The Division of Purchases, at its option, may either reject any article or work not in conformity with the requirements and terms of this order, or re-work the same at Contractor's expense. The Division may reject the entire shipment where it consists of a quantity of similar articles and sample inspection discloses that ten (10%) percent of the articles inspected are defective, unless Contractor agrees to reimburse the Division for the cost of a complete inspection of the articles included in such shipment. Not all of the product lines appearing on this list are marketed by Herman Miller in all countries, and appearance on this list does not imply an offer for sale of a product line in a particular place. Since textiles vary in weave, thickness and memory, some creasing and/or gathering may occur during the upholstery application process. Due to natural variations over which we have no control, all furniture is sold subject to minor irregularities of color, surface, grain, and texture. Textiles are sold subject to minor variations of color. Leather upholstery materials are of the finest quality. Because leather is a natural product, variations of texture are common and should be expected. Leather will contain natural markings such as neck wrinkles, scratches, backbone marks and stretch marks. These distinctions give leather its unique characteristics and are considered to be a part of the natural beauty of leather.

Our company will advise you of the procedure to follow when making warranty claims. Call **SitOnIt Seating at 888 274-8664** to explain defect. Give your name, address, and telephone number. Please be prepared with the model number, date of purchase, date of manufacture, cell number, and part number found under the seat of the chair.
