LUPC-MaineDOT MOA

Attachment 1

Maine Land Use Planning Commission Department of Agriculture, Conservation and Forestry

EXPEDITED PERMIT APPLICATION for Maine Department of Transportation Projects

WHO MAY USE THIS EXPEDITED APPLICATION?

The Maine Department of Transportation may complete this expedited form to obtain a permit from the LUPC for the following activities:

- Level A Road Project if not exempted under Chapter 10 Rules
- Level B Road Projects if not exempted under Chapter 10 Rules.
- Level C Road projects
- Any other MaineDOT transportation infrastructure projects for a bona fide public purpose, including railroads, ferry terminals, weigh stations, picnic areas, scenic turnouts, rest areas, park and rides, and piers, associated with a highway or bridge project.
- MaineDOT projects not providing a bona fide public purpose such as maintenance facilities and non transportation infrastructure related projects such as, railroad stations, airport hangers/terminals, and similar transportation facilities must get approval from the LUPC Manager of Permitting and Compliance to use this expedited permit submit the LUPC Application for Residential and Non-Residential Development and Requirements for Non-Residential Development: Supplement S-2.
- Projects impacting more than 15,000 sf of P-WL2 and P-WL3 or 5,000sf of P-WL1 may use this expedited form, but must include attachments D and E as described in Section 5.

In order to use this form, a proposal must also meet all of the following requirements:

-Conditions of Approval for Maine DOT projects

-Maine DOT/LUPC Commission MOA

If a project does not meet the above requirements, MaineDOT may submit LUPC's standard application form instead. Contact the LUPC office serving your area (see below) to obtain a copy of this form.

WHERE CAN I GET HELP TO COMPLETE THIS FORM?

Call the LUPC regional office that serves your area and ask to speak to one of our regional representatives (see below for office locations and contact information). Also, visit our web site at <u>www.maine.gov/dacf/lupc/</u> to browse through our rules and regulations, recent publications and newsletters, Commission meeting agendas, and other valuable information. (see the LUPC website at <u>www.maine.gov/dacf/lupc/about/AgencyContactSheet.pdf</u>)

MAILING YOUR APPLICATION.

Fill out the application form and email the entire application form and the required attachments as a PDF document to the LUPC office that serves the project area. (see the LUPC website at www.maine.gov/dacf/lupc/about/AgencyContactSheet.pdf)

Conditions of Approval

- 1. Construction activities authorized by this permit will be started within 2 years, and substantially completed within 5 years of the effective date of this permit. If such construction activities are not started and completed by this time limitation, this permit shall lapse and no activities shall then occur unless and until a new permit has been granted by the commission.
- 2. All imported fill material will be free of hazardous or toxic materials and must not contain debris, trash, or rubbish.
- 3. The project will be performed in accordance with erosion control measures conforming to the latest versions of the *State of Maine Department of Transportation Standard Specifications for Highways and Bridges* and the *Maine Department of Transportation's Best Management Practices for Erosion and Sediment Control (BMP's)* and *Maine DOT Project Specific Special Provision 656.*
- 4. The project will be performed in accordance with American Association of State Highway and Transportation Officials (AASHTO) Design Standards and the latest version of the State of Maine Department of Transportation Standard Specifications.
- 5. The project will be performed in accordance with the current version of the *MaineDOT Waterway and Wildlife Crossing Policy and Design Guide.*
- 6. The project will be performed in accordance with setback limits stipulated by the Land Use Planning Commission associated with construction trailers, privies and any other structures placed on the project for the purpose of constructing the project. The requirements are as follows:

 Great Ponds and Rivers draining 50 square miles or more
 100 feet
 Tidel waters, provide last them 10 parts, priving draining loss than 50 square miles and D W/1 waterday.
- 7. MaineDOT will dispose of any solid waste in accordance with applicable state and federal solid waste laws and rules. Subsurface wastewater disposal shall be in accordance with the Maine Plumbing Code.
- 8. Once construction is complete, MaineDOT will submit a self certification form with representative photographs, notifying the commission that all conditions of approval of this permit have been met.
- 9. The MaineDOT is consistent with the standards of the National Flood Insurance Program through adherence to that Presidential Executive Order 11988.
- 10. All necessary property rights have been or will be obtained as authorized in accordance with 23 M.R.S. § 153.
- 11. In stream work windows will be determined through MaineDOT coordination with state and federal fishery resource agencies when in stream impacts are proposed.
- 12. MaineDOT will conduct projects in accordance with the April 2009 Memorandum of Agreement.
