Pursuant to 5 M.R.S.A., Section 8054 and 7 M.R.S.A., Section 2954 the Maine Milk Commission conducted an emergency rulemaking hearing to determine whether or not the minimum price payable to producers for milk should be immediately changed due to developments in milk pricing in southern New England.

The Class II price for April 2018 is $14.03/cwt. as announced by the Federal Order One Northeast Market Administrator.

The Commission, in setting their minimum prices, recognized the Federal Order Class I price of $18.50/cwt. plus $1.63/cwt. for cost of production and an over-order premium of $1.04/cwt. as being prevailing in southern New England based on the evidence presented at the Commission hearing on May 24, 2018 and therefore should be passed on in minimum prices effective June 03, 2018. These prices also include a handling fee of $2.33/cwt.

The schedule of prices listed herein reflects the latest Class I, Class II, Class III and Class IV prices plus the minimum dealer, producer and retail margins adopted by the Commission's Orders (DM) Dealer Margins, (PM) Producer Margins, and (RM) Retail Margins. The Class I prices reflect a Processor Assessment of $.20/cwt. as authorized by Commission Order #93-MPF.
