Scope of Work and/or Specifications

The State of Maine, Office of Information Technology (OIT), has chosen APC Uninterruptible Power Supplies (UPS) as its UPS solution for the protection of the State of Maine's distributed voice and data network infrastructure, with an installed base of over 500 various APC UPS's across the state. The purpose of this master agreement is to supply APC Uninterruptible Power Supplies (UPS), and related parts, software or cabling, for a period of three (3) years. The State solicited quotes to get best equipment prices, using global discount level pricing, for APC's line of uninterruptible power supplies. The State of Maine sought the best available pricing and service features for this equipment.

OIT selected some of the more commonly installed products as a basis for evaluating the bids. OIT is not ordering this equipment but, is selecting a vendor to supply the equipment over three (3) years. Pricing includes shipping to Augusta, Maine and standard product warranty, no exchange/trade-in.

 - e. That it has good and clear title to all articles to be supplied by it and the same are free and clear from all liens, encumbrances and security interest.

The Contractor shall remedy any defects in the work and pay any damage to other work resulting therefrom, which shall appear within one year from the date of final acceptance of the work provided hereunder. The Division of Purchases shall give written notice of observed defects with reasonable promptness.

3. TAXES: Contractor agrees that, unless otherwise indicated in the order, the prices herein do not include federal, state, or local sales or use tax from which an exemption is available for purposes of this order. Contractor agrees to accept and use tax exemption certificates when supplied by the Division as applicable. In case it shall ever be determined that any tax included in the prices herein was not required to be paid by Contractor, Contractor agrees to notify the Division and to make prompt application for the refund thereof, to take all proper steps to procure the same and when received to pay the same to the Division.

Neither party shall be liable for excess costs of deliveries or defaults due to the causes beyond its control and without its fault or negligence, provided, however, that when the Contractor has reason to believe that the deliveries will not be made as scheduled, written notice setting forth the cause of the anticipated delay will be given immediately to the Division. If the Contractor's delay or default is caused by the delay or default of a subcontractor, such delay or default shall be excusable only if it arose out of causes beyond the control of both Contractor and subcontractor and without fault of negligence or either of them and the articles or services to be furnished were not obtainable from other sources in sufficient time to permit Contractor to meet the required delivery schedule.

INSPECTION: All articles and work will be subject to final inspection and approval after delivery, notwithstanding prior payment, it being expressly agreed that payment will not constitute final acceptance. The Division of Purchases, at its option, may either reject any article or work not in conformity with the requirements and terms of this order, or re-work the same at Contractor's expense. The Division may reject the entire shipment where it consists of a quantity of similar articles and sample inspection discloses that ten (10%) percent of the articles inspected are defective, unless Contractor agrees to reimburse the Division for the cost of a complete inspection of the articles included in such shipment.
