## Maine Department of Corrections 2020: Juvenile Division Overview

---

### Letter from Associate Commissioner

Dear fellow Juvenile Justice Stakeholders,

The Maine Department of Corrections (MDOC), Division of Juvenile Services is committed to reducing the use of institutional secure confinement by increasing the capacity and use of community-based programming and supports.

In the last five years, the Division of Juvenile Services has significantly reduced the use of secure confinement (Long Creek Youth Development Center) by strategically investing in community-based programming for justice involved youth. These investments target three major areas: Referral (preadjudication), Supervision (probation), and Commitment/Reentry.

The attached Juvenile Justice Overview Report provides statewide and regional metrics identifying the three major target areas listed above.

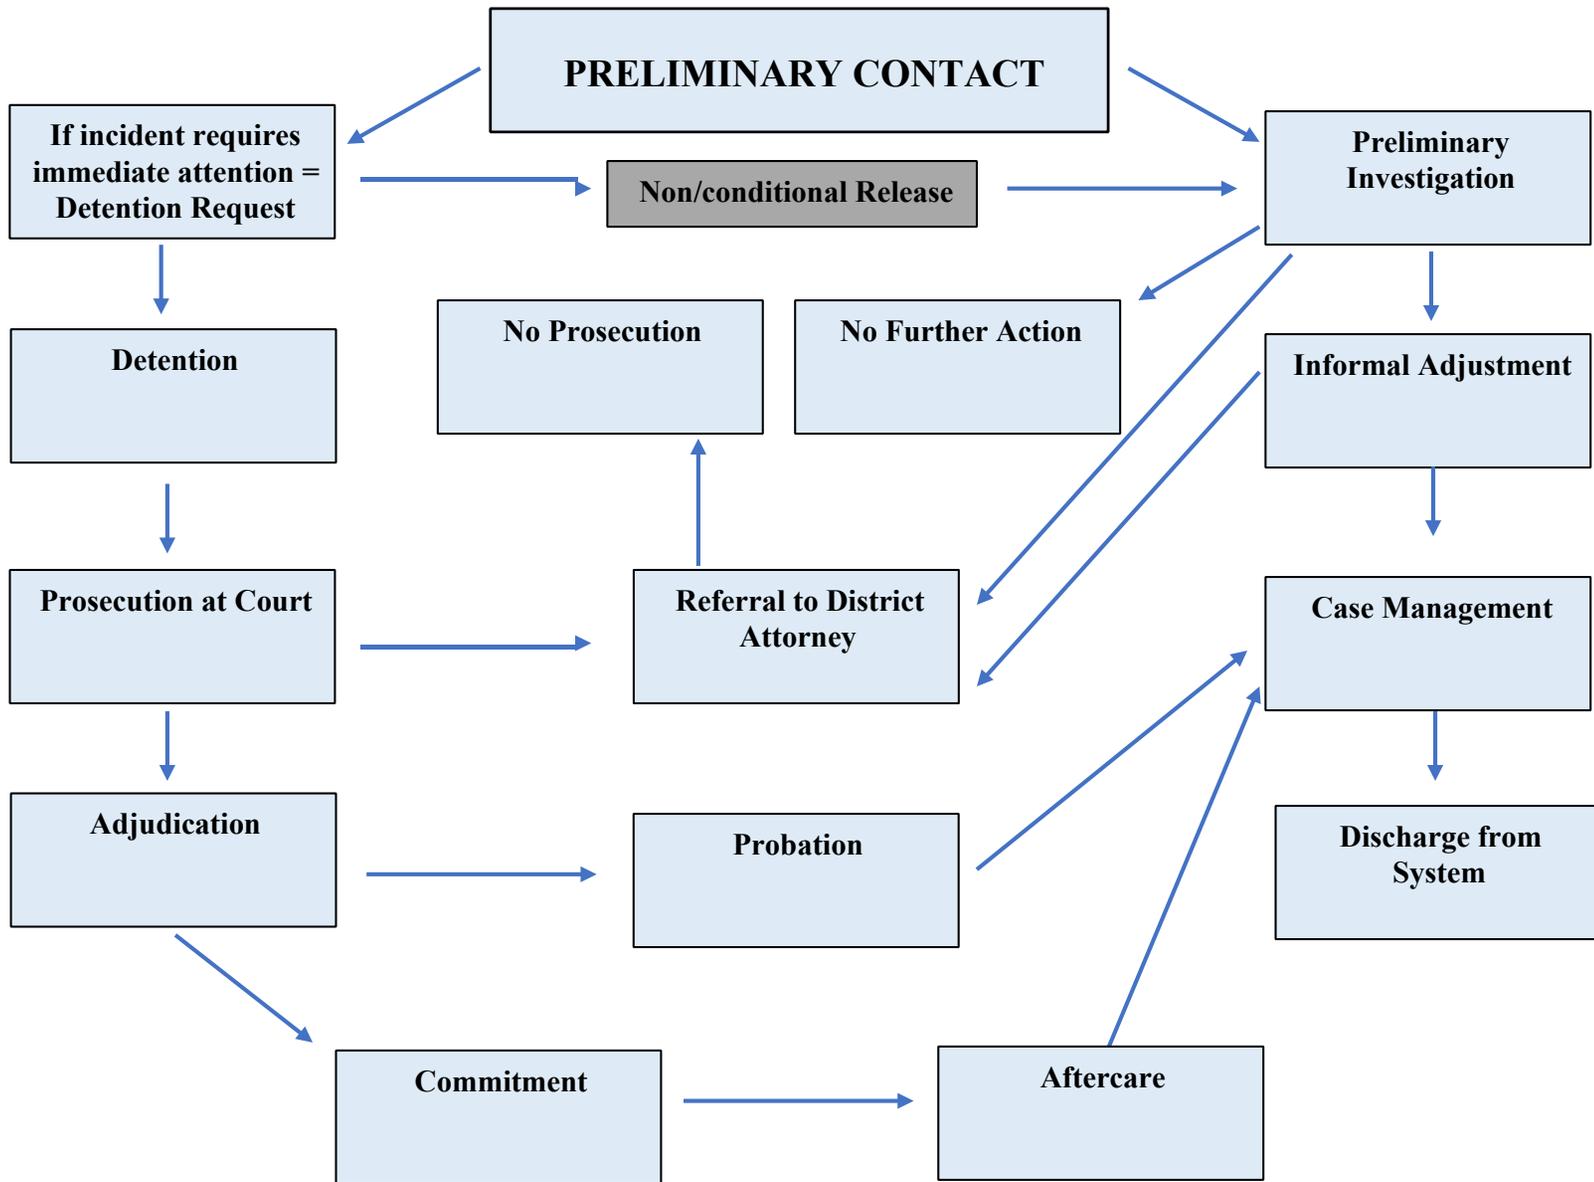

I would like to thank all the MDOC staff, community providers and stakeholders for contributing to this work. I would like to extend a special thanks to Atlantic Corporation for their dedication and expertise in completing this report.

Sincerely,

Colin O'Neill, LCSW  
Associate Commissioner  
Maine Department of Corrections  
Division of Juvenile Service
