<p>A. The procurement of goods or services by the State for county commissioners pursuant to Title 30-A, section 124, involves the expenditure of \$2,500 or less, and the interests of the State would best be served;</p> <p>B. 	<p>D. It appears to be in the best interest of the State to negotiate for the procurement of petroleum products;</p>	
	<p>E. The approval must be documented on DAFS/BGS/Division of Procurement Services "GOVCOOP" form, found here: http://www.maine.gov/purchases/info/forms/govcoop.doc.</i></p>

	<p>G. The procurement of goods or services involves expenditures of \$10,000 or less, and procurement from a single source is the most economical, effective and appropriate means of fulfilling a demonstrated need.</p>	
	<p>If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:</p>	
<p>Please note that the following four points below (#2 through 5) <u>all</u> require a response.</p>		
<p>2. Description of Specific Need</p> <p>Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.</p>		
<p>The Maine State Police Computer Crimes Unit needs to send four (4) Computer Forensic Analysts to this two-week computer forensic examiner course that is designed to provide students with a foundational knowledge of Computer Forensics to provide a segue to immediately enter into the IACIS Certified Forensic Computer Examiner (CFCE) certification process.</p> <p>This training is being used by many of our state and federal law enforcement partners. This training is vendor neutral, which means we can testify as to our abilities and what we have learned as opposed to just how a certain tool works. This training is only offered once per year. This training will prepare our analysts for future court proceedings.</p>

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

We have not identified any similar training anywhere else that will prepare an analyst for the Certified Forensic Computer Examiner (CFCE) certification process.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

This is the only vendor that offers this course to successfully complete the Certified Forensic Computer Examiner (CFCE) certification. We have nothing to compare these specific costs to but is consistent with other training costs.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The Maine State Police will continue to research the market to ensure that they have the most advanced and relevant computer forensic training available to insure public safety.
