competitive procurement, please provide that reference here:

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The State's Consensus Economic Forecasting Commission requires the use of economic forecasting models for their statutorily required economic forecasts (Title 5, Chapter 151-B0. The State Economist, housed within DAFS, provides staff support for the Commission including presentation of forecasts for consideration by the Commission.

The subscription renews on an annual basis, and HIS Inc has rolled out a new product that vastly expands the data available at a minimal cost – taking the subscription from \$32,500 to \$35,000.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The State does not have the knowledge or resources to provide the same type of comprehensive national and state economic forecasting models.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

This is the standard cost of the model.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

HIS uses proprietary methods in developing its national and state forecasts; the major competitor in this market is Moody's Analytics, which uses a different proprietary method. Both are considered by the Commission in their forecasting.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

This forecasting model is proprietary to HIS and provides an alternative perspective to the other economic forecasting model used by the Commission.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

Signature of requesting Department's Commissioner or Chief Executive (or designee within the Commissioner's Office):

By signing below, I signify that my Department requests, and I approve of, this Waiver of Competitive Bidding.
