Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

SAMHS is responsible for services to persons with serious and persistent mental health disorders. These individuals in most instances require medication prescribed by a competent licensed practitioner to alleviate a number of symptoms.

Paragraph 103 of the Bates Consent Decree states that the Department "shall fund, develop, recruit and support and array of treatment services" The Decree also states that "the services shall include but not limited to psychopharmacological therapy".

According to the Court Master's findings of October 29, 2008, "Pursuant to paragraph 295 of the Settlement Agreement, I recommend that the Department reinstate service eligibility in accordance with their plan of October 13, 2006 and resume state funding, seeking any necessary appropriations to provide mental health services included in the State's Medicaid Plan (i.e. community integration, ACT, daily living support, skills development, outpatient services, medication management and residential treatment) for all persons who are clinically eligible, even though they may be financially ineligible for MaineCare.

SAMHS is responsible under the decree to provide this service to non-MaineCare individuals.

The purpose of this amendment is to extend this contract for 6 months and add funds. The purpose of this amendment will also be to change the reimbursement rates to align with the MaineCare rate of \$65.26 per quarter hour.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

This is not a service provided by the DHHS or any public resource.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Rate are standardized and consistent with the MaineCare rate.

The amount determined for the increase in funds was determined by several factors. This included the quarterly increase in clients served and growth of the need for this service. This provider currently serves 3265 adults needing medication management services with an additional 504 patients on the waitlist. The provider also receives anywhere between 30-50 new referrals each week for individuals needing this service.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above.
