How to Use the Hazardous Incident Response Equipment (HIRE) Contract
Award #22872
(Revised February 19th, 2016)

The purpose of the Hazardous Incident Response Equipment (HIRE) contract is to provide Authorized Users, including other participating states, with a means of acquiring various types of Hazardous Incident Response Equipment as per, but not limited to, the **Department of Homeland Security (DHS) Authorized Equipment List (AEL)**.

The Statewide, multiple award contracts are with manufacturers and/or authorized distributors and are based on the terms and conditions contained within the Contract Award Notification document. Contracts have been awarded for equipment that will qualify for Homeland Security Grant Funding (SHSP) and Law Enforcement Terrorism Prevention Program (LETPP) funding.

NYS Department of Homeland Security and Emergency Services (DHSES) grant guidance requires that any equipment purchased with Federal Homeland Security grant funds must meet any applicable standard listed on the DHS/FEMA AEL. The Contract Award Notification document contains links to various standards adopted by the US Department of Homeland Security's Science and Technology Directorate, which apply to Personal Protective Equipment and Radiation and Nuclear Detection Equipment. Additional information can be found on the NYS DHSES website: <http://www.dhSES.ny.gov/>. The DHS/FEMA Authorized Equipment List (AEL) can be found at <http://www.fema.gov/media-library/assets/documents/101566>.

NOTE: Equipment is available on the HIRE contracts that may be used for emergency response related activities but does not qualify for grant funding.

All Authorized Users of NYS OGS contracts may purchase from the HIRE contracts. Additional States may join at any time by signing a Participating Addendum.

States requiring the addition of significant terms and conditions to those already accepted by the contractors should attach them to the Participating Addendum and submit to each contractor for signature. If no additional terms are needed Participating States should have the Participating Addendum signed by the contractors under the resulting Contract Number (i.e. PCxxxxx) and forward a copy of the signed agreement to the NYS OGS HIRE Contract Administrator at: psghire@ogs.ny.gov

Authorized Users should be aware of the following:

- The basis for selection among multiple contracts at the time of purchase shall be the most economical alternative that meets their form, function, and utility, unless there are overriding practical issues, and should be in the best interests of the States. Consideration should also be given to price, overhead associated with storage and inventory of the goods, and the Authorized Users internal policies and procedures.
- Construction costs to prepare for installation, and installation services are not covered in this award.
- The HIRE contracts are not limited to authorized equipment only. If using Federal Homeland Defense funds or Law Enforcement Terrorism Prevention Federal Grant monies end-users should ensure equipment they wish to purchase under these contracts is authorized. **End-users must notify the vendor at time of ordering by including the proper information**

on the Purchase Order that these funds or grant monies are being used. This requirement enables vendors to meet Federal grant tracking requirements.

- If you are purchasing a costly item or a large volume of a specific piece of equipment, and know the manufacturer of the product, please access the manufacturer line spreadsheet. The sheet lists contractors and their included manufacturers. It is strongly recommended that Authorized Users obtain and compare pricing from as many vendors as possible.
- The HIRE website contains a Category Matrix which lists each contractor and the category of product they offer on contract. Each contractor has a pricelist posted on the HIRE website, which includes the category number for each product they have on contract. It is recommended that you contact the vendor(s) offering the type of equipment you wish to purchase should you have questions, as well as to inquire about lower pricing. HIRE contractors may offer lower than contract pricing, but cannot charge more than the current posted price on their pricelist.
- Choose the most cost effective option meeting your needs, document your choice for the procurement record, and proceed with the purchase.
- Prices quoted shall be net F.O.B. destination any point within the participating states, as designated by the ordering agency, including tailgate delivery, unless otherwise noted in the contract award. Price includes all applicable customs, duties, taxes, license fees and surcharges, as stated in Appendix B under section 11 and as designated by the ordering Authorized User. For those items shipped outside the 48 contiguous United States, on which there are extraordinary freight charges that cannot reasonably be covered by the contract price, vendors may negotiate with those non-contiguous States regarding delivery terms and charges. Shipping is to be FOB Destination 48 states, Washington DC and point of exportation for Alaska, Hawaii, Puerto Rico, etc. for shipments outside the 48 contiguous states. The location must be agreed to by the vendor and the negotiating State. From that point, shipping terms, charges and conditions should be negotiated with the end-user. The State must be notified in advance of the possible shipping charges and agree to the final contract price and arrangements.
- NOTE: The State of New York and its political subdivisions are exempt from New York State and local sales taxes and federal excise taxes.
- In case of an emergency please follow your agency's emergency procurement procedures.

Frequently Asked Questions (FAQ's)

1. How do I know if I'm an Authorized User of NYS OGS contracts, including the HIRE contract?

Answer: If you are a NYS entity, please contact NYS OGS Procurement Services Customer Services at: 518-474-6717, or via email at: OGS.sm.customer.services@ogs.ny.gov.

Answer: If you are not a NYS entity (other state), and would like to purchase from the HIRE contract, Please contact the HIRE Contract Administrator using the current contact information located at <http://ogs.ny.gov/purchase/spg/awards/3823222872CAN.HTM> or via email at: psghire@ogs.ny.gov. If you have not already done so, you must submit a Participating Addendum.

2. If I am a NYS Agency, and I'm making a purchase from the HIRE contract, am I required to obtain three (3) quotes?

Answer: No. See The NYS Procurement Guidelines "Procurement Basics" for rules on Agency purchasing: <http://nyspro.ogs.ny.gov/sites/default/files/uploaded/NYS%20Procurement%20Guidelines.pdf>

3. What if more than one HIRE contractor has the item(s) I need, but they are listed at different prices?

Answer: Although not an Agency requirement, it is strongly recommended that all Authorized Users seek quotes from more than one participating HIRE contractor to obtain the best possible pricing when the same item is offered by more than one contractor at different pricing.

4. How do I know if a product on the HIRE contact meets Federal Guidelines for use of grant funds?

Answer: See Section 6-Standards for links to sites pertaining to standards for personal protective gear for first responders, and/or contact the contractor or manufacturer for specification sheets and additional information.

5. Where will I be able to find the Authorized Equipment List (AEL)?

Answer: The Authorized Equipment List (AEL) is now available in PDF format at <http://www.fema.gov/grants>. For questions about the AEL, please contact your Grant Programs Directorate (GPD) Program Analyst or the Centralized Scheduling Information Desk (CSID). You can reach the CSID by phone at (800) 368-6498 Monday through Friday, 8:00 a.m.–5:30 p.m. EST, or by email at askcsid@dhs.gov. FEMA GPD is working to develop interactive functionality on the FEMA website and will provide further communication once this functionality is available.

6. When are contractor pricelists updated, and how long does it take?

Answer: HIRE Contract holders are allowed to update their pricelists once a year, beginning in December 2015. New items under a Contractors listed categories and manufacturers may be added and/or items may be removed. Prices may also be increased or decreased and item numbers may be revised. Pricelist update approval times may vary. No general timeframe for review and approval is given.

7. If I don't see certain contractor or manufacturer listed, is it possible for an Authorized User to request that OGS add a new contractor or new manufacturer product line to the HIRE contract?

Answer: No. New contractors and manufacturers are not allowed to be added during the contract term. In addition, Contractors may not add new categories to their pricelist.

8. Who do I contact if I have questions regarding the HIRE contract?

Answer: Please contact the HIRE Contract Administrator using the current contact information located at <http://ogs.ny.gov/purchase/spg/awards/3823222872CAN.HTM> or via email at: psghire@ogs.ny.gov.

Participating Addendum
Hazardous Incident Response Equipment (HIRE)
Award #22872

Participation in the HIRE Contract

This Participating Addendum form is supplied on the HIRE contract website:
https://www.ogs.ny.gov/purchase/spg/pdfdocs/3823222872Participation.pdf for use by other States that are interested in participating in the Award.

States requiring the addition of significant terms and conditions to those already accepted by the contractors should attach them to the Participating Addendum and submit to each Contractor from which they wish to purchase. OGS will review, approve, sign and return the Participating Addendum if acceptable. If no additional terms are needed, Participating States should have the Participating Addendum signed by the contractor(s) under the resulting Contract Number (i.e. PC12345) and forward a copy of the signed agreement to the NYS OGS Contract Administrator at: bradford.deforge@ogs.ny.gov

The following is a listing of current Participating States as of August 1, 2017:

Table with 4 columns: State, Contact Person Name, Contact Phone No., and Email Address. Rows include Alaska, Connecticut, Virginia, Vermont, Maine, and South Dakota.

Participating Addendum Agreement**HIRE Award No. 22872****PURPOSE**

The purpose of this Agreement is to provide other States with the opportunity to participate in the NYS OGS HIRE contracts. The Participating Addendum identifies the interested parties who intend to order from each contract.

I. EFFECTIVE DATES OF THIS INTENT TO CONTRACT

This agreement shall remain in effect until the term of the contract, stated within the Contract Award Notification Document, has ended or has been terminated for cause.

II. SCOPE OF THE CONTRACT

The State of New York is authorized by agreement of the participants to act as the Lead State in this Contract to provide Authorized Users, (including other participating States) with a means of acquiring various types of Hazardous Incident Response Equipment as per, but not limited to, the Department of Homeland Security (DHS) Authorized Equipment List (AEL). Products provided within the contract must be within the general scope of a specific AEL category. Submissions for any equipment not specifically listed in the DHS Authorized Equipment List categories will be evaluated on a case by case basis as to eligibility for inclusion on the NYS HIRE contract. OGS reserves the right to exclude any item(s) deemed to be out of scope of the Contract.

Multiple Contracts were awarded to responsive and responsible Bidders who are able to meet the terms and conditions of the IFB, and whose product offerings met the scope of the IFB.

III. GOVERNING LAW

This procurement and the resulting agreement shall be governed by and construed in accordance with the laws of the state of New York (the state sponsoring and administering the procurement). The construction and effect of any Participating Addendum or order against the contract(s) shall be governed by and construed in accordance with the laws of the Participating Entity's State. Venue for any claim, dispute or action concerning an order placed against the contract(s) or the effect of a Participating Addendum shall be in the Purchasing Entity's State.

POLITICAL SUBDIVISION PARTICIPATION: Participation under this contract by political subdivisions (i.e., colleges, school districts, counties, cites, etc.,) of the participating states shall be voluntarily determined by the political subdivision. The contractor agrees to supply the political subdivisions based upon the same terms, conditions and prices.

ENTITY PARTICIPATION (outside NYS): Use of this cooperative contracts by state agencies, political subdivisions and other entities (including cooperatives) authorized by individual state's statutes to use state contracts are subject to the approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the respective State Chief Procurement Official.

IV. ADMINISTRATIVE AND REPORTING REQUIREMENTS

Contractor shall furnish a report of purchases made from the awarded contract on the fifteenth day of the month following the end of each six month period. For example, sales for January thru June would be due by July 15th (a contract start date of June 1st would require sales reports for June 1st thru November 30th be submitted no later than December 15th).

Reports of New York State sales and total contract sales including other state purchases are to be submitted to OGS NYS Procurement (NYSPRO), to the attention of the Contract Administrator, as shown on the front page of the Contract Award Notification document. The report must be completed in its entirety. NYSPRO reserves the right to request additional information if needed.

Participating State reports should be submitted to the participating state as required by the State.

Administrative Fee:

An administrative fee of one-half of one percent (0.5%) will be collected from each contractor for purchases under the contract.

V. TERM OF THE CONTRACT

The contract will be established for five (5) years.

VI. PARTIES TO THIS AGREEMENT

The parties to this Agreement have affixed their signatures below in witness and in execution of this Participating Addendum, this 18th day of May, 2018.

Next-Level HPMS For All Hazard Trace Detection and Identification

ALL HAZARD THREAT DETECTION

MX908™ leverages high-pressure mass spectrometry™ (HPMS) to deliver dramatically enhanced sensitivity and broader threat category coverage. This second-generation tool increases mission support with unmatched flexibility and trace detection power for elite responders in chemical, explosive, drug and priority hazmat scenarios. MX908 lightens the overall technology burden by displacing other less selective technologies from the response toolkit.

LIGHTENING THE LOAD

With the enhanced proficiency of HPMS, users can lighten the technology load of tools required downrange. With sensitivity levels comparable to ion mobility mass spectrometry (IMS) and significantly enhanced selectivity, MX908 can detect trace quantities (low - mid ppb) of priority threats amongst the myriad of interferents that plague other less selective technologies.

MISSIONS:

- Site exploitation
- EOD
- Border security
- HazMat response
- Checkpoint security
- Postal security
- Event security

THREAT CATEGORIES:

- CWA
- Fentanyl/Opioids
- Emerging threats
- Explosives
- TIC/TIM
- Precursors

OPERATIONAL STRENGTHS:

- Trace-level vapors, solids and liquids

ATTRIBUTES:

- Fast start up
- Rapid analysis
- Trace detection (low - mid ppb)
- Powered by mass spectrometry
- Heightened sensitivity and selectivity
- Unmistakable audio and visual alerts
- Simple interface
- Low maintenance

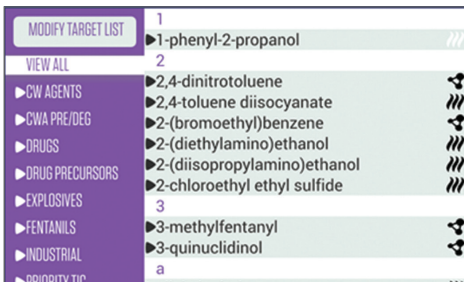

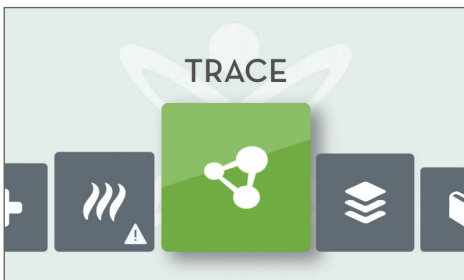

MX908 is rugged and meets the requirements for use in harsh environments.

MX908 is equipped with modular accessories for ease of transition between solid and vapor sample types.

The enhanced selectivity of MX908 allows for even broader threat category coverage.

An obvious user interface guides users every step of the way to ensure proper use.

MX908 is subject to export controls including those of the Export Administration Regulations of the U.S. Department of Commerce, which may restrict or require licenses for the export of product from the United States and their re-export to and from other countries.
 Patented technology www.908devices.com/patents
 © 2018 908 Devices

New MX908 Mission Modes enhance performance using specialized software configurations to optimize operational performance of existing hardware for specific mission objectives.

Drug Hunter: is a mission mode for the detection of drugs and pharmaceutical-based agents (PBAs) such as: fentanyl and fentanyl-analogues, along with other high priority drugs-of-abuse.

Explosives Hunter: is a mission mode for the detection of priority threats from military and commercial grade explosives, to homemade energetics and relevant precursors.

CWA Hunter: is a mission mode for the detection of priority chemical warfare agents, including real-time vapor quantification.

SPECIFICATIONS

Size	29.8 x 21.6 x 12.2 cm (11.8 x 8.5 x 4.8 in)
Power	Replaceable, hot swappable batteries with >3 hours of continuous operation (2 spare batteries included)
Display	Adjustable ultra-bright backlit display for direct sunlight and nighttime conditions, 12.7 cm (5 in)
Weight	3.9 kg (8.7 lbs), including batteries
Mass Spectrometer	Microscale Ion Trap Based
Mass Range	55 – 470 Da
Ionization Source	Non-radioactive, internal ionization, variable energy, dual polarity
Sample Introduction	Continuous gas/vapor analysis; rapid trace-to-bulk solid/liquid analysis via thermal desorption swabs
Alarm Type	Audio and visual for both detection and identification
Software	Embedded, self-contained, on-board analytics
Decontamination	IP-53 rated, chemical resistant housing spray/splash and wipe down
Operating Temperature	0°-40° C (32°-110° F)
Storage Temperature	-20°-60° C (-4°-140° F)

ABOUT 908 DEVICES

908 Devices Inc. is democratizing chemical analysis by way of mass spectrometry. We make products ranging from rugged, handheld chemical detection tools to compact, tiny footprint analyzers and fast separation devices. These purpose-built and user-centric devices serve a range of industries including safety and security, oil & gas, life sciences and other applied markets.
