LOUIS J. LUCHINI  
DIRECTOR

January 30, 2026

The Honorable Craig Hickman, Senate Chair  
The Honorable Laura Supica, House Chair  
Joint Standing Committee on Veterans and Legal Affairs  
100 State House Station  
Augusta, ME 04333

Dear Senator Hickman, Representative Supica and Members of the Joint Standing Committee on Veterans and Legal Affairs,

Pursuant to PL 2023, ch. 604, § 9, the Department of Administrative and Financial Services, Bureau of Alcoholic Beverages and Lottery Operations, respectfully submits the enclosed report on direct shipment of wine.

Sincerely,

A handwritten signature in blue ink that reads "Louis Luchini".

Louis Luchini  
Director  
Bureau of Alcoholic Beverages and Lottery Operations

DIRECT SHIPMENT  
OF WINE

---

REPORT BACK TO THE COMMITTEE  
ON VETERANS AND LEGAL AFFAIRS  
PURSUANT TO P.L. 2023, C. 604

---

**FEBRUARY 1, 2026**

# **1 INTRODUCTION:**

---

Direct shippers of wine (DSW) are wineries permitted to sell wine directly to consumers and ship those products to Maine residents, rather than exclusively through the traditional three-tier system of alcohol distribution. Maine first authorized direct-to-consumer wine shipping in 2009, and similar programs are now permitted in 47 states.

This report summarizes compliance efforts associated with Maine's direct-to-consumer wine shipping framework, with a focus on calendar year 2025. Because the Bureau has only analyzed data from the first 3 quarters of 2025, trends should be interpreted cautiously. Shipping volume may be seasonal, and multiple years of data will be necessary to confirm whether quarterly changes reflect patterns resulting from legislative and compliance changes or seasonal variation.

In addition, the beverage container redemption law began applying to direct shippers of wine on July 1, 2025, which may have influenced shipment patterns. The Bureau received several legislator inquiries prompted by constituents reporting that they could no longer receive wine shipments from certain direct shippers. Upon review, the Bureau determined that these complaints were caused by direct shippers discontinuing shipments to Maine in response to the application of the beverage container redemption law. The Bureau will continue to monitor reports to evaluate whether the change observed in Q3 2025 reflects a sustained shift in shipment activity.

Based on available data, the Bureau estimates that the State did not collect approximately \$21,899.57 in excise taxes during Q1-Q3 2025 by entities that were not properly licensed and not reporting or remitting excise taxes as required.

# **2 BACKGROUND:**

---

P.L. 2023, c. 604 established and amended requirements governing the direct shipment of wine in Maine. The law transitioned licensed direct shippers of wine from annual reports filed on the anniversary date of their license to quarterly reports, required fulfillment providers (third-party entities that warehouse and ship wine on behalf of direct shippers) to register with the Bureau and submit quarterly reports, and required common carriers, including FedEx and UPS, to submit quarterly reports identifying shipments of beverage alcohol delivered into the State.

These changes were intended to improve the State's understanding of direct-to-consumer wine shipments by identifying entities shipping beverage alcohol into the State, ensuring that shipment activity is conducted by properly licensed entities, and improving excise tax collection efforts.

As a result of these statutory changes, the Bureau began receiving quarterly reports from direct shippers, fulfillment providers, and direct carriers in Q4 2024. Direct shipper reporting requirements were implemented in a manner that required the initial Q4 2024 report to cover all shipment activity since the most recent report. Accordingly, the first quarter for which the Bureau has complete quarterly reporting across sources is Q1 2025.

### 3 CURRENT STATE:

---

#### 3.1 DSW REPORTS

Direct shipper reporting indicates a stable number of shippers reporting each quarter, with shipment volume and excise taxes paid varying by quarter. Total gallons reported across the first three quarters of 2025 were 43,355.30, with \$26,791.70 in excise taxes remitted through DSW reporting.

Quarter	Shippers Reporting	Gallons Reported	Excise Taxes Paid
Q1 2025	672	13,637.92	\$8,496.26
Q2 2025	683	15,714.32	\$9,706.05
Q3 2025	690	14,003.06	\$8,589.39
<b>Total</b>	—	<b>43,355.30</b>	<b>\$26,791.70</b>

Although more than 650 direct shippers report shipping into Maine each quarter, shipment volume is concentrated among a small number of large shippers. The top 10 licensed direct shippers accounted for 28,211.24 gallons, or approximately 65% of total reported gallons for Q1-Q3 2025.

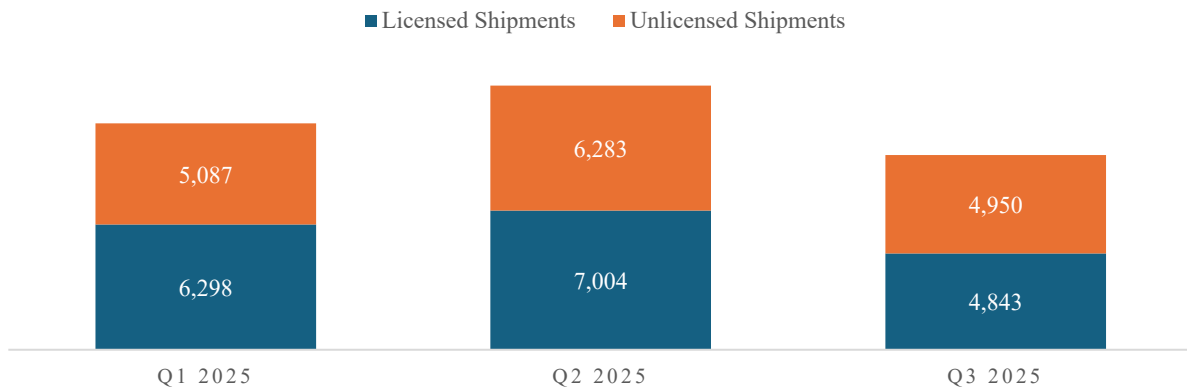

Rank	Shipper	Gallons Reported	% of Total
1	Nakedwines.com, Inc.	12,691.64	29%
2	J.A. Imports	4,122.19	10%
3	Hemispheres, LLC	2,563.56	6%
4	SLJ Group, Inc.	2,297.65	5%
5	Kachina Cellars, LLC	2,123.67	5%
6	Deane & Hoyle Brands, Inc.	1,478.79	3%
7	Zero Link Markets, Inc.	935.19	2%
8	Mawnan Lane, Inc.	738.19	2%
9	Texas Fulfillment Services, LLC	644.88	1%
10	Medly Wine Co.	615.48	1%
<b>Total</b>	—	<b>28,211.24</b>	<b>65%</b>

### 3.2 COMMON CARRIER REPORTS

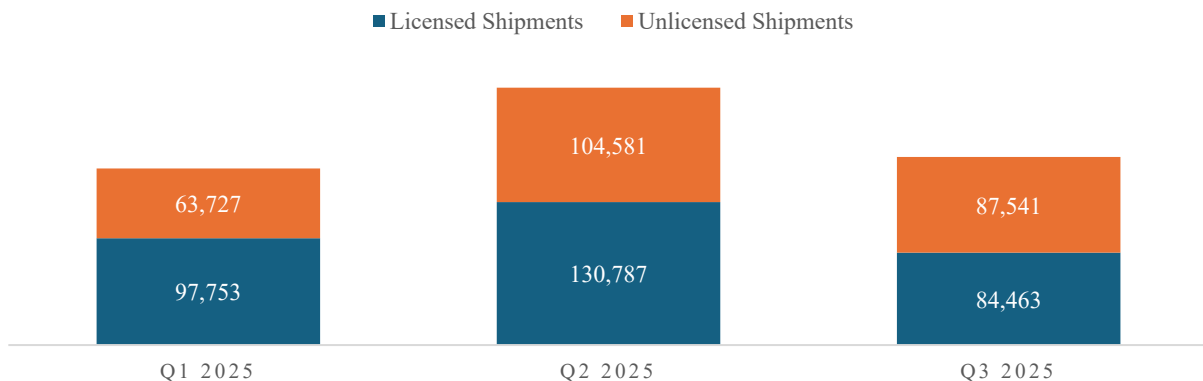

Common carrier reports reflect only shipments that are made through a common carrier and declared by the shipper as containing alcohol. These reports provide visibility into a broader universe of potential alcohol shipments than DSW reports alone, but they have limitations.

- Common carrier reports generally reflect that a package was declared as alcohol but do not include product type, tax classification, or shipment volume. Some shipments are incorrectly shipped samples, and some may be alcohol other than wine.
- Reported shipment information is weight-based (pounds) rather than volume-based (gallons), requiring estimation to translate into potential excise tax exposure.
- The Bureau cannot validate whether all alcohol shipped into Maine is declared as alcohol to carriers.
- Alcohol cannot legally be shipped through the United States Postal Service, shipments illegally made through that channel is not reflected in the data.

#### Shipment Count (Calendar Year 2025)

#### Shipment Weight (Calendar Year 2025)

The Bureau has discovered that approximately half of shipments to consumers are made by unlicensed entities.

### 3.3 EXCISE TAX EXPOSURE

Because excise taxes are assessed based on volume and tax classification, and common carrier reports do not include volume or tax classification data but only shipment weight, the Bureau estimated uncollected excise taxes using an average rate of approximately \$0.086 per pound. This rate was derived by dividing the excise taxes reported and paid by licensed direct shippers by the total weight of reported shipments by licensees on the common carrier reports.

Quarter	Pounds	Tax Paid	Tax/Pound
Q1	97,753	\$8,496.26	\$0.09
Q2	130,787	\$9,706.05	\$0.07
Q3	84,463	\$8,589.39	\$0.10
<b>Total</b>	<b>313,003</b>	<b>26,792</b>	<b>\$0.086</b>

Using this methodology, the Bureau estimates that the State did not collect approximately \$21,899.57 in excise taxes in Q1-Q3 2025. To reiterate, this estimation assumes all unlicensed shipments reported by common carriers contain wine.

### 3.4 BEVERAGE CONTAINER REDEMPTION LAW CHANGES

Over the past several months, the Bureau has received several inquiries from legislators reporting constituent calls and emails indicating that they were no longer able to order wines for direct shipment. Upon review, most direct shippers who have chosen to cease shipments into the state cite a new law requiring compliance with Maine's beverage container redemption law. This was the result of a legislative change in [PL 2023, ch. 252](#), which required direct shippers of wine to comply with the beverage container redemption law beginning on July 1, 2025.

The Bureau will continue to monitor the impact of this law change on the volume of wine that is shipped into the state.

## 4 COMPLIANCE ACTIVITIES

---

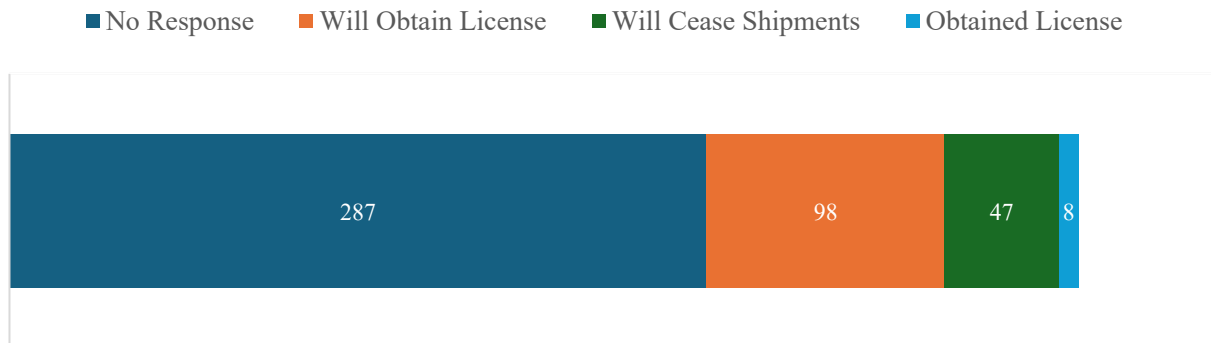

### 4.1 AUDIT PROCEDURES

During the initial implementation phase, the Bureau has focused on developing internal processes to efficiently receive, normalize, and analyze data submitted by direct shippers of wine, fulfillment providers, and common carriers. This work included building tools to sort and compare datasets across reporting sources and identify shipment activity that appeared to be noncompliant.

As part of this phase, the Bureau conducted outreach to entities identified as potentially noncompliant, including unlicensed shippers and fulfillment providers. As detailed below, initial outreach efforts have had limited success. As a result, the Bureau is transitioning to the next phase of compliance activity, which will include issuing cease-and-desist letters to unlicensed

shippers and fulfillment providers, as well as pursuing administrative violations against licensed entities that are chronically noncompliant.

## Results of Outreach

### 4.2 COMPLIANCE RISKS

Through its review of reports and outreach efforts, the Bureau has observed an increased presence of shipment activity that appears to originate from retailers that are not eligible to ship wine directly to consumers in Maine. While this activity has not yet been fully quantified, it may reflect expanding business models, changes in consumer purchasing behavior, or increased reliance on third-party services that market themselves as nationwide compliance solutions.

The Bureau is concerned that some third-party shipping and fulfillment services advertise compliance expertise in ways that may lead retailers or suppliers to believe that all state-level licensing and reporting requirements are being satisfied on their behalf. These representations may contribute to unlicensed shipment activity when services do not independently verify whether the underlying shipper is properly licensed in Maine.

One example identified through outreach is WeShipExpress, the second largest fulfillment provider appearing in the data. Following Bureau contact, WeShipExpress indicated that it would cease shipping wine into Maine while it evaluates whether to seek licensure. Public-facing marketing materials for this provider emphasize regulatory compliance, stating “(l)et us handle the complexities while you focus on growing your business.” Despite such representations, they remain unlicensed and continue shipping into the state.

The Bureau has identified instances in which fulfillment providers appear to offer shared accounts with common carriers without confirming that the shipper holds a direct shipper of wine license. These arrangements reduce shipping costs but can make it more difficult to identify the party responsible for the shipment, which may present challenges for regulatory oversight and tax collection.

## 5 CONCLUSION:

---

Based on the Bureau's analysis, the estimated \$21,899.57 in uncollected excise taxes associated with direct wine shipments during Q1-Q3 2025 represents less than 0.2% of the more than \$14 million excise taxes collected annually by the Division. In addition, enforcement options for unlicensed, out-of-state shippers without a physical presence in Maine are limited. In such cases, meaningful enforcement would generally require action in federal court under the State's authority pursuant to the Twenty-First Amendment Enforcement Act (27 U.S.C. § 122a).

Given the limited revenue exposure and constrained enforcement venues, the Bureau does not recommend any legislative changes. Instead, the Bureau intends to pivot its audit and compliance efforts toward continued outreach and monitoring along with enhanced data sharing and coordination with other states, which may provide a more efficient and effective means of addressing unlicensed direct shipment activity and improving compliance across state lines.

## 6 APPENDIX

---

### 6.1 ENTITIES AND LOCATIONS FROM WHICH WINE SHIPMENTS ARE MADE

Data has been cleaned in Power BI using fuzzy matching with a similarity threshold of 0.85. Bolded rows are addresses and non-bolded rows are entities shipping from those addresses.
