 - e. That it has good and clear title to all articles to be supplied by it and the same are free and clear from all liens, encumbrances and security interest.

Neither the final certificate of payment nor any provision herein, nor partial nor entire use of the articles provided shall constitute an acceptance of work not done in accordance with this agreement or relieve the Contractor liability in respect of any warranties or responsibility for faulty material or workmanship. The Contractor shall remedy any defects in the work and pay any damage to other work resulting therefrom, which shall appear within one year from the date of final acceptance of the work provided hereunder. The Division of Purchases shall give written notice of observed defects with reasonable promptness.

3. TAXES: Contractor agrees that, unless otherwise indicated in the order, the prices herein do not include federal, state, or local sales or use tax from which an exemption is available for purposes of this order. Contractor agrees to accept and use tax exemption certificates when supplied by the Division as applicable. In case it shall ever be determined that any tax included in the prices herein was not required to be paid by Contractor, Contractor agrees to notify the Division and to make prompt application for the refund thereof, to take all proper steps to procure the same and when received to pay the same to the Division.

4. PACKING AND SHIPMENT: Deliveries shall be made as specified without charge for boxing, carting, or storage, unless otherwise specified. Articles fabricated beyond the Division's releases are at Contractor's risk. Contractor shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet delivery schedule, and, unless otherwise specified herein, no deliveries shall be made in advance of the Division's delivery schedule. Neither party shall be liable for excess costs of deliveries or defaults due to the causes beyond its control and without its fault or negligence, provided, however, that when the Contractor has reason to believe that the deliveries will not be made as scheduled, written notice setting forth the cause of the anticipated delay will be given immediately to the Division. If the Contractor's delay or default is caused by the delay or default of a subcontractor, such delay or default shall be excusable only if it arose out of causes beyond the control of both Contractor and subcontractor and without fault of negligence or either of them and the articles or services to be furnished were not obtainable from other sources in sufficient time to permit Contractor to meet the required delivery schedule.

6. FORCE MAJEURE: The State may, at its discretion, excuse the performance of an obligation by a party under this Agreement in the event that performance of that obligation by that party is prevented by an act of God, act of war, riot, fire, explosion, flood or other catastrophe, sabotage, severe shortage of fuel, power or raw materials, change in law, court order, national defense requirement, or strike or labor dispute, provided that any such event and the delay caused thereby is beyond the control of, and could not reasonably be avoided by, that party. The State may, at its discretion, extend the time period for performance of the obligation excused under this section by the period of the excused delay together with a reasonable period to reinstate compliance with the terms of this Agreement.

7. INSPECTION: All articles and work will be subject to final inspection and approval after delivery, notwithstanding prior payment, it being expressly agreed that payment will not constitute final acceptance. The Division of Purchases, at its option, may either reject any article or work not in conformity with the requirements and terms of this order, or re-work the same at Contractor's expense. The Division may reject the entire shipment where it consists of a quantity of similar articles and sample inspection discloses that ten (10%) percent of the articles inspected are defective, unless Contractor agrees to reimburse the Division for the cost of a complete inspection of the articles included in such shipment. Rejected material may be returned at Contractor's risk and expense at the full invoice price plus applicable incoming transportation charges, if any. No replacement of defective articles of work shall be made unless specified by the Division.

PART III: SUPPLEMENTAL INFORMATION

Please respond to ALL of the following:

- Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.**

State of Maine Procurement Justification Form

PART III: SUPPLEMENTAL INFORMATION

Blood and urine kits used to collect specimens relating to OUI cases are purchased from this vendor. Additionally, other supplies used by the laboratory to perform this testing is also purchased, such as evidence tape, and tube storage bags and containers. The specific kits are custom built to meet the State's needs and have consistently passed the Quality Assurance testing that is performed at HETL, prior to statewide distribution of these kits to all law enforcement agencies.

2. Provide a brief justification for the selected vendor to supplement the response in Part II.

In accordance with Maine Revised Statute 29A the following criteria must be met for all blood and urine collection kits:

For purposes of this section, collection kits having a stamp of approval affixed by the Department of Health and Human Services may be used to take a sample specimen of blood or urine. A sample specimen of blood or urine may also be taken in any collection tube of the type normally used in a laboratory qualified pursuant to subsection 2. The fact that a laboratory qualified pursuant to subsection 2 supplied the collection tube is prima facie evidence that the collection tube is the type of tube normally used in such a laboratory.

The blood and urine kits purchased from this vendor consistently meet all requirements for Title 29-A and the State's law enforcement community.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

HETL has determined the cost of the kits to be fair and reasonable by comparing the quality of commercially available kits and components from different companies, however, these kits would need to be assembled manually. By purchasing the kits already assembled by Lynn Peavy, HETL realizes cost savings not only in the kits but also in the time it would take personnel to assemble these kits.

4. Describe the plan for future competition for the goods or services.

The Department does not intend to RFP this service.
