We understand that to be a true statement, but to our knowledge, expansion of the Sanitary District is not explicitly required. It has been represented to us that the Moosehead Sanitary District has the ability to take wastewater from sources outside of its existing boundaries, but is not required to do so. Hence our conversations with them about inclusion of the wastewater from the resort per a separate agreement.

Hi Matt,

It has been brought to our attention that the Big Moose Ski Resort is not in the Moosehead Sanitary District. Do you know what the process is to expand the Sanitary District?

Thanks!

Debbie
