## Dear Valued Partner,

Propper remains committed to ensuring that pricing for our safety solutions is reflective of the current environment. This includes the ongoing, frequent assessment of real-time market conditions \& related cost impacts, as well as an annual review of production costs.

We have kept price changes to a minimum. We did have to increase our prices by $5 \%-10 \%$ in 2021, 2022 \& 2023 due to material and production inflation. The current environment is more challenging on a widescale basis with ongoing supply chain disruptions and labor shortages in the textile and manufacturing sectors, worldwide surge in cotton prices, soaring oil prices that impact both material and shipping costs, and strong consumer demand. The extraordinary inflation rate that is evident in the items we all purchase on a daily basis is also impacting the public safety uniform and equipment markets, which caused all products to have a slight increase each year. We are working to stabilize pricing as much as possible. Thank you for your consideration as we navigate through this unusual economic environment together.

As a valued Propper customer we would like to thank you for your ongoing support and commitment. We look forward to growing our businesses together over the coming years.

Should you have any questions or need additional information about our product line, please contact your Area Sales Manager who will be happy to assist you.

Contract: \#MA 210517**124
Date: April 4, 2023
Business: Admiral Fire \& Safety
Attn: Annemarie
9 Haigis Parkway
Scarborough, ME 04074

To who it may concern,
Admiral Fire \& Safety can't hold our current pricing for 2023. This is due to manufacturer increases. Admiral is holding our prices but adding only our cost increase from the manufacturer.

Originally, we priced the contract too low. We did not allow for much of an increase from manufactures. Style \#F5201-55KH 6 Pocket BDU is most affected due to the cotton blend used in making the pant. Style \#F5201-55KH will have more of a price increase than the other styles in this contract. Cotton material items have been affected the most these past 2 years. Last year there was an order for this item. We did lose money in that order but we did not increase the price because we knew that we had to wait for the contract extension to be offered. This is why the increase is so high. It is now in line with the pricing of the other pants.

Please call if you have any questions
Thank you for your help
