<b>POLICY NUMBER: 27.4</b>		
<b>CHAPTER 27: RELEASE PREPARATION</b>		
	<b>STATE of MAINE</b> <b>DEPARTMENT of CORRECTIONS</b>  <b>Approved by Commissioner:</b> 	<b>PROFESSIONAL STANDARDS:</b>  <b>See Section VIII</b>
	<b>EFFECTIVE DATE:</b> <b>January 1, 1985</b>	<b>LATEST REVISION:</b> <b>December 21, 2022</b>

**I. AUTHORITY**

The Commissioner of Corrections adopts this policy pursuant to the authority contained in Title 34-A M.R.S.A. Section 3035.

**II. APPLICABILITY**

All Departmental Adult Facilities

**III. POLICY**

Participation in the furlough program provides adult facility residents with the opportunity to prepare for a successful reentry into the community following imprisonment by allowing approved residents authorized absences from the facility under carefully prescribed conditions to arrange for housing, employment, education, or treatment; participate in education or treatment; and maintain and/or reestablish family ties. Participation in this program is a privilege that may be afforded to residents who meet the criteria.

**IV. DEFINITIONS**

1. Core Programs - programs identified by a resident's Unit Team as necessary to address high-risk areas specific to the resident, e.g., substance use disorder treatment, domestic violence intervention program, cognitive behavioral therapy, problem sexual behavior treatment, etc.
2. Current custody release date - the release date calculated with detention time credit and with all good time (deductions) awarded and not lost up to the prior month. It also takes account of the restoration of lost good time (deductions) if that occurred any time up to the prior month.
3. Family member - For purposes of this policy, family member means: spouse or domestic partner or the resident's parent, child, sibling, grandparent or grandchild, whether the relationship is natural, adoptive, foster or through marriage; other family member approved by the Chief Administrative Officer, or designee; a person that was primarily responsible for raising the resident, as verified by designated Department staff; or a person with whom the resident had a marital like relationship for at least one (1) year

prior to the resident's commitment, as verified by designated Department staff through documentation (e.g., utility bill, rental agreement, etc.).

4. Furlough program - an authorized temporary absence from the facility granted to an adult facility resident unaccompanied by facility staff on either a furlough pass or furlough leave.
5. Furlough pass - an authorized temporary absence from the facility granted to an adult resident unaccompanied by facility staff for up to six (6) hours during the daytime.
6. Furlough leave - an authorized temporary absence from the facility granted to an adult resident unaccompanied by facility staff from the facility for over six (6) hours, usually overnight and may include weekends.
7. Projected release date - the release date calculated by starting with the current custody release date and then projecting how much good time (deductions) the resident could earn based on the applicable good time code and their current job or program status during the rest of their sentence.
8. Staff - for purposes of this policy, Department employee or a person in a facility providing services to an adult resident or juvenile resident by agreement with or under contract with the Department (e.g., facility health care staff), but not including a volunteer, student intern, delivery person, etc.).

**VII. PROCEDURES**

**Procedure A: Furlough Program, General**

*5-ACI-5F-01, 5-ACI-5F-03 & 4-ACRS-5A-14*

1. The Commissioner, or designee, shall be responsible for the overall administration of the Department’s furlough program.
2. The Chief Administrative Officer, or designee, of each adult receiving facility shall be responsible to ensure there is made available to all residents upon intake to the facility written information about the furlough program, including eligibility requirements, the criteria and review and approval process, and the mandatory conditions.
3. It shall be the responsibility of each adult facility resident and their case manager to work collaboratively on an individualized case plan to include programs and services throughout the time of imprisonment toward the goal of participating in the furlough program when eligible.
4. The Chief Administrative Officer, or designee, of each adult facility with a furlough program shall be responsible for the day-to-day management of the program.
5. All decisions relating to whether an eligible resident is recommended for approval or is approved to participate in a furlough shall have as the primary determining factor the likelihood that the resident will successfully complete the furlough, considering, but not limited to, the following criteria:
  - a. the fulfillment of:
    - 1) expectations as to conduct;
    - 2) expectations as to work, education, and rehabilitation programs assigned in the resident’s individualized case plan;
    - 3) other rehabilitative efforts, including the resident’s demonstration of positive change; and
    - 4) other accomplishments (e.g., volunteering, mentoring other residents, etc.);
  - b. if it is an overnight furlough leave, arrangements for suitable housing in the community, taking into consideration the proximity of housing to any victim, including a victim’s housing, place of employment, or educational institution being attended, if applicable;
  - c. if applicable, the existence of support systems and resources in the community; and

- d. if applicable, participation in community programs during the current time in custody (e.g., work release, prior furlough passes, etc.).
6. An eligible resident shall not be denied approval for a furlough solely because of the type of crime they committed or solely because of objections received from the community. However, the circumstances of the crime or objections from the community may be the basis of modifications to the resident's furlough application or of additional conditions in order to enhance the likelihood of their successfully completing the furlough if approved.
  7. Specific information about input from prosecutors, law enforcement, victims, other persons in the community, and the Office of Victim Services shall not be disclosed to the resident under any circumstances.
  8. The furlough program includes, but is not limited to, the following:  
*5-ACI-5F-02*
    - a. application and screening for eligibility;
    - b. approval or denial;
    - c. conditions for residents while on a furlough;
    - d. monitoring through random contacts with residents while on a furlough leave;
    - e. documentation;
    - f. a system for evaluating furlough program effectiveness; and
    - g. efforts to obtain community cooperation and support, e.g., by arranging for employment interviews, housing applications, and family support.
  9. The approval for a furlough must specify the location or locations within the State of Maine and be for a specified period of time.
  10. The Chief Administrative Officer, or designee, may extend the specified period of time in the event of an emergency (e.g., storm or other natural disaster, verified vehicle breakdown or road condition issue, verified resident or family medical emergency, facility lockdown or other facility emergency, etc.).
  11. The Chief Administrative Officer, or designee, may implement facility practices for pre-approving locations for furloughs and providing a list of pre-approved locations to eligible residents:
    - a. for furlough passes, this may include, but is not limited to, pre-approved restaurants, movie theaters, parks, museums; or
    - b. for furlough leaves where family lives out of state, this may include, but is not limited to, pre-approved hotels, motels and camps.
  12. In determining if a location is to be pre-approved, facility staff may consult with the appropriate probation officer.
  13. The existence of a pre-approved list does not preclude a resident from requesting a different location for a furlough pass or furlough leave, which shall be reviewed for suitability in accordance with facility practices.

14. All expenses incurred while on furlough are the responsibility of the resident, their family, sponsor, or other appropriate private source, except for necessary medical expenses due to an emergency occurring while on the furlough that are not covered by some other appropriate source, such as vehicle insurance or MaineCare.
15. Transportation to and from the facility is the responsibility of the resident, their family, furlough sponsor, or other appropriate private source.
16. If a resident is taken off facility grounds by facility staff (e.g., for a medical appointment or a public restitution work crew) or by an employee of another government agency (e.g., for a Department of Transportation work crew), it is not a furlough and is governed by the applicable departmental policy.
17. If a resident is off facility grounds to participate in a community transition release program (work release, education release, or public service release), it is not a furlough and is governed by Department Policy (AF) 27.3, Community Transition Program.

**Procedure B: Eligibility Requirements**

1. To be eligible for a furlough, the resident must have:
  - a. served at least thirty (30) days of the term of imprisonment in the facility providing the furlough program; and
  - b. no more than three (3) years remaining on the term(s) of imprisonment or, in the case of a split sentence, on the unsuspended portion, after consideration of any deductions that the resident has received and retained under Title 17-A, Sections 2302(1), 2305, and 2307 to 2311 (i.e., first day on a furlough must be no more than three (3) years prior to the resident’s current custody release date).
2. In addition to the above, the resident:
  - a. must be classified community custody;
  - b. must have no detainers, warrants, or other pending holds preventing participation in a community program as set out in Department Policy (AF) 23.1, Classification System; and
  - c. must have completed or be actively participating in assigned core programs and be currently case plan compliant.
3. Finally, the resident must not have been found guilty of a Class A or B disciplinary violation within ninety (90) days of submitting the application to participate in a furlough or anytime thereafter prior to the scheduled furlough and must not have a Class A or B disciplinary report pending at the time of submitting the application or scheduled furlough.
4. Furloughs may be granted for the following rehabilitative purposes:
  - a. to attend an interview, assessment, or evaluation for the purpose of arranging a housing placement, employment, education, or treatment;
  - b. to participate in an approved treatment program; or
  - c. for any other reason consistent with the rehabilitation of the resident that

contributes to release and reentry planning as authorized by the Chief Administrative Officer, or designee.

5. Furloughs may also be granted to visit with family at an approved location. A furlough to visit with family must be in order to attend a significant family event, such as a graduation, birth of a baby, or wedding; reconnect with a family member who will be part of resident's support system upon release; or learn life skills needed for life in the community after a long term of imprisonment. *4-ACRS-5A-16*
6. Furloughs to visit with family have the following additional requirements:
  - a. the resident must have served at least 1/2 of the term of imprisonment imposed or, in the case of a split sentence, at least 1/2 of the unsuspended portion, after consideration of any deductions that the resident has received and retained under Title 17-A, Sections 2302(1), 2305, and 2307 to 2311.
  - b. a resident who is serving concurrent sentences must have served 1/2 of the term of imprisonment imposed or, in the case of a split sentence, of the unsuspended portion, on the controlling sentence, after consideration of any deductions that the resident has received and retained under Title 17-A, Sections 2302(1), 2305, and 2307 to 2311.
  - c. a resident who is serving consecutive or nonconcurrent sentences must have served 1/2 of the imprisonment time to be served on the combined sentences, after consideration of any deductions that the resident has received and retained under Title 17-A, Sections 2302(1), 2305, and 2307 to 2311. Depending on the length of the sentences and the deductions received and retained, a resident may become eligible for a furlough to visit with family during any of the sentences.

### **Procedure C: Sponsor Requirements**

1. In order for a person to sponsor a resident for a furlough pass, the person must be approved by the Chief Administrative Officer, or designee. An approved sponsor for a furlough pass must be a family member or must be a facility volunteer who has been cleared through the volunteer process as set out in Department Policy (AF) 26.1, Volunteer Program and has completed training to include training specific to furlough passes. A volunteer shall not be approved to be a furlough pass sponsor unless the person is a volunteer who works with residents in person at that facility. *5-ACI-5F-04*
2. In order for a person to sponsor a resident for a furlough leave, the person must be approved by the Chief Administrative Officer, or designee. An approved sponsor for a furlough leave must be a family member.
3. The sponsor must be at least eighteen (18) years old.
4. The sponsor shall not be staff or a student intern.
5. The sponsor shall not be a person who is currently charged with murder or a Class A, B or C criminal or juvenile criminal offense. The sponsor shall not be a person who is currently charged with a Class D or E criminal or juvenile criminal offense, unless an exception is made by the Chief Administrative Officer, or designee.

6. The sponsor shall not be a former Department resident, unless an exception is made by the Chief Administrative Officer, or designee.
7. The sponsor shall not be a person under the current supervision of the Department in the community, unless an exception is made by the Chief Administrative Officer, or designee, and the Regional Correctional Administrator, or designee.
8. If the resident is proposing as a sponsor a person who does not meet one of the above requirements unless an exception is made, the Community Programs Coordinator (CPC), or other designated staff, shall so note that on the application and in CORIS, and unless an exception is made by the above person(s), as part of their reviews, the resident shall be required to submit a modified application addressing the issue. There is no appeal from a failure to make an exception.
9. A sponsor shall not be a person who the resident is prohibited from having contact with pursuant to Department Policy 6.3, Contact with Victims, unless the resident is eligible for and is granted a waiver for contact under that policy.
10. A sponsor shall not be a person who the resident is prohibited from having contact with for any other reason, such as a court order or as otherwise set out in an applicable Department policy.

**Procedure D: Furlough Pass**

1. A furlough pass is a privilege granted to an adult resident for an authorized temporary absence from the facility unaccompanied by staff. Except as set out below, a resident must always be accompanied by an approved sponsor.
2. The resident may be permitted to go on a furlough pass without a sponsor only if approved by the Chief Administrative Officer, or designee, and only within the last six (6) months of the resident's current custody release date.
3. A furlough pass may be granted for up to six (6) hours.
4. The frequency of furlough passes may be as follows:
  - a. for a resident three (3) years to six (6) months from current custody release date, once a week; and
  - b. for a resident less than six (6) months from projected release date, twice a week.

**Procedure E: Furlough Leave**

1. A furlough leave is a privilege granted to an adult resident for an authorized temporary absence from the facility unaccompanied by staff. The resident must always be accompanied by an approved sponsor.
2. A furlough leave may be granted for a period of time of more than six (6) hours and up to twenty-four (24) hours for an initial furlough leave.
3. A furlough leave may be granted for a period of time of more than six (6) hours and up to seventy-two (72) hours for subsequent furlough leaves, unless a longer furlough leave is approved by the Commissioner, or designee.

4. The frequency of furlough leaves may be as follows:
  - a. for a resident three (3) years to six (6) months from current custody release date, every sixty (60) days;
  - b. for a resident less than six (6) months and up to thirty (30) days from projected release date, once per month; and
  - c. for a resident less than thirty (30) days from projected release date, two (2) furloughs.

**Procedure F: Planning Meeting**

1. Each adult facility Community Programs Coordinator (CPC), or other designated staff, shall on a monthly basis identify all residents who will become eligible for the furlough program within the next four (4) months and inform the appropriate case managers.
2. As part of this identification process, the CPC, or other designated staff, shall contact appropriate classification staff and that staff shall conduct an electronic records check for any outstanding detainers, warrants or other legal holds or requests for notification from a criminal justice agency.
3. If there is an outstanding detainer, warrant or other legal hold, the classification staff shall take steps to have it resolved as set out in Department Policy (AF) 23.1, Classification System. If there is a request for notification from a criminal justice agency, the classification staff shall notify the agency of the resident's possible furlough. The result of the records check, and any actions taken by classification staff shall be entered into CORIS.
4. For each resident identified as eligible, their case manager shall coordinate a furlough program planning meeting with the resident within the next month.
5. At the meeting, the case manager shall discuss with the resident the criteria and the review and approval process, the mandatory conditions, and the possibility of additional conditions. They shall also discuss the resident's obligation to inform their sponsor while they are on furlough of the obligations that the sponsor will have to fulfill.
6. As soon as practicable after the meeting, the case manager shall forward the Furlough Pass Application (Attachment A) or Furlough Leave Application (Attachment B), as applicable, to the CPC, or other designated staff. The application form shall include an agreement by the resident that the Department's Director of Victim Services, or designee, may notify a victim, if applicable, of the requested furlough pass or furlough leave.
7. If the resident is applying for an initial furlough leave, the case manager shall also forward to the CPC, or other designated staff, the Authorization for the Disclosure of Information for the Purpose of Community Review (Attachment C) and, if applicable, the Authorization for Disclosure of Information Acquired in Connection with the Provision of Substance Use Disorder Treatment Services by the Department of Corrections (Attachment D to Department Policy (AF) 11.2, Confidentiality of Resident Information), which, along with the application, shall constitute the furlough leave packet.

8. For an initial furlough pass or initial furlough leave, the completed application and other documents shall be submitted at least three (3) months in advance of the proposed furlough date.
9. A resident may decline to have a furlough program application submitted after the planning meeting.
10. The resident's case manager shall continue to meet with the resident, as necessary, to assist with any modifications to the furlough program application that the resident chooses to submit later in the review process.
11. The resident's case manager shall also continue to meet with the resident, as necessary, to assist with applying for subsequent furlough passes or leaves.
12. For a subsequent furlough pass or furlough leave, if the furlough is requested for a location or sponsor different from that of a previously granted furlough, the application must be submitted at least three (3) months in advance of the proposed furlough date.
13. For a subsequent furlough pass or furlough leave, if the furlough is requested for the same location and sponsor as a previously granted furlough, the application must be submitted at least five (5) weeks in advance of the proposed furlough date.
14. If it is a subsequent furlough pass or furlough leave and it is an emergency (e.g., medical emergency involving a family member) or the Chief Administrative Officer, or designee, determines it is otherwise necessary, the resident may be allowed to submit a furlough application closer to the proposed furlough date.
15. The Chief Administrative Officer, or designee, may implement facility practices to allow a resident to apply for multiple subsequent furlough passes or furlough leaves to the same location and, if applicable, with the same sponsor, as a previously granted furlough pass or leave, using one application, if they are requested to be more frequent than once a month. In such a case, the review and approval process and the notifications set out below may be consolidated to cover all of the furloughs proposed and/or approved for that resident for that month. (For example, a resident who has been granted a furlough pass and is now eligible for furlough passes twice a week may use one application to request eight furlough passes to the same location and with the same sponsor for a particular calendar month, and the Unit Team and the Chief Administrative Officer may review and approve all eight passes together and the notifications of the eight proposed and/or approved furlough passes may be made in one writing.)
16. A resident may withdraw an already submitted furlough program application at any time.

**Procedure G: Unit Team Review**

1. For a furlough pass with a family member or for a furlough leave, the facility's Community Program Coordinator (CPC), or other designated staff, shall verify the contact phone number listed by the resident and enter the results into CORIS.
2. For an initial furlough or a subsequent furlough to a different sponsor, the CPC, or other designated staff, shall determine whether the proposed sponsor and other persons with

POLICY NUMBER/TITLE	CHAPTER NUMBER/TITLE	PAGE NUMBER
27.4 Furlough Program	27. Release Preparation	Page 9 of 25 12/21/22R

whom the resident is likely to have contact, e.g., family living with the sponsor at the proposed furlough location, are prohibited from visits with the resident.

3. If there are prohibited contacts, the Community Program Coordinator (CPC), or other designated staff, shall notify the resident's case manager, who shall notify the resident that they must submit a modified application (e.g., for a different sponsor who is not a prohibited contact). The CPC, or other designated staff, shall reject any subsequent application that does not address the issue and so notify the resident and the resident's case manager. The CPC, or other designated staff, shall document their action in CORIS. There is no appeal from this action.
4. If there are no prohibited contacts, the CPC, or other designated staff, shall contact the proposed sponsor to find out if the person is willing and able to sponsor the resident while on furlough.
5. If the person is willing and able to sponsor the resident, the CPC, or other designated staff, shall forward a copy of the sponsor's Furlough Agreement (CORIS form) and shall also forward the Furlough Program Agreement and Conditions (Attachment D) and the Furlough Sponsor Rules (Attachment E) to the proposed sponsor.
6. Once the signed Furlough Agreement has been received back from the sponsor, the CPC, or other designated staff, shall conduct a review and enter the results into CORIS. The review shall consist of:
  - a. criminal history background check of the sponsor and of other persons with whom the resident is likely to have contact, if appropriate;
  - b. verification of transportation arrangements (including year, make, model, color and license plate number of the vehicle and current registration, insurance, and inspection) and of a valid driver's license (including state, driver's license number, and expiration date) for the person who will be providing transportation from and to the facility;
  - c. for a furlough pass, consultation with the local probation officer, if it appears the probation officer may be familiar with the sponsor or other persons with whom the resident is likely to have contact, or is familiar with the proposed location (other than a pre-approved location), or that the officer has other relevant information; and
  - d. if applicable, the obtaining of other relevant information (e.g., if a furlough pass is being proposed for an interview for employment, confirmation of the time and place of the scheduled interview).
7. For a furlough pass, if the sponsor is a volunteer, in addition to taking the above steps, the CPC, or other designated staff, shall ensure the volunteer is at least twenty-one (21) years old; the volunteer has been cleared through the volunteer process; the volunteer has completed training, to include training specific to furlough passes; and the volunteer has been approved to take the resident on a pass by the Chief Administrative Officer, or designee.
8. If, after the satisfactory completion of the above steps, the resident remains eligible for the furlough, the CPC, or other designated staff, shall forward the Furlough Pass Application or Furlough Leave Application, as applicable, to the Unit Team.

<b>POLICY NUMBER/TITLE</b>	<b>CHAPTER NUMBER/TITLE</b>	<b>PAGE NUMBER</b>
27.4 Furlough Program	27. Release Preparation	Page 10 of 25 12/21/22R

9. If the resident remains eligible, the Unit Team shall review the furlough application and any other relevant information at its next scheduled meeting. As part of its review, the Unit Team may suggest modifications to the application, suggest programs or services that the resident should participate in or complete prior to proceeding with the application, and/or make recommendations for additional conditions in order to enhance the resident's likelihood of successfully completing the furlough if approved.
10. The Unit Team shall document its review in CORIS, including any suggestions or recommendations and the reasons for those suggestions or recommendations, shall provide the resident with an explanation in writing for any suggested modifications to the application and any suggestions as to programs or services that the resident should participate in or complete prior to proceeding with the application, and shall provide a copy of the explanation to the Community Program Coordinator (CPC), or other designated staff, as well as the resident's case manager.
11. If there are no suggestions for modifications to the application and no suggestions as to programs or services, the application as originally forwarded to the Unit Team shall be further forwarded as set out below.
12. If there are suggestions as to programs or services, the resident may choose to withdraw the application and resubmit it after participating in or completing the programs or services as suggested or may choose to have the application further forwarded as set out below.
13. If there are suggestions for modifications to the application, and the application is resubmitted to the Unit Team with modifications, it shall be further reviewed by the Team, after which the application shall be forwarded as set out below.
14. If there are suggestions for modifications to the application, and the application is not resubmitted to the Unit Team within fifteen (15) days, the application as originally forwarded to the Team shall be further forwarded as set out below.
15. The Unit Team shall forward the application, along with the written explanation sent to the resident, if applicable, and the Furlough Program Review Form (Attachment F) to the Chief Administrative Officer, or designee.
16. Along with the above, the Unit Team shall forward to the Chief Administrative Officer, or designee, its recommendation as to whether the application should be approved based upon the primary factor and criteria set out in Procedure A.
17. The Unit Team shall also notify the CPC, or other designated staff, that the Unit Team Review is complete.
18. Upon notification that the Unit Team Review is complete, the CPC, or other designated staff, shall ensure that the Department's Director of Victim Services, or designee, the prosecuting attorney, the district attorney for the district in which the proposed furlough address is located, the Maine Department of Public Safety, the sheriff for the county in which the proposed furlough address is located, and the police chief of any municipality in which the proposed furlough is located is notified in writing of the proposed furlough. In addition, if the resident might be allowed to go to a location other than the furlough

27.4 Furlough Program	27. Release Preparation	Page 11 of 25 12/21/22R

address and it is in a different municipality or county, notification shall be made to the appropriate criminal justice agencies for that location.

19. For a furlough pass or for a furlough leave to the same location and with the same sponsor as a previously granted furlough leave, the written notification shall request that any feedback about the proposal, including any objections to the resident being granted a furlough, be made to the facility Chief Administrative Officer, or designee. For an initial furlough leave or a furlough leave to a different location or with a different sponsor, the written notification shall request that any feedback about the proposal, including any objections to the resident being granted a furlough, be made to the appropriate Regional Correctional Administrator, or designee, who shall forward it to the probation officer for inclusion in the Furlough Leave Community Report.

#### **Procedure H: Chief Administrative Officer Review**

1. For a furlough leave not requiring a Community Review or for a furlough pass, if the resident remains eligible for the furlough, the Chief Administrative Officer, or designee, after waiting at least one (1) week for feedback from the notified criminal justice agencies and after consultation with the Department's Director of Victim Services, or designee, shall review the furlough application and any other relevant information and make a decision as to whether the resident is approved for the furlough based upon the primary factor and criteria set out in Procedure A and what, if any, modifications to the application and/or additional conditions are required.
2. The Director, or designee, may request the Chief Administrative Officer, or designee, to postpone the decision until the victim, if any, of the crime(s) for which the resident was, is, or will be serving the sentence during the current time and custody is notified of the proposal that the resident be allowed to participate in the furlough and is given the opportunity to provide input.
3. The Chief Administrative Officer, or designee, shall document the decision on the Furlough Program Review form and in CORIS.
4. For a furlough leave requiring a Community Review (an initial furlough leave or a second or subsequent furlough leave to a different location or with a different sponsor), if the resident remains eligible for the furlough, the Chief Administrative Officer, or designee, shall review the furlough leave application and any other relevant information and make a recommendation as to whether the resident should be approved for the furlough leave based upon the primary factor and criteria set out in Procedure A.
5. If the resident is recommended for the furlough leave, the Chief Administrative Officer, or designee, shall document the recommendation in CORIS, including any additional conditions recommended, and the reasons for the recommendations and ensure the Unit Team forwards the application and other documents as set out below.
6. If the resident is not recommended for the furlough leave, the Chief Administrative Officer, or designee, shall document the recommendation and the reasons for the recommendation in CORIS, shall provide an explanation to the resident in writing, to include any suggested modifications to the application and any suggestions as to programs or services that the resident should participate in or complete prior to resubmitting the application, and shall provide a copy of the explanation to the Unit
