Mountain View Correctional Facility Special Clinical Housing Unit (SCHU)

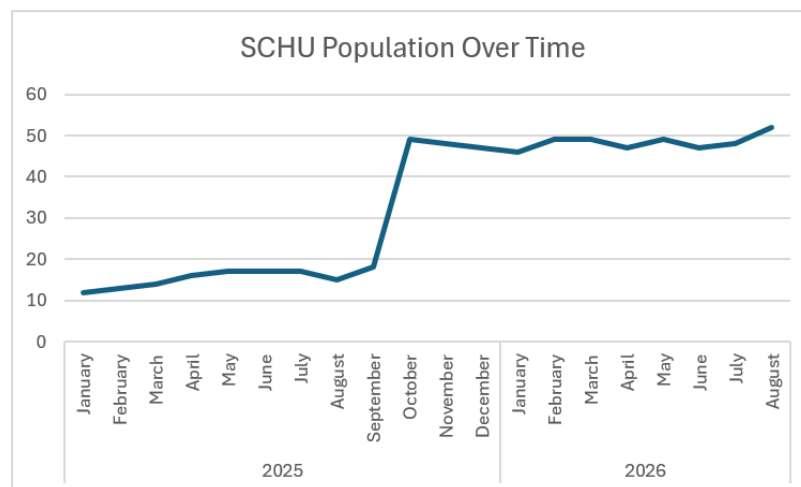

SCHU provides residents with long term or terminal health conditions or disabilities (to include mental health) daily monitoring, medication, and/or support services for activities of daily living at a nursing intervention level. The SCHU is made up of two housing units at Mountain View Correctional Center. Nursing staff are available 24/7. Resident care is provided by medication technicians, Certified Nurses Aids, and Registered Nurses.

In addition to nursing care, SCHU utilizes Behavioral Health Technicians to offer groups to provide healthy leisure activities including yoga, prosocial groups, bingo, current events, and scavenger hunts. Residents of the SCHU also have access to a fish tank, outside garden, and exercise equipment.

“Helping Hands” are volunteer residents working on SCHU who provide daily assistance to residents. Some of the tasks include assistance with cleaning rooms, pushing wheelchairs, and reading and writing assistance.

1.3 Administrative Control Unit Population

The Administrative Control Unit (ACU) is a housing unit at the Maine State Prison for residents in need of an extended period of intensive security and programming, when a return to a larger general population may pose an on-going or serious threat to the safety of others, risk of escape, or another repeated or serious threat to facility security. Residents in the ACU are afforded at least four (4) hours of time out of cell, per day, and are afforded access to programs, services, and communications comparable to general population housing areas.

The percent of the adult male population that was housed in the Administrative Control Unit (ACU) during the month of August 2026 was 0.32% (6 residents). The percent of the adult male population in ACU over the past two years is shown in the graph below.

The tables below show the demographics of residents in the Administrative Control Unit during the month of August 2026.

1.4 Restrictive Housing Population

Restrictive housing at MDOC is defined as housing that separates a resident from the general population and restricts the resident to his or her cell twenty-two (22) hours or more per day for the safe and secure operation of the facility.

Administrative status is the MDOC's designation used when placing a resident in restrictive housing. Administrative status is the placement of a resident in a cell in a restrictive housing unit separated from the general population or in another housing unit only for as long as necessary as a result of a determination that there is a direct threat to the safety of persons or a clear threat to the safe and secure operation of the facility if the prisoner is on a less restrictive status.

The number of stays below and to the left are the number of times any resident spent any amount of time on the status during the month of August 2026. The number of unique residents below and to the right, are the number of residents that spent any amount of time on the status during the month of August 2026.

Number of Stays for Each Status	Male	Female
Administrative Status	66	7
Disciplinary Segregation	6	4

Number of Unique Residents for Each Status	Male	Female
Administrative Status	61	7
Disciplinary Segregation	5	4

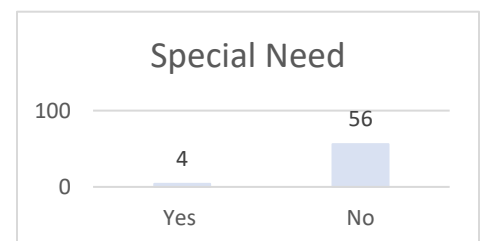

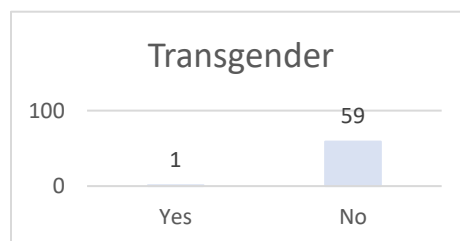

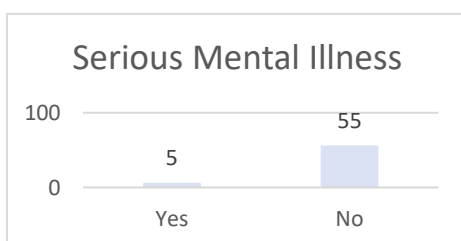

The tables below show the demographics of residents on a restrictive housing status during the month of August 2026.

Race	Male		Female	
Asian	0	0.0%	0	0.0%
Black or African American	20	30.77%	0	0.0%
Native American	2	3.08%	0	0.00%
Nat. Hawaiian or Pac. Islander	0	0.0%	0	0.0%
Two or More Races	0	0.0%	0	0.0%
Unknown	0	0.0%	0	0.0%
White	43	66.15%	8	100.0%

Age Groups	Male		Female	
20's	20	30.77%	1	12.50%
30's	21	32.31%	4	50.00%
40's	18	27.69%	2	25.00%
50's	4	6.15%	1	12.50%
60's	2	3.08%	0	0.0%
70's	0	0.0%	0	0.0%
80's	0	0.0%	0	0.0%

An administrative status placement is an option of last resort, to be used only when a less restrictive alternative has not been or would not be effective to resolve the threat posed. This is especially important if a client has any medical or mental health condition that might contraindicate the placement.

In August, there were five residents with a serious mental illness at time of Administrative Status placement, and one resident identified as transgender. Four residents had a special need. "Special need" refers to residents with higher psychiatric acuity who need consistent/regular and frequent engagement with the mental health and psychiatric teams.

2.0 Correctional Programming

2.1 Resident Classification Reviews

Client classification is a correctional process by which each resident is rated per his/her institutional risk and is used to determine an appropriate housing unit. There are four classifications for MDOC residents, including: Close, Medium, Minimum, and Community. An Initial Classification is performed upon admission to a correctional facility after completion of intake assessments. After the initial classification, residents with more than 5 years must be reviewed annually. Residents with 5 years or less remaining, or who are transgender, or intersex must be reviewed every 6 months. Case Managers and Unit Teams combined are responsible for keeping classifications up to date.

Classification reviews by facility can be found below (as of August 4, 2026).

5.0 Prison Industries Report

Prison Industries exist at all adult facilities and provide vocational skill training and work opportunities for residents. The wage earned goes towards room and board, paying fines and restitution, and for resident expenses and savings accounts.

The chart breaks down each job by facility location, number of employees, and total numbers worked during a given month's pay period. Depending on when paydays fall, one month can show an extra pay week. The "MSP/MCC Women" Facility designation means women at MCC who were working on a project under MSP's Industries.
