High-Performance Segmental Plow Blade System with Replaceable Segments

Technical Specifications

This specification is for a High-Performance Segmental Plow Blade System with Replaceable Segments that shall utilize 12 inch long, carbide-tipped, user-replaceable steel wear segments with carbide inserts.

The plow blade system shall fit an eleven foot long front plow. The weight of the blade shall not exceed 35 lb/ft fully assembled.

The plow blade system shall include hole spacing in accordance with AASHTO specifications for mounting to the plow mold board. The hole-punching shall be 11/16" square, countersunk to receive 5/8" diameter plow bolts. The center of the holes shall be in line within 1/32" of the established centerline of each section of the plow blade system.

The user-replaceable segments shall be mounted inside a system of EPDM (ethylene propylene diene monomer) automotive grade synthetic rubber components which shall completely isolate the steel of the segments from the steel of the plow.

The rubber mounted segments shall be free to move vertically and axially (float), allowing them to conform to uneven contours in the road.

The 12" long steel wear segments shall be the only part that requires replacement when properly worn. All other components shall be reuseable.

The steel Segment Holder shall meet the following specifications:

- Material: 10B30 - heat treated, water quenched & stress relieved
- Hardness: 46-48 HRC
- Size: 5/8" X 6" flat single bevel
- Coating: Gloss black powder coating (heat cured)

The Replaceable Wear Segments shall meet the following specifications:

- Material: 5140 - normalized, heat treated, oil quenched & stress relieved after forging
- Hardness: 42-44 HRc

The Replaceable Wear Segment carbide inserts shall meet the following specifications:

- Purity: 100% virgin alloyed material
- Material: VBL Specification SP 7.1.2.1 (89% WC, 11% Co)
- Hardness: 88 HRA
- T.R.S.: >2900 N/mm²

- This bid and the pricing structure contained herein will remain firm for a period of 180 days from the date and time of the bid opening.
- No personnel currently employed by the Department or any other State agency participated, either directly or indirectly, in any activities relating to the preparation of the Bidder's proposal.
- No attempt has been made or will be made by the Bidder to induce any other person or firm to submit or not to submit a proposal.
- The undersigned is authorized to enter into contractual obligations on behalf of the above-named organization.

Debarment, Performance, and Non-Collusion Certification

By signing this document I certify to the best of my knowledge and belief that the aforementioned organization, its principals, and any subcontractors named in this proposal:

- a. Are not presently debarred, suspended, proposed for debarment, and declared ineligible or voluntarily excluded from bidding or working on contracts issued by any governmental agency.
 - b. Have not within three years of submitting the proposal for this contract been convicted of or had a civil judgment rendered against them for:
 - i. fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a federal, state or local government transaction or contract.
 - ii. violating Federal or State antitrust statutes or committing embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - iii. are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or Local) with commission of any of the offenses enumerated in paragraph (b) of this certification; and
 - iv. have not within a three (3) year period preceding this proposal had one or more federal, state or local government transactions terminated for cause or default.
 - c. Have not entered into a prior understanding, agreement, or connection with any corporation, firm, or person submitting a response for the same materials, supplies, equipment, or services and this proposal is in all respects fair and without collusion or fraud. The above mentioned entities understand and agree that collusive bidding is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards.
- **Failure to provide this certification may result in the disqualification of the Bidder's proposal, at the discretion of the Department.**

To the best of my knowledge all information provided in the enclosed proposal, both programmatic and financial, is complete and accurate at the time of submission.
