Current Population by Controlling Sentence

The table to the right shows the total population by controlling sentence. The 43 in the “Null” category is a result of the correctional information system not being able to determine a controlling sentence. The “Attempt” category represents several offense types where the controlling offense was attempted but not successful. Controlling offense reflects all adult facility population on March 2, 2022.

1.3 Administrative Control Unit Population

The Administrative Control Unit (ACU) is a housing unit at the Maine State Prison for residents in need of an extended period of intensive security and programming, when a return to a larger general population may pose an on-going or serious threat to the safety of others, risk of escape, or another repeated or serious threat to facility security. Residents in the ACU are afforded at least four (4) hours of time out of cell, per day, and are afforded access to programs, services, and communications comparable to general population housing areas.

The percent of the adult male population that was housed in the Administrative Control Unit (ACU) during the month of February 2022 was 0.55% (8 residents). The percent of the adult male population in ACU over the past two years is shown in the graph below.

The below tables show the demographics of residents in the Administrative Control Unit during the month of February 2022.

1.4 Restrictive Housing Population

Restrictive housing at MDOC is defined as housing that separates a resident from the general population and restricts the resident to his or her cell twenty-two (22) hours or more per day for the safe and secure operation of the facility.

Administrative status is the MDOC's designation used when placing a resident in restrictive housing. Administrative status is the placement of a resident in a cell in a restrictive housing unit separated from the general population or in another housing unit only for as long as necessary as a result of a determination that there is a direct threat to the safety of persons or a clear threat to the safe and secure operation of the facility if the prisoner is on a less restrictive status.

The number of stays below and to the left are the number of times any resident spent any amount of time on the status during the month of February 2022. The number of unique residents below and to the right, are the number of residents that spent any amount of time on the status during the month of February 2022.

Number of Stays for Each Status	Male	Female
Administrative Status	63	2
Disciplinary Segregation	7	0

Number of Unique Residents for Each Status	Male	Female

2.0 Correctional Programming

2.1 Correctional Program Fidelity

MDOC staff participated in a University of Cincinnati Corrections Institute (UCCI) training on fidelity monitoring using their group observation and coaching process. The form is designed to provide a platform for trained staff to observe and rate program delivery in six individual skill areas and adherence to specific program curriculums, providing an overall fidelity score. The scores can range from 0-2. A zero score indicates “needs improvement,” 1 indicates “satisfactory,” and 2 “very satisfactory.”

The table below shows MDOC core programming cumulative scores for 2022 observed programs. *The treatment program expectation is all core programs will be observed a minimum of twice per class cohort.*

Client Classification Reviews

Client classification is a correctional process by which each resident is rated per his/her institutional risk and is used to determine an appropriate housing unit. There are four classifications for MDOC residents, including: Close; Medium; Minimum; and Community. An Initial Classification is performed upon admission to a correctional facility after completion of intake assessments. After the initial classification, residents with more than 5 years must be reviewed annually. Residents with 5 years or less remaining or who are transgender, or intersex must be reviewed every 6 months. Case Managers and Unit Teams combined are responsible for keeping classifications up to date.

The chart to the right demonstrates the timeliness of statewide classification reviews for MDOC residents as of March 8, 2022. "Ok" and "Coming Due" statuses represent those up to date at 93.3%. "Overdue" and "Overdue Pending" require review and finalization.

Classification reviews by facility can be found below (as of March 8, 2022)

MaineCare & Projected Resident Releases- Through a collaboration with Department of Health and Human Services MaineCare Division, CMs can assist residents in ensuring MaineCare is in place at discharge.

Below are February 2022 releases with MaineCare status at discharge:

- **54** resident releases in January with full MaineCare in place.
- **1** released with MaineCare Rx coverage only
- **6** released out of state

2.3 Opioid Use Disorder & Substance Use Disorder Treatment

The tables below highlight treatment for Opioid Use Disorder (OUD) and Substance Use Disorder (SUD) at MDOC adult correctional facilities, separated by male and female treatment cohorts. Waitlists are generated by clinically assessed need. Once a resident is placed on the waitlist, they are offered treatment when a slot becomes available in the appropriate treatment.

“Grand Total” row represents the total number of residents active or wait listed in a treatment program, by program name. It is possible for a resident to be active or waitlisted for multiple SUD/OUD treatment programs, therefore the “total unique participants” row shows the non-duplicated number active in, or on a waitlist for any OUD or SUD treatment. The “total unique male pop” row shows the number of male residents on the day this report was run, and the % of male population represented by the unique participants in the waitlisted and active columns.

College Programming at MDOC

For over 20 years, the Maine Department of Corrections has been providing opportunities for residents to participate in and complete college programming. With over 100 college degrees awarded to residents since 2009, the college program has had a transformative impact on the culture of corrections and in the mindset of residents.

For more on the MDOC College Education Program, please see our report "MDOC College Program" at <https://www.maine.gov/corrections/CollegeProgramData>

Statewide Classroom Observations

Education Observation Expectations: Two observations per class cohort. Scoring scale for skill areas is 1= meets standard, 2= exceeds standard, 0=needs improvement. All classrooms have a goal of 1.5 or higher in all skill areas.

The table below shows MDOC education programming observations cumulative scores for 2022 as of March 7, 2022.

2.5 Programming Tablets

The programming tablets in our MDOC facilities are corrections grade and operate on a closed, managed network that allows residents access to thousands of hours of free academic, vocational, life skills, and therapeutic programming designed for all learning levels. Currently there are over 700 tablets available to residents at specific levels in the following facilities: Maine State Prison, Maine Correctional Center, and Mountain View Correctional Facility.

“Productive Hours” is the total amount of time residents spent in active programming and “Total Hours” includes “Productive Hours” plus entertainment hours used. Residents earn entertainment time for active programming time.

4.0 Supervised Community Confinement Program (SCCP)

The purpose of the Supervised Community Confinement Program is to provide a means of successful reentry of facility residents into the community. Residents transferred to supervised community confinement are still considered facility residents while in the program. The place of confinement is in the community, rather than in a correctional facility. Participation in this program is a privilege that may be afforded to residents who meet the established criteria.

6.0 Office of Victim Services

February 2022 Highlights

Victim Notification:

MDOC, Office of Victim Services (OVS) registers victims of crime for notification of adult or juvenile resident release and enforce such requests as outlined in Statute.

- Number notification requests assisted by the MDOC OVS: 3
- Total new victims registered for notification in February 2022: 14

Safety planning:

OVS advocates track information pertaining to releases of persons with problem sexual behavior or domestic violence history into the community. The victim advocate(s) provides support services, referrals, resources, and safety planning to crime victims prior to a registered person with problem sexual behavior or domestic violence history being released from an MDOC facility.

Victim wrap around meetings, or “victim safety planning meetings”, are offered to all victims, and/or victim’s parents/guardians if the victim is a minor, in preparation for the resident’s release.

- Safety Planning meetings for February 2022: 1

Restitution:

- Collected: \$64,234.86
- Disbursed to victims: \$57,615.36
- Cases researched: 85
- Victim contacts involved: 134
- Amount only disbursed due to research of OVS: \$10,288.58

Maine Department of Corrections February 2022 Data Reporting

7.7 Violations & Revocations

Violations are broken up into three categories and are detailed below to help better understand the table.

- Felony – Probation Violation based on new criminal conduct that is a felony charge.
- Misdemeanor – Probation Violation based on new misdemeanor charges.
- Technical Violation – Probation violation that is technical in nature. Examples include- failure to report, contact with a victim, failure to participate in treatment, and absconding from probation (not limited to these).

Revocations are broken up into three categories and are detailed below to help better understand the table.

- Full Revocation – A probationer has violated the terms of their current probation and will be serving their underlying sentence at a MDOC facility.
- Probation Revocation with Continuation – Probationer will be serving time for a probation violation in either a county jail or in a MDOC facility. Upon release, the probationer will continue probation.
- Probation Revocation with Termination – Probationer will serve time for their probation violation in a county jail or MDOC facility. Upon release, the person will not be on probation.
