## March 2025 Data Reporting

### Current Population by Controlling Sentence

The table to the right shows the total population by controlling sentence. The “Null” category is a result of the correctional information system not being able to determine a controlling sentence. The “Attempt” category represents several offense types where the controlling offense was attempted but not successful. Controlling offense reflects all adult facility population on April 2, 2025.

Controlling Sentence	Total	%	Controlling Sentence	Total	%

### 1.2 Behavioral Health Services

Wellpath provided behavioral health services for March 2025:

- Substance use disorder assessments — 67
- Behavioral health intakes — 139
- Behavioral health sick calls answered — 292
- Adult facility residents on psych meds — 1,322
  - 179 females
  - 1,143 males
- IMHU screenings — 2
- IMHU groups offered — 57
- Number of times IMHU residents attended groups — 176
- Average number of IMHU daily individual therapy sessions — 5

### Intensive Mental Health Unit (IMHU) Average Population

MDOC recognizes the need to provide structured intensive mental health services in a specialized mental health housing unit to accommodate the needs of male prisoners experiencing serious mental health problems.

The table to the right shows the average daily population in the IMHU by month, while below shows annual ADP.

### 1.3 Administrative Control Unit Population

The Administrative Control Unit (ACU) is a housing unit at the Maine State Prison for residents in need of an extended period of intensive security and programming, when a return to a larger general population may pose an on-going or serious threat to the safety of others, risk of escape, or another repeated or serious threat to facility security. Residents in the ACU are afforded at least four (4) hours of time out of cell, per day, and are afforded access to programs, services, and communications comparable to general population housing areas.

The percent of the adult male population that was housed in the Administrative Control Unit (ACU) during the month of March 2025 was 0.23% (4 residents). The percent of the adult male population in ACU over the past two years is shown in the graph below.

The below tables show the demographics of residents in the Administrative Control Unit during the month of March 2025.

Race	Males	
Asian	0	0.0%
Black or African American	1	25.0%
Native American	0	0.0%

### 1.4 Restrictive Housing Population

Restrictive housing at MDOC is defined as housing that separates a resident from the general population and restricts the resident to his or her cell twenty-two (22) hours or more per day for the safe and secure operation of the facility.

Administrative status is the MDOC's designation used when placing a resident in restrictive housing.

Administrative status is the placement of a resident in a cell in a restrictive housing unit separated from the general population or in another housing unit only for as long as necessary as a result of a determination that there is a direct threat to the safety of persons or a clear threat to the safe and secure operation of the facility if the prisoner is on a less restrictive status.

The number of stays below and to the left are the number of times any resident spent any amount of time on the status during the month of March 2025. The number of unique residents below and to the right, are the number of residents that spent any amount of time on the status during the month of March 2025.

Number of Stays for Each Status	Male	Female
Administrative Status	85	2
Disciplinary Segregation	9	1

Number of Unique Residents for Each Status	Male	Female
Administrative Status	76	2
Disciplinary Segregation	9	1

The tables below show the demographics of residents on a restrictive housing status during the month of March 2025.

Race	Male		Female	
Asian	0	0.0%	0	0.0%
Black or African American	23	28.75%	0	0.0%
Native American	5	6.25%	0	0.0%
Nat. Hawaiian or Pac. Islander	1	1.25%	0	0.0%
Two or More Races	0	0.0%	0	0.0%
Unknown	1	1.25%	0	0.0%
White	50	62.50%	3	100.0%

Age Groups	Male		Female	
20's	25	31.25%	0	0.00%
30's	33	41.25%	1	33.33%
40's	19	23.75%	2	66.67%
50's	3	3.75%	0	0.0%
60's	0	0.0%	0	0.0%
70's	0	0.0%	0	0.0%
80's	0	0.0%	0	0.0%

An administrative status placement is an option of last resort, to be used only when a less restrictive alternative has not been or would not be effective to resolve the threat posed. This is especially important if a client has any medical or mental health condition that might contraindicate the placement.

In March, there were no residents with a severe mental illness, special needs, and or who identified as transgender at time of Administrative Status placement. "Special need" refers to residents with higher psychiatric acuity who need consistent/regular and frequent engagement with the mental health and psychiatric teams.

## Maine Department of Corrections March 2025 Data Reporting

For residents placed on Administrative Status during the month of March 2025, the following table lists the reasons for the Administrative Status placement.

Reason for Placement	# of Residents	Reason for Placement	# of Residents
Physical Altercation	32	Inappropriate Behavior	3
Refusing Staff Orders	13	Assault on Staff	1
Threatening	12	Out of Place	1
Contraband	11	Tampering with Evidence	1

## 2.0 Correctional Programming

### 2.1 Resident Classification Reviews

Client classification is a correctional process by which each resident is rated per his/her institutional risk and is used to determine an appropriate housing unit. There are four classifications for MDOC residents, including: Close, Medium, Minimum, and Community. An Initial Classification is performed upon admission to a correctional facility after completion of intake assessments. After the initial classification, residents with more than 5 years must be reviewed annually. Residents with 5 years or less remaining, or who are transgender, or intersex must be reviewed every 6 months. Case Managers and Unit Teams combined are responsible for keeping classifications up to date.

Classification reviews by facility can be found below (as of April 2, 2025).

## March 2025 Data Reporting

### 4.0 Supervised Community Confinement Program (SCCP)

The purpose of the Supervised Community Confinement Program is to provide a means of successful reentry of facility residents into the community. Residents transferred to supervised community confinement are still considered facility residents while in the program. The place of confinement is in the community, rather than in a correctional facility. Participation in this program is a privilege that may be afforded to residents who meet the established criteria.

## 5.0 Prison Industries Report

Prison Industries exist at all adult facilities and provide vocational skill training and work opportunities for residents. The wage earned goes towards room and board, paying fines and restitution, and for resident expenses and savings accounts.

The chart breaks down each job by facility location, number of employees, and total numbers worked during a given month's pay period. Depending on when paydays fall, one month can show an extra pay week. The "MSP/MCC Women" Facility designation means women at MCC who were working on a project under MSP's Industries.

## 6.0 Office of Victim Services

### March 2025 Highlights

#### Victim Notification:

MDOC, Office of Victim Services (OVS) registers victims of crime for notification of adult or juvenile resident release and enforce such requests as outlined in Statute.

- Number notification requests assisted by the MDOC OVS: 12
- Total new victims registered for notification in March 2025: 20

#### Safety Planning:

OVS advocates track information pertaining to releases of persons with problem sexual behavior or domestic violence history into the community. The victim advocate(s) provides support services, referrals, resources, and safety planning to crime victims prior to a registered person with problem sexual behavior or domestic violence history being released from an MDOC facility.

Victim's wrap around meetings, or "victim safety planning meetings", are offered to all victims, and/or victim's parents/guardians if the victim is a minor, in preparation for the resident's release.

- Safety Planning meetings for March 2025: 3

#### Restitution:

- Collected: \$127,954.14
- Disbursed to victims: \$93,804.44
- Cases researched: 70
- Victim contacts involved: 96
- Amount only disbursed due to research of OVS: \$15,166.05

## March 2025 Data Reporting

### 7.7 Violations & Revocations

Violations are broken up into three categories and are detailed below to help better understand the table.

- Felony – Probation Violation based on new criminal conduct that is a felony charge.
- Misdemeanor – Probation Violation based on new misdemeanor charges.
- Technical Violation – Probation violation that is technical in nature. Examples include- failure to report, contact with a victim, failure to participate in treatment, and absconding from probation (not limited to these).

Revocations are broken into three categories and are detailed below to help better understand the table.

- Full Revocation – A probationer has violated the terms of their current probation and will be serving their underlying sentence at a MDOC facility.
- Probation Revocation with Continuation – Probationer will be serving time for a probation violation in either a county jail or in a MDOC facility. Upon release, the probationer will continue probation.
- Probation Revocation with Termination – Probationer will serve time for their probation violation in a county jail or MDOC facility. Upon release, the person will not be on probation.
