Department of Agriculture, Conservation, and Forestry

## BASIS STATEMENT AND SUMMARY OF COMMENTS

FOR AMENDMENTS TO

### CHAPTER 10: LAND USE DISTRICTS AND STANDARDS REGARDING THE 2020 MISCELLANEOUS RULE REVISIONS AND NEW MARIJUANA STANDARDS

July 15, 2020

#### STATUTORY AUTHORITY

12 M.R.S. §§ 685-A(3); 685-A(7-A); and 685-C(5); and  
28-B M.R.S. §§ 404

#### FACTUAL AND POLICY BASIS FOR THE RULE AMENDMENT

This rulemaking by the Maine Land Use Planning Commission establishes new standards for marijuana standards and carries out routine maintenance of its Chapter 10 rules, Land Use Districts and Standards.

Specifically, the revisions respond to Title 28-B, Section 404, by establishing minimum requirements for marijuana businesses regarding odors produced by indoor and outdoor growing operations, to protect against light pollution from lighting within greenhouses; and address currently conflicting regulations for signs advertising activities that are illegal under state or federal laws or regulations.

Several other revisions act to clarify distinctions between constructed ponds, water impoundments, and water bodies. These revisions also confirm that constructed ponds are not a protected natural resource and therefore shoreline frontage, setback, vegetative clearing, and filling and grading requirements do not apply.

All remaining revisions represent routine maintenance of this rule, generally including housekeeping matters, unifying references, clarifying existing provisions, and updating a list of applicable FEMA maps.
