WE HAVE BEEN AWARDED A MASTER AGREEMENT WITH NASPO VALUEPOINT FOR 2022!

Time is money, and you'll save both every time you make a purchase.

Evolution Edges' awarded contract #29533 with the National Association of State Procurement Officials (NASPO) ValuePoint for "Snow Plow Blade Cutting Edges" allows states and participating entities the ability to save time and money by streamlining the procurement process with cooperative purchasing.

Our contract offers you the ability to purchase snow plow wear parts (cutting edges, plow shoes, curb guards, grader blades and sander chains) from us without having to duplicate the bidding process, because NASPO ValuePoint has already done it for their members.

For more information, visit: <https://www.naspovaluepoint.org/portfolio/snowplow-cutting-edges-2015-2022/chemung-supply-company-dba-evolution-edges/>

ABOUT US

Evolution Edges was founded in 2009 in response to the snow plow industry's growing need for a streamlined parts-ordering process with fast delivery.

A Division of Chemung Supply Corporation, Evolution Edges is an authority on quality snowplow edges and wear parts for highway departments, municipalities and airports.

In November 2020, Evolution Edges acquired Built Blades, LLC and its U.S. patented Sabre® blade system. This acquisition has demonstrated Evolution Edges' dedication to continually improve snowplow cutting edge technology. In 2021 the Sabre® blade received its patent in Canada, as well.

With a strong commitment to innovation, our Evolution Edges products boost production and efficiency while reducing maintenance costs and repairs. We aim to provide quality parts that are Simple, Reliable, and Affordable.

FAST DELIVERY

Evolution Edges is headquartered in Elmira, New York. Centrally located in the northeast, we are able to quickly and efficiently ship our essential products to customers all year round. Our large warehouses are dedicated solely to servicing our growing customer needs.

We pride ourselves on shipping products that are neatly-packed, and freight-cost-effective. Coordinated efforts with local freight carriers ensures fast, reliable, and affordable shipping.
