 - e. That it has good and clear title to all articles to be supplied by it and the same are free and clear from all liens, encumbrances and security interest.

The Contractor shall remedy any defects in the work and pay any damage to other work resulting therefrom, which shall appear within one year from the date of final acceptance of the work provided hereunder. The Division of Purchases shall give written notice of observed defects with reasonable promptness.

- 3. Neither party shall be liable for excess costs of deliveries or defaults due to the causes beyond its control and without its fault or negligence, provided, however, that when the Contractor has reason to believe that the deliveries will not be made as scheduled, written notice setting forth the cause of the anticipated delay will be given immediately to the Division. If the Contractor's delay or default is caused by the delay or default of a subcontractor, such delay or default shall be excusable only if it arose out of causes beyond the control of both Contractor and subcontractor and without fault of negligence or either of them and the articles or services to be furnished were not obtainable from other sources in sufficient time to permit Contractor to meet the required delivery schedule.

To Our Valued Customers,

First and foremost, thank you for your business. We appreciate you choosing 5.11 as your partner when it comes to purpose-built apparel, footwear and gear.

As you may have seen in the media and are experiencing in your own business and daily lives, Covid-19 continues to create havoc on global supply chains, resulting in unprecedented cost increases in raw materials, labor, and transportation. Even as 5.11 has adapted its operations to mitigate against this extraordinary macro reality, we are not immune to inflation on all elements of our cost basis. As a result, 5.11 is compelled to modify our Wholesale, MAP and MSRP pricing effective April 21, 2022.

On average, 5.11's price increases for Spring 2022 are 5%, but some products have increased upwards of 7% or 8% depending on the specific inflationary impact to the cost basis in order to produce and receive that product.

Through it all, 5.11 remains committed to providing industry-leading technical solutions and innovations to our customers and end-users. These price changes are needed to keep our partnerships healthy moving forward, and to continue to offer products that exceed the rigorous standards of tactical professionals and technical enthusiasts worldwide.

We remain grateful your business and thank you for your continued support.

With appreciation,

Francisco J. Morales
CEO, 5.11 Inc.
