Dear Club Representative/Landowner,

Once again this year we will provide insurance for the State funded snowmobile trails as the attached memo from David Fitts indicates. The basic insurance coverage we provide for snowmobile trails is \$400,000 per occurrence.

We feel the existing State law (M.R.S.A. Title 14 159A attached) fully protects all the landowners and authorized trail maintainers in the State of Maine against potential liability. There have been no accident cases involving authorized snowmobile trails that we are aware of in Maine where a club or landowner has been held liable for the accident since this program started in 1970. The "Limited Liability for Recreational or Harvesting Activities" statute is very clear, including the potential reimbursement for attorney's fees in Section 6.

In our opinion, the primary purpose for our trail insurance is to protect landowners and the local trail administrators against the potential costs associated with litigation if a case is brought to court. If a claim develops, each claim for loss or damage shall be adjusted separately. Until such time as additional coverage is determined necessary, we will not increase the current protection. It is fairly common for clubs to purchase their own liability insurance today. A few of those policies do in fact cover landowners too. If a club does have that coverage, your policy is then the primary carrier and ours is secondary backup.

We feel strongly that private and public landowners in Maine are now and will continue to be fully protected through this program for allowing snowmobile trails to be maintained on their property. It is very important that the maintained trails are drawn accurately on a quality map filed with the State as part of the authorized Grant-In-Aid trails through the Snowmobile Program annually. Written landowner permission in most cases is not required to participate, but is encouraged. At the very least, we do require that you secure verbal permission from all landowners for trails maintained through this program and those participating in the municipal grant program must provide this list with the grant application.

If you have any questions, please don't hesitate to contact us at 287-4957 or David Fitts (see attached).

Sincerely,

Joe Higgins

Snowmobile Trail Liability Insurance Program

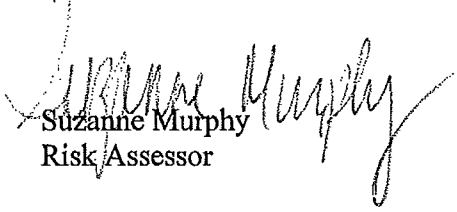

Our snowmobile trail liability insurance program will continue for another year – August 1, 2018 to August 1, 2019. The insurance has an established occurrence limit of \$400,000 per the Maine Tort Claims Act and \$500,000 for those companies with which the Department of Agriculture, Conservation and Forestry is required to have a contract in that amount. It includes defense costs within the limit of liability.

This self-insurance program provides liability insurance for all associations, organizations or individuals who own, maintain, occupy or lease property on which the Department of Agriculture, Conservation and Forestry has approved a trail under its Snowmobile Trails program.

It should be understood this insurance provides defense and indemnification only for matters pertaining to the maintenance of approved trails and recreational activities as described in the land use laws on those trails. It does not insure the maintenance, ownership or use of any snowmobile or groomer.

All potential claims should be reported to this office at once. If you have any questions with regard to this insurance program, please contact Risk Management Division at 1-800-525-1252.

Sincerely,

Suzanne Murphy
Risk Assessor
