POLICY NUMBER: 15.2		
CHAPTER 15: SPECIAL HOUSING		
	STATE of MAINE DEPARTMENT of CORRECTIONS Approved by Commissioner: 	PROFESSIONAL STANDARDS: See Section VIII
	EFFECTIVE DATE: February 1, 2002	LATEST REVISION: September 27, 2022

I. AUTHORITY

The Commissioner of Corrections adopts this policy pursuant to the authority contained in 34-A M.R.S.A. Sections 1403.

II. APPLICABILITY

All Departmental Adult Facilities

III. POLICY

The Department of Corrections recognizes that some residents in its adult facilities may need to be housed separately for disciplinary reasons. Residents are placed on disciplinary segregation status only after being afforded the opportunity for a due process disciplinary hearing.

Residents on disciplinary segregation status are provided with program and activity access, treatment services, and property as appropriate for residents in restrictive housing. The purpose of this policy is to provide governance for the supervision of residents on disciplinary segregation status. *5-ACI-4A-04 & 5-ACI-4B-03*

Because the Department does not house anyone under eighteen years of age in adult facilities, there will be no placement of persons under that age on disciplinary segregation status. *5-ACI-4B-33*

This policy does not govern residents on disciplinary restriction, on administrative status or protective custody status, or in the Administrative Control Unit or the Intensive Mental Health Unit (IMHU).

IV. DEFINITIONS

1. Current custody release date – the release date calculated with detention time credit and with all good time (deductions) awarded and not lost up to the prior month. It also takes account of the restoration of lost good time (deductions) if that occurred any time up to the prior month.

2. Disciplinary segregation – the confinement of a resident in a cell in a restrictive housing unit separated from the general population for a specified period of time as a result of a disciplinary disposition for a disciplinary violation the commission of which posed a direct threat to the safety of other persons or a clear threat to the safe and secure operation of the facility.
3. Health care provider – for purposes of this policy, a physician, physician assistant, or nurse practitioner.
4. Licensed clinician – a psychiatrist, psychologist, psychiatric nurse practitioner, licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist.
5. Restrictive housing - housing that separates a resident from the general population and restricts the resident to their cell for up to twenty-two (22) hours per day for the safe and secure operation of the facility.
6. Serious mental illness - a substantial disorder of thought, mood, perception, orientation, or memory, including disabling conditions such as schizophrenia, schizoaffective disorder, psychotic disorders due to substance abuse or a general medical condition, major depression, bipolar disorder, or post-traumatic stress disorder, resulting in significant impairment of functioning.
7. Step-down program - a program that includes a system of review and establishes criteria to prepare a resident for transition to general population or the community. The program shall be individualized and involve a coordinated, multidisciplinary team approach that includes behavioral health, case management, and security staff. Medical staff shall be a part of the multidisciplinary team when a resident who has a chronic care or other significant medical need participates in this program.
8. Staff - for purposes of this policy, Department employee or a person in an adult facility providing services to an adult resident by agreement with or under contract with the Department (e.g., facility health care staff), but not including a volunteer, student intern, delivery person, etc.
9. Security staff – for purposes of this policy, corrections officer, corrections supervisor, or correctional investigative officer or other facility law enforcement officer.

A resident may be placed on disciplinary segregation status only after having been found guilty of a major violation (Class A or B) of a resident disciplinary rule (i.e., a violation that poses a direct threat to the safety of persons or a clear threat to the safe and secure operation of the facility) and only after having been given a disposition of disciplinary segregation after consideration of the other dispositions that are available to safely deal with the threat posed by the resident's conduct in accordance with Department Policy (AF) 20.1, Resident Discipline. *5-ACI-4A-06 & 5-ACI-4B-01*

4. Any appeal of a guilty finding and/or the disposition of disciplinary segregation shall be made in accordance with Department Policy (AF) 20.1, Resident Discipline.
5. If the resident files an appeal of the finding of guilt and/or the disposition of disciplinary segregation, disciplinary segregation status may be implemented after, but not before, the Chief Administrative Officer, or designee, has reviewed the appeal and, as applicable, has affirmed the finding and the disposition or has affirmed the finding and modified the disposition to a lesser period of time on disciplinary segregation status.
6. If the resident has not waived the right to appeal but does not file an appeal or files an untimely appeal, disciplinary segregation status may be implemented after, but not before, the appeal period has expired.
7. If the resident has waived the right to appeal, disciplinary segregation status may be implemented after the disciplinary proceeding.
8. Staff designated by the Chief Administrative Officer, or designee, shall promptly notify the Unit Manager, or designee, of where the resident is currently housed and the Unit Manager, or designee, of the restrictive housing unit where the resident is to be placed once the disciplinary segregation status may be implemented. The Unit Manager, or designee, shall ensure the resident's placement on disciplinary segregation status as soon as a suitable bed becomes available in the restrictive housing unit.
9. If a resident is on administrative status when disciplinary segregation status may be implemented and a suitable bed becomes available in the restrictive housing unit, that resident's placement on disciplinary segregation status shall take precedence over the placement on disciplinary segregation status of a resident who is on general population status or some other status.

10. Placement on disciplinary segregation status shall take precedence over a placement on administrative status or placement in the Administrative Control Unit.

Procedure B: Health Care Services

1. When a resident is placed on disciplinary segregation status, the Unit Manager, or designee, of the restrictive housing unit shall immediately notify the facility health care staff, who shall provide a screening and review as set out in Department Policy (AF) 18.5, Health Care Services. The notification to the facility health care staff shall be recorded in CORIS. 2. If there is any medical or mental health condition that might contraindicate the placement, the Unit Manager, or designee, shall consult with the facility Health Services Administrator, or designee, to determine whether the identified problem(s) can be resolved. If not, the Unit Manager, or designee, shall notify the Chief Administrative Officer, or designee, who shall notify the Commissioner, or designee, for a decision regarding how to proceed. Any consultation, decision(s), and notification shall be documented in CORIS. *5-ACI-4B-01*
3. Residents placed on disciplinary segregation status shall receive the same medical and behavioral health services as provided to general population residents. An exception may be made by a security supervisor, provided the staff making the exception obtains the approval of the Unit Manager or, if the Unit Manager is not on duty, the Shift Commander, prior to or immediately after the exception. The exception may be made, on a case-by-case basis, when a resident's behavior indicates a threat to medical, behavioral health, or other staff. In such a case, if possible, the provision of medical or behavioral health services shall be modified to ensure the safety of staff.
4. Approval for a resident to receive modified medical or behavioral health services or for another exception to medical or behavioral health services shall be recorded in the unit log. In addition to recording the information in the unit log, the staff person making the request shall complete an Incident Report in CORIS, which shall be reviewed by the Unit Manager as soon as practicable. The exception shall last only as long as necessary, and the approval for the exception and the duration of the exception shall be recorded in CORIS. Any exception shall also be posted on the resident's cell door.
5. A resident on disciplinary segregation status shall be provided medication as prescribed by facility health care staff. *5-ACI-4A-15 & 5-ACI-4B-14*

If any resident remains on disciplinary segregation status for more than thirty (30) days, the Unit Manager, or designee, shall ensure that an individualized treatment plan is developed that includes weekly monitoring by behavioral health staff, treatment as necessary, and steps to facilitate the transition of the resident to general population status. *5-ACI-4B-30*

Procedure C: Disciplinary Segregation Status Reviews

- 1. Except as otherwise provided below, the duration of disciplinary segregation status is determined by the disposition resulting from the disciplinary process.

Note: In some facilities, the restrictive housing unit team, the special management housing unit team, and the assigned unit team may be the same team.

- 3. Unless the resident's behavior warrants denying the resident's presence, the resident shall be allowed to attend each review. At least one day prior to each review, the Unit Manager, or designee, shall notify the resident of the review and the resident's ability to attend and to submit a written statement for the review, and the Unit Manager, or designee, shall document the notification in CORIS.

5. If a resident refuses to attend a review, the refusal shall be documented on the form and in CORIS, and the review shall proceed in the resident's absence. The resident shall be given the opportunity to submit a written statement prior to the review, and any written statement shall be summarized in CORIS.
6. If present at the review, the resident may respond orally or submit a statement in writing. A summary of the resident's oral statement, if any, shall be documented on the form and in CORIS, and any written statement shall be attached to the form and summarized in CORIS.
7. The unit team may recommend to the Chief Administrative Officer, or designee, that:
 - a. the resident remains on disciplinary segregation status, at least until the next review;
 - b. the disposition of disciplinary segregation be modified to disciplinary restriction, which must be for the same number of days, for one of the following reasons:
 - 1) the resident has demonstrated an extended period of good behavior;

 - 3) to address a medical or mental health need after consultation with appropriate medical or behavioral health staff; or
 - 4) for any other reason the team deems appropriate; or

9. When conducting a review of a resident who the team is recommending remain on disciplinary segregation status for more than fourteen (14) days, the team shall consider opportunities to increase a resident's time out of cell for program opportunities, prosocial activity, and/or an attempt to target the behaviors that led to the placement. The Unit Manager, or designee, shall document this consideration in CORIS.
10. In the case of a resident diagnosed by facility behavioral health staff with a serious mental illness, the reviews shall be conducted by a multidisciplinary team, including at

least the Unit Manager, or designee, the facility Director of Behavioral Health, or designee, and a security supervisor. The resident shall not remain on disciplinary segregation status unless the facility Chief Administrative Officer, or designee, after consultation with the team, determines there is an immediate and present danger to others or the safe and secure operation of the facility. Prior to the first seven (7) day review, the resident shall be reviewed for possible placement in the Intensive Mental Health Unit, in accordance with Department Policy (AF) 18.6.1, Intensive Mental Health Unit. *5-ACI-4B-30*

11. In the case of a resident sixty five (65) years of age or older, the reviews shall be conducted by a multidisciplinary team, including at least the Unit Manager, or designee, a facility health care provider, and a security supervisor. The team may consult with appropriate facility staff (e.g., Special Investigations and Intelligence, behavioral health staff, etc.). The resident shall not remain on disciplinary segregation status unless the facility Chief Administrative Officer, or designee, after consultation with the team, determines there is an immediate and present danger to others or the safe and secure operation of the facility.

A resident shall not remain on disciplinary segregation status for more than thirty (30) days unless that is reviewed and approved by the Chief Administrative Officer, or designee, as a result of the fourth seven (7) day review. This shall fulfill the requirement in Department Policy (AF) 20.1, Resident Discipline, that, in the case of a resident who has been given a disciplinary disposition that would result in the resident being on continuous disciplinary segregation status for more than thirty (30) days, the Chief Administrative Officer, or designee, shall review and determine whether to approve the continuation on disciplinary segregation status beyond the thirty (30) days or modify or suspend the disposition. *5-ACI-4A-09*
15. The facility Chief Administrative Officer, or designee, may, at any time, modify or suspend a disposition of disciplinary segregation as set out in Department Policy (AF) 20.1, Resident Discipline and shall ensure any such action is documented in CORIS.
16. If the Chief Administrative Officer, or designee, decides to modify a disposition of disciplinary segregation to disciplinary restriction, the resident shall not be placed back on disciplinary segregation status, except as the result of having been found guilty of a new major violation (Class A or B) of a resident disciplinary rule and after having been given a disposition of disciplinary segregation for that new violation.
17. If the Chief Administrative Officer, or designee, decides to suspend a disposition of disciplinary segregation, the resident shall not be placed back on disciplinary segregation status, except as provided under Department Policy 20.1 (AF), Resident Discipline for the revocation of a suspended disposition or except as the result of having
