This is a map of the Boothbay region, showing various geographical features and designations. It includes information about forest operation notification and shoreland area rules. The map is advisory for planning purposes only and actual ground conditions and water body locations determine where and how MFS timber harvesting rules apply. Contact the MFS for additional information or assistance from a MFS Forester.

For additional information, please contact the MFS at 1-207-287-2791 or 1-800-367-0223 (in-State). Email us at: forestinfo@maine.gov or visit the web at: www.maineforestservice.gov

*See MFS Rule - Chapter 21 for additional information.*
