

The Authority has 60 employees located at its production site in Limestone and 3 employees at its executive office in Augusta. The Executive Director is appointed by the Governor.

PROGRAM:

Initially the program was incepted to provide maintenance and repair services to National Guard vehicles and funded through a Cooperative Agreement with the National Guard Bureau. The Cooperative Agreement terminated September 30, 2015, due to defense spending cuts. The program is currently executing and pursuing mass transit overhaul and military department contracts.

PURPOSE:

The Midcoast Regional Redevelopment Authority (MRRA), a component unit of the State of Maine, is a municipal corporation created by Maine law, 5 MRSA §13083-G, and charged with the responsibility to acquire and manage property at the former Naval Air Station Brunswick (NAS Brunswick) and the Topsham Annex and to facilitate the rapid redevelopment of properties in order to recover from economic and employment loss as result of base closure.

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

ORGANIZATION:

MRRA is governed by an eleven member Board of Trustees appointed by the Governor and confirmed by the Maine State Senate. Power and duties of the board are established by statute. The by-laws direct the Board of Trustees to adopt an annual budget, provide for an annual audit, appoint various committees and hire an Executive Director. The Executive Director is the chief executive officer and is responsible for carrying out the policies of the trustees and overseeing the daily operation of MRRA and appointing staff.

PROGRAM:

NAS Brunswick was a 3,200-acre military enclave within the jurisdictional limits of the Town of Brunswick, in Cumberland County, Maine. Now known as Brunswick Landing, the base was built as a multi-purpose campus that has changed over many years to serve a variety of purposes. It has been an airport since its initial development in the late 1930s, built on the site of the State's first municipal airfield. The Brunswick Executive Airport opened as a general aviation airport on April 2, 2011.

In total there are over 200 buildings totaling over 1.75 million square feet on the base; forty of which would be considered significant facilities that will be redeveloped by MRRA. MRRA's targeted business clusters as described in the Reuse Master Plan include composite R&D and manufacturing; aviation and aerospace research, maintenance, repair and manufacturing; information technology; and a world-renowned business complex for integrated research and development, manufacturing, testing, company incubation and productive operation of green energy technology products and services. To date, 95 businesses or organizations call Brunswick Landing home, including satellite campuses of the Southern Maine Community College and University College at Bath/Brunswick. Collectively, these organizations employ 1,200 individuals.

PURPOSE:

The authority is established to regulate and promote mixed martial arts and professional boxing competitions, exhibitions and events in the State as set forth in Title 8, Chapter 20, sections 521 through 532. A mixed martial arts competition or professional boxing, exhibition or event may not be held in the State prior to the adoption of rules pursuant to this chapter.

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

ORGANIZATION:

The authority is made up of a board of directors consisting of seven members appointed by the Governor. The board elects a chair, a secretary and a treasurer from among its members. All positions are full.

PROGRAM:

The CSAM has spent 2016 promoting and regulating 7 Mixed Martial Arts events and 4 boxing events. The duties of the board consist of registering the event and working with the promoters on approving the fight card. CSAM also registers all fighters and verify that all proper medical clearance has been received, blood work done and an eye exam performed. CSAM monitors weigh-ins to make sure fighters make weight and on fight day we instruct inspectors who oversee the taping of hands, prefight medicals, counting of tickets, escorting fighters to post fight exams, and general enforcement of Maine rules regarding MMA and Professional Boxing. CSAM holds monthly board meetings where we discuss upcoming events, issues and any changes that need to be made to processes or rules. Five percent of ticket sales from these events come back to the Authority along with fees from licensing fighters, events, managers, seconds, trainers and anyone else associated with the fight. These revenues have netted the Authority roughly \$20,000. Much of this money will be used for administrative costs, legal fees, supplies and rule making for the Authority.

LICENSES:

The authority shall review and grant licenses to all fighters, promoters, referees, corners, timekeepers and judges who are involved with any mixed martial arts or professional boxing competition, exhibition or event in the State of Maine pursuant to the rules established by the Authority. Roughly 200 licenses are issued annually.

PUBLICATIONS:

There were no general publications this fiscal year. CSAM will produce an Annual Report; Codified Rules; Bylaws and a Business Plan.

PURPOSE:

Founded in 1967, Pine Tree Legal Assistance, Inc. is a Maine not-for-profit corporation incorporated to provide free legal assistance to low income persons with civil legal problems.

ORGANIZATION:

Pine Tree Legal Assistance (PTLA) is governed by a 26-member Board of Directors composed of licensed Maine attorneys, eligible clients appointed by low-income organizations, and one 'at large' member. The Administrative Office is in Portland (774-4753). Local service offices are in Augusta (622-4731), Bangor (942-8241), Portland (774-8211), Presque Isle (764-4349), Lewiston (784-1558) and Machias (255-8656). Pine Tree operates three special statewide units that address the legal needs of migrant farmworkers (1-800-879-7463), Native Americans (1-800-879-7463) and low income children (1-866-624-7787). PTLA is co-sponsor of the Volunteer Lawyers Project (VLP) with the Maine Bar Foundation. The VLP has a toll free number, 1-800-442-4293 and a local number (207-774-4348).

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

Pine Tree is Better Business Bureau accredited charity that has strict financial accountability measures. Pine Tree Legal receives consistently "clean" annual audits and is one of only six Maine charities to have GuideStar's highest rating - the Gold Star rating for transparency and accountability. Program management/fundraising expenses make up less than 15% of Pine Tree's Legal's total operating budget.

PROGRAM:

Pine Tree Legal Assistance Inc. receives its funding from a number of governmental and private sources. The program's primary funding source is the Legal Services Corporation, which distributes federal funds to legal services programs nationwide. Additional funding comes from other federal agencies, the State of Maine, United Way, the Maine Bar Foundation's Interest on Lawyer Trust Account (IOLTA) Program, and private sources. In general, Pine Tree Legal provides free legal assistance to low-income Maine residents with household incomes at or below 125% of the federal poverty guidelines after certain deductions.

Pine Tree Legal provides direct legal services to eligible clients throughout the state. In fiscal year 2016, its area offices and special units (including Volunteer Lawyers Project) served 31,191 Mainers who were affected by civil legal matters. Its programs handled a total of 12,806 legal cases, of which 60% received legal assessment or simple advice, printed informational materials, assistance with forms and letters, referral to another source of help or brief service, 26% received full representation before a Court or in an administrative hearing, and 13% are ongoing.

Because staffing and other resource limitations prevent Pine Tree Legal and Volunteer Lawyers Project from representing all eligible clients with legal needs, the programs accept cases based on a case acceptance priority plan. Of all cases handled by Pine Tree Legal's local service offices in fiscal year 2016, 57% were housing related; 10% were family law matters; 15% were consumer issues; 6% income benefits related; and the remaining 12% were in the areas of employment, health, education, individual rights, juvenile, and other miscellaneous areas.

The case priorities for the Volunteer Lawyers Project complement those of Pine Tree. Of all cases handled by the VLP in fiscal year 2016, 70% were family law matters; 8% were consumer law matters; 8% related to income benefits, and the remaining 14% were in the areas of education, housing, individual rights, employment and other civil legal problems.

In 2015, Pine Tree launched a statewide online legal intake and triage tool available at ptla.org. This tool helps individuals identify their legal problems, directs respondents to relevant online education materials, and prompts eligible individuals to complete an intake form that is submitted securely online and reviewed by program staff.

PUBLICATIONS:

Pine Tree maintains client education materials, which are available at no charge to income eligible callers in several substantive areas of the law including consumer, family, housing, education, employment, government benefits and health care. The general public may access this information by downloading it from Pine Tree Legal's web page at ptla.org, or via our more specialized webpages, kidslegal.org, statesidelegal.org (Pine Tree Legal's website for veterans and service members), vlp.org and helpmelaw.org. The most popular brochures cover housing and family law issues. In 2015, more than 2.1 million unique visitors accessed information on one of Pine Tree Legal's websites, a 24% increase over 2014.

PURPOSE:

The Maine Potato Board was established as a public instrumentality of the state to provide for the advancement of the Maine potato industry in the public interest and for the public good, under the auspices of a state agency. Under the board, all elements of the Maine potato industry are represented and work together under the leadership of a unified, public board to solve the problems facing the industry.

ORGANIZATION:

The board is an eleven-member group, serving two-year terms, representing grower, processor and shipper elements of the industry. The board selects a president, vice-president, treasurer and secretary from its members, and appoints an Executive Director and Director of Development/Grower Relations to administer programs and policies established by the board.

PROGRAM:

Potato tax revenue for the twelve-month period ending June 30, 2016 was \$752,686. Maine growers harvested 51,500 acres, producing 16,000 million hundredweight of potatoes. The planted acreage was composed of 67% processing varieties, 13% table stock varieties and 20% seed varieties. Approximately 10,486 acres were entered for seed certification.

The tax revenues of the board in 2015-2016 were used as follows: 26% for Administration (Board), 18% Advertising/Marketing, 37% Research and 19% Other. The board was represented with exhibits at trade shows.

The board financed research through the Maine Agricultural Experiment Station and the Cooperative Extension. Other projects, including educational, also benefited from the board grants.

PURPOSE:

The Maine Seed Potato Board was established to foster and improve the seed potato industry of the State of Maine. Its primary responsibilities are to produce, or cause to be produced, through contract or otherwise, sufficient acreages of foundation seed potatoes of various varieties for distribution and sale to Maine potato growers; to work with and through the Agricultural Experiment Station of the University of Maine in conducting a program of foundation seed potatoes annually; to purchase, own, sell or convey farm real estate and farm equipment as necessary for the purpose of producing seed potatoes; and to make rules and regulations pertaining to its program of production, distribution and sales of seed potatoes. Proceeds from the sale of seed potatoes are credited to the operating account of the board.

ORGANIZATION:

The board was organized in April 1945. It initially consisted of six members appointed by the Governor from specified areas for terms of three years, and the Commissioner of Agriculture, Conservation and Forestry served as chairman. A number of changes in the board's structure have occurred since then, and the last one occurred in 2009 when the Legislature voted to transfer oversight of the board from the Department to the Maine Potato Board. The Commissioner now serves as a member and appoints two members to include a representative of the potato industry in a county other than Aroostook County and a person producing potatoes in Aroostook County primarily for processing. The Maine Potato Board appoints six members representing the potato industry in Aroostook County and to include one grower producing primarily tablestock potatoes and another grower producing potatoes primarily for processing. The board is authorized to elect a secretary, who need not be a member of the Board.

PROGRAM:

The board carries out its mission through the operation of a foundation seed potato production facility known as the Porter Farm in Masardis, Maine. Over 200 different varieties are maintained in a tissue culture bank and nearly sixty varieties of seed potatoes are produced in the fields each year. The facility is equipped with tissue culture production, disease testing laboratories, seed storages with climate control systems, greenhouses and an irrigation system to support the production of nuclear and foundation seed. In 2009, the Board began producing minitubers in a state of the art greenhouse using hydroponics that allowed them to produce high quality minitubers at very competitive prices. It also enabled them to increase the volume of seed at a much faster rate to meet growing demands for new varieties.

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

PURPOSE:

Maine Public (most recently known as the Maine Public Broadcasting Network) is Maine's premier, independent media resource serving the entirety of Maine, dedicated to creating exceptional opportunities for the communities it serves to engage with critical issues, compelling stories and quality entertainment. Every day, the Maine Public connects the people of Maine to each other, to the world, and the world to Maine through the open exchange of information, ideas and cultural content. Maine Public is renowned for creating award-winning programs, as well as airing content from Public Broadcasting Service (PBS), National Public Radio (NPR), and other independent producers.

ORGANIZATION:

Formed in 1992, the Maine Public is an independently owned and operated nonprofit organization.

Maine Public has administrative offices and production facilities for television, radio and web services in Lewiston, Bangor, Augusta and Portland. The station's transmitters and translators, located throughout the state, deliver programs to nearly all of Maine's citizens. The organization employs 83 full time and part-time people.

Maine Public is governed by a volunteer Board of Trustees which include the President of Maine Public, a gubernatorial appointee, a University System appointee and up to 24 Community Members from across the State. The Board meets a minimum of four times a year and all meetings are open to the public.

Maine Public has a volunteer community advisory board (CAB) with Membership reflecting the diversity of the state and Maine Public's audiences. The purpose of the CAB is to advise the Board of Trustees and Maine Public staff as to whether the programming and other policies of Maine Public meet the needs of the communities that the station serves. The CAB meets twice a year and its meetings are also open to the public.

Maine Public's revenues come from the voluntary contributions from over 45,000 individual supporters, as well as underwriting support from businesses and nonprofit organizations. Additional funding is received through an annual appropriation from the state of Maine and from television & radio community service grants from the Corporation for Public Broadcasting.

PROGRAM:

Maine Public is the only statewide Public Media service providing local and national content on Television, the Radio and Online to Maine residents, free of charge. Maine Public is committed to bringing local, national and international news, public affairs including extensive coverage of the state government in action in Augusta, and cultural programming that informs, educates and enriches our citizens.

In addition to providing national and international programming, the organization has concentrated its resources on identifying and bringing Maine news and stories to its airwaves to educate entertain and inform the entire state. To that end, Maine Public added an entirely new channel - CREATE - to our over-the-air family of channels last year giving Mainers even more free viewing options than ever. Maine Public provides four free television signals across Maine including our primary channel, CREATE, THE WORLD, and a three-hour delay of our main channel programming.

Maine Public has also enhanced its radio offerings with adding more content and news to its primary radio channel, Maine Public Radio, and launching an entirely new service called Maine Public Classical that provides classical music, jazz and opera across the state through a number of delivery channels.

Maine Public also has included a distinct focus on educational issues facing the state with the creation of an education reporting team and online resources specific to the initiative.

Maine Public Television productions include Maine Public Community Films, coverage of the Maine Principals' Association Invitational High School Basketball State Finals, the annual broadcast of the Governor's State of the State Address, and deep coverage of events and developments in Maine's State Capital. Maine Public Television has also dedicated resources to providing Maine-focused visual exposés in two series called A Maine Sense of Place and Out and About.

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

Maine Public Radio carries significant international, national and local programming. Maine Public's own Morning Edition and Maine Things Considered programs include content each day that explores Maine topics and issues with depth and substance. Maine Public's afternoon call in show, Maine Calling, covers a wide spectrum of topics relevant to Maine listeners. This year Maine Calling expanded to 5 days a week and added a series of new programs to its overall line-up.

Maine Public also launched an entirely new radio service bringing Maine listeners more classical, folk and opera music programs and broadcasts of orchestra and chamber concerts than ever before. Called Maine Public Classical, it is accessible over 4 radio signals (Bangor, Waterville, Fryeburg, and Portland with more anticipated coming on), statewide over HD radio and statewide via online streaming.

Maine Public's web-based services at mainepublic.org draw visitors from around the world and a recently launched free Maine Public App has allowed for greater and more convenient access to Maine Public's online, radio, and television content.

Mainepublic.org serves as a portal to Maine Public's news, radio and television content and community initiatives. Visitors can live stream news and music and individual television and radio programs with links to external educational and continuing education resources in Maine and beyond.

PUBLICATIONS:

Each month Maine Public publishes Experience, a radio and television program guide that doubles as a Maine Public magazine. It is distributed to some 16,000 members and is available at all of Maine Public's offices. Maine Public also distributes electronic email updates to the state and to core groups. Additionally, Maine Public issues Audited Financial Statements, 990 Tax returns, an Annual Report, and a Strategic Plan, all of which can be found online at www.mpbn.net. Any member of the general public can also request either verbally or in writing a copy of these documents.

PUBLIC OUTREACH:

Maine Public recognizes the need to engage the Maine community in both our content and mission and to ensure that we are meeting the needs and preferences of all Mainers. Maine Public connects with our viewers and listeners through a variety of mechanisms including Community Advisory Board (CAB) meetings that are open to the public, Board of Trustees meetings that include opportunities for public comment, community events that include state-wide free public screenings of Maine Public programs, a presence at fairs and festivals, and access to Maine Public -produced events including debates and cultural performances, and an active social media presence with a continuously updated website (mainepublic.org) and a number of active Facebook properties including Maine Public 's main Facebook page with over 23,000+ members. Maine Public partners with non-profits across the state to help promote their events and help drive the success of their efforts.

Maine Public culls feedback through a number of vehicles including listener and viewer surveys, a dedicated Audience Services team to manage all incoming queries via phone and email, and a dedicated Member Services team to manage member issues and concerns.

M.R.S.A., Sect.: 000000023

PURPOSE:

The Greater Portland Public Development Commission has the power, within the confines of Portland, South Portland, Westbrook, Falmouth, Cape Elizabeth and Scarborough, to administer loans and grants to businesses and nonprofits for purposes of stimulating economic growth and revitalization efforts and fostering coordination between economic development entities within the confines of Portland, South Portland, Westbrook, Falmouth, Cape Elizabeth and Scarborough and to accept gifts thereof in trust, or otherwise.

ORGANIZATION:

The commission was created by Special Act of the Legislature which provides for management by five Commissioners appointed by the Governor upon consultation with the City Councils of Portland and South Portland. The commission's charter was recently amended pursuant to Public and Special Law 2009, chapter 23, Section 5.

PROGRAM:

The Commission did not have significant activity during the past fiscal year. The final loan payments under the revolving small business loan fund managed by CEI were received and paid over to the Commission. At the beginning of the current fiscal year, the Commission awarded two (2) grants of \$25,000 each, one to the City of South Portland and the other to the City of Portland to support regional economic development efforts of the two cities. Having made significant grants to other organizations to further regional economic efforts in the Greater Portland area over the past several years in accordance with its charter, the Commission's assets are now at a level where continued operation of the Commission does not make economic sense. Therefore, the Commissioners anticipate winding up the Commission's affairs and dissolving during the 2016-2017 fiscal year.

M.R.S.A., Sect.: 000013120A

PURPOSE:

The Maine Rural Development Authority (MRDA) was established to provide loans to communities, agencies or businesses for the development of commercial facilities as a lender or investor in the acquisition, development, redevelopment and sale of commercial facilities or on a speculative basis in areas where economic and financial needs are not adequately supported by private investment.

MRDA's purpose is to also assist areas of the state hard hit by the loss of a substantial number of jobs or the loss of a large employer. The authority works with private investors, banks and municipalities to help develop commercial

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

buildings to attract businesses and employers and to redevelop existing properties for commercial or industrial use that would otherwise remain vacant.

ORGANIZATION:

MRDA is a public instrumentality of the State. A Trustee Board, consisting of seven members governs the authority. The Governor appoints five of the trustees; the CEO of the Finance Authority of Maine (FAME) and the Commissioner of the Department of Economic and Community Development serve as ex-officio voting members. The commissioner is chair of the board. By-laws were adopted in the fall of 2002. MRDA contracts with FAME for staff and project support.

PROGRAM:

MRDA meets its purpose through two specific programs, the Speculative Industrial Building Program and the Commercial Facilities Development Program. Both programs are governed by statute and by rules adopted by the MRDA. In both programs, MRDA acts as a stimulus to private and public investment in these facilities to create more job opportunities in Maine communities.

The Speculative Industrial Facilities Program (Chapter 99-626-01) provides loans to communities to develop commercial or industrial facilities on a speculative basis. This program was developed in 1973, and was housed in the State Development Office, and later the Department of Economic and Community Development before being transferred to the MRDA.

The Commercial Facilities Development Program (Chapter 99-626-02) allows the authority to serve as the principal, partner, lender or investor to initiate the redevelopment of existing facilities that are suitable for commercial or industrial use for subsequent sale or lease. This program requires at least a 25% match per project, which the MRDA can waive in cases of severe economic distress.

BOARD OF TRUSTEES OF THE MAINE COMMUNITY COLLEGE SYSTEM

JEAN GINN MARVIN, CHAIR

Central Office: 323 STATE STREET, AUGUSTA, ME 04330

Reference: Policy Area: 02 Umbrella: 99 Unit: 480 Citation: T0020A M.R.S.A., Sect.: 000012702

PURPOSE:

The Board of Trustees of what is now the Maine Community College System was established in 1986 by Public Law, chapter 695, to be the policy making authority of the system, to develop and adopt policies for the operation of the system, establish the administrative council, and approve programs and policies recommended by the system president and the administrative council; to prepare and adopt a biennial line-category, operating budget; and to develop and adopt personnel policies and procedures.

ORGANIZATION:

The Board of Trustees of the Maine Community College System consists of 15 members. Twelve are from the fields of business, industry, labor, education, and the general public, and one is a student from one of the community colleges. The Commissioner of Education and the Commissioner of Labor serve ex officio. Public Law 1985, chapter 695, "An Act to Establish the Maine Vocational-Technical Institute System" was signed into law on April 16, 1986, setting in motion the reorganization of the statewide network of vocational-technical institutes (up until then operated as subsidiaries of the Maine Department of Education, Bureau

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

of Vocational Education, under the governance of the State Board of Education) into the Maine Vocational-Technical Institute System, an autonomous postsecondary educational institution governed by an independent Board of Trustees.

In 1989, the 114th Legislature enacted Public Law, chapter 443, "An Act to Enhance the Status of Vocational-Technical Education in Maine," which officially changed the name of the Maine Vocational-Technical Institute System to the Maine Technical College System and clearly defined the system's role in postsecondary education.

In 2003, the 121st Maine Legislature changed the name of the Maine Technical College System to the Maine Community College System to reflect its broad mission of providing career and liberal arts transfer programs for Maine college students. The names of the seven colleges were all changed on July 1, 2003.

The Maine Community College System (MCCS) constitutes a "public instrumentality of the state" but not a "line" State agency included in or attached to a cabinet department; its status vis-a-vis State government is similar to that of the Maine Maritime Academy and the University of Maine System.

Maine law defines the basic mission of the Maine Community College System in the following terms: "To provide associate degree, diploma, and certificate programs directed at the educational, occupational, and technical needs of the state's citizens and the work force needs of the state's employers." The law further defines the primary goals of MCCS as follows: "to create an educated, skilled, and adaptable labor force which is responsive to the changing needs of the economy of the state, and promote local, regional, and statewide economic development."

The first institute was established after World War II to provide vocational and technical training to returning veterans. The seventh and most recent college, York County Community College, was established by the 116th Legislature in 1994.

PROGRAM:

The MCCS offers nearly 300 certificate, diploma, and associate degree program options designed to prepare students for careers and/or transfer to four-year colleges and universities. Credentials are awarded in the following program areas: arts and sciences; health care; automotive and mechanical technologies; business; computers, graphics, and multimedia; construction; education and early childhood; electrical and electronics; engineering technology; heating, plumbing, air conditioning, and refrigeration; hospitality and tourism; natural resources; machining and manufacturing; public safety; and others.

The MCCS Office, set up by legislation to provide statewide coordination and leadership to the seven colleges, operates at 323 State Street, Augusta. The seven-college system consists of Central Maine Community College in Auburn, Eastern Maine Community College in Bangor, Kennebec Valley Community College in Fairfield and Hinckley, Northern Maine Community College in Presque Isle, Southern Maine Community College in South Portland and Brunswick, Washington County Community College in Calais, and York County Community College in Wells. Off-campus centers are located in East Millinocket, Ellsworth, South Paris, Houlton, Damariscotta, and Dover-Foxcroft.

The Maine Community College System operates the Maine Quality Centers Program, an economic development program established by the Legislature in 1994 that provides new or expanding Maine firms and their employees with customized education and training, typically free of charge. The MCCS also operates the Early College for ME program, which provides scholarships and college-transition services for high school students who face barriers to college.

PURPOSE:

The Maine Turnpike Authority is a quasi-state agency created by the Maine Legislature in 1941 to construct, manage and operate the 109-mile toll highway from Kittery to Augusta.

ORGANIZATION:

The Authority consists of 6 members plus the commissioner of the Department of Transportation, or his designee, who is an ex-officio member. These 6 members are appointed by the Governor subject to confirmation by the Legislature. The Governor appoints a chairman from the group of 6. The Authority is empowered to elect a secretary, a treasurer and an executive director.

The Maine Turnpike Authority is a body both corporate and politic, and is an independent agency created by the Legislature.

PROGRAM:

Throughout the year the Authority has enhanced, maintained and operated the Turnpike through its collection of tolls.

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

PURPOSE:

The Board of Trustees of the Maine Veterans' Homes was established to plan, build and manage homes for veterans, their spouses and widowers. There are currently six State Veterans Homes with a total of 640 beds.

ORGANIZATION:

The Board of Trustees of the Maine Veterans' Homes was established in 1977 and consists of 11 members appointed by the Governor for overlapping terms of three years under limitations provided by statute. One member must be a female veteran. The Board elects a Chairman, Vice Chairman and Secretary from its members. The members of the Board serve without pay, but may be reimbursed for expenses. The Board must meet at least six times annually.

PROGRAM:

Maine Veterans' Homes has three 150-bed nursing home facilities located in Augusta, Bangor, and Scarborough. Each of these homes include a 40-bed skilled nursing and rehabilitation unit, a 40-bed long term care unit, a 40-bed secured unit for Dementia and Alzheimer patients and a 30-bed Residential Care Unit. Additionally, there is a 70-bed facility in Caribou and a 90-bed facility in South Paris. These homes focus on skilled care, long term care and have Residential Care beds. The most recent addition to Maine Veterans' Homes is a 30-bed Residential Care facility in Machias. Seventy-five percent of all admissions are reserved for Veterans, but other candidates for admission include the spouse of the veteran, widow or widower of such veteran, and Gold Star Parents, in need of nursing home care and residential care.
