Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The software maintenance agreement for LIMS-plus is necessary to ensure that the Maine State Police is able to keep the original software (which tracks and manages evidence as it passes through the laboratory) up to date with current versions for the software and covers emergency software maintenance needed. The IResults software is needed to provide our partners (District Attorneys', police agencies, etc.) access to the data on the progress of their cases and outcomes for examinations (including the ability to request virtual reports as needed).

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

This is not available by any state or federal entity. This software is not supported by OIT.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

There has not been an increase in price since 1980.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

None – as long as we use this software for evidence tracking in the lab.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The software was purchased from this vendor and they offer the only maintenance available. This company uses no outside vendors, representatives or agents.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
