Debra,

I hope this email finds you well. On behalf of everyone at Promerica Health, a TideSmart Company, please find our application for RFA# 202006101 attached. Specifically, we have attached one (1) PDF inclusive of the following:

- Application Cover Page (Signed)
- Debarment, Performance & Non-Collusion Certification (Signed)
- Swab and Send Application (Completed)
- Insurance Documentation
- Promerica Health Overview

As outlined, we offer over a decade of relevant experience delivering clinical services to diverse audiences across the country. The majority of our programs leverage "mobility" (via Mobile Clinic Units and touring teams) to overcome the logistical challenges that typically surround multi-site,

rural and at-risk audience engagement efforts. We have existing resources (e.g. Mobile Clinic Units, an online registration platform, a “medical grade” logistics center located in Falmouth, ME, etc.) to quickly prepare and deploy sites wherever they are needed. This is what we’re built for.

It would be a privilege to leverage our systems and expertise on our home turf, on behalf of the State of Maine and our neighbors.

Please let me know if you have any questions or require additional information.

When you have a moment, please confirm receipt of this email and our application.

We appreciate your consideration – and look forward to your feedback!

Be Well,

Kevin

Good afternoon Debra,

I hope this email finds you well. Attached is our application for the "swab and send" program which was issued by DHHS.

The individual within our finance office who handles our insurance documents is currently out of the office, but as soon as she returns next week, I will send you copies of our general and professional liability insurance. Additionally, if approved, we plan on partnering with VNA (Northern Light) and I will send you over their documents, to include all applicable insurance information and provider licenses.

Thank you and should you have any questions, please let me know.

Have a great day.

Andy

Please find attached the application and insurance certificate for our application to the Swab and Send COVID collection site program. I have made some indication of the hours we would be able to support at this time. We would like to start at this point and adjust as volume needs. Happy to further discuss if this is not acceptable. We currently have received several calls just starting this week for this service so I think we can find a way to meet the demand at this time.

Please let me know if you need any more information.
