Wolfen Resources Corp.

Re: Waste Removal

Dear Jeremy,

As per your e-mail on April 13, 2020, Pine Tree Waste would appreciate the opportunity to provide any and all waste removal needs during operation of the project located in Patten, Maine.

Pine Tree Waste would provide Wolfden Resources with a 6 cubic yard rear load dumpster that we would service weekly. The monthly rate would be three hundred and eighty dollars (\$380.00) for this level of service.

As you may know, Pine Tree has many trucks and containers in our fleet that make it possible to provide the service to which our customers have become accustomed. Pine Tree can provide Wolfden Resources with any number of containers that are deemed necessary for their waste removal needs during this project.

Pine Tree is a licensed nonhazardous waste transportation provider (examples: general trash, wood, metal, corrugated cardboard). Pine Tree disposes of the waste (general trash, wood, etc.) at Tri-Community Landfill located in Fort Fairfield. All recyclables (corrugated cardboard, shredded paper, etc.) are brought to the Pine Tree Recycling Facility in Houlton.

If any further information is needed, please feel free to contact me at (207) 532-6804 or via email at maynard.lawrence@casella.com.

Thank you for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Lawrence", is written over a light blue horizontal line.
