Fixed % Mark-up over cost – 15%

RIDER A
SCOPE OF SERVICES TO BE PROVIDED

Provider will perform scheduled periodic and emergency HVAC / PLUMBING and associated Direct Digital Control repair to State of Maine Military Bureau Facilities for all five (5) zones.

A. Overview

1. The Provider will furnish all labor, equipment and material necessary for the Scheduled Maintenance as well as be available for 24-hour emergency repair as outlined in this Contract while adhering to all applicable codes and regulations. The work of this contract involves performing routine scheduled maintenance and emergency repair of HVAC / PLUMBING and associated Direct Digital Control systems.
2. For the purpose of this Contract, the term *regular hours* refers to the hours between 7:30 AM & 4:00 PM (local) Monday through Friday. The term *premium hours* refers to the hours before and after regular hours, weekends and the twelve holidays recognized by the State of Maine.
3. The Provider must become acquainted with and evaluate the condition of all equipment. Failure to do so will not relieve the Provider of responsibility for accurately estimating cost and difficulties of performing maintenance and repairs.
4. The Provider will be responsible for providing labor with qualifications commensurate with the work requested, more qualified help may be provided, however the rate billed must reflect the task.
5. Provider will receive work requests via e-mail at sbraley@xlmechanical.com, telephone (207) 989-8855 and facsimile (207) 989-7277.
6. Equipment rental and subcontracted services for repairs not considered periodic maintenance must be itemized on the invoice for which it was used.
7. Both invoices for services and copies of invoices for materials used must reflect the corresponding work order # issued by the Military Bureau for each service rendered.
8. Technicians Requirements: Provider must have technicians whether in house or under contract having the following applicable State of Maine Professional licenses:
 - a. Master Plumber
 - b. Master Oil Burner
 - c. Refrigeration handler Certificate (EPA608)
 - d. Propane and Natural Gas Technician
 - e. Large Equipment Connection and Service
 - f. Niagara BAS systems including Niagara N4 technical certification

Provider must provide copies of all required licenses and certifications as they are renewed to the Department.

B. Agency And Code Approvals

1. All products of the Direct Digital Control System (DDC) also referred to as the Building Automation Control System (BACS) shall be provided with the following agency approvals. Verification that the approvals exist for all proposed products shall be provided with prior to installation of components other than in kind replacement/repair. Systems or products not currently offering the following approvals are not acceptable.
 - a. UL-916; Energy Management Systems
 - b. C-UL listed to Canadian Standards Association C22.2 No. 205-M1983 "signal Equipment"

C. Software License Agreement

The Owner, (Department of Defense, Veterans and Emergency Management) shall agree to the manufacturer's standard software and firmware licensing agreement as a condition of this contract. Such license will grant use of all programs and application software to Owner as defined by the manufacturer's license agreement but shall protect manufacturer's rights to disclosure of trade secrets contained within such software.

The Owner, (Department of Defense, Veterans and Emergency Management) shall be the named license holder of all software associated with any and all incremental work on the project(s). Any and all required IDs and passwords for access to any component or software program shall be provided to the owner.

The Owner, (Department of Defense, Veterans and Emergency Management) or his appointed agent, shall receive ownership of all job specific software configuration documentation, data files, and application-level software developed for the project. This shall include all custom, job specific software code and documentation for all configuration and programming that is generated for a given project and /or configured for use within Niagara 4.6/N4 Framework (Niagara) based controllers and/or servers and any related LAN / WAN / Intranet and all connected routers and devices.

D. Quality Assurance

1. Quality of Compliance: Control systems shall be installed by trained control mechanics regularly employed in installation and calibration of BACS equipment by the manufacturer of the proposed equipment to be installed.

E. Inventory and Equipment:

1. Provider must own the proper tools and test equipment to maintain all the covered systems.
2. Provider will maintain a network of suppliers whose inventory includes replacement parts for components in the systems under the awarded contract. This includes, but is not limited to:
 - a. Sensors
 - b. Controllers
 - c. Dampers
 - d. Valves
 - e. Actuators
 - f. Relays
 - g. Belts
 - h. Filters
 - i. Flame safeguards
 - j. Boiler controls.

F. Maintenance Procedures and Records

1. All preventive maintenance tasks are based on the Operations and Maintenance Equipment and Task List included in Rider H. Provider must provide copies of PM reports with all invoices.
2. The Provider must supply all necessary records required for compliance to [National emission standards for Hazardous Air Pollutants: Industrial, Commercial, and Institutional Boilers Area Sources](#) "commonly referred to as 6j", as well as all E.P.A. requirements for the handling recovery and recycling or disposal of refrigerants.
3. As work is scheduled, Provider will issue to the mechanic on the job, a service order detailing exactly what tasks to perform.
4. After each service call or PM service is completed, a "service report" must be furnished to the Department's Director of Building Control Operations. within seven working days, whose contact information shall be provided upon award.

G. Preventive Maintenance Calls

1. All planned maintenance service will be performed during the Department's regular working hours.
2. Department will provide reasonable means of access to all equipment covered. Provider must coordinate any interruptions to the operation of the mechanical system(s) with the Department's Building Control Supervisor.
3. For Preventive Maintenance Scheduling, the Provider shall schedule preventive maintenance through direct communication with the Department's Building Control Supervisor.

H. Emergency Service

1. Emergency service must be provided 24 hours a day to minimize downtime and inconvenience.
2. Provider will provide emergency service on an as needed basis. Department approval is required for all repairs and associated costs before they are performed. Emergency service shall be considered as work in addition to the scheduled preventive maintenance. All costs and expenses incurred and expended on such a call shall be invoiced separately from the contract at the contracted rates and shall be stated as such on the invoice. This emergency service shall be provided as often as needed, on a 24-hour basis, weekends and legal holidays included.
3. Equipment Not Included:

Maintenance services, including repair labor and part replacements, for portions of the equipment that are non-maintainable or non-moving are not included as part of this specifications.

All parts and services above the defined scope of Appendix F, i.e. (Miscellaneous and Emergency service, and replacement parts, and equipment not included) must be authorized by the Director of Building Control Operations prior to installation.

These invoices may be billed and paid separately from the contract.

4. Provider must respond to an emergency within two (2) hours after notification.
5. Provider shall supply one contact phone number for emergency service.
6. Provider shall perform emergency repair services within twenty-four (24) hours and non-emergency work within two (2) weeks.

I. Parts and Complete Replacement

1. Provider will perform necessary periodic maintenance identified in the attached. It is understood that the preventive maintenance parts/materials i.e. filters, grease, oils etc. will be included in the annual cost, and additional and or emergency repair parts will be billed to the Department at cost plus the 15% of mark up as written on the cost proposal forms. Provider must provide manufacturers invoice for **all** parts.

J. Efficiency Maine Paperwork

1. Provider will be responsible for filling out and filing Efficiency Maine paperwork. Coordination with the department's energy manager will be done for each qualifying project to ensure correct accounting reimbursement. <https://www.energymaine.com/>
2. Additional consideration for lead time of materials ordered will be allowed provided the materials are ordered within three working days of a scheduled site visit and an estimated delivery date from the manufacturer/supplier is provided in writing.

K. Troubleshooting

1. Work will include troubleshooting, repairs, replacement and general maintenance, for the purpose of this contract emergency means life safety issues.
2. Provider will not make repairs, replace parts or units necessitated by reason of negligence or misuse of equipment without receiving approval from the Departments Building Control Supervisor.
3. All parts, components or devices for the HVAC systems that are worn or are not in proper operational condition, will be repaired, and/or replaced with new parts, components, or devices.
4. Provider shall be available, at no additional charge, for consultation regarding design changes and equipment selection, based on their past experiences with similar systems.

L. Equipment Not Included

1. Maintenance services, including repair labor and parts replacement, for portions of the systems and equipment that are non-maintainable or non-moving are not included as part of this specification.
2. Provider will provide a report of any work that is outside the scope of this specification that is in need of attention.
3. This specification covers only that equipment as listed herein, and in the event the system is altered, changed, or if any equipment is added, then that portion shall be added or deleted as required, and shall be in accordance with this specification.

M. Subcontracting

1. Services will be performed by qualified and trained service personnel that are directly employed by the Provider or his subcontractor for which he is responsible for.
2. Subcontracted services are a potential security risk; therefore, the Provider must provide to the Department information on any and all subcontracted employees intended to access a MEARNNG Facility and are the sole responsibility of the Provider.

N. Provider requirements

1. Background Check: Anyone allowed into the facility by the contracted vendor's personnel is considered to be a representative of the Provider and shall be required to have a prior approved Department background check before being allowed into the facility.
2. Provider and subcontractors performing work shall be required to submit to fingerprinting and formal background checks sufficient to satisfy current Department of Defense security clearances for Provider's or subcontractors requiring access to the MEARNNG Network or for the purpose or performing work in secure areas.as may occur.
3. The Provider must supply a list of people who may be either involved in the work effort or present at the facility to the Agreement Administrator within two weeks after the award of the contract or two weeks prior to the beginning of the contract whichever comes first. The list will include for each person:
 - a. First name
 - b. Middle initial
 - c. Last name
 - d. Date of birth
 - e. Maiden name(s)
4. The Department retains the right to screen and restrict from the facility personal employed by or represents the provide who do not receive a satisfactory/passing background check.

5. The Department will provide to the Provider the names Provider personnel that are acceptable for access, and those that are not acceptable for unescorted access into our facilities. Department will not share any specifics regarding why certain personnel are considered unacceptable for access.

6. Disqualified Persons: Persons will be automatically disqualified if their background checks show they were convicted or currently charged with a crime that is punishable by an imprisonment for a term of one year or more, or found not criminally responsible of committing a crime that is punishable by an imprisonment for a term of one year or more.

Persons may be disqualified for convictions and associated criminal behavior defined in M.R.S. Title 17-A, Maine Criminal Code, equivalent violations in other states, and federal law.

Exemptions to the above provisions may be authorized by designee Security Officer.

RIDER B
TERMS AND CONDITIONS

1. **INVOICES AND PAYMENT**: Department will pay the Provider as follows: Payment terms are net 30 days from the date the State receives an error-free invoice with all necessary and complete supporting documents. Provider shall submit detailed invoices, itemizing all work performed during the invoice period, including the dates of service, rates of pay, hours of work performed, and any other information and/or documentation appropriate and sufficient to substantiate the amount invoiced for payment by the State. All invoices must include the Department and Advantage Contract numbers for this contract.
2. **BENEFITS AND DEDUCTIONS**. If the Provider is an individual, the Provider understands and agrees that he/she is an independent contractor for whom no Federal or State Income Tax will be deducted by the Department, and for whom no retirement benefits, survivor benefit insurance, group life insurance, vacation and sick leave, and similar benefits available to State employees will accrue. The Provider further understands that annual information returns, as required by the Internal Revenue Code or State of Maine Income Tax Law, will be filed by the State Controller with the Internal Revenue Service and the State of Maine Bureau of Revenue Services, copies of which will be furnished to the Provider for his/her Income Tax records.
3. **INDEPENDENT CAPACITY**. In the performance of this Contract, the parties hereto agree that the Provider, and any agents and employees of the Provider, shall act in the capacity of an independent contractor and not as officers or employees or agents of the State.
4. **DEPARTMENT'S REPRESENTATIVE**. The Contract Administrator shall be the Department's representative during the period of this Contract. He/she has authority to curtail services if necessary to ensure proper execution. He/she shall certify to the Department when payments under the Contract are due and the amounts to be paid. He/she shall make decisions on all claims of the Provider, subject to the approval of the Commissioner of the Department.
5. **CHANGES IN THE WORK**. The Department may order changes in the work, the Contract Amount being adjusted accordingly. Any monetary adjustment or any substantive change in the work shall be in the form of an amendment, signed by both parties and approved by the State Purchases Review Committee. Said amendment must be effective prior to execution of the work.
6. **SUB-AGREEMENTS**. Unless provided for in this Contract, no arrangement shall be made by the Provider with any other party for furnishing any of the services herein contracted for without the consent and approval of the Contract Administrator. Any sub-agreement hereunder Entered into subsequent to the execution of this Contract must be annotated "approved" by the Contract Administrator before it is reimbursable hereunder. This provision will not be taken as requiring the approval of contracts of employment between the Provider and its employees assigned for services thereunder.
7. **SUBLETTING, ASSIGNMENT OR TRANSFER**. The Provider shall not sublet, sell, transfer, assign or otherwise dispose of this Contract or any portion thereof, or of its right, title or interest therein, without written request to and written consent of the Contract Administrator. No subcontracts or transfer of Contract shall in any case release the Provider of its liability under this Contract.
8. **EQUAL EMPLOYMENT OPPORTUNITY**. During the performance of this Contract, the Provider agrees as follows:
 - a. The Provider shall not discriminate against any employee or applicant for employment relating to this Contract because of race, color, religious creed, sex, national origin, ancestry, age, physical or

mental disability, or sexual orientation, unless related to a bona fide occupational qualification. The Provider shall take affirmative action to ensure that applicants are employed and employees are treated during employment, without regard to their race, color, religion, sex, age, national origin, physical or mental disability, or sexual orientation.

Such action shall include but not be limited to the following: employment, upgrading, demotions, or transfers; recruitment or recruitment advertising; layoffs or terminations; rates of pay or other forms of compensation; and selection for training including apprenticeship. The Provider agrees to post in conspicuous places available to employees and applicants for employment notices setting forth the provisions of this nondiscrimination clause.

- b. The Provider shall, in all solicitations or advertising for employees placed by or on behalf of the Provider relating to this Contract, state that all qualified applicants shall receive consideration for employment without regard to race, color, religious creed, sex, national origin, ancestry, age, physical or mental disability, or sexual orientation.
 - c. The Provider shall send to each labor union or representative of the workers with which it has a collective bargaining Contract, or other Contract or understanding, whereby it is furnished with labor for the performance of this Contract a notice to be provided by the contracting agency, advising the said labor union or workers' representative of the Provider's commitment under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
 - d. The Provider shall inform the contracting Department's Equal Employment Opportunity Coordinator of any discrimination complaints brought to an external regulatory body (Maine Human Rights Commission, EEOC, Office of Civil Rights) against their agency by any individual as well as any lawsuit regarding alleged discriminatory practice.
 - e. The Provider shall comply with all aspects of the Americans with Disabilities Act (ADA) in employment and in the provision of service to include accessibility and reasonable accommodations for employees and clients.
 - f. Providers and subcontractors with Contracts in excess of \$50,000 shall also pursue in good faith affirmative action programs, which programs must conform with applicable state and federal laws, rules and regulations.
 - g. The Provider shall cause the foregoing provisions to be inserted in any subcontract for any work covered by this Contract so that such provisions shall be binding upon each subcontractor, provided that the foregoing provisions shall not apply to contracts or subcontracts for standard commercial supplies or raw materials.
9. EMPLOYMENT AND PERSONNEL. The Provider shall not engage on a full-time, part-time or other basis during the period of this Contract, any (a) state employee or (b) any former state employee who participated in any way in the solicitation, award or administration of this Agreement. This restriction shall not apply to regularly retired employees or any employee who has out of state employment for a period of twelve (12) months.
10. WARRANTY. The Provider warrants that it has not employed or contracted with any company or person, other than for assistance with the normal study and preparation of a proposal, to solicit or secure this Contract and that it has not paid, or agreed to pay, any company or person, other than a bona fide employee working solely for the Provider, any fee, commission, percentage, brokerage fee, gifts, or any other consideration, contingent upon, or resulting from the award for making this Contract.

For breach or violation of this warranty, the Department shall have the right to annul this Contract without liability or, in its discretion to otherwise recover the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

11. ACCESS TO RECORDS. As a condition of accepting an Contract for services under this section, a Provider must agree to treat all records, other than proprietary information, relating to personal services work performed under the Contract as public records under the freedom of access laws to the same extent as if the work were performed directly by the Department or agency. For the purposes of this subsection, "proprietary information" means information that is a trade secret or commercial or financial information, the disclosure of which would impair the competitive position of the Provider and would make available information not otherwise publicly available. Information relating to wages and benefits of the employees performing the personal services work under the Contract and information concerning employee and Contract oversight and accountability procedures and systems are not proprietary information. The Provider shall maintain all books, documents, payrolls, papers, accounting records and other evidence pertaining to this Contract and make such materials available at its offices at all reasonable times during the period of this Contract and for such subsequent period as specified under Maine Uniform Accounting and Auditing Practices for Community Agencies (MAAP) rules. The Provider shall allow inspection of pertinent documents by the Department or any authorized representative of the State of Maine or Federal Government, and shall furnish copies thereof, if requested. This subsection applies to contracts, contract extensions and contract amendments executed on or after October 1, 2009.
12. TERMINATION. (a) The performance of work under the Contract may be terminated by the Department whenever for any reason the Contract Administrator shall determine that such termination is in the best interest of the Department. Any such termination shall be effected by delivery to the Provider of a Notice of Termination specifying the date on which such termination becomes effective. Upon such termination, the Department shall pay the Provider for work performed by the Provider prior to the date of Notice of Termination. (b) Either party may terminate this Agreement for cause by providing a written notice of termination stating the reason for the termination. Upon receipt of the notice of termination, the defaulting party shall have fifteen (15) business days to cure the default. If the default is of such a nature that it cannot be cured within fifteen (15) business days, the defaulting party shall have such additional time, as the parties may agree to, to cure the default, provided the defaulting party has taken steps to cure the default with the initial 15 days.
13. GOVERNMENTAL REQUIREMENTS. The Provider warrants and represents that it will comply with all governmental ordinances, laws and regulations.
14. GOVERNING LAW. This Contract shall be governed in all respects by the laws, statutes, and regulations of the United States of America and of the State of Maine. Any legal proceeding against the State regarding this Contract shall be brought in State of Maine administrative or judicial forums. The Provider consents to personal jurisdiction in the State of Maine.
15. STATE HELD HARMLESS. The Provider shall indemnify and hold harmless the Department and its officers, agents, and employees from and against any and all third party claims, liabilities, and costs, including reasonable attorney fees, for any or all injuries to persons or property or claims for money damages, including claims for violation of intellectual property rights, arising from the negligent acts or omissions of the Provider, its employees or agents, officers or Subcontractors in the performance of work under this Agreement; provided, however, the Provider shall not be liable for claims arising out of the negligent acts or omissions of the Department, or for actions taken in reasonable reliance on written instructions of the Department.

16. NOTICE OF CLAIMS. The Provider shall give the Contract Administrator immediate notice in writing of any legal action or suit filed that is related in any way to the Contract or which may affect the performance of duties under the Contract, and prompt notice of any claim made against the Provider by any subcontractor which may result in litigation related in any way to the Contract or which may affect the performance of duties under the Contract.
17. APPROVAL. This Contract must have the approval of the State Controller and the State Purchases Review Committee before it can be considered a valid, enforceable document.
18. INSURANCE. The Provider shall keep in force a liability policy issued by a company fully licensed or designated as an eligible surplus line insurer to do business in this State by the Maine Department of Professional & Financial Regulation, Bureau of Insurance, which policy includes the activity to be covered by this Contract with adequate liability coverage to protect itself and the Department from suits. Providers insured through a "risk retention group" insurer prior to July 1, 1991, may continue under that arrangement. Prior to or upon execution of this Contract, the Provider shall furnish the Department with written or photocopied verification of the existence of such liability insurance policy.
19. NON-APPROPRIATION. Notwithstanding any other provision of this Contract, if the State does not receive sufficient funds to fund this Contract and other obligations of the State, if funds are de-appropriated, or if the State does not receive legal authority to expend funds from the Maine State Legislature or Maine courts, then the State is not obligated to make payment under this Contract.
20. SEVERABILITY. The invalidity or unenforceability of any particular provision, or part thereof, of this Contract shall not affect the remainder of said provision or any other provisions, and this Contract shall be construed in all respects as if such invalid or unenforceable provision or part thereof had been omitted.
21. ORDER OF PRECEDENCE. In the event of a conflict between the documents comprising this Agreement, the Order of Precedence shall be:
- Rider C Exceptions
 - Rider B Terms and Conditions
 - Rider A Scope of Work
 - Payment Rider
 - Rider D Included at Department's Discretion
 - Rider E Included at Department's Discretion
 - Rider F Included at Department's Discretion
 - Rider G Identification of Country in which contracted work will be performed
 - Business Associate Agreement included at Department's Discretion
 - Other Included at Department's Discretion
22. FORCE MAJEURE. The performance of an obligation by either party shall be excused in the event that performance of that obligation is prevented by an act of God, act of war, riot, fire, explosion, flood or other catastrophe, sabotage, severe shortage of fuel, power or raw materials, change in law, court order, national defense requirement, or strike or labor dispute, provided that any such event and the delay caused thereby is beyond the control of, and could not reasonably be avoided by, that party.
23. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off

any monies due to the Provider under this Contract up to any amounts due and owing to the State with regard to this Contract, any other Contract, any other Contract with any State department or agency, including any Contract for a term commencing prior to the term of this Contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Controller.

24. **ENTIRE CONTRACT.** This document contains the entire Contract of the parties, and neither party shall be bound by any statement or representation not contained herein. No waiver shall be deemed to have been made by any of the parties unless expressed in writing and signed by the waiving party. The parties expressly agree that they shall not assert in any action relating to the Contract that any implied waiver occurred between the parties, which is not expressed in writing. The failure of any party to insist in any one or more instances upon strict performance of any of the terms or provisions of the Contract, or to exercise an option or election under the Contract, shall not be construed as a waiver or relinquishment for the future of such terms, provisions, option or election, but the same shall continue in full force and effect, and no waiver by any party of any one or more of its rights or remedies under the Contract shall be deemed to be a waiver of any prior or subsequent rights or remedy under the Contract or at law.
25. **AMENDMENT:** No changes, modifications, or amendments in the terms and conditions of this Contract shall be effective unless reduced to writing, numbered and signed by the duly authorized representative of the State and Provider.
26. **DEBARMENT, PERFORMANCE, AND NON-COLLUSION CERTIFICATION:** By signing this Contract, the Provider certifies to the best of Provider's knowledge and belief that the aforementioned organization, its principals and any subcontractors named in this Contract:
- a. Are not presently debarred, suspended, proposed for debarment, and declared ineligible or voluntarily excluded from bidding or working on contracts issued by any governmental agency.
 - b. Have not within three years of submitting the proposal for this contract been convicted of or had a civil judgment rendered against them for:
 - i. Fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a federal, state or local government transaction or contract.
 - ii. Violating Federal or State antitrust statutes or committing embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - iii. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or Local) with commission of any of the offenses enumerated in paragraph (b) of this certification; and
 - iv. Have not within a three (3) year period preceding this proposal had one or more federal, state or local government transactions terminated for cause or default.
 - c. Have not Entered into a prior understanding, agreement, or connection with any corporation, firm, or person submitting a response for the same materials, supplies, equipment, or services and this proposal is in all respects fair and without collusion or fraud. The above-mentioned entities understand and agree that collusive bidding is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards.

Manufacturer Mitsubishi

Model P144TKMU-A

Serves AC-6 to AC-9

Asset : ERU-1

Location : Locker Room

Manufacturer :

Model :

CFM :

UH and CUH Heaters 34 Total Units

Action: Yearly Service

Procedures

Verify fan motor turns, check voltage and amps.

Inspect belts and sheaves, replace if worn. Align as needed.

Lubricate fan bearings if needed.

Replace air filters if installed.

Major Components:

Asset : CHU-1

Asset CHU-2

Heat pumps Lower level

Action Service

Period 6 Months: Spring and Fall

Procedures

- 1 Check filters and replace as needed
- 2 Inspect and lubricate all shaft bearings as needed
- 3 Check damper operation and condition. Replace damper seals as needed. Lubricate linkages as needed
- 4 Check all electrical connections and tighten as needed
- 5 Remove dust from blower wheels and all debris from inlet/outlet screens

STATE OF MAINE | MASTER AGREEMENT CONTRACT

18P 210315-091

- 6 Check all control valves for proper operation
- 7 Inspect and clean all coils (eveaporator,HW,CHW). Brush and compressed air
- 8 Check and clean condensate pans and drains
- 9 Check motors and compressors fotproper voltage and amperage operation
- 10 Check and operate all sub-equipment for proper operation

RTI O & M Equipment and Tasking List

DDC- HVAC Control Program Inspection

RTI

Contractor

Period: Yearly during boiler service

Action: Inspection

Procedures:

Annual review of DDC control program to resolve issues

Reprogram any faults

Verify control program is running the equipment properly(funtion test).

Major Components:

Asset : Direct Digital Control Program

Location : Augusta

Boiler Service (4 Total) NOTE: Natural Gas Condensing

RTI

Contractor

Period: Yearly

Action: Service/ Cleaning

Procedures:

Inspect refractory

NG Units added tasks

Inspect breaching

Inspect/clean pilot/ignition system

Check firing rate control

Check/adjust gas pressure

Replace burner nozzle

Inspect/clean burner tubes

Replace fuel oil filter

Check high limit safety control

All Units: Conduct and record pre-service

Check operating control

Efficiency test. Conduct and record after

Check fuel valve interlock switch

service test. Annual requirement

Check purge switch

STATE OF MAINE | MASTER AGREEMENT CONTRACT

18P 210315-091

Remove & clean oil drawer assembly

Check blower motor and blower wheel, clean as needed

Verify low water cut offs are operational

Check combustion make up air for proper operation

Check combustion air for proper settings and efficiency

Check and operate sub equipment for proper operations - refer to asset list for components

Clean all boiler internals

Check and/or replace boiler condensate drain neutralization units.

Boiler Service (2 Total)

Period: Yearly/ Sept.,Oct. Fall Service

Action: Service/ Cleaning

Procedures:

- Inspect refractory
- Inspect breaching
- Check firing rate control
- Replace burner nozzle
- Replace fuel oil filter
- Check high limit safety control
- Check operating control
- Check fuel valve interlock switch
- Check purge switch
- Remove & clean oil drawer assembly
- Check blower motor and blower wheel, clean as needed
- Verify low water cut offs are operational
- Check combustion make up air for proper operation
- Check combustion air for proper settings and efficiency
- Check and operate sub equipment for proper operations - refer to asset list for components
- Clean all boiler internals
- Check and/or replace boiler condensate drain neutralization units.

- NG Units added tasks
- Inspect/clean pilot/ignition system
- Inspect/clean burner tubes
- All Units: Conduct and record pre-service
- Efficiency test. Conduct and record after service test. Annual requirement
