**SUBJECT: Notice of Conditional Pre-Qualified Vendor List Award(s) under RFP # 202312251,
Environmental Subsurface Exploration Services**

Dear Michelle Hersey:

This letter is in regard to the subject Request for Proposals (RFP), issued by the State of Maine Department of Environmental Protection for Subsurface Exploration Services. The Department has evaluated the proposals received using the evaluation criteria identified in the RFP, and the Department is hereby announcing its conditional award to the following bidders:

- Haley Ward, Inc.
- County Environmental Engineers, Inc.
- Harvey Associates, Inc.

The bidder listed above has met the requirements for placement on the Pre-Qualified Vendor List. Vendors added to this Pre-Qualified Vendor List (PQVL) are not guaranteed a contract with the State of Maine but are eligible to submit bids on projects issued through the PQVL Mini-Bid Process, as defined in the RFP. Any Notice of Conditional Contract Award resulting from a Mini-Bid award is subject to execution of a written contract. As a result, this Notice does NOT constitute the formation of a contract between the Department and the apparent successful vendor(s). The vendor shall not acquire any legal or equitable rights relative to contract services until a contract containing terms and conditions acceptable to the Department is executed. The Department further reserves the right to cancel this Notice of Conditional Contract Award and dissolve the Pre-Qualified Vendor List at any time.

As stated in the RFP, following announcement of this award decision, all submissions in response to the RFP are considered public records available for public inspection pursuant to the State of Maine Freedom of Access Act (FOAA). 1 M.R.S. §§ 401 et seq.; 5 M.R.S. § 1825-B (6).

This award decision is conditioned upon final approval by the State Procurement Review Committee. A Statement of Appeal Rights has been provided with this letter; see below.

Thank you for your interest in doing business with the State of Maine.

Sincerely,

A handwritten signature in dark ink, appearing to read "Edwin L. Cousins", with a stylized, flowing script.

- **STATEMENT OF APPEAL RIGHTS**

Any person aggrieved by an award decision may request an appeal hearing. The request must be made to the Director of the Bureau of General Services, in writing, within 15 days of notification of the contract award as provided in 5 M.R.S. § 1825-E (2) and the Rules of the Department of Administrative and Financial Services, Bureau of General Services, Division of Purchases, Chapter 120, § (2) (2).

**SUBJECT: Notice of Conditional Pre-Qualified Vendor List Award(s) under RFP # 202312251,
Environmental Subsurface Exploration Services**

Dear John Pond:

This letter is in regard to the subject Request for Proposals (RFP), issued by the State of Maine Department of Environmental Protection for Subsurface Exploration Services. The Department has evaluated the proposals received using the evaluation criteria identified in the RFP, and the Department is hereby announcing its conditional award to the following bidders:

- Haley Ward, Inc.
- County Environmental Engineers, Inc.
- Harvey Associates, Inc.

The bidder listed above has met the requirements for placement on the Pre-Qualified Vendor List. Vendors added to this Pre-Qualified Vendor List (PQVL) are not guaranteed a contract with the State of Maine but are eligible to submit bids on projects issued through the PQVL Mini-Bid Process, as defined in the RFP. Any Notice of Conditional Contract Award resulting from a Mini-Bid award is subject to execution of a written contract. As a result, this Notice does NOT constitute the formation of a contract between the Department and the apparent successful vendor(s). The vendor shall not acquire any legal or equitable rights relative to contract services until a contract containing terms and conditions acceptable to the Department is executed. The Department further reserves the right to cancel this Notice of Conditional Contract Award and dissolve the Pre-Qualified Vendor List at any time.

As stated in the RFP, following announcement of this award decision, all submissions in response to the RFP are considered public records available for public inspection pursuant to the State of Maine Freedom of Access Act (FOAA). 1 M.R.S. §§ 401 et seq.; 5 M.R.S. § 1825-B (6).

This award decision is conditioned upon final approval by the State Procurement Review Committee. A Statement of Appeal Rights has been provided with this letter; see below.

Thank you for your interest in doing business with the State of Maine.

DATE: June 17, 2024

**OVERVIEW OF SECTION I
Preliminary Information**

Section I. Preliminary Information

Evaluation Team Comments:

County Environmental Engineering, Inc. has satisfactorily maintained its on-site personnel operating equipment to complete the 40-hour HAZWOPER safety training and maintain a current OSHA field certification for working on hazardous substance and petroleum remediation sites.

**STATE OF MAINE
TEAM CONSENSUS EVALUATION NOTES**

RFP #: 202312251

RFP TITLE: Subsurface Exploration PQVL

BIDDER: County Environmental Engineering, Inc.

DATE: June 17, 2024

**EVALUATION OF SECTION II
Organization Qualifications and Experience**

	<u>Points Available</u>	<u>Points Awarded</u>
Section II. Organization Qualifications and Experience	40	40

Evaluation Team Comments:

The following sections and content of the RFP were reviewed by the team:

- I. Overview of the Organization
 - County Environmental Engineering, Inc. (CEE) is an experienced environmental consulting company providing assessment, investigation, and remedial services in Maine since 1992.
- II. Subcontractors

Subcontractors include equipment rental, analytical, and excavation companies as needed.
- III. Organizational Chart
 - CEE has sufficient staff to provide subsurface exploration.
 - Hazwoper certifications were included in the RFP submittal.
- IV. Experience
 - CEE offers a wide variety of environmental services including Phase I and II Environmental Site Assessments (ESAs); environmental investigations and remediation; aboveground and underground tank inspections, repairs, removals, installations, and Chapter 691 site assessments.
 - CEE is experienced with environmental sampling and remedial oversight in accordance MEDEP standard operating procedures and certified in erosion control practices.
 - CEE owns and operates a truck-mounted 540U Geoprobe rig with tooling for soil, groundwater, and soil gas sampling as well as various sampling and field screening equipment. CEE has over 25 years of service in subsurface exploration at environmental investigation and cleanup sites in Maine.

**STATE OF MAINE
TEAM CONSENSUS EVALUATION NOTES**

RFP #: 202312251

RFP TITLE: Subsurface Exploration PQVL

BIDDER: County Environmental Engineering, Inc.

DATE: June 17, 2024

**EVALUATION OF SECTION III
Proposed Services**

	<u>Points Available</u>	<u>Points Awarded</u>
Section III. Proposed Services	30	29

CEE owns and operates a Geoprobe direct push unit and uses it for various investigation projects including Phase II ESAs and MDEP-led investigations to:

- Collect subsurface soil samples for logging, field screening and/or laboratory analysis;
- Collect groundwater samples;
- Field screen and sample soil gas;
- Delineate contamination plumes;
- Install groundwater monitoring wells in overburdened soil; and
- Properly abandon groundwater monitoring wells.

Evaluation Team Comments:

CEE has the ability to collect subsurface samples of various environmental media (i.e., soil, groundwater, soil gas) using the direct push drilling methods. They can install, develop, sample, and abandon monitoring wells for the purpose of obtaining groundwater samples at environmental investigation and clean-up sites. CEE can collect groundwater samples and have the ability to properly abandon the monitoring well locations using approved methods.

RFP #: 202312251
RFP TITLE: Subsurface Exploration PQVL
BIDDER: County Environmental Engineering, Inc.
DATE: June 17, 2024

**EVALUATION OF SECTION IV
Cost Rate Sheet**

	<u>Points Available</u>	<u>Points Awarded</u>
Section IV. Cost Rate Sheet	30	29

Evaluation Team Comments:

CEE provided a cost rate sheet which sufficiently included all services and the positions expected to be involved in the services provided, as well as all other expected expenses. The evaluation of the cost rate sheet by the team showed that costs were slightly better than other bidders for similar work. CEE received the highest points for their submitted Cost Rate Sheet.

	<u>Points Available</u>	<u>Points Awarded</u>
Section II. Organization Qualifications and Experience	40	40

Evaluation Team Comments:

The following sections and content of the RFP were reviewed by the team:

- I. Overview of the Organization
 - The company was founded in 1978
 - Haley Ward is a 100% employee-owned consulting firm offering a wide range of environmental, engineering, architectural, and surveying services focused upon delivering client-based solutions.
 - Haley Ward is headquartered in Bangor, Maine, with branch offices located throughout New England, including six branch offices in Maine. Haley Ward consists of over 230 professional employees.
- II. Subcontractors

Subcontractors include equipment rental, analytical, and excavation companies as needed.
- III. Organizational Chart
 - Haley Ward has several geologists, engineers, and project managers on staff.
 - Hazwoper certifications were included in the RFP submittal.
- IV. Experience
 - Haley Ward has owned and operated a direct push rig, which is based at the Bangor, Maine location, since 2005. This “rig” is a Geoprobe® Model 5410 Direct Push rig mounted on a 4x4 Ford F350.
 - Haley Ward currently has three trained Geoprobe® operators who operate the rig from the Bangor office.
 - Haley Ward has the ability to collect subsurface samples of various environmental media (i.e., soil, groundwater, soil gas) using the direct push drilling methods.
 - Haley Ward has installed, developed, sampled, and abandoned monitoring wells for the purpose of obtaining groundwater samples at environmental investigation and clean-up sites.

**STATE OF MAINE
TEAM CONSENSUS EVALUATION NOTES**

RFP #: 202312251

RFP TITLE: Subsurface Exploration PQVL

BIDDER: Haley Ward

DATE: June 17, 2024

- Haley Ward has trained environmental professionals with experience in groundwater collection following the Maine Department of Environmental Protection (MDEP) low-flow sampling procedures. Once groundwater samples have been collected, they have the ability to properly abandon the locations using solid bentonite or through the use of a bentonite slurry with grout pumping equipment.

**EVALUATION OF SECTION III
Proposed Services**

	<u>Points Available</u>	<u>Points Awarded</u>
Section III. Proposed Services	30	29

Haley Ward owns and operates a Geoprobe® 5410 direct push unit mounted on a 4x4 Ford F350. Geoprobe® is a brand of high quality, hydraulically powered machines that uses both static force and percussion to advance sampling and logging tools into subsurface soils. Geoprobe® direct-push technology allows you to obtain subsurface information quickly and economically while leaving the site relatively undisturbed. Haley Ward uses the Geoprobe® for various investigation projects including Phase II ESAs and MDEP-led investigations to:

- Collect subsurface soil samples for logging, field screening and/or laboratory analysis;
- Collect groundwater samples;
- Field screen and sample soil gas;
- Delineate contamination plumes;
- Install groundwater monitoring wells in overburdened soil; and
- Properly abandon groundwater monitoring wells.

Evaluation Team Comments:

Haley Ward has the ability to collect subsurface samples of various environmental media (i.e., soil, groundwater, soil gas) using the direct push drilling methods. They can install, develop, sample, and abandon monitoring wells for the purpose of obtaining groundwater samples at environmental investigation and clean-up sites. Haley Ward can collect groundwater samples and have the ability to properly abandon the monitoring well locations using approved methods. Haley Ward has an experienced team of geologists and scientists to provide services, including soil logging, soil screening (in accordance with MDEP SOP TS004: Compendium of Field Testing of Soil Samples for Gasoline and Fuel Oil) and environmental sample collection. Haley Ward owns Photoionization Detectors (PIDs), peristaltic pumps, and four-gas meters and maintains a supply of Petroleum Dye Shake Test Kits for use during field investigations.

EVALUATOR NAME: Ed Cousins

EVALUATOR DEPARTMENT: Environmental Protection

Instructions: *The purpose of this form is to record proposal review notes written by **individual** evaluators for this Request for Proposals (RFP) process. It is **required** that each individual evaluator make notes for each proposal that he or she reviews. No numerical scoring should take place on these notes, as that is performed only during team consensus evaluation meetings. A separate form is available for team consensus evaluation notes and scoring. Once complete, please submit a copy of this document to your Department's RFP Coordinator or Lead Evaluator for this RFP.*

Individual Evaluator Comments:

- Founded in 1978
- Have geologists and engineers on staff
- Hazwoper certificates included
- Submitted rate sheet
- Included a list of all vehicles and equipment available.
- Geoprobe is a truck mounted
- Can install monitoring wells
- Included resumes of key individuals
- All projects discussed were in Maine, some of which had DEP involvement.
- No litigation
- Subcontractors include equipment rental, analytical or excavation companies as needed.

- Haley Ward has owned and operated a direct push rig, which is based at our Bangor, Maine location, since 2005. This "rig" is a Geoprobe® Model 5410 Direct Push rig mounted on a 4x4 Ford F350.

- Haley Ward currently has three trained Geoprobe® operators who operate the rig from their Bangor office.

- Haley Ward has the ability to collect subsurface samples of various environmental media (i.e., soil, groundwater, soil gas) using the direct push drilling methods.

- Haley Ward can install, develop, sample, and abandon monitoring wells for the purpose of obtaining groundwater samples at environmental investigation and clean-up sites.

AGREEMENT AND DISCLOSURE STATEMENT
RFP #: 202312251

Pre-Qualified Vendor List for Environmental Subsurface Exploration Services

I, Daniel Courtemanch accept the offer to become a member of the Request for Proposals (RFP) Evaluation Team for the State of Maine Department of Environmental Protection. I do hereby accept the terms set forth in this agreement AND hereby disclose any affiliation or relationship I may have in connection with a bidder who has submitted a proposal to this RFP.

Neither I nor any member of my immediate family have a personal or financial interest, direct or indirect, in the bidders whose proposals I will be reviewing. "Interest" may include, but is not limited to: current or former ownership in the bidder's company; current or former Board membership; current or former employment with the bidder; current or former personal contractual relationship with the bidder (example: paid consultant); and/or current or former relationship to a bidder's official which could reasonably be construed to constitute a conflict of interest (personal relationships may be perceived by the public as a potential conflict of interest).

I have not advised, consulted with or assisted any bidder in the preparation of any proposal submitted in response to this RFP nor have I submitted a letter of support or similar endorsement.

I understand and agree that the evaluation process is to be conducted in an impartial manner without bias or prejudice. In this regard, I hereby certify that, to the best of my knowledge, there are no circumstances that would reasonably support a good faith charge of bias. I further understand that in the event a good faith charge of bias is made, it will rest with me to decide whether I should be disqualified from participation in the evaluation process.

I agree to hold confidential all information related to the contents of Requests for Proposals presented during the review process until such time as the Department formally releases the award decision notices for public distribution.
