HAND DELIVERY

Reference: Weaver Wind Project, Hancock County

Dear Maria,

Attached for filing are (1) a combined Site Location, Natural Resources Protection Act, and Water Quality Certification application, in three volumes, for the Weaver Wind Project proposed by Weaver Wind LLC.

I am including the following copies with this filing:

1. One full hard copy. A second full copy will be provided later this week.
2. Description, soils section, stormwater section, basic standards section for Ken Libbey. Folded plans for Ken will be delivered to you today directly from Sewall Company.
3. Description, notice section and Land Use Planning Commission certification section for Stacie Beyer, LUPC.
4. One electronic copy on a thumb drive.

I will also deliver today a full application and thumb drive to LUPC in Augusta. Finally, hard copies of the full application will be provided to the Towns of Eastbrook and Osborn, and to the Hancock County Commissioners. Please let me know if you need any additional copies of any sections of the application. Based on our discussions at the pre-application and pre-submission meetings, this project will be charged under the special fee provision, so no filing fees are included.

Please contact me if you have any questions during your completeness review.

Regards,

Stantec Consulting Services Inc.
