**RIDER A**  
**Scope of Work and/or Specifications**

The State of Maine solicited quotes for discount level pricing on Radware Alteon network equipment, software, maintenance and support, training and professional support services. A three (3) year Master Agreement is hereby executed with the selected vendor. Discount level pricing will apply to purchases made during the term of the agreement. The three (3) year agreement will span 8-29-2020 to 8-28-2023.

The following are requirements:

Professional services including planning, configuration, troubleshooting, performance monitoring and optimization of operations for the Radware network equipment in the State of Maine environment. Professional services may be delivered on-site or virtually depending on business needs.

Training for Radware network equipment/software in the State of Maine environment. Training and Professional Services could be delivered on-site, off-site or virtually depending on business need.

Currently the State has five (5) Alteon devices, three (3) @ 5412XL, two (2) @ 5208 units. The State may procure replacement/descendent equipment over the next three (3) years. These purchases consist of new/replacement enterprise class Application Delivery Controllers with various features.

All equipment procured must be of new manufacture and delivered within 14 business days from receipt of an order. All shipping and handling costs for delivery to Augusta, Maine must be included at no additional cost. The state will not pay additional shipping costs.

The vendor is a Radware Smart Choice Select or Premier partner, with partner competency in Application Delivery. The vendor is based in the United States. The vendor provided proof of partner participation/status in RFQ response.

**Maintenance and Warranty**

All qualifying equipment and software purchased through this master agreement must include Radware's one-year warranty. As equipment reaches the end of the one (1) year warranty, the State expects the vendor to co-terminate the equipment support service dates for all devices.

**Bid Format**

The vendors specified their discount as a percentage off list price for Radware's line of Alteon network equipment. Using their discount level, or better, the vendor calculated the net cost for the representative procurements outlined below. The state does not guarantee these procurements but used the representative list of procurements below to select the vendor with the best Discount Level Percentage Off List Price to be awarded the three (3) year Master Agreement.

The vendor completed the following table and included it in their response.

  - e. That it has good and clear title to all articles to be supplied by it and the same are free and clear from all liens, encumbrances and security interest.

The Contractor shall remedy any defects in the work and pay any damage to other work resulting therefrom, which shall appear within one year from the date of final acceptance of the work provided hereunder. The Division of Purchases shall give written notice of observed defects with reasonable promptness.

**3. TAXES:** Contractor agrees that, unless otherwise indicated in the order, the prices herein do not include federal, state, or local sales or use tax from which an exemption is available for purposes of this order. Articles fabricated beyond the Division's releases are at Contractor's risk. Contractor shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet delivery schedule, and, unless otherwise specified herein, no deliveries shall be made in advance of the Division's delivery schedule. Neither party shall be liable for excess costs of deliveries or defaults due to the causes beyond its control and without its fault or negligence, provided, however, that when the Contractor has reason to believe that the deliveries will not be made as scheduled, written notice setting forth the cause of the anticipated delay will be given immediately to the Division. If the Contractor's delay or default is caused by the delay or default of a subcontractor, such delay or default shall be excusable only if it arose out of causes beyond the control of both Contractor and subcontractor and without fault of negligence or either of them and the articles or services to be furnished were not obtainable from other sources in sufficient time to permit Contractor to meet the required delivery schedule.

**6. FORCE MAJEURE:** The State may, at its discretion, excuse the performance of an obligation by a party under this Agreement in the event that performance of that obligation by that party is prevented by an act of God, act of war, riot, fire, explosion, flood or other catastrophe, sabotage, severe shortage of fuel, power or raw materials, change in law, court order, national defense requirement, or strike or labor dispute, provided that any such event and the delay caused thereby is beyond the control of, and could not reasonably be avoided by, that party. The State may, at its discretion, extend the time period for performance of the obligation excused under this section by the period of the excused delay together with a reasonable period to reinstate compliance with the terms of this Agreement.

**7. INSPECTION:** All articles and work will be subject to final inspection and approval after delivery, notwithstanding prior payment, it being expressly agreed that payment will not constitute final acceptance. The Division of Purchases, at its option, may either reject any article or work not in conformity with the requirements and terms of this order, or re-work the same at Contractor's expense. The Division may reject the entire shipment where it consists of a quantity of similar articles and sample inspection discloses that ten (10%) percent of the articles inspected are defective, unless Contractor agrees to reimburse the Division for the cost of a complete inspection of the articles included in such shipment. Rejected material may be returned at Contractor's risk and expense at the full invoice price plus applicable incoming transportation charges, if any. No replacement of defective articles or work shall be made unless specified by the Division.

**8. INVOICE:** The original and duplicate invoices covering each and every shipment made against this order showing Contract number, Vendor number, and other essential particulars, must be forwarded promptly to the ordering agency concerned by the Vendor to whom the order is issued.
