Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

Based on recommendations by the Maine potato industry, the winter grow-out test in Homestead, Florida, where the disease symptoms are observed during a field inspection has been eliminated in favor of full laboratory testing using the ELISA method. Contract funds will be used to pay for lab testing of seed potatoes to ensure that they meet tolerances for diseases as required by the Maine Seed Certification Regulations. Certified Seed Potatoes must meet minimum post-harvest testing standards to be re-planted in Maine or exported and sold out of state for seed potatoes. These tests are conducted by Maine Potato Board staff who are USDA/APHIS certified plant disease diagnosticians in the department certification laboratory in Presque Isle. Testing of potato tubers are conducted so that Maine potato growers may meet North American Seed Certification Standards for the major potato diseases including Potato Virus Y and Potato Leafroll Virus.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The state does not operate a USDA/APHIS certified lab but provides some support to make sure these lab services are available to the seed potato growers.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

These costs were negotiated with the Maine Potato Board and are below the actual cost of providing these tests.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

This lab will be the unique resource located in Aroostook County, the major potato growing region of the state.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

This is the only lab in the state that does these tests for the potato industry. Without this lab the seed potato growers would have a difficult time meeting the disease tolerance requirements to sell their crop.

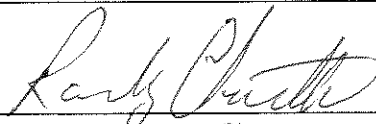

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

Signature of requesting Department's Commissioner or Chief Executive (or designee within the Commissioner's Office):

By signing below, I signify that my Department requests, and I approve of, this Waiver of Competitive Bidding.
