AGENDA

1. Introductions of Board and Staff

2. Minutes of the November 6, 2020 Board Meeting

   Presentation By: Megan Patterson, Director
   Action Needed: Amend and/or approve

3. Request for Financial Support from the Maine Mobile Health Program and the Eastern Maine Development Corporation

   Since 1995 the Board has supported the Migrant and Seasonal Farmworker Safety Education program. The Maine Mobile Health Program (MMHP) and the Eastern Maine Development Corporation (EMDC provided training to 123 migrant agricultural workers during the 2020 season). Funding to support the effort in 2021 is being requested in the amount of $6,432, which is 20% increase over the funding amount the Board provided in 2020. The funding has been accounted for in the Board’s FY21 budget.
4. **Continuation of the BPC Budget Review with a Focus on the Cost of MEPERLS Support, Maintenance, Hosting, and Licensing**

During the September 18, 2020 Board review of the its projected 2023 budget, the increasing cost of MEPERLS was discussed. Following a robust discussion of MEPERLS and the projected costs, staff was asked to invite representatives from Pegasystems and Stratosphere to a future Board meeting. The State of Maine Office of Information Technology serves an essential role in negotiating contracts with both Pegasystems and Stratosphere and can provide a comprehensive overview of the technology and the relative costs. The Maine Office of Information Technology will now provide an overview of the proposed ongoing costs of MEPERLS.

**Presentation By:** Bill Mason, Applications Director, Maine Office of Information Technology

**Action Needed:** Determine next steps

5. **Request for Special Local Need [24(c)] Registration for Express® Herbicide with TotalSol (FMC Corporation) for Spot Application and Bunchberry Control in Lowbush Blueberries**

In September 2008, the Board first approved a Section 24(c) registration for DuPont Express® Herbicide with TotalSol (EPA Reg. No. 352-632). The 24(c) was renewed in 2010, 2013 and 2019, but the registration expired December 31, 2020. In 2019, a two-year extension for this SLN was approved with the stipulation that University of Maine Cooperative Extension conduct groundwater testing. This 24(c) allows for spot applications to control labeled weeds during the prune year and applications in the fall after harvest and in the spring of the non-crop year to control bunchberry.

**Presentation By:** Mary Tomlinson, Pesticides Registrar and Water Quality Specialist

**Action Needed:** Approve/disapprove 24(c) registration request

6. **Interpretation of CMR 01-01A, Chapter 26, Section 3(B) in the Context of Powered Application of General Use Antimicrobial Pesticides for Routine Cleaning**

On December 31, 2021 Executive Order 7-A FY 20/21 was signed and expanded exemptions from commercial pesticide licensure to certain institutions implementing routine cleaning for
SARS-CoV-2. Staff at hospitals, colleges, universities, municipal and county facilities are now exempted from commercial licensure for the powered application of general use antimicrobial pesticides. The EO did not provide exemptions from any other regulatory requirements—such as posting and record keeping. The staff are asking the Board to interpret the applicability of existing posting requirements for facilities making multiple applications, to multiple locations, daily.

Presentation By: Megan Patterson, Director
Action Needed: Discuss and approve/disapprove the development of a policy

7. Consideration of a Consent Agreement with Daley Green Services DBA Green Home Solutions, Belfast, Maine

The Board’s Enforcement Protocol authorizes staff to work with the Attorney General and negotiate consent agreements in advance on matters not involving substantial threats to the environment or public health. This procedure was designed for cases where there is no dispute of material facts or law, and the violator admits to the violation and acknowledges a willingness to pay a fine to resolve the matter. This case involves unlicensed applications, use inconsistent with the pesticide label, and record keeping.

Presentation By: Raymond Connors, Manager of Compliance
Action Needed: Approve/disapprove the consent agreement negotiated by staff

8. Other Old and New Business
   a. Executive Order Update—M. Patterson
   b. Exam Administration Update—J. Pietroski
   c. Legislative Update—M. Patterson
   d. 2021 Agricultural Trades Show agenda
   e. Environmental Specialist III direct hire bulletin
   f. Recent Activity Related to Aerial Application in Massachusetts—M. Patterson

9. Schedule of Future Meetings
    March 5, April 16, and June 4, 2021, are tentative Board meeting dates. The Board will decide whether to change and/or add dates
10. **Adjourn**

**NOTES**

- The Board Meeting Agenda and most supporting documents are posted one week before the meeting on the Board website at [www.thinkfirstspraylast.org](http://www.thinkfirstspraylast.org).
- Any person wishing to receive notices and agendas for meetings of the Board, Medical Advisory Committee, or Environmental Risk Advisory Committee must submit a request in writing to the Board’s office. Any person with technical expertise who would like to volunteer for service on either committee is invited to submit their resume for future consideration.
- On November 16, 2007, the Board adopted the following policy for submission and distribution of comments and information when conducting routine business (product registration, variances, enforcement actions, etc.):
  - **For regular, non-rulemaking business**, the Board will accept pesticide-related letters, reports, and articles. Reports and articles must be from peer-reviewed journals. E-mail, hard copy, or fax should be sent to the Board’s office or pesticides@maine.gov. In order for the Board to receive this information in time for distribution and consideration at its next meeting, all communications must be received by 8:00 AM, three days prior to the Board meeting date (e.g., if the meeting is on a Friday, the deadline would be Tuesday at 8:00 AM). Any information received after the deadline will be held over for the next meeting.
- During rulemaking, when proposing new or amending old regulations, the Board is subject to the requirements of the APA (Administrative Procedures Act), and comments must be taken according to the rules established by the Legislature.
