

July 14, 2022

At the Commission's June 23 Business Meeting, a new Performance Framework was adopted for use in all Maine Charter Schools beginning with school year 2022-2023. Your school's approved Performance Framework is below.

The National Association of Charter School Authorizers' (NACSA's) Principles & Standards for Quality Charter School Authorizing (2012) emphasizes that a quality authorizer establishes standards for school performance that are clear, quantifiable, rigorous, and attainable. NACSA also recommends that authorizers develop and formally adopt a Performance Framework that includes academic, financial, and organizational performance measures for use by schools and authorizers to establish expectations, guide practice, assess progress, and inform decision making over the course of the charter term and at renewal or revocation.

The three areas of performance covered by the framework—academic, financial, and organizational, form the backbone of the Maine Charter School Commission's performance management system. This framework enables effective performance management and promotes school success by establishing and communicating performance expectations for all schools in the MCSC's portfolio in a way that is objective, transparent, and directly related to school quality.

Over the next few months, we will work with schools on the Custom Target portion of the Performance Framework.

Because the Performance Framework is a part of the charter contract between the Maine Charter School Commission and the school, a contract amendment must be completed to incorporate the new Performance Framework into the charter contract.

We ask that your board review and approve the Performance Framework below and return a signed copy by August 19, 2022.

If you have any questions, please contact me.

Best,
Gina

PERFORMANCE FRAMEWORK

Charter school authorizers are responsible for maintaining high standards for school performance, upholding school autonomy, and protecting student and public interests. Using a performance contract as both a guide and a tool, the Maine Charter School Commission maintains high standards and manages charter school performance—not by dictating inputs or controlling processes—but by setting expectations and holding charter districts accountable for results. The Maine Charter School Commission engages in responsible and effective performance management by ensuring charter districts have the autonomy to which they are entitled and the public accountability for which they are responsible.

The Maine Charter School Commission's relationship with the charter districts it authorizes begins with a bargain for performance. The Maine Charter School Commission agrees to entrust a charter district's governing board with public dollars and public school students and to give it broad autonomy over how it achieves agreed-upon goals. In return, the school's board commits to achieving specified results, managing public funds responsibly, complying with its legal obligations, and providing a quality education to the students in its care.

In order for this bargain of autonomy in exchange for accountability to work, it is essential that the Maine Charter School Commission establish, maintain, and enforce high performance standards for all schools in its portfolio. This includes not only holding schools accountable for the academic performance of all of their students, which should always be the primary measure of quality, but also holding schools accountable for financial and organizational performance. The critical first step in effective performance management is to set and communicate clear and rigorous expectations for performance. Schools need clearly defined standards so they know what is expected of them, and the Maine Charter School Commission needs them to manage performance effectively by holding schools accountable for outcomes without attempting to control inputs.

The National Association of Charter School Authorizers' (NACSA's) Principles & Standards for Quality Charter School Authorizing (2012) emphasizes that a quality authorizer establishes standards for school performance that are clear, quantifiable, rigorous, and attainable. NACSA also recommends that authorizers develop and formally adopt a Performance Framework that includes academic, financial, and organizational performance measures for use by schools and authorizers to establish expectations, guide practice, assess progress, and inform decision making over the course of the charter term and at renewal or revocation.

The three areas of performance covered by the framework—academic, financial, and organizational, form the backbone of the Maine Charter School Commission's performance management system. This framework enables effective performance management and promotes school success by establishing and communicating performance expectations for all schools in the MCSC's portfolio in a way that is objective, transparent, and directly related to school quality.

The Performance Framework benefits both the Maine Charter School Commission and charter districts it authorizes. The framework promotes transparency and objectivity in authorizing and protects school autonomy. It enables charter school performance contracting to function as intended by providing both charter districts and the Maine Charter School Commission with clarity about expected outcomes, objective evidence of achievement, and a comprehensive tool for evaluating results.

The frameworks promote transparency and objectivity by putting the authorizer on record and schools, parents, stakeholders, and the public on notice about the performance standards that will be used to evaluate whether or not a school is successful and is living up to its end of the charter bargain. The frameworks help to establish expectations at the beginning of the school's operation so that there will be no surprises when a school is held accountable for meeting them over the course of the charter term and at renewal.

The framework protects school autonomy by clarifying in objective terms the performance data the Maine Charter School Commission will collect and the outcomes that it expects and will evaluate. The framework helps to establish the boundaries of the parties' relationship and define the rights and responsibilities of both the charter school and the Maine Charter School Commission.

SECTION 1: STUDENT ACHIEVEMENT

Student Performance: The school consistently makes progress in student academic achievement for all students.

FRAMING QUESTIONS:

Is the school an academic success?

Is the school adequately preparing students for their desired post-secondary outcomes?

1.7	Curriculum	The school's documented curriculum is aligned to state curriculum frameworks; is aligned vertically between grades and horizontally across classrooms at the same grade level; provides lessons and materials that represent a variety of cultures and perspectives; and supports opportunities for all students to master these skills and concepts. The curriculum is regularly reviewed and revised.	Refer to the Commission's Intervention Protocol. School will likely be required to submit a self-assessment and the Commission conducts classroom observations, interviews/focus groups/document review as applicable to analyze each Program Delivery Component.
1.8	Instruction	The school staff has a common understanding of high-quality instruction. Instructional practices are aligned	

		to this common understanding. Instructional practices are based on high expectations for all students and reflect cultural proficiency. Instruction fosters student engagement. Classroom environments are conducive to learning.	
1.9	Assessment	Teachers and administrators use disaggregated qualitative and quantitative data to modify instruction to improve academic and non-academic outcomes for all students and subgroups. School staff and administrators use disaggregated data to evaluate the quality and effectiveness of its program to serve all students and modify the program in order to improve student outcomes.	
1.10	Support for All Learners	The school has a proactive system (such as MTSS/RTI) to effectively identify and address all students' strengths and needs for academic, behavioral, and social-emotional development through a tiered support model, as well as providing Special Education and English Learner services as required by law. Data and progress monitoring are used to ensure that all students across all subgroups have equal access and equitable support, interventions, and resources to achieve, grow, and advance. The school regularly uses data to evaluate and modify its support programming to ensure student success.	

SECTION 2: SCHOOL CLIMATE AND FAMILY ENGAGEMENT

The school creates safe, positive, healthy, culturally responsive, inclusive, and welcoming learning environments. These environments cultivate supportive, authentic relationships and a strong sense of belonging and connection, which value the diverse assets and voices of all students, staff, and families.

Framing Question:

Does the school provide the conditions for students to be successful?

SECTION 5: FAITHFULNESS TO THE CHARTER AND THE LAW

Mission and Key Design Elements: The school is faithful to its mission, implements the key design elements outlined in its charter.

Access: The school ensures access for all students eligible to attend the school. Student enrollment and persistence is a leading indicator of school health.

Criterion	Indicator	Target	Rating
5.1	Mission and Key Design Implementation	1. The school demonstrates its approved mission. 2. The school implements the key design elements* in the approved charter and any subsequently approved amendments in a manner that serves all of its students. 3. The Board and Administration share a common and consistent understanding of the school’s mission and key design elements outlined in the charter.	Meets Expectation School is implementing the mission and design elements as outlined in the charter and amendments
			Approaching Expectation School is partially implementing the mission and design elements as outlined in the charter and amendments
			Does Not Meet Expectation School is not implementing the majority of the mission and design elements as outlined in the charter and amendments
		<i>* Key Design Elements are aspects of the school, originally articulated in the charter application or in subsequent amendments, which make the school unique and distinct from other district or Charter Schools.</i>	

If Oct 1st number is 10% or more below the contracted enrollment, the school must submit a Recruitment Plan and Supporting Materials to the Commission by January 1st.

5.1a is only used for a Charter District Leadership's evaluation when, on CRITERIA 5.1, the school is 10% or more below the contracted enrollment on October 1st.

5.1a	Student Recruitment and Enrollment	The Charter District Leadership has a recruitment strategy that yields consistent enrollment within the charter’s contracted enrollment range.	Commission reviews Oct 1st enrollment figure.
5.2	Student Attendance	<p>Chronic absenteeism rate</p> <p>Schools will have 10%-18% or fewer students classified as chronically absent on the last day of school.⁴</p> <p>Chronic absenteeism rates will be reported at both the campus and district levels.</p> <p>PreK rates are not part of MDOE's chronic absenteeism calculations. Schools will report preK chronic absenteeism rates, though this target outcome will not be rated.</p>	Exceeds Expectation Fewer than 10%
			Meets Expectation 10%-18%
			Approaching Expectation 17.9% - 25%
			Does Not Meet Expectation Greater than 25%
<p><i>If the school has more than 18% students chronically absent OR the school maintains approaching for 2 successive accountability cycles, MCSC will measure:</i></p> <p>5.2b is only used for an Charter District Leadership's evaluation when, on CRITERIA 5.2, the school is above 18% students chronically absent OR the school maintains approaching for 2 successive accountability cycles.</p>

5.3	Student	Persistence throughout the school year	Exceeds Expectation

⁴ Chronically absent is defined as missing 10% or more of school days.

	Persistence - School Year	85% or more of eligible ⁵ students enrolled on the last day of school will be the same students who were enrolled on State Student Count Day. ⁶	Exceeds 90%
			Meets Expectation 85% - 89.9%
			Approaching Expectation 75% - 84.9%
			Does not meet Expectation Fewer than 75%
5.4	Student Persistence - Year-to-year	Recurrent enrollment from one year to the next 85% - 89.9% or more of eligible students enrolled on the last day of school will have completed an Intent to reenroll form for the following SY by March 31 of current SY.	Exceeds Expectation Exceeds 90%
			Meets Expectation 85% - 89.9%
			Approaching Expectation 75% - 84.9%
			Does not meet Expectation Fewer than 75%

SECTION 6: SCHOOL CUSTOMIZATION

The Maine Charter School Performance Framework was developed with the support and collaboration of our partners. In particular, we would like to acknowledge the team at the Massachusetts Department of Elementary and Secondary Education that developed the Massachusetts Charter School Performance Criteria, from which we adopted much of our Program Delivery, Capacity, School Leadership, Governing Board, and Mission and Key Design Elements language. For their thoughtful feedback and contributions, we would like to thank the National Association of Charter School Authorizers, the National Charter Schools Institute, WestEd, the Charter School Resource Center, Ryan Marks at the Colorado Charter Schools Institute, Dr. Kenneth Holder at Northern Michigan University, and Erin Kupferberg at Verite Educational Services. Finally, we would like to thank the Maine Charter Schools for their feedback, continued partnership, and for the work they do on behalf of the students and families in Maine.
