 - e. The term “Contractor”, “Vendor”, or “Provider” shall refer to the organization that is providing goods and/or services through the contract to which these standard terms and conditions have been attached and incorporated.
 - f. The term “Contract” or “Agreement” shall refer to the contract document to which these standard terms and conditions apply, taking the format of a Buyer Purchase Order (BPO) or Master Agreement (MA) or other contractual document that is mutually agreed upon between the State and the Contractor.

2. **WARRANTY:** The Contractor warrants the following:
 - a. That all goods and services to be supplied by it under this Contract are fit and sufficient for the purpose intended, and
 - b. That all goods and services covered by this Contract will conform to the specifications, drawing samples, symbols or other description specified by the Division, and
 - c. That such articles are merchantable, good quality, and free from defects whether patent or latent in material and workmanship, and
 - d. That all workmanship, materials, and articles to be provided are of the best grade and quality, and
 - e. That it has good and clear title to all articles to be supplied by it and the same are free and clear from all liens, encumbrances and security interest.

Neither the final certificate of payment nor any provision herein, nor partial nor entire use of the articles provided shall constitute an acceptance of work not done in accordance with this agreement or relieve the Contractor liability in respect of any warranties or responsibility for faulty material or workmanship. The Contractor shall remedy any defects in the work and pay any damage to other work resulting therefrom, which shall appear within one year from the date of final acceptance of the work provided hereunder. The Division of Purchases shall give written notice of observed defects with reasonable promptness.

3. **TAXES:** Contractor agrees that, unless otherwise indicated in the order, the prices herein do not include federal, state, or local sales or use tax from which an exemption is available for purposes of this order. Contractor agrees to accept and use tax exemption certificates when supplied by the Division as applicable. In case it shall ever be determined that any tax included in the prices herein was not required to be paid by Contractor, Contractor agrees to notify the Division and to make prompt application for the refund thereof, to take all proper steps to procure the same and when received to pay the same to the Division.

4. PACKING AND SHIPMENT: Deliveries shall be made as specified without charge for boxing, carting, or storage, unless otherwise specified. Articles shall be suitably packed to secure lowest transportation cost and to conform to the requirements of common carriers and any applicable specifications. Order numbers and symbols must be plainly marked on all invoices, packages, bills of lading, and shipping orders. Bill of lading should accompany each invoice. Count or weight shall be final and conclusive on shipments not accompanied by packing lists.

5. DELIVERY: Delivery should be strictly in accordance with delivery schedule. If Contractor's deliveries fail to meet such schedule, the Division, without limiting its other remedies, may direct expedited routing and the difference between the expedited routing and the order routing costs shall be paid by the Contractor. Articles fabricated beyond the Division's releases are at Contractor's risk. Contractor shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet delivery schedule, and, unless otherwise specified herein, no deliveries shall be made in advance of the Division's delivery schedule. Neither party shall be liable for excess costs of deliveries or defaults due to the causes beyond its control and without its fault or negligence, provided, however, that when the Contractor has reason to believe that the deliveries will not be made as scheduled, written notice setting forth the cause of the anticipated delay will be given immediately to the Division. If the Contractor's delay or default is caused by the delay or default of a subcontractor, such delay or default shall be excusable only if it arose out of causes beyond the control of both Contractor and subcontractor and without fault of negligence or either of them and the articles or services to be furnished were not obtainable from other sources in sufficient time to permit Contractor to meet the required delivery schedule.

6. FORCE MAJEURE: The State may, at its discretion, excuse the performance of an obligation by a party under this Agreement in the event that performance of that obligation by that party is prevented by an act of God, act of war, riot, fire, explosion, flood or other catastrophe, sabotage, severe shortage of fuel, power or raw materials, change in law, court order, national defense requirement, or strike or labor dispute, provided that any such event and the delay caused thereby is beyond the control of, and could not reasonably be avoided by, that party. The State may, at its discretion, extend the time period for performance of the obligation excused under this section by the period of the excused delay together with a reasonable period to reinstate compliance with the terms of this Agreement.

7. INSPECTION: All articles and work will be subject to final inspection and approval after delivery, notwithstanding prior payment, it being expressly agreed that payment will not constitute final acceptance. The Division of Purchases, at its option, may either reject any article or work not in conformity with the requirements and terms of this order, or re-work the same at Contractor's expense. The Division may reject the entire shipment where it consists of a quantity of similar articles and sample inspection discloses that ten (10%) percent of the articles inspected are defective, unless Contractor agrees to reimburse the Division for the cost of a complete inspection of the articles included in such shipment. Rejected material may be returned at Contractor's risk and expense at the full invoice price plus applicable incoming transportation charges, if any. No replacement of defective articles of work shall be made unless specified by the Division.

8. INVOICE: The original and duplicate invoices covering each and every shipment made against this order showing Contract number, Vendor number, and other essential particulars, must be forwarded promptly to the ordering agency concerned by the Vendor to whom the order is issued. Delays in receiving invoice and also errors and omissions on statements will be considered just cause for withholding settlement without losing discount privileges. All accounts are to be carried in the name of the agency or institution receiving the goods, and not in the name of the Division of Purchases.

9. ALTERATIONS: The Division reserves the right to increase or decrease all or any portion of the work and the articles required by the bidding documents or this agreements, or to eliminate all or any portion of such work or articles or to change delivery date hereon without invalidating this Agreement. All such alterations shall be in writing and mutually agreed upon by the parties. If any such alterations are made, the contract amount or amounts shall be adjusted accordingly. 11. NON-APPROPRIATION: Notwithstanding any other provision of this Agreement, if the State does not receive sufficient funds to fund this Agreement and other obligations of the State, if funds are de-appropriated, or if the State does not receive legal authority to expend funds from the Maine State Legislature or Maine courts, then the State is not obligated to make payment under this Agreement.

12. Contractor terms and conditions that apply to this Master Agreement are only those that are expressly accepted by the Lead State and must be in writing and attached to this Master Agreement as an Exhibit or Attachment.

- b. The Master Agreement may be extended for a reasonable period of time if in the judgment of the Lead State a follow-on, competitive procurement will be unavoidably delayed (despite good faith efforts) beyond the planned date of execution of the follow-on master agreement. This subsection shall not be deemed to limit the authority of a Lead State under its state law otherwise to negotiate contract extensions.

4. **Amendments.**

The terms of this Master Agreement shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without a written amendment to the Master Agreement executed by the Contractor and Lead State as

required by law. Master Agreement amendments will be negotiated by the Lead State with the Contractor whenever necessary to address changes in the terms and conditions, costs, timetable, or increased or decreased scope of work.

5. Participants and Scope.

- a. Canadian Participation. Intentionally deleted.
- b. Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the ordering document (e.g. purchase order or contract) used by the Purchasing Entity to place the Order.
- c. Use of specific NASPO ValuePoint Master Agreements by state agencies, political subdivisions and other Participating Entities (including cooperatives) authorized by individual state's statutes to use state contracts are subject to the approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the respective State Chief Procurement Official.
- d. Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. States or other entities permitted to participate may use an informal competitive process to determine which Master Agreements to participate in through execution of a Participating Addendum. Financial obligations of Participating Entities who are states are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating Entities who are states incur no financial obligations on behalf of other Purchasing Entities. Contractor shall email a fully executed PDF copy of each Participating Addendum to PA@naspovaluepoint.org to support documentation of participation and posting in appropriate data bases.
- e. NASPO and NASPO ValuePoint are not parties to the Master Agreement.
- f. Participating Addenda shall not be construed to amend the following provisions in this Master Agreement between the Lead State and Contractor that prescribe NASPO ValuePoint requirements: Term of the Master Agreement; Amendments; Participants and Scope; Administrative Fee; NASPO ValuePoint Summary and Detailed Usage Reports; NASPO ValuePoint Cooperative Program Marketing and Performance Review; Right to Publish; Price and Rate Guarantee Period; and Individual Customers. Any such language shall be void and of no effect.
- g. Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the consent to participation by the Chief Procurement Official of the state where the Participating Entity is located. Coordinate requests for such participation through NASPO ValuePoint. Any permission to participate through execution of a Participating Addendum is not a determination that procurement authority exists in the Participating Entity; they must ensure that they have the requisite procurement authority to execute a Participating Addendum.

- h. Resale. "Resale" means any payment in exchange for transfer of tangible goods, software, or assignment of the right to services. Subject to any specific conditions included in the Master Agreement, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products (the definition of which includes services that are deliverables). Absent any such condition or explicit permission, this limitation does not prohibit: payments by employees of a Purchasing Entity for Products; sales of Products to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities and consistent with a Purchasing Entity's laws and regulations. Any sale or transfer permitted by this subsection must be consistent with license rights granted for use of intellectual property.

6. Individual Customers.

Except to the extent modified by a Participating Addendum, each Purchasing Entity shall follow the terms and conditions of the Master Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement, including but not limited to, any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.

7. Independent Contractor.

The Contractor is an independent contractor. Contractor shall have no authorization, express or implied, to bind the Lead State, Participating States, other Participating Entities, or Purchasing Entities to any agreements, settlements, liability or understanding whatsoever, and agrees not to hold itself out as an agent except as expressly set forth herein or as expressly agreed in any Participating Addendum.

8. Contracting Personnel.

Contractor must provide adequate contracting personnel to assist states with the completing and processing Participating Addenda. It is preferred that each Contractor be able to provide each Participating Entity with a primary contact person for that Participating Entity.

9. Changes in Contractor Representation.

The Contractor must notify the Lead State of changes in the Contractor's key administrative personnel managing the Master Agreement in writing within 10 calendar days of the change. The Lead State reserves the right to approve changes in key personnel, as identified in the Contractor's proposal. Such approval shall not be unreasonably withheld. The Contractor agrees to propose replacement key personnel having substantially equal or better education, training, and experience as was possessed by the key person proposed and evaluated in the Contractor's proposal.

10. Contractor Verification.

The Contractor is responsible for delivering products or performing services under the terms and conditions set forth in the Master Agreement. The Contractor must ensure partners utilized in the performance of this contract adhere to all the terms and conditions. The term Partner will be utilized in naming the relationship a Contractor has with another company to market and sell under the contract. Participating Entities will have final determination/approval if a Partner may be approved for that state in the role identified by the Contractor.

11. Contractor Performance Meeting.

An annual performance meeting may be held each year with the NASPO ValuePoint Sourcing Team. Historically performance meetings have been held in Minnesota, but the Lead State may hold the meetings in person or virtually at the Lead State's discretion.

All contractors that are invited to participate must send their Primary Account Representative, unless an exception is granted in writing by the Lead State. It is possible that not all contractors will be invited to participate in a performance meeting.

12. Laws and Regulations.

Any and all Products offered and furnished shall comply fully with all applicable Federal and State laws and regulations, including Minn. Stat. § 181.59 prohibiting discrimination and business registration requirements of the Office of the Minnesota Secretary of State. To the extent any purchase is subject to Federal Acquisition Regulations, as may be required by the terms of a federal grant, a Participating Entity and Contractor may include in their Participating Addendum terms that reflect such a requirement. Products and services provided under these terms are for Participating Entity's internal or governmental use and not for further commercialization.

13. Price and Rate Guarantee Period.

All minimum discounts and rates must be guaranteed for the initial term of the Master Agreement. Following the initial Master Agreement period, any request for minimum discount or rate adjustment must be for a guarantee period as offered by the Contractor, and must be made at least 30 days prior to the effective date. Requests for minimum discount or rate adjustment must include sufficient documentation supporting the request. Any adjustment or amendment to the Master Agreement shall not be effective unless approved by the Lead State. No retroactive adjustments to minimum discounts or rates will be allowed.

14. Premium Savings Package Program.

The Lead State reserves the right to create a Premium Savings Package Program (PSP) as outlined in the Definitions, Paragraph 2.ee of Exhibit A. Participation by Contractor is voluntary. The details and commitments of the PSP will be detailed as a part of any request for Contractor to participate.

15. Services.

Participating Entities must explicitly allow services in their Participating Addenda for the approved services to be allowed under that Participating Addendum. The Participating Addendum by each Participating Entity will address service agreement terms and related travel.

16. Ordering.

- a. Master Agreement and purchase order numbers shall be clearly shown on all acknowledgments, packing slips, invoices, and on all correspondence.
- b. Purchasing Entities may define entity or project-specific requirements and informally compete the requirement among companies having a Master Agreement on an "as needed" basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to the Purchasing Entity's rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement Contractors should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.
- c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor is expected to become familiar with the Purchasing Entities' rules, policies, and procedures regarding the ordering of supplies or services contemplated by this Master Agreement.
- d. Contractor shall not begin work without a valid Purchase Order or other appropriate commitment document under the law of the Purchasing Entity.
- e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.
- f. All Orders pursuant to this Master Agreement, at a minimum, shall include:

1. The service description or supplies being delivered;
 2. The place and requested time of delivery;
 3. A billing address;
 4. The name, phone number, and address of the Purchasing Entity representative;
 5. The price per hour or other pricing elements consistent with this Master Agreement and the contractor's proposal;
 6. A ceiling amount of the order for services being ordered;
 7. The Master Agreement identifier; and
 8. Statement of Work, when applicable.
- g. All communications concerning administration of Orders placed shall be furnished solely to the authorized purchasing agent within the Purchasing Entity's purchasing office, or to such other individual identified in writing in the Order.
- h. Orders must be placed pursuant to this Master Agreement prior to the termination date thereof, but may have a delivery date or performance period up to 120 days past the then-current termination date of this Master Agreement. Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.
- i. Notwithstanding the expiration, cancellation or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration, cancellation or termination of this Master Agreement, or otherwise inconsistent with its terms. Orders from any separate indefinite quantity, task orders, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

17. Trade-In.

Any trade-in programs offered during the life of the Master Agreement must be approved by the Lead State. Participating Entities must explicitly allow trade-in programs in their Participating Addenda for the approved programs to be allowed under that Participating Addendum. Trade-in value shall not decrease the discounts offered through the Master Agreement.

18. Shipping and Delivery.

- a. The prices are the delivered price to any Purchasing Entity for standard 3-5 business days transportation for shipping with commercially reasonable efforts to deliver within 30 business days, except for situations out of Contractor's control. If an order is requested with expedited shipping, the Contractor must provide a firm "not to exceed" price for the expedited shipping on the quote. All deliveries shall be FOB Destination, freight pre-paid, with all standard transportation and handling charges paid by the Contractor. Risk of loss or damage for Products shall remain with the Contractor's until final inspection and acceptance when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor's warranty obligations. Final inspection and acceptance shall be in accordance with section 19.c., Product Acceptance. Any order for less than the

specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an Order to be shipped without transportation charges that is back ordered shall be shipped without charge.

- b. Specific delivery instructions, including FOB Inside Delivery, will be noted on the order form or Purchase Order. Any damage to the building interior, scratched walls, damage to the freight elevator, etc., will be the responsibility of the Contractor. If damage does occur, it is the responsibility of the Contractor to promptly notify the Purchasing Entity placing the Order.
- c. All products must be delivered in the manufacturer's standard package. Costs shall include all packing and crating charges. Cases shall be of durable construction, good condition, properly labeled and suitable in every respect for storage and handling of contents. Each shipment shall be marked with the Purchasing Entity's Purchase Order number and contract number or other information sufficient for the Purchasing Entity to properly identify the shipment if outlined in the Participating Addendum of the Purchasing Entity.

19. Inspection and Acceptance.

- a. Where the Master Agreement, a Participating Addendum, or an Order does not otherwise specify a process for Inspection and Acceptance, this section governs.
- b. Facilities Inspection. Contractor shall provide right of access to the Lead State, or to any other authorized agent or official of the Lead State or other Participating or Purchasing Entity, at reasonable times, in order to monitor and evaluate performance, compliance, and quality assurance requirements under this Master Agreement. The parties agree that Lead State or other Participating or Purchasing Entity will not be permitted access to any areas involved in research and development or that contain confidential, proprietary or trade secret documents/information prior to agreement of confidentiality terms and conditions. Inspections shall be performed at Lead State's or other Participating or Purchasing Entity's cost during normal business hours in a manner to minimize disruption to Contractor's business. The parties shall agree to appropriate confidentiality terms and conditions before access to premises is given, and Lead State or other Participating or Purchasing Entity shall promptly provide Contractor with a copy of the results of the inspection, which will be deemed Contractor's Confidential Information.
- c. Product Acceptance. Upon delivery, the Purchasing Entity shall have 30 calendar days to inspect to determine if the Products meet Contractor's specifications ("Specifications"). Failure to reject upon receipt, however, does not relieve the contractor of liability for material (nonconformity that substantially impairs value) latent or hidden defects subsequently revealed when goods are put to use.

The Purchasing Entity will make every effort to notify the Contractor, within thirty (30) calendar days following delivery, of non-acceptance of a Product or completion of Service. In the event that the Contractor has not been notified within 30 calendar days from delivery of Product or completion of Service, the Product and Services will be deemed accepted on the 31st day after delivery of Product or completion of Services. This clause shall not be applicable, if acceptance testing and corresponding terms have been mutually agreed to by both parties in writing. The warranty period shall begin upon delivery to the Purchasing Entity.

- d. Services Acceptance. Services are performed using generally recognized commercial practices and standards. If any services do not conform to contract requirements, the Purchasing Entity agrees to provide prompt notice, and Contractor will perform the services again in conformity with contract requirements, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements, may cancel or modify the Order to remove the nonconforming services, and shall be refunded any amounts paid for the nonconforming services.

- e. **Acceptance Testing.** Acceptance Testing means the process for ascertaining that the Product meets the standard of performance prior to Acceptance by the Purchasing Entity. The Purchasing Entity and the Contractor shall determine if Acceptance Testing is applicable and/or required for the purchase. Acceptance testing terms will be mutually agreed, in writing and included in an Order or Statement of Work. If Acceptance Testing is NOT applicable, the terms regarding Acceptance in the Contract shall prevail.

20. **Title of Product.**

- c. **Ownership.** No transfer of ownership of any intellectual property will occur under this Agreement or any Participating Addenda. Purchasing Entity grants Contractor a non-exclusive, worldwide, royalty free right and license to any intellectual property that is necessary for Contractor and its designees to perform the ordered services. If deliverables (excluding Products and Services) are created by Contractor specifically for Purchasing Entity and identified as such in Supporting Material, Contractor hereby grants Purchasing Entity a worldwide, non-exclusive, fully paid, royalty-free license to reproduce and use copies of the Deliverables internally. The Contractor shall be responsible for ensuring that the license is consistent with any third-party rights in the Pre-existing Intellectual Property.
- d. Any and all licensing, maintenance, cloud services, or order specific agreements referenced within the terms and conditions of this Master Agreement are agreed to only to the extent that the terms do not conflict with the terms of the Participating Addendum or the terms of the Master Agreement as incorporated into the Participating Addendum, and to the extent the terms are not in conflict with the Participating Entities' applicable laws. In the event of a conflict in the terms and conditions, the conflict shall be resolved as detailed in the Order of Precedence defined herein. Notwithstanding the foregoing, licensing, maintenance, cloud services agreements, or order specific agreements may be further negotiated by the Contractor or, if applicable, the Licensor, and the potential Purchasing Entity, provided the contractual documents are duly executed in writing.

21. **Warranty.**

- a. All Contractor-branded Products are covered by Contractor's limited warranty statements that are provided with the Products or otherwise made available. Hardware Product warranties begin on the date of delivery or if applicable, upon completion of Contractor installation, or (where Purchasing Entity delays Contractor installation) at the latest 30 days from the date of delivery.
- b. For third-party Products sold by Contractor that are not Contractor-branded, the Contractor sells the third-party Products "AS IS" with the manufacturer's or publisher's standard warranty, software license, support, and maintenance terms. The Contractor will provide warranty, support, and maintenance call numbers and assist the Purchasing Entity to engage the manufacturer or publisher for warranty, support, and maintenance issues.

- c. When Contractor receives a valid warranty claim for an Contractor-branded hardware or software Product, Contractor will either repair the relevant defect or replace the Product. If Contractor is unable to complete the repair or replace the product within a reasonable time, Participating Entity will be entitled to a full refund upon the prompt return of the product to Contractor (if hardware) or upon written confirmation by Participating Entity that the relevant software Product has been destroyed or permanently disabled. Contractor will pay for shipment of repaired or replaced products to Purchasing Entity and shipment of items returned to Contractor under this section.
- d. Services with Deliverables. If Supporting Material for services defines specific deliverables (non-products or services), Contractor warrants those deliverables will conform materially to their written specifications for 30 days following delivery. If Customer notifies Contractor of such a non-conformity during the 30-day period, Contractor will promptly remedy the impacted deliverables or refund to Customer the fees paid for those deliverables and Customer will return those deliverables to Contractor.
- e. Eligibility. Contractor's service, support and warranty commitments do not cover claims resulting from:
 - 1. improper use, site preparation, or site or environmental conditions or other non-compliance with applicable Supporting Material;
 - 2. Modifications or improper system maintenance or calibration not performed by Contractor or authorized by Contractor;
 - 3. failure or functional limitations of any non-Contractor software or product impacting systems receiving Contractor support or service;
 - 4. malware (e.g. virus, worm, etc.) not introduced by Contractor; or
 - 5. abuse, negligence, accident, fire or water damage, electrical disturbances, transportation by Participating Entity, or other causes beyond Contractor's control.

22. System Failure or Damage.

In the event of system failure or damage caused by the Contractor or its Product, the Contractor shall use reasonable efforts to restore or assist in restoring the system to operational capacity. The Contractor shall be responsible under this provision to the extent a 'system' is defined at the time of the Order; otherwise the rights of the Purchasing Entity shall be governed by the Warranty.

23. Payment.

Payment after Acceptance is normally made within 30 days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance, unless a different late payment amount is specified in a Participating Addendum, Order, or otherwise prescribed by applicable law.

Payments will be remitted by mail or electronically. Payments may be made via a State or political subdivision "Purchasing Card" with no additional charge.

Prices are exclusive of taxes, duties, and fees, unless otherwise quoted. If a withholding tax is required by law, the tax will be added and identified on the applicable invoice. All applicable taxes, duties, and fees must be identified on the quote.

24. Leasing or Alternative Financing Methods.

Lease purchase and term leases are allowable only for Purchasing Entities whose rules and regulations permit leasing of software. Individual Purchasing Entities may enter into a lease agreement for the products covered in this Master Agreement, if they have the legal authority to enter into these types of agreements without going through a competitive process and if the applicable PAs permit leasing. No lease agreements will be reviewed or evaluated as part of the RFP evaluation process.

25. Contract Provisions for Orders Utilizing Federal Funds.

Pursuant to Appendix II to 2 Code of Federal Regulations (CFR) Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. These federal requirements may be proposed by Participating Entities in Participating Addenda and Purchasing Entities for incorporation in Orders placed under this Master Agreement.

26. Self Audit.

The Contractor must conduct at a minimum a quarterly self-audit, unless approved by the Lead State. The audit will sample a minimum of one tenth of one percent (.001) of orders with a maximum of 100 audits per quarter conducted. For example: Up to 1,000 sales = 1 audit; 10,000 sales = 10 audits; Up to 100,000 sales = 100 audits. This will be a random sample of orders and invoices and must include documentation of pricing. Summary findings must be reported to Lead State with actions to correct documented findings.

27. Assignment/Subcontracts.

- a. Contractor shall not assign, sell, transfer, subcontract or sublet rights, or delegate responsibilities under this Master Agreement, in whole or in part, without the prior written approval of the Lead State.
- b. The Lead State, or Participating Entity, shall not assign, delegate or otherwise transfer all or any part of this Master Agreement without prior written consent from Contractor, except for assignment or delegation to a Participating Entity State agency or eligible Purchasing Entity. The Lead State reserves the right to assign any rights or duties, including written assignment of contract administration duties to NASPO ValuePoint and other third parties.

28. Insurance.

- a. Contractor shall, during the term of this Master Agreement, maintain in full force and effect, the insurance described in this section. Contractor shall acquire such insurance from an insurance carrier or carriers licensed to conduct business in the Lead State and in each Participating Entity's state and having a rating of A-, Class VII or better, in the most recently published edition of A.M. Best's Insurance Reports. Failure to buy and maintain the required insurance may result in this Master Agreement's termination or, at a Participating Entity's option, result in termination of its Participating Addendum.
- b. Coverage shall be written on an occurrence basis. The minimum acceptable limits shall be as indicated below:
 - 1. Commercial General Liability covering premises operations, independent contractors, products and completed operations, blanket contractual liability, personal injury (including death), advertising liability, and property damage, with a limit of not less than \$1 million per occurrence/\$2 million general aggregate;

2. Contractor must comply with any applicable State Workers Compensation or Employers Liability Insurance requirements.
- c. Contractor shall pay premiums on all insurance policies. Contractor shall provide notice to a Participating Entity within five (5) business days after Contractor is first aware of expiration, cancellation or nonrenewal of such policy or is first aware that cancellation is threatened or expiration, nonrenewal or expiration otherwise may occur.
- d. Prior to commencement of performance, Contractor shall provide to the Participating Entity a certificate of insurance showing the Contractor's general liability insurance policy or other documentary evidence acceptable to the Lead State that (1) names the Participating Entity as an additional insured, (2) provides that written notice of cancellation shall be delivered in accordance with the policy provisions, and (3) provides that the Contractor's liability insurance policy shall be primary, with any liability insurance of any Participating Entity as secondary and noncontributory. Unless otherwise agreed in any Participating Addendum, other state Participating Entities' rights and Contractor's obligations are the same as those specified in the first sentence of this subsection except the endorsement is provided to the applicable state.
- e. During the term of this Master Agreement, the Lead State and Participating Entities may request Contractor provide evidence of coverage that meets the requirements of this Section. Failure to provide evidence of coverage may, at the sole option of the Lead State, or any Participating Entity, result in this Master Agreement's termination or the termination of any Participating Addendum.
- f. Coverage and limits shall not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

29. Administrative Fees.

- a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter of one percent (0.25% or 0.0025) no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable.
- b. The NASPO ValuePoint Administrative Fee in this section shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.
- c. Additionally, some states may require an additional fee be paid directly to the state only on purchases made by Purchasing Entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Purchasing Entity may allow the Contractor to adjust the Master Agreement pricing to account for these additional fees for purchases made by Purchasing Entities within the jurisdiction of the Participating Entity. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee.

30. NASPO ValuePoint Reports

- a. Sales Data Reporting. In accordance with this section, Contractor shall report to NASPO ValuePoint all Orders under this Master Agreement for which Contractor has invoiced the ordering entity, including Orders invoiced to Participating Entity ("Sales Data"). Timely and complete reporting of Sales Data is a material requirement of this Master Agreement. Reporting requirements, including those related to the format, contents, frequency, or delivery of reports, may be updated by NASPO ValuePoint with reasonable notice to Contractor and without

amendment to this Master Agreement. NASPO ValuePoint shall have exclusive ownership of any media on which reports are submitted and shall have a perpetual, irrevocable, non-exclusive, royalty free, and transferable right to display, modify, copy, and otherwise use reports, data, and information provided under this section.

- b. Summary Sales Data. "Summary Sales Data" is Sales Data reported as cumulative totals by state. Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Summary Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. If Contractor has no reportable Sales Data for the quarter, Contractor shall submit a zero-sales report.
- c. Detailed Sales Data. "Detailed Sales Data" is Sales Data that includes for each Order all information required by the Solicitation or by NASPO ValuePoint, including customer information, Order information, and line-item details. Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Detailed Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. Detailed Sales Data shall be reported in the format provided in the Solicitation or provided by NASPO ValuePoint. The total sales volume of reported Detailed Sales Data shall be consistent with the total sales volume of reported Summary Sales Data.
- d. Sales Data Crosswalks. Upon request by NASPO ValuePoint, Contractor shall provide to NASPO ValuePoint tables of customer and Product information and specific attributes thereof for the purpose of standardizing and analyzing reported Sales Data ("Crosswalks"). Customer Crosswalks must include a list of existing Purchasing Entities and identify for each the appropriate customer type as defined by NASPO ValuePoint. Product Crosswalks must include Contractor's part number or SKU for each Product in Offeror's catalog and identify for each the appropriate Master Agreement category (and subcategory, if applicable), manufacturer part number, product description, eight-digit UNSPSC Class Level commodity code, and (if applicable) EPEAT value and Energy Star rating. Crosswalk requirements and fields may be updated by NASPO ValuePoint with reasonable notice to Contractor and without amendment to this Master Agreement. Contractor shall work in good faith with NASPO ValuePoint to keep Crosswalks updated as Contractor's customer lists and product catalog change.
- e. Executive Summary. Contractor shall, upon request by NASPO ValuePoint, provide NASPO ValuePoint with an executive summary that includes but is not limited to a list of states with an active Participating Addendum, states with which Contractor is in negotiations, and any Participating Addendum roll-out or implementation activities and issues. NASPO ValuePoint and Contractor will determine the format and content of the executive summary.

31. NASPO ValuePoint Cooperative Program Marketing, Training, and Performance Review.

- a. Contractor agrees to work cooperatively with NASPO ValuePoint personnel. Contractor agrees to present plans to NASPO ValuePoint for the education of Contractor's contract administrator(s) and sales/marketing workforce regarding the Master Agreement contract, including the competitive nature of NASPO ValuePoint procurements, the Master agreement and participating addendum process, and the manner in which qualifying entities can participate in the Master Agreement.
- b. Contractor agrees, as Participating Addendums become executed, if requested by ValuePoint personnel to provide plans to launch the program within the Participating Entity. Plans will include time frames to launch the agreement and confirmation that the Contractor's website has been updated to properly reflect the contract offer as available in the Participating Entity.
- c. Contractor agrees, absent anything to the contrary outlined in a Participating Addendum, to consider customer proposed terms and conditions, as deemed important to the customer, for possible inclusion into the customer agreement. Contractor will ensure that their sales force is aware of this contracting option.

- d. Contractor agrees to participate in an annual contract performance review at a location selected by the Lead State and NASPO ValuePoint, which may include a discussion of marketing action plans, target strategies, marketing materials, as well as Contractor reporting and timeliness of payment of administration fees.
- e. Contractor acknowledges that the NASPO ValuePoint logos may not be used by Contractor in sales and marketing until a logo use agreement is executed with NASPO ValuePoint.
- f. The Lead State expects to evaluate the utilization of the Master Agreement at the annual performance review. Lead State may, in its discretion, cancel the Master Agreement pursuant to Paragraph 42 of Exhibit A, or not exercise an option to renew, when Contractor utilization does not warrant further administration of the Master Agreement. The Lead State may exercise its right to not renew the Master Agreement if contractor fails to record or report revenue for three consecutive quarters, upon 60-calendar day written notice to the Contractor. Cancellation based on nonuse or under-utilization will not occur sooner than two years after award of the Master Agreement. This subsection does not limit the discretionary right of either the Lead State or Contractor to cancel the Master Agreement pursuant to Paragraph 42 of Exhibit A or to terminate for default pursuant to Paragraph 44 of Exhibit A.
- g. Contractor agrees to notify the Lead State and NASPO ValuePoint of any contractual most-favored-customer provisions in any Cooperative Purchasing Agreements that may affect the promotion of this Master Agreements or whose terms provide for adjustments to future rates or pricing based on rates, pricing in, or Orders from this master agreement. Upon request of the Lead State or NASPO ValuePoint, Contractor shall provide a copy of any such provisions. For the purposes of this paragraph, Cooperative Purchasing Agreement shall mean a cooperative purchasing program facilitating public procurement solicitations and agreements using a lead agency model. This does not include contracts with any federal agency or any federal contract.

32. Right to Publish.

Throughout the duration of this Master Agreement, Contractor must secure from the Lead State prior approval for the public release of information that pertains to the potential work or activities covered by the Master Agreement. This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan. The Contractor shall not make any representations of NASPO ValuePoint's opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent. Failure to adhere to this requirement may result in termination of the Master Agreement for cause.

33. Records Administration and Audit.

- a. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Orders placed by Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. Once every twelve (12) months with ten (10) business days' written notice, Contractor shall permit the Lead State, a Participating Entity, a Purchasing Entity, the federal government (including its grant awarding entities and the U.S. Comptroller General), and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or orders placed by a Purchasing Entity under it for the purpose of making audits, examinations, excerpts, and transcriptions. Any inspector or auditor acting on behalf of the Lead State, Participating Entity, or Purchasing Entity shall comply with the confidentiality terms of this Master Agreement. This right shall survive for a period of six (6) years following termination of this Agreement or final payment for any order placed by a Purchasing Entity against this Agreement, whichever is later, or such longer period as is required by the Purchasing Entity's state statutes, to assure compliance with the terms hereof or to evaluate performance hereunder.

- b. Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead State, Participating Entity, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or Orders or underpayment of fees found as a result of the examination of the Contractor's records.
- c. The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.
- d. The disclosure of records to Participating States relating to Participating Addenda and Orders placed against the Master Agreement shall be governed by the laws of the Participating State/Participating Entity that placed the Order.
- e. Unless prohibited by applicable law, in no event will Contractor be required to provide Lead State, Participating Entity, or Purchasing Entity or any party's auditor with access to Contractor's internal Products/Services labor or cost data, or data related to employees or other customers of Contractor unless such data is required to be provided by this Master Agreement or is necessary to confirm Contractor's compliance with this Master Agreement.
- f. Audits shall be performed at the expense of Lead State, Participating Entity, or Purchasing Entity during normal business hours in a manner to minimize disruption to Contractor's business, and Lead State, Participating Entity, or Purchasing Entity shall promptly provide Contractor with a copy of the results of the audit. Notwithstanding the previous, if the audit results in a finding of Contractor's material noncompliance with the terms of this Master Agreement, a Participating Addendum, or Order, Contractor shall reimburse the auditing party for the costs of the audit.

34. Indemnification

- a. General Indemnity. Contractor shall indemnify, defend (to the extent permitted by a state's Attorney General), and hold harmless an Indemnified Party from any third-party claims or causes of action, including defense costs settlement amounts, court-awarded damages, (as well as reasonable attorney's fees and court costs), and third-party costs incurred by Indemnified Party at the request of Contractor in connection with the defense of the claim, to the extent arising from Contractor's willful misconduct or negligence. Contractor's defense of such claims is subject to Indemnified Party's prompt notification of Contractor of such claims, cooperation with Contractor in the defense of the claims, and granting Contractor sole defense of such claims.

"Indemnified Party" means NASPO, NASPO ValuePoint, the Lead State, Participating Entities, and Purchasing Entities, along with their officers and employees.

The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the Indemnified Party's sole negligence. This clause will not be construed to bar any legal remedies the Contractor may have for the Indemnified Party's failure to fulfill its obligation under this Contract.

- b. Intellectual Property Indemnification. Notwithstanding Paragraph 34.a of Exhibit A, the Contractor shall indemnify; defend, to the extent permitted by the Attorney General; and hold harmless the Purchasing Entity, at the Contractor's expense, from any action or claim brought against the Purchasing Entity to the extent that it is based on a claim that alleges that a Contractor-branded Product or Service as supplied under this Agreement infringes upon the intellectual property rights of a third party. The Contractor will be responsible for payment of any and all such claims, demands, obligations, liabilities, costs, and damages, including but not limited to, attorney fees.

1. If such a claim or action arises, or in the Contractor's or the Purchasing Entity's opinion is likely to arise, the Contractor must, at the Purchasing Entity's discretion, either procure for the Purchasing Entity the right or license to use the intellectual property rights at issue, modify the Product or Service, or replace the allegedly infringing Product with one that is at least functionally equivalent to obviate the infringement claim. This remedy of the Purchasing Entity will be in addition to and not exclusive of other remedies provided by law.
2. Notwithstanding the foregoing, Contractor will not be liable under this section to the extent the infringement was caused by: 1) Contractor modification of the infringing material where such modification is made specifically for the Purchasing Entity, and where the Purchasing Entity has set forth the specific manner in which the modifications shall be made, as opposed to where the Purchasing Entity has requested modifications and given Contractor discretion over how to implement said modifications; 2) Purchasing Entity modification of the infringing material where such modification is not made under the direction of Contractor; 3) Unauthorized use of the Product, Service, deliverables or the System in a manner not contemplated by this Contract or as otherwise authorized by the Contractor in writing; 4) use of the deliverables or the System in combination, operation, or use with other products in a manner other than as contemplated by the Contract or otherwise authorized by the Contractor in writing.

This Paragraph 34.b of Exhibit A shall also apply to deliverables (excluding Products and Services) identified as such in the relevant Supporting Material except that Contractor is not responsible for claims resulting from deliverables content or design provided by Purchasing Entity.

35. Limitations of Liability

- a. The Parties agree that neither Contractor nor the Indemnified Party shall be liable to each other, regardless of the form of action, for consequential, incidental, indirect, or special costs or damages.
- b. Contractor's liability is limited to the greater of (i) the aggregate annual value amount of all fees paid to the Contractor by the Purchasing Entity under this Master Agreement; and (ii) ten million dollars and no cents (\$10,000,000.00). Subsections (i) and (ii) are limited to direct damages as a result of a claim arising under this Agreement. This limit on liability does not limit either party's liability for claims for bodily injury or death caused by its negligence, acts of fraud, willful repudiation of the Agreement, nor any liability which may not be excluded or limited by applicable law.

36. Reserved.

37. Assignment of Antitrust Rights.

Contractor irrevocably assigns to a Participating Entity who is a state any claim for relief or cause of action which the Contractor now has or which may accrue to the Contractor in the future by reason of any violation of state or federal antitrust laws (15 U.S.C. § 1-15 or a Participating Entity's state antitrust provisions), as now in effect and as may be amended from time to time, in connection with any goods or services provided in that state for the purpose of carrying out the Contractor's obligations under this Master Agreement or Participating Addendum, including, at the Participating Entity's option, the right to control any such litigation on such claim for relief or cause of action.

38. Debarment.

The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

39. Governing Law and Venue.

- a. The construction and effect of the Master Agreement after award shall be governed by the law of the state serving as Lead State. The construction and effect of any Participating Addendum or Order against the Master Agreement shall be governed by and construed in accordance with the laws of the Participating Entity's or Purchasing Entity's State.
- b. Venue for any claim, dispute or action concerning the terms of the Master Agreement shall be in the state serving as Lead State. Venue for any claim, dispute, or action concerning any Order placed against the Master Agreement or the effect of a Participating Addendum shall be in the Purchasing Entity's State.
- c. If a claim is brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for (in decreasing order of priority): the Lead State for claims relating to contract performance or administration if the Lead State is a party; a Participating State if a named party; the state where the Participating Entity or Purchasing Entity is located if either is a named party.

40. Confidentiality, Non-Disclosure, and Injunctive Relief.

- a. Confidentiality. Contractor acknowledges that it and its employees or agents may, in the course of providing a Product under this Master Agreement, be exposed to or acquire information that is confidential to Purchasing Entity or Purchasing Entity's clients. Any and all information of any form that is marked as confidential or would by its nature be deemed confidential obtained by Contractor or its employees or agents in the performance of this Master Agreement, including, but not necessarily limited to (1) any Purchasing Entity's records, (2) personnel records, and (3) information concerning individuals, is confidential information of Purchasing Entity ("Confidential Information"). Contractor shall advise each of its employees and agents of their obligations to keep Confidential Information confidential. Contractor shall use commercially reasonable efforts to assist Purchasing Entity in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Without limiting the generality of the foregoing, Contractor shall advise Purchasing Entity, applicable Participating Entity, and the Lead State immediately if Contractor learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Master Agreement, and Contractor shall at its expense cooperate with Purchasing Entity in seeking injunctive or other equitable relief in the name of Purchasing Entity or Contractor against any such person. Except as directed by Purchasing Entity, Contractor will not at any time during or after the term of this Master Agreement disclose, directly or indirectly, any Confidential Information to any person, except in accordance with this Master Agreement, and that upon termination of this Master Agreement or at Purchasing Entity's request, Contractor shall turn over to Purchasing Entity all documents, papers, and other matter in Contractor's possession that embody Confidential Information.

Notwithstanding the foregoing, Contractor may keep one copy of such Confidential Information necessary for quality assurance, audits and evidence of the performance of this Master Agreement.

- c. Injunctive Relief. Contractor acknowledges that breach of this section, including disclosure of any Confidential Information, will cause irreparable injury to Purchasing Entity that is inadequately compensable in damages. Accordingly, Purchasing Entity may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity and are reasonable in scope and content.
- d. Purchasing Entity Law. These provisions shall be applicable only to extent they are not in conflict with the applicable public disclosure laws of any Purchasing Entity.
- e. The rights granted Purchasing Entities and Contractor obligations under this section shall also extend to the cooperative's Confidential Information, defined to include Participating Addenda, as well as Orders or transaction data relating to Orders under this Master Agreement that identify the entity/customer, Order dates, line item descriptions and volumes, and prices/rates. 42. Cancellation.

Unless otherwise set forth in this Master Agreement, this Master Agreement may be canceled by either party upon 60 days written notice prior to the effective date of the cancellation. Further, any Participating Entity may cancel its participation upon 30 days written notice, unless otherwise stated in the Participating Addendum. Cancellation may be in whole or in part. Any cancellation under this provision shall not affect the rights and obligations attending orders outstanding at the time of cancellation, including any right of a Purchasing Entity to indemnification by the Contractor, rights of payment for Products delivered and accepted, rights attending any warranty or default in performance in association with any Order, and requirements for records administration and audit. Cancellation of the Master Agreement due to Contractor default may be immediate as set forth in Paragraph 44 of Exhibit A.

The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure shall not diminish or eliminate Contractor's liability for damages, including liquidated damages to the extent provided for under this Master Agreement. The Lead State may immediately terminate this Master Agreement upon material breach of the Master Agreement by Contractor.
- c. If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and the Lead State shall have the right to exercise any or all of the following remedies:

 - b) The Lead State must approve Contractor's request to add new third party manufacturers to Contractor's PSS. If the proposed third-party manufacturer holds a NASPO Master Agreement for Computer Equipment, Contractor must obtain written authorization from that manufacturer. Contractor must have the Lead State's approval prior to posting the updated PSS.

In the event that the response contains copyrighted or trademarked materials, it is the responder's responsibility to obtain permission for the Lead State to reproduce and publish the information, regardless of whether the responder is the manufacturer or reseller of the products listed in the materials. By signing its response, the responder certifies that it has obtained all necessary approvals for the reproduction and distribution of the contents of its response and agrees to indemnify, protect, save and hold the Lead State, its representatives and employees harmless from any and all claims arising from the violation of this section and agrees to pay all legal fees incurred by the Lead State in the defense of any such action.

- a. Certification regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions. Instructions for certification:
 - 1. By signing and submitting this proposal, the prospective lower tier participant [responder] is providing the certification set out below.
 - 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and debarment.
 - 3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal [response] is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the list of parties excluded from federal procurement and nonprocurement programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

In the event the Contractor receives a request to release the data referred to in this article, the Contractor must immediately notify the Lead State. The Lead State will give the Contractor instructions concerning the release of the data to the requesting party before the data is released. The civil remedies of Minn. Stat. § 13.08, apply to the release of the data by either the Contractor or the Lead State.

The Contractor agrees to indemnify, save, and hold the Lead State, its agent and employees, harmless from all claims arising out of, resulting from, or in any manner attributable to any violation of any provision of the Minnesota Government Data Practices Act (and where applicable, the Rules of Public Access to Records of the Judicial Branch), including legal fees and disbursements paid or incurred to enforce this provision of the Master Agreement. In the event that the Contractor subcontracts any or all of the work to be performed under the Master Agreement, the Contractor shall retain responsibility under the terms of this article for such work.

If any provision of the Master Agreement, including items incorporated by reference, is found to be illegal, unenforceable, or void, then both the Lead State and the Contractor shall be relieved of all obligations arising under such provisions. If the remainder of the Master Agreement is capable of performance it shall not be affected by such declaration or finding and shall be fully performed.

Exhibit C: Requirements

1. Contractor Verification.

Contractor must be a manufacturer of a Product in the Band(s) it is awarded a Master Agreement. "Re-branding" a product that is manufactured by another company does not meet this requirement. If the Contractor ceases production, sells or assigns their manufacturing to another vendor, or otherwise no longer manufactures a product during the life of the Master Agreement the Lead State reserves the right to terminate the Contractor's Master Agreement.

2. Warranty and Maintenance.

Contractor must ensure warranty service and maintenance for all equipment, including third party products provided. The Lead State will review and determine acceptability of the website format and data. If the information is determined to be unacceptable or incorrect, the Contractor will have 15 calendar days to provide revisions to the Lead State. After the Lead State approves the website, Contractor may not make material changes to the website without notifying the Lead State through the ARF process and receiving written approval of the changes.

4. Environmental Certifications.

Contractor must include environmental or supply chain responsibility certifications and registrations for products sold through this Contract on their website. Contractor must provide these certifications and registrations for specific products to Participating Entities upon request.

The Contractor must remove any products that subsequently exit the verification process without achieving EPEAT Bronze or greater from the Master Agreement.

6. Third-Party Products.

Some products offered may be manufactured by a third party. Contractor, however, must provide or facilitate the warranty service and maintenance for all Third-Party Products on the Master Agreement either directly or pass-through from the manufacturer. Contractor may not offer products manufactured by another Contractor holding a Minnesota NASPO ValuePoint Master Agreement for Computer Equipment without approval from the Lead State. Warranty for third-party products must be provided by the Contractor. Warranty documents for products manufactured by a third party are preferred to be delivered to the Participating Entity with the products. Contractor can only offer Third-Party Products in a Band they have been awarded.

Third-Party Products are intended to enhance or supplement a Contractor's own product line, and are not intended to represent more than a third of Contractor's total sales under this Master Agreement. The Lead State may limit the sale of Third-Party Products through the Master Agreement during the life of the Master Agreement should Third-Party Product sales be determined to consistently exceed one third of the total sales under this Master Agreement. Such limitation may take the form of any action the Lead State so chooses, up to and including non-renewal or cancellation of the Master Agreement.

Exhibit D: Price Schedule**Lease Rates**

Master Agreement: 23011
Contractor Name: HP Inc.

All Awarded Bands**Optional: Lease Rates**

Hewlett-Packard Financial Services Company offers the following lease options: (1) Fair Market Value/True Lease; (2) Tax Exempt Tech Refresh; and (3) Tax Exempt Installment Sale (Lease Purchase).

Lease are provided on the PSS. Rates may be subject to change quarterly.

Fair Market Value/True Lease:

For customers that want to lower their cost of using the equipment and retain maximum flexibility at the end of the lease, Hewlett-Packard Financial Services Company offers a fair market value lease (also known as a true lease). This "pay-as-you-go" structure helps you stretch your budget dollars to get the technology you need today. At the end of the lease term, you have several options: 1) return the equipment without penalty; 2) renew the lease for a specified renewal term at a negotiated lease payment amount; 3) purchase the equipment at its then fair market value; or 4) extend the original term and continue to make the same periodic lease payments until you are ready to exercise one of the three previously listed options. This plan may help customers avoid technology obsolescence and asset disposition costs.

Hewlett-Packard Financial Services Company does allow customers to enter into a month-to-month extension at the end of each lease agreement if they find it necessary to maintain their existing leased equipment for longer than the original lease timeframe. Hewlett-Packard Financial Services Company also has a package and shipping service that can be incorporated into the lease contract upfront for returns of equipment at lease end. This service can be very valuable when budgeting for your technology costs.

Tax Exempt Tech Refresh:

Tech Refresh is structured as a Tax-Exempt Installment Sale with an option on the last payment to return the equipment (and acquire new) or make the payment and own the equipment outright. The standard offer calls for payments to be made annually in advance, though additional structures may be tailored to accommodate budget restrictions. The final (or option) payment is a set amount of the original purchase price of the equipment and is an estimate of the wholesale value of the equipment at the time of the option. The balance of the cost is amortized over the term. The benefit is that an entity is not locked into any one particular deal; it can purchase the equipment or return it and get new technology. Other important elements of the Tech Refresh structure are listed below.

- There is only one refresh opportunity during the lease
- Lessee must be committed to acquire and lease similar equipment prior to exercising the option
- Tech Refresh is offered only as a Tax-Exempt Installment Sale structure
- The option cannot be exercised if an event of default has occurred and is continuing
- Lessee must provide an irrevocable written election of notice of its intent to refresh or purchase 3 months prior to the refresh period. On the 48-month term the refresh point is month 36 which requires notification at month 33. On the 60-month term the refresh point is month 48 which requires notification at month 45. Sample buyout goes into effect if refresh option is not exercised.

Lease Rates

Tax Exempt Installment Sale (Lease Purchase):

In a Tax-exempt Installment Sale structure, payments consist of both principal and interest, with the interest being excludable from the Lessor's gross income for Federal income tax purposes. During the term of the Lease the Concluding Payment – primarily consisting of unpaid principal – declines as each Lease Payment is made and applied. Under this structure Title typically passes to the Lessee at the Lease Acceptance and the Lessor files a security interest in the equipment. Once the original base Lease Payments are made the Lessee owns the equipment free and clear.
